(1) The Budgetary Cost per Pupil that represents comparisons with districts of similar budget type. The components that comprise the budgetary cost per pupil are as follows: classroom instructional costs; support services (attendance and social work, health services, guidance office, child study team, library and other educational media); administrative costs (general administration, school administration, business administration, and improvement of instruction); operations/maintenance of plant; food services, and extracurricular costs. The total of these expenditures is divided by the average daily enrollment for a total budgetary cost per pupil.

(2) Second is the Total Cost Per Pupil which, in addition to all of the costs listed above for the budgetary cost, includes costs for tuition expenditures and payments to preschool providers; transportation; other current expenses (lease purchase interest, residential costs, and judgments against schools); equipment; facilities/acquisition; and restricted expenses less nonpublic services and adult schools. The total of these expenditures is divided by the average daily enrollment, combined with all students sent out of the district as reported on the ASSA (annual state aid collection) to calculate a total cost per pupil.
