

Statement by Governor-elect Mikie Sherrill on Accountability and Oversight

11/26/2025

“I am opposed to efforts that weaken essential accountability and oversight, including with our watchdog agencies that root out government corruption, waste, and abuse. I will not weigh in on pending legislation as it changes, is amended, and moves through the legislature. But let me be clear: I know from both my service in the Navy and as a federal prosecutor that strong accountability and oversight are essential to ensure good governance and public trust. The people of New Jersey deserve nothing less – and that’s what my administration will deliver.”
