(b) A Statewide family support policy must acknowledge that families themselves are able to define their own needs and select their own services; within available resources, family supports must be chosen by the families, controlled by families and monitored by families.

(c) The system of Family Support shall include, but not be limited to:

1. After school care;
2. Cash subsidies;
3. Communication and interpreter services;
4. Counseling services;

(e) The amounts of funds for family support services shall be subject to the funding available in the current fiscal year.

(f) Adults with developmental disabilities should be afforded the opportunity to make decisions for themselves, live in typical homes within their own communities and exercise their full rights as citizens. Adults with developmental disabilities should have options for living separately from their families, but, when this is not the case, families should be provided the supports they need, within available funding limits.
