

10:57-2.11 Pharmaceutical; podiatrist administered drugs

(a) The New Jersey Medicaid and NJ KidCare fee-for-service programs shall reimburse podiatrists for certain approved drugs administered intradermally, subcutaneously, intra-muscularly or intravenously in the office, home, or independent clinic setting according to the following reimbursement methodologies, and the requirements of N.J.A.C. 10:51.

1. Podiatrist-administered medications shall be reimbursed directly to the podiatrist under certain situations. (See HCPCS, N.J.A.C. 10:57-3 for a listing of HCPCS procedure codes.)

i. A "J" code may be billed in conjunction with an office, home, or independent clinic visit when the criteria for an office or home visit is met and the procedure code is for the method of drug administration. The HCPCS 90799 may be billed for intradermal, subcutaneous, intramuscular, or intravenous drug administration.

ii. The Division has assigned HCPCS procedure codes and Medicaid/NJ KidCare maximum fee allowances to certain, selected drugs for which reimbursement to the podiatrist is based on the Average Wholesale Price (AWP) of a single dose of an injectable drug, or the podiatrist's acquisition cost, whichever is less.

iii. Unless otherwise indicated in N.J.A.C. 10:57-2, the Medicaid maximum fee allowance is determined based on the AWP per unit which equals one cubic centimeter (cc) or milliliter (ml) of drug volume for each unit. For drug vials with a volume equal to one cubic centimeter (cc) or milliliter (ml), the Medicaid maximum fee allowance shall be based on the cost per vial.

iv. A visit for the sole purpose of an injection is reimbursable as an injection and not as an office visit plus an injection. On the other hand, if the criteria of an office or home visit are met, an injection may, if medically indicated, be considered as an add-on to the visit. The drug administered must be consistent with the diagnosis and conform to accepted medical and pharmacological principles in respect to dosage frequency and route of administration.

v. No reimbursement will be made for an injection given as a preoperative medication or as a local anesthetic which is part of an operative or surgical procedure, since this injection would normally be included in the prescribed fee for such a procedure.

2. In situations where a drug required for administration has not been assigned a "J" code or level III HCPCS, the drug shall be prescribed by the podiatrist and obtained from a pharmacy which directly bills the New Jersey Medicaid program. In this situation, the podiatrist shall bill only for the administration of the drug, using HCPCS 90799.

Amended by R.1998 d.248, effective May 18, 1998.

See: 30 N.J.R. 626(a), 30 N.J.R. 1812(b).

See: 31 N.J.R. 1304(a), 31 N.J.R. 2637(a).

In (a), inserted a reference to NJ KidCare fee-for-service programs in the introductory paragraph, and substituted a reference to the Division for a reference to the New Jersey Medicaid program and inserted a reference to NJ KidCare maximum fee allowances in 1ii.

10:57-2.12 Pharmaceutical services

All covered pharmaceutical services provided under the New Jersey Medicaid and NJ KidCare fee-for-service programs shall be provided to Medicaid and NJ KidCare fee-for-service beneficiaries within the scope of N.J.A.C. 10:49, Administration, and N.J.A.C. 10:51, Pharmaceutical Services.

Amended by R.1999 d.292, effective September 7, 1999.

See: 31 N.J.R. 1304(a), 31 N.J.R. 2637(a).

Deleted (a) designation, inserted a reference to NJ KidCare fee-for-service programs, and substituted a reference to Medicaid and NJ KidCare fee-for-service beneficiaries for a reference to Medicaid recipients.

10:57-2.13 Medical exception process (MEP)

(a) For pharmacy claims with service dates on or after September 1, 1999, which exceed PDUR standards recommended by the New Jersey DUR Board and approved by the Commissioners of DHS and DHSS, the Division of Medical Assistance and Health Services has established a Medical Exception Process (MEP).

(b) The medical exception process shall be administered by a contractor, referred to as the MEP contractor, under contract with the Department of Human Services.

(c) The medical exception process shall apply to all pharmacy claims, regardless of claim media, unless there is a recommended exemption by the New Jersey DUR Board which has been approved by the Commissioners of DHS and DHSS, in accordance with the rules of those Departments.

(d) The medical exception process (MEP) is as follows:

1. The MEP contractor shall contact prescribers of conflicting drug therapies, or drug therapies which exceed established PDUR standards, to request written justification to determine medical necessity for continued drug utilization.

i. The MEP contractor shall send a Prescriber Notification Letter which includes, but may not be limited to, the beneficiary name, HSP identification number, dispense date, drug quantity, drug description. The prescriber shall be requested to provide the reason for medical exception, diagnosis, expected duration of therapy, and expiration date for medical exception.

ii. The prescriber shall provide information requested on the Prescriber Notification to the MEP contractor.

2. Following review and approval of a prescriber's written justification, if appropriate, the MEP contractor shall override existing PDUR edits through the issuance of a prior authorization number.

3. The MEP contractor shall notify the pharmacy and prescriber of the results of their review and include at a minimum, the beneficiary's name, mailing address, HSP number, the reviewer, service description, service date, and prior authorization number, if approved, the length of the approval and the appeals process if the pharmacist does not agree with the results of the review.

4. Prescribers may request a fair hearing to appeal decisions rendered by the MEP contractor concerning denied claims (see N.J.A.C. 10:49-10, Notices, Appeals and Fair Hearings).

5. Claims subject to the medical exception process which have not been justified by the prescriber within 30 calendar days shall not be authorized by the MEP contractor and shall not be covered.

New Rule, R.1999 d.232, effective July 19, 1999 (operative September 1, 1999).

SUBCHAPTER 3. HCFA COMMON PROCEDURE CODING SYSTEM (HCPCS)

10:57-3.1 Introduction to the HCPCS procedure code system

(a) The New Jersey Medicaid and NJ KidCare programs use the Health Care Financing Administration's (HCFA) Common Procedure Code System (HCPCS). HCPCS follows the American Medical Association's Physician's Current Procedure Terminology CPT (American Medical Association, PO Box 10950, Chicago, IL 60610. Attention: Order Department) architecture, employing a five-position code and as many as two two-position modifiers. Unlike the CPT numeric design, the HCFA-assigned codes and modifiers contain alphabetic characters. Because of copyright restrictions, the CPT procedure narratives for Level I codes are not included in this manual, but are incorporated herein by reference.

(b) HCPCS has been developed as a three-level coding system, as follows:

1. Level I codes: Narratives for these codes are found in CPT, which is incorporated herein by reference, as amended and supplemented. The codes are adapted from CPT for use primarily by physicians, podiatrists, optometrists, certified nurse-midwives, certified nurse practitioners and clinical nurse specialists, independent clinics and independent laboratories. Level I procedure codes, and fees for each, for which podiatrists may bill, can be found at N.J.A.C. 10:57-3.2.

2. Level II codes: These codes are assigned by HCFA for physician and non-physician services which are not in CPT. Narratives for these codes, and the fees for each, can be found at N.J.A.C. 10:57-3.3.

3. Level III codes: Level III codes identify services unique to the New Jersey Medicaid and NJ KidCare programs. These codes are assigned by the Division to be used for those services not identified by CPT codes or HCFA-assigned codes. Narratives for these codes, and the fees paid for each, can be found at N.J.A.C. 10:57-3.4.

(c) Specific elements of HCPCS codes require the attention of providers. The lists of HCPCS code numbers for pediatric services are arranged in tabular form with specific information for a code given under columns with titles such as: "IND," "HCPCS CODE," "MOD," "DESCRIPTION," "FOLLOW-UP DAYS" and "MAXIMUM FEE ALLOWANCE." The information given under each column is summarized below:

1. Alphabetic and numeric symbols under "IND" & "MOD":

These symbols, when listed under the "IND" and "MOD" columns, are elements of the HCPCS coding system used as qualifiers or indicators ("IND" column) and as modifiers ("MOD" column). They assist the provider in determining the appropriate procedure codes to be used, the area to be covered, the minimum requirements needed, and any additional parameters required for reimbursement purposes.

i. These symbols and/or letters shall not be ignored because they reflect requirements, in addition to the narrative which accompanies the CPT/HCPCS procedure code as written in the CPT, for which the provider is liable. These additional requirements shall be fulfilled before reimbursement is requested.

ii. If there is no identifying symbol listed, the CPT/HCPCS procedure code narrative prevails.

- IND = lists alphabetic symbols used to refer the provider to information concerning the New Jersey Medicaid or NJ KidCare program's qualifications and requirements when a procedure or service code is used.
An explanation of the indicators and qualifiers used in this column is located below and in paragraph 1, "Alphabetic and numeric symbols," as follows:
- A = "A" preceding any procedure code indicates that these tests can be and are frequently done as groups and combinations (profiles) on automated equipment.
- E = "E" preceding any procedure code indicates that these procedures are excluded from multiple surgery pricing and, as such, should be reimbursed at 100 percent of the Medicaid maximum fee allowance, even if the procedure is done on the same patient by the same surgeon at the same operative session and also that the procedure codes are excluded from the policy indicating that office visit codes are not reimbursed in addition to procedure codes for surgical procedures.
- L = "L" preceding any procedure code indicates that the complete narrative for the code is located in N.J.A.C. 10:57-3.3 or 3.4.

N = "N" preceding any procedure code means that qualifiers are applicable to that code. (See N.J.A.C. 10:57-3.5.)

HCPCS CODE = HCPCS procedure code numbers.

MOD = Alphabetic and numeric symbols: Under certain circumstances, services and procedures may be modified by the addition of alphabetic and/or numeric characters at the end of the code. The New Jersey Medicaid and NJ KidCare program's modifier codes for podiatry services are:

20 = Microsurgery: When the service is performed using the techniques of microsurgery, including the aid of an operating microscope, modifier '20' may be added to the surgical procedure.

22 = Unusual Services: When the service(s) provided is greater than that usually required for the listed procedure, it may be identified by adding modifier '22' to the usual procedure number.

26 = Professional Component: Certain procedures are a combination of a physician and a technical component. When the physician component is reported separately, the service may be identified by adding the modifier '26' to the usual procedure number. If a professional component type service is keyed without the '26' modifier and a manual pricing edit is received, resolve the edit by adding the '26' modifier.

50 = Bilateral Procedure: Unless otherwise identified in the listing, bilateral procedures requiring separate incisions that are performed at the same operative session, should be identified by the appropriate five-digit code describing the first procedure. The second (bilateral) procedure is identified by adding modifier '50' to the procedure number.

51 = Multiple Procedures: When multiple procedures are performed at the same operative session, the major procedure may be reported as listed. The secondary, additional or lesser procedure(s) may be identified by adding the modifier '51' to the secondary procedure number(s).

52 = Reduced Services: Under certain circumstances, a service or procedure is partially reduced or eliminated at the podiatrist's election. Under these circumstances the service provided can be identified by its usual procedure number and the addition of the modifier '52' signifying that the service is reduced. This provides a means of reporting reduced services without disturbing the identification of the basic service.

62 = Two Surgeons: Under certain circumstances, the skill of two surgeons (usually with different skills) may be required in the management of a specific procedure. Under such circumstances the separate services may be identified by adding the modifier '62' to the procedure number used by each surgeon for reporting his or her services.

66 = Surgical Team: Under some circumstances, highly complex procedures (requiring the concomitant services of several physicians or podiatrists, often of different specialties, plus other highly skilled, specially trained personnel and various types of complex equipment) are carried out under the "surgical team" concept. Such circumstances may be identified by each participating physician or podiatrist with the addition of the modifier '66' to the basic procedure number used for reporting services.

75 = Concurrent Care Services Rendered By More Than One Physician Or Podiatrist: When the patient's condition requires the additional services of more than one physician or podiatrist, each physician or podiatrist may identify his or her services by adding the modifier '75' to the procedure code for the basic service performed.

76 = Repeat Procedure By Same Podiatrist: The podiatrist may need to indicate that a procedure or service was repeated subsequent to the original service. This circumstance may be reported by adding the modifier '76' to the repeated service.

77 = Repeat Procedure By Another Podiatrist: The podiatrist may need to indicate that a basic procedure performed by

another podiatrist had to be repeated. This situation may be reported by adding modifier '77' to be repeated service.

80 = Assistant Surgeon: Surgical assistant services are identified by adding this modifier '80' to the usual procedure number(s).

TC = When applicable, a charge may be made for the technical component alone. Under those circumstances the technical component is identified by adding the modifier 'TC' to the usual procedure code.

XE = Non-Medicare-Covered Service—to indicate a service provided to a Medicare/Medicaid or Medicare/NJ KidCare beneficiary is not reimbursable by Medicare.

DESCRIPTION = Code narrative:
Narratives for Level I codes are found in CPT. Narratives for Level II and III codes are found at N.J.A.C. 10:57-3.3 and 3.4, respectively.

FOLLOW-UP DAYS = Number of days for follow-up care which are considered as included as part of the procedure code for which no additional reimbursement is available.

MAXIMUM FEE ALLOWANCE = New Jersey Medicaid or NJ KidCare program's maximum reimbursement allowance. If the symbols "B.R." (By Report) are listed instead of a dollar amount, it means that additional information will be required in order to evaluate and price the service. Attach a copy of any additional information to the claim form.

(d) Listed in this subsection are general policies of the New Jersey Medicaid and NJ KidCare programs that pertain to HCPCS. Specific information concerning the responsibilities of a podiatrist when rendering Medicaid-covered or NJ KidCare fee-for-service covered services and requesting reimbursement are located at N.J.A.C. 10:57-1.7, Record-keeping, and 10:57-1.6, Basis of reimbursement.

1. General requirements are as follows:

- i. When filing a claim, the appropriate HCPCS procedure codes must be used, in conjunction with modifiers when applicable.
- ii. When billing, the provider must enter on the claim form a CPT/HCPCS procedure code as listed in this subchapter (N.J.A.C. 10:57-3.2, 3.3, 3.4).
- iii. Date(s) of service(s) must be indicated on the claim form and in the provider's own record for each service billed.
- iv. The "Maximum Fee Allowance" as noted with these procedure codes represents the maximum payment for the given procedure for the podiatrist. When submitting a claim, the podiatrist must always use her or his usual and customary fee.

(1) Listed values for all surgical procedures include the surgery and the follow-up care included in the maximum fee allowance for the period (indicated in days) in the column titled "Follow-Up Days."

- v. The HCPCS procedure codes that are billable in conjunction with office visit codes are listed at N.J.A.C. 10:57-3.5, Qualifiers. (See the "N" designation in the "Indicator" column.)

vi. The use of a procedure code will be interpreted by the New Jersey Medicaid and NJ KidCare programs as evidence that the practitioner personally furnished, as a minimum, the services for which it stands.

Amended by R.1998 d.248, effective May 18, 1998.
See: 30 N.J.R. 626(a), 30 N.J.R. 1812(b).

Updated HCPCS codes throughout.

Amended by R.1999 d.292, effective September 7, 1999.

See: 31 N.J.R. 1304(a), 31 N.J.R. 2637(a).

Inserted references to NJ KidCare programs throughout; in (c)1, inserted a reference to Medicare/NJ KidCare beneficiaries; and in (d), inserted a reference to NJ KidCare fee-for-service covered services.
