Grant Awards

AUDIOVISUAL PUBLIC LIBRARY SERVICES: 16 MM FILMS 1990 GRANT AWARDS

In its first year of funding in FY 1990, the Audiovisual Public Library Services: 16mm Films Grant Program was developed to provide audiovisual public library services to public libraries and to residents of New Jersey through the use of 16 mm films. Program A funds projects serving northern New Jersey. Program B funds projects serving southern New Jersey.

A total of \$210,000 was budgeted for Year one of the grant program. The funding formula is based on the percentage of population of the area served to the state's total population. Applicants who have received funding in 1990 may continue to receive funding in subsequent years pending the availability of funds and evaluation of the project. A total of \$120,000 is anticipated to fund projects in 1991 and a total of \$60,000 is anticipated to fund projects in 1992.

Three members of a review panel individually reviewed each application and assigned points according to the criteria outlined in the grant application. The application with the highest total score for each program was funded. Each successful applicant was funded for the entire amount requested.

On that basis the following awards were made:

Program A:	Monmouth County Library	\$165,900
Program B:	Camden County Library	\$ 44,100
