CABLE FACTS

June 1, 1986

The attached provides information regarding individual cable television company addresses, franchises, service by county and subscriber totals. State totals are also given for subjects such as construction and pay cable service.

Please note that the information is current as of the date at the start of each section. Information provided is supplied by each cable operator and is on file in our offices at the address given above.

Part of the explanation for the delay in getting out this edition of Cable Facts stems from priorities in OCTV staff time. However, a more important factor has been difficulty in getting the necessary raw data from franchised cable operators. We must ask that operators make a greater effort to get requested data to us in a more timely fashion.

If you have any questions or comments please contact us at 201-648-2670. Like any periodical, Cable Facts strives continuously to fit itself to the needs of its readers.

Very truly yours,

Bernard R. Morris
Director
