The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Performance by Grade: Grade 8**

This table shows participation and performance on the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by end of course exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:
<http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

Chronic Absenteeism by Grade

This graph shows the percentage of students in the school and across the state who were chronically absent for each grade level. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. Students receiving both in-school and out-of-school suspensions will be counted in all rows of the table. Students who received more than one suspension are counted only one time in each category below.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school’s technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school’s LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	93.9	17.5%
Mathematics Proficiency	78.8	17.5%
English Language Arts Growth	75.5	25.0%
Mathematics Growth	92.7	25.0%
Chronic Absenteeism	16.3	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		74.7
Summative Rating: Percentile rank of Summative Score		85.0
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile		No

** Indicator scores are only calculated for inclusion in ESSA accountability if data is available for at least 20 students.

† Indicator weights for this school were adjusted due to data availability.

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 Courses, Curriculum, Instruction:	<p>CDMS offers a variety of academic and related arts programs to all students. The core academic program consists of LA, Math, Science, SS and World Language. Small grade-level teams of teachers meet daily to discuss individual students' needs and plan instruction based on data collected through on-going formative assessments. We are fortunate to have teachers that are caring, talented, and hard working professionals who dedicate their time and efforts to ensure that all students learn.</p>
 Sports and Athletics:	<p>Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cross-Country (Boys & Girls), Soccer (Boys & Girls), Softball (Girls), Tennis (Boys & Girls), Track and Field - Spring (Boys & Girls), Wrestling (Boys & Girls)</p> <p>Students at Cedar Drive are encouraged to "extend their school day" by participating in a variety of extracurricular activities including sports such as soccer, cross country, basketball, cheerleading, wrestling, baseball, softball, tennis, and track and field. Our student-athletes compete on the playing fields and represent themselves and their teams in a very positive light. Coaches work closely with their players to instill the importance of good sportsmanship, teamwork, and hard work.</p>
 Clubs and Activities:	<p>To foster a deeper connection between our students and their school, students participate in a variety of extracurricular experiences to further develop their interests and talents. Activities such as robotics, yoga, cooking and more are offered and facilitated by our staff. In addition, we offer clubs such as Art and Make-A-Difference, Student Council, Morning Announcements, Adv. Chorus, Concert/Jazz Band, Yearbook, and an Academic team who compete in local, state, and national tournaments.</p>

 Staff and Professional Learning:	In the spirit of continuous improvement, the staff at Cedar Drive participates in on-going training and professional development throughout the year. From Teacher's College Reader's and Writer's Workshop to personalized learning initiatives, Project Lead the Way® to Google Apps for Education, data analysis to inquiry-based learning experiences in Science and Math, we pride ourselves on "getting better" in an effort to increase student achievement.
 Student Supports and Services:	Knowing our students is key to success; providing targeted interventions that include both enrichment and remediation opportunities helps meet the needs of all of our students. We offer enrichment electives in LA, peer tutoring, homework improvement, reading interventions, and in-class supports to move all students forward. Our I & RS team meets bi-monthly to develop plans for identified students and works collaboratively with staff to ensure that students receive additional support.
 Parent and Community Involvement:	The Colts Neck PTO is an integral part of CDMS. This organization provides mini-grants to teachers to enhance classroom learning and fund new projects. It also sponsors assemblies and speakers for students to help establish a culture grounded in acceptance, tolerance, and respect. We are proud that staff, students, parents and community members continue to work together to create a nurturing and supportive learning environment where students are challenged to reach their full potential.

Other Information:

Our language arts literacy curriculum has been designed to reflect the Teacher’s College Reader’s and Writer’s Workshop approach and is aligned to the Common Core Standards. Our math program consists of both regular and advanced courses which foster a sense of self-confidence and excitement about mathematics through promoting the ability to reason, construct mathematical ideas, and apply problem-solving strategies. In science, hands-on laboratory investigations are offered, as well as inquiry-based learning experiences so that students are motivated to seek knowledge, information, and meaning through questioning and discovery. Each student participates in at least one marking period of Project Lead the Way® to help foster important engineering principles aligned with the Next Generation Science Standards; sixth grade students take Design and Modeling, seventh grade students engage in Robotics, and our eighth grade students challenge themselves in the Medical Detectives course. The social studies curriculum includes U.S. I, U.S. II and World History topics and incorporates non-fiction reading and writing strategies in an effort to enhance students’ ability to analyze and interpret informational text. Spanish and Italian are taught through an interpersonal approach and offered to all students on an alternate day schedule. Our related arts program includes art, music, chorus, explorations of 21st century technology skills, instrumental music, physical education, health, and communications arts. In addition, Cedar Drive offers opportunities to support the social, academic, and emotional development of every student through our advisory program. The main goal of our advisories is to build a strong sense of connectedness among all members of the school community. The program works to empower students to believe in themselves as individuals and to realize the impact that their words and actions have on others.

The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:
<http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Days Absent

The graph displays the percentage of K-12 students schoolwide by the number of days they were absent during the school year. An absence is defined as being 'not present' and includes both excused and unexcused absences.

Chronic Absenteeism by Grade

This graph shows the percentage of students in the school and across the state who were chronically absent for each grade level. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. Students receiving both in-school and out-of-school suspensions will be counted in all rows of the table. Students who received more than one suspension are counted only one time in each category below.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience

This table shows information about experience for teachers assigned to this school and across the state.

Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to the district in 2015-16 that were still assigned to the district in 2016-17. Staff who are not retained may have changed districts or no longer work for the state (including retirements).

Job Type	District	State
2015-16 Teachers: Same district 2016-17	90%	89%
2015-16 Administrators: Same district 2016-17	100%	88%

Faculty Attendance

This table shows the percentage of days that school faculty members were present during the school year. Approved professional days, personal days, staff training days, bereavement days, jury duty, and absences due to extended illness are not counted against days present, and faculty members on long-term leave or disability are excluded from this calculation.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	83.1	17.5%
Mathematics Proficiency	74.5	17.5%
English Language Arts Growth	87.5	25.0%
Mathematics Growth	43.4	25.0%
Chronic Absenteeism	73.9	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		71.4
Summative Rating: Percentile rank of Summative Score		81.9
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile		No

** Indicator scores are only calculated for inclusion in ESSA accountability if data is available for at least 20 students.

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 Staff and Professional Learning:	<p>Staff enjoy a variety of opportunities for continued growth and PD. We have full day and half day inservice throughout the year as well as weekly Professional Learning Community meetings. Our teachers also have common planning time to increase the collaboration among our teams. Staff also apply for out of district PD opportunities in areas of interest and connected to their PDPs.</p>
 Student Supports and Services:	<p>We have a comprehensive support program for all levels of student needs. Individualized learning is a priority at CRES and we offer Special Education courses for students with IEPs, basic skills support for struggling learners, as well as Enrichment classes for those who are excelling.</p>
 Student Health and Wellness:	<p>Every student receives two forty minute PE classes per week in addition to one 40 minute Health class. PE classes emphasize physical activity and movement while Health targets overall well-being and life choices for a healthy future.</p>
 Parent and Community Involvement:	<p>We have a very supportive PTO which offers mini-grants to our teachers each year as well as funding for trips and larger ticket items through their "Legacy" gifts. Our district also supports our Friends of Different Learners advocacy group which includes staff members and parents. This year we are also participating in the "SUSHI" club with students from Asbury Park as we support the Suburban/Urban Healthy Schools Initiative.</p>

The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

Other Resources:

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience

This table shows information about experience for teachers assigned to this school and across the state.

Category	Teachers in School	Teachers in State
Total Number of teachers	37	120,724
Average years experience in public schools	14.5	11.8
Average years experience in district	13.1	10.5
Teachers in district for 4 or more years	89%	74%

Administrators – Experience (District Level)

This table shows information about experience for administrators assigned to this district and across the state.

Category	Admin. in District	Admin. in State
Total Number of administrators	9	9,506
Average years experience in public schools	16.8	15.9
Average years experience in district	6.8	11.6
Administrators in district for 4 or more years	67%	74%

Student to Staff Ratios

This table shows the number of students per staff member in the school and district. Ratios for librarians, nurses, counselors, and child study team members are only reported at the district level because many staff in these jobs are assigned only to the district and not to individual schools.

Courses, Curriculum, Instruction:

Literacy instruction emphasizes phonemic awareness, comprehension, and reading fluency. Our hands-on approach to mathematics allows students to discover operations and relationships before exposure to formal algorithms. Students use manipulatives and technology in all content areas to complement instruction. An inquiry-based approach is used in our science and social studies classes. Through “hands-on, minds-on” investigations, students become knowledgeable, thoughtful, humane citizens.

Before and After School Programs:

The Colts Neck Township School District offers daily before and after school care, through our tuition-based "Colts Club" offering. Beginning at 7:30 a.m., children enjoy opportunities for games, thematic projects, and crafts before being escorted to their classrooms. At the conclusion of the day, children may work with Colts Club staff on homework, enjoy the playground, or small group activities. The program concludes at 6:30 each evening.

 <p>Staff and Professional Learning:</p>	<p>Staff members of CRPS are proactive contributors to our Professional Learning Community. Department/grade level teams pursue Professional Development workshops; engage in professional "book clubs"; and have regular dialogue with administrators regarding student progress and curriculum.</p>
 <p>Student Supports and Services:</p>	<p>Our Targeted Enrichment Program (TEP) is offered to qualifying students who have shown a high degree of proficiency in ELA/Literacy and/or Mathematics. Students who may need additional attention in these areas may qualify to participate in our Targeted Intervention Program (TIP). Services are offered to English Language Learners. Qualifying students receive therapies in OT, PT, and Speech.</p>
 <p>Student Health and Wellness:</p>	<p>Children at Conover Road Primary School participate in a daily outdoor recess, two Physical Education classes each week, and children in grades K-2 participate in one Health class per week. To encourage a sense of community and positive emotional health, children join in daily classroom morning meetings using the "Responsive Classroom" methodologies.</p>
 <p>Parent and Community Involvement:</p>	<p>A strong partnership exists between home and school. Parents participate through the Colts Neck Parent Teacher Organization and individually to enhance the education of their youngsters. Parents volunteers assist in the classrooms, the library, art appreciation, and the Innovation Lab. The PTO has graciously brought cultural arts assemblies and stimulating programs to our children.</p>

Conover Road Primary School offers a tuition-based preschool program for children who are aged three or four on or before October 1 of a given year. Parents may choose half-day or full day preschool options. A full-day, tuition-free kindergarten is offered to all Colts Neck residents. Our expanded "Innovation Lab" and Science Lab offerings allow children to explore the Next Generation Science Standards and STEAM education as they develop and construct with magnetic building tiles; learn to code robots; and engineer solutions to real-world issues. A special emphasis is placed on making sure that every individual understands his/her importance in our school community. We embrace the Northeast Foundation's Responsive Classroom methodologies for Daily Morning Meetings, Logical Consequences, and Academic Choice. To learn more about our school offerings and rigorous curriculum, kindly contact the Principal, Mrs. Tricia Barr at 732-946-0055 ext. 4700, or visit our district website at: www.coltsneckschools.org.
