*Note:—This balance is \$66.18 less than reported last year, due to errors in transferring, or charging rather to wrong accounts. In the Manual Training account there was in reality an overdraft last year of \$96.68 instead of a balance of \$14.56, as reported, which, after being corrected, decreased the Manual Training balance to a deficit and increased the current expense balance by \$111.24. In the school library account the corrected balance at the close of year 1913, was \$79.24 instead of \$34.18. The difference, \$45.06, decreased the current expense balance by this amount.
