19:47-3.5 Shuffle and cut of the cards

(a) Immediately prior to the commencement of play, unless the cards were pre-shuffled pursuant to N.J.A.C. 19:46-1.18(r), and after each shoe of cards is completed, the casino licensee shall require its dealers to perform, at its option, either of the following procedures:

1. One or more of the dealers shall shuffle the cards so that they are randomly intermixed. After the cards have been shuffled, a dealer shall lace approximately one deck of cards so that they are evenly dispersed into the remaining stack.

After lacing the cards, the casino licensee may, i. as an additional option, require the dealer calling the game to shuffle some or all of the cards again.

A casino licensee shall not initiate or terminate ii. the use of this reshuffling option unless the casino licensee provides its surveillance department and the Commission with at least 30 minutes prior written notice; or

2. One or more of the dealers shall "wash" and stack the cards, after which each of the three dealers shall shuffle the stack of cards independently.

(b) Any shuffling or lacing option chosen for use by a casino licensee pursuant to (a) above shall be implemented at all tables within a pit.

(c) After shuffling or lacing the cards and, where applicable, reshuffling them, the dealer calling the game shall offer the stack of cards, with backs facing away from the dealer, to the participants to be cut. The dealer shall begin with the participant seated in the highest number position at the table or, in the case of reshuffle the last curator and working clockwise around a table, shall offer the stack to each participant until a participant accepts the cut. (e) Once the cutting card has been inserted into the stack, the dealer shall take all cards in front of the cutting card and place them to the back of the stack. The dealer shall then in(e) The first horizontal column at the top of Table 2 labeled "Third Card Drawn by Player's Hand" shall refer to the value of the third card drawn by the "Player's Hand" as distinguished from the Point Count of the "Player's Hand".

(f) The letter "D" used in Table 2 shall mean that the "Banker's Hand" must draw a third card and the letter "S" used in Table 2 shall mean that the "Banker's Hand" must stay (i.e. not draw a third card).

(g) The method of using Table 2 shall be to find the Point Count of the "Banker's Hand" in the first vertical column and trace that horizontally across the table until it intersects the third card drawn by the "Player's Hand". The box at which such intersection takes place will show whether the "Banker's Hand" shall draw a third card or stay. For example, if the Point Count of the "Banker's Hand" after two cards is 5 and the value of the third card drawn by the "Player's Hand" is 4, the table shows that the "Banker's Hand" shall draw a third card.

(a) After each hand has received all the cards to which it is entitled pursuant to N.J.A.C. 19:47–3.7, 3.8 and 3.9, the dealer shall announce the final Point Count of each hand indicating which hand has won the round. If the two hands have equal Point Counts, the dealer shall announce "Tie Hand."

(b) After the result of the round is announced, the dealer or dealers responsible for the wagers on the table shall first collect each losing wager. Thereafter, the dealer or dealers shall, in accordance with one of the following procedures, pay each winning wager and collect or mark any vigorish or commission owed pursuant to N.J.A.C. 19:47–3.3.

1. Starting at the highest numbered player position at which a winning wager is located and proceeding in descending order to each next highest numbered player position, the dealer shall first pay each winning wager and then, returning to the highest numbered player position at which a winning wager was located and proceeding in like order, mark or collect the vigorish owed by each player.

2. Starting at the highest numbered player position at which a winning wager is located and proceeding in descending order to each next highest numbered player position, the dealer shall first mark or collect the vigorish owed by each player and then, returning to the highest numbered player position at which a winning wager is located and proceeding in like order, pay each winning wager.

3. Starting at the highest numbered player position at which a winning wager is located, the dealer shall pay that player's winning wager and immediately thereafter mark or collect the vigorish owed by that player and then, proceeding in descending order to the next highest numbered player position at which a winning wager is located, repeat this procedure until each winning wager is paid and the vigorish owed by each player is either marked or collected.

4. Starting at the highest numbered player position at which a winning wager is located, the dealer shall mark or collect the vigorish owed by that player and immediately thereafter pay that player's winning wager and then, proceeding in descending order to the next highest numbered player position at which a winning wager is located, repeat this procedure until the vigorish owed by each player is either marked or collected and each winning wager is paid.

(c) A casino licensee may, in its discretion, elect to use any of the procedures authorized in (b) above at any punto banco table in its establishment; provided, however, that:

1. The same procedure shall be used for all punto banco tables located within the same gaming pit; and

2. The Commission and the casino licensee's surveillance department shall be notified, in writing, at least 30 minutes prior to the implementation of or a change in the particular procedure to be used at a table or gaming pit.

ii. That the series numbers of all Forms received by a casino licensee shall be accounted for by casino employees, that access to the Form prior to use shall be restricted to pit clerks, and that each series of Forms shall be used in sequential order;

iii. The deposit of the original Form in the drop box by the dealer, in the presence of the pit boss and pit clerk who signed the Form;

iv. The retention of the duplicate copy of the Form by the pit clerk, for forwarding to the casino accounting department at the end of the gaming day, where it will be compared to the original Form placed in the drop box;

(d) A casino licensee may, in its discretion, charge every player at a minibaccarat table a vigorish equal to 25 percent of the player's wager on the "Banker's Hand" if the Point Counts of the "Banker's Hand" and the "Player's Hand" are equal. The vigorish authorized by this subsection shall be collected at the end of the round of play and prior to any cards being dealt for the next round of play. (b) After the cards have been shuffled, the casino licensee shall require the dealer, at its option, to either:

1. Leave the entire stack of cards intermixed but not entirely squared off ("feathered") so that the floorperson can verify that the shuffle did not result in any uneven distribution of cards; or

2. Lace approximately one deck of cards so that they are evenly dispersed into the remaining stack.

i. After lacing the cards, the casino licensee may, as an additional option, require the dealer to shuffle some or all of the cards again.

(d) After shuffling or lacing the cards and, where applicable, reshuffling them, the dealer shall offer the stack of cards, with backs facing away from the dealer, to the participants to be cut. (e) The cards shall be cut by placing the cutting card in the stack at least 10 cards in from either end.

(f) Once the cutting card has been inserted into the stack, the dealer shall take all cards in front of the cutting card and place them to the back of the stack. The dealer shall then insert one cutting card in a position at least 14 cards in from the back of the stack, and the second cutting card at the end of the stack. (a) There shall be two hands dealt in the game of minibaccarat one of which shall be denominated the "Player's Hand" and the other denominated the "Banker's Hand".

The first and third cards dealt shall be placed on the area designated for the "Player's Hand" and the second and fourth cards dealt shall be placed on the area designated for the "Banker's Hand":

2. The first and third cards dealt shall be placed face down on the area designated for the "Player's Hand" and the second and fourth cards dealt shall be placed face down underneath the right corner of the dealing shoe until the "Player's Hand" is called as provided for in N.J.A.C. 19:47-7.8(a), at which time the second and fourth cards shall be turned face up and placed on the area designated for the "Banker's Hand": or

3. After all four cards have been dealt, the dealer shall place the "Banker's Hand" underneath the right corner of the dealing shoe until the "Player's Hand" is called, as provided for in N.J.A.C. 19:47-7.8(a).

The dealer shall then hand the two cards of the i. "Player's Hand," face down, to the player with the highest wager on the "Player's Hand." After viewing the "Player's Hand," the player shall return the two cards, face up, to the dealer, who shall place the cards face up on the area designated for the "Player's Hand" and announce the point count of the "Player's Hand" in accordance with N.J.A.C. 19:47-7.8(a).

The dealer shall then hand the two cards of the ii. "Banker's Hand," face down, to the player with the highest wager on the "Banker's Hand." After viewing the "Banker's Hand," the player shall return the two cards, face up, to the dealer, who shall place the cards face up on the area designated for the "Banker's Hand" and announce the point count of the "Banker's Hand" in accordance with N.J.A.C. 19:47-7.8(a).

(c) The "Banker's Hand" shall draw (that is, take a third card) or stay (that is, not take a third card) in accordance with the requirements of Table 2 below.

(d) The first vertical column in Table 2 labeled "Point Count of Banker's Hand" shall refer to the Point Count of the "Banker's Hand" after the first two cards have been dealt to it.

(e) The first horizontal column at the top of Table 2 labeled "Third Card Drawn by Player's Hand" shall refer to the value of the third card drawn by the "Player's Hand" as distinguished from the Point Count of the "Player's Hand".

(f) The letter "D" used in Table 2 shall mean that the "Banker's Hand" must draw a third card and the letter "S" used in Table 2 shall mean that the "Banker's Hand" must stay (that is, not draw a third card).

(g) The method of using Table 2 shall be to find the Point Count of the "Banker's Hand" in the first vertical column and trace that horizontally across the table until it intersects the third card drawn by the "Player's Hand". The box at which such intersection takes place will show whether the "Banker's Hand" shall draw a third card or stay. For example, if the Point Count of the "Banker's Hand" after two cards is 5 and the value of the third card drawn by the "Player's Hand" is 4, the table shows that the "Banker's Hand" shall draw a third card.

19:47-7.10 Announcement of result of round; payment and collection of wagers

(a) After each hand has received all the cards to which it is entitled pursuant to N.J.A.C. 19:47-7.7, 7.8 and 7.9, the dealer shall announce the final Point Count of each hand indicating which hand has won the round. If two hands have equal Point Counts, the dealer shall announce "Tie Hand".

(b) After the result of the round is announced, the dealer responsible for the wagers on the table shall first collect each losing wager. Thereafter, the dealer shall, in accordance with one of the following procedures, pay each winning wager and collect or mark any vigorish or commission owed pursuant to N.J.A.C. 19:47-7.3.

1. Starting at the highest numbered player position at which a winning wager is located and proceeding in

descending order to each next highest numbered player position, the dealer shall first pay each winning wager and then, returning to the highest numbered player position at which a winning wager was located and proceeding in like order, mark or collect the vigorish owed by each player.

2. Starting at the highest numbered player position at which a winning wager is located and proceeding in descending order to each next highest numbered player position, the dealer shall first mark or collect the vigorish owed by each player and then, returning to the highest numbered player position at which a winning wager is located and proceeding in like order, pay each winning wager.

3. Starting at the highest numbered player position at which a winning wager is located, the dealer shall pay that player's winning wager and immediately thereafter mark or collect the vigorish owed by that player and then, proceeding in descending order to the next highest numbered player position at which a winning wager is located, repeat this procedure until each winning wager is paid and the vigorish owed by each player is either marked or collected.

4. Starting at the highest numbered player position at which a winning wager is located, the dealer shall mark or collect the vigorish owed by that player and immediately thereafter pay that player's winning wager and then, proceeding in descending order to the next highest numbered player position at which a winning wager is located, repeat this procedure until the vigorish owed by each player is either marked or collected and each winning wager is paid.

(c) A casino licensee may, in its discretion, elect to use any of the procedures authorized in (b) above at any minibaccarat table in its establishment; provided, however, that:

1. The same procedure shall be used for all minibaccarat tables located within the same gaming pit;

2. Any minibaccarat table located in a gaming pit that also contains a punto banco table shall use the same pro-

19:47-7.11 Irregularities

(a) A third card dealt to the "Player's Hand", when no third card is authorized by these regulations, shall become the third card of the "Banker's Hand" if the "Banker's Hand" is obliged to draw by Table 2 of N.J.A.C. 19:47-7.9. If, in such circumstances, the "Banker's Hand" is required to stay, the card dealt in error shall become the first card of the next hand except as otherwise provided in (c) below.

(b) A card drawn in error from the shoe shall be used as the first card of the next hand of play except as otherwise provided in (c) below.

(c) If a card dealt in error pursuant to (a) or (b) above is disclosed at the time it is dealt, the dealer shall perform the procedure in (c)1 through 3 below that has been pre-selected by the casino licensee in its rules of the game submission.

1. The disclosed card and an additional number of cards equal to the value of the disclosed card shall be drawn face upwards from the shoe and placed in the discard rack.

2. The disclosed card and one additional card drawn face downwards from the shoe shall be placed in the discard rack without disclosing the additional card.

3. The disclosed card shall be used as the first card of a simulated round of play in which no wagers shall be accepted, the cards shall be dealt in accordance with the rules of this subchapter and the cards shall be discarded upon completion of the dealing procedures.

(d) Any card found face upwards in the shoe shall not be used in the game and shall be placed in the discard rack, along with an additional number of cards, drawn face upwards, equal to the value of the card found face upwards in the shoe. (e) If there are insufficient cards remaining in the shoe to complete a round of play, that round shall be void and a new round shall commence after the entire set of cards are reshuffled and placed in the shoe.

(f) The dealer or floorperson assigned to the table may require any player to relinquish the right to turn over the cards pursuant to N.J.A.C. 19:47-7.7(c)3, if the player unreasonably delays the game or violates either the Casino Control Act or the rules of the Commission. Whenever the voluntary or compulsory relinquishment of that right occurs, the dealer shall offer it to the player immediately to the right of the previous player, and, if he or she does not accept it or there is no player in that position, the dealer shall offer it to each of the other players in turn counterclockwise around the table for the remainder of that round of play. If no player accepts the cards, the dealer shall turn the cards over and place them on the designated areas of the layout.
