13:38-1.2 General advertising practices

(a) The following words and terms, when used in this chapter, shall have the following meanings unless the context clearly indicates otherwise.

"Accrediting bodies" means any school of optometry, college or university approved by the Commission on Higher Education or the Council on Postsecondary Accreditation of the United States Department of Education or its successor.

"Advertisement" means any attempt directly or indirectly by publication, dissemination, or circulation in print or electronic media which directly or indirectly induces or attempts to induce any person or entity to consider, purchase or enter into an agreement to purchase optometric services, treatment, or ophthalmic materials from an optometrist.

"Electronic media" means and includes radio, television, computer and Internet.

"Optometrist" means any individual holding a license issued by the New Jersey State Board of Optometrists.

"Print media" means newspapers, magazines, periodicals, professional journals, professional letterhead, professional cards, telephone directories, circulars, handbills, flyers, billboards, signs, on premise signs and other similar items, documents or comparable publications, the content of which is disseminated by means of the printed word.

(b) An optometrist may, consistent with the provisions set forth in this section, advertise to the consuming public, through print or electronic media, the availability of optometric services and ophthalmic materials. In any advertising permitted by this subchapter, an optometrist shall not use, employ, permit or condone any practice, statement or format which is false, fraudulent, misleading or deceptive.

(c) An optometrist may advertise fees for services to be rendered and prices for ophthalmic materials offered for sale provided that:

1. The advertised service or ophthalmic materials are provided for not more than the advertised amount;

2. All advertised fees or prices are clearly and conspicuously displayed;

3. A statement of a fee for professional services shall be set forth in a single dollar amount and shall not be stated in the form of a range of fees. A statement of price relating to ophthalmic materials may be set forth in a range provided such range is stated in terms of a minimum and maximum dollar amount;

4. Where a separate or additional fee for the service of dispensing ophthalmic materials is to be charged, the advertisement shall disclose the dollar amount of such fee;

5. Where prices are set forth for ophthalmic materials and services for eyeglasses (lenses and frames), the advertisement shall indicate the type of frames and corrective lenses being offered such as clear or tinted, single vision or multifocal, and plastic, glass or other material. The lenses and frames may be priced separately or as a combined package. If the eye examination is included in the combined package, the advertisement shall also indicate the cost of the eye examination if the combined package is not purchased;

6. When prices are set forth for ophthalmic materials and services for contact lenses, the advertisement shall include, the fee for the minimum eye examination as defined in N.J.A.C. 13:38-2.1, the fee for the contact lens fitting or evaluation, the fee for the type and brand of lens being offered, and the fee for fitting instruction and follow-up care. These items may be priced separately or as a combined package. If a combined package is advertised, the advertisement shall also indicate fee for individual services if the combined package is not purchased. If the cost of a contact lens care kit is not indicated as a separate item or as a part of a combined package, the following statement shall be set forth: "The proper maintenance of certain contact lenses requires sterilization, storage and cleansing in special containers and solutions, the cost of which is not included in this offer." In all advertisements which include a price for a contact lens care kit, the type of kit shall be set forth. When the price of a contact lens is advertised, a statement shall be made to note that such lens may not be appropriate for all patients; and

7. An optometrist may offer a free or reduced fee eye examination. An advertised offer of a free or reduced fee eye examination shall not be contingent upon a resultant purchase of ophthalmic materials or services.

(d) In the event that an advertisement contains a statement with regard to an advertiser's refund policy, such policy shall clearly and conspicuously set forth all conditions including relevant time periods and dollar amounts to be refunded.

SUBCHAPTER 6. RECORDS

13:38-6.1 Availability of records

(a) For purposes of this subchapter, the following terms shall have the following meanings unless the context clearly indicates otherwise:

“Authorized representative” means a person who has been designated, pursuant to a court order or a signed writing by the patient, to exercise the patient’s rights under this section. An authorized representative may be the patient’s attorney or an employee of an insurance carrier with whom the patient has a contract which provides that the carrier be given such access in order to assess a claim for reimbursement. If the patient is a minor, a parent or guardian shall be deemed to be an authorized representative except where a court order makes a specific designation to the contrary.

“Patient” means any person who is the recipient of optometric services rendered by a licensee for the purpose of examination, treatment, or consultation relating to the treatment.

(b) The patient record, or a copy thereof, shall be released upon written request, to the patient, the patient’s authorized representative, or to another optometrist or physician acting on behalf of the patient. A patient record or portion thereof shall be released to any person or other entity only upon the receipt of a signed release from the patient whose records are being requested. An optometrist may charge a fee for the reproduction of records, which shall be no greater than \$.50 per page or \$100.00 for the entire record, whichever is less. If the record requested is 10 pages, the optometrist may charge up to \$10.00 to cover postage and the miscellaneous costs associated with retrieval of the record. If agreeable to the individual requesting the record, the optometrist may send a summary in lieu of the actual record and the charge for the summary shall not exceed the cost that would be charged for the actual record.

(c) An optometrist shall, free of charge, release a copy of a patient’s contact lens prescription directly to the patient or to a New Jersey licensed ophthalmologist, optometrist, or ophthalmic dispenser upon either the oral or written request of a patient or the New Jersey licensed eye care provider acting on the patient’s behalf. If an optometrist releases a contact lens prescription directly to a patient, the optometrist shall provide the patient with a written warning, which shall include the following language in boldface, underlined and in capital letters:

WARNING: YOU SHOULD BE AWARE THAT YOUR EYES MAY CHANGE WITH TIME AND CONTACT LENSES THAT WERE INITIALLY FITTING PROPERLY MAY NO LONGER BE APPROPRIATE AND MAY ENDANGER YOUR EYE HEALTH. YOU SHOULD SEE YOUR EYE DOCTOR PERIODICALLY TO ENSURE YOUR LENSES ARE FITTING PROPERLY.

1. As used in this section, a “contact lens prescription” shall include those specifications contained within the doctor’s records that are necessary for the preparation of contact lenses for a patient. A contact lens prescription is not complete unless and until a patient has been fitted for the contact lenses being prescribed and the fit has been fully evaluated over at least one follow-up visit and determined to be satisfactory. A contact lens prescription shall include a date of expiration that cannot exceed two years from the date of the last contact lens evaluation and may be of shorter duration depending on the professional judgment of the optometrist.

(d) Upon the patient’s request, a copy of the patient’s prescription for eyeglasses shall be given, free of charge, to the patient or to another optometrist, ophthalmologist or optician acting on the patient’s behalf.

(e) Subsections (c) and (d) above relative to the release of contact lens and eyeglass prescriptions shall not apply unless the patient has satisfied all financial obligations to the optometrist.

(f) If a licensee ceases to engage in practice or it is anticipated that he or she will remain out of practice for more than three months, the licensee or designee shall:

1. Establish a procedure by which patients may obtain their records or transfer those records to another licensee who will assume the responsibilities of the practice;

2. Publish a notice of the cessation and the established procedure for the retrieval of records in a newspaper of general circulation in the geographic location of the licensee’s practice, at least once a month for the first three months after the cessation; and
