

The Port Authority of New York & New Jersey

February 2014

Monthly Traffic Report

**Newark Liberty International
John F.Kennedy International
LaGuardia
Stewart International
Atlantic City International
&
Teterboro**

Aviation Department - Traffic Statistics

JoJo Quayson
John Cuneo
Deyssi Mesa
Daniel Gafurson

Notes1: The section entitled Air Transport Association Carriers is included to give a comparison between Port Authority Airport traffic growth and aggregate growth as measured by the majority of the U.S. carrier industry.

Note2: The page 2 Access Mode: residents report excludes passengers arriving by hotel courtesy vehicles, helicopters, and the miscellaneous "other" category. The airline OAG summary uses schedules effective for the week in the middle of the month being summarized."Flights (daily) refers to the daily-each-way average flights which can be thought of as 1 directional departing or arriving flights.

Our monthly results were subdued due to severe winter weather that caused a large number of flight cancellations and delays at our facilities. As a result, passenger traffic decreased 1.2%, pushing YTD down 0.9%. Nearly 20,000 flights were cancelled in January and February, compared to only 6,000 for the same period last year. Domestic traffic bore the brunt of cancellations, falling 3.6%. In contrast, international traffic was affected mostly by delays and was able to post a 3.9% gain. Transatlantic passenger traffic was a major contributor following seat capacity increases and a more favorable outlook for economic growth across the ocean. Cargo tonnage decreased 5% at our facilities, continuing the negative sentiment that carried over from last year.
