General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs
Attn: Adjudicatory Hearing Requests
Department of Environmental Protection
PO Box 402

The New Jersey Department of Environmental Protection (Department), Division of Sustainable Waste Management, hereby gives notice that it has tentatively approved a Solid and Hazardous Waste Facility Class 3 Permit Modification application submitted by Safety-Kleen Systems, Inc., Linden City, Union County, EPA ID No.: NJD002182897, hereby referred to as the application. The application proposes the addition of a new containment unit (the Mix Pit Building) and three new truck stations (Truck Stations 11, 12, and 13); and provides clarification to the existing text within the approved permit document. The Mix Pit Building will include two new mix pits and ancillary equipment in an enclosed building for the treatment of metal-bearing hazardous wastes and non-hazardous waste via stabilization/solidification. The Mix Pit Building has a maximum capacity of 200 tons/day hazardous waste and 99 tons/day non-hazardous waste in the mix pits and a container storage area (CSA3) with a capacity of 18,000 gallons. The draft permit covers ongoing waste activities that are regulated by the Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) on the State level and the Resource Conservation and Recovery Act (RCRA) on the Federal level.

Safety-Kleen Systems, Inc. (Safety-Kleen), Linden Recycle Center, operates as a major commercial solid and hazardous waste facility. The primary hazardous waste activity at the facility involves processing of spent organic solvents received from Safety-Kleen service centers, other Safety-Kleen recycle centers, and various commercial and industrial generators to recover clean solvents for recycling or sale. Other hazardous waste activities at the facility include processing of waste received from other Safety-Kleen facilities, waste generated on-site, and waste received from Safety-Kleen customers to produce fuel. Additionally, Safety-Kleen operates a transfer station facility which stores waste received from generators and ship off-site to other authorized facilities. Solid waste activities authorized by this permit include storage, bulking, commingling, consolidation, and transfer of ID27 and ID72 type solid waste.

The public comment period on this tentative approval begins on March 9, 2026 and ends on April 22, 2026. Written comments and requests for a public hearing must be submitted to:

Diane Gard, Chief
New Jersey Department of Environmental Protection
Division of Sustainable Waste Management
Bureau of Recycling and Hazardous Waste Management
401 E. State Street
P.O. Box 420, Mail Code 401-02C
Trenton, NJ 08625-0420
Tel: 609-940-3438

The Department will respond to all relevant comments submitted during the public comment period. These comments and the Department's response will be set forth in a response document, which shall become part of the administrative record upon which the Department will base its final decision. Any person who has submitted relevant written comments will receive notification of the Department's final decision. Upon the written request of any interested party, which in the opinion of the Department raises significant issues relevant to the proposed agency action during the public comment period, a public hearing will be scheduled regarding the proposed agency action.

Copies of the permit application are available for inspection at the Department's Bureau of Recycling & Hazardous Waste Management office listed above. Anyone wishing to obtain a copy of a fact sheet on the facility, further information, or to arrange to review the administrative record should first contact Diane Gard at the address listed above.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE**

COASTAL ZONE MANAGEMENT GENERAL PERMIT 22

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION has entered into a Settlement Agreement that would issue a Coastal

Zone Management General Permit 22 (Authorization) that would resolve the appeal of the denial of Coastal Zone Management General Permit 22 application # 0116-07-0006.4, LUP240001). Said Authorization would authorize temporary/seasonal structures including a 14 x 18 beach bar, decking, tables and chairs, umbrellas, awnings, lighting, signage, fencing and rudimentary at/above grade electric and water connections, including an at/above grade discharge line for grey water from sinks only, under a Coastal Zone Management General Permit 22.

The Authorization would be issued pursuant to the Coastal Zone Management Rules, (N.J.A.C. 7:7-1.1 et seq.). The proposed project would be as shown on plans consisting of 1 sheet, entitled PLAN TO ACCOMPANY NJDEP APPLICATION, BLOCK 25, LOT 4, MARGATE CITY, ATLANTIC COUNTY, NEW JERSEY", dated March 6, 2024, last revised July 14, 2025, and prepared by Arthur W. Ponzio, Jr., P.E., P.L.S.. Notice of the final permit decision will appear in the DEP Bulletin under the section entitled "Division of Land Resource Protection".

IN THE MATTER OF: Yo-Leven, Inc. C/O Louis DiVentura
File No. 0116-07-0006.4, LUP240001
City of Margate, Atlantic County

Block: 25, Lot: 4

Comments regarding this settlement should be sent to: Janet Stewart, Manager, Bureau of Coastal Permitting, Division of Land Resource Protection, NJDEP, P.O. Box 420, Mail Code 501-02A, Trenton, NJ 08625-0420, or by email care of janet.stewart@dep.nj.gov or the office may be reached by telephone: (609) 633-2289.

Comments must be received by NJDEP within thirty (30) days of this publication, or by April 3, 2026.

CAPE MAY REG WTF NJ0020371 DSW Major	545 SUNSET BLVD Lower Twp, NJ 08212 Cape May County	Kirstin Victorella Bureau of Surface Water and Pretreatment Permitting (609) 292-4860	Atlantic Ocean SC(C2) Atlantic Coast(34th St to Cape May Pt)	Surface Water Renewal Permit Action - This is a renewal of a NJPDES DSW permit to discharge a permitted flow of 3.0 MGD of treated and disinfected, domestic wastewater to the Cape May County Municipal Utilities Authority Lower Regional Ocean outfall line, which then combines with effluent from the Lower Township MUA (NJ0023809) at the Wildwood/Lower Regional WTF (NJ0053007), before ultimately being discharged to the Atlantic Ocean, classified as SC waters. Wastewater is processed through a mechanical bar screen, manual bar screen, (3) primary clarifiers, (3 bays of 4) rotating biological contactors , (2) secondary clarifiers, and an effluent pumping station with sodium hypochlorite addition.
HANOVER SEWERAGE AUTHORITY WTP NJ0024902 DSW Major	40 TROY RD Whippany, NJ 07981 Morris County	Jonathan Hanuschik Bureau of Surface Water and Pretreatment Permitting (609) 292-4860	Whippany River FW2-NT(C2) Whippany River	Surface Water Renewal Permit Action - This permit action is for the renewal of an existing NJPDES permit which authorizes the discharge of a NJPDES permitted flow of 4.61 MGD of treated and disinfected domestic wastewater with industrial contribution to the Whippany River classified as FW2 NT(C2) waters. The facility has a delegated pretreatment program. Treatment consists of bar screens, grit chambers, settling tanks, trickling filters, nitrification tanks, tertiary filters, chlorination tanks, and dechlorination.
LANDIS SEWERAGE AUTHORITY NJ0025364 DGW	1776 S MILL RD Vineland, NJ 08360 Cumberland County	Steve Kumpf Bureau of Ground Water, Residuals, and Permit Administration (609) 984-4428	Cohansey II-A	Ground Water Renewal Permit Action - Landis Sewage Authority of Vineland, Cumberland County, has applied for a renewal NJPDES-DGW permit. This waste water treatment plant consists of bar screening, pre-aeration, equalization, primary settling, biological nitrification-denitrification, secondary settling and chlorination. After treatment, the effluent is discharged to groundwater via 130 acres of spray irrigation fields and 125 acres of infiltration percolation lagoons.

<p>OLD YORK COUNTRY CLUB NJ0105392 DGW</p>	<p>228 OLD YORK RD Chesterfield, NJ 08015 Burlington County</p>	<p>Phillip Schocklin Bureau of Ground Water, Residuals, and Permit Administration (609) 984-4428</p>	<p>Woodbury II-A</p>	<p>Ground Water Revocation Permit Action - The facility, which was previously a Country Club associated with an 18 hole golf course, club house with restaurant, pro shop, swimming pool, tennis courts, maintenance building and comfort station, has been closed and all discharge onsite has ceased. Based on this, a revocation for the previous sewage generating activities has been requested.</p>
