Trenton, N. J.

The New Jersey Casino Control Commission reported today that the operating casinos in Atlantic City paid \$117,417,986 into the Casino Revenue Fund during 1982, bringing the grand total collected since May 1978 when the first casino opened to \$319.6 million. This total includes \$1,981,110 in interest which was added into the fund between last April and November. The December interest total is not yet available.

Governor Thomas Kean signed legislation last April, keeping the interest earned by the Casino Revenue Fund balance in this dedicated account, which is used by the State of New Jersey to aid eligible senior citizens and disabled persons. Currently, money from this fund is used to pay for the Lifeline program, a \$175 yearly credit on utility bills, and for homestead rebates.

The casinos reported total casino revenues of \$114,568,164 during December (daily average of \$3,695,747) and \$1.493 billion for calendar year 1982 (daily average of \$4,090,860).

There were 10 million dollar days reported by individual casinos last month, including a new Atlantic City record. On December 8th, Golden Nugget grossed \$4,836,638. The previous record was set by Caesars Boardwalk Regency (\$2,378,111) on December 23, 1981. Golden Nugget also had million dollar days on December 4 and 31. Resorts International reported five million dollar days, (December 3, 4, 10, 11 and 31), including a total of

\$2,006,738 on December 11. Caesars (December 4) and Bally (December 31) had one million dollar day each.

Total casino revenue is the amount won from the patrons before taxes and other expenses are deducted. It does not represent profits.

(On the following pages you will find the December 1982 totals and individual casino monthly tax reports, in addition to year-end and inception-to-date totals.)

The nine operating casino hotels in Atlantic City grossed \$120,613,482 during January, according to reports filed today with the New Jersey Casino Control Commission. Of this total, the casinos paid \$9,455,880 into the Casino Revenue Fund to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments.

The total tax collected since the first casino opened in 1978 now stands at \$329.3 million.

The combined industry gross for January was 5.3 per cent higher than December's total of \$114.6 million and 32.9 per cent higher than January 1982's total of \$90.8 million.

Golden Nugget posted the highest gross for the second straight month, \$18.4 million; followed by Resorts International, \$17.3 million; Caesars Boardwalk Regency, \$16.1 million; Bally's Park Place, \$15.1 million; Harrah's Marina, \$14.8 million; Tropicana, \$11.7 million; Sands, \$10.5 million; Playboy, \$9.8 million and Claridge, \$7 million.

Eleven million dollar days were reported during January, three each by Resorts (Jan. 1, 6 and 8), Caesars (Jan. 1, 9 and 29) and Golden Nugget (Jan. 1, 16 and 29) and one each by Bally (Jan. 1) and Harrah's (Jan. 1).

Total casino revenue is the amount won from the patrons before taxes and other expenses are deducted. It does not represent profits.

FOR IMMEDIATE RELEASE

FOR FURTHER INFORMATION

MARCH 11, 1983

BEN BOROWSKY (609) 984-6749

The New Jersey Casino Control Commission reported today that the nine operating casino hotels in Atlantic City grossed \$106,405,659 during February and paid \$8,366,374 into the Casino Revenue Fund.

This fund is dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments. The total tax collected in 1983 is \$17.9 million and the total collected since the first casino opened in May of 1978 stands at \$337.7. This amount includes approximately \$2 million in interest which the fund balance has generated.

The industry total was 11.8 per cent less than January, but with three fewer days in February, the daily average of \$3.8 million was very close to January's daily average of \$3.9 million. The February total was 5.3 per cent higher than the February 1982 total of \$101 million.

Golden Nugget posted the highest gross for the third straight month, \$15.9 million; followed by Resorts International, \$14.9 million; Bally's Park Place, \$13.5 million; Harrah's Marina, \$13.1 million; Caesars Boardwalk Regency, \$12.3 million; Tropicana, \$11.7 million; Sands, \$9.4 million; Playboy, \$8.7 million and Claridge, \$6.8 million.

Despite the big snowstorm which hit the weekend of February 11-13, the industry reported 10 million dollar days during the three remaining weekends of the month. Golden Nugget (Feb. 5, 20 and 26) and Resorts International (Feb. 5, 19 and 20) had three each;

(more)

Bally reported two (Feb. 5 and 20), while Caesars (Feb. 20) and Harrah's (Feb. 19) had one each.

Total casino revenue is the amount won from the patrons before taxes and other expenses are deducted. It does not represent profits.

The 20-member task force established by the New Jersey Casino Control Commission has completed a three-month review of the \$205.7 million residential redevelopment program for Atlantic City, prepared by American City Corporation, and approved the conceptual plan and submitted its findings and recommendations to the Commission.

The task force, co-chaired by Michael J. Matthews, Mayor of Atlantic City, and Don M. Thomas, a member of the Commission, made the following recommendations:

--The 332-acre Inlet Community, comprised of the Bungalow Park, Gardner's Basin, North Inlet and South Inlet neighborhoods, offers the best opportunity to launch housing redevelopment and neighborhood revitalization at this time in Atlantic City.

--Following an extensive community review process, the conceptual plan should be adopted by the Casino Control Commission and the City of Atlantic City. The Commission should also direct its consultant, American City Corporation, to refine the concept to site-specific and cost-specific plans and projects.

--The goal is to produce a balanced residential community. Rehousing must be carried out within the New Jersey Relocation Assistance Law and in the spirit of the Mount Laurel II Supreme Court decision of January 20, 1983.

--The availability of investment funds via Section 144(b) of the Casino Control Act is essential to the successful

(more)

implementation of this program. The authority to direct and approve casino reinvestment obligation should be vested in the Casino Control Commission.

--A non-profit community development corporation should be established with the sole mission of carrying out the redevelopment of the Inlet Community.

The Inlet Community is the eastern portion of the city, bounded by Clam Creek, Absecon Inlet, the Atlantic Ocean, Connecticut Avenue to Melrose Avenue to Absecon Boulevard to Maryland Avenue to Clam Creek.

American City Corporation, a subsidiary of the Rouse Corporation, of Columbia, MD, was hired by the Commission last April to study the housing needs of Atlantic City and to develop a conceptual plan.

The plan calls for approximately 3,000 new and rehabilitated housing units in the Inlet Community.

"I am grateful for the dilligent and collaborative efforts of the task force," co-chairman Thomas said. "After three months of a comprehensive community consultation process and approval by the task force, made up of members from all sectors of the community, I feel we can now move forward to phase two of the redevelopment program, which will include governmental approvals and establishment of a non-profit development corporation to carry out the task force's goals."

(more)

The members of the task force were divided into four subcommittees. They were: land use and zoning, chaired by Murray Fredericks, an Atlantic City attorney; relocation, chaired by James Usry, president of the Atlantic City Congress of Community Organizations; finance, chaired by Peter Boynton, president of the Atlantic City Casino Hotel Association; development management, chaired by Steven Batzer, president of the Atlantic City Chamber of Commerce.

The subcommittee reports were presented to the full task force last week and the final recommendations were drafted and formally presented to the Commission.

JERSEY STATE FOR FURTHER INFORMATION  
APR 7 - 1983  
185 W. State St.  
Trenton, N. J.  
BEN BOROWSKY (609) 984-6749

The nine operating casino hotels in Atlantic City posted a combined net income of \$56,897,954 during 1982, according to annual reports filed with the New Jersey Casino Control Commission.

In 1981, the same nine casino hotels reported a combined net loss of \$19.7 million.

The fourth quarter of 1982 showed a combined net income of \$5,965,010, compared to a combined net loss of \$56 million in the fourth quarter of 1981. This total includes the pre-opening expenses for Playboy, Claridge and Tropicana, which opened during 1981.

Harrah's Marina posted the highest net income for 1982, \$38,571,780; followed by Golden Nugget, \$20,639,254; Resorts International, \$16,793,789; Sands, \$14,022,042; Caesars Boardwalk Regency, \$12,795,745; Bally's Park Place, \$10,173,617.

Playboy, Tropicana and Claridge reported net losses of \$10,771,360, \$14,937,031 and \$30,389,882, respectively.

Harrah's, Claridge and Playboy are partnerships and their statements to the Commission do not reflect any income tax considerations.

The gross revenue totals reported each month by the Commission reflect the casinos only, while the quarterly and annual totals reflect the net income or net loss for both the casino and the hotel.

The State collects eight percent of the gross for the Casino Revenue Fund, which aids eligible senior citizens and disabled persons in the form of property tax, utility bill, medical or

(more)

transportation benefits, under programs approved by the State Legislature and the Governor.

During 1982, the casinos reported a combined gross win of \$1,493,164,081. After deducting \$25,439,246 for uncollectible patron checks, the casinos paid a state tax of \$117,440,439. The fund balance in the Casino Revenue Fund earned approximately \$2 million between April and December, 1982. The law was changed last April. Prior to that time, the interest went into the general treasury.

The gross figure should not be confused with net income. It is the amount won from the patrons before taxes, wages, fringe benefits, debt service and other expenses are deducted.

NEW JERSEY STATE LIBRARY  
APR 15 1983  
185 W. State St.  
The New Jersey Casino Control Commission reported today that the nine operating casino hotels in Atlantic City grossed \$136,997,038 during March and paid \$10,723,410 into the Casino Revenue Fund.

The March total was the fourth highest month in the five-year history of casino gaming in New Jersey. The three previous best months for the industry were July 1982 (\$159.2 million), August 1982 (\$157.3 million) and October 1982 (\$142.1 million).

The Casino Revenue Fund is dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments. The total collected in 1983 is \$28.6 million and the total collected since May 1978 when the first casino opened is \$348.4 million.

The daily average for the industry in March was \$4,419,259.

The March total was \$30.6 million higher than February and \$26.9 million higher than the previous March.

Golden Nugget, with six million dollar days, posted the highest gross for the fourth consecutive month, \$22.9 million; followed by Resorts International, \$20.5 million; Bally's Park Place, \$18.8 million; Harrah's Marina, \$15.8 million; Tropicana, \$14.9 million; Caesars Boardwalk Regency, \$13.7 million; The Sands, \$11.9 million; Playboy, \$9.8 million and Claridge, \$8.7 million.

In addition to Golden Nugget's six million dollar days, there were eight others reported, including three each by Bally (March 5, 12 and 26) and Resorts (March 12, 13 and 19); and one each by Caesars (March 13) and Tropicana (March 20). Golden Nugget topped

(more)

the million dollar mark on March 5, 12, 17, 19, 25 and 26.

Total casino revenue is the amount won from the patrons before tax and other expenses are deducted. It does not represent profits.

The nine operating casino hotels in Atlantic City paid \$11,341,671 in taxes to the Casino Revenue Fund on gross gambling revenues of \$145,643,770 in April, the Casino Control Commission reported today.

The April tax collections brought the total paid into the Casino Revenue Fund in 1983 to \$39,887,335, and raised to \$104,723,744 the taxes paid into the fund during the current state fiscal year which began July 1, 1982 and ends June 30. The total casino gambling taxes collected since May 1978 when the first casino opened rose to \$359,667,597.

The Casino Revenue Fund is dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments.

The April total of \$145,643,770 in gambling revenue for the nine casino hotels compared to \$136,997,038 in March this year and was the third highest since the inception of casino gambling in Atlantic City. The two previous highest gross revenue months for the industry were July 1982 (\$159.2 million) and August 1982 (\$157.3 million).

The daily average of industry gross revenue in April was \$4,854,792.

Golden Nugget, with six million dollar days, had the highest gross gambling revenue in April, \$21.7 million; followed by Resorts International, \$20.7 million; Bally's

Park Place, \$19.4 million; Caesars Boardwalk Regency, \$17.5 million; Tropicana, \$17.2 million; Harrah's Marina, \$16.6 million; The Sands, \$13.3 million; Playboy, \$10.6 million and Claridge, \$8.5 million.

There were 15 million dollar days at the casinos including six each by Golden Nugget (April 2, 8, 16, 23, 28, 30) and Resorts (April 2, 15, 16, 22, 23, 29); two by Caesars (April 2, 23); and one by Bally's Park Place (April 9).

Gross gambling revenue is the amount won by the casinos from their patrons before tax and other expenses are deducted. It does not represent profits.

The nine operating casino/hotels in Atlantic City posted a combined net income of \$3,303,952 in the first quarter of 1983, according to reports filed with the New Jersey Casino Control Commission. The 1983 first quarter industry income total was \$21.0 million higher than the net loss of \$17.7 million reported for the first quarter of 1982. All casino/hotels, except Caesars, Claridge, Playboy and Tropicana, finished in the black for the first quarter of 1983.

Harrah's posted the highest net income for the first quarter, \$11,016,971; followed by Golden Nugget, \$6,524,450; Bally, \$2,029,578; Resorts, \$1,939,866; and Sands, \$404,419.

The following operators reported a net loss for the first quarter of 1983 Caesars, \$567,549; Playboy, \$5,188,636; Tropicana, \$5,760,821; and Claridge \$7,094,326.

Harrah's, Claridge and Playboy are partnerships and their income statements to the Commission do not reflect any income tax considerations.

The gross revenue totals reported each month by the Commission reflect casino revenue only, while the quarterly totals above reflect the net income or net loss for both the casino and the hotel.

The State collects eight percent of the gross revenue for the Casino Revenue Fund, which aids eligible senior citizens and disabled persons in the form of property tax and utility bill relief.

During the first three months of 1983, the casinos reported a combined casino revenue of \$364,016,159. After deducting \$7,195,368 for uncollectible patron checks, the casinos paid a gross revenue tax of \$28,545,664.

The casino revenue figure should not be confused with net income. It is the amount won from the patrons before deducting taxes, payroll, debt service and other expenses.

The nine operating casino hotels in Atlantic City paid \$11.5 million in taxes to the Casino Revenue Fund on gross gambling revenues of \$146,055,782 in May, the Casino Control Commission reported today.

The May tax collections brought the total paid into the Casino Revenue Fund in 1983 to \$51.4 million, and raised to \$116.2 million the taxes paid into the fund during the current state fiscal year which began July 1, 1982 and ends June 30. The total casino gambling taxes collected since May 1978 when the first casino opened rose to \$371.1 million.

The Casino Revenue Fund is dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments.

The May total of \$146,055,782 in gambling revenue for the nine casino hotels compared to \$145,644,170 in April this year and was the third highest since the inception of casino gambling in Atlantic City. The two previous highest gross revenue months for the industry were July 1982 (\$159.2 million) and August 1982 (\$157.3 million).

The daily average of industry gross revenue in May was \$4,711,477.

Resorts International, with five million dollar days, had the highest gross gambling revenue in May, \$23.4 million; followed by Golden Nugget, \$22.1 million; Caesars

Boardwalk Regency, \$18.5 million; Bally's Park Place, \$18.1 million; Harrah's Marina, \$15.9 million; Tropicana, \$14.8 million; The Sands, \$12.6 million; Playboy, \$10.9 million and Claridge, \$9.8 million.

There were 15 million dollar days at the casinos including six by Golden Nugget (May 13, 14, 15, 21, 28, 29); five by Resorts (May 1, 2, 7, 28, 29); two by Caesars (May 21, 29); and one each by Bally's Park Place (May 7) and Harrah's (May 29).

Gross gambling revenue is the amount won by the casinos from their patrons before tax and other expenses are deducted. It does not represent profits.

FOR IMMEDIATE RELEASE

FOR FURTHER INFORMATION

July 12, 1983

(609) 292-3144

The nine operating casino hotels in Atlantic City paid \$11.8 million in taxes to the New Jersey Casino Revenue Fund in June on gross gambling revenues of \$148.6 million, the Casino Control Commission reported today.

Taxes paid into the fund during New Jersey Fiscal Year 1983, which began July 1, 1982 and ended June 30, 1983, totalled \$128 million. In the first half of calendar year 1983, beginning January 1, 1983 and ending June 30, 1983, casino revenue tax collections amounted to \$63.2 million. From the inception of legal casino gambling in Atlantic City in May 1978 through June 30, 1983 total casino revenue tax collections have totalled \$380.8 million. To date the Casino Revenue Fund has also earned interest amounting to \$3.3 million.

Taxes collected and deposited in the Casino Revenue Fund and interest on the Fund deposits are dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments.

Atlantic City casino hotel industry's gross revenue for the first six months of 1983 was \$804.2 million, compared to \$666.9 million the same period during 1982, an increase of 20.6 percent.

The June total of \$148.6 million in gross revenue for the nine casino hotels compared to \$146.1 million in May this year and was the third highest since the inception of casino gambling in Atlantic City. The two highest gross revenue months for the industry are July 1982 (\$159.2 million) and August 1982 (\$157.3 million).

The daily average of industry gross revenue in June was \$5.0 million, before deductions for bad debts.

Resorts International, with five million dollar days, had the highest gross revenue in June, \$22.3 million; followed by Golden Nugget, \$22.0 million; Bally's Park Place, \$19.3 million; Tropicana, \$17.1 million; Caesars Boardwalk Regency, \$15.9 million; Harrah's Marina, \$15.5 million; Sands, \$14.2 million; Playboy, \$12.5 million and Claridge, \$9.8 million.

There were 11 million dollar days at the casinos including five by Resorts (June 4, 11, 18, 24, 25); three by Golden Nugget (June 12, 23, 25); and one each by Bally's Park Place (June 4), Playboy-Elsinore (June 18) and Tropicana (June 25).

Gross revenue is the amount won by the casinos from their patrons before tax and other expenses are deducted. It does not represent profits.

NEW JERSEY CASINO CONTROL COMMISSION

FOR IMMEDIATE RELEASE

FOR FURTHER INFORMATION

AUGUST 11, 1983

TOM FLYNN (609) 292-3144

The nine operating casino hotels in Atlantic City paid \$15.2 million in taxes to the New Jersey Casino Revenue Fund in July on gross gambling revenues of \$193.6 million, the Casino Control Commission reported today.

In the first seven months of calendar year 1983, beginning January 1, 1983 and ending July 31, 1983, casino revenue tax collections amounted to \$78.4 million. From the inception of legal casino gambling in Atlantic City in May 1978 through July 31, 1983 total casino revenue tax collections have totalled \$396 million. To date the Casino Revenue Fund has also earned interest amounting to \$3.5 million.

Taxes collected and deposited in the Casino Revenue Fund and interest on the Fund deposits are dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments. In addition, financing will be provided for the first time for the care of house bound senior citizens.

Atlantic City casino hotel industry's gross revenue for the first seven months of 1983 was \$997.9 million, compared to \$826.1 million the same period during 1982, an increase of 21 percent.

The July total of \$193.6 million in gross revenue for the nine casino hotels compared to \$148.6 million in June this year which was the highest since the inception of casino gambling in Atlantic City. The two highest gross revenue months previously for the industry are July 1982 (\$159.2 million) and August 1982 (\$157.3 million).

The daily average of industry gross revenue in July was \$6.2 million, before deductions for bad debts.

Resorts International, with eight million dollar days, had the highest gross revenue in July, \$29.3 million; followed by Golden Nugget, \$27.4 million; Bally's Park Place, \$26.5 million; Tropicana, \$23.4 million; Caesars Boardwalk Regency, \$21.8 million; Harrah's Marina, \$21.6 million; Sands, \$17.1 million; Playboy, \$15.7 million and Claridge, \$11.0 million.

There were 29 million dollar days at the casinos, the largest number ever. They included eight by Resorts (July 1, 2, 3, 9, 10, 16, 29, 30); six each by Golden Nugget (July 2, 3, 15, 16, 20, 30), Bally's Park Place (July 2, 15, 16, 23, 29, 30), Tropicana (July 2, 16, 17, 29, 30, 31); and three by Caesars Boardwalk Regency (July 9, 17, 30).

Gross revenue is the amount won by the casinos from their patrons before tax and other expenses are deducted. It does not represent profits.

NEW JERSEY CASINO CONTROL COMMISSION

FOR IMMEDIATE RELEASE  
AUGUST 22, 1983

FOR FURTHER INFORMATION  
TOM FLYNN (609) 984-6749

The nine operating casino/hotels in Atlantic City posted a combined net income of \$42,102,547 in the second quarter of 1983, according to reports filed with the New Jersey Casino Control Commission. The 1983 second quarter industry income total was \$25.0 million higher than the net total of \$17.1 million reported for the second quarter of 1982. All casino/hotels, except Claridge and Playboy, finished in the black for the second quarter of 1983.

Harrah's posted the highest net income for the second quarter, \$17,547,842; followed by Resorts, \$8,861,012; Golden Nugget, \$8,304,263; Sands, \$5,630,595; Bally, \$5,056,072; Caesars, \$1,932,326; and Tropicana, \$1,391,266.

The following operators reported a net loss for the second quarter of 1983; Claridge, \$5,277,892; and Playboy, \$1,342,937.

Harrah's, Claridge and Playboy are partnerships and their income statements to the Commission do not reflect any income tax considerations.

The gross revenue totals reported each month by the Commission reflect casino revenue only, while the quarterly totals above reflect the net income or net loss for both the casino and the hotel.

The State collects eight percent of the gross revenue for the Casino Revenue Fund, which aids eligible senior citizens

and disabled persons in the form of property tax and utility bill relief.

During the first six months of 1983, the casinos reported a combined gross casino revenue of \$804.2 million. The casinos paid a gross revenue tax of \$63.2 million.

The casino revenue figure should not be confused with net income. It is the amount won from the patrons before deducting taxes, payroll, debt service and other expenses.

Formation of the Inlet Community Development Corporation to speed the rehabilitation and revitalization of Atlantic City was announced today by the Atlantic City Task Force on Housing and Redevelopment.

Co-chairmen Mayor Michael J. Matthews and Casino Control Commission member Don M. Thomas said the Development Corporation's sole objective will be the redevelopment of the Inlet Community as a balanced residential area.

Articles of Incorporation will be filed with the Secretary of State, Steven Batzer, president of the Atlantic City Chamber of Commerce and chairman of the organizing committee for the Task Force, announced.

Membership on the Development Corporation will be announced after filing of the incorporation papers and will include representatives of all segments of the business, civic and residential population.

Several options on funding for the redevelopment project are still under active consideration and will include participation by a cross section of public and private entities.

Co-chairmen Matthews and Thomas pointed out that formation of the non-profit Development Corporation is not meant to supersede or duplicate the work of any other existing governmental agency. "The Development Corporation has been designed to ensure that all development strategies and proposals

presented to the City Council reflect the full participation and support of both the public and private sector," the co-chairmen said.

Co-chairman Thomas pointed out that formation of the new corporation will permit the revitalization work to be carried out by Atlantic City residents and will permit the Casino Control Commission to serve a less active role.

In calling for a "balanced community" the Task Force earlier pointed out that the Inlet Community should include different price levels of residential housing, convenience stores, recreational facilities and some employment opportunities.

The Task Force called for the preservation of sound residential structures wherever feasible and economically sound.

The Inlet Community runs from the Boardwalk to Melrose and Absecon Blvd. between Maryland and Connecticut Avenues.

The nine operating casino hotels in Atlantic City paid \$14.4 million in taxes to the New Jersey Casino Revenue Fund during August on gross gambling revenues of \$182.7 million, the Casino Control Commission reported today.

In the first eight months of calendar year 1983, beginning January 1, 1983 and ending August 31, 1983, casino revenue tax collections amounted to \$92.8 million. From the inception of legal casino gambling in Atlantic City in May 1978 through August 31, 1983 total casino revenue tax collections have totalled \$410.5 million. To date the Casino Revenue Fund has also earned interest amounting to \$3.9 million.

Taxes collected and deposited in the Casino Revenue Fund and interest on the Fund deposits are dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments. In addition, financing is also being provided this year for the first time for the care of home bound senior citizens.

Atlantic City casino hotel industry gross revenue for the first eight months of 1983 was nearly \$1.2 billion, compared to \$983.4 million during the same period in 1982, an increase of 20.1 percent.

The August total of \$182.7 million in gross revenue for the nine casino hotels compared to the record \$193.6 million set in July, and thus becomes the second highest monthly figure since the inception of casino gambling in Atlantic City.

The daily average of industry gross revenue in August was \$5.9 million, before deductions for bad debts.

Golden Nugget, with eight million dollar days, had the highest gross revenue in August, \$27.6 million; followed by Resorts International, \$24.3 million; Bally's Park Place, \$24.2 million; Tropicana, \$22.4 million; Harrah's Marina, \$21.8 million; Caesars Boardwalk Regency, \$20.2 million; Sands, \$15.7 million; Playboy, \$15.5 million and Claridge, \$11.0 million.

There were 26 million dollar days at the casinos. They included eight by Golden Nugget (August 5, 6, 13, 15, 20, 26, 28, 29); seven by Bally's Park Place (August 6, 11, 13, 20, 21, 26, 27); four by Resorts International (August 10, 13, 14, 20); three by Tropicana, (August 5, 13, 27); and two each by Caesars Boardwalk Regency, (August 13, 28) and Harrah's Marina (August 13, 27).

Gross revenue is the amount won by the casinos from their patrons before tax and other expenses are deducted. It does not represent profits.

The nine operating casino hotels in Atlantic City paid \$13.3 million in taxes to the New Jersey Casino Revenue Fund during September on gross gambling revenues of \$167.6 million, the Casino Control Commission reported today.

In the first nine months of calendar year 1983, beginning January 1, 1983 and ending September 30, 1983, casino revenue tax collections amounted to \$106.1 million. From the inception of legal casino gambling in Atlantic City in May 1978 through September 30, 1983 total casino revenue tax collections have totalled \$423.8 million. To date the Casino Revenue Fund has also earned interest amounting to \$4.3 million.

Taxes collected and deposited in the Casino Revenue Fund and interest on the Fund deposits are dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments. In addition, financing is also being provided this year for the first time for the care of home bound senior citizens.

Atlantic City casino hotel industry gross revenue for the first nine months of 1983 was \$1,348,173,531, compared to \$1.1 billion during the same period in 1982, an increase of 21.1 percent.

The September total of \$167.6 million in gross revenue for the nine casino hotels compared to the record \$193.6 million set in July 1983, and thus becomes the third highest monthly figure since the inception of casino gambling in Atlantic City. The second highest monthly figure for casino gaming was set in August 1983 with a total \$182.7 million.

The daily average of industry gross revenue in September was \$5.6 million, before deductions for bad debts.

Resorts International, with seven million dollar days, had the highest gross revenue in September, \$24.2 million; followed by Golden Nugget with \$23.6 million; Caesars Boardwalk Regency, \$22.3 million; Bally's Park Place, \$22.3 million; Tropicana, \$18.7 million; Harrah's Marina, \$17.9 million; Sands, \$14.3 million; Playboy, \$13.9 million and Claridge, \$10.4 million.

There were 30 days when gross revenues topped \$1 million including September 5 when Resorts International reported \$3,720,840. In addition Resorts grossed \$2,507,924 on September 4, Golden Nugget had \$2,536,362 on September 23 and Bally's Park Place had \$2,409,699 on September 24, 1983. The other casinos which had million dollar days include Caesars Boardwalk Regency with eight, (September 4, 8, 10, 11, 19, 20, 24, 25); Golden Nugget with seven, (September 3, 4, 10, 17, 23, 24, 25); Resorts International with seven, (September 4, 5, 9, 10, 11, 13, 24); Bally's Park Place with three, (September 3, 10, 24); Harrah's Marina with three,

(September 4, 10, 24); and Tropicana with two, (September 4, 10).

SEPTEMBER 1983 TOTALS

Gross revenue is the amount won by the casinos from their patrons before tax and other expenses are deducted. It does not represent profits.

NEW JERSEY CASINO CONTROL COMMISSION

FOR IMMEDIATE RELEASE

FOR FURTHER INFORMATION

NOVEMBER 14, 1983

TOM FLYNN (609) 984-6749

The nine operating casino hotels in Atlantic City paid \$12.6 million in taxes to the New Jersey Casino Revenue Fund during October on gross gambling revenues of \$159.1 million, the Casino Control Commission reported today.

In the first ten months of calendar year 1983, beginning January 1, 1983 and ending October 31, 1983, casino revenue tax collections amounted to \$118.7 million. From the inception of legal casino gambling in Atlantic City in May 1978 through last month, total casino revenue tax collections have totalled \$436.4 million. To date the Casino Revenue Fund has also earned interest amounting to \$4.8 million.

Taxes collected and deposited in the Casino Revenue Fund and interest on the Fund deposits are dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments. In addition, financing is also being provided this year for the first time for the care of home bound senior citizens.

Atlantic City casino hotel industry gross revenue for the first ten months of 1983 was \$1,507,271,661, compared to \$1.2 billion during the same period in 1982, an increase of 20 percent.

Trenton, N. J.

The October total of \$159.1 million in gross revenue for the nine casino hotels compared to the record \$193.6 million set in July 1983, and thus becomes the fifth highest monthly figure since the inception of casino gambling in Atlantic City. The second highest monthly figure for casino gaming was set in August 1983 with a total \$182.7 million. The September 1983 total of \$167.6 million was the third highest total and July 1982 was the fourth highest with \$159.2 million.

The daily average of industry gross revenue in October was \$5.1 million, before deductions for bad debts.

Golden Nugget, with six million dollar days, had the highest October gross revenue, \$23.3 million; followed by Bally's Park Place with \$21.2 million; Resorts International, \$20.7 million; Caesars Boardwalk Regency, \$19.1 million; Harrah's Marina, \$18.3 million; Tropicana, \$17.7 million; Sands, \$14.5 million; Playboy, \$13.7 million and Claridge, \$10.1 million.

There were 20 days when gross revenues topped \$1 million. The casinos which had million dollar days include Golden Nugget with six, (October 2, 8, 9, 15, 22, 29); Caesars Boardwalk Regency with five, (October 1, 8, 23, 29, 30); Bally's Park Place with four, (October 9, 15, 22, 29); Resorts International with two, (October 9, 15); and one each by Harrah's Marina, (October 1); Sands, (October 29); and Tropicana, (October 9).

Gross revenue is the amount won by the casinos from their patrons before tax and other expenses are deducted. It does not represent profits.

The nine operating casino/hotels in Atlantic City posted a combined net income of \$99,612,521 in the third quarter of 1983, according to reports filed with the New Jersey Casino Control Commission. The third quarter industry income total was \$50.2 million higher than the net total of \$49.4 million reported for the third quarter of 1982.

It marked the first time that all nine casinos have posted net profits. Playboy which had posted a \$1.3 net loss in the second quarter reported a \$7.6 net profit while Claridge which had a net loss of \$5.2 million in the second quarter reported a net profit of \$979 for the third quarter.

Both Playboy and Claridge as well as Harrah's Marina are partnerships and the net income represents profits before income tax.

Profits reported by the other casinos were as follows: Bally's Park Place, \$10.5 million; Caesars Boardwalk Regency, \$5.8 million; Golden Nugget, \$15.3 million; Harrah's Marina, \$24.0 million; Resorts International, \$15.1 million; Sands, \$9.7 million; and Tropicana, \$11.5 million.

The gross revenue totals reported each month by the Commission reflect casino revenue only, while the quarterly totals above reflect the net income or net loss for both the casino and the hotel.

The State collects eight percent of the gross revenue for the Casino Revenue Fund, which aids eligible senior citizens and disabled persons in the form of property tax and utility bill relief.

During the first nine months of 1983, the casinos reported a combined gross casino revenue of \$1,348,173,531. The casinos paid a gross revenue tax of \$106.1 million.

The casino revenue figure should not be confused with net income. It is the amount won from the patrons before deducting taxes, payroll, debt service and other expenses.

Mayor Michael Matthews and Casino Commissioner Don M. Thomas today announced the completion of the formation of the Inlet Community Development Corporation.

"A tremendous amount of work has gone into the formation of the Development Corporation," the two men said, "and we think we have arrived at the proper balance of business acumen, governmental interest and community involvement to achieve the goals set by the sub-committee."

According to Mayor Matthews and Commissioner Thomas the formation of the Development Corporation culminates the work of the sub-committee and completes formation of the Board of Trustees of the Development Corporation.

The two men noted particularly that James Usry, president of the Congress of Community Organizations, and one other member of his organization, have been asked to serve as trustees. "It's vital to the success of the Development Corporation that we have this type of broad community involvement. Just as it was important to have this type of participation on the sub-committee, so too is it important that it carry over to the work of this new organization."

"We are aware, as we have been from the first day the sub-committee was formed, that we need a broad spectrum of

participation if we are to build the kind of Atlantic City that we want to see here in the years ahead," they said.

Other members of the 13-member board of trustees include Steven Batzer, president, Chamber of Commerce; William Cheatham, box supervisor for Harrah's Marina; Redenia Gilliam, vice president, Bally's Park Place; John Allen, vice president, Harrah's Marina; Pierre Hollingsworth, president, Atlantic City chapter, NAACP; Andrew Geovanetti, urban development specialist; Joseph Sinnon, Glazers Union Local 252; Joseph Bradway, president of Boardwalk Guarantee Bank and former mayor; Murray Raphael, retail merchant and former chairman of the county improvement authority; Martin Blumberg, architect; and David Weiss, attorney.

The work of the new corporation will be to oversee the implementation of the \$200 million Inlet Community redevelopment program prepared for the sub-committee by the American Cities Corporation, a subsidiary of the Rouse Company.

Mayor Matthews heralded the formation of the corporation as the next step in the resurgence of the city "as a place where people can live and work and make Atlantic City a great resort again. The work of this corporation will be of invaluable assistance to the city, to my office and to city council and all the various city agencies."

TOM FLYNN (609) 984-6749

The nine operating casino hotels in Atlantic City paid \$11.4 million in taxes to the New Jersey Casino Revenue Fund during November on gross gambling revenues of \$143.3 million, the Casino Control Commission reported today.

In the first eleven months of calendar year 1983, beginning January 1, 1983 and ending November 30, 1983, casino revenue tax collections amounted to \$130.1 million. From the inception of legal casino gambling in Atlantic City in May 1978 through last month, total casino revenue tax collections have totalled \$447.8 million. To date the Casino Revenue Fund has also earned interest amounting to \$5.2 million.

Taxes collected and deposited in the Casino Revenue Fund and interest on the Fund deposits are dedicated to aid eligible senior citizens and disabled persons in the form of property tax rebates, utility bill credits and prescription drug payments. In addition, financing is also being provided this year for the first time for the care of home bound senior citizens.

Atlantic City casino hotel industry gross revenue for the first eleven months of 1983 was \$1,650,563,037, compared to \$1.4 billion during the same period in 1982, an increase of 19.7 percent.

The November total of \$143.3 million in gross revenue for the nine casino hotels compared to the record \$193.6

million set in July 1983. The second highest monthly figure for casino gaming was set in August 1983 with a total \$182.7 million. The September 1983 total of \$167.6 million was the third highest total, July 1982 was the fourth highest with \$159.2 million, and October 1983 was the fifth highest with \$159.1 million.

The daily average of industry gross revenue in November was \$4.8 million, before deductions for bad debts.

Golden Nugget, with four million dollar days, had the highest November gross revenue, \$20.4 million; followed by Resorts International with \$19.7 million; Caesars Boardwalk Regency, \$19.3 million; Bally's Park Place, \$17.1 million; Harrah's Marina, \$16.7 million; Tropicana, \$15.9 million; Playboy, \$12.8 million; Sands, \$12.6 million and Claridge, \$8.9 million.

There were 19 days when gross revenues topped \$1 million. The casinos which had million dollar days include Resorts International with six, (November 5, 6, 11, 12, 25, 26); Bally's Park Place with four, (November 5, 12, 25, 26); Golden Nugget with four, (November 12, 19, 20 25); Caesars Boardwalk Regency with three, (November 5, 25, 26); and Harrah's Marina with two, (November 12, 26).

Gross revenue is the amount won by the casinos from their patrons before tax and other expenses are deducted. It does not represent profits.
