TABLE 15: STATE EQUALIZED PROPERTY TAX RATES

The state equalized property tax rates on the following pages are calculated by multiplying the general tax rate by the ratio of assessed to true value. Thus the table shows the tax rate that would be applied if the assessment level were 100 per cent. This permits ready comparison of the tax trends of New Jersey municipalities.

The general tax rate does not include taxes levied for special districts, nor does it include annual service fees paid to public authorities. Because of this, it alone is not a valid indicator on which to base comparisons of governmental service levels in the different municipalities. It is, however, valid as an indicator of the minimum magnitude of the tax bill which would be presented to a taxpayer.

## GLOSSARY

ANNUAL BUDGET: the governing body of each local unit is required by law to adopt a budget for each calendar year. The law is N.J.S. 40A:4-1 et. seq., known as the "local budget law". Every municipality and county in New Jersey operates on a full cash basis.

ANNUAL DEBT STATEMENT: sworn statement filed by law by the chief financial officer of the local unit, attesting to the debt condition of the local unit. The law is N.J.S. 40A:2-1 et. seq., known as the "local bond law".

ASSESSED VALUATION: the proportional value of property assessed for real property taxation as determined by the local assessor whose jurisdiction extends over a municipal area. (See Net Valuation Taxable.)

ASSESSMENT OF TAXES: the process of levying property taxes proportioned to property value. The expenditure report line with this title includes expenditures incurred for supervision and maintenance of appraisal and assessment records, tax map preparation and maintenance, revaluation programs, and other activities of the local assessor and the County Board of Taxation.

AUTHORITIES: corporate public agencies created to perform specific functions within a local unit or region. Authorities have power to levy and collect service charges, incur debt, and operate autonomously.

AUTHORITY DEBT: indebtedness of an authority outstanding on the date specified.

BANK STOCK TAX: the tax paid to the county by banks on the value of their outstanding stock. In 1969 this revenue was shared by the county with the municipality in which the banks are located. In 1970 it will also be shared with the State.

BOND ORDINANCE: an ordinance adopted by the governing body of the local unit providing for the authorization of bonded indebtedness and repayment obligations under N.J.S. 40A:2-1 et. seq., known as the "local bond law".

CAPITAL DEBT: the long-term or short-term indebtedness authorized by bond ordinance for expenditures of a capital nature.

CAPITAL DEBT ISSUED AND OUTSTANDING: principal amount of all capital debt issued and unpaid on the date specified.

CAPITAL IMPROVEMENTS: the capital improvement expenditure data in this report includes: down payments on improvements (a 5% down payment is required in the "local bond law" when making an appropriation for improvement by ordinance), "Capital Improvement Fund" (which may be used to provide the necessary down payment or may be used to finance the improvement in whole or in part through an ordinance appropriation), other capital improvements appropriations from the current budgets for capital projects or items of equipment such as fire engines, road scrapers, ambulances, etc.)

CAPITAL OUTLAY: expenditures by ordinance or budget appropriation for the construction, purchase, or improvement of fixed assets such as buildings and equipment, parks and playgrounds, vehicular equipment, streets, roads, sidewalks, storm sewers, etc. (see list of Capital Outlay on individual pages of local units).

CASH BASIS BUDGET: a balanced budget, showing that there will be sufficient cash collected during the year to meet all debt service requirements, necessary operations of the local unit, and any mandatory payments required.

CHIEF FINANCIAL OFFICER: means the Director of Revenue and Finance, Comptroller, Treasurer, Collector or other financial officer of a municipality, or the treasurer of a county.

CORRECTIONAL AND PENAL: Emergency shelters for minors accused of a crime, penitentiaries, jails, and detention houses.

COUNTY: a local unit of government governed by a Board of Chosen Freeholders. The County is responsible for welfare, education, tax assessment, elections. (There are 21 counties in New Jersey.)

COUNTY EQUALIZATION RATIO: the equalization ratio used by the County Board of Taxation to calculate column 11 of the County Abstract of Ratables.

COUNTY EXTENSION SERVICES: farm and home demonstrations, 4-H Clubs, and related activities.

COUNTY TAXES: the amount paid by the municipality to the county for the municipal share of the county tax levy as apportioned by the County Board of Taxation.

CURRENT FINANCES: the current financial position of a local unit as reflected in its condensed current fund balance sheet for the fiscal year reported.

CURRENT TAXES: property taxes levied by the local unit for support of appropriations in the current budget.

DEBT LIMITATION: the statutory debt limit in New Jersey is 3 1/2% for municipalities and 2% for counties, computed on the "equalized valuation basis."

DEBT SERVICE: the payment made by the local unit of the principal, interest and other charges on the obligations issued by it whether temporary or permanent.

DEDUCTIONS (FROM GROSS DEBT TO CALCULATE NET DEBT): the "local bond law" defines the methods for calculating the deductible portion of gross capital debt. All school debt within the statutory limit is deductible. All self-liquidating or utility debt is deductible if the utility is self-sustaining. If the utility is not self-sustaining, the operating deficit is capitalized at 5% and becomes a charge against the debt limit of the municipality. The deductions from other debt come about through funds on hand, accounts receivable, and similar specific items allowable as deductions. Also bonds authorized by another Public Body to be guaranteed by the municipality are deductible.

DEFERRED CHARGES: unbudgeted expenditures, payment of prior year's bills, deferred charges to future taxation (appropriation in current budget for part payment of a capital item which reduces the amount necessary to finance a capital project), cash deficit of a previous year, emergencies of a prior year, etc.

DELINQUENT TAXES: all taxes unpaid at the close of the year.

DISTRICT SCHOOL TAXES: payments to the local school district, regional school district and consolidated school district for the support of the school budget.

EFFECTIVE TAX RATE: the effective tax rate is the tax rate which would apply if the property taxed were assessed at true value. Because New Jersey defines true value as market value, and conducts a statistically designed sales ratio program in order to calculate state promulgated equalization ratios, the effective property tax rate for New Jersey municipalities is the general tax rate multiplied by the equalization ratio.

ENVIRONMENTAL INSPECTION AND CONTROL: the expenditure line in this report includes these activities: code enforcement; building inspection; plumbing inspection; electrical inspection; elevator inspection; gas inspection; air conditioning inspection; heating plant inspections; housing and rooming house inspection; air pollution control; water pollution control; and sanitary inspections of nursing homes, hotels, motels, and trailer camps.

EQUALIZATION RATIO: the ratio of assessed value to true (market) value of real property.

EQUALIZED VALUATION: the true (market) value of real property, calculated by dividing the assessed value by the equalization ratio (see also State Equalized Value).

EQUALIZED VALUATION BASIS: the average of the three (3) preceding years of the sum total of: (a) the aggregate equalized valuations of real property as certified in the Table of Equalized Valuations published by the Director of the Division of Taxation of the Department of the Treasury on October 1st of each year; and (b) the assessed valuation of Class II railroad property as set forth in the Table of Equalized Valuations referred to in (a) above.

EXPENDITURES: actual cash disbursements plus amounts reserved to meet bills incurred during the year but unpaid at the close of the calendar year.

FISCAL YEAR: the fiscal year of all New Jersey counties and municipalities is the calendar year.

GENERAL TAX RATE: the general tax rate is the rate applied to the net taxable assessed valuation of a municipality to yield the required tax levy. It is the rate shown on the County Abstract of Ratables and on the tax bill. Because of varying assessment practices, it is a rate which has no meaning in comparative tax rate studies.

GROSS DEBT: includes all bonds and notes authorized or guaranteed by a local unit or a school district, whether or not issued. Does not include tax anticipation notes, emergency notes, special emergency notes, or utility revenue notes.

HEALTH SERVICES EXCEPT ENVIRONMENTAL: the municipal expenditure line in this report includes these activities: health boards and departments; physicians; visiting nurses; morgues; vital statistics; disease control; food; drug; food handling inspections; public baths; municipal child evaluation centers; municipal deprived children care; contributions to health organizations; narcotics centers; diagnostic centers; mental health and similar activities. The county expenditure line includes those of these activities not reported as a separate activity.

HUMAN RESOURCES: the expenditure line in this report includes activities such as those for youth, aging, Senior Citizens, child care centers, anti-poverty programs, head-start programs, etc.

LAND RECLAMATION AND CONSERVATION: the municipal expenditure line in this report includes these activities: water policy and conservation; flood prevention and damage; and conservation of natural resources.

LINE ITEM: A budget line item is an appropriation or a specific anticipated revenue. A property line item is an entry on the tax rolls.

LOCAL PURPOSE TAXES: the amount of taxes assessed to support the municipal budget (i.e. to operate and maintain the municipality and provide for municipal debt service.)

LOCAL UNIT: a county or municipality.

MOODY RATING: the Moody Rating is the credit rating given by the Moody's Investors Service.

MUNICIPAL FUNCTIONS: expenditures necessary to operate the municipality and provide the services required. (See list of functions and activities.)

MUNICIPAL PUBLIC UTILITY: an agency created to perform specific functions within a municipal, county, or regional area. Operations are separate and distinct from the local unit, but not autonomous with respect to it. There are now nine types of municipal utilities in New Jersey: airport, beach, water, water and sewer, sewer, harbor, electric, parking, swimming pool.

MUNICIPALITY: a municipal corporation (there are no unincorporated territories in New Jersey). The name of a New Jersey municipality (i.e. city, town, township, borough, or village) does not indicate size, population or form of government.

NET DEBT: the amount of authorized debt remaining after statutory deductions are taken. The present law limits the amount of net debt for municipalities to 3 1/2% of equalized valuation basis for the sum on municipal and school debt. The present law limits the amount of net debt for counties to 2% of equalized valuation basis.

NET VALUATION ON WHICH COUNTY TAXES ARE APPORTIONED: this figure is taken from column 11 of the County Abstract of Ratables. It includes the County equalization of net valuation taxable, plus several statutory adjustments, plus an equivalent valuation for the business personalty taxes collected and replaced by the State.

NET VALUATION TAXABLE: the assessed valuation of real property, excluding Class II railroad property, over which property taxes are levied. Telephone and telegraph equipment are assessed locally, and are included in this figure.

OTHER JUDICIAL: court attendants and services of court reporters.

OTHER PUBLIC WORKS: the expenditure line in this report includes these activities: motor vehicle maintenance and fueling; public works equipment purchase and maintenance; general administration of public works; recreational flying fields; transportation capital expenditures; marine and harbor improvements; water system and improvements; feasibility studies; and purchase of municipal utilities.

PARCEL: a parcel is a piece of property entered on the tax map as one unit and carried on the tax rolls for assessment and tax collection purposes as one unit.

PER CAPITA FIGURES: computations are based upon the estimated population for the report year. Care should be taken in using these figures for comparative purposes, since all services included are not necessarily provided to the residential population for the report year. Future research is planned to find a better measurement for cost comparisons.

PLANNING, HOUSING AND DEVELOPMENT: the expenditure line in this report includes these activities: zoning; urban renewal; housing; planning; economic development; industrial commissions; physical rehabilitation; model cities programs; boards of adjustment; tidelands and meadowlands development; urban development; and community planning.

PROPERTY ACQUIRED BY DEED OR FORECLOSURE: (Often referred to as foreclosed property.) When property taxes are unpaid, the collector is required by law to sell the property for non-payment of taxes. If there is no outside purchaser, the property is acquired by the municipality and the tax title lien is vested in the municipality. After two years from the date of the tax title lien sale, the municipality is permitted by law to foreclose the property owner's right of redemption of the lien and thus acquire title to the property.

RATABLE: a ratable is a taxable parcel of real property.

RESERVE FOR UNCOLLECTED TAXES: an item in the municipal budget which is designed to insure the municipality sufficient cash with which to carry out its functions after providing in full to other governmental units--local schools, county and special districts. This reserve becomes a tax levy added to the tax levy required to meet the budget, and represents the amount of tax monies expected to remain uncollected at the end of the year, based on the collection level of the previous year.

REVENUES: monies which were received during the calendar year. Surplus revenue may be in part offset by deferred charges and State Aid may be represented by State funds set aside as a reserve but not yet paid over.

SPECIAL DISTRICTS: independent governmental corporations created within a local municipal unit to provide definite functions and having power to tax, impose service charges and incur debt. They are autonomous, and their officials are usually elected, not appointed.

STANDARD AND POOR RATING: the Standard and Poor Rating is the credit rating given by the Standard and Poor Company.

STATE AID: revenues represent amounts received from the State under the several State Aid programs authorized by the State Legislature. These include State road aid, highway lighting, building allowances for Type I schools and others.

STATE EQUALIZATION RATIO: the equalization ratio promulgated by the Director of the Division of Taxation on October 1st of each year.

STATE EQUALIZED PROPERTY TAX RATES: derived by multiplying the general tax rate by the ratio of assessed value to true value (see table).

STATE EQUALIZED VALUE: the item reported in this report is calculated by dividing the net valuation taxable by the State Equalization Ratio to arrive at true value.

STATE EQUALIZED VALUATION: is promulgated by the Director of Taxation and represents a uniform computation of property value by formula designed to provide equitable distribution of State Aid programs.

STATUTORY: this term is used to identify a situation established by law. For example: a statutory expenditure is one required by law.

TAX RATE: means the general tax rate applicable to all taxable property. It is derived by dividing the total tax levy by the net valuation taxable. All tax rates shown are based upon \$100 valuation.

TAX TITLE LIENS: this asset is created as result of sale by municipality for non-payment of real estate taxes, delinquent assessments, utility charges or special district taxes.

TYPE I SCHOOL DEBT SERVICE: the amount of principal and interest included in the budget of the municipal corporation for payment of debt for school structures in Type I (formerly called Chapter VI) School Districts.

VETERAN AND SENIOR CITIZEN TAXES: veterans and senior citizens receive a special property tax deduction on their tax bill. The amount for veterans is \$50 and for senior citizens \$80. These deductions are summed for each municipality, and the total amount added to the budgeted tax levy before the tax rate is struck. This insures that the amount of money involved is raised by local property taxation. Thus, though the deductions are granted to qualifying owners, a tax is levied to finance the grant.

WEIGHTS AND MEASURES: county and local inspections of weighing and measuring equipment and related law enforcement.
