CIVIL SERVICE COMMISSION

Certification and Appointment Limitation of Number of Times Eligible is Certified

Proposed Amendment: N.J.A.C. 4:1-12.8
Proposed Repeal: N.J.A.C. 4:2-12.4 and 4:3-12.5

Authorized By: Civil Service Commission, Peter J. Calderone, Director of Administrative Practices and Labor Relations.
Authority: N.J.S.A. 11:1-7a, 11:5-1a, 11:6-2e, 11:10-1, 11:10-6 and 11:22-17.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Peter J. Calderone
Director, Division of Administrative
Practices and Labor Relations
CN 312
Trenton, New Jersey 08625

The Civil Service Commission thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-63.

The agency proposal follows:

Summary

N.J.A.C. 4:2-12.4 and N.J.A.C. 4:3-12.5 are being repealed since duplicate language exists in N.J.A.C. 4:1-12.8. The latter is being amended to clarify that a nonveteran who has been eligible or "in line" for appointment and has been bypassed three times will not be automatically certified from an eligibility list unless the appointing authority requests that the eligible be certified. If the eligible is not reachable on the list then the provisions of N.J.A.C. 4:1-12.8 are not applicable.

N.J.A.C. 4:1-12.8(b) and (c) specify that veterans on open competitive lists and both veterans and nonveterans on promotional lists will be automatically certified as long as they remain on the list.

Social Impact

Since the proposed amendments simply explain current department policy and procedure, there will not be any dramatic social change or impact.

CIVIL SERVICE COMMISSION

Exceptions to Length of Working Test Period Law Enforcement and Firefighter Positions

Proposed Amendment: N.J.A.C. 4:1-13.4
Proposed Repeal: N.J.A.C. 4:3-13.1 (formerly CSPM (Local) 13-4.101)

Authorized By: Civil Service Commission, Peter J. Calderone, Director of Administrative Practices and Labor Relations.
 Authority: N.J.S.A. 11:5-1, 11:12-1 and 11:22-6.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:
 Peter J. Calderone, Director
 Division of Administrative Practices and Labor Relations
 CN 312
 Trenton, New Jersey 08625

The Civil Service Commission thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.
 This proposal is known as PRN 1982-64.

The agency proposal follows:

Summary

N.J.A.C. 4:3-13.1 (formerly CSPM (Local) 13-4.101) is being repealed; the substance is being updated and incorporated into N.J.A.C. 4:1-13.4, as amended. Amended rule N.J.A.C. 4:1-13.4 combines the proposed repeal and two statutes into one new rule providing clarification and eliminating the need to research statutes that are in separate titles. The rule paraphrases legislation requiring all law enforcement officers and firefighters to serve a 12 month working test period—a legislative exception to N.J.S.A. 11:12-1 and N.J.S.A. 11:22-6. It also provides a convenient reference for answering the numerous inquiries about the requirements for entry level law enforcement positions.
 Additionally, the new rule deletes sections of N.J.A.C. 4:3-13.1 that are inappropriate in the New Jersey Administrative Code or do not directly pertain to this section (Exceptions to the length of a working test period). The changes are as follows:
 1. Subsection (a) is deleted since it is a description of the former subpart and pertains to the Police Training Act; neither subject is appropriate in this rule.
 2. Subsection (b), Coverage, deletes the statutory language and definition and substitutes a concise, general definition which conforms to the statute.
 3. Subsection (c) is deleted as inappropriate since it describes qualification determinants which is not relevant to this section.
 4. Paragraph (d)1 explains the requirements of the Police Training Act. This paragraph has been rewritten in concise, plain language as an informative service to the employee.
 5. Paragraph (d)2 is the crux of this rule. Legislation has mandated that law enforcement officers serve a 12 month working test period instead of the three month period as stated in the current rule. Since this is the central point of the new rule, it has been placed immediately after the definition as N.J.A.C. 4:1-13.4(b).
 6. Paragraph (d)3 is rewritten but not changed substantively.

7. Subsection (c), Military service, has been deleted as a restatement of existing statutes and as inappropriate as a part of the new rule.

8. Subsection (f) has been rewritten as N.J.A.C. 4:1-13.4(c)3 codifying the practice of submitting appeals concerning the police training course directly to the Police Training Commission instead of optionally to the Civil Service Commission. The current rules also describes the formulation and function of the Police Training Commission which is inappropriate in Title 4, Department of Civil Service; therefore this portion has been deleted.

9. Subsection (g) is deleted as inoperative. The Police Training Commission and the appointing authority determine the appropriate action concerning an individual who fails one or more parts of the training course except that, in accordance with statute, the person may not receive permanent appointment.

Social Impact

N.J.A.C. 4:1-13.4 will have no social impact since it is a codification of an existing subpart, law and current practice.

Economic Impact

N.J.A.C. 4:1-13.4 will have no economic impact since it is a codification of an existing subpart, law and current practice.

Full text of the proposal follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]).

4:1-13.4 Exceptions to length of working test period

[Notwithstanding the provisions of Section 13.3 (Duration of working test period) of this Chapter, a working test period shall extend beyond the period therein prescribed if such extension is expressly provided by legislation.]

(a) Definition:

1. **"Law enforcement officer" means an employee serving in a title that encompasses use of full police powers.**

(b) Persons appointed to entry level law enforcement or firefighter titles shall successfully complete a 12-month working test period after which permanent status shall be attained.

(c) Pursuant to N.J.S.A. 52:17B-68, the Police Training Act, certain entry level law enforcement titles require that employees must satisfactorily complete, within one year extendable to 18 months, a police training course accredited by the Police Training Commission.

1. Law enforcement officers shall begin their working test period after successful completion of the police training course.

2. Law enforcement officers who have successfully completed the police training course prior to appointment shall begin their working test period immediately upon regular appointment.

3. Appeals from failure to successfully complete the police training course shall be made in accordance with procedure established by the Police Training Commission.

4:3-13.1 [The Police Training Act and its relationship to the working test period and permanent appointment] **(Re-served)**

[(a) This section will describe certain procedures effected by the Mandatory Police Training Act (N.J.S.A. 52:17B-66 et. seq.), which requires all appointees to county or municipal police officer positions in New Jersey to successfully complete a prescribed course in training in a school accredited by the New Jersey Police Training Commission before permanent status can be acquired.

(b) Coverage:

1. The provisions of this law relate to appointment of any person serving as a policeman or officer with comparable duties, or a member of a police force organization in a municipality or county which has, by statute or ordinance, the primary responsibility of detecting crime and enforcing the general crime laws of this State.

2. It does not relate to the appointment of a person who has been appointed, selected or elected to a law enforcement unit who oc-

cupies a supervisory position in such unit, persons who are appointed to positions in a law enforcement unit as a special investigator in the office of the county prosecutor, or to persons appointed pursuant to N.J.S.A. 40A:14-146 (special police).

(c) The Department of Civil Service will determine qualifications of applicants, conduct examinations, promulgate employment lists and certify names of eligibles for appointment as police officers as heretofore.

(d) Working test period:

1. After certification and appointment from an employment list and upon receipt of the proper personnel action form, the Department of Civil Service will approve the regular appointment of an eligible to the police force contingent upon the successful completion of a police training course prescribed by the New Jersey Police Training Commission and subject to the regular working test period required by Civil Service Law. The total period for the successful completion of the police training course may not exceed one year six months. If within one year six months from appointment from certification, the employee has not successfully completed the course, the Chief Examiner and Secretary is authorized to take appropriate action to insure that the employee shall not obtain permanent status.

2. Upon successful completion of the course, the employee shall begin the regular working test period of three months.

3. For those patrolmen who take and pass the Police Training Course while they are provisional employees prior to appointment from certification, the Civil Service Department will consider them to have completed the course upon notification of the Police Training Commission and their permanent appointment will be subject to the regular working test period.

(e) Military service:

1. N.J.S.A. 38:23-4 and 40A:9-159 provide that a leave of absence shall be granted to any person holding employment in public service who enters the active military or naval service in time of war or an emergency. Any person who, subsequent to his appointment following certification and prior to his completion of the three month working test period, enters the active military or naval service of the United States or this State, shall be granted a leave of absence without pay for the period of such service and for a further period of three months after receiving his discharge, which shall be other than dishonorable. Upon return to his employment, he shall be granted one year six months within which he must successfully complete the Police Training Course and then commence his regular working test period.

2. Any person appointed while absent in the active military or naval services shall be considered to have been appointed in absentia and provided he shall report for work immediately after discharge, shall be given one year six months from date of beginning work within which to complete the Police Training Course. Upon successful completion of the course he shall begin the working test period.

(f) Appeals:

1. Although under Civil Service rules and regulations, an eligible appointed through certification from an employment list who does not obtain permanent status has a right to appeal to the Civil Service Commission, upon notification from the Police Training Commission that as candidate failed to successfully complete the required course within one year six months from the date of appointment from certification, the Civil Service Commission shall not deem it mandatory to grant a hearing from an appeal because of such failure.

2. Appeal procedures have been set up by the Police Training Commission for review of all cases wherein an appointee does not successfully pass the required course, and an aggrieved appointee also has a right of appeal from the determination of the Police Training Commission to the Superior Court, Appellate Division. This policy does not preclude other appeals which are permitted by the Civil Service Laws and Rules.

(g) If a municipality retains an appointee despite notice of his fail-

ure from the Police Training Commission, the Department of Civil Service upon notification will disapprove the pay of said appointee since his continued employment will not be pursuant to law.]

**Proposed New Rules: N.J.A.C. 4:1-16.15
Proposed Repeal: N.J.A.C. 4:2-16.7**

Authorized By: Civil Service Commission, Peter J. Calderone, Director of Administrative Practices and Labor Relations.
Authority: N.J.S.A. 11:14-16, 11:24A-1.2 and 11:27-1.2.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Peter J. Calderone, Director
Division of Administrative Practices
and Labor Relations

Trenton, New Jersey 08625

The Civil Service Commission thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-66.

The agency proposal follows:

Summary

N.J.A.C. 4:2-16.7 details the procedure to be followed by an appointing authority upon the death of an employee. The portions concerning detailed personnel actions and social amenities, N.J.A.C. 4:2-16.7(a), (b) and (c)1 through 4 and (c)6 through 8, are deleted as being actions that should be left to the discretion of each appointing authority. Basic, appropriate, personnel actions directing the appointing authority to offer its services to the family of the deceased are being retained through the recodification of N.J.A.C. 4:2-16.7(c)5 as N.J.A.C. 4:1-16.15.

Social Impact

This rule will continue the provision that the appointing authority make its services available to the family.

Economic Impact

Since N.J.A.C. 4:1-16.15 was in effect as N.J.A.C. 4:2-16.7(c)5 (formerly CSPM (State) 16-15.102) all State appointing authorities are currently following the procedure and the new rule will have no economic impact. The economic impact on local governments will be negligible. The information is readily available.

Full text of the proposal follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]).

4:1-16.15 Information to next of kin

(a) Upon the death of an employee, the appointing authority shall, through its personnel office, offer to provide information concerning employment-related benefits to the deceased's next of kin.

4:2-16.7 [Procedure at time of death of a State employee](Reserved)

(a) This section describes the procedure to be utilized when a Department is informed of the death of a State employee.

(b) Definitions:

1. "Letter of condolence" means a letter signed by the department head which will express sympathy to the next of kin of a deceased State employee.

2. "Representative of the Departmental Personnel Office" means the Personnel Officer, the Assistant Personnel Officer or the individual responsible for personnel matters in a department or his specifically designated representative. The designated representative should be a professional employee.

(c) Procedure:

1. A department head upon being informed of the death of a departmental employee will send to the next of kin a letter of condolence.

2. A representative of the personnel office shall personally visit the next of kin to provide any necessary assistance and advice concerning matters related to the employment benefits of the deceased.

3. The representative of the personnel office will make the call within seven days of having been notified.

4. Before calling on the next of kin the representative of the personnel office will prepare for the call by checking the following items concerning the deceased employee:

- i. Accrued vacation at time of death;
- ii. Salary during last year at time of death;
- iii. Credit Union membership of deceased if any;
- iv. Union benefits if any for the deceased;
- v. Social Security Benefits.

5. The representative of the personnel office will endeavor to provide advisory information to the next of kin on all employment-related benefits. If the representative cannot supply the information, he will refer the kin to those State offices which can provide the information. It should be noted that information regarding the amount in the pension system and the amount of insurance can be obtained from the Division of Pensions only by the beneficiary who was designated as such by the employee.

6. The representative of the personnel office will file a memorandum of what information and advice was given to the next of kin. This memorandum will be held in the Personnel Office and kept in the files for one year after the death of the employee.

7. Copies of any correspondence with the next of kin will also be kept on file for one year.

8. Retired employees will not be a part of this program.]

Displaced Manpower Placement**

Proposed Repeal: N.J.A.C. 4:2-16.3 (formerly published as CSPM 16-5.102 (State))

Authorized By: Civil Service Commission, Peter J. Calderone, Director of Administrative Practices and Labor Relations.

Authority: N.J.S.A. 11:1-7a, 11:5-1a, 11:6-2e, 11:9-12 and 11:15-9.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

The Civil Service Commission thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-65.

The agency proposal follows:

Summary

In the past, whenever reductions in force resulting in layoffs have occurred, the Department of Civil Service has invoked the procedures of N.J.A.C. 4:2-16.3 formerly published as C.S.P.M. 16-5.102 (State) in order to assist a laid off employee find another position for which he or she is qualified. Although the initial intent of the program was meritorious, the actual benefit to the affected displaced employees has been minimal with few employees actually being placed. Of over 2,000 persons certified, approximately 10 have actually been placed and even these appointments were provisional which required qualifying examinations. Aside from lateral displacement rights, demotional rights and special reemployment rights, there are several other procedures available to laid off employees seeking to remain in State employment. The Division of Personnel Services, for instance, maintains a roster of displaced employees and current openings available throughout State Government. The Division of EEO/AA also maintains resumes of persons interested in State employment. Instituting the displaced manpower program whenever a layoff occurs is not only costly and burdensome but is an unnecessary duplicative effort which could conflict with other established departmental procedures.

Social Impact

As mentioned above, few displaced employees have benefitted from this program; therefore, any social impact will be minimal at best.

Economic Impact

With the elimination of this program, Division of Examination personnel will be relieved of the burdensome procedures involved in administering the program with substantial savings in time and labor. Examination personnel will then be able to do those duties they are legally obligated to perform.

Full text of the proposal follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]).

4:2-16.3 [Displaced manpower placement] (Reserved)

[(a) The purpose of this program is to afford permanent State employees who have been laid off and are still without State employment, an opportunity to return to State employment based on their qualifications.

(b) This section describes the procedure that will be followed by the Department of Civil Service in administering the Displaced Manpower (Job Bank). It will apply to all classified position vacancies whether budgeted, authorized or temporary and to all permanent employees and employees who have begun but not completed their working test period, who have been laid off from competitive, non-competitive and labor division positions and are without State employment. It differs from and is in addition to the Special Reemployment Lists in that the displaced manpower eligibles will not be referred to positions to which he/she has rights according to the titles on those lists; he/she will be referred to positions in other class titles for which he/she is qualified.

(c) Procedure:

1. Prior to a commitment of employment, the prescribed person-

nel requisition form must be submitted by the appointing authority to the Certification Section, Division of Examinations, for all classified position vacancies whether budgeted, authorized or temporary. This requisition form will be used to clear all statutory Civil Service eligible lists that take precedence over the Displaced Manpower (Job Bank) lists.

2. Priority of eligible lists: Should an employee be laid off, as a result of a Reduction in Force, the order of priorities is as follows:

i. To the same department within which a layoff occurred:

- (1) Special Reemployment List;
- (2) Promotion List;
- (3) Regular Reemployment List;
- (4) Open-Competitive List;
- (5) Approved Appropriate Open-Competitive List;
- (6) Displaced Manpower (Job Bank) List;
- (7) Affirmative Action Job Bank List.

ii. To another department:

- (1) Promotion List;
- (2) Special Reemployment List;
- (3) Regular Reemployment List;
- (4) Open-Competitive List;
- (5) Approved Appropriate Open-Competitive List;
- (6) Displaced Manpower (Job Bank) List;
- (7) Affirmative Action Job Bank List.

3. It will be mandatory for appointing authorities to consider eligibles from the Displaced Manpower (Job Bank) List before hiring an individual with no status. An interview or an attempt to interview the Job Bank eligibles must be made.

4. Appointing authorities shall certify on CS-21 forms that they have requisitioned referrals and all interested, qualified employees who have been laid off have been considered for the position. The status of appointees selected from the Displaced Manpower List shall be designated on the CS-21 form as "PA pending qualifying examination." The Division of Examinations will then schedule and conduct the appropriate qualifying examination to enable the employee to obtain permanent status.

5. The Division of Classification and Compensation will establish a complete roster of permanent employees and employees who began but did not complete their working test period who were laid off and without State employment. The roster will be divided into two categories: permanent employees and employees who began but did not complete their working test period.

6. After a layoff has occurred, the roster of those permanent employees who have been laid off will be reviewed. Prior to the layoff interview a detailed description of the Displaced Manpower (Job Bank) program will be given to all affected employees. Accompanying that description will be the assertion that all affected employees will be required to declare their interest or disinterest in the program at the time of the layoff interview.

7. All interested employees will be given a resume form at the layoff interview for completion and return no later than two weeks subsequent to the layoff effective date. The resume will be completed to establish the employee's education and experience qualifications, occupational and geographic areas of interest or disinterest and minimum salary level that the laid-off employee will consider for future employment possibilities.

8. A resume file will then be established and will form the subsequent referrals to vacant positions.

(d) Conditions:

1. The Displaced Manpower eligibility list will be compiled on the basis of seniority and placements will be made according to seniority regardless of the number of names on the list. Seniority for purposes of the Displaced Manpower Programs is defined and determined in the same manner as it is for layoffs. Only employees who have expressed an interest in being included, will have their names placed on the Displaced Manpower List.

2. Displaced Manpower rights will be limited to titles at the same or lower salary range level as the class title from which the employee was laid off.

3. All appointments will be made on a provisional basis pending qualifying examination.
4. Displaced Manpower Lists will be referred against all classified position vacancies, when requisitioned.
5. Should an appointing authority plan to appoint a CETA employee who has not attained permanent status, to a classified position (whether budgeted, authorized, or temporary), full clearance will be required.
6. The Displaced Manpower List is available for and its use is encouraged for Special Services and Seasonal appointments especially within departments where layoffs occurred.
7. An employee laid off from a non-competitive position may be appointed from the Displaced Manpower List to a competitive position. The status of such an employee will be PA pending open-competitive examination.
8. The Displaced Manpower List will not be referred against a temporary position that exists for six months or less. Should the position not terminate within six months, it shall be considered as though it were a permanent position and the Department of Civil Service shall act to fill the position from the Displaced Manpower List.
9. A name will be removed from the Displaced Manpower List against a specific title whenever the eligible fails to respond to an official notification of availability of a vacant position.
10. Displaced Manpower Lists, as are Special Reemployment Lists, are processed on a Statewide basis and not restricted to a particular department.
11. All permanent employees and all employees who have begun but not completed their working test period who are laid off and without State employment and who express interest, will automatically be placed on all Displaced Manpower Lists for titles for which there are not requirements and for those titles that possess the same, equivalent to or lesser requirements than the title from which the eligible was laid off.
12. If clearance requests as described herein are not received from the appointing authority, the unauthorized employment will be disapproved when the CS-21 form is submitted.
13. If an employee receives an appointment, his/her name will automatically be removed from the Displaced Manpower (Job Bank).]

DIVISION OF HOUSING

Hotels and Multiple Dwellings Maintenance

Proposed Amendments: N.J.A.C. 5:10-2.2, 25.3

Authorized By: Joseph A. LeFante, Commissioner,
Department of Community Affairs.
Authority: N.J.S.A. 55:13A-6(e), -7 and -7.1.
Public Hearing: February 22, 1982.

A public hearing on this proposal will be held on February 22, 1982 at 10:00 A.M. at:

Department of Community Affairs
363 West State Street
Room 105
Trenton, New Jersey 08625

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These

submissions, and any inquiries about submissions and responses, should be addressed to:

Michael L. Ticktin, Esq.
Administrative Practice Officer
Division of Housing
CN 804
Trenton, N.J. 08625

The Department of Community Affairs thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-52.

The agency proposal follows:

Summary

1. N.J.A.C. 5:10-2.2 is amended to add definitions for "attic" and "crawl space", to expand the definition of "common area" to include all areas accessible to management personnel and not part of a dwelling unit, to include storage space and all work areas within the definition of "occupiable room" and to require that tags be affixed stickers.
2. The smoke detector and smoke alarm regulations are amended to make it clear that any conflict between NFPA standards and requirements set forth in the regulations are to be resolved in favor of the latter, that detectors in apartments are to be outside of sleeping areas and that single station units must be connected in a manner consistent with established standards.
3. Standards are established or modified for the placement of detectors.
4. Control panel requirements now applicable to hotels are extended to apply to multiple dwellings over three stories in height or having more than 30 interconnected smoke detector units.
5. Pre-signal alarms and separate zoning for selective alarm annunciation are prohibited in buildings not conforming to New Jersey Uniform Construction Code life safety and smoke control requirements.
6. Local fire protection subcode officials are authorized to allow substitution of heat detectors and areas in which individual approvals for such substitution are not required are set forth.

Social Impact

By providing clarification, the amendments will benefit all persons involved in the installation and inspection of smoke detector systems. By improving the protection required to be provided, the amendments will help preserve both the lives and well-being of building occupants and the property of building owners.

Economic Impact

The most significant economic impact will result from compliance with the control panel requirement. In view of the limitation to larger buildings, it is expected that the economic burden will not be unreasonable and will be amply justified by the improved protection provided.

Full text of the proposal follows (additions indicated in boldface thus; deletions indicated in brackets [thus]).

5:10-2.2 Definitions

...
"Attic" means the space between the ceiling beams of the top story and the roof rafters.
...

"Common area" means all areas accessible to, and which may be utilized by either occupants of a building or the general public, or both, including, but not limited to, vestibules, hallways, stairways, landings and common space and occupiable room or space, as hereinafter defined, which is not part of any dwelling unit. **This definition shall also mean and include any area accessible to the owner or manager or any person employed in the maintenance of the building which is not part of any dwelling unit.**

"Crawl space" means an unoccupiable area in a building not more than 48 inches in height.

"Occupiable room" means a room or space, other than a habitable room, designed for human occupancy or use, in which persons may remain for a period of time for rest, amusement, dining, shopping, storing goods or other similar purposes, or in which [occupants are] persons may be engaged at work.

"Tag" means a sticker [or a piece of oaktag or cardboard, attached or] affixed to a smoke detector containing space for the entry of initials of the person inspecting each detector and the date of inspection.

5:10-25.3 Smoke detectors and smoke alarms

(a) Smoke detectors shall be installed in all hotels and multiple dwellings and shall be Underwriters Laboratories, Inc. (U.L.), Factory Mutual Research Corporation (F.M.) or other nationally recognized testing laboratory listed ionization or photo-electric type units.

1. Single station units shall have the following features: integral alarms capable of emitting a minimum sound intensity of 85 dbA at a 10 foot distance, an easily seen and activated manual unit test button or approved alternative and a power source monitor light or trouble signal. All units shall be listed as conforming to latest U.L. 217 requirements and shall be installed and maintained as per manufacturer's recommendations and shall comply with the latest NFPA No. 72E and No. 74 standards for design and performance, **except as otherwise provided in this section.**

2. (No change.)

(b) All smoke detectors shall be powered by an alternating current (AC), constantly active electric circuit which cannot be deactivated by the operation of any interconnected switching device and shall comply with the latest NFPA-70 (National Electrical Code) requirements, **except as otherwise provided in this section.** As an alternative, battery-powered single station units may be installed in dwelling units provided that the following conditions are met:

1.-2. (No change.)

Re-number 5. as 3.

Re-number 3. as (c).

Re-number 4. as (d).

Re-number (c)-(d) as (e)-(f).

[(e)] (g) Dwelling units in hotels and multiple dwellings shall have smoke detectors installed at locations as follows:

1.-2. (No change.)

3. **In any dwelling unit other than a rooming unit or efficiency apartment, the detector required to be in close proximity to each sleeping area shall be outside of the sleeping area.**

[(f)] (h) Common areas in all buildings that do not comply with the minimum life safety requirements of the New Jersey Uniform Construction Code shall be required to have an approved system of multiple station units installed as hereinafter provided. Detection systems shall be powered by alternating current (AC), constantly active electric circuits which cannot be deactivated by the operation of any interconnected switching device and shall comply with the latest NFPA-70 (National Electric Code) requirements, **except as otherwise provided in this section.** Systems shall consist of smoke detectors of the non-self-contained type and/or single station units so interconnected that the activation of any one unit will simultaneously activate the individual alarms of all other units and/or other

separate alarms in the system. Alarms shall be located so as to be effectively heard above all other sounds, by all the occupants, in every occupied space within the building. All detection units, wiring, and systems installations shall be listed as conforming to the latest U.L. [167, 168] **268** and 217 requirements and shall comply with the NFPA No. 72E and No. 74 standards, **except as otherwise provided in this section.** No system of listed single station units complying to UL 217 requirements, shall be interconnected in a number exceeding the maximum specified by the manufacturer for which an Underwriters Laboratories, Inc. listing was given. The use of a relay or similar type device in order to increase the number of units in the system shall not be permitted. **All components of any type system shall be compatible with each other so as not to void the Underwriters Laboratories, Inc. listing(s) for such components.**

1.-2. (No change.)

3. **All interior common areas other than public corridors, interior stairs and basements or cellars shall have approved smoke detectors installed at spacings not to exceed 900 square feet of floor space coverage per smoke detector. No such detector shall be spaced further than 15 feet from the nearest wall or other vertical building element or be closer than three feet to a window or air vent.**

[3.] 4. All basements or cellars which lack a minimum one hour fire-rated smooth ceiling [surface] assembly shall have approved smoke detectors installed at spacings not to exceed [300] **450** square feet of floor space coverage per smoke detector [unless the detector is listed for a greater allowable spacing]. One of such detectors shall be located on the basement or cellar ceiling as close as possible to the stairway opening, [at the ceiling of the first floor stair landing] or other approved location where the earliest detection of fire would activate the alarm. The maximum spacing between [of] detectors [to conform to U.L./F.M. listings for "1/2S" distances of individual manufacturers units. The "1/2S" distance spacing] in open joist ceilings perpendicular to the joists shall be [one half of that listed for smooth ceiling surface] **15 feet, and the maximum spacing between detectors parallel to the joists shall be 30 feet.** Such detectors shall be installed on the bottom surface of the joists. Compartmentalized and partially enclosed areas shall have additional detectors as required to afford complete protection of the total basement/cellar area in conformity with the above criteria. The activated detector(s) shall set off alarms, which shall be so located to be effectively heard above all other sounds, by all the occupants, in every occupied space within the building not separated from the basement or cellar area by fire walls having a minimum fire-resistance rating of two hours.

[4.] 5. All basements or cellars which have an existing approved minimum one hour fire-rated smooth ceiling assembly shall have a minimum of one approved smoke detector per [625] **900** square feet of area [unless the detector is listed for a greater allowable spacing]. One of such detectors [to] shall be located on the basement or cellar ceiling as close as possible to the stairway opening, [at the ceiling of the first floor stair landing] or other approved location where the earliest detection of fire would activate the alarm. Additional detectors shall be required in ceiling areas that are enclosed or separated by a minimum eight inch dropped girder or similar type projection to afford complete protection of the total basement/cellar area. The activated detector(s) shall set off alarms, which shall be so located to be effectively heard above all other sounds, by all the occupants, in every occupied space within the building not separated from the basement or cellar area by fire walls having a minimum fire-resistance rating of two hours.

[5.] 6. [Additional smoke detector requirements for hotels:] All hotels [greater than three stories] **four stories or more** in height, or [greater than two stories] **three stories or more** in height and having more than 20 rooming units, and all multiple dwellings **four stories or more in height and having 15 or more dwelling units**, shall have approved detection systems located in all interior common areas, connected to a supervisory type [central] listed con-

trol panel conforming to the latest **UL 268 requirements and NEPA No. 72A standards, except as otherwise provided in this section, that is powered by an approved emergency power source as required by the latest NEPA-70 (National Electrical Code). For all such buildings six stories or less in height and having 30 or fewer interconnected smoke detector units, the control panel need not be more elaborate than one which will indicate a fire alarm or system trouble condition (faulty circuit, loose connection in wiring, etc.). The panel shall be located so that it can be monitored 24 hours a day by persons in a responsible position.** [Such smoke detection systems shall be installed so as to include basement and cellar areas, storage rooms, soiled linen collection and sorting areas, rubbish and laundry chutes, refuse collection and disposal areas, laundry drying areas with two or more machines, interior corridors, work shops, recreation rooms, attics, enclosed stairways, escalators, kitchen, places of assembly, infirmaries and public foyers.]

7. All buildings seven stories or more in height, or having more than 30 interconnected smoke detector units, shall have approved smoke detection systems installed in all common interior areas, which are connected to a supervisory type listed control panel conforming to the latest UL 268 requirements and NFPA - 72A standards, except as otherwise provided in this section that is powered by an approved emergency power source as required by the latest NFPA - 70 (National Electrical Code). The control panel shall be capable of indicating a fire alarm or system trouble condition and shall also visually indicate the floor or building area from which the alarm was activated. The panel shall be so located that it can be monitored 24 hours a day by persons in a responsible position.

8. A pre-signal alarm feature and/or the separate zoning of floors in multiple story hotels and multiple dwellings for selective alarm annunciation are not permitted, unless the building conforms to the minimum life safety fire protection and smoke control requirements of the New Jersey Uniform Construction Code for high-rise buildings.

[(g)](i) With the approval of the [Bureau,] local fire protection subcode official, fixed temperature or rate-or-rise and fixed temperature heat detectors may be substituted for smoke detectors in those locations where frequent nuisance alarms would be likely to occur. Building spaces not requiring individual approvals are: garages, crawl spaces, uninhabitable attics, heater and boiler rooms, laundry rooms and other such rooms where the ambient temperatures are under 40 degrees Fahrenheit or are above 100 degrees Fahrenheit and/or have a relative humidity either under 20 percent or above 85 percent. The maximum spacing between heat detector units and the nearest side wall or partition shall not exceed the spacings permitted by Underwriters Laboratories, Inc. standards.

PINELANDS COMMISSION

New Jersey Pinelands Comprehensive Management Plan

Public Notice: N.J.A.C. 7:50

Take notice that on January 8, 1982, the New Jersey Pinelands Commission adopted certain amendments to the New Jersey Pinelands Comprehensive Management Plan (N.J.A.C. 7:50). A notice

of proposed rule concerning the Plan was published in the New Jersey Register on September 10, 1981 at 13 N.J.R. 569(a).

The amendments, as adopted, have been submitted to the Governor of New Jersey and the United States Secretary of the Interior for review pursuant to N.J.S.A. 13:18A-1 et seq. and Section 502 of the National Parks and Recreation Act of 1978, respectively. The adopted amendments will thereafter be submitted to the Office of Administrative Law for acceptance, filing, and promulgation pursuant to N.J.S.A. 52:14B-1 et seq. as implemented by N.J.A.C. 1:30. The adopted amendments will not be effective until a notice of adoption is published in the Register.

HIGHER EDUCATION

BOARD OF HIGHER EDUCATION

State College Personnel Policies Limitations for Professional Classification

Proposed Amendments: N.J.A.C. 9:2-2.12

Authorized By: Board of Higher Education, T. Edward Hollander, Chancellor and Secretary.

Authority: N.J.S.A. 18A:3-14(h) and 18A:3-15.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Eric M. Perkins
Administrative Practice Officer
Department of Higher Education
225 West State Street
Trenton, New Jersey 08625

The Board of Higher Education thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-50.

The agency proposal follows:

Summary

The proposal increases the percentage of teaching faculty members at public four year colleges who may be in the upper two faculty ranks of professor and associate professors from 55 to 60 percent.

Social Impact

The proposal will enable colleges to recognize outstanding faculty by promotion. The current limitation effectively prevents promotions at most public four year colleges.

Economic Impact

The proposal will permit approximately 120 promotions at the nine State colleges. The increased salary and benefit costs will depend on the actual number of such promotions and the step on the salary scale of the promoted faculty member.

STUDENT ASSISTANCE BOARD

Tuition Aid Grant Program
1982-1983 Award Table

Proposed Amendments: N.J.A.C. 9:7-3.1

Authorized By: Student Assistance Board, Luis Nieves, Chairman.
Authority: N.J.S.A. 18A:71-47(b) and 18A:71-48.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Eric M. Perkins
Administrative Practice Officer
Department of Higher Education
CN 542
225 West State Street
Trenton, New Jersey 08625

The Student Assistance Board thereafter may adopt this proposal without further notice (see N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-58.

The agency proposal follows:

Summary

The proposal establishes an increased award table for the Tuition Aid Grant programs for the 1982-83 academic year.

Social Impact

The Tuition Aid Grant program provides awards based on financial need to enable students to obtain an undergraduate degree from both public and private colleges.

Economic Impact

The proposed award table is consistent with the FY83 budget request of the Department of Higher Education and provides increased awards over the existing table, reflecting increased tuition rates and related college costs.

Full text of the proposal follows (additions indicated in boldface thus; deletions indicated in brackets [thus]).

9:7-3.1 Tuition Aid Grant Award Table

The value of the grant[, which ranges from a minimum of \$100.00 to a maximum of \$1,400,] is related to the tuition charges of the various institutional sectors in New Jersey and the student's ability to pay for educational costs. The award table below shows approximate award levels depending upon tuition and ability to pay.

Sponsors of Aliens; Deeming of Income

Proposed Amendments: N.J.A.C. 10:85-3.4

Authorized By: Timothy Carden, Commissioner,
Department of Human Services.
Authority: N.J.S.A. 44:8-11(d).

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Trenton, New Jersey 08625

The Department of Human Services thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-51.

The agency proposal follows:

Summary

This proposal provides that when an alien admitted for permanent residence has a sponsor who is an individual, the income of the sponsor above his/her own needs, calculated at assistance levels, is assumed to be available to the alien for three years in the determination of General Assistance eligibility.

Social Impact

For aliens whose sponsors are individuals (rather than organizations) who have incomes above assistance levels, either the sponsor or the alien will be forced to find some means of support, in whole or part, other than General Assistance for the alien.

Economic Impact

For some few legally admitted aliens, no General Assistance will be available. For others, amounts of assistance will be reduced. For the assistance agency, the costs of investigation and administration will be offset, in whole or part, by assistance cost savings. For the State, a small but unknown benefit may accrue because the State will participate in assistance savings but not in the administrative costs.

Full text of the proposal follows (additions indicated in boldface thus).

10:85-3.4 Resources

(a) (No change.)
(b) **Identification:** The person(s) applying for assistance shall identify all his/her resources, shall assist in their evaluation, and, where indicated, shall participate in planning and carrying out their liquidation. The failure of any individual to identify a resource and to participate in its evaluation and/or liquidation shall render the individual ineligible for assistance.

ii. (No change.)

iii. The income and resources of an alien's sponsor shall be deemed to be unearned income and resources of an alien applicant or recipient for three years following the alien's entry into the United States. For purposes of this section, a sponsor is an individual (not an organization) who executed an affidavit of support or similar agreement on behalf of an alien (who is not the sponsor's child) as a condition of the alien's entry into the United States. No income or resources shall be deemed from a sponsor who is receiving public assistance.

iv. The amount of income of a sponsor which shall be deemed to be the unearned income of an alien shall be determined as follows:

(1) The sponsor's monthly earned income (and that of his/her spouse if living with the sponsor) shall be reduced by 20 percent (not to exceed \$175.00) plus the full amount of any costs incurred in producing income from self-employment.

(2) The amount determined in (b)iv(1) above shall be added to the unearned income of the sponsor (and that of his/her spouse if living with the sponsor).

(3) The amount determined in (b)iv(2) above shall be reduced by the following:

(A) The appropriate amount in Schedule I or II as applicable for the sponsor, spouse, and other persons residing in his/her household who are claimed by the sponsor as dependents for Federal personal income tax liability and who are not recipients of public assistance;

(B) Any amounts actually paid by the sponsor to people not living in the household who are claimed by the sponsor as dependents for Federal personal income tax liability; and

(C) Actual payments of alimony or child support with respect to individuals not in the household.

(4) The remaining amount shall be deemed to the alien and shall be counted as unearned income in the determination of eligibility and grant amount.

v. The amount of resources (and of the sponsor's spouse if living with the sponsor) shall be determined in accordance with the provisions of this manual. The value of the sponsor's resources shall be reduced by \$1,500 and remaining amount shall be deemed available to the alien and counted in the determination of eligibility and payment level.

vi. In any case where a person is the sponsor of two or more aliens who are living in the same home, the income and resources of the sponsor (and the sponsor's spouse if living with the sponsor), to the extent the income and resources would be deemed to any one of the aliens under the provisions of this section shall be equally divided among the aliens.

vii. Income and resources which are deemed to an alien shall not be considered in determining the need of other unsponsored members of the alien's family except to the extent the income and resources are actually available.

viii. Any sponsor of an alien, and the alien, shall be jointly and severally, liable for any overpayment made to the alien during the three years after the alien's entry into the United States that was caused by the sponsor's failure to provide correct information under the provisions of this section, except where the sponsor was without fault or where good cause existed.

(1) Any overpayments described in (b)viii above which are not repaid or recovered shall be withheld from any future General Assistance payments to which the alien or sponsor is entitled.

Emergency Grants and Treatment of Regular Assistance Grant

Proposed Amendments: N.J.A.C. 10:85-4.6

Authorized By: Timothy Carden, Commissioner,
Department of Human Services.
Authority: N.J.S.A. 44:8-111(d).

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

G. Thomas Riti, Director
Division of Public Welfare
CN 716
Trenton, New Jersey 08625

The Department of Human Services thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-47.

The agency proposal follows:

Summary

Funds from regular assistance grants are expected to meet the day to day living expenses of recipients. Being allocated to those expenses, such funds are not available to meet costs of emergencies as defined within the context of regulations. This proposal clarifies implicit current policy and draws distinction between regular and emergency grants of assistance, thereby preventing calculations which would in effect require that funds be spent twice.

Social Impact

Social impact may take the form of a slight increase in the municipal agency's ability to meet the costs of emergencies for a small number of recipients whose benefits would otherwise have been miscalculated.

Economic Impact

For the reasons indicated above, the Department foresees little or no economic impact.

Child: 5 through 12	48.00
Child: Birth through 4	29.00

i. Funds from the regular assistance grant or funds considered in developing the amount of that grant are not to be considered in computing the amount of payment for replacement of clothing lost or destroyed in the incident giving rise to the emergency.

4. Emergency house furnishings: When authorized under [subsection] (a) above [of this section], emergency grants for house furnishings which the MWD deems urgent and essential to the physical health and safety of the eligible unit shall not exceed the maximum allowances in the following table, which are applicable to NEW items. Where satisfactory used items in good condition are available, the amount granted shall be proportionately less, to be determined through the sound and reasonable discretion of the MWD.

(No change in table.)

i. Funds from the regular assistance grant or funds considered in the development of that grant are not to be considered in computing the amount of payment for replacement of house furnishings lost or destroyed in the incident giving rise to the emergency.

DIVISION OF YOUTH AND FAMILY SERVICES

Children's Shelter Facilities and Homes Manual of Standards

**Proposed Amendment: N.J.A.C. 10:124
Proposed Repeal: N.J.A.C. 10:130**

Authorized By: Timothy Carden, Commissioner,
Department of Human Services.
Authority: N.J.S.A. 30:1-15, 30:4C-4 and 2A:4-42 et seq.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Richard Crane, Chief
Bureau of Licensing
Division of Youth and Family Services
One South Montgomery Street
CN 717
Trenton, New Jersey 08625

The Department of Human Services thereafter may adopt this proposal without further notice (see N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-61.

The agency proposal follows:

Summary

The proposal is a manual of standards for children's shelter facilities and homes. Such facilities and homes provide 24-hour-a-day residential care for children in a non-physically restrictive environment for a period of usually less than 30 days. The proposal replaces

the Manual of Standards for Shelters Accepting Juveniles Awaiting Court Disposition and the Manual of Standards for Children's Shelters, which are proposed for repeal.

Since a similar population is served in shelters providing temporary care in New Jersey, the new Manual of Standards for Children's Shelter Facilities and Homes is proposed to consolidate, simplify and clarify regulations pertaining to such facilities that were previously found in the Manual of Standards for Shelters Accepting Juveniles Awaiting Court Disposition and the Manual of Standards for Children's Shelters. The population served in children's shelter facilities and homes are those children who are abused, abandoned, dependent, neglected, charged as or awaiting adjudication as juvenile status offenders pursuant to N.J.S.A. 2A:4-42 et seq.) or minor delinquent offenders who do not require secure detention or incarceration. The use of one consolidated manual of standards for this population instead of the two existing manuals will assist providers of shelter care in complying with a uniform set of minimum baseline requirements without the confusion caused by having to comply with more than one set of regulations, especially since some shelters currently provide care for a population protected by the two manuals proposed for repeal and are now governed by both of those manuals. In addition, the proposal clearly distinguishes minimum staff, program, life/safety and transportation requirements to be met by a shelter facility; that is, a facility caring for a minimum of six children and a maximum of 25 children from the minimum requirements to be met by a shelter home; a private residence caring for five or fewer children.

The proposal will assist the enforcing agency in efficiently fulfilling its delegated statutory authority by providing clear and specific requirements for shelter facilities and homes in one manual of standards.

Social Impact

The proposal will affect some 21 Juveniles In Need of Supervision (JINS) shelters, 10 children's shelters and 30 shelter homes now required to be approved, specified and/or inspected in accordance with N.J.S.A. 30:1-15, N.J.S.A. 30:4C-4 and N.J.S.A. 2A:4-42 et seq. The children receiving temporary care in such shelters and homes are placed during a period of crisis in their lives caused by familial breakdown or other factors. Such children may have committed a status offense, minor delinquent offense or be a victim of abuse, neglect or abandonment due to this breakdown, necessitating temporary shelter care on their behalf. The proposal recognizes that the children served in all shelter care facilities have similar service needs. The consolidation of standards will ensure that all children in need of shelter care will receive the same level of care and service. The consolidation will also eliminate duplicative and, in some areas, conflicting standards governing those shelter facilities which now serve both status offenders and other children and that are now subject to separate manuals of standards.

Economic Impact

The Division expects that the proposal will minimize the costs for shelter facilities and cause no discernible economic impact for shelter homes in complying with the requirements of the proposed new Manual of Standards for Children's Shelter Facilities and Homes.

Opportunities for cost-saving by shelter facilities under the proposed new manual include the allowance of volunteers to be utilized to substitute for paid staff members, provided that the volunteers possess the same qualifications as paid staff members; the financial burden of educating children in care is placed with each child's school district of residence, rather than the shelter facility; more latitude is given the shelter facility in providing for required medical examinations for children in care; and staff/child ratios are clearly defined and provide the shelter facility alternatives to insure minimum staff coverage in a cost-saving manner without jeopardizing the health or safety of the children served.

Full text of the proposal follows. The present text of N.J.A.C. 10:124 (which is proposed for deletion in its entirety) and 10:130 (which is proposed for repeal) can be found in the New Jersey Administrative Code.

CHAPTER 124
MANUAL OF STANDARDS FOR CHILDREN'S
SHELTER FACILITIES AND HOMES

SUBCHAPTER 1. GENERAL PROVISIONS

10:124-1.1 Legal authority

(a) This chapter is promulgated pursuant to N.J.S.A. 30:1-15, N.J.S.A. 30:4C-4 and N.J.S.A. 2A:4-42 et seq.

(b) Under N.J.S.A. 30:1-14 and N.J.S.A. 30:4C-4, the Department of Human Services is authorized to inspect, evaluate and approve publicly or privately operated shelter facilities and/or homes that:

1. Provide board, lodging or care for children who are placed or financed by the Division of Youth and Family Services or any other State agency; and
2. Are not subject to licensing or regulation by any State agency.

(c) Under N.J.S.A. 2A:4-42 et seq., the Department of Human Services is mandated to inspect, evaluate and "specify" (approve) shelter facilities and/or homes that:

1. Are operated either directly or indirectly by a county government agency; and
2. Provide board, lodging or care primarily for adjudicate juvenile status offenders, as defined by State law, who are awaiting court disposition or post-disposition action.

(d) In order to be eligible to provide care for children, a shelter facility and/or home described in (b) or (c) above shall demonstrate to the satisfaction of the Department of Human Services or its duly authorized agent through such methods and procedures as may be prescribed that it complies with the rules and regulations contained in this chapter, which shall constitute minimum standards only.

(e) Responsibility for insuring that such shelter facilities and/or homes comply with the provisions of the statutes cited in (a) above and of this chapter is hereby delegated by the Department of Human Services to the Bureau of Licensing of the Division of Youth and Family Services.

(f) Under N.J.S.A. 30:1-15, the Department of Human Services is authorized to "visit and inspect" publicly or privately operated shelter facilities and/or homes that:

1. Provide board, lodging or care for children who are not placed or financed by the Division of Youth and Family Services or any other State agency; and
2. Are not subject to licensing or regulation by any State agency.

(g) The Department of Human Services or its duly authorized agent is authorized to "visit and inspect" such facilities and/or homes as noted in (f) above, to assess the general health, safety, and well-being of the children and the care and treatment they are receiving. Although such shelter facilities and/or homes cannot be required to comply with the rules and regulations contained herein, the Department may use these rules and regulations as the basis for its inspection.

10:124-1.4 Capacity and location of shelter facilities and homes

(a) Capacity:

1. Shelter facility: A facility which provides care for a minimum of six and a maximum of 25 children. However, a shelter facility established after the effective date of this chapter shall not exceed a maximum capacity of 12 children, unless approved by the Division.

2. Shelter home: A home which provides care for a maximum of five children.

(b) Location: A shelter facility or home shall:

1. Be within easy access to community schools and programs and transportation resources; and
2. Not be part of a detention, jail or other lock-up facility.

10:124-1.5 Approval requirements

(a) A shelter facility or home shall obtain approval from the Bureau pursuant to the legal authority specified in N.J.A.C. 10:124-1.1(b) and (c) prior to establishment or operation.

(b) The Bureau shall conduct on an annual basis an on-site physical facility and programmatic inspection of a shelter facility and a programmatic inspection of a shelter home to determine compliance with this chapter.

(c) If a shelter facility or home meets all applicable provisions of this chapter, a letter of approval shall be issued by the Bureau.

(d) The Bureau shall provide notice if a letter of approval shall not be issued.

(e) If the Bureau determines that a shelter facility or home is in substantial compliance with all applicable provisions of this chapter, providing that no serious or imminent hazard affecting the children exists, the Bureau may issue a letter of temporary approval.

(f) When a letter of temporary approval is issued, the Bureau shall provide a written statement explaining what the shelter facility or home must do to achieve full compliance.

(g) The letter of approval or temporary approval shall be kept on file at the shelter facility or at the offices of the shelter home coordinator.

(h) An authorized representative of the Bureau may at any time visit and inspect the shelter facility or home and/or review files, reports or records to determine its compliance with this chapter and/or to investigate a complaint.

(i) A shelter facility or home's approval may be denied or revoked for any activity, policy or conduct that presents a serious or imminent hazard to the health, safety and well-being of a child or that otherwise demonstrates unfitness or inability to operate a shelter facility or home.

10:124-1.6 Administrative hearings

(a) To effectuate the purposes of this chapter, the Bureau may initiate an administrative hearing in the interest of justice.

(b) When the Bureau proposes not to approve or not to continue approval of a shelter facility or home, the Bureau shall afford the shelter facility or home notice and opportunity for an administrative hearing.

(c) All administrative hearings shall be conducted pursuant to the Administrative Procedure Act (N.J.S.A. 52:14B-1 et seq. and N.J.S.A. 52:14F-1 et seq.) and the Uniform Administrative Procedure Rules of Practice (N.J.A.C. 1:1).

10:124-1.7 Public access to Bureau records for children's shelter facilities and homes

(a) Files of shelter facilities and homes maintained by the Bureau are public records and shall be readily accessible for examination by any person, under the direction and supervision of the Bureau, except when public access to records is restricted in keeping with the State Public Records Law or other appropriate statutes.

(b) The Bureau shall establish policies governing the review by the public of shelter facility and/or home records.

SUBCHAPTER 2. ADMINISTRATION

10:124-2.1 Statement of purpose

A shelter facility or a shelter home coordinator shall maintain on file a written statement of purpose for the shelter facility or home(s). The statement of purpose shall include a description of policies, purpose(s), objectives, service offered, eligibility requirements and financial agreements for the care and treatment of children, in accordance with provisions of this chapter.

10:124-2.2 Intake and admissions procedures

(a) Each child placed in a shelter facility or home shall receive a medical examination within 72 hours of placement, unless the child received a medical examination within 30 days prior to placement. However, when the shelter facility or shelter home parent suspects

that a child is ill or carrying a contagious disease, s/he shall be examined immediately upon admission.

(b) A physician shall perform the medical examination given to a child within 30 days prior to placement and either a physician or nurse shall perform the medical examination given immediately upon admission or within 72 hours of placement. If the examination is performed by a nurse, the child shall receive a medical examination performed by a physician within 10 days following admission.

(c) Upon admission, the shelter facility or the shelter home coordinator shall obtain pertinent factual and identifying information including, as a minimum, the following:

1. Child's name (and nicknames), gender, date of birth, religion and race;
2. Name, address, phone number and relationship to the child of the person(s) with whom the child was living at the time of admission;
3. Name, address, phone number of the father, mother, foster parent(s), if different from above;
4. Name, address and phone number of the person to notify in an emergency;
5. Name of siblings, their ages, and gender;
6. School attended, grade level and employer, if any;
7. Name, address and phone number of the person bringing the child to the shelter facility or home;
8. Name of agency, if any, authorizing the child's placement;
9. Reason for placement of the child;
10. Date(s) and length of stay of previous admissions and releases, if any;
11. Child's medical history, chronic conditions, past serious illnesses, allergies, special diet; and
12. Whenever a child is in need of emergency medical or surgical care, a consent form for such care shall be signed by the parent(s).

(d) Upon admission to a shelter facility or home, any potentially dangerous property in the child's possession shall be removed; however, the child shall not be "frisked" or "strip-searched" by a staff member(s) or shelter home parent(s). A child suspected of being in possession of a weapon shall be searched by a law enforcement officer.

(e) Following admission, to a shelter facility or home, each child shall be:

1. Given/take a bath or shower;
2. Provided with clean clothing;
3. Given a secure place to store valuables;
4. Informed of house rules and regulations; and
5. Informed of fire exits and evacuation procedures.

10:124-2.3 Reporting requirements

(a) The shelter facility or shelter home coordinator shall notify the Bureau within 24 hours after any of the following changes and events:

1. Unanticipated temporary or permanent closing of a shelter facility or home;
2. Legal action against a shelter facility/staff member or shelter home/shelter home parent which involves or affects any child or the operation of the shelter facility or home;
3. Serious damage to the premises of the shelter facility or home caused by fire, accident or the elements; or
4. Serious injury requiring hospitalization or action(s) resulting in the death of a child which occurred while the child was on the premises of the shelter facility or home or while in the care of shelter facility staff member(s) or shelter home parent(s).

(b) The shelter facility or shelter home coordinator shall notify the Bureau in writing at least 30 days prior to any of the following proposed changes and events:

1. Anticipated temporary or permanent closing or relocation of the shelter facility or home for any reason;
2. Name or administration of the shelter facility; or
3. Administrative, social service, medical or child care staff members of the shelter facility.

10:124-2.4 Records

(a) General requirements for shelter facilities and homes:

1. Records required to be maintained by the shelter facility or home pursuant to this chapter shall be kept on file at the shelter facility or at the shelter home coordinator's office.

2. Records shall be open for inspection by an authorized representative of the Bureau.

3. The shelter facility or shelter home coordinator shall ensure the confidentiality of records, in accordance with State law.

(b) Children's records for shelter facilities and homes: The shelter facility or shelter home coordinator shall keep on file a record for each child, which shall be retained for at least one year following the discharge of the child. The record shall include:

1. Identifying information, as specified in N.J.A.C. 10:124-2.2 (c);

5. A current copy of this chapter (Manual of Standards);

6. Staff members' work schedules and time sheets;

7. A shift log book, which allows every staff member to comment on the activities of his/her working shift on a daily basis;

8. A medication log book, as specified in N.J.A.C. 10:124-4.1(e);

9. A behavior management room log book, as specified in N.J.A.C. 10:124-4.10(g)4;

10. A record of policies and procedures regarding discipline and control, as specified in N.J.A.C. 10:124-10(a);

11. A record of all incidents/accidents, recorded on an incident/accident report form, including all details of the incident/accident and any action(s) taken by the staff/administration;

12. A record of a listing of approved visitors for each child, as specified in N.J.A.C. 10:124-4.11(c);

13. A record of the health procedures, as specified in N.J.A.C. 10:124-4.1(a);

14. A record of menus of food served to the children for a period of not less than the past 30 days; and

15. A record of signed parental consent for a child participating in fund raising, publicity, photographing and audio or audiovisual activities related to the shelter facility.

(e) Shelter home coordinator administrative records: The shelter home coordinator shall keep on file the following:

1. A written record of each shelter home parent including the following information:

i. Application to provide shelter home care that shall include:

(1) Identifying and background information for all members of the

household;

(2) Three personal references for the shelter home parent(s);

(3) A physician's statement attesting to the satisfactory physical and emotional health of all members of the household; and

(4) Evidence of a police check of all adult members of the household; and

ii. If terminated or inactive, the date and reason.

iii. The shelter home parent records in (e)1i and ii above shall be retained for at least one year following a shelter home parent's separation;

2. A current copy of this chapter (Manual of Standards);

3. A record of the health procedures, as specified in N.J.A.C. 10:124-4.1(a); and

4. A record of signed parental consent for a child participating in fund raising, publicity, photographing and audio or audiovisual activities related to a shelter home.

SUBCHAPTER 3. STAFF REQUIREMENTS

10:124-3.1 Basic information

(a) Every shelter facility staff member, shelter home coordinator and shelter home parent shall:

1. Be at least 18 years of age;

2. Be of good character and reputation;

3. Respect and understand children and be sensitive to and capable of meeting their needs;

4. Have a capacity to work and confer with professionals, consultants, parents and community groups;

5. Make a full disclosure of his/her background, experience, previous work, schooling, and arrests and convictions, if any; and

6. Be in satisfactory physical, mental and emotional health to perform his/her job duties satisfactorily.

(b) A shelter facility staff member, shelter home coordinator or shelter home parent's following action(s) shall constitute grounds for suspension or termination from the job;

1. Failure to comply with the requirements stated in (a) above;

2. Failure to fulfill the responsibilities and duties of his/her position; and/or

3. Evidence of conviction for a crime of violence, moral turpitude and/or child abuse, neglect or exploitation.

(c) Every shelter facility shall have:

1. An administrator who shall be responsible for the actual operation and management of the shelter facility;

2. A social service worker, who shall be responsible for developing and implementing the shelter facility's social service program;

3. Licensed medical, licensed dental and psychological personnel, on either a staff or consultation basis, who shall be responsible for insuring that the medical, dental and psychological needs of the children are met;

4. Child care workers who shall be responsible for providing daily care and supervision of the children;

5. A staff member designated to direct and be responsible for providing food services. If the staff member is not a registered dietician, the shelter shall arrange to receive consultation from a registered dietician, who shall approve the menus; and

6. Staff who shall be responsible for conducting everyday house-keeping and maintenance functions.

(d) A shelter facility may utilize volunteers and/or college students provided that the following requirements are met:

1. Volunteers and/or college students shall be aware of and have input into the service plan for children they are working with directly and be briefed fully on any special needs or problems they might encounter in working with these children on a continuing basis;

2. A volunteer may serve in a staff position provided that s/he:

i. Meets the qualifications for the position;

ii. Signs a statement agreeing to meet the specific duties and responsibilities of the position; and

iii. Has the time necessary to serve in the position on a regular basis; and

3. A college student may be utilized to supplement and enhance program services but shall not serve in a staff position.

10:124-3.2 Health requirements for shelter facility staff

(a) Tuberculin testing requirements:

1. Prior to or upon employment, each staff member of a shelter facility who comes in contact with the children for at least one full day a week shall take a Mantoux tuberculin skin test with five TU (tuberculin units) of PPD tuberculin and submit to the shelter facility written proof of the results of the test.

2. If the Mantoux tuberculin test result is insignificant (0 to 9 mm of induration), no further testing shall be required. The Bureau of shelter facility shall have the authority at any time in the future to require a staff member to retake the Mantoux tuberculin test, if there is reason to believe or suspect that the staff member may have contracted tuberculosis.

3. If the Mantoux tuberculin skin test results is significant (10 or more mm of induration), the individual shall take a chest x-ray. If the chest x-ray shows significant results, the staff member may not come in contact with the children unless s/he submits to the shelter facility a written statement from a physician certifying that s/he poses no threat to tuberculosis contagion.

4. Any person who fails to submit to or to receive satisfactory results from the tuberculin testing requirements, as described in (a)1 through 3 above, shall be prohibited from having contact with the children at the shelter facility.

(b) Prior to employment, and at least once every three years thereafter, each staff member of a shelter facility who comes in contact with the children for at least one full day a week shall submit a written statement from a physician that s/he is in good health and free from chronic or recurrent communicable disease. The initial statement shall be based on an examination conducted within the six months immediately preceding such person's association with the shelter facility.

(c) Any staff member who, upon examination, shows indication of a physical, emotional or mental condition that could be hazardous to a child, other staff or self or that would otherwise prevent satisfactory performance of duties shall not be assigned or returned to a position until the condition is alleviated to the satisfaction of the examining physician and the administrator.

10:124-3.3 Qualifications for shelter facility staff

(a) Administrator: The administrator of the shelter facility shall:

1. Have a bachelor's degree from an accredited college or university and three years of professional experience in the human services field, one year of which shall have been a supervisory, administrative or clinical position; or

2. Have a master's degree from an accredited graduate school in one of the areas of study in the human services field, and two years of professional experience in the human services field, one year of which shall have been in a supervisory or administrative position; or,

3. If applicable, meet the civil service requirements for the position.

(b) Social service staff: All social service workers of a shelter facility shall:

1. Have a bachelor's degree in social work or a related field from an accredited college or university and one year of professional experience in the human services field; or

2. Have a master's degree in social work or a related field from an accredited graduate school; or

3. If applicable, meet the civil service requirements for the position.

(c) Child care staff: All child care workers of a shelter facility shall:

1. Have a bachelor's degree from an accredited college or university; or

2. Have a high school or high school equivalency diploma and at least one year of work experience involving the supervision of children in the human services field; or

3. If applicable, meet the civil service requirements for the position.

10:124-3.4 Qualifications for shelter home coordinator and shelter home parent

(a) Shelter home coordinator: The shelter home coordinator shall:

1. Have a bachelor's degree in the human services field from an accredited college or university and one year of professional experience in the human services field; or

2. Have a master's degree in the human services field from an accredited graduate school; or

3. If applicable, meet the civil service requirements for the position.

(b) Shelter home parent: A shelter home parent shall:

1. Be financially stable to provide food, shelter and clothing for the shelter home family;

2. Be positively motivated to provide shelter home care;

3. Possess a realistic understanding of the positive and negative aspects of being a shelter home parent;

4. Have the ability and willingness to work cooperatively with the shelter home coordinator and the Bureau; and

5. Have the ability and willingness to maintain confidentiality regarding a shelter home child and his/her family.

10:124-3.5 Staff/child ratios for shelter facilities

(a) A minimum of two staff members shall be on duty at the shelter facility when children are present.

(b) Each shelter facility shall provide minimum staff/child ratios based on the number of children in residence at the shelter facility as stated below:

1. Child care:

i. During waking hours, the child care staff/child ratios shall be as follows:

Child care staff	Number of children
1	Up to 8
2	9-14
3	15-20
4	21-25

ii. During sleeping hours, there shall be a minimum of two child care workers on duty at the shelter facility, one of whom shall be awake and responsible for the supervision of the children.

2. Social services:

i. There shall be a minimum of one social service worker at the shelter facility.

ii. Shelter facilities with 12 or fewer children in residence may provide for the services of not more than two social service workers on a part-time basis. The total of social service hours provided shall amount to not less than 20 hours of service per week.

10:124-3.6 Staff development and evaluation for shelter facilities

(a) The shelter facility shall have written annual staff evaluation on on-going in-service training programs for all staff members.

(b) Upon employment, every staff member shall be instructed in all emergency procedures, administrative procedures and the shelter facility's service program.

(c) The shelter facility shall insure that every new staff member is accompanied on his/her duties by an experienced staff member(s) as part of an orientation program.

10:124-3.7 Governing body/citizens board for shelter facilities

(a) Every shelter facility shall have a governing body/citizens board which shall either:

1. Be responsible for and have authority over the policies and operation of the shelter facility; or

2. Provide advice and counsel to the shelter facility on the policies and operation of the shelter facility.

(b) A shelter facility staff member shall not serve as a member of the governing body/citizens board for that shelter facility.

(c) Every governing body/citizens board shall meet at least twice a year.

SUBCHAPTER 4. PROGRAM REQUIREMENTS

10:124-4.1 Health

(a) The shelter facility or shelter home coordinator shall prepare and implement written procedures for medical and dental health services and psychological/psychiatric services, as needed, for all children in care.

(b) The shelter facility or shelter home shall have immediate access to the services of licensed physicians and nurses on a 24-hour, seven-days-a-week basis to insure that general health services are provided.

(c) Prescription medication shall be administered to a child by shelter facility staff members or shelter home parents only when authorized by a physician.

(d) Non-prescription medication shall be administered to a child by shelter facility staff members or shelter home parents only when authorized by a physician or nurse.

(e) When any medication is administered to a child at a shelter facility, an entry shall be made in a medication log book, which shall contain the following information:

1. Name of child receiving medication, whether prescription (including psychotropic medication) or non-prescription;
2. Type of medication, dosage and intervals between dosages;
3. Reason for medication;
4. Time medication was administered;
5. Signature and title of staff member dispensing medication; and
6. Name of authorizing physician for prescription medication.

(f) When serious accidents or illnesses occur to a child, the shelter facility or shelter home parent shall take the necessary emergency action and the shelter facility or shelter home coordinator shall notify the parent(s) immediately.

(g) For children who are unable to provide for their own personal care and hygiene, the shelter facility or shelter home parent shall properly bathe, groom and provide other necessary health and personal hygiene services to meet their needs.

(h) The shelter facility or shelter home parent shall insure that the children receive training in good habits of personal care, hygiene, and grooming appropriate to their age and gender.

(i) The shelter facility or home shall furnish or arrange for the provision of personal hygiene items for all children.

(j) The shelter facility shall insure that medical supplies, including prescription and non-prescription medication, are kept under lock and key and all outdated stocks and prescriptions no longer in use shall be disposed of safely.

10:124-4.2 Clothing and personal belongings

(a) The shelter facility or shelter home coordinator shall insure that each child in care has adequate, clean, well-fitting and attractive clothing as required for health, comfort and physical well-being and as appropriate to age, sex, individual needs, community standards and season.

(b) The shelter facility or home shall insure that each child's clothing is kept clean and in good repair.

(c) The shelter facility or home shall insure that provisions are made for the protection of each child's personal property.

10:124-4.3 Food and nutrition requirements for shelter facilities and homes

(a) The shelter facility or home shall provide or arrange for the provision of three nutritious meals a day (breakfast, lunch and dinner) and snacks, as selected from food that is stored, prepared and served in a sanitary and palatable manner.

(b) Meals shall be served at a regularly scheduled time but there shall not be more than 14 hours between the evening meal and the morning meal.

(c) Each meal shall contain a sufficient amount of food for every child; children shall be permitted to have additional serving(s), as needed.

10:124-4.4 Rest, bedroom and sleep

(a) Space requirements for shelter facilities:

1. Any bedroom containing a single bed occupied by one child shall provide a minimum of 70 square feet of floor space, including space that is occupied by furniture.

2. Any bedroom containing single beds and occupied by more than one child shall provide a minimum of 70 square feet of floor space for the first child and 50 square feet of floor space for each additional child, including space which is occupied by furniture.

3. Any bedroom containing bunk beds or any combination of single beds and bunk beds shall provide 50 square feet of floor space for each child, including space which is occupied by furniture.

4. In addition to the minimum square feet of floor space, as stated in (a)1 through 3 above, any bedroom shall not be less than seven feet in any dimension.

5. Any bedroom used by a child shall provide a minimum ceiling height of seven feet and six inches.

(b) General requirements for shelter facilities and homes:

1. Every child shall be provided with a standard household bed or crib, as age appropriate, in sanitary condition.

2. Every set of bunk beds shall be limited to two in height.

3. Every bed or crib shall be equipped with a firm, sanitary washable mattress and waterproof mattress cover.

4. Every child shall be provided with sanitary bed linens that are changed weekly and a blanket or other suitable covering that is cleaned or replaced, as necessary.

5. Two or more children shall not share the same bed.

6. Children, other than infants, shall not share the same bedroom with an adult.

7. A child shall not sleep on the same bed or crib that another child has occupied unless the bed linen is changed.

8. Children five years of age or over shall occupy a bedroom only with a member(s) of the same gender.

9. Any bedroom occupied by children shall have natural light and ventilation provided by one or more windows opening directly to the exterior.

10. An unfinished attic or basement shall not be used for sleeping purposes.

11. All rooms used as bedrooms shall not be used for any other purpose.

12. Each child shall be provided with a chest of drawers or some other permanent arrangements for storage of clothing and other personal belongings, including closet space or the equivalent.

13. Children under the age of five years shall be provided with a separate sleeping room from children five years of age and older.

10:124-4.5 Education

(a) The shelter facility shall insure that each school-age child in care for two weeks or longer receives a minimum educational program provided by the child's school district of residence, pursuant to N.J.S.A. 18A:10-1 and N.J.S.A. 18:11-1 et seq.

(b) The shelter facility administrator shall enforce each child's right to receive an appropriate free education, in accordance with State education law.

(c) The shelter home coordinator shall insure that each school-age child in a shelter home receives a minimum educational program to which each child is entitled, pursuant to N.J.S.A. 30:4C-26(c) and N.J.S.A. 18A:7B-12(a).

(d) The shelter facility administrator or shelter home coordinator shall seek to have each school-age child who has been admitted to the shelter facility or home returned to classroom instruction in a public school. If such return is not possible or feasible in the judgment of the shelter facility administrator or shelter home coordinator, application shall be made to the chief school administrator of the child's school district of residence for the provision of home instruction for the child at the shelter facility or home, in accordance with State education law and regulations.

(e) The shelter facility or shelter home coordinator shall document in writing and maintain on file efforts taken to insure that each school-age child receives a minimum educational program, in accordance with State education law and regulations.

(f) For children who are not attending school, the shelter facility administrator or shelter home coordinator shall insure that supervision and alternate programming/activities are provided during school hours.

10:124-4.6 Recreation

(a) The shelter facility shall provide a balanced recreational program, including athletics, social and leisure time activities.

(b) The shelter facility or home shall provide indoor and outdoor space to enable the children to participate in recreational/physical exercise.

(c) The shelter facility shall contain living or recreation rooms for the informal use of the children and their guests.

10:124-4.7 Religion requirements for shelter facilities and homes

(a) Every child shall be afforded the opportunity to participate in religious activities and services in accordance with his/her own faith.

(b) Every child shall be permitted to attend religious activities and services in the community.

(c) Transportation shall be arranged for or directly provided for any child who wishes to attend religious activities and services.

(d) Children may be encouraged to participate in religious activities but they shall not be coerced or required to do so.

10:124-4.8 Work and employment

(a) Children shall not be responsible for duties assigned to staff members but may be required to perform work assignments in the shelter facility that have an instructive value, including such tasks as normal household chores. However, work assignments shall not interfere with regularly scheduled program activities.

(b) Children shall be allowed to hold part-time employment outside the shelter facility or home, provided that the work shall not interfere with regularly scheduled program activities or school program.

10:124-4.9 Routines and house rules for shelter facilities

The shelter facility shall prepare and post in a location of prominence within the building a listing of rules governing the routines of daily living in the shelter facility.

10:124-4.10 Discipline and control

(a) The shelter facility shall have written policies and procedures regarding discipline and control, which shall be maintained on file, explained and be made available to all children, parent(s) and staff members.

(b) The discipline, control or supervision of the children in a shelter facility shall be the responsibility of the staff members and that responsibility shall not be delegated to the children.

(c) Disciplinary practices of shelter facility staff members or shelter home parents shall be designed to assist the children in developing self-control and an ability to conform to accepted levels of social behavior.

(d) A child's rights in a shelter facility or home shall never be removed or discontinued for purposes of discipline, control or punishment; however, the deprivation of a child's privileges may be used as a disciplinary technique.

(e) The shelter facility or shelter home coordinator shall prohibit the following types of punishment:

1. Any type or threat of physical hitting or any type of corporal punishment inflicted in any manner upon the body;
2. Forced physical exercise or forcing a child to take an uncomfortable position;
3. Group punishment for misbehaviors or individuals;

4. Punishment that subjects the child to verbal abuse, ridicule, humiliation or other forms of degradation;

5. Deprivation of meals, sleep, mail, clothing appropriate to the season or time of day, verbal communication, family visits and/or other basic rights;

6. Mechanical, chemical or excessive physical restraint; or

7. Assignment of unduly physically strenuous harsh work.

(f) A shelter facility may isolate a child who poses a danger to self or others or is destructive of property in a behavior management room. Such a room may only be used when staff members' efforts to bring the child's behavior under control are unsuccessful.

(g) A shelter facility may use a behavior management room, provided that:

1. The child shall not remain in the room for more than two consecutive hours or for more than four hours in a 24 hour period;

2. The behavior management room shall be unlocked;

3. A staff member shall have visual contact with a child placed in a behavior management room at all times; and

4. The use of a behavior management room shall be recorded in a behavior management room log book, which shall contain the following information:

i. The name of the child placed in the room and the name of the staff member placing the child;

ii. The date and time the child was placed in and permitted to leave the room;

iii. The reason for placement; and

iv. The emotional state/attitude of the child at the time of the placement; and

5. In addition to maintaining a behavior management log book an incident/accident report form shall be completed for each use of a behavior management room.

10:124-4.11 Visitation

(a) A shelter facility shall establish regularly scheduled visiting hours. In addition to the regularly scheduled hours, visitation shall be permitted for approved visitors unable to visit the shelter facility during the regular visiting hours.

(b) The shelter facility shall provide conditions of reasonable privacy for visits between the children and other visitors.

(c) The shelter facility shall maintain on file a listing of approved visitors for each child. Only persons authorized by the parent(s) or agency legally responsible for the child shall be permitted to visit the child.

(d) The shelter home coordinator shall establish and implement procedures for the visitation of children residing in shelter homes. Such procedures shall insure an opportunity for regular visits between children and their families and other visitors.

10:124-4.12 Mail and telephone communications

(a) There shall be no restriction on the amount of mail a child at the shelter facility or home is permitted to send or receive.

(b) Incoming and outgoing mail for or from any child at the shelter facility or home shall not be read by any shelter facility staff member or shelter home parent.

(c) A shelter facility staff member may open parcels and letters suspected of containing contraband provided it is done in the presence of the child and another staff member. A record shall be maintained in the child's file documenting the specific reason why the mail was opened. The record shall be dated and signed by the shelter facility administrator or his/her designate.

(d) Each child in the shelter facility or home shall receive a reasonable postage allowance and writing materials for correspondence.

(e) A telephone shall be made available for use by the children in the shelter facility or home.

(f) Each child in a shelter facility or home shall be permitted to make and receive a reasonable number of telephone calls.

SUBCHAPTER 5. PHYSICAL FACILITY AND LIFE-SAFETY REQUIREMENTS

10:124-5.1 Local government code enforcement approval for shelter facilities

(a) Shelter facilities in existence and operation as such before or on January 1, 1977 shall comply with the following:

1. Any shelter facility in existence and operation as such before or on January 1, 1977, shall submit to the Bureau a copy of the building's certificate of continued occupancy issued by the municipality in which it is located, stating that the building is approved to operate as a shelter facility in accordance with local government code requirements in effect prior to implementation of N.J.A.C. 5:23, the State Uniform Construction Code (hereinafter referred to as the UCC), on January 1, 1977.

2. In addition to (a)1 above, the shelter facility shall submit a copy of the municipal or county health inspection approval for the building, based on an inspection conducted within the preceding 12 months. The local or county health official shall certify that the facility meets all local or county health codes and Chapter 12 of the State Sanitary Code (N.J.A.C. 8:24), and poses no health hazard to the children served.

3. In lieu of submitting a certificate of continued occupancy, the shelter facility shall submit to the Bureau a copy of municipal fire and building inspection approvals, based upon inspections conducted within the preceding 12 months.

4. Prior to every subsequent approval by the Bureau, any shelter facility that had previously submitted the building's certificate of continued occupancy, shall be required to submit only a copy of the current local or county health inspection approval, as specified in (a)2 above.

5. If the municipality in which the shelter facility is located has enacted an ordinance governing the maintenance of buildings, including shelter facilities, the shelter facility shall submit to the Bureau a statement from the municipal enforcing agency certifying that the shelter facility is in compliance with such ordinance.

(b) Shelter facilities beginning operation as such after January 1, 1977 shall comply with the following:

1. Any shelter facility that seeks to begin operation as such after January 1, 1977, shall submit to the Bureau a copy of the building's certificate of occupancy issued by the municipality in which it is located, stating that the building is approved to operate as a shelter facility in accordance with provisions of the UCC.

2. The shelter facility shall submit to the Bureau a copy of the municipal or county health inspection approval for the building, as specified in (a)2 above.

3. Prior to every subsequent approval by the Bureau, the shelter facility shall submit only a copy of the current local or county health inspection approval.

4. If the municipality in which the shelter facility is located has enacted an ordinance governing the maintenance of buildings, including shelter facilities, the shelter facility shall submit to the Bureau a statement from the municipal enforcing agency certifying that the shelter facility is in compliance with such ordinance.

(c) The shelter facility shall submit to the Bureau a copy of a new certificate of occupancy issued by the municipality in which it is located, reflecting the shelter facility's compliance with the provisions of the UCC upon completion of the following:

1. Changes the building's use group to one other than the one prescribed on its original certificate of occupancy; or

2. Makes a major alteration or renovation, as defined by the UCC, of the building or premises in which the shelter facility is located; or

3. Increases the floor area or the number of stories to the building or premises in which the shelter facility is located.

10:124-5.2 State government physical facility requirements for shelter facilities

(a) All shelter facilities shall be inspected by the Bureau prior to

the receipt of an initial and/or subsequent approval to insure that the building has been maintained in accordance with the requirements specified in (b) through (q) below.

(b) Shelter facilities shall be classified according to the type of construction designated by the UCC.

(c) Limitations on the use of upper and lower levels:

1. Non-ambulatory children shall not have bedrooms above or below the first floor.

2. In UCC designated buildings of Type III and Type IV construction, children shall not be permitted above the third floor.

(d) Exit requirements:

1. Exits:

i. Exits shall be maintained in proper operating conditions and the shelter facility shall insure that:

(1) There are two independent unobstructed exits from every floor of a building or room in two separate directions; and

(2) Exits shall not be permitted through boiler, furnace or storage areas.

ii. Exits above and below the first floor:

(1) Exits above or below the first floor in buildings having a maximum capacity of 12 children shall provide exiting by a corridor that leads to stairways completely enclosed at the upper landing with a one hour fire-rated partition and a C-label (3/4 hour) fire-rated door equipped with an automatic closing device. These stairways shall lead directly to an outside exit.

(2) Exits above or below the first floor in buildings having a capacity of greater than 12 children shall provide exiting by a corridor that leads to two stairways completely enclosed in fire separation assemblies of the fire resistance rating of the building's construction type, as designated by the UCC.

2. Doors:

i. The exit access travel distance in a room shall not be greater than 50 feet. (Buildings equipped with a fire suppression system may have an exit access travel distance of 100 feet.)

ii. Every room with an occupant load of more than 50 or which exceeds 2,000 square feet in area shall have at least two egress doorways leading from the room to an exit or corridor.

iii. Doors used for exits shall:

(1) Be unobstructed;

(2) Be unlocked from the inside of the building while children are at the shelter facility; and

(3) Swing outward when serving an occupant load of more than 50.

iv. Bathroom and closet doors may be locked; however, locked doors shall be designed to permit opening from the outside and inside in case of emergency.

3. Stairways:

i. Stairways used for exits shall be unobstructed.

ii. Interior stairways:

(1) The maximum height of risers shall be seven inches, and the minimum width of tread shall be nine inches.

(2) Winding staircases shall not be counted for purposes of meeting the exit requirements of this chapter.

(3) A space below a stairway shall be enclosed with a one hour fire-rated material.

iii. Exterior stairways:

(1) Exterior stairways conforming to the interior stairway requirements, as noted in (d)3ii above, shall be acceptable as required exits in facilities not exceeding three stories in height.

(2) Exterior stairways shall be constructed of noncombustible materials or of wood not less than two inches thick.

iv. Handrails and guardrails:

(1) Handrails shall be provided for all stairs that have three or more risers.

(2) All stairways shall have a handrail on at least one side. Stairways more than 44 inches wide shall have continuous handrails on both sides. Stairways more than 88 inches wide shall also have an intermediate handrail dividing the stairway.

(3) Handrails shall be 30 to 34 inches above the nosing of treads.

(4) Guardrails shall not be less than 42 inches in height measured vertically above the nosing of treads.

(5) Guardrails shall be provided with intermediate guards spaced six inches apart or with screening.

4. Special requirements for shelter facilities serving nonambulatory children: The following special requirements shall be met by shelter facilities serving nonambulatory children:

i. A sufficient number of doors, corridors, ramps or walkways and landings shall be provided and be wide enough to permit their being used by children utilizing wheelchairs, braces, walkers or any other prosthetic equipment or devices.

ii. Ramps shall have a grade not greater than the equivalent of one foot rise for every 12 feet of length. Handrails shall be provided on both sides of the ramps.

iii. Shelter facilities serving primarily children with physical limitations or handicaps or having a unit serving such children shall comply with the New Jersey Barrier Free Design Regulations (N.J.A.C. 17:19A).

(e) Fire protection:

1. Shelter facilities shall not be located in the vicinity of high hazard areas (welding shops, paper storage areas, gasoline storage areas, etc.).

2. Boiler or furnace rooms shall be separated from the living and common areas by a minimum of a one hour fire-rated material.

3. If boiler or furnace rooms are in the basement, a furnace control switch shall be provided at the top of the stairs leading to the basement area.

4. Boilers carrying more than 15 lbs. of pressure per square inch, and having a rating in excess of 100 square feet of heat transfer surface, shall be enclosed in a minimum of a two hour fire-rated material.

5. A fresh air supply directly from the outside shall be provided in all boiler or furnace rooms, when rooms are completely enclosed.

6. Buildings with a capacity of more than 12 children shall have and maintain at least one of the following:

i. A comprehensive automatic electrical fire alarm and detection system; or

ii. A comprehensive automatic sprinkler system with smoke detector units in each hallway on all floor levels and at the top of each stairwell.

7. Buildings with a capacity of 12 or fewer children shall have and maintain at least one of the following:

i. A comprehensive automatic electrical fire alarm and detection system; or

ii. A comprehensive automatic sprinkler system with smoke detector units in each hallway on all floor levels and at the top of each stairwell; or

iii. Battery powered smoke detector units as follows:

- (1) One unit for each bedroom;
- (2) One unit for each hallway on all floors;
- (3) One unit for living room and/or indoor recreational areas; and
- (4) One unit at the top of each stairwell.

8. There shall be at least one 10 B-C rated fire extinguisher provided for the kitchen area and one located directly outside or near the boiler or furnace room.

9. All floors shall be provided with at least one 2 1/2 gallon water pressurized fire extinguisher for each 3,000 square feet of floor area.

10. All extinguishers shall be serviced at least once a year and recharged, if necessary.

11. Commercial stoves, if utilized, shall have an automatic extinguishing system installed to comply with the requirements of the National Fire Protection Association (N.F.P.A. Number 96).

12. All staff members shall be trained in the use and operation of the fire extinguishers.

13. Interior furnishings, drapes, curtains, paneling, mattresses, etc., shall be made of fire retardant materials.

14. Chimneys, flues and vent attachments shall be structurally sound, free from defects and cleaned and maintained, as necessary.

15. Storage areas containing highly flammable materials shall be segregated from areas used by the children with a minimum one hour fire-rated material.

16. Combustible materials shall be stored in non-combustible containers.

(f) Glass surfaces: All glass surfaces that are not safety glass and that are located in areas where there may be possible impact by the children shall have a protective guard.

(g) Electricity:

1. All electrical wiring and equipment shall comply with local or municipal requirements in effect at the time the structure first became a shelter facility and shall be maintained in operating condition.

2. Any new equipment and wiring installed in the shelter facility shall be in compliance with the Electrical Subcode of the UCC.

3. Upon request, the shelter facility shall provide the Bureau with a copy of an electrical inspection report based on an inspection conducted within the preceding 12 months. This report shall confirm that the electrical system is adequate and in compliance with the Electrical Subcode of the UCC.

4. Inspections as noted in (g)3 above, shall be performed by the local electrical subcode official, an approved service organization or a licensed electrical contractor.

(h) Lighting:

1. General requirements:

i. Natural or artificial light shall be provided in all areas

ii. In classroom or study areas, there shall be at least 20 foot candles of light (artificial or natural). This illumination shall be measured three feet above the floor at the farthest point from the light source.

iii. Parking areas, pedestrian walkways or other exterior portions of the premises subject to use by occupants at night shall be illuminated.

2. Buildings having a capacity of greater than 12 children shall provide:

i. Illuminated exit signs; and

ii. An emergency lighting system for exit signs, stairways and corridors. This emergency lighting system shall be provided by emergency battery packs or an auxiliary generator and shall be kept in good working condition.

(i) Heating:

1. A minimum temperature of 65° Fahrenheit shall be maintained in all rooms used by the children.

2. In the event that an existing heating unit needs replacement, the shelter facility shall install a new heating unit and shall insure that the heating capacity is calculated in accordance with the current edition of the American Society of Heating, Refrigeration and Air Conditioning Engineers (ASHARE) guide and data book.

(j) Ventilation:

1. Natural or mechanical ventilation shall be provided in all rooms used by children.

2. All required mechanical ventilation systems shall exhaust directly to the outside.

3. Rooms not having windows with an openable area of at least four percent of the floor space shall be equipped with a ventilating or air conditioning system with a capacity equal to that required for natural ventilation.

4. Corridors shall be provided with natural or mechanical ventilation equivalent to two percent of the floor area.

5. Crawl spaces and attic spaces shall be provided with a cross ventilation system.

6. All openable windows and doors used for natural ventilation shall be provided with insect screening in good condition.

7. Kitchens provided with a stove with more than four burners shall be vented with a mechanical system having a capacity of at least three cubic feet per minute per square foot of floor area and not less than 150 cubic feet per minute.

8. Bathrooms with a mechanical ventilation system shall have a

minimum capacity of 50 cubic feet per minute when only one toilet is provided, or 40 cubic feet per minute per toilet when more than one toilet is provided.

9. Bathroom doors shall have at least one inch of space between the floor and the bottom of the door.

(k) Plumbing:

1. All plumbing shall be in compliance with the provisions of the Plumbing Subcode of the UCC.

2. All plumbing shall be maintained in good operating and sanitary condition.

3. The temperature of tap water shall not exceed 125° Fahrenheit.

(l) Bathroom and toilet facilities:

1. The shelter facility shall have at least one toilet, wash basin and bathtub or shower for every six children above the age of 2 1/2 years. These facilities shall not be located more than one floor from any bedroom or living area.

2. The handwashing facilities shall be located in or adjoining the toilet area.

3. All bathrooms shall include hot and cold running water, and a non-slip surface in the shower or bathtub.

4. Toilet accessories shall be provided in all bathroom and toilet facilities.

5. Mirrors, paper towel and toilet paper dispensers and other equipment shall be fastened securely.

(m) Kitchen facilities: The shelter facility's kitchen and food preparation area shall meet the following requirements:

1. The cooking and kitchen facilities and equipment shall be kept clean and sanitary and be in compliance with provisions of Chapter 12 of the State Sanitary Code (N.J.A.C. 8:24).

2. The kitchen and food preparation areas shall be separate from areas used for any other purpose.

3. If the occupancy of the building is more than 12 children, or if commercial cooking equipment is used, the kitchen shall be separated by a one hour fire-rated enclosure that is equipped with a C-label (3/4 hour) fire-rated door with a self-closing device and positive latching.

(n) Swimming pools: Any swimming pool used by the children shall comply with the requirements pertaining to swimming pools, as specified in the New Jersey Youth Camp Safety Act Standards (N.J.A.C. 8:25-5.1 through 5.4 and N.J.A.C. 8:25-6.9).

(o) Asbestos:

1. Coatings containing asbestos shall not be sprayed on any interior or exterior surfaces of a building used as a shelter facility or on any equipment used therein, in accordance with regulations of the State Department of Environmental Protection, as specified in N.J.A.C. 7:27-17.2.

2. If sprayed-on asbestos-containing materials appear to be present in a shelter facility, the shelter facility shall have the material tested, through laboratory analysis, to determine the contents of the material. When test results reveal the presence of sprayed-on asbestos-containing materials, the shelter facility shall insure that it is removed from the building structures and premises, in a manner consistent with all Federal, State and local regulations and guidelines concerning asbestos removal.

(p) Maintenance and sanitation:

1. General: The indoor and outdoor areas of the shelter facility shall be maintained in a safe and sanitary manner and free from any hazards to the health and safety of the children.

2. Indoor maintenance and sanitation requirements:

i. Basements, cellars and crawl spaces shall be free of moisture resulting from water leaks or seepage.

ii. Floors, walls, ceilings and other surfaces shall be kept clean and in good repair. These areas shall be covered or treated when necessary, and no paint containing lead shall be used.

iii. Stairways shall be free of hazards such as toys, boxes, loose steps, uneven treads, torn carpeting, raised strips or risers that are not uniform.

iv. Garbage shall be removed from the interior of the building on a daily basis.

v. Receptacles for food waste disposal shall be noncorrosive, impervious, lined, leak proof and provided with tight fitting covers.

vi. The shelter facility shall arrange for an exterminator to take necessary action to protect the building from rodent, insect and related infestations. Such treatment shall be provided not less than once a year, and more frequently when there is evidence of infestation.

3. Outdoor maintenance and sanitation requirements:

i. The land, including the outdoor play area, shall be properly graded and provided with drains to dispose of surface water.

ii. The shelter facility shall fence or otherwise enclose with a natural barrier outdoor areas on its grounds that are within, adjacent to or near potential safety hazards, including, but not limited to, steep grades, cliffs, open pits, swimming pools, high voltage boosters, high speed roads or propane gas tanks.

iii. The building structure shall be maintained to prevent water from entering, excessive drafts or heat loss during inclement weather, and to provide protection against infestation from rodents, insects, etc.

iv. Railings of balconies, landings, porches or stairs shall be maintained in safe condition.

v. The shelter facility shall have non-corrosive garbage receptacles to accommodate its waste disposal needs located in an outdoor area and maintained in a sanitary manner.

(q) Lead paint: Shelter facilities caring for children six years of age and/or younger shall comply with the following:

1. Lead paint shall not be used on and shall be removed by the shelter facility from any interior or exterior surfaces, furniture, toys or other equipment used therein, in accordance with the provisions of Chapter 13 of the State Sanitary Code (N.J.A.C. 8:51-7.1 through 7.5).

2. When lead paint is found in areas of a shelter facility not specified under N.J.A.C. 8:51-7.1 through 7.5, the Bureau shall determine whether the lead paint is hazardous to the health, safety and well-being of the children served and, if considered to be hazardous, the shelter facility shall remove the lead paint hazard.

10:124-5.3 State government physical facility requirements for shelter homes

(a) Fire protection:

1. The shelter home shall provide a minimum of one smoke detector that shall be installed in a manner and location approved by the bureau or local fire official.

2. The shelter home with a basement shall provide an additional smoke detector for the basement area.

3. The shelter home shall have at least one 5 lb. ABC fire extinguisher located in the building.

4. Combustible and flammable materials shall not be located adjacent to or near a furnace.

(b) Heating: The shelter home shall provide a minimum temperature of 65° Fahrenheit in all rooms used by the children.

(c) Maintenance and sanitation: The indoor and outdoor areas of the shelter home shall be maintained in a safe and sanitary manner and be free from any hazards to the health and safety of the children.

10:124-5.4 Life-safety requirements for shelter facilities and homes

(a) Emergency information: the shelter facility or home shall post in a prominent location written emergency information, including the following:

1. The location of the first aid kit and any additional first aid supplies;

2. The name, address and telephone number of the physician retained by the shelter facility or home or of the health facility to be used in emergency situations;

3. The hospital and/or clinic to which injured or ill children are to be taken;

4. The telephone numbers of the police and fire department and the local ambulance service(s);

5. The telephone number of the Division's Office of Child Abuse Control (800-792-8610); and

6. The location of written authorization from parent(s) for emergency medical care for each child.

(b) In addition to (a) above, a shelter facility shall post an evacuation plan, including a diagram of the building and a description of how the shelter facility is to be evacuated in case of emergency.

(c) First aid equipment: First aid equipment shall be located in a convenient, accessible location in the shelter facility or home and shall include:

1. A standard first aid kit recommended by the American Red Cross or the local or State health department; and

2. The Red Cross First Aid Manual or its equivalent.

(d) Fire/evacuation drills:

1. The shelter facility shall conduct fire/evacuation drills at least twice monthly to familiarize the staff members and children with the procedures for leaving the building in an emergency situation.

2. The shelter facility shall maintain a record of each fire/evacuation drill. The record shall include:

- i. The date and time of day of the drill;
- ii. The number of children and staff members who participated; and
- iii. The total amount of time necessary to evacuate the shelter facility.

(e) Firearms/weapon prohibition:

1. The shelter facility shall not maintain any firearm, chemical or other weapon within or on the grounds of the shelter facility.

2. The shelter facility shall prohibit any staff member or child to possess any firearm, chemical or other weapon within or on the grounds of the shelter facility.

3. Any firearm, chemical or other weapon maintained in the shelter home shall be locked and stored in a location inaccessible to the children in care.

(f) Shelter facilities and homes caring for children six years of age and under shall comply with the following:

1. Fireplaces, open face heaters, stoves, hot radiators, electrical outlets and hazardous windows in rooms used by the children shall be adequately protected by screens or guards.

2. All corrosive agents, insecticides, bleaches, detergents, polishes, any products under pressure in an aerosol spray can and any other toxic (poisonous) substance, shall be stored in a locked cabinet or in an enclosure located in an area not accessible to the children.

10:124-5.5 Supplemental requirement

In addition to the requirements, as specified in N.J.A.C. 10:124-5.1 through 5.4, the Bureau shall also require shelter facilities and homes to take whatever additional steps that it deems are necessary to correct any conditions in the shelter facility or home that may endanger in any way the health, safety and well-being of the children served.

SUBCHAPTER 6. TRANSPORTATION REQUIREMENTS

10:124-6.1 General

(a) Vehicle requirements:

1. Vehicles used for transportation of children shall be in conformity with State motor vehicle law(s) and/or regulations.

2. Vehicles used for transportation of children to or from school, school-connected activity, day camp, summer day camp, nursery school, child care center or pre-school center shall meet the vehicle requirements for such vehicles.

3. Vehicles used for transportation of children shall be maintained in safe operating condition and shall be properly registered and have a currently valid inspection sticker issued by the New Jersey Division of Motor Vehicles.

(b) Driver requirements:

1. The driver of a vehicle used for the purpose of transporting children shall possess a valid driver's license for that type of vehicle.

2. The driver shall not transport more persons, including children and adults, than the capacity of the vehicle.

(c) Safety practices:

1. Children shall never be left unattended in a vehicle.

2. Children shall be loaded and unloaded from the curbside of the vehicle.

3. The interior of each vehicle shall be maintained in a clean, safe condition, with clear passage to operable doors.

4. All persons in the vehicle shall be secured in seats with safety belts for those vehicles required by law to be equipped with safety belts.

5. There shall be no standees in any vehicle transporting children.

6. When transporting more than six children under six years of age, there shall be one adult in addition to the driver in the vehicle at all times.

(d) Transportation records:

1. The shelter facility shall keep on file the name of each driver and a photostatic copy of his/her valid driver's license.

2. These records shall be available upon request to any authorized representative of the Bureau.

(e) Insurance:

1. The shelter facility shall maintain liability insurance for bodily injury or death in minimum amounts of \$300,000 per person and \$500,000 per accident.

2. If the shelter facility transportation services are provided by a private individual or firm under contract or other arrangement, the shelter facility shall maintain a file copy of the individual's or firm's insurance coverage in the amounts specified in (e)1 above and make a copy of such coverage available to the Bureau upon request.

10:124-6.2 Special regulations

(a) The following additional regulations shall be required for facilities serving handicapped, non-ambulatory children:

1. A ramp device shall be provided to permit entry and exit of a child from the vehicle. A hydraulic lift may be utilized provided that a ramp is also available in case of emergency.

2. Wheelchairs shall be securely fastened to the floor of the vehicle.

3. The arrangement of the wheelchairs shall provide an adequate aisle space and shall not impede access to the exit door of the vehicle.

OFFICE OF ADMINISTRATIVE LAW NOTE: As part of its notice of proposed rule, the Division of Youth and Family Services has set an operative date of May 1, 1982 for the rules contained in this chapter.

BOARD OF DENTISTRY

School of Oral Hygiene
Dental Advisory Council

Proposed Repeal: N.J.A.C. 13:30-6.3

Authorized By: State Board of Dentistry, Herman H. Weiss, D.D.S., President.
Authority: N.J.S.A. 45:6-50.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Robert J. Siconolfi, Executive Secretary
 Division of Consumer Affairs
 New Jersey State Board of Dentistry
 Room 321
 1100 Raymond Boulevard
 Newark, New Jersey 07102

The Board of Dentistry thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-55.

The agency proposal follows:

Summary

This proposal repeals the provision which establishes a dental advisory council consisting of members of the New Jersey State Dental Society and authorizes it to draw up policies and advise in matters affecting the school's conduct.

Social Impact

The proposed repeal will have minimal social impact since the advisory council is presently in existence and advises Schools of Oral Hygiene pursuant to regulations governing the schools.

Economic Impact

The proposed repeal will have minimal economic impact on the Board licensees or schools of oral hygiene since the advisory council is presently in existence and advises the Schools of Oral Hygiene pursuant to regulations governing the school.

Full text of the proposal for repeal follows (deletions indicated in brackets [thus]).

13:30-6.3 [Advisory council](Reserved)

[(a) There shall be a dental advisory council consisting of not less than five members of the New Jersey State Dental Society, not more than two of whom shall be members of the faculty of the school.

(b) This council shall help to draw up policies, curriculum select faculty and advise in all matters affecting the conduct of the school and its relations with the profession of dentistry.]

BOARD OF DENTISTRY

Schools of Oral Hygiene Dormitories

Proposed Repeal: N.J.A.C. 13:30-6.6

Authorized By: State Board of Dentistry, Herman H. Weiss, D.D.S, President.

Authority: N.J.S.A. 45:6-48 et seq.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Robert J. Siconolfi, Executive Secretary
 New Jersey State Board of Dentistry
 Room 316
 Division of Consumer Affairs
 1100 Raymond Boulevard
 Newark, New Jersey 07102

The Board of Dentistry thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-54.

The agency proposal follows:

Summary

The proposed repeal removes the requirement that a school of oral hygiene make available ample dormitory or housing facilities for all out-of-town noncommuting students and removes the requirement that dormitory life of all students up to 25 years of age must be supervised.

Social Impact

The proposed repeal will have minimal social impact upon the Schools of Oral Hygiene, students of oral hygiene licensees or the State Board of Dentistry. Notwithstanding this regulation, schools of oral hygiene have not made available ample dormitory or housing facilities for all out-of-town noncommuting students and have not supervised the dormitory life of all students up to the age of 25.

Economic Impact

The proposed repeal will have minimal economic impact upon schools of oral hygiene, students of oral hygiene, licensee or the State Board of Dentistry since the regulation proposed for repeal has not been heretofore enforced by the Board.

Full text of the proposal follows (deletions indicated in brackets [thus]).

13:30-6.6 [Dormitories] (Reserved)

[(a) The school shall make available ample dormitory or housing facilities for all out-of-town noncommuting students.

BOARD OF PHARMACY

Computerized Recordkeeping

Proposed Amendments: N.J.A.C. 13:39-6.4, 6.5, 6.8 and 9.13

Authorized By: State Board of Pharmacy, Sheldon Moed, R.P., President.

Authority: N.J.S.A. 45:14-15 and 45:14-17.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Sheldon Moed, R.P., President
 New Jersey State Board of Pharmacy
 1100 Raymond Boulevard, Room 325
 Newark, New Jersey 07102

The Board of Pharmacy thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-53.

The agency proposal follows:

Summary

The proposed changes to the rules extend and modify the current regulations to cover computerized recordkeeping in the practice of pharmacy.

Social Impact

The proposed amendments to the regulations will bring the present regulations up to date, consistent with current state of the art technology regarding computers. These amendments will serve to protect the public against errors resulting from careless or frivolous use of computers and unwarranted invasion of patient profile records.

Economic Impact

The proposed regulations incorporate possible use of electronic data equipment into Board of Pharmacy regulations which heretofore have required manual compliance. Any costs incurred in software programming to comply are at the discretion of the pharmacist who chooses to replace the manual system. These costs should be nominal, one-time costs, readily amortized by eventual labor cost savings.

Full text of the proposal follows (additions indicated in boldface thus; deletions indicated in brackets [thus]).

13:39-6.4 Record of prescription refills

If a prescription is refilled, a record of the date upon which the prescription is refilled must appear on the prescription, [or] in a permanent prescription record book, **or in use of an electronic data processing system entered into such system.**

13:39-6.5 Authorization for renewal of prescriptions

(a)-(b) (No change.)

(c) When the renewals listed on the original prescription have been depleted, no additional renewals may be added to this prescription. A new prescription must be authorized as provided in N.J.S.A. 45:14-14 by the prescribing physician and reduced to writing by the pharmacist for additional dispensing and entered into the electronic data processing system as a new prescription.

13:39-6.8 Record of pharmacist filling prescriptions

(a) A registered pharmacist who fills or compounds a prescription or who supervises the filling or compounding of a prescription by an intern shall place his/her signature **or readily identifiable initials** on the face of the original prescription. **In use of an electronic data processing system, the initials of the pharmacist responsible for the filled prescription shall also be recorded in this system.**

(b) A registered pharmacist who refills a prescription shall place his/her signature **or readily identifiable initials** on the reverse side of the original prescription next to the date of the refill and the amount dispensed in refilling the prescription if different than the original amount prescribed. **In use of an electronic data processing system the pharmacist who refills a prescription shall for the first refill place his/her readily identifiable initials or signature on the reverse side of the original prescription next to the date of the refill and the amount dispensed in refilling the prescription if different than the original amount prescribed. In addition, this information shall be entered into the electronic data processing system for the first and all additional refills.**

(c) An intern who fills or compounds a prescription under the supervision of a registered pharmacist shall place his/her signature **or readily identifiable initials** on the face of the original prescription. **In use of an electronic data processing system, the initials of the intern responsible for the filling of the prescription shall also be recorded in this system.**

(d) An intern who [fills] refills a prescription under the supervision of a registered pharmacist shall place his/her signature **or readily identifiable initials** on the reverse side of the original prescription next to the date of the refill and the amount dispensed in refilling the prescription if different than the original amount prescribed. **In use of an electronic data processing system, the intern who refills a prescription shall for the first refill place his/her signature or readily identifiable initials on the reverse side**

of the original prescription next to the date of the refill and the amount dispensed in refilling the prescription if different than the original amount prescribed. In addition, this information should be entered into the electronic data processing system for the first and all additional refills.

(e) When a prescription is filled or refilled by an intern under the supervision of a registered pharmacist, the intern filling or refilling the prescription shall place his/her signature **or readily identifiable initials** as required in [subsection] (c) and (d) **above** [of this section] prior to submitting the prescription to the registered pharmacist who shall place his/her signature **or readily identifiable initials** on the prescription in accordance with [subsection] (a) and (b) **above** [of this section] directly below the signature **or readily identifiable initials** of the intern who filled or refilled the prescription under his/her supervision. [Readily identifiable initials will be accepted in lieu of signature.] A record of identifying such initials with the signature and address of the pharmacist or intern shall be maintained for a period of five years after the termination of employment of said pharmacist or intern. **The oldest four years of record information may be kept in such manner so as to be sight-readable within one week. The most recent one year of record information must be immediately retrievable. The term sight-readable as it appears in all regulations of the Board of Pharmacy means that the Board or the Attorney General shall be able to examine the record of information and read the information without the aid of any special viewing mechanism, projector, cathode ray tube or other device.**

(f) If an electronic data processing system is being utilized in connection with the [dispensing of medication,] **required recording of prescription information**, a means acceptable to the Board may be utilized to identify the pharmacist or intern dispensing the medication.

(g) **In use of an electronic data processing system, a pharmacist-in-charge shall maintain a document log in which each pharmacist shall sign a statement at the end of the pharmacist's working day attesting to the fact that the prescription information entered in the electronic data processing system that day has been retrieved, found to be accurate and complete, and that entries bearing his/her identifying designation are correct. The document log shall be maintained at the pharmacy for a period of five years after the date of the last entry therein. The oldest four years of record information may be kept in such manner so as to be sight-readable within one week. The most recent one year of record information must be immediately retrievable.**

(h) **In use of an electronic data processing system, the system shall have the capability of producing a sight-readable document of all original and refilled prescription data as required by N.J.A.C. 13:39-13, and in addition the number of refills authorized by the prescribing physician for a period of not less than five years. The oldest four years of record information may be maintained in such manner so as to be sight-readable within one week. The most recent one year of record information must be immediately retrievable.**

13:39-9.13 Patient profile record system

(a) A patient profile record system must be maintained [in] by all pharmacies for persons for whom prescriptions are dispensed. The patient profile record system shall be devised so as to enable the immediate retrieval of information necessary to enable the dispensing pharmacist to identify previously dispensed medication at the time a prescription is presented for dispensing. One profile card may be maintained for all members of a family living at the same address and possessing the same family name.

(b) (No change.)

(c) The pharmacist shall attempt to ascertain and shall record any allergies and idiosyncrasies of the patient and any chronic conditions which may relate to drug utilization as communicated to the pharmacy by the patient. **If there are no patient allergies, idiosyn-**

crasies or chronic conditions which may relate to drug utilization, the pharmacist should so indicate on the patient profile record system.

(d) Upon receipt of a prescription, a pharmacist must examine the patient's profile record before dispensing the medication to determine the possibility of a harmful drug interaction [or], reaction, or misutilization of the prescription. **In use of an electronic data processing system, electronic scanning of patient profiles is permissible within the limits of the capability of the system in use by the pharmacist. It shall remain the responsibility of the pharmacist to determine any harmful drug interaction, reaction or misutilization of the prescription.** Upon recognizing a potential harmful reaction, interaction or misutilization, the pharmacist shall take appropriate action to avoid or minimize the problem which shall, if necessary, include consultation with the physician.

(e) A patient profile record must be maintained for a period of not less than five years from the date of the last entry in the profile record. **The oldest four years of record information may be maintained in such manner so as to be sight-readable within one week. The most recent one year of record information must be immediately retrievable.**

(f) [Failure to comply with this section shall subject the pharmacist to disciplinary sanction.] **In use of an electronic data processing system, an auxiliary record keeping system shall be established when the electronic data processing system is inoperative for any reason. The auxiliary record keeping system shall reflect all patient profile information as required by N.J.A.C. 13:39-9.13, and in addition the number of refills authorized by the prescribing physician. If the electronic data processing system is restored to operation, the patient profile information and number of refills authorized shall be entered into the electronic data processing system within 48 hours.**

(g) [The provisions of this regulation shall be fully implemented by July 31, 1972.] **In use of an electronic data processing system, this system shall provide adequate safeguards against manipulation, alteration of records and confidentiality of the information contained in the data bank. The holder of the pharmacy permit shall make arrangements with the supplier of data processing services or materials to assure that the pharmacy continues to have adequate and complete prescription and dispensing records if the relationship with such supplier terminates for any reason.**

(h) Failure to comply with this section shall subject the pharmacist to disciplinary sanction.

(i) **No patient profile information entered by one pharmacy into an electronic data processing system shall be made accessible to, furnished to, or shared with another pharmacy. Copies of prescriptions shall be issued by a pharmacy only in accordance with N.J.A.C. 13:39-6.7.**

(j) **The provisions of this section shall be fully implemented by July 31, 1972, and the additional portions of this regulation pertaining to computer record keeping shall be fully implemented by July 31, 1982.**

This proposal is known as PRN 1982-48.

The agency proposal follows:

Summary

This proposed amendment will establish "no parking" zones along Route 28 in Roselle Park Borough, Union County causing signs to be erected advising the motoring public.

Social Impact

This amendment will restrict parking along the areas designated and enhance safety within Roselle Park Borough.

Economic Impact

The Department will incur direct and indirect costs for the placement of signs. Costs are dependent upon mileage, personnel and equipment requirements.

Full text of the proposal follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]).

16:28A-1.19 Route 28

Judicial Retirement System Medical Examinations; Physicians

Proposed Amendment: N.J.A.C. 17:10-5.10

Authorized By: State House Commission, William J. Joseph, Secretary, Judicial Retirement System.
Authority: N.J.S.A. 43:6A-29d.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

William J. Joseph, Secretary
Judicial Retirement System
Division of Pensions
20 West Front Street
Trenton, New Jersey 08625

The State House Commission thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-60.

The agency proposal follows:

Summary

This proposal clarifies the procedures to be followed to expedite certain disability claims where the physician and medical records indicate that the member involved is facing a "imminent death" situation.

Social Impact

A disabled member facing a probable imminent death situation, the examining physicians and hospitals who have examined or treated such member and the Division of Pensions and appropriate boards or commissions of the retirement systems may be affected by this proposal.

Economic Impact

This proposal may increase expenditures of the Division of Pensions in order to expedite such claims. It may have no adverse economic effect upon the disabled member but may allow such members to receive eligible benefits earlier.

Full text of the proposal follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]).

17:10-5.10 Medical examinations; physicians

Where the statute prescribes that a physician be designated by the fund to perform a medical examination, such physician shall be selected from the current membership directory of the Medical Society of New Jersey and the New Jersey Association of Osteopathic Physicians and Surgeons; however, [in order to expedite the processing of what appears to be terminal cases, the retirement system may accept hospital records, or other medical reports in lieu of an examination by a physician designated by the fund.] **in the cases of those members whose personal physician has identified them as having a probable abbreviated life expectancy, such "imminent death" cases may be processed without the necessity of an examination by a physician designated by the fund if corroborating medical evidence of the diagnosis can be obtained.**

DIVISION OF TAXATION

Sales and Use Tax Installation Services Capital Improvement

Proposed Amendment: N.J.A.C. 18:24-5.7

Authorized By: Sidney Glaser, Director, Division of Taxation.
Authority: N.J.S.A. 54:32B-24.

Interested persons may submit in writing, data, views or arguments relevant to the proposal on or before March 3, 1982. These submissions, and any inquiries about submissions and responses, should be addressed to:

Jack Silverstein
Chief Tax Counselor
Division of Taxation
West State and Willow Streets
Trenton, New Jersey 08646

The Division of Taxation thereafter may adopt this proposal without further notice (see: N.J.A.C. 1:30-3.5). The adoption becomes effective upon publication in the Register of a notice of adoption.

This proposal is known as PRN 1982-62.

The agency proposal follows:

Summary

This proposed amendment will clarify the application of the Sales and Use Tax Act with regard to the classification of tangible personal property which when installed results in a capital improvement. The proposed amendment is consistent with a recent opinion by the New Jersey Tax Court holding that certain items of tangible personal property exempt from tax under the Act can, upon installation, result in capital improvements. The proposed amendment will exempt from sales tax the installation charges for exempt machinery, apparatus or equipment which, when installed, result in capital improvements.

Social Impact

The proposed amendment clarifies sales and use tax responsibilities regarding installation charges for installing machinery, apparatus and equipment. The exemption from tax for qualified instal-

lation services will inure to the benefit of all affected persons in this State.

Economic Impact

Since the proposed amendment indicates that specified installation charges are exempt from the sales tax, the impact will be to eliminate the tax liability of those persons installing tangible personal property exempted from the tax. It is not possible at this time to make a determination of the precise amount of tax liability involved.

Full text of the proposal follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]).

18:24-5.7 Installation services capital improvement

(a) (No change.)

(b) [An installation of tangible personal property is deemed not to be a capital improvement to real property where exemption has or will be claimed on the purchase or use of the property installed under any provision of Section 8 of the Sales and Use Tax Act, and accordingly tax must be collected on charges for installing such property, except that where the property installed is exempt from tax under the provisions of subsection (a) of Section 8 of the Sales and Use Tax Act, no tax on installation charges shall be collected.]

 - 1.-3. (No change from proposal.)
 - 4. For approval, except as modified under [these regulations] **this
 chapter,** the compliance control program [should] **shall** include
 requirements on the following items:
 - i. (No change from proposal.)
 - ii. [Procedures pursuant to which employees of the manufacturer
 inspect and approve each significant process in every significant
 phase in the production, transportation and installation of the
 premanufactured construction, components or assemblies] **A list of
 quality control *[inspectors]* *inspections* required by the
 manufacturer at each station and identification by title of each
 person who will be accountable fo each quality control
 inspection;**
 - iii.-x. (No change from proposal.)
 - (j) (No change from proposal.)
 - (k) Each certified premanufactured [construction, component]
structure and assembly shall bear an insignia of certification. Such
 insignia of certification shall be furnished by the department to the
 inplant inspection agency under the procedures outlined in this
 section. The manufacturer shall permanently locate the insignia of
 certification in a **readily accessible and** visible location [such as
 the utility room or other area] identified in the premanufactured
 system documentation. Each insignia of certification shall bear ***[an
 insignia]* *an indestructible* serial number** furnished by the
 department [and] ***[which cannot be removed]* *and shall be
 impossible to remove*** without destroying it. If the size, shape or
 other physical characteristic of the premanufactured component
 makes impractical the use of such insignia of certification, the
 department may specify such alternative forms of insignia as may
 be appropriate. **Only one department insignia shall be required
 for premanufactured construction which is comprised of two or
 more modules. However, each such module shall be properly
 identified by manufacturer's serial number and in-plant
 inspection agency's insignia serial number.**

5:23-4.3 Enforcing agencies; municipal

(a) (No change from proposal.)

(b) Rules concerning organization are:

1. The municipality shall organize its enforcing agency in accordance with the ordinance adopted pursuant to [subsection] (a) [of this section] **above** and to meet the following additional requirements:

i.-v. (No change from proposal.)

vi. [A municipality may designate a subcode official or the municipal engineer to act as a construction official, or an assistant or other municipal official to act as a subcode official, for a period not exceeding 30 consecutive calendar days or 60 calendar days in a calendar year, even if such temporary official is not certified by the commissioner. However, employees of private on-site inspection agencies shall not act as a construction official;] **Acting appointments: A municipality shall appoint an acting construction official or subcode official any time the absence of such official will impede orderly administration of the Uniform Construction Code and other duties mandated by the municipality; but in no event may the time period exceed the statutory period of 20 business days. Acting appointments shall be accomplished by any mechanism acceptable to the municipality, providing, however, that a written record shall be kept. *[Notice to the department shall be kept.]* Notice to the department shall be provided within seven days any time an appointment is made for more than 30 days. Acting appointments may not be made for longer than 60 days nor may they be extended or renewed beyond 60 days unless specific authority to do so is granted in writing by the department.**

16.8(d) - New subsection. Add "All testing and monitoring pur-

suant to the provisions of this subchapter shall be conducted using methods approved by the Department."

OFFICE OF ADMINISTRATIVE LAW NOTE: The pertinent part of the Department's statement explaining the reason for the changes in the rule between proposal and adoption, and its explanation for its compliance with the requirements of N.J.A.C. 1:30-3.5 (Office of Administrative Law's "Rules for Agency Rulemaking") follows:

"Several changes to the proposed rule were made at the request of witnesses at the public hearing and written commentators. Seven fluorocarbons, the emissions of which insignificantly contribute to ozone formation, were exempted from all provisions of the regulation. Various types of source operations, such as automobile refinishing, were specifically excluded from proposed standards after it was determined that the EPA requirements published to date were not intended to be applicable to them. Also, the proposed effective dates of some of the new provisions were postponed where justifiable.

A few unproposed changes were made to the rule in order to clarify the intent of existing provisions and to delete obsolete language. There are several changes made from the proposal which may appear on a first reading to be more restrictive, but which are not. The purpose of this memorandum is to describe the changes in support of the Division of Environmental Quality's finding that none of these changes would result in more restrictive standards applying to any source operation. An in depth discussion may be found in the Report of Public Hearing."

The following list was submitted to the Office of Administrative Law as the list of changes made between proposal and adoption which, in the Department's words, "may appear on a first reading to be more restrictive, but which are not."

1. 7:27-16.1: "Surface coating of automobiles and light-duty trucks" - The definition was changed to limit the applicability of the standards contained in Table 3A to main body and other exterior sheetmetal surfaces. Other surface coating formulations applied in assembly plants will now be governed by the less restrictive standards for the coating of miscellaneous metal parts and products.

2. 7:27-16.1: "Vinyl coating" - The definition was changed to exclude vinyl printing operations from regulation under the standards pertaining to vinyl coating. Vinyl printing is now defined as a graphic arts operation. While the graphic arts standards are approximately equivalent to those for vinyl coatings, the reclassification provides vinyl printers an additional two years to achieve compliance.

3. 7:27-16.2(h): "Storage of VOS in a stationary storage tank" - The effective date of December 31, 1982 for this subsection was deleted and a new subsection 16.2(j) which provides a less restrictive three-phased schedule which ends on December 31, 1986 was substituted therefore. The new schedule contains a provision which mandates that a report be submitted for each affected facility, listing all external floating roof tanks and identifying those which do not meet the control requirements. Such information can be easily compiled.

4. 7:27-16.3(h)1: "Transfer of gasoline" - This provision uses an alternative method of measuring leaks which is identical to the Federal method and is less restrictive than the proposed provision.

5. 7:27-16.5(g): The compliance schedule in proposed subsection 16.5(g) relating to certain previously regulated sources listed in Table 3B - "Maximum Allowable Emissions for Miscellaneous Surface Coating Operation" was deleted since the compliance dates have passed. Such sources are now required to meet the Table 3B allowable emission rates.

6. 7:27-16.6(c)3 and 16.6(c)5ii: The adopted rule allows VOS emissions from graphic arts operations, regulated under subsection 16.5(e), to be mathematically combined ("bubbled"). This change allows an alternative allowable emission rate for such operations.

11:4-2.6 Duties of replacing insurers

Each replacing insurer shall:

(a)-(b) (No change from proposal.)

(c) Where a replacement is involved:

1.-5. (No change from proposal.)

6. Provide, if it is also the existing insurer, the policyowner *[of]* a Policy Summary for the new policy prepared in accordance with N.J.A.C. 11:4-2.6(c)3, prior to accepting the applicant's initial premium or deposit, unless the replacing insurer provides in its "Notice Regarding Replacement of Life Insurance" and in either its policy or in a separate written notice that is delivered with the policy that the applicant has a right to an unconditional refund of all premiums paid, which right may be exercised within a period of 20 days commencing from the date of delivery of the policy, in which event, the replacing insurer must furnish the Policy Summary at or prior to delivery of the policy.

7. (No change from proposal.)

11:4-2.8 Duties of the existing insurer

Each existing insurer shall inform its responsible personnel of the requirements of this subchapter. Each existing insurer, or such insurer's agent, that undertakes a conservation effort shall:

(a) Within 20 days from the date the Comparative Information Form required by N.J.A.C. 11:4-2.6(c)4 is received, *either* furnish the policyowner with the Comparative Information Form received from the replacing insurer and include in it all of the information concerning the existing life insurance that was not completed and correct any information that was inaccurately completed by the replacing agent *[and]* *or* furnish the policyowner with a Policy Summary for the existing life insurance. *The Policy Summary must be provided whenever the policyowner has indicated on the Comparative Information Form that he/she wishes to receive it.* Such Policy Summary shall be completed in accordance with the provisions of the Life Insurance Solicitation Regulation, except that information relating to premiums, cash values, death benefits and dividends, if any, shall be computed from the current policy year of the existing life insurance. The Policy Summary shall include the amount of any outstanding policy indebtedness, the sum of any dividend accumulations or additions, and may include any other information that is not in violation of any regulation or statute. No charge may be made by the existing insurer for furnishing the Policy Summary.

(b) Furnish the *[replacement]* *replacing* insurer with a copy of the fully completed Comparative Information Form and the Policy Summary for the existing life insurance within three working days of the *[data]* *date* that the fully completed Comparative Information Form and the Policy summary is sent by the existing insurer to either its agent or directly to the policyowner.

(c) and Note (No change from proposal.)

IMPORTANT NOTICE REGARDING REPLACEMENT OF LIFE INSURANCE

Our agent is recommending to you that you purchase a life insurance policy from us. In connection with this purchase, you have indicated either as a result of his recommendation or at your own initiative, that you may terminate or change your existing policy issued by another insurance company or that you may obtain a loan from that company against your policy to pay premiums on the proposed policy. Any of these actions is a replacement of life insurance. This notice must be given to you, along with a form including preliminary information comparing the proposed policy with your existing policy to be replaced. Please *[ready]* *read* this notice and the Comparative Information Form carefully.

EXHIBIT D

Sale of Life Insurance Life Insurance Solicitation

Adopted Amendments: N.J.A.C. 11:4-11.5 and 11:4-11.6

Proposed: January 8, 1981 at 13 N.J.R. 36(a).

Adopted: January 7, 1982 by James J. Sheeran, Commissioner, Department of Insurance.

Filed: January 8, 1982 as R.1982 d.17, with substantive changes not requiring additional public notice and comment and with proposed amendments to N.J.A.C. 11:4-11.4 not adopted.

Authority: N.J.S.A. 17:1-8.1, 17:1C-6(e), and 17B:30-1 et seq.

Effective Date: February 1, 1982.

11:4-11.4 Definitions

"Policy summary", for purpose of these rules, means a written statement describing elements of the policy, including but not limited to:

1.-11. (No change from proposal.)

*[12. On the first page of any policy summary describing a policy containing cash values (a sticker may be attached for this purpose), the following statement:

"AN IMPORTANT NOTE ABOUT CASH VALUE POLICIES: The sale of most life insurance policies results in substantial costs to the insurance company for agent commissions, health evaluations and record keeping. Although this is a cash value policy, the cash values available in the policy's early years may be small or even nonexistent because of the company's need to recover these expenses. THIS MEANS THAT IF YOU VOLUNTARILY TERMINATE THE POLICY DURING THE FIRST FEW YEARS IT IS IN FORCE, YOU MAY INCUR A SUBSTANTIAL LOSS.

"Look carefully at the guaranteed cash surrender values shown below in this summary, and note how long it takes for the cash values to develop. If you do not plan to keep your policy in force for at least ten years, you might be well advised to return your policy for refund now and to seek a more appropriate form of life insurance."]*

11:4-11.5 Disclosure requirements

(a)-(d) (No change from proposal.)

(e) For in-force premium-paying policies, policyholders shall have the right to obtain a Policy Summary at cost. The company may charge a reasonable fee for preparing this summary, not to exceed \$5.00, and may utilize reasonable assumptions in providing the cost disclosure information, so long as they are clearly disclosed. In calculating *[10 and 20 year]* cost indexes *on policy anniversaries 10 and 20 years from the date of request*, the initial cash value, defined as the cash value of the policy (exclusive of policy loans and the value of dividend accumulations or dividend additions but including any terminal dividend) on the policy anniversary at the beginning of the period for which the indexes are calculated, should be reflected as follows:

1.-3. (No change from proposal.)

11:4-11.6 General provisions

(a)-(i) (No change from proposal.)

(j) All *[advertisements]* sales *[materials]* *proposals* and sales presentations of individual life insurance products which fail to fully and fairly inform an applicant or prospective insured as to future premium changes, benefits and related options constitute a misrepresentation as to material facts.

(k)-(l) (No change from proposal.)

Filed: January 19, 1982 as R.1982 d.29, **without change.**

ENVIRONMENTAL PROTECTION

(a)

THE COMMISSIONER

State Certifications of Draft NPDES Permits

Public Notice

Jerry Fitzgerald English, Commissioner of the Department of Environmental Protection, pursuant to the "New Jersey Water Pollution Control Act," N.J.S.A. 58:10A-1 et seq., is authorized to assess compliance of a surface water discharge with State law pertaining to discharges to the waters of the State. The Department is requested by the United States Environmental Protection Agency, as required by section 401 of the Federal Clean Water Act, 33 U.S.C. 1251 et seq., to certify that a discharge, as described in a draft National Pollutant Discharge Elimination System permit, will not violate the requirements of State law.

The Department publishes public notice of certifications in the DEP Bulletin. Copies of the Bulletin may be obtained by calling (609) 292-3178 or writing to the Documents Distribution Center, P.O. Box 1390, Trenton, New Jersey 08625.

COMPLETE INDEX OF RULES ADOPTED SUPPLEMENTING THE NEW JERSEY ADMINISTRATIVE CODE

The New Jersey Register supplements the New Jersey Administrative Code. The New Jersey Register should be used in the same way as a pocket part, to complete the Code with rules promulgated between the most recent update of each Code title and the most recent Register.

Each rule promulgated subsequent to the most recent update of the Code is listed below in order of its Code citation. At the bottom of the listings for each title is the date of the most recent update for that title. Accompanying the Code citation for each rule is a brief description of its contents, its Office of Administrative Law (OAL) document citation (which should be used if ordering a copy of the rule from OAL), and the Register citation for its adoption notice.

The adoption notice citation can be used to find, in the pertinent Register, the Register citation for the rule as it was proposed and the substance of any changes in the proposed rule upon adoption.

The full text of the proposed rule plus the changes in the proposed rule upon adoption constitute an official copy of the promulgated rule. If the full text of the proposed rule was not printed in the Register, it is available for a fee from:

Administrative Publications
CN 301
Trenton, New Jersey 08625

The complete index will appear in the first issue of each month, with a supplemental index appearing in the second issue of each month (covering only rules adopted in that issue).

In order to be sure that you have a copy of each proposed rule which may have been adopted but which does not yet appear in the most recent Code update, you should retain each Register beginning with July 5, 1979.

**YOUR BASIC RULE
RESEARCH STARTS WITH
THE 31-VOLUME NEW JERSEY
ADMINISTRATIVE CODE—
THE OFFICIAL COMPILATION OF
AGENCY RULES AND REGULATIONS**

Virtually every undertaking in New Jersey is in some way affected by agency rulemaking. The standards, practices and procedures set by the State's executive departments and semiautonomous agencies operate with the full force of law.

Now, with Legislative Oversight a reality, rulemaking assumes even greater complexity. Without full knowledge of the substance of new regulations, every attorney practicing administrative law in this State is at a very real disadvantage—and so are his clients.

A subscription to New Jersey Administrative Code (31 loose-leaf volumes) includes one year of updated replacement pages, plus 24 issues of the twice-monthly New Jersey Register – the official interim supplement to the Code.
