

How Will You Bring the Customers Back?

After Sandy ravaged his restaurant, the owner of La Casa Del Mariachi received a loan to relocate.

Businesses have struggled to draw customers back after Sandy.

It's all the more difficult if the storm flooded your equipment, damaged your building or spoiled inventory.

That's where we come in. The Intersect Fund is a New Jersey non-profit offering loans of up to \$15,000 to businesses Sandy affected.

We focus on businesses unable to get loans from the S.B.A. Call us at 1 (800) 840-1900 or visit www.intersectfund.org to apply.
