Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Stream Encroachment: Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
EVENTS OF PUBLIC INTEREST

DATE: **January 31, 2007**

TIME: **9:00 a.m.**

PLACE: **Landscape Irrigation Contractors Examination Board Public Meeting**
428 E. State Street, Carroll Building, 1st floor, Trenton, NJ

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
PUBLIC NOTICE/PUBLIC COMMENT PERIOD
REGARDING THE FFY2007 PROJECT PRIORITY LIST
(CLEAN WATER FINANCING)**

In August 2006, the Department of Environmental Protection (Department) issued its Proposed FFY2007 Priority System, Intended Use Plan and Project Priority List document for public review and comment. As part of the FFY2007 Priority System, the Department established a process through which the FFY2007 Priority List would be updated mid-year.

The primary purpose of this notice is to put forth a revised and updated FFY2007 Project Priority List that includes all of the projects, including those new projects that met the October commitment letter submittal deadline, for public review and comment. Thus, a comprehensive list of projects pursuing financing under the traditional schedule is now available. The Municipal Finance and Construction Element (MF&CE) in the Division of Water Quality has developed the updated FFY2007 Priority List in conformance with the ranking methodology contained in the FFY2007 Priority System document. This comprehensive list can be found at the Department's web site at <http://www.state.nj.us/dep/dwq/cwpl.htm> and is also available either electronically or in printed form by contacting our office at (609) 292-3859.

The public comment period for the revised and updated FFY2007 Project Priority List will close on February 19, 2007. All comments submitted in accordance with the deadline given above will be considered in the preparation of a revised final FFY2007 Project Priority List.

The Environmental Infrastructure Financing Program (Financing Program) is a partnership between the Department and the New Jersey Environmental Infrastructure Trust (Trust). The clean water financing aspects of the Financing Program provide low cost financing to local government units for the implementation of a wide variety of wastewater, stormwater and nonpoint source management projects, including open space land acquisition, landfill closure and construction and site remediation activities.

In addition, this notice serves as a reminder to potential project sponsors that the 2007 Financing Program includes second chance provisions to accommodate project sponsors that missed the initial application deadline of October 2, 2006. Sponsors of such projects will be given a second opportunity to participate in the 2007 Financing Program provided they are able to file a commitment letter to meet the 2007 Program deadlines, submit complete planning and design documents, a loan application and proof that all applicable DEP permits/approvals have been applied for on or before March 5, 2007. Projects that met the October deadline will be given higher priority for eligibility for long-term funding than second chance projects and will have a better opportunity to participate in the Trust's interim financing program in the current funding cycle. In addition to the documentation above, sponsors of projects not currently listed on the FFY2007 Priority List will also need to submit a Project Status/Cost Update Form in order to be considered for the second chance opportunity in the 2007 Financing Program.

For questions regarding this notice or for copies of the comprehensive list, please contact Kevin Power, FFY07 Priority List Coordinator, MF&CE, at (609) 292-3859. To arrange a pre-planning meeting for a land acquisition project, please contact Scott Shymon, Supervisor, Program Development and Land Acquisition Unit at (609) 292-3859. For all other projects, please contact Gautam Patel, Chief, Bureau of Finance and Construction Permits, at (609) 984-6840.

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin **and** a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin **only**.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:
