

(c) A deer that has been so severely injured by a collision with a motor vehicle that it must be killed shall be considered as accidentally killed for the purposes of this subchapter.

Amended by R.2001 d.73, effective March 5, 2001.
See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

7:25-17.7 Information required

(a) Any State or municipal officer disposing of or authorizing the disposal or possession of accidentally killed deer shall notify the Division on a quarterly basis of the following information on forms provided by the Division:

1. The location where the deer was killed;
2. The sex of the deer;
3. The date of the accidental deer kill; and
4. The name and address of the permittee.

Amended by R.2001 d.74, effective March 5, 2001.
See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

SUBCHAPTER 18. MARINE FISHERIES

7:25-18.1 Size, season and possession limits

(a) For the purpose of this subchapter, the following common names shall mean the following scientific name(s) for a species or group of species, except as otherwise specified elsewhere in this subchapter.

<u>Common Name</u>	<u>Scientific Name</u>
American Eel	Anquilla rostrata
Atlantic Cod	Gadus morhua
Atlantic Croaker	Micropogon undulatus
Atlantic Mackerel	Scomber scombrus
Black Drum	Pogonias cromis
Black Sea Bass	Centropristis striata
Bluefish	Pomatomus saltatrix
Cobia	Rachycentron canadum
Conch	Busycon carica
	Busycotypus canaliculatum
	Busycon contrarium
Dolphin	Coryphaena hippurus
Goosefish (Monkfish)	Lophius americanus
Haddock	Melanogrammus aeglefinus
Hybrid striped bass	Morone saxatilis x Morone spp.
Kingfish	Menticirrhus saxatilis
	Menticirrhus americanus
King Mackerel	Scomberomorus cavalla
Pollock	Pollachius virens
Red Drum	Sciaenops ocellatus
River herring	Alosa aestivalis (alewife)
	Alosa pseudoharengus (blueback herring)
Scup (Porgy)	Stenotomus chrysops
Shad	Alosa sapidissima
	Alosa mediocris
Shark	Large Coastal Group
	Sphyrna mokarran (Great Hammerhead)
	Sphyrna lewini (Scalloped Hammerhead)
	Sphyrna zygaena (Smooth Hammerhead)
	Ginglymostoma cirratum (Nurse Shark)

<u>Common Name</u>	<u>Scientific Name</u>
	Carcharhinus limbatus (Blacktip Shark)
	Carcharhinus leucas (Bull Shark)
	Negaprion brevirostris (Lemon Shark)
	Carcharhinus falciformis (Silky Shark)
	Carcharhinus brevipinna (Spinner Shark)
	Galeocerdo cuvieri (Tiger Shark)
	Small Coastal Group
	Sphyrna tiburo (Bonnethead)
	Carcharhinus acronotus (Blacknose Shark)
	Carcharhinus isodon (Finetooth Shark)
	Pelagic Group
	Lamna nasus (Porbeagle Shark)
	Isurus oxyrinchus (Shortfin Mako)
	Prionace glauca (Blue Shark)
	Carcharhinus longimanus (Oceanic Whitetip Shark)
	Alopias vulpinus (Thresher Shark)
	Research Only Group
	Carcharhinus plumbeus (Sandbar Shark)
	Mustelus canis
	Scomberomorus maculatus
	Libinia dubia
	Libinia emarginata
	Squalus acanthias
	Morone saxatilis
Smooth Dogfish	
Spanish Mackerel	
Spider crab	
Spiny Dogfish	
Striped Bass	
Summer Flounder	
(Fluke)	
Tautog (Blackfish)	
Weakfish	
Winter Flounder	
	Paralichthys dentatus
	Tautoga onitis
	Cynoscion regalis
	Cynoscion nebulosus
	Pleuronectes americanus

(b) A person shall not purchase, sell, offer for sale, or expose for sale any species listed below less than the minimum length, measured in inches, except as may be provided elsewhere in this subchapter, and subject to the specific provisions of any such section. Any commercially licensed vessel or person shall be presumed to possess the following species for sale purposes and shall comply with the minimum sizes below. Fish length shall be measured from the tip of the snout to the tip of the tail (total length), except as noted below.

<u>Species</u>	<u>Minimum Size (inches)</u>
American Eel	6
Atlantic Cod	21
Atlantic Croaker	No Limit
Atlantic Mackerel	7
Black Drum	16
Black Sea Bass	11
Bluefish	9
Cobia	37
Conch	5
Dolphin	No Limit
Goosefish (Monkfish)	17
Haddock	21
Kingfish	8
King Mackerel	23
Pollock	19
Red Drum	18
River herring	No Limit
(Alewife, blueback herring)	
Scup (Porgy)	9
Shad	No Limit

<u>Species</u>	<u>Minimum Size (inches)</u>
Shark	
Large Coastal Group	No Limit
Small Coastal Group	No Limit
Pelagic Group	No Limit
Smooth Dogfish	No Limit
Spanish Mackerel	14
Summer Flounder	14
Tautog (Blackfish)	15
Weakfish	13
Winter Flounder	12

1. Total length for black sea bass shall be measured along the midline from the tip of the snout to the end of the central portion of the tail, not to include tail filaments.

2. In addition to the total minimum goosefish size, all goosefish tails possessed must be at least 11 inches in length from the anterior portion of the fourth cephalic dorsal spine to the end of the caudal fin. The total weight of all goosefish livers landed shall not be more than 30 percent of the total weight of all goosefish tails landed or 12 percent of the total weight of all goosefish landed.

3. A person shall not take in any one day or possess more than the possession limit specified below for each species listed, except as may be provided elsewhere in this subchapter, and subject to the specific provisions of any such section.

<u>Species</u>	<u>Possession Limit</u>
Cobia	2
Red Drum	1, no more than 27 inches

(c) A person angling with a hand line or with a rod and line or using a bait net or spearfishing shall not have in his or her possession any species listed below less than the minimum length, nor shall such person take in any one day or possess more than the possession limits as provided below, nor shall such person possess any species listed below during the closed season for that species. Exceptions to this section as may be provided elsewhere in this subchapter shall be subject to the specific provisions of any such section. Fish length shall be measured from the tip of the snout to the tip of the tail (total length), except as noted below:

<u>Species</u>	<u>Minimum Size In Inches</u>	<u>Open Season</u>	<u>Possession Limit</u>
American Eel	6	Jan. 1—Dec. 31	50
Atlantic Cod	21	Jan. 1—Dec. 31	No Limit
Atlantic Croaker	No Limit	Jan. 1—Dec. 31	No Limit
Black Drum	16	Jan. 1—Dec. 31	3
Black Sea Bass	12.5	Jan. 1—Feb. 28 May 19—Sept. 3 Sept. 23—Oct. 14 Nov. 1—Dec. 31	15 25
Bluefish	No Limit	Jan. 1—Dec. 31	15
Cobia	37	Jan. 1—Dec. 31	2
Dolphin	No Limit	Jan. 1—Dec. 31	No Limit
Haddock	21	Jan. 1—Dec. 31	No Limit
Hybrid striped bass	Refer to N.J.S.A. 23:5-45.1		

<u>Species</u>	<u>Minimum Size In Inches</u>	<u>Open Season</u>	<u>Possession Limit</u>
Kingfish	No Limit	Jan. 1—Dec. 31	No Limit
King Mackerel	23	Jan. 1—Dec. 31	3
Pollock	19	Jan. 1—Dec. 31	No Limit
Red Drum	18	Jan. 1—Dec. 31	1, not greater than 27 inches
River herring (Alewife, blueback herring)	No Limit	None	0
Scup (Porgy)	9	Jan. 1—Feb. 28 and July 1—Dec. 31	50
Shad	No Limit	Jan. 1—Dec. 31	6
Shark			1 per vessel, as specified in (c)2 below
Large Coastal Group	54	Jan. 1—May 14, and July 16—Dec. 31	
Small Coastal Group	No Limit	Jan. 1—Dec. 31	
Pelagic Group	54	Jan. 1—Dec. 31	
Smooth Dogfish	No Limit	Jan. 1—Dec. 31	No Limit
Spanish Mackerel	14	Jan. 1—Dec. 31	10
Summer Flounder (Fluke)	17.5	May 5—Sept. 28	5
Striped Bass		refer to N.J.S.A. 23:5-45.1	
Tautog	15	Jan. 1—Feb. 28 Apr. 1—Apr. 30 July 17—Nov. 15 Nov. 16—Dec. 31	4 4 1 6
Weakfish	13	Jan. 1—Dec. 31	1
Winter Flounder	12	March 23—May 21	2

1. Total length for black sea bass shall be measured along the midline from the tip of the snout to the end of the central portion of the tail, not to include tail filaments.

2. Shark length shall be measured from the tip of the snout to the V shaped indentation between the two separate tail segments (fork length) forming the caudal fin. Sharks may be harvested in the recreational fishery only by angling with a hand line, or rod and reel. The possession limit for shark, as listed at (a) above, shall be a maximum harvest of one shark from the Large Coastal, Small Coastal, or Pelagic species group on a per vessel basis regardless of the number of individuals on board said vessel. In addition, each recreational angler fishing from a boat may harvest one bonnethead and one Atlantic sharpnose per trip. If a person is fishing from shore or a land based structure, the possession limit shall be a maximum harvest of one shark from the Large Coastal, Small Coastal, or Pelagic species group per calendar day on a per person basis. In addition, each recreational angler fishing from the shore or a land-based structure may harvest one bonnethead and one Atlantic sharpnose per calendar day.

3. Anglers may take no more than 50 eels per day; however, anglers may keep more than 50 eels in storage for personal use, provided they possess no more than 50 eels per person for bait purposes while fishing.

(d) A person shall not take, possess, land, purchase, sell or offer for sale, except as specified below, any of the following species:

<u>Species</u>	<u>Scientific Name</u>
Atlantic Angel Shark	Squatina dumerili
Atlantic Sturgeon	Acipenser oxyrhynchus
Basking Shark	Cetorhinidae maximus
Bigeye Sand Tiger Shark	Odontaspis noronhai
Bigeye Sixgill Shark	Hexanchus vitulus
Bigeye Thresher Shark	Alopias superciliosus
Bignose Shark	Carcharhinus altimus
Caribbean Reef Shark	Carcharhinus perez
Caribbean Sharpnose Shark	Rhizoprionodon porosus
Dusky Shark	Carcharhinus obscurus
Galapagos Shark	Carcharhinus galapagensis
Longfin Mako Shark	Isurus paucus
Narrowtooth Shark	Carcharhinus brachyurus
Night Shark	Carcharhinus signatus
River Herring	Alosa aestivalis
	Alosa pseudoharengus
Sand Tiger Shark	Odontaspis taurus
Sharpnose Sevengill Shark	Heptranchias perlo
Shortnose Sturgeon	Acipenser brevirostrum
Sixgill Shark	Hexanchus griseus
Silky Shark (recreational fishery only)	Carcharhinus falciformis
Smalltail Shark	Carcharhinus porosus
Whale Shark	Rhincodon typus
White Shark	Carcharodon carcharias

1. Vessels fishing exclusively in the Exclusive Economic Zone (Federal waters) while operating under a valid Federal permit for Atlantic mackerel and/or Atlantic herring, may possess river herring up to a maximum of five percent, by weight, of all species possessed.

2. A person shall not barter, sell, offer for sale, or expose for sale, any river herring possessed pursuant to (d)1 above.

(e) Except as provided in (e)2 and (f) below, a person shall not remove the head, tail or skin, or otherwise mutilate to the extent that its length or species cannot be determined, any species with a minimum size limit specified at (b) or (c) above or any other species of flatfish, or possess such mutilated fish, except after fishing has ceased and such species have been landed to any ramp, pier, wharf or dock or other shore feature where it may be inspected for compliance with the appropriate size limit.

1. A shark or dogfish may be eviscerated prior to landing. The fins may not be removed from a shark or dogfish, except after fishing has ceased and such shark or dogfish has been landed as specified in (e) above.

2. A person may use parts of one legal sized summer flounder as bait. The carcass of the fish minus the fillets, commonly known as the rack, of the summer flounder used must be retained by the person and counted as part of the person's daily bag limit for that day. The rack shall be kept fully intact so it can be measured for minimum size limit. One summer flounder caught on the person's current fishing trip can be used for this purpose. No parts of fish caught on previous fishing trips shall be in possession. No

other species of flat fish or fish listed under (b) or (c) above shall be used for this purpose.

(f) Special provisions applicable to a Special Fillet Permit are as follows:

1. A party boat owner may apply to the Commissioner for a permit for a specific vessel, known as a Special Fillet Permit to fillet species specified at (c) above at sea;

2. For purposes of this section, party boats are defined as vessels that can accommodate 15 or more passengers as indicated on the Certificate of Inspection issued by the United States Coast Guard for daily hire for the purpose of recreational fishing;

3. The Special Fillet Permit shall be subject to the following conditions:

i. Once fishing commences, no parts or carcasses of any species specified in (c) above and no flatfish parts or carcasses shall be discarded overboard; of the species specified at (c) above, only whole live fish may be returned to the water;

ii. No carcasses of any flatfish or species listed at (c) above shall be mutilated to the extent that its length or species cannot be determined;

iii. All fish carcasses of species specified at (c) above shall be retained until such time as the vessel has docked and been secured at the end of the fishing trip adequate to provide a law enforcement officer access to inspect the vessel and catch;

iv. No fillet of any flounder or other flatfish shall be less than eight inches in length during the period of May 1 through October 31 or less than five inches in length during the period of November 1 through April 30;

v. No fish of any species less than the minimum size limit specified in (c) above shall be filleted and no fillet of any species listed below shall have the skin removed and no fillet shall be less than the minimum length in inches specified below.

<u>Species</u>	<u>Minimum Fillet or Part Length</u>
Atlantic Cod	14 inches
Atlantic Croaker	No Limit
Black Drum	9 inches
Black Sea Bass	5 inches
Bluefish	No Limit
Cobia	26 inches
Haddock	14 inches
Hybrid striped bass	24 inches
Kingfish	No Limit
King Mackerel	16 inches
Pollock	13 inches
Red Drum	13 inches
Scup	4 inches
Striped bass	24 inches
Tautog	7 inches
Weakfish	9 inches

vi. Spanish mackerel shall be landed with head, tail and fins attached.

vii. Fish carcasses from the previous trip shall be disposed of prior to commencing fishing on a subsequent trip;

viii. Violation of any of the provisions of the Special Fillet Permit shall subject the captain and permit holder to the penalties established pursuant to N.J.S.A. 23:2B-14 and shall result in a suspension or revocation, applicable to both the vessel and the owner of the Special Fillet Permit according to the following schedule:

- (1) First offense: 60 days suspension;
- (2) Second offense: 120 days suspension; and
- (3) Third offense: Revocation of permit, rendering the vessel and the owner not eligible for permit renewal regardless of vessel ownership.

ix. In calculating the period of suspension or revocation applicable under (f)3viii above, the number of previous suspensions shall be reduced by one for each three-year period in which the permit holder does not commit any other violation subject to this subsection, provided, however, that if more than one suspension is imposed within a three-year period, only one of those suspensions may be forgiven under this subparagraph; therefore, a permit holder who incurs more than one suspension in a three-year period shall not be considered a first offender under this subsection regardless of the length of any subsequent period without violation. The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

x. Upon receipt of the notice of suspension but prior to the suspension or revocation of the Special Fillet Permit, the permittee has 20 days to request a hearing from the Department. The hearing shall be conducted pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1.1. If a request for a hearing is not received by the Department within 20 days of the permittee's receipt of the notice of suspension, the permit suspension or revocation will be effective on the date indicated in such notice.

(g) Any person violating the provisions of (b), (c), (d) or (e) above shall be liable to a penalty of \$30.00 for each fish taken or possessed. Each fish taken or possessed shall constitute an additional separate and distinct offense.

(h) A person shall not take, attempt to take or have in his or her possession any striped bass or striped bass hybrids, as defined in (i) below, while on or angling in the Delaware River or its tributaries from the upstream side of the U.S. Route 1 Bridge to and including the Salem River and its tributaries from April 1 through May 31 of each year, or from

any waters of the State, except the Atlantic Ocean, from January 1 through February 28 of each year as set forth in N.J.S.A. 23:5-45.2.

1. Hook and line fishermen are hereby restricted to the use of non-offset circle hooks while fishing with any natural bait within the Delaware River or its tributaries from April 1 through May 31 of each year. This restriction shall apply only to hooks of size two and larger and shall not apply to hooks of smaller sizes (such as those normally used for white perch fishing).

(i) Except for the products of commercial aquaculture, no person shall take from the marine waters in this State or have in his or her possession while on or angling in the marine waters of this State any striped bass hybrids, being hybrids of the *Morone* genus, less than the striped bass minimum size limits established pursuant to N.J.S.A. 23:5-45.1.

1. For the purposes of this section, commercial aquaculture shall mean the culture or husbandry of striped bass hybrids in non-wild systems for the purpose of egg and larval production and/or increasing size.

2. For the purposes of this section, parents of striped bass hybrids shall include *Morone saxatilis* (striped bass), *M. chrysops* (white bass), *M. americana* (white perch), and *M. mississippiensis* (yellow bass).

(j) Except for striped bass hybrids that are the products of commercial aquaculture, a person shall not possess more than the possession limit or less than the minimum size limits established pursuant to N.J.S.A. 23:5-45.1, whether striped bass or striped bass hybrid, while on or angling in the marine waters of this State.

(k) A person shall not remove the head, tail or skin from any striped bass hybrid except immediately prior to preparation or serving as food.

(l) All hybrid striped bass which are the products of commercial aquaculture shall be accompanied by accurate and dated documentation of quantity, original description and destination.

(m) Wanton waste of fish is prohibited.

1. Fish of any species, taken by any means, which are purposely killed shall become part of the fisherman's daily possession limit and shall be removed from the waters from which they were taken and from adjacent lands. This subsection shall not apply to those fish which are released while still alive and subsequently die or to those fish taken inadvertently by net (bycatch) and subsequently die.

(n) Any person violating the provisions of (h) through (l) above shall be liable for a penalty of \$100.00 for each fish taken or possessed. Each fish taken or possessed shall constitute a separate and distinct offense.

(o) The following provision is applicable to the recreational harvest of bluefish.

1. Any party/charter vessel carrying recreational fishermen for hire to fish for bluefish shall have a valid Federal party/charter vessel permit.

(p) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify the fishing seasons, minimum size limits and possession limits, and the list of shark species contained within any of the shark groups specified in this section by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. §5104(b) or to maintain consistency with any Mid-Atlantic Fishery Management Council plan adopted by the National Marine Fisheries Service. The Department shall publish notice of any such modification in the New Jersey Fish and Wildlife Digest and the New Jersey Register, and shall submit a news release to individuals on the Division outdoor writers' mailing list.

(q) All persons aboard any fishing vessel subject to this rule shall immediately comply with instructions and signals issued by a conservation officer, a marine police officer or other law enforcement officer to facilitate safe boarding and inspection of the vessel, its gear, equipment, and catch for the purpose of enforcement of this rule. After any instructions, signals or other communication from an authorized law enforcement officer indicating the officer's intent to perform an inspection, it shall be unlawful for any person to dispose of fish, fish parts or any other matter in any manner until such time as the inspection is complete. Violation of this provision shall subject the violator to the penalties established pursuant to N.J.S.A. 23:2B-14.

(r) Pursuant to N.J.S.A. 23:10-21 and 21.1, any gear used in the violating of the provisions of this subchapter may be seized and forfeited to the Division.

Amended by R.1990 d.607, effective December 3, 1990.

See: 22 N.J.R. 3078(a), 22 N.J.R. 3628(b).

Added new (e) through (h), redesignated existing (e) as (i).

Amended by R.1991 d.132, effective March 18, 1991.

See: 23 N.J.R. 37(a), 23 N.J.R. 848(b).

Size limit for marine fish changed in (a). Added (f), (g), (h), (i) and (j).

Amended by R.1991 d.348, effective July 1, 1991.

See: 23 N.J.R. 43(a), 23 N.J.R. 2011(a).

Deleted "winter flounder measuring less than six inches in length, or measuring less than 13 inches in length" with stylistic changes in (a). Added "winter flounder under 10 inches in length, or red drum under 14 inches in length" with stylistic changes in (b). Added (d). Redesignated (d) as (e); added reference to "(d)". Redesignated (e)-(n) as (f)-(o). Amended by R.1992 d.143, effective March 16, 1992.

See: 24 N.J.R. 4(c), 24 N.J.R. 1113(a).

Added requirements for weakfish management.

Petition for Rulemaking: Request for reduction of size limit; denied.

See: 24 N.J.R. 2957(a).

Public Notice: Announcement of fish checking stations for the Striped Bass Trophy Program.

See: 24 N.J.R. 3767(c).

Amended by R.1992 d.476, effective December 7, 1992.

See: 24 N.J.R. 1456(a), 24 N.J.R. 4368(b).

New (e) and (f) added prohibiting the filleting of any flatfish at sea in order to prevent circumvention of size limits on fluke and winter flounder; recodification of existing (e)-(o) as (g)-(q).

Amended by R.1993 d.56, effective January 19, 1993.

See: 24 N.J.R. 4249(a), 25 N.J.R. 303(a).

(c) repealed and replaced in accordance with the Summer Flounder Fishery Management Plan developed by the Mid-Atlantic Fishery Management Council and Atlantic States Marine Fisheries Commission.

Amended by R.1993 d.77, effective February 16, 1993.

See: 24 N.J.R. 205(a), 25 N.J.R. 689(a).

Added Atlantic Sturgeon under 60 inches in height.

Administrative Correction.

See: 25 N.J.R. 4495(a).

Amended by R.1994 d.44, effective January 18, 1994.

See: 25 N.J.R. 2167(a), 26 N.J.R. 353(a).

Emergency Amendment, R.1994 d.230, effective April 13, 1994 (to expire June 12, 1994).

See: 26 N.J.R. 1885(a).

Amended by R.1994 d.248, effective May 16, 1994.

See: 26 N.J.R. 291(a), 26 N.J.R. 2021(b).

Adopted Concurrent Proposal, R.1994 d.339, effective June 10, 1994.

See: 26 N.J.R. 1885(a), 26 N.J.R. 2792(a).

Provisions of emergency amendment R.1994 d.230 readopted, with a change effective July 5, 1994.

Amended by R.1994 d.615, effective December 19, 1994.

See: 26 N.J.R. 1931(a), 26 N.J.R. 5011(a).

Amended by R.1995 d.82, effective February 6, 1995.

See: 26 N.J.R. 4277(b), 27 N.J.R. 487(a).

Administrative Change.

See: 27 N.J.R. 1793(a).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Changed section name from "Size and possession limits"; added species and changed size and possession limits throughout; in (a) and (b), inserted provisions relating to presumed possession; and in (c), inserted reference to bait nets.

Administrative change.

See: 29 N.J.R. 2278(a).

In (b), increased minimum size of Summer Flounder and Tautog; and in (c), increased possession limit of Summer Flounder.

Amended by R.1997 d.246, effective June 2, 1997.

See: 29 N.J.R. 285(a), 29 N.J.R. 2555(a).

In (a) and (b), added "(total length), except as noted below"; in (a), in table, changed minimum size for "Black sea bass" from 8 to 9 inches and added "Tautog (blackfish)"; inserted new (a)1, and recodified former (a)1 and (a)2 as (a)2 and (a)3; in (b), added "Black sea bass" to table; added (b)1; in (c), added "Black sea bass" to table; in (e), inserted "or possess such mutilated fish,"; and in (f)3v, added "Black sea bass" and "Scup" to table.

Amended by R.1998 d.40, effective January 5, 1998.

See: 29 N.J.R. 4595(a), 30 N.J.R. 226(a).

Added Bluefish to size limits; in (b) changed minimum size for Atlantic Cod and Haddock from 19 inches to 21 inches; in (f)3v, changed minimum length of Atlantic Cod and Haddock from 13 inches to 14 inches.

Administrative change.

See: 30 N.J.R. 1319(b).

Administrative change.

See: 30 N.J.R. 1402(b).

Amended by R.1999 d.52, effective February 16, 1999.

See: 30 N.J.R. 3881(a), 31 N.J.R. 538(a).

Rewrote (a) through (f).

Administrative change.

See: 31 N.J.R. 1084(a).

Amended by R.2000 d.10, effective January 3, 2000.

See: 31 N.J.R. 2555(a), 32 N.J.R. 48(a).

In (c), changed minimum size for Winter Flounder; in (h), substituted "upstream side of the U.S. Route 1 Bridge" for "Trenton Falls" following "from the".

Administrative change.

See: 32 N.J.R. 1387(a).

Amended by R.2000 d.395, effective October 2, 2000.

See: 31 N.J.R. 2555(a), 32 N.J.R. 3592(b).

In (c), increased minimum size for Winter Flounder; in (h), substituted "upstream side of the U.S. Route 1 Bridge" for "Trenton Falls"; inserted a new (n); and recodified former (n) through (p) as (o) through (q).

Amended by R.2001 d.73, effective March 5, 2001.

See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

Administrative change.

See: 33 N.J.R. 1589(a).

Amended by R.2001 d.346, effective September 17, 2001.

See: 33 N.J.R. 453(a), 33 N.J.R. 3352(a).

Rewrote the section.

7:25-18.2 Pound nets

(a) The following words and terms shall have the following meanings unless the context clearly indicates otherwise.

"Department" means the New Jersey Department of Environmental Protection.

"Heart" means an upright fence of netting forming a heart-shaped (round or square) compartment located between the leader and the pocket. It is designed to cause fish to circle in front of and eventually enter the pocket of a pound net.

"Leader" means an upright fence of netting that acts as a barrier to fish and guides them toward a trap; the netting is made of heavy twine, not designed to catch fish by the gills.

"Navigable channel" means a channel marked with navigational markers including poles, piling or buoys, by the Coast Guard or the State.

"Pocket" means an upright fence of netting forming the final compartment of a pound net in which trapped fish accumulate.

"Pound net" means a large fish trap, consisting of a leader, pocket and one or more hearts, held in place with poles, the netting of which reaches from the bottom to above the surface of the water.

"Staked or anchored gill net" means an upright fence of monofilament or nylon netting, held in place at each end by stakes or anchors, that catches fish by snagging their gill covers as they try to pass through the mesh of the net.

"Submarine pound net" means a pound net that is totally submerged beneath the water and held in place by anchors.

(b) General requirements for all pound net users are as follows:

1. No person may install, operate or maintain a pound net in the marine waters of the State without having first obtained a license from the Department.
2. The Department may establish limits on the number of licenses to be issued for pound nets in Raritan Bay and Sandy Hook Bay and in the Atlantic Ocean within three nautical miles of the coastline.
3. Licenses must be renewed annually.

conducted under this permit during the month, a report to that effect shall be provided. Gill Net Mesh Exemption permittees shall be personally responsible for guaranteeing the timely delivery of reports to the Division as well as the accuracy of all information contained therein. The Department may demand that a permittee provide proof of the truth of any data contained in any report submitted to the Division under this program. If the permittee fails to file a true, complete monthly report with the Division by the 15th day of any month, the Division, in its discretion, may contact the permittee by the most expeditious method available in order to secure a complete report.

(3) If the Division is unable to secure a true, complete monthly report from the permittee by such informal means or the Division has credible evidence that the data on any report is false, the Division shall notify the permittee in writing of the Division's intention to revoke the permittee's Mesh Exemption privilege for the reasons stipulated in the notice, effective 20 business days after the date on the written notice (excluding the date on the notice) and of the Division's suspension of the permittee's Mesh Exemption privileges in the interim, effective on a date stipulated in the notice but no sooner than 10 business days after the date of the notice (excluding the date on the notice).

(4) The permittee may request a hearing to contest a proposed revocation of Mesh Exemption privileges in accordance with the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1. The request for an administrative hearing must be received in writing by the Department within 20 business days from the date on the Division's notice of suspension and intention to revoke, excluding the date on the notice. However, if a timely request for a hearing is not received by the Department, any allegation contained in the notice shall be deemed admitted by the permittee and Mesh Exemption privileges shall be revoked as of the date stipulated in the notice, without any further action by the Division.

(5) The Division Director may, in his or her sole discretion, stay the suspension of Mesh Exemption privileges pending a hearing on the notice of proposed revocation of Mesh Exemption privileges for any good cause set forth in a written petition from the permittee, including sworn statements from the permittee or other persons with knowledge relevant to the allegations on which the Division action is based. The petition and its supporting statements and documentation shall be made available to the court and all parties in advance of any hearing.

(6) The Division shall reinstate Mesh Exemption privileges suspended for late or incomplete reports,

but no more than three times per permittee in any single permit year, if that permittee personally delivers any missing reports, completed, along with a credible written explanation for the delay and/or omissions to the Division within 20 business days from the date on the notice of suspension.

(7) Any permittee who has had a Mesh Exemption privilege revoked shall be disqualified from exercising any privilege associated with a Mesh Exemption permit for 24 months following:

(A) The effective date of an uncontested notice of proposed revocation of privileges;

(B) The date of the Commissioner's Final Decision affirming revocation of Mesh Exemption privileges; or

(C) The filing date of the court order affirming the Commissioner's Final Decision revoking Mesh Exemption privileges, whichever is applicable.

(8) The Division shall issue a Mesh Exemption permit to an applicant pending resolution of a contested Division proposal to revoke that applicant's Mesh Exemption privilege, but that permittee shall not exercise or enjoy any Mesh Exemption privilege if the Division has already suspended that permittee's Mesh Exemption privilege pending resolution of a proposed revocation until:

(A) The Division Director lifts the suspension of that permittee's Mesh Exemption privileges;

(B) The Commissioner issues a Final Decision reinstating that permittee's Mesh Exemption privileges; or

(C) A court of competent jurisdiction orders reinstatement of that permittee's Mesh Exemption privileges, as the case may be.

6. Staked and anchored gill nets shall be used only in the Atlantic Ocean, Raritan Bay, Sandy Hook Bay, and the Delaware Bay and its tributaries. No unattended, overnight staked or anchored gill net shall be set in the Atlantic Ocean from June 15 through October 31. No unattended, overnight anchored gill net shall be set in Delaware Bay from June 15 through September 30. For the purpose of this section, "unattended" means that set of circumstances where the operator is more than $\frac{1}{2}$ nautical mile (3,040 feet) from the nearest portion of his net. Staked or anchored gill nets shall not be fastened together to form a series of net exceeding 400 fathoms in length from the beginning of the season through May 15 or exceeding 200 fathoms in length beginning May 16 through December 15, subject to the additional conditions specified in N.J.A.C. 7:25-18.12.

i. Separate staked or anchored gill nets or a series of joined staked or anchored gill nets shall not be set

closer than 20 fathoms from any other net or series of nets;

ii. Separate staked or anchored gill nets or a series of joined staked or anchored gill nets shall be marked at each end with a fluorescent orange float at least 12 inches in diameter or a fluorescent orange flag at least 12 inches by 12 inches and suspended at least three feet above the water, measured from the surface of the water to the bottom of the flag. No less than 24 square inches of any reflective material shall be attached and maintained on each marker. A white float measuring at least eight inches in diameter shall be located approximately 20 feet inside of each end marker;

iii. Staked and anchored gill nets may be used in the Atlantic Ocean for any species except those specifically protected only beginning February 12 through December 15, where individual gill net length shall not exceed 50 fathoms. The smallest mesh of any such net used in the Atlantic Ocean shall not be less than five inches stretched beginning February 12 through February 29 and not less than 3.25 inches stretched beginning March 1 through December 15. Staked or anchored gill nets shall not be used in the Atlantic Ocean within 100 fathoms of the marked channel of any inlet;

iv. Staked and anchored gill nets shall be used only for shad in the Raritan Bay or Sandy Hook Bay and only beginning February 1 through May 15, where individual gill net length shall not exceed 30 fathoms. The smallest mesh of any such net used in Raritan Bay or Sandy Hook Bay shall not be less than five inches stretched;

v. Staked gill nets may be used in the tributaries of Delaware Bay for any species except those specifically protected only beginning January 1 through May 15 and July 15 through December 15, where individual gill net length shall not exceed 30 fathoms. The mesh of any such net used in the tributaries of Delaware Bay shall not be less than 2.75 inches stretched nor greater than 3.25 inches stretched beginning January 1 through February 29 and no mechanical means shall be utilized to retrieve such net. The mesh of any net shall not be less than 2.75 inches from March 1 through May 15 and July 15 through December 15. No net shall be set across the middle one third of any tributary or the mouth of any tributary, nor shall any net be set in a manner that impedes navigation;

vi. Staked gill nets may be used in Delaware Bay only from February 1 through December 15, except as further defined by statute and/or rule. Individual staked gill net length shall not exceed 30 fathoms. The mesh of any such net used in Delaware Bay shall be 2.75 inches stretched beginning February 1 through February 29 except that staked gill nets of a mesh not less than 2.75 inches stretched or greater than 3.25 inches stretched may be used within one half nautical mile of the MHWL from January 1 through February 29 provided no

mechanical means are utilized to retrieve such nets. From March 1 through December 15 the smallest mesh of any staked gill net shall not be less than 3.25 inches stretched except within two nautical miles of the mean high water line where the smallest mesh shall not be less than 2.75 inches stretched and subject to the permitting and reporting requirements specified in (g)5vii above and N.J.A.C. 7:25-18.12. Staked gill nets shall not be used in that portion of Delaware Bay known as the Brandywine Shoal Restricted Area as defined in (g)5v above;

vii. The use of anchored gill nets is permitted in the tributaries of Delaware Bay for any species, except those specifically protected, only beginning January 1 through May 15 and July 15 through December 15, where individual gill net length shall not exceed 30 fathoms. The mesh of any such net used in the tributaries of Delaware Bay shall not be less than 2.75 inches stretched nor greater than 3.25 inches stretched beginning January 1 through February 29 and no mechanical means shall be utilized to retrieve such net. The mesh of any net shall not be less than 2.75 inches from March 1 through May 15 and July 15 through December 15. No net shall be set across the middle one third of any tributary or mouth of any tributary, nor shall any net be set in a manner that impedes navigation;

viii. The use of anchored gill nets is permitted in the Delaware Bay only from February 1 through December 15, except as further defined by statute and/or rule. Individual anchored gill net length shall not exceed 30 fathoms. The smallest mesh of any such net used in the Delaware Bay shall not be less than five inches stretched beginning February 1 through February 29 except that anchored gill nets of a mesh not less than 2.75 inches stretched or greater than 3.25 inches stretched may be used within one half mile of the mean high water line from January 1 through February 29 provided no mechanical means are utilized to retrieve such nets. From March 1 through December 15 the smallest mesh of any anchored gill net shall not be less than 3.25 inches stretched except within two nautical miles of the mean high water line where the smallest mesh shall not be less than 2.75 inches stretched and subject to the additional conditions specified in N.J.A.C. 7:25-18.12. Anchored gill nets shall not be used in that portion of the Delaware Bay known as the Brandywine Shoal Restricted Area as defined in (g)5v above;

ix. The staked and anchored gill net resident fee shall be \$3.00 per net.

7. Pound nets shall have a mesh not smaller than two inches stretched and may be used for all species except those specifically protected. These nets shall be used only in Raritan Bay, Sandy Hook Bay, Delaware Bay and the Atlantic Ocean.

- i. The pound net season shall begin on February 15 and end on May 15 in the Delaware Bay and begin on January 1 and end on December 31 in all other areas;
 - ii. The pound net resident fee shall be \$100.00 per net.
8. Wire pound nets shall not extend into the Delaware Bay further than 300 feet from the mean low water mark nor 300 feet from the outside of the flats which fall bare at low water and may be set and used in the Delaware Bay only.
- i. The wire pound net season shall begin on March 1 and end on December 31.
 - ii. The wire pound net resident fee shall be \$25.00 per net.
9. Parallel net may be used to take carp, catfish and suckers only and shall be used only in Delaware Bay and its tributaries. Parallel nets shall have a mesh not smaller than 3.5 inches stretched and not exceed 100 fathoms in length. They shall be set approximately parallel to the shore and only at the low water mark. No net shall be set across any tributary or mouth of any tributary, nor shall any net be set in a manner that impedes navigation.
- i. The parallel net season shall begin on September 1 and end on May 31;
 - ii. The parallel net resident fee shall be \$10.00 per net.
10. Shrimp trawls shall be used for the taking of grass shrimp (*Palaemonetes* spp.) or sand shrimp (*Crangon* spp.) only. Any organisms other than these shrimp taken with a shrimp trawl shall immediately be returned to the waters from which such organisms were taken. The internal opening of the trawl shall have a maximum width of 60 inches and a maximum height of 12 inches. The mesh of the net shall not be greater than one-half inch stretched. No boat shall have more than two trawls working at the same time, and each trawl shall be independently and separately attached to the vessel by a single cable or tow line.
- i. The shrimp trawl season shall begin on April 15 and end on December 15;
 - ii. The shrimp trawl resident fee shall be \$12.00 per net.
11. Lobster or fish pots may be used for the taking of all species except those specifically protected pursuant to the specific requirements of N.J.A.C. 7:25-14.3 through 14.20 and shall be used only in the Atlantic Ocean, Delaware Bay, Raritan Bay and Sandy Hook Bay except as provided in (g)11ix below.
- i. To be eligible for a lobster or fish pot license in 2003, an applicant must provide a copy of a previously valid New Jersey lobster or fish pot license held by the applicant in one of the years from 1995 through March

31, 2002. To be eligible for a lobster or fish pot license in all subsequent years, an applicant must provide a copy of a previously valid lobster or fish pot license held by the applicant from the preceding year.

(1) No additional lobster or fish pot licenses shall be issued until the number of licenses decreases below the number issued in 2003.

(2) Applications for a license shall be available from the Department; and successful applicants shall be chosen by lottery, if necessary, from all completed applications received by the Department. When additional licenses are available, unsuccessful applicants from the previous lottery will be given the first right to the license provided they purchase a license within 30 days of being notified by the Department. Notification by the Department shall be by first class mail. It is the responsibility of the applicant to provide the Department with written notification of any change in mailing address. Once a lottery list is exhausted, the Department shall notify commercial docks and fishing organizations as to the availability of licenses.

(3) The holder of a valid lobster or fish pot license not pending revocation or court action due to violation of provisions of this subchapter may transfer the right to the license at any time, upon application to the Department. The new licensee shall have a license issued in his or her name after payment of the fee specified at (g)11xi below and pursuant to the specific requirements of N.J.A.C. 7:25-14.13 through 14.20.

(4) Individuals intending to harvest lobsters by lobster pots for recreational purposes must purchase a fish and lobster pot license. Individuals holding a fish and lobster pot license issued for the recreational harvest of lobster shall receive an allocation for 10 lobster pots to be fished in State waters only and shall not harvest more than six lobsters per license per day. Lobsters taken under the provisions of a fish and lobster pot license for recreational purposes may not be sold, offered for sale or used for barter.

(5) Fish and lobster pot licenses issued for the recreational harvest of lobster shall not be included in the total of fish and lobster pot licenses identified in (g)11i(1) above.

ii. All lobster and fish pots shall have a maximum size less than a volume equivalent to 22.950 cubic inches (376,082 cubic cm) when deployed in the waters as specified in (g)11 above, except as provided in (g)11ix below.

iii. Any fish or lobster pot license holder shall have priority in retaining the same license number previously issued to him or her provided that he or she has submitted a license application requesting the previously issued license number prior to March 1 of the current year and that the license number applied for was assigned to

an active license not more than two years prior to the application;

iv. Effective January 1, 1986, each fishing vessel subject to this regulation must display its license number on the port and starboard sides of the deckhouse or hull and on an appropriate weather deck so as to be visible from above. The license number affixed to each vessel subject to this paragraph must be of block Arabic numerals at least 10 inches in height and of a color contrasting the background;

v. Effective January 1, 1986, all lobster or fish pots or traps and associated buoys and other gear deployed in the salt waters of this State and not permanently attached to the vessel must be legibly and indelibly marked with one of the following codes of identification:

(1) The State lobster or fish pot gear identification number; or

(2) The full name and address of the State lobster or fish pot license holder.

vi. No person other than the license holder shall remove fish or lobsters from any pot or trap. Anyone tending fish or lobster pots or traps after January 1, 1986, shall have in his or her possession the numbered license which corresponds to the gear identification number on the vessel and the gear identification number or name and address affixed to the pots and buoys being tended. The license must be displayed for inspection upon request of any authorized officer. No one shall cut or break the lines or otherwise tamper with or damage any pot, trap, or buoy which he or she does not own;

vii. All lobster and fish pots shall be constructed to include one of the following escape vents in the parlor section of the pot located in such a manner that it would not be blocked or obstructed in normal use by any portion of the pot, associated gear, or the sea floor:

(1) In a fishery in which the possession of lobster on board a vessel or landed from a vessel exceeds 100 lobsters per trip day (based on a 24-hour period) up to a maximum of 500 lobster per trip for trips of five days or longer, the escape vent(s) shall be not less than:

(A) A rectangular portal with an unobstructed opening not less than 1.9375 inches (49.2 mm) by 5.75 inches (146.0 mm). Effective July 1, 2003 the unobstructed opening shall be increased to not less than 2 inches (50.8 mm) by 5.75 inches (146.0 mm). Effective July 1, 2010, the unobstructed opening shall be increased to not less than 2 and 1/16 inches (52.4 mm) by 5.75 inches (146.0 mm); or

(B) Two circular portals with unobstructed openings not less than 2.688 inches (68.3 mm) in diameter;

(2) In a fishery in which the possession of more than 100 pounds of scup on board a vessel or landed from a vessel occurs, the escape vent(s) shall be not less than:

(A) A rectangular portal with an unobstructed opening not less than 2.25 inches (57.2 mm) by 2.25 inches (57.2 mm); or

(B) A circular portal with an unobstructed opening not less than 3.1 inches (78.7 mm) in diameter.

(3) In a fishery in which the possession of black sea bass on board a vessel or landed from a vessel occurs, the escape vent(s) shall be not less than:

(A) A square portal with an unobstructed opening not less than 2.0 inches (50.8 mm) by 2.0 inches (50.8 mm);

(B) A rectangular portal with an unobstructed opening not less than 1.375 inches (34.9 mm) by 5.75 inches (146.0 mm); or

(C) A circular portal with an unobstructed opening not less than 2.5 inches (63.5 mm) in diameter.

(D) Effective January 1, 2007, all lobster and fish pots used for the harvest of black sea bass shall have at least two escape vents.

(4) In a fishery in which more than one of the escape vents listed in (g)11vii(1) through (3) above is applicable, the pots shall be constructed with the largest of the applicable escape vents.

viii. All lobster and fish pots shall be constructed to include a ghost panel or other mechanism which is designed to create an opening to allow the escape of lobsters and fish after a pot has been abandoned or lost, and which meets the following specifications:

(1) The opening covered by the panel or created by other approved mechanism shall be located in the outer parlor section(s) of the pot, shall be in a position which allows the unobstructed exit of lobsters or fish from the pot and shall be of the following dimensions:

(A) Not less than 3.75 inches (95.25 mm) by 3.75 inches (95.25 mm), or

(B) Not less than three inches (76.2 mm) by six inches (152.4 mm) when used in a fishery in which the possession of black sea bass on board a vessel or landed from a vessel occurs.

(2) The panel shall be constructed of, or fastened to the pots with, one of the following materials: untreated wood lath; untreated cotton, hemp, sisal or jute twine not greater than 3/16 inch (4.76 mm) in diameter; non-stainless, ungalvanized, uncoated ferrous

metal not greater than 3/32 inch (2.4 mm) in diameter; or magnesium alloy, timed float release (pop-up device), or similar magnesium alloy fasteners;

(3) The door of the pot may serve as the ghost panel if the door is fastened to the pot with a material specified in (g)11viii(2) above;

(4) The escape vent specified in (g)11vii above may serve as a ghost panel if the escape vent is incorporated into a panel constructed of, or attached to the pot with, a material specified in (g)11viii(2) above, and, upon breakdown of the degradable materials, will create an opening of at least the dimensions specified in (g)11viii(1)(A) and (B) above for the exit of lobster and fish; and

(5) Pots constructed entirely or partially of wood shall be considered to be in compliance with this subparagraph if constructed of wood lath to the extent that deterioration of wooden component(s) will result in an unobstructed opening as specified in (g)11viii(1)(A) and (B) above.

ix. A modified lobster or fish pot may be used for the taking of conchs or whelks and spider crabs in all marine waters of the State including the Atlantic Ocean with the exception of the Newark Bay Complex.

(1) Any such conch pot is defined as a rectangular shaped device no larger than 30 inches on any side; or a cylindrical shaped device not greater than 34 inches in diameter and 30 inches in height. Conch pots must allow for an unobstructed opening on their top surface measuring not less than eight by eight inches square or nine inches in diameter. Conch pots using horseshoe crabs as bait must contain a bait-saving device containing a horseshoe crab or parts of a horseshoe crab as bait which, by design, extends the effective fishing time of the horseshoe crab bait in the water. Conch pots cannot contain a parlor, funnel, or other entrapping mechanism in the interior of the pot. Any similar configuration may be approved for use upon application to the Division and receipt of written approval. Such applications must contain a diagram detailing the shape and dimensions of the requested conch pot configuration.

(2) Conch pots may be tended only from 0400 hours (4:00 A.M.) to 2100 hours (9:00 P.M.).

(3) No conch pot shall be placed in a creek, ditch or tributary less than 50 feet wide at mean low water, in any marked or charted channel or in any man-made lagoon;

x. The lobster or fish pot season shall begin on January 1 and end on December 31;

xi. The resident fee for lobster or fish pots shall be \$100.00 regardless of the number of pots employed.

12. Shad nets for the Hudson River shall be held in place by either stakes or anchors and shall not exceed 200 fathoms in length. The smallest mesh of any shad net shall not be less than five inches stretched.

i. Shad nets shall be marked at each end with a fluorescent orange float at least 12 inches in diameter or a fluorescent orange flag at least 12 inches square and suspended at least two feet above the mean high waterline.

ii. Shad nets shall be used in the Hudson River for the taking of shad only.

(h) Nonresident license fees shall be the same as resident fees established in this section if a resident of this State may obtain a license to fish for similar species of fish with similar gear in the nonresident applicant's state for the same fee as a resident of that state. Otherwise, the license fee for a nonresident is 10 times the license fee charged to a resident.

(i) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify seasons, mesh sizes, maximum net lengths, species allowed to be harvested by specific gear types, escape vent sizes, ghost panel sizes and acceptable materials for fastening ghost panels to pot and traps specified in this section, by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. §5104(b) or to maintain consistency with any Mid-Atlantic Fishery Management Council plan adopted by the National Marine Fisheries Service.

(j) An applicant who is otherwise eligible for a Gill Net or Lobster or Fish Pot license under (g)11 above, but who fails to provide a copy of his or her license before the December 31 expiration of that license, may request an extension of time to renew in accordance with this subsection and (k) through (m) below.

1. The written request, along with any supporting documentation, shall be submitted to:

New Jersey Division of Fish and Wildlife
PO Box 400
Trenton, New Jersey 08625-0400

2. The request shall:

i. Identify the specific license for which the extension of time to renew is requested;

ii. Explain in detail why the extension of time to renew is needed, including a statement of the type and degree of hardship that prevented the timely renewal of the license, and the hardship that will result to the applicant if the license is not renewed; and

iii. Provide appropriate documentation as necessary to support the request for extension.

(k) The Department shall approve an extension request under (j) above only if it determines that the request and documentation demonstrate that:

1. By reason of extraordinary hardship or exceptional situation or condition, the applicant was precluded from renewing his or her Gill Net License or Lobster or Fish Pot License during the 12-month application period preceding the year for which the license/permit is requested;

2. By reason of extraordinary or exceptional situation or condition, strict compliance with the deadline in (g)11 above would result in exceptional and undue hardship upon the applicant; and

3. The circumstances supporting (k)1 and 2 above were not created by the applicant or persons under his or her control, and the approval of the extension will not unreasonably interfere with the orderly administration of the licensing program.

(l) The Department shall provide written notice to the applicant of its decision to approve or deny the request for extension.

(m) The denial of an extension request may be appealed pursuant to the procedures outlined in N.J.A.C. 7:25-18.17, Request for adjudicatory hearing.

Amended by R.1988 d.285, effective June 20, 1988.

See: 44 N.J.R. 493(a).

7:25-18.6 Delaware Bay commercial and non-commercial gill net permit.

(a) An individual utilizing a drifting, staked or anchored gill net in that portion of Delaware Bay or its tributaries defined as the area east of the New Jersey-Delaware boundary enclosed by a line from Cape Henlopen, Delaware to Cape May Point Light, New Jersey and the "southwest line" as defined in N.J.S.A. 50:3-11 shall have a commercial or non-commercial gill net permit for each gill net license in their possession. The person shall have the permit on his or her person at all times while fishing in that portion of Delaware Bay or its tributaries defined in this subsection.

(b) For a period of 60 days following June 3, 1991, Delaware Bay commercial and non-commercial gill net permits shall be issued in accordance with N.J.A.C. 7:25-18.5.

7:25-18.12 Commercial fishing seasons, quotas, and trip limits

(a) The following provisions are applicable to the commercial harvest of weakfish:

1. A vessel shall not possess or land in any one day more than 100 pounds of weakfish harvested by the gear specified below, provided the amount of weakfish landed from any vessel shall not exceed 50 percent, by weight, of the total weight of all species landed and sold, except during the respective open season specified below. During the respective open season for the gear types specified below, a vessel shall not possess or land in any one day more than 100 pounds of weakfish.

<u>Gear</u>	<u>Open Season</u>
Otter Trawl	January 1 through July 31 and October 13 through December 31
Pound Net	January 1 through June 6 and July 1 through December 31
Gill Net	January 1 through May 20, September 3 through October 19 and October 27 through December 31

2. A person shall not possess or land by any gear any weakfish less than 13 inches in length.

3. A vessel shall not possess or land by any gear other than the specified in (a)1 above more than 100 pounds of weakfish in any one day, provided the amount of weakfish landed from any vessel shall not exceed 50 percent, by weight, of the total weight of all species landed and sold, except during the respective open season specified in (a)1 above.

4. A dealer shall not accept more than 100 pounds of weakfish landed in New Jersey taken by the respective gear specified in (a)1 above, provided the amount of weakfish landed from any vessel shall not exceed 50 percent, by weight, of the total weight of all species landed and sold, except during the respective open season specified above. A dealer shall not accept from any vessel more than 100 pounds of weakfish landed in New Jersey during the respective open season for the gear types specified in (a)1 above.

5. A dealer shall not accept more than 100 pounds of weakfish a day landed in New Jersey taken by gear other than that specified in (a)1 above at any time, provided the amount of weakfish landed from any vessel shall not exceed 50 percent, by weight, of the total weight of all species landed and sold.

(b) The following provisions are applicable to the commercial harvest of bluefish:

1. A vessel shall not land for the purpose of sale nor sell any bluefish unless such vessel is in possession of a valid Federal commercial permit for bluefish.

2. New Jersey's annual allocation of bluefish as determined by the National Marine Fisheries Service shall be allocated according to gear type as follows:

- i. Gill Net: 60.9 percent;
- ii. Pound Net: 14.9 percent;
- iii. Otter Trawl: 14.7 percent;
- iv. Purse Seine: 7.5 percent; and
- v. Hook and Line: 1.8 percent.

3. A vessel shall not land nor sell any bluefish taken by the gear type specified in (b)2 above except during the respective open season specified below.

<u>Gear</u>	<u>Open Season</u>
Gill Net	Jan. 1 through Nov. 6
Pound Net	Jan. 1 through Dec. 31
Otter Trawl	Jan. 1 through Dec. 7
Hook Line	June 16 through August 7
Purse Seine	Jan. 1 through Dec. 31

4. A dealer shall not accept any bluefish landed in New Jersey taken by the respective gear specified in (b)2 above except during the respective open season specified in (b)3 above.

5. As specified in (b)2 above, the annual bluefish quota for the purse seine fishery shall be 7.5 percent of New Jersey's annual commercial bluefish quota as allocated by the National Marine Fisheries Service. No purse seine vessel shall land and no dealer shall accept any bluefish landed in New Jersey that have been harvested by purse seine in excess of the annual purse seine quota or after the purse seine season has been closed. If the annual purse seine quota is exceeded in any one calendar year, the overharvest shall be deducted from the purse seine quota in the next subsequent calendar year(s).

6. No fish dealer shall accept any bluefish from any vessel or harvester unless such dealer is in possession of a valid Federal dealer permit.

7. No dealer shall accept any bluefish from any vessel unless said vessel is in possession of a valid Federal commercial permit for bluefish.

8. Any individual or vessel landing bluefish in New Jersey for the purpose of sale shall sell all bluefish to a Federally permitted bluefish dealer.

9. All permitted bluefish dealers shall provide weekly landing reports to the Division on a form supplied by the Commissioner.

10. A party or charter vessel possessing a Federal permit to commercially harvest bluefish by angling or hook and line or spearfishing and when operating under the permit shall be subject to the following:

- i. Crew size shall be limited to no more than five persons, including the captain; and
- ii. The vessel shall not carry any passengers for hire. When carrying passengers for hire, the bluefish permit is not valid and the possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.

11. The Commissioner, or his or her designee, may close the season for the respective gear in (b)3 above upon four days public notice of the projected date the quota for the respective gear shall be landed. Such notice shall be sent by first class mail to all commercial docks and commercial fishing organizations on the mailing list of the Division.

(c) The following provisions are applicable to the commercial harvest of tautog:

1. The possession of more than 100 pounds of tautog on board a vessel or landed from a vessel shall constitute a directed fishery for tautog.

2. A vessel shall not land more than 100 pounds of tautog in New Jersey on any one trip, after January 1, 1997 unless said vessel is in possession of its valid New Jersey Tautog Permit to participate in a directed fishery for tautog. The permit shall be issued in the name of the vessel and the owner, and for the specific gear type(s) used to qualify for the permit.

i. Applicants for a New Jersey Tautog Permit shall complete an application provided by the Department and submit their application no later than December 31, 2002 including information on name, address, vessel name, vessel documentation or registration number, gear and landings criteria as specified at (c)2ii below;

ii. To be eligible for a New Jersey Tautog permit, the vessel's owner shall meet the following criteria:

(1) The vessel shall have landed at least 1,000 pounds of tautog in New Jersey and subsequently sold at least 1,000 pounds of tautog in each of two years during the period 1982 through 1993;

(2) Documented proof of landings shall accompany the application and shall consist of one or more of the following:

(A) Weigh-out slips totaling the weight harvested;

(B) A notarized statement, from the applicant and the purchaser(s), attesting to the weight harvested (a copy of the business records supporting the statement(s) must accompany the application); or

(C) Other documentation similar to that in (c)2ii(2)(A) or (B) above may be accepted at the discretion of the Commissioner after his or her review.

3. The possession of 100 pounds or less of tautog on board a vessel or landed from a vessel for the purpose of sale shall constitute a non-directed fishery for tautog.

4. A harvester or vessel shall not land tautog for the purpose of sale or sell any tautog after March 1, 1998 unless such harvester or vessel is in the possession of a valid New Jersey Tautog Permit or a valid New Jersey Non-Directed Fishery Tautog Permit.

5. A New Jersey Non-Directed Fishery Tautog Permit shall be issued in the name of the vessel and the owner, and for the specific gear type(s) used to qualify for the permit.

i. Applicants for a New Jersey Non-Directed Fishery Tautog Permit shall complete an application provided by the Department and submit their application no later than December 31, 2002 including information on name, address, vessel name, vessel documentation or registration number, gear and landings criteria as specified at (c)5ii below;

ii. To be eligible for a New Jersey Non Directed Fishery Tautog Permit, the vessel's owner shall meet the following criteria:

(1) The vessel or owner shall have landed at least 100 pounds of tautog in New Jersey and subsequently sold at least 100 pounds of tautog in each of two years during the period 1982 through 1997.

(2) Documented proof of landings shall accompany the application and shall consist of one or more of the following:

(A) Weigh-out slips totaling the weight harvested;

(B) A notarized statement, from the applicant and the purchaser(s), attesting to the weight harvested (a copy of the business records supporting the statement(s) must accompany the application); or

(C) Other documentation similar to that in (c)5ii(1)(A) or (B) above may be accepted at the discretion of the Commissioner after his or her review.

6. The New Jersey Tautog Permit or the New Jersey Non-Directed Fishery Tautog Permit shall be on board the vessel to which it is issued at all times. The applicable permit is valid upon issuance and in subsequent years unless revoked as part of a penalty action. The applicable permit is issued to a specific vessel in the name of the owner. The vessel, when engaged in a tautog fishery, may only have on board the gear type(s) listed on that vessel's permit.

7. The owner of a vessel permitted pursuant to this subsection may transfer his or her tautog permit provided the permit is not pending revocation or court action, upon application to the Department, as follows:

i. To his or her replacement vessel, provided the replacement vessel has no greater than 10 percent increase in length overall and 20 percent increase in shaft horsepower as compared to the originally permitted vessel. The vessel being replaced shall no longer be eligible for a tautog permit; or

- ii. Along with the sale of his or her vessel to a new owner. The owner selling the vessel shall no longer be eligible for a tautog permit based on the harvesting history of the vessel being sold.
8. Transfer of a permit to a new vessel shall be limited to the same gear type(s) of the originally permitted vessel.
9. No permit shall be transferred without the prior approval of the Department.
10. A vessel possessing a permit to commercially harvest tautog by angling or hook and line or spearfishing and when operating under the permit shall be subject to the following:
- i. Crew size shall be limited to no more than five persons, including the captain; and
- ii. The vessel shall not carry any passengers for hire. When carrying passengers for hire, the tautog permit is not valid and the possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.
11. The annual tautog harvest quota for New Jersey shall be 103,000 pounds or as modified by the Commissioner pursuant to (i) below. All landings of tautog in New Jersey shall be applied to the New Jersey annual quota.
- i. The commercial season for tautog shall be from June 11 through June 30 and November 1 through January 15.
- ii. The Commissioner, or his or her designee, shall close the season for the commercial tautog fishery upon four days public notice of the projected date the annual quota shall be caught. Public notice shall include letters by first class mail to all New Jersey Tautog Permit and New Jersey Non-Directed Fishery Tautog Permit holders.
- iii. Once the season has been closed for the commercial tautog fishery, no vessel shall land any tautog in New Jersey and no dealer shall accept any tautog landed in New Jersey.
- iv. If the Commissioner, or his or her designee, closes the season prematurely because of unanticipated environmental events resulting in the quota not being landed by the projected date and at least one month remains in the current season, then the Commissioner, or his or her designee, may reopen the season for a specified period of time upon four days public notice. Public notice shall be made as specified in (c)11ii above.
- v. If the quota for any year is exceeded, the amount over harvested will be deducted from the following year's annual quota.
- vi. Beginning in 1997, the Department shall notify the holders of New Jersey Tautog Permits and New Jersey Non-Directed Fishery Tautog Permits of the season allocations no later than January 31 of the year to

which the allocation applies. Notification shall be by first class mail to permit holders.

vii. All New Jersey Tautog Permit and New Jersey Non-Directed Fishery Tautog Permit holders shall be required to complete monthly reports supplied by the Department. The monthly report shall be signed by the permittee attesting to the validity of the information and be submitted so it is received by the Department no later than five working days following the end of the reported month at the following address:

Tautog Program
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

(1) The monthly report shall include, but not be limited to, the following information: name, permit number, total amount (in pounds) of tautog taken, dates caught, time at sea, duration of fishing time, area fished, crew size, landing port, date sold, buyer. This information shall be provided for any trip in which tautog are landed.

(2) If no trips for tautog were taken and no tautog were landed during the month, a report to that effect shall be required.

12. Any person violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the following:

i. Failure to submit the required documentation to the application shall result in the denial of the permit.

ii. Falsification or misrepresentation of any information on the application including documentation provided to verify the amount of tautog landed as specified in (c)2ii(2) and (c)5ii(1) above shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

iii. Failure to comply with the provisions of (c)11iii above, landing tautog after the season has been closed, or (c)11vii above, failure to submit accurate and timely monthly reports, shall result in the suspension during open seasons for tautog or revocation of the vessel's tautog permit according to the following schedule:

- (1) First Offense: 60 days suspension
- (2) Second Offense: 120 days suspension
- (3) Third Offense: permanent revocation

iv. In calculating the period of suspension or revocation applicable under (c)12iii above, the number of previous suspensions shall be reduced by one for each three-year period in which the permit holder does not commit any other violation subject to this subsection, provided, however, that if more than one suspension is imposed within a three-year period, only one of those

suspensions may be forgiven under the subparagraph; therefore, a permit holder who incurs more than one suspension in a three-year period shall not be considered a first offender under this subsection regardless of the length of any subsequent period without violation. The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

v. Prior to revocation of the permit, the permittee shall have the opportunity to request a hearing pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(d) The following provisions are applicable to the commercial harvest of sharks and smooth dogfish:

1. A person shall not possess more sharks than the number specified in the possession limit at N.J.A.C. 7:25-18.1(c) without a valid annual vessel permit for sharks issued by the National Marine Fisheries Service or a New Jersey commercial fishing license issued for the gear allowed in the commercial shark fishery. With a valid annual vessel permit or a New Jersey commercial fishing license, the maximum possession limit is 33 sharks from the Large Coastal shark species group, an unlimited number of sharks from the Small Coastal shark species group, and an unlimited number of sharks from the Pelagic shark species group. A person shall not sell or attempt to sell any sharks without a valid annual vessel permit for sharks issued by the National Marine Fisheries Service or a New Jersey commercial fishing license issued for the gear allowed in the commercial shark fishery.

i. Any harvester or vessel landing shark or smooth dogfish in New Jersey for the purpose of sale shall sell all shark or smooth dogfish only to a dealer with a valid permit for sharks issued by the National Marine Fisheries Service.

2. A dealer shall not purchase or receive a shark without a valid annual dealer permit for sharks issued by the National Marine Fisheries Service. Each such shark dealer shall report weekly shark and smooth dogfish landings electronically through the Standard Atlantic Fisheries Information System (SAFIS).

3. A person shall not sell and a dealer shall not receive any large coastal shark, any small coastal shark, or any pelagic shark, as identified in N.J.A.C. 7:25-18.1(a), after the effective date that the quota for that group of sharks has been reached or is projected to be reached by the National Marine Fisheries Service, for the remainder of that semi-annual period.

4. The commercial fishing season for shark and smooth dogfish shall be from January 1 through December 31, except the harvest of Large Coastal sharks shall be pro-

hibited from May 15 through July 15. A fisherman legally harvesting any of the Large Coastal sharks in Federal waters from three to 200 nautical miles offshore during the May 15 through July 15 time period may transport his or her catch through the State marine waters of New Jersey provided that the fisherman notifies the Department by calling 609-748-2050 prior to entering the State's marine waters and provided:

i. That the vessel does not engage in fishing within the closed area while possessing the above species;

ii. The sharks possessed were not caught in the closed area; and

iii. All fishing gear is stowed and not available for immediate use as defined below:

(1) "On-reel" stowage for vessels transiting a closed area shall be as follows:

(A) The net shall be on a reel, its entire surface is covered with canvas or other similar opaque material, and the canvas or other material is securely bound;

(B) The towing wires shall be detached from the doors; and

(C) No containment rope, codend tripping device, or other mechanism to close off the codend shall be attached to the codend; and

(2) Gillnet gear stowage for vessels transiting a closed area shall be as follows:

(A) All nets shall be covered with canvas or other similar material and lashed or otherwise securely fastened to the deck or rail; and

(B) All buoys larger than six inches (15.24 centimeters) in diameter, high flyers, and anchors shall be disconnected.

5. The following gear types may be used for commercial shark harvest in State marine waters: gillnets, trawl nets, and pound nets. Large-mesh gill nets are defined as having a stretch mesh greater than or equal to five inches.

6. All sharks harvested by commercial fishermen shall have tails and fins attached naturally through dockside landing. Commercial fishermen may completely remove the fins of smooth dogfish from March through June each year. If the fins are removed, the total wet weight of the fins shall not exceed five percent of the total dressed weight of smooth dogfish carcasses landed or found on board a vessel. From July through February, for the smooth dogfish fishery only, commercial fishermen may completely remove the head, tail, pectoral fins, pelvic (ventral) fins, anal fin, and second dorsal fin, but shall keep the first dorsal fin attached naturally to the carcass through landing. If fins are removed, the total wet weight of the smooth dogfish fins shall not exceed five percent of the total

dressed weight of smooth dogfish carcasses landed or found on board a vessel.

7. The smooth dogfish annual quota is unlimited and the smooth dogfish trip limit is unlimited.

(e) The following provisions are applicable to the commercial harvest of shad:

1. An individual shall not take or attempt to take, possess or land any shad in the State, without a valid Shad Commercial Net Permit or a Shad Incidental Harvest Permit issued by the Department, except as provided in (e)1i below. No person shall harvest or possess more than 300 pounds of shad per day without a Shad Commercial Net Permit, except that no person shall harvest or land from the Atlantic Ocean or possess while on the waters of the Atlantic Ocean any amount of shad which exceeds five percent, by weight, of all species taken or possessed.

i. An individual may possess the recreational possession limit for shad as established in N.J.A.C. 7:25-18.1(c) provided that the shad are taken by hook and line only and are not sold, offered for sale, or exposed for sale.

2. To qualify for a Shad Commercial Net Permit, an applicant shall meet the following criteria:

i. The applicant shall submit an application provided by the Department by December 21, 2005 including information regarding the name and address of the vessel owner, vessel name, vessel documentation or registration number and documented proof of landings as listed in (e)2ii and iii below. Except as provided by (p) below, applications for a Shad Commercial Net Permit received after the above date shall be denied. Completed applications should be submitted to:

New Jersey Shad Permit
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

ii. The applicant shall have landed at least 3,000 pounds of shad in each of three years from 1994-1998 inclusive;

iii. Documented proof of landings shall be one of the following:

(1) Weigh-out slips issued to the applicant by a wholesaler(s) who acquired fish from the applicant;

(2) Notarized statement(s) of the wholesaler(s) that the wholesaler's records establish that the applicant sold at least 3,000 pounds of shad in each of three calendar years during the period from 1994 through 1998 inclusive. A copy of the business records supporting the statement(s) shall accompany the application and the original business records shall be made available for inspection by the Department; or

(3) Other documentation similar to that in (e)2iii(1) and (2) above may be accepted at the discretion of the Commissioner after his or her review; and

iv. The applicant shall sign an affidavit on the application certifying as to the validity of the information provided.

3. Failure to attach the required documentation under (e)2iii above to the application shall result in the denial of the permit.

4. Falsification or misrepresentation of any information on the Shad Commercial Net Permit application including documentation provided to verify the amount of shad harvested shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

5. A Shad Incidental Harvest Permit shall be issued to qualifying applicants which will allow the harvest or possession of not more than 300 pounds of shad per day from New Jersey's waters. To qualify for a Shad Incidental Harvest Permit, an application shall comply with the following provisions:

i. The applicant shall submit an application provided by the Department by December 21, 2005 including information regarding the name and address of the vessel owner, vessel name, vessel documentation or registration number and documented proof of landings as listed in (e)5ii and iii below. Except as provided by (p) below, applications for a Shad Incidental Harvest Permit received after the above date shall be denied. Completed applications should be submitted to:

New Jersey Shad Permit
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

ii. The applicant shall submit documented proof establishing that the applicant landed at least 150 pounds of shad in each of three calendar years during the period from 1994 through 1998 inclusive;

iii. Documented proof shall be one of the following:

(1) Weigh-out slips issued to the applicant by a wholesaler(s) who acquired fish from the applicant;

(2) Notarized statement(s) of the wholesaler(s) that the wholesaler's records establish that the applicant sold at least 150 pounds of shad during each of three calendar years during the period from 1994 through 1998 inclusive. A copy of the business records supporting the statement(s) shall accompany the application; or

(3) Other documentation similar to that in (e)5iii(1) and (2) above may be accepted at the dis-

cretion of the Commissioner after his or her review; and

iv. The applicant shall sign an affidavit on the application certifying as to the validity of the information provided.

6. Failure to attach the required documentation under (e)5iii to the application shall result in the denial of the permit.

7. Falsification or misrepresentation of any information on the Shad Incidental Harvest Permit application including documentation provided to verify the amount of shad harvested shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

8. All Shad Commercial Net Permit and Shad Incidental Harvest Permit holders shall have their permit on their person at all times when engaged in any phase of harvesting, transporting, selling or possessing shad.

9. Shad Commercial Net Permits and Shad Incidental Harvest Permits are non-transferable except that the holder of a valid permit not pending suspension or revocation may transfer the right to the permit at any time to the permit holder's spouse, father, mother, son, daughter, brother or sister upon application to the Department.

10. A person shall not land nor sell any shad taken in New Jersey waters except during the season from January 1 through December 31.

11. All Shad Commercial Net Permit and Shad Incidental Harvest Permit holders shall be required to complete annual reports on forms supplied by the Department. The annual report shall be signed by the permittee attesting to the validity of the information and be submitted so it is received by the Department no later than January 15 of the following calendar year at the following address:

Division of Fish and Wildlife
American Shad Program
PO Box 418
Port Republic, NJ 08241

i. The annual report shall include:

(1) The daily harvest and sale, in pounds, of American shad;

(2) The buyer(s) name;

(3) The name and address of the permit holder; and

(4) Any other requested information pertinent to management of the American shad resource including catch/effort, length and sex data, by-catch data and tagging information from a representative size range of shad.

12. Research personnel from the Department shall be allowed to sail aboard any permitted vessel at any time, provided the Department notifies the permittee at least two days in advance.

13. Any person or permittee violating the provisions of this section shall be subject to the penalties described in N.J.S.A. 23:2B-14 in addition to the following:

i. Failure to comply with the provisions of (e)1 above, landing shad without the applicable shad permit or landing greater than the allowable limit authorized by the applicable shad limit, (e)10 above, landing shad outside the open season or (e)11 above, timely submission of annual reports, shall subject the violator to suspension during the period from March 1 to May 15 or revocation of the Shad Commercial Net Permit or Shad Incidental Harvest Permit according to the following schedule:

(1) First offense: 60 day suspension

(2) Second offense: 120 day suspension

(3) Third offense: Permanent revocation of permit.

ii. In calculating the period of suspension or revocation applicable under (e)13i above, the number of previous suspensions shall be reduced by one for each three-year period in which the permit holder does not commit any other violation subject to this subsection, provided, however, that if more than one suspension is imposed within a three-year period, only one of those suspensions may be forgiven under this subparagraph; therefore, a permit holder who incurs more than one suspension in a three-year period shall not be considered a first offender under this subsection regardless of the length of any subsequent period without violation. The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

iii. Prior to the suspension or revocation of the permit, the permittee shall have the opportunity to request a hearing pursuant to the Administrative Procedures Act, N.J.S.A. 52:14B-1 et seq., and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(f) The following provisions are applicable to the commercial harvest of black drum:

1. A vessel shall not possess or land by any gear more than 10,000 pounds of black drum in any one day;

2. A dealer shall not accept from a vessel or person more than 10,000 pounds of black drum a day landed in New Jersey;

3. The annual black drum harvest quota for New Jersey shall be 65,000 pounds; and

4. The Commissioner, or his or her designee, may close the season upon two days public notice of the projected date the quota shall be landed. Such notice shall be sent by first class mail to all commercial docks and commercial fishing organizations on the mailing list of the Division of Fish and Wildlife.

(g) The following provisions are applicable to the commercial harvest of spiny dogfish:

1. A person or vessel shall not possess for sale any spiny dogfish nor shall a person sell or attempt to sell spiny dogfish without a valid annual vessel permit for spiny dogfish issued by the National Marine Fisheries Service.

2. A dealer shall not purchase or receive spiny dogfish without a valid annual dealer permit for spiny dogfish issued by the National Marine Fisheries Service.

3. No person or vessel shall have in possession or land and no dealer shall accept from any one vessel more than the daily trip limit set by the National Marine Fisheries Service or the Atlantic State Marine Fisheries Commission.

4. Any closure of the spiny dogfish fishery by the National Marine Fisheries Service in adjacent Federal waters or recommended closure by the Atlantic States Marine Fisheries Commission for areas including New Jersey automatically closes New Jersey waters to the harvest of spiny dogfish and to the commercial landings of spiny dogfish.

(h) The following provisions are applicable to the commercial harvest of black sea bass:

1. After December 31, 2002, a vessel shall not land more than 100 pounds of black sea bass during the period of January 1 through March 31 or more than 50 pounds of black sea bass during the period April 1 through December 31 in New Jersey on any one trip unless said vessel is in possession of a valid New Jersey Black Sea Bass Permit. The permit shall be issued in the name of the vessel and the owner and for the specific gear type(s) used to qualify for the permit.

i. Applicants for a New Jersey Black Sea Bass Permit shall complete and submit an application provided by the Department by December 31, 2002 that includes information on name, address, vessel name, vessel documentation or registration number, gear and landings criteria as specified in (h)1ii below. Applications for a New Jersey Black Sea Bass Permit received after the above date shall be denied.

ii. To be eligible for a New Jersey Black Sea Bass Permit, the vessel's owner shall meet the following criteria:

(1) The vessel shall have landed and sold a minimum cumulative total of 10,000 pounds of black sea bass in New Jersey during the period 1988 through May 3, 2001;

(2) The vessel shall have possessed a valid Federal Black Sea Bass Moratorium Permit or appropriate New Jersey gear license for each year of submitted landings documentation; and

(3) Documented proof of landings shall consist of one or more of the following:

(A) Weigh-out slips totaling the weight harvested;

(B) A notarized statement from the applicant and the purchaser(s) attesting to the weight harvested (a copy of the business records supporting the statement(s) must accompany the application);

(C) Other documentation similar to that in (h)1ii(3)(A) or (B) above may be accepted at the discretion of the Commissioner after his or her review.

2. The New Jersey Black Sea Bass Permit shall be on board the vessel to which it is issued at all times. The permit is valid from the date of issuance and for any subsequent years unless revoked as part of a penalty action.

The vessel, when engaged in a black sea bass fishery, may only have on board the gear type(s) listed on that vessel's New Jersey Black Sea Bass Permit.

3. The owner of a vessel permitted pursuant to this subsection not pending revocation or court action may transfer his or her Black Sea Bass Permit, upon application to the Department, as follows:

i. To his or her replacement vessel, provided the replacement vessel is not greater than 10 percent larger in vessel length, gross registered tonnage and net tonnage and not more than 20 percent greater in horsepower than the originally permitted vessel. The vessel being replaced shall no longer be eligible for a black sea bass permit; or

ii. Along with the sale of his or her vessel to a new owner. The owner selling the vessel shall no longer be eligible for a Black Sea Bass Permit based on the harvesting history of the vessel being sold.

4. Transfer of a permit to a new vessel shall be limited to the same gear type(s) of the originally permitted vessel.

5. Applicants for permit transfer shall complete an application provided by the Department, and no permit may be transferred without the prior approval of the Department.

6. A vessel possessing a valid Black Sea Bass Permit to commercially harvest black sea bass by angling or hook and line and when operating under the permit shall be subject to the following:

i. Crew size shall be limited to no more than five persons, including the captain; and

ii. The vessel shall not carry any passengers for hire. When carrying passengers for hire the Black Sea Bass Permit is not valid and the recreational possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.

7. A vessel that does not possess a New Jersey Black Sea Bass Permit shall be permitted to land not more than 100 pounds of black sea bass during the period of January 1 through March 31, or not more than 50 pounds of black sea bass during the period of April 1 through December 31 on any trip provided the amount of black sea bass landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold. Vessels taking black sea bass by angling or hook and line that do not possess a New Jersey Black Sea Bass Permit shall be subject to the possession limits established in N.J.A.C. 7:25-18.1 and the seasonal by-catch limits and 10 percent criteria specified above.

8. Annual and seasonal black sea bass quotas and daily trip limits shall be determined by the Mid-Atlantic Fishery Management Council and implemented by the National Marine Fisheries Service or determined by the Atlantic States Marine Fisheries Commission.

i. The Commissioner, or his or her designee, shall implement annual and seasonal black sea bass quotas and daily trip limits determined by the Atlantic States Marine Fisheries Commission upon four days public notice. Public notice shall include letters by first class mail to all New Jersey Black Sea Bass Permit holders. The implemented quotas and limits shall also be reflected in this subsection through a notice of administrative change in the New Jersey Register, in accordance with N.J.A.C. 1:30-2.7.

ii. Ten percent of the New Jersey annual black sea bass quota shall be allocated each year for by-catch landings when any of the seasons for the directed commercial fishery defined in (h)8iii below are closed. The by-catch landings shall be divided between seasons as identified in (h)8iii below at the same percentage apportioned to each season specified at (h)8iii below.

(1) Any by-catch not landed during the season allocated shall be added to the directed fisheries quota of the following season except during the last season.

(2) If any of the by-catch allowance has not been landed by December 1 in any calendar year the remaining amount shall be added to the directed black sea bass fishery quota.

iii. The balance of the New Jersey annual quota for the black sea bass fishery remaining after deducting the by-catch allowance specified in (h)8ii above shall be divided into seasons, percentage of the annual quota apportioned to each season, daily trip limits and number of allowable landing days in each week (Sunday through Saturday) as follows:

(1) January 1–April 15: 38.8 percent, 500 pound trip limit and a maximum of four days per week or 1,000 pound trip limit with a maximum of two days per week that a vessel may land black sea bass.

(2) April 16–June 30: 20.6 percent, 1,000 pound trip limit and maximum of one day per week that a vessel may land black sea bass, or 500 pound trip limit and a maximum of two days per week that a vessel may land black sea bass;

(3) July 1–September 30: 13.5 percent, 1,000 pound trip limit and a maximum of two days per week that a vessel may land black sea bass, or 500 pound trip limit and a maximum of four days per week that a vessel may land black sea bass;

(4) October 1 – December 31: 27.1 percent, 2,000 pound trip limit and a maximum of one day per week that a vessel may land black sea bass, 1,000 pound trip limit and a maximum of two days per week that a vessel may land black sea bass, or 500 pound trip limit and a maximum of four days per week that a vessel may land black sea bass.

(5) If a minimum of 50,000 pounds of the New Jersey black sea bass quota remains unlanded as of December 1 in any calendar year, the Commissioner, or his or her designee, may set a daily trip limit for the remainder of that calendar year.

(6) Any daily landing of black sea bass not exceeding 100 pounds during the period of January 1 through March 31 or 50 pounds during the period of April 1 through December 31 shall not be applied to maximum weekly landing days during any season as specified in (h)8iii(1) through (4) above, provided the amount of black sea bass landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold.

iv. No vessel shall have in possession or land and no dealer shall accept from any one vessel or person more than the lesser of the daily trip limit of black sea bass set by the National Marine Fisheries Service or the Atlantic States Marine Fisheries Commission in any one calendar day.

v. The Commissioner, or his or her designee, shall close the season for the commercial black sea bass fishery upon two days public notice of the projected date the seasonal percentage of the annual quota shall be caught. Public notice shall include letters by first class mail to all New Jersey Black Sea Bass Permit holders.

vi. Once the season has been closed for the directed commercial black sea bass fishery, no vessel or person shall land or sell any black sea bass and no dealer or person shall accept or purchase any black sea bass landed in New Jersey in excess of the by-catch allowances specified in (h)1 and 7 above and provided the amount of black sea bass landed from any vessel shall not exceed 10 percent, by weight of all species landed and sold. If the entire season and/or annual quota including the by-catch allowance has been landed, then no vessel or person shall land or sell any black sea bass and no dealer or person shall accept or buy any black sea bass landed in New Jersey.

vii. If the Commissioner, or his or her designee, closes the season prematurely because of unanticipated events resulting in the quota not being landed by the projected date, then the Commissioner, or his or her designee, may reopen the season for a specified period of time upon two days public notice. Public notice shall be made as specified in (h)7v above.

(1) The Commissioner or his or her designee may set daily trip limits when reopening a prematurely closed season.

viii. If the quota for a particular season is not taken, the balance shall be reallocated for the following season, except that any balance existing as of December 31 of any year shall not be reallocated.

ix. If the quota for any season is exceeded, the amount overharvested shall be deducted from the following season. The amount overharvested shall also be deducted from the following years seasonal quota in pounds and reallocated to the season from which it was deducted the previous year.

x. Any vessel participating in the black sea bass fishery shall notify the Department of the time and place of unloading of the vessel at least two hours in advance of such unloading. Such unloading shall not occur except between the hours of 6:00 A.M. and 6:00 P.M. from November 1 through April 30 and 6:00 A.M. and 8:00 P.M. from May 1 through October 31. The vessel shall also report how many times that week (Sunday through Saturday) the vessel will have landed, including the trip being called in. For example, "This will be my third landing this week." Notification shall include a phone call to (609) 748-2050 unless changed by notice to permit holders via first class mail.

9. After December 31, 2002, no dealer shall accept or purchase any black sea bass from any vessel or harvester unless such dealer is in possession of a valid New Jersey Black Sea Bass Dealers Permit. A New Jersey Black Sea Bass Dealers Permit may be obtained by completing an application supplied by the Department and submitting it to:

New Jersey Black Sea Bass Dealers Permit
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241

10. After December 31, 2002, no dealer shall accept or purchase from any one vessel more than the amounts of black sea bass specified at (h)1 above unless said vessel is in possession of its valid New Jersey Black Sea Bass Permit.

11. After December 31, 2002, any harvester or vessel landing black sea bass in New Jersey for the purpose of sale shall sell all black sea bass to a permitted New Jersey Black Sea Bass Dealer.

12. All permitted New Jersey Black Sea Bass Dealers shall provide daily reports during the period January 1 through April 15 and weekly reports during the period April 16 through December 31 to the Division listing the amount of black sea bass landed on a daily basis and any other information that may be required by the Commissioner. If no black sea bass were landed, a report to that effect shall be required. Such report shall be faxed to the Division at the number listed on the reporting form no later than 10:00 A.M. on the following day for daily reports and 12:01 P.M. on Monday following the week's end for weekly reports or sent by any other method approved by the Department. For the purpose of this provision, the week shall begin on Sunday and end on Saturday.

13. Any person violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the following:

i. Failure to submit the required documentation to an application shall result in the denial of the permit.

ii. Falsification or misrepresentation of any information on an application including documentation provided to verify the amount of black sea bass landed as specified in (h)1ii(3) above shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

iii. Failure to comply with the provisions of (h)6 above, criteria under which a vessel may harvest black sea bass by angling or hook and line, (h)8 above, exceeding daily trip limits and landing black sea bass after the season has been closed, (h)9 above, accepting or purchasing black sea bass without a New Jersey Black Sea Bass Dealers Permit, (h)10 above, accepting or purchasing from any non-permitted vessel more than the amount of black sea bass stipulated pursuant to (h)1 and 7 above, and (h)11 above, selling black sea bass to a non-permitted dealer shall result in the suspension during open season(s) or revocation of the vessel's and/or dealer's Black Sea Bass Permit according to the following schedule:

- (1) First offense: 60 days suspension;
- (2) Second offense: 120 days suspension;
- (3) Third offense: permanent revocation;

iv. In calculating the period of suspension or revocation applicable under (h)13iii above, the number of previous suspensions shall be reduced by one for each three-year period in which the permit holder does not commit any other violation subject to this subsection, provided, however, that if more than one suspension is imposed within a three-year period, only one of those suspensions may be forgiven under this subparagraph; therefore, a permit holder who incurs more than one suspension in a three-year period shall not be considered a first offender under this subsection regardless of the length of any subsequent period without violation. The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

v. Any person who has had his or her New Jersey Black Sea Bass Dealers Permit suspended or revoked shall not land or permit the landing of any black sea bass at his or her facility during the suspension or revocation under the provisions of another permittee's New Jersey Black Sea Bass Dealers Permit.

vi. Prior to revocation of the permit, the permittee shall have the opportunity to request a hearing pursuant

to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(i) The following provisions are applicable to the commercial harvest of summer flounder:

1. A vessel shall not land more than 100 pounds of summer flounder during the period of May 1 through October 31 or more than 200 pounds of summer flounder during the period of November 1 through April 30 in New Jersey on any one trip unless said vessel is in possession of a valid New Jersey Summer Flounder Permit to participate in the directed fishery for summer flounder. Vessels fishing under the special terms of a quota transfer or combination program as provided in (i)3 below may be exempt from this requirement if such terms specify that a New Jersey Summer Flounder Permit is not necessary to land summer flounder in New Jersey. The permit shall be issued in the name of the vessel and the owner and for the specific gear type(s) used to qualify for the permit.

i. Applicants for a New Jersey Summer Flounder Permit shall complete an application provided by the Department. Applicants applying to use hook and line shall submit their applications no later than May 31, 1994. Applicants applying for a New Jersey Summer Flounder permit for any other gear type shall submit their applications no later than January 1, 2000. Applications for a New Jersey Summer Flounder Permit received after the above dates shall be denied.

ii. To be eligible for a New Jersey Summer Flounder Permit the vessel's owner shall meet the following criteria:

(1) The vessel shall have landed and sold at least 1,000 pounds of summer flounder in New Jersey in each of two years during the period of 1985-1992;

(2) The vessel shall have possessed a valid New Jersey otter trawl, pound net, or gill net license or a valid Federal summer flounder permit during each of the two years it qualified based upon the pounds of summer flounder landed and sold in (i)1ii(1) above. Vessels providing documentation regarding the amount of summer flounder landed for two years between January 1, 1985 to November 2, 1988 or vessels providing documentation of harvest by hook and line are exempt from this requirement; and

(3) Applicants shall provide weigh out slips to document the amount of summer flounder landed and copies of their New Jersey otter trawl, pound net or gill net license or Federal summer flounder permit for the respective years.

iii. The New Jersey Summer Flounder Permit shall be on board the vessel to which it is issued at all times. The permit is valid from the date of issuance and for any subsequent years unless revoked as part of a penalty

action. The vessel, when engaged in the directed summer flounder fishery, may only have on board the gear type(s) listed on the New Jersey Summer Flounder Permit.

(1) The owner of a permitted vessel pursuant to this subsection not pending revocation or court action may transfer his or her New Jersey Summer Flounder Permit, upon application to the Department, as follows:

(A) To his or her replacement vessel, provided the replacement vessel is not greater than 10 percent larger in vessel length, gross registered tonnage and net tonnage and not more than 20 percent greater in horsepower than the originally permitted vessel. The vessel being replaced shall no longer be eligible for a New Jersey Summer Flounder Permit; or

(B) Along with the sale of his or her vessel to a new owner. The owner selling the vessel shall no longer be eligible for a New Jersey Summer Flounder Permit based on the harvesting history of the vessel being sold.

(2) Transfer of a permit to a new vessel shall be limited to the same gear type(s) of the originally permitted vessel.

(3) Applicants for permit transfer shall complete an application provided by the Department, and no permit may be transferred without the prior approval of the Department.

iv. A vessel possessing a valid New Jersey Summer Flounder Permit to commercially harvest summer flounder by angling or hook and line and when operating under the permit shall be subject to the following:

(1) Crew size shall be limited to no more than five persons, including the captain; and

(2) The vessel shall not carry any passengers for hire. When carrying passengers for hire the New Jersey Summer Flounder Permit is not valid and the recreational possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.

v. A vessel that does not possess a New Jersey Summer Flounder Permit shall be permitted to land not more than 100 pounds of summer flounder during the period of May 1 through October 31, or not more than 200 pounds of summer flounder during the period of November 1 through April 30 on any trip provided the amount of summer flounder landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold, except that vessels taking summer flounder by angling or hook and line shall be subject to the possession limits established in N.J.A.C. 7:25-18.1.

2. The annual summer flounder harvest quota for New Jersey shall be determined by the Mid-Atlantic Fishery Management Council as implemented by the National Marine Fisheries Service. All landings of summer flounder in New Jersey shall be applied to the New Jersey annual summer flounder quota unless New Jersey enters into an agreement with another state(s) to transfer or combine summer flounder commercial quotas, as provided for pursuant to (i)3 below and such agreement indicated otherwise.

i. Ten percent, but not more than 200,000 pounds of the New Jersey annual summer flounder quota, shall be allocated each year for by-catch landings when any of the six seasons for the directed commercial fishery are closed. The by-catch landings shall be divided between the six seasons as identified at (i)2ii below at the same percentage as for the directed fishery specified at (i)2ii below or as modified by the Commissioner.

(1) Any by-catch not landed during the season allocated shall be added to the directed fishery of the following season except during the last season.

(2) If any of the by-catch allowance has not been landed by December 1 in any calendar year, the remaining amount shall be added to the directed summer flounder fishery quota.

(3) For the purpose of this section, all directed fishery seasons identified at (i)2ii below shall start on the first Sunday of the applicable month.

ii. The balance of the New Jersey annual quota for the summer flounder fishery remaining after deducting the by-catch allowance specified in (i)2i above shall be divided into seasons, percentage of the annual quota apportioned to each season, daily trip limits and number of allowable landing days in each week (Sunday through Saturday) as follows:

(1) January–February: 28 percent, 3,000 pound trip limit and a maximum of two days a week that a vessel may land summer flounder, or 5,000 pound trip limit and a maximum of one day a week that a vessel may land summer flounder;

(2) March – April: 11 percent, 1,500 pound trip limit and a maximum of three days per week that a vessel may land summer flounder;

(3) May–June: 10.5 percent, 500 pound trip limit and a maximum of four days per week that a vessel may land summer flounder, or 250 pound trip limit and a maximum of seven days a week that a vessel may land summer flounder;

(4) July–August: 10.5 percent, 500 pound trip limit and a maximum of four days per week that a vessel may land summer flounder, or 250 pound trip limit and a maximum of seven days a week that a vessel may land summer flounder;

(5) September – October: 29 percent, 750 pound trip limit and a maximum of four days that a vessel may land summer flounder, except as follows:

(A) A vessel may elect to land summer flounder only one day per week. If such an election is made, the trip limit shall be 3,000 pounds;

(6) November – December: 11 percent, 1,000 pound trip limit and a maximum of four days per week that a vessel may land summer flounder, except as follows:

(A) A vessel may elect to land summer flounder only one day per week. If such an election is made, the trip limit shall be 3,500 pounds; and

(7) Any daily landing of summer flounder not exceeding 100 pounds during the period of May 1 through October 31 or 200 pounds during the period November 1 through April 30 shall not be applied to maximum weekly landing days during any season as specified in (i)2ii(1) through (6) above, provided the amount of summer flounder landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold.

iii. No vessel shall have in possession or land and no dealer shall accept from any one vessel more than the daily trip limit of summer flounder in any one calendar day.

iv. Any vessel participating in a directed summer flounder fishery shall notify the Department of the time and place of unloading of the vessel at least two hours in advance of such unloading. Such unloading shall not occur except between the hours of 6:00 A.M. and 6:00 P.M. from November 1 through April 30 and 6:00 A.M. and 8:00 P.M. from May 1 through October 31. The vessel shall also report how many times that week (Sunday through Saturday) the vessel will have landed, including the trip being called in. For example, "This will be my third landing this week." Notification shall include a phone call to (609) 748-2050 unless changed by notice to permit holders via first class mail.

v. If a minimum of 100,000 pounds of the New Jersey summer flounder quota remains unlanded as of December 1 in any calendar year, the Commissioner, or his or her designee, may set a daily trip limit for the remainder of that calendar year or until the quota specified in (i)2 above is landed, whichever occurs first.

vi. The Commissioner, or his or her designee, shall close the season for the directed and/or by-catch commercial summer flounder fishing season upon two days public notice of the projected date the seasonal percentage of the annual quota shall be caught. Public notice shall include letters by first class mail to all permitted New Jersey Summer Flounder Dealers and New Jersey Summer Flounder Permit holders.

vii. Once the season has been closed for the directed commercial summer flounder fishery, no vessel shall land any summer flounder and no dealer shall accept any summer flounder landed in New Jersey in excess of the by-catch allowances specified in (i)1 above and provided the amount of summer flounder landed from any vessel shall not exceed 10 percent by weight of the total weight of all species landed and sold. If the entire season and/or annual quota including the by-catch allowance has been landed, then no vessel or person shall land or sell any summer flounder and no dealer or person shall accept or buy any summer flounder landed in New Jersey.

viii. If the Commissioner, or his or her designee, closes the season prematurely because of unanticipated

environmental events resulting in the quota not being landed by the projected date and at least one month remains in the current season, then the Commissioner, or his or her designee, may reopen the season for a specified period of time upon two days public notice. Public notice shall be made as specified in (i)2vi above.

(1) The Commissioner, or his or her designee, may set daily trip limits when reopening a prematurely closed season.

ix. If the quota for a particular season is not taken, the balance shall be reallocated for the following season, except that any balance existing as of December 31 of any year shall not be reallocated.

x. If the quota for any of the first five seasons is exceeded, the amount overharvested shall be deducted from the following season.

xi. If the quota for any year is exceeded, the amount overharvested will be deducted from the following year's annual quota. The remaining annual quota will then be allocated as defined in (i)2i and ii above.

xii. Beginning in 1994, the Department shall notify the holders of New Jersey Summer Flounder Permits of the season allocations no later than January 31 of the year to which the allocation applies. Notification shall be accomplished by first class mail to permit holders.

xiii. All New Jersey Summer Flounder Permit holders shall be required to complete monthly reports supplied by the Department. The monthly report shall be signed by the permittee attesting to the validity of the information and be submitted so it is received by the Department no later than 15 working days following the end of the reported month at the following address:

New Jersey Summer Flounder Program
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

(1) The monthly report shall include, but not be limited to, the following information: name, New Jersey Summer Flounder Permit number of the vessel, total amount (in pounds) of each species taken, dates caught, time at sea, duration of fishing time, gear type used to harvest, number of tows, area fished, crew size, landing port, date sold and buyer. This information shall be provided for any trip in which summer flounder are landed. New Jersey Summer Flounder Permit holders who also possess a Federal summer flounder permit and are required to report monthly to the Federal government may submit the "STATE" copy of their Federal log book in satisfaction of the New Jersey reporting requirements.

(2) If no trips for summer flounder were taken and no summer flounder were landed during the month, a report to that effect shall be required.

3. Pursuant to Amendment 5 of the Mid-Atlantic Fishery Management Council's Summer Flounder Management Plan, the Commissioner may enter into agreements with other states to transfer or combine summer flounder commercial quotas. Such agreements shall specify the terms and conditions under which vessels not in possession of a New Jersey Summer Flounder Permit may land summer flounder in New Jersey, as well as how the landings will be applied to the quota. Any agreement developed by the Commissioner and any other state is not valid until such time as it has been reviewed and approved by the Northeast Regional Director of the National Marine Fisheries Service.

4. No fish dealer shall accept any summer flounder from any vessel or harvester unless such dealer is in possession of a valid New Jersey Summer Flounder Dealers Permit. A New Jersey Summer Flounder Dealers Permit may be obtained by completing an application supplied by the Department and submitting it to:

New Jersey Summer Flounder Dealers Permit
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

5. No dealer shall accept from any vessel more than the amounts of summer flounder specified at (i)1 above unless said vessel is in possession of its valid New Jersey Summer Flounder Permit.

6. No vessel shall land and no dealer shall accept any summer flounder which have been frozen, filleted or processed in any way. Only whole, fresh summer flounder may be landed, except that by-catch amounts of summer flounder as specified in (i)1 above may be landed frozen provided that each fish is individually frozen whole and can be individually weighed and measured without thawing.

7. Any harvester or vessel landing summer flounder in New Jersey for the purpose of sale shall sell all summer flounder to a permitted New Jersey Summer Flounder Dealer.

8. All permitted New Jersey Summer Flounder Dealers shall provide daily reports during the period January 1 through February 28 and weekly reports during the period March 1 through December 31 to the Division listing the amount of summer flounder landed on a daily basis by size category and any other information that may be required by the Commissioner or as a result of any agreement with other states pursuant to (i)3 above. If no summer flounder were landed, a report to that effect shall be required. Such report shall be faxed to the Division at the number specified on the reporting forms supplied by the Division not later than 10:00 A.M. on the following day for daily reports and 12:01 P.M. on Monday following the week's end for weekly reports or sent by any other method approved by the Department. For the purpose of this

provision, the week shall begin on Sunday and end on Saturday.

9. Any person violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the following:

i. Failure to submit the application by May 31, 1994 for use of hook and line or to attach the required documentation to the application shall result in the denial of the permit.

ii. Falsification or misrepresentation of any information on the application including documentation provided to verify the amount of summer flounder landed as specified in (i)1ii(3) above shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

iii. Failure to comply with the provisions of N.J.A.C. 7:25-18.14(i)2, minimum mesh sizes, (i)2iii above, landing, possession or accepting in excess of the daily trip limit for summer flounder, (i)2iv above, failure of notification of landing of summer flounder, (i)2vii above, landing summer flounder after the directed fishery and/or by-catch season has been closed, (i)2xiii above, failure to submit accurate and timely monthly reports, (i)5 above accepting more than by-catch amounts from nonpermitted vessels, (i)6 above accepting any summer flounder other than fresh product, or N.J.A.C. 7:25-18.14(a), (b), (d), (e), (f) or N.J.S.A. 23:3-46 through 47 shall result in the suspension during open seasons or revocation of the vessel's New Jersey Summer Flounder Permit or the dealers New Jersey Summer Flounder Dealers Permit according to the following schedule:

- (1) First offense: 60 days suspension
- (2) Second offense: 120 days suspension
- (3) Third offense: permanent revocation

iv. In calculating the period of suspension or revocation applicable under (i)9iii above, the number of previous suspensions shall be reduced by one for each three-year period in which the permit holder does not commit any other violation subject to this subsection, provided, however, that if more than one suspension is imposed within a three-year period, only one of those suspensions may be forgiven under this subparagraph; therefore, a permit holder who incurs more than one suspension in a three-year period shall not be considered a first offender under this subsection regardless of the length of any subsequent period without violation. The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

v. Any person who has had his or her New Jersey Summer Flounder Dealers Permit suspended or revoked shall not land or permit the landing of any summer flounder at his or her facility during the suspension or revocation under the provisions of another permittee's New Jersey Summer Flounder Dealers Permit.

vi. Prior to revocation of the permit, the permittee shall have the opportunity to request a hearing pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(j) The following provisions are applicable to the commercial harvest of winter flounder:

1. No person shall fish for or land any winter flounder taken by any net, trap, dredge or commercial gear in New Jersey waters, except during the open season of December 1 through May 31. No dealer shall accept any winter flounder taken in New Jersey waters except during such open season. No person shall have in possession, and no dealer shall accept from any person, more than the daily possession limit of 38 winter flounder. The harvest of winter flounder by the use of fyke net is subject to the provisions of N.J.A.C. 7:25-18.5(g)2 in addition to the daily possession limit specified in this paragraph.

(k) The following provisions are applicable to the commercial harvest of scup:

1. Annual coastwide scup quotas and daily trip limits for the periods of January 1 through April 30 and November 1 through December 31, and an annual New Jersey scup quota for the period from May 1 through October 31 shall be determined by the Mid-Atlantic Fishery Management Council as implemented by the National Marine Fisheries Service or determined by the Atlantic State Marine Fisheries Commission. All landings of scup in New Jersey during the period from May 1 through October 31 shall be applied to the New Jersey scup quota.

i. Any closure of the scup fishery by the National Marine Fisheries Service in adjacent Federal waters or any closure that includes New Jersey marine waters during the periods January 1 through April 30 and November 1 through December 31 would automatically close New Jersey to commercial landings of scup.

ii. The Commissioner, or his or her designee, shall implement annual and seasonal scup quotas and daily trip limits as determined by the Atlantic States Marine Fisheries Commission upon two days public notice. The implemented quotas and limits shall also be reflected in this subsection through a notice of administrative change in the New Jersey Register, in accordance with N.J.A.C. 1:30-2.7.

iii. The Commissioner, or his or her designee, shall close the season for the commercial scup fishery upon two days public notice of the projected date the New Jer-

sey seasonal quota shall be caught. Public notice shall include letters by first class mail to all New Jersey Scup Dealer Permit holders and Federal scup moratorium permit holders that are New Jersey residents.

iv. Once any season has been closed for the commercial scup fishery, no vessel shall land any scup and no dealer shall accept any scup landed in New Jersey.

v. If the Commissioner, or his or her designee, closes the New Jersey season prematurely because of unanticipated events resulting in the quota not being landed by the project date, then the Commissioner, or his or her designee, may reopen the season for a specified period of time upon two days public notice. Public notice shall be made as specified in (k)1iii above.

vi. If the quota for any season is exceeded, the amount overharvested shall be deducted from the following year's quota for that season.

2. No vessel shall have in possession or land and no dealer shall accept from any vessel more than the lesser of the daily trip limits set by the National Marine Fisheries Service or the Atlantic States Marine Fisheries Commission for the season of January 1 through April 30 and November 1 through December 31 and no vessel shall have in possession or land and no dealers shall accept from any one vessel more than the daily trip limit of 5,000 pounds of scup during the season of May 1 through October 31 or as provided for in (k)2i below.

i. If a minimum of 25 percent of the New Jersey scup quota is projected to remain unlanded as of October 1 in any calendar year, then there shall be a 10,000 pound trip limit for the remainder of the season or until the season is closed as provided in (k)1i above.

ii. The trip limit for scup shall be seven trips per week (Sunday through Saturday) with landings not to exceed 50,000 pounds per trip from January 1 through April 30 and a daily limit as established by the National Marine Fisheries Service from November 1 through December 31. During the period of January 1 through April 30, the daily trip limit will be reduced to 1,000 pounds when it is projected that 80 percent of the period quota will be harvested.

3. No fish dealer shall accept any scup from any vessel or harvester unless such dealer is in possession of a valid New Jersey Scup Dealer Permit. A New Jersey Scup Dealer Permit may be obtained by completing an application supplied by the Department and submitting it to:

New Jersey Scup Dealer Permit
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

4. A harvester or vessel shall not land scup for the purpose of sale or sell any scup unless such harvester or vessel

is in possession of a valid scup moratorium permit issued by the National Marine Fisheries Service.

5. Any harvester or vessel landing scup in New Jersey for the purpose of sale shall sell all scup to a permitted New Jersey Scup Dealer.

6. All permitted New Jersey Scup Dealers shall provide weekly reports to the Division listing the amount of scup landed on a daily basis and any other information that may be required by the Commissioner or as a result of an agreement with other states pursuant to (k)9 below. Such report shall be faxed to the Division at the number specified on the reporting forms supplied by the Division no later than two days following the week's end or sent by any other method approved by the Department. For the purpose of this provision, the week shall begin on Sunday and end on Saturday.

7. All scup moratorium permit holders landing scup in New Jersey shall be required to complete monthly reports supplied by the Department. The monthly report shall be signed by the permittee attesting to the validity of the information and be submitted so it is received by the Department no later than 15 working days following the end of the reported month at the following address:

New Jersey Scup Program
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

i. The monthly report shall include, but not be limited to, the following information: name, scup moratorium permit number, total amount (in pounds) of each species taken, dates caught, time at sea, duration of fishing time, gear type used to harvest, number of tows, area fished, crew size, landing port, date sold and buyer. This information shall be provided for any trip in which scup are landed. Scup moratorium permit holders may submit the "STATE" copy of the Federal log book in satisfaction of the New Jersey reporting requirements.

8. Any person violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the following:

i. Failure to comply with the provisions of (k)1iv above, landing or accepting scup after the season has been closed; (k)2 above, landing or accepting more than the daily trip limit; (k)3 above, accepting scup from a vessel without first having obtained a valid New Jersey Scup Dealer Permit; (k)4 above, landing for the purpose of sale or selling scup without first having obtained a valid scup moratorium permit; (k)5 above, selling scup to a non-permitted fish dealer; or (k)6 and 7 above, failure to submit accurate and timely reports, shall result in the suspension during the open seasons or revocation of the dealer's New Jersey Scup Dealer Permit according to the following schedule:

- (1) First offense: 60 days suspension.
- (2) Second offense: 120 days suspension.
- (3) Third offense: Permanent revocation.

ii. In calculating the period of suspension or revocation applicable under (k)8i above, the number of previous suspensions shall be reduced by one for each three-year period in which the permit holder does not commit any other violation subject to this subsection, provided, however, that if more than one suspension is imposed within a three-year period, only one of those suspensions may be forgiven under this subparagraph; therefore, a permit holder who incurs more than one suspension in a three-year period shall not be considered a first offender under this subsection regardless of the length of any subsequent period without violation. The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

9. Pursuant to Amendment 8 of the Mid-Atlantic Fishery Management Council's Fishery Management Plan for the Summer Flounder and Scup Fishery, the Commissioner may enter into agreements with other states to transfer or combine scup commercial quotas. Such agreements shall specify the terms and conditions under which vessels may land scup in New Jersey, as well as how the landings will be applied to the quota. Any agreement developed by the Commissioner and any other state is not valid until such time as it has been reviewed and approved by the Northeast Regional Director of the National Marine Fisheries Service.

(I) Special provisions applicable to an Atlantic herring fishery are as follows:

1. The possession of more than 5,000 pounds of Atlantic herring on board a vessel or landed from a vessel shall constitute a directed fishery for Atlantic herring.
2. A person shall not fish for or land any Atlantic herring in excess of 5,000 pounds using any vessel in excess of 165 feet in length and in excess of 3,000 horsepower in a directed fishery for Atlantic herring.
3. Atlantic herring taken in a directed fishery for Atlantic herring shall not be processed for use as fish meal or oil.
4. Any closure of the Atlantic herring fishery by the National Marine Fisheries Service or the Atlantic States Marine Fisheries Commission in adjacent Federal waters or in any area which includes New Jersey marine waters would automatically close New Jersey waters to the commercial harvest of Atlantic herring.
5. If any of the management areas identified in the joint New England Fishery Management Council Atlantic States Marine Fisheries Commission Fishery Management Plan

for Atlantic Herring are closed by the National Marine Fisheries Service or the Atlantic States Marine Fisheries Commission, the landing of Atlantic herring harvested from any management area that is closed shall be prohibited in New Jersey.

(m) Dealer business records may be used as admissible evidence in any proceeding to document violations of trip limits, weekly landing limits or closed seasons specified in this section.

(n) For the purpose of this section, "land" shall mean to begin offloading fish, to offload fish or to enter port with fish.

(o) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify quotas, trip limits and/or seasons, as well as gear types and gear restrictions, specified in this section by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. §5104(b) or to maintain consistency with any Mid-Atlantic Fishery Management Council plan adopted by the National Marine Fisheries Service. The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify trip limits and/or seasons, as well as gear types and gear restrictions, specified in this section by notice in order to provide for the optimal utilization of any quotas specified in this section. The Commissioner will review the catch rate for a particular species in relation to the season quota and, if harvest data indicate that upward adjustments in harvest control measures are warranted to maximize utilization of the available quota within a specific season for a specific fishery, the Commissioner may adjust the above specified control measures to achieve optimal utilization of the total allowable catch. The Department shall publish notice of any such modification in the New Jersey Register.

(p) An applicant who is otherwise eligible for a license or permit under (c)2 and 5; (e)2 and 5; or (h)1 above, but who fails to apply prior to the application deadline, may request an extension of time to apply in accordance with this subsection and (q) through (s) below.

1. The written request, along with any supporting documentation, shall be submitted to:

New Jersey Division of Fish and Wildlife
 PO Box 400
 Trenton, New Jersey 08625-0400

2. The request shall:

i. Identify the specific permit for which the extension of time to apply is requested;

ii. Explain in detail why the extension of time to apply is needed, including a statement of the type and degree of hardship that prevented the timely application of the permit, and the hardship that will result to the applicant if the permit is not granted; and

iii. Provide appropriate documentation as necessary to support the request for extension.

(q) The Department shall approve an extension request under (p) above only if it determines that the request and documentation demonstrate that:

1. By reason of extraordinary hardship or exceptional situation or condition, the applicant was precluded from applying for his or her Tautog, Non Directed Fishery Tautog, Shad Commercial Net, Shad Incidental Harvest, or New Jersey Black Sea Bass permit during the 12-month application period preceding the year for which the permit is requested;

2. By reason of extraordinary or exceptional situation or condition, strict compliance with the deadline in (c)2 and 5; (e)2 and 5; or (h)1 above would result in exceptional and undue hardship upon the applicant; and

3. The circumstances supporting (q)1 and 2 above were not created by the applicant or persons under his or her control, and the approval of the extension will not unreasonably interfere with the orderly administration of the permitting program.

(r) The Department shall provide written notice to the applicant of its decision to approve or deny the request for extension.

(s) The denial of an extension request may be appealed pursuant to the procedures outlined in N.J.A.C. 7:25-18.17, Request for adjudicatory hearing.

(t) All persons shall comply with all commercial provisions of the approved Atlantic States Marine Fisheries Commission fisheries management plan for Spanish mackerel, spot, and spotted seatrout implemented by the National Marine Fisheries Service. The Federal provisions shall apply in both Federal and New Jersey territorial waters.

7:25-18.13 Striped bass bonus program

(a) Pursuant to N.J.S.A. 23:5-45.1(c), the possession of one "bonus sized" striped bass, measuring not less than 28 inches in length, will be allowed in addition to the possession limit allowed under N.J.S.A. 23:5-45.1(a), pursuant to (b) through (o) below.

(b) Any person intending to take one "bonus sized" striped bass, as defined in (a) above, in addition to his or her striped bass possession limit as specified at N.J.S.A. 23:5-45.1 shall apply to the Division to participate in the striped bass bonus program. Applications may be obtained from the following:

1. Division of Fish and Wildlife

Striped Bass Bonus Fish Program

Nacote Creek Research Station

PO Box 418

Port Republic, NJ 08241-0418

2. Fish checking stations, as authorized by the Division and identified pursuant to (i) below.

3. On the Division of Fish and Wildlife's website at www.njfishandwildlife.com.

(c) The application form shall be completed to include the name, address and telephone number of the applicant.

(d) Applications to participate in the striped bass bonus program shall be processed in order of receipt by the Division.

(e) Successful applicants will receive non-transferable fish possession cards, the number to be determined by the Commissioner or his or her designee based on the available quota and the number of applicants. One card shall be filled out completely and the month and day numbers perforated immediately upon retention of a bonus striped bass. A finite number of cards shall be available to participating party and charter boat captains in the name of the vessel and owner. Fish possession cards issued to party and charter boats are for the use of patrons on that vessel and shall not be sold, offered for sale or used for barter.

(f) Fish possession cards shall be valid in the calendar year for which they were issued except during those periods in which the Department has closed the State's waters to harvesting as provided at (l) below.

(g) Successful applicants may keep and submit annual records of their striped bass fishing activity as requested on forms furnished by the Division. Such records shall include the name, address, and card number(s) of the fishermen, the days and hours fished, the lengths of striped bass caught, the location of fishing activity and the type of fishing. Party and charter boat captains shall be required to maintain and submit logbooks developed by the Division.

(h) A person shall not have in his or her possession at any time more than the number of striped bass provided for in N.J.S.A. 23:5-45.1, nor shall such striped bass be less than the size provided for in N.J.S.A. 23:5-45.1. One additional striped bass may be possessed and shall not be less than the size defined in (a) above. Said person shall have a properly

completed and legal fish possession card, as provided for at (e) above.

(i) Any striped bass taken under this section may be transported to an authorized fish check station by the person who caught the fish on the day so taken. A list of authorized fish check stations shall be provided to all participants in the striped bass bonus program by the Division via first class mail along with the fish possession cards. Fish check stations shall also be listed on the Division's website at www.njfishandwildlife.com. A person shall not present for registration or permit to be registered in his or her name a striped bass which he or she did not catch. Any person who legally takes a striped bass under this section and who cannot arrive at a fish check station shall immediately mail his or her fish possession card to the address presented at (b) above.
