Rate information, contributions, and due dates

Unemployment and Temporary Disability contribution rates in New Jersey are assigned on a fiscal year basis (July 1st to June 30).

All new employers (except successors) are assigned new employer rates for the first three calendar years, after which a calculated rate is assigned based on employment experience.

Below is an explanation of how rates are calculated and a listing of the new employer rates for the current and the previous four years.

How we calculate rates

Base weeks

NJ-927 and WR-30 quarterly due dates

Employer Contribution Rate Notice for fiscal year 2023-2024

Voluntary contributions

Annual rate, wage, base week, and benefit information
