The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

NJASK Science Assessment Performance: Grade 8

This table shows the percentage of students in each proficiency category for the NJASK science test for the school and each student group and also provides a comparison to the statewide percentages.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:
<http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target
Schoolwide	2.50	8.50	Met Target

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio	Internet Speed	Recommended Internet Speed	Met Recommended Speed?	Connectivity between Schools	Recommended Connectivity	Met Recommended Connectivity?

Per-Pupil Expenditures (District Level)

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience

This table shows information about experience for teachers assigned to this school and across the state.

Category	Teachers in School	Teachers in State
Total Number of teachers	33	120,724
Average years experience in public schools	11.7	11.8
Average years experience in district	9.7	10.5
Teachers in district for 4 or more years	79%	74%

Administrators – Experience (District Level)

This table shows information about experience for administrators assigned to this district and across the state.

Student to Staff Ratios

This table shows the number of students per staff member in the school and district. Ratios for librarians, nurses, counselors, and child study team members are only reported at the district level because many staff in these jobs are assigned only to the district and not to individual schools.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	27.7	17.5%
Mathematics Proficiency	18.1	17.5%
English Language Arts Growth	3.1	25.0%
Mathematics Growth	20.1	25.0%
Chronic Absenteeism	95.1	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		28.1
Summative Rating: Percentile rank of Summative Score		17.6
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile		No

** Indicator scores are only calculated for inclusion in ESSA accountability if data is available for at least 20 students.

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 Courses, Curriculum, Instruction:	<p>Students experience rigorous classes in Mathematics, Language Arts, Social Studies, and Science. We offer a host of related arts programs in Spanish, Art, Health/ Physical Education, and Music. Additionally, we have a Pre-School, Pre-Kindergarten Program, and full day Kindergarten. This year the 5-8 grade students are participating in a 1:1 Chromebook initiative and our primary grades enjoy greater access to two state of the art computer labs. We have been a Rutgers MARE school for 15 years.</p>
 Sports and Athletics:	<p>Students from OCS may participate in the National Archery in the Schools Program in Physical Education classes and may try-out and be selected to participate on the NASP team. The NASP team here at OCS is the reigning 11-time New Jersey State Champions and students may compete in the National Championships in Louisville, Kentucky each May. Oxford has had a National Champion and finished as high as #6 in the United States in 2012.</p>

 Staff and Professional Learning:	<p>Staff participate in CPR/AED certification, attend curriculum articulation meetings each year as part of K-8 Warren Hills Cluster Curriculum teams, and OCS staff develop and implement numerous professional learning communities to build greater success for students in the classroom. The PLC's include autism awareness, BSI and RTI programs, science standards, writing and literature-based PLC's as well as character education. Staff attend Holocaust programs, local, state & national conferences.</p>
 Student Supports and Services:	<p>OCS supports students with a full Child Study Team, staff who are skilled in Orton-Gillingham, Project Read, Basic Skills Instruction and Response to Intervention. We offer support for students who struggle with social skills and our staff are always available to support students academically outside the classroom. With the introduction of 1:1 Chromebooks in grades 5-8, staff and students gain another method to exchange ideas and develop skills.</p>
 Student Health and Wellness:	<p>OCS students are supported by a full Physical Education program, recess every day and teachers are encouraged to include movement breaks throughout the day. School breakfast and lunch are offered daily and in our Health classes students we offer nutrition classes in cooperation with a Shop=Rite nutritionist. Our CORRECT character education program promotes all aspects of our students and staff health to develop a healthy social-emotional environment.</p>
 Parent and Community Involvement:	<p>We enjoy a fine relationship with the community Rescue, Police and Fire Departments. We have an active Municipal Alliance, LEAD program & SEPAC. We are thrilled to be partners with the OCS PTA who continue to assist our students with after school crafts, assemblies, field trips and classroom technology. We have two music concerts a year, an Education Foundation and a dedicated community! We offer a parent portal for 5-8 grades and we use Facebook, a website, Twitter and Instagram!</p>

Every other year we utilize the New Jersey DOE School Climate Survey to measure how we are doing in all aspects of the school. Results are communicated through the school board, our website and social media. Once again, we are seeing overwhelming support for our school and programs. Our character education program has been responsible for a decrease in HIB reports and we feel that the awesome support from our community enhances our school!

Facilities:

Our school, built in 1923, was completely renovated more than a decade ago! We have a full wireless network, two computer labs, clean hallways, student artwork displayed for all to see, an awesome stage and one of the best elementary school gyms! Our Library is constantly updated; we have a full science lab and a wonderful art room. We have an air-conditioned building that is maintained, kept clean and updated thanks to a great custodial staff and conscientious student body!

<div>Other Information:</div>	<p>A few more things everyone should know about Oxford Central School: We offer Pre-School, Pre-Kindergarten, an Autism Program and a weekly BCBA consults for all staff. Students come to school on a 182-day schedule and we are part of the Warren Hills Cluster Curriculum teams that develop and unify K-8 curriculum. We are an Inter-District School Choice district, have full, 24-hour video surveillance, our Theater program is thriving and our arts program is always improving. Since 2006, we have had an OCS program featured on Classroom Close-up four times and been the subject of national magazine articles and even an episode of Fox and Friends. We won the Mylan Industries grant for promoting allergy and asthma awareness back in 2010. For 15 years, we have instituted the Rutgers/ MARE program, a cross-curricular approach to study the marine environment. We have recently had three students win the Partnership for a Drug-Free NJ Public Service Announcement contest and have seen many state winners in the annual PTA Reflections program. We have worked tirelessly for many years to build and promote programs that our community could be proud of and retain our small town atmosphere. We feel we are succeeding.</p>
