5:46-1.3 Participation criteria for organizations

(a) In order to qualify for approval for participation in the Program, a community-based organization shall demonstrate, to the satisfaction of the Department, that it meets the following criteria:

1. It shall qualify as a tax-exempt, not-for-profit organization under sections 501(a) and 501(c)(3) of the U.S. Internal Revenue Service;

2. It shall maintain sufficient facilities that are reasonably accessible to account holders, including people with disabilities;

3. It shall have human and material resources sufficient to implement the Program in its local community and shall have a history of providing service to low-income persons in that community and of success in raising funds for that purpose. If it is a new organization, it shall have staff and board members who have had such experience in other organizations;

4. It shall present a workable plan for development, implementation and management of an individual development account program in the community, which plan shall include endorsement from at least one cooperating local financial institution. The plan shall indicate the length of time, in months and years, of the operation of the program by the organization, taking into account the resources that are or will be available;

5. It shall offer a comprehensive economic literacy program suited to the needs of the participating individuals, either with its own staff or under a proposed agreement with a qualified provider organization;

6. It shall identify the target population, together with a workable plan to exceed, to the extent that it shall identify, the minimum requirement of 33.3 percent participation by current or former WorkFirst New Jersey recipients pursuant to P.L. 1997, c.38 (N.J.S.A. 44:10-55 et seq.), or Aid to Families with Dependent Children recipients, or Temporary Assistance for Needy Families (TANF) recipients pursuant to 42 U.S.C. §§ 601 et seq. when using Federal TANF funding; and

7. It shall demonstrate that it has made a good faith effort to develop a satisfactory working relationship with the WorkFirst New Jersey Program and with the Workforce Investment Board of the county in which the community is located; and

(b) The Department shall select for participation in the Program those organizations that, in its judgment, would most effectively and efficiently provide to the target population the service required by the statute.

5:46-1.4 Trust accounts for individuals

(a) A community-based organization participating in the Program shall maintain a separate trust account in a financial institution as defined by the Multiple Party Deposit Account Act, P.L. 1979, c.491, N.J.S.A. 17:16I-1 et seq. The trust account shall be an interest-bearing savings instrument bearing rates and fees at least as favorable to the depositor as the best terms available to other customers with similar accounts at each participating financial institution.

(b) To the extent that available funding, including funding from both public and non-public sources, may allow, the match rate shall be at least one dollar for each dollar deposited by the account holder into a supervised savings account.

1. Matching trust account deposits shall only be made for income earned by the individual and not deposited by any third party.

5:46-1.5 Supervised savings accounts

(a) The community-based organizations shall apply criteria for minimum and maximum levels of deposit that have been approved by the Department. These criteria shall be determined based upon the circumstances of the population to be served; provided, however, that in all cases the minimum level of deposit shall be not less than \$10.00 per month.

(b) Deposits in excess of \$1,500 per year shall not be eligible for matching funds.
