If the member does not request repayment in full, repayment is by deductions in the same monthly amount deducted from the member's compensation immediately preceding retirement.

The amount of the pension contribution will be determined by the provisions of the award. If the member receives full back pay, including normal salary increases, then the contribution will be computed on the base salaries that the employee would have earned for the reinstated suspended or terminated period. When the settlement is less than the full back pay, the pension contribution will be based upon the salary that the member was receiving for pension purposes prior to the suspension or termination of employment. For the purposes of this section, "in performance of duty" means and includes both "performance of regular or assigned duties" and "in the actual performance of duty."

(b) If a member's duties require or authorize the member to travel between a regularly assigned office or workplace and other locations, or among other locations, the member is in performance of duty during travel between a regularly assigned office or workplace and other locations, or among other locations.

(c) If a member's duties require or authorize the member to travel between the member's place of residence and a location other than an office or workplace of the employer to which the member is regularly assigned or near to the regularly assigned office or workplace to perform the duties of the employment, the member is in performance of duty when the member completely leaves the property of the member's residence and begins to travel to the other location, or until the member begins entry to the property of residence after travel from the other location, and all expenses of the travel are paid for by the employer. A member's duties are considered to authorize or require travel from the place of residence to a location other than a regularly assigned office or workplace of the employer in the following situations:

1. The member's regular or assigned duties involve field work which requires or authorizes the member to travel to locations other than a regularly assigned office or workplace of the employer to perform the member's duties and do not require the member to report to a regularly assigned office or workplace before or after traveling to other locations. Travel by the member between a regularly assigned office or workplace of the employer and the place of residence of the member is not considered part of the member's duties.

2. The member's regular or assigned duties are usually performed at an office or workplace of the employer to which the member is regularly assigned but occasionally require or authorize travel to other locations.

3. The member is authorized or required by the member's employer to respond to an emergency situation outside of the member's regularly scheduled work hours, regardless of whether the member goes to a regularly assigned office or workplace or another location, or whether the expenses of the travel are paid for by the employer or the member.

4. The member is attending a meeting, seminar, convention or a similar type of work-related activity as authorized or required by the employer at a location other than a regularly assigned office or workplace, regardless of whether the expenses of the travel are paid for by the employer or the member. Where there are social or recreational activities associated with the work-related activity or attendance requires living accommodations, only travel to and from the general activity and participation in and travel to and from the work-related functions of the activity are considered part of the duties of the member. Activities related to social or recreational functions or living accommodations are not considered part of the duties of the member.

i. In all cases, a certification from the employer is required and must include a copy of the member's job description, a statement of the member's work schedule on the day of the travel in question, and proof of or a statement by the employer that the travel was authorized or required by the employer and indicating who paid the travel expense.

SUBCHAPTER 6. TRANSFERS

17:5-6.1 Interfund transfers; other State systems

(a) The receipt of a public pension or retirement benefit is expressly condition upon the rendering of honorable

service by a public official or employee. Therefore, the Board of Trustees of the present System shall disallow the transfer of all or a portion of prior service of any member of the System for misconduct occurring during the member's prior public service which renders that prior service, or part thereof, dishonorable.

(b) The member is not eligible to transfer service credit if any of the following conditions apply:

1. The member has withdrawn the previous membership;
2. The member has credit in the present system for service earned after the date of enrollment in the new system (concurrent service); or
3. The account has expired; that is, it has been more than two years from the date of the last contribution and there was not sufficient service credit to be eligible for deferred retirement.

(c) Membership credit so transferred shall be included in the computation of a retirement allowance. Such credits cannot be used to satisfy the statutory requirements of those benefits which specifically require a minimum number of years of creditable service as a State police employee.

(d) The system will transfer membership to any State-administered system as follows:

1. A member, desiring to transfer service credit and contributions from one State-administered retirement system to another shall file an Application of Interfund Transfer and an "Enrollment Application" in place of the customary "Application for Withdrawal." This application will void all possible claims against the present system when approved and the new membership is commenced in the new system.
2. The member's accumulated contributions, less any outstanding loan, shall be transferred to the new system for the account of the respective member. Any outstanding loan, back deductions or arrears obligation will be scheduled for repayment.

3. A statement reflecting the member's status as of the date of transfer shall be prepared by the Withdrawal Section of the Division and a copy forwarded to the old account.

4. The member's service credits established in the present system shall be transferred to the new system, subject to the provisions of the SPRS. A data sheet shall be created for the member's new account that will indicate an interfund transfer from the member's previous retirement system and the service credit transferred into the new membership account.

(e) The reserves accrued in the present system will be valued and compared to the reserves required in the new system.

1. If the reserves accumulated or provided for in the present system are less than those required in the new system, the full reserve will be transferred.

2. If the reserves accumulated or provided for in the present system are more than those required in the new system, only the amount required to establish the credit will be transferred.

(f) Years of credit will be subject to the benefit formula of the new system after transfer.

(g) A member shall meet all age and physical requirements for enrollment into the State Police Retirement System before an interfund transfer into the SPRS shall take effect.
