

(c) A deer that has been so severely injured by a collision with a motor vehicle that it must be killed shall be considered as accidentally killed for the purposes of this subchapter.

Amended by R.2001 d.73, effective March 5, 2001.
See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

7:25-17.7 Information required

(a) Any State or municipal officer disposing of or authorizing the disposal or possession of accidentally killed deer shall notify the Division on a quarterly basis of the following information on forms provided by the Division:

1. The location where the deer was killed;
2. The sex of the deer;
3. The date of the accidental deer kill; and
4. The name and address of the permittee.

Amended by R.2001 d.74, effective March 5, 2001.
See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

SUBCHAPTER 18. MARINE FISHERIES

7:25-18.1 Size, season and possession limits

(a) For the purpose of this subchapter, the following common names shall mean the following scientific name(s) for a species or group of species, except as otherwise specified elsewhere in this subchapter.

<u>Common Name</u>	<u>Scientific Name</u>
American Eel	Anquilla rostrarata
Atlantic Cod	Gadus morhua
Atlantic Croaker	Micropogon undulatus
Atlantic Mackerel	Scomber scombrus
Black Drum	Pogonias cromis
Black Sea Bass	Centropristis striata
Bluefish	Pomatomus saltatrix
Cobia	Rachycentron canadum
Conch	Busycon carica
	Busycotypus canaliculatum
	Busycon contrarium
Dolphin	Coryphaena hippurus
Goosefish (Monkfish)	Lophius americanus
Haddock	Melanogrammus aeglefinus
Hybrid striped bass	Morone saxatilis x Morone spp.
Kingfish	Menticirrhus saxatilis
	Menticirrhus americanus
King Mackerel	Scomberomorus cavalla
Pollock	Pollachius virens
Red Drum	Sciaenops ocellatus
River herring	Alosa aestivalis (alewife)
	Alosa pseudoharengus (blueback herring)
Scup (Porgy)	Stenotomus chrysops
Shad	Alosa sapidissima
	Alosa mediocris
Shark	Large Coastal Group
	Sphyrna mokarran (Great Hammerhead)
	Sphyrna lewini (Scalloped Hammerhead)
	Sphyrna zygaena (Smooth Hammerhead)
	Ginglymostoma cirratum (Nurse Shark)

<u>Common Name</u>	<u>Scientific Name</u>
	Carcharhinus altimus (Bignose Shark)
	Carcharhinus limbatus (Blacktip Shark)
	Carcharhinus leucas (Bull Shark)
	Carcharhinus perezi (Caribbean Reef Shark)
	Carcharhinus obscurus (Dusky Shark)
	Carcharhinus galapagensis (Galapagos Shark)
	Negaprion brevirostris (Lemon Shark)
	Carcharhinus brachyurus (Narrowtooth Shark)
	Carcharhinus signatus (Night Shark)
	Carcharhinus plumbeus (Sandbar Shark)
	Carcharhinus falciformis (Silky Shark)
	Carcharhinus brevipinna (Spinner Shark)
	Galeocerdo cuvieri (Tiger Shark)
	Small Coastal Group
	Squatina dumerili (Atlantic Angle Shark)
	Sphyrna tiburo (Bonnethead)
	Rhizoprionodon terraenovae (Atlantic Sharpnose Shark)
	Carcharhinus acronotus (Blacknose Shark)
	Rhizoprionodon porosus (Caribbean Sharpnose Shark)
	Carcharhinus isodon (Finetooth Shark)
	Carcharhinus porosus (Smalltail Shark)
	Pelagic Group
	Hexanchus vitulus (Bigeye Sixgill Shark)
	Hepranchias perlo (Sevengill Shark)
	Hexanchus griseus (Sixgill Shark)
	Isurus paucus (Longfin Mako)
	Lamna nasus (Porbeagle Shark)
	Isurus oxyrinchus (Shortfin Mako)
	Prionace glauca (Blue Shark)
	Carcharhinus longimanus (Oceanic Whitetip Shark)
	Alopias superciliosus (Bigeye Thresher)
	Alopias vulpinus (Thresher Shark)
	Mustelus canis
	Scomberomorus maculatus
	Libinia dubia
	Libinia emarginata
	Squalus acanthias
	Morone saxatilis
	Paralichthys dentatus
	Tautoga onitis
	Cynoscion regalis
	Cynoscion nebulosus
	Pleuronectes americanus
Smooth Dogfish	
Spanish Mackerel	
Spider crab	
Spiny Dogfish	
Striped Bass	
Summer Flounder (Fluke)	
Tautog (Blackfish)	
Weakfish	
Winter Flounder	

(b) A person shall not purchase, sell, offer for sale, or expose for sale any species listed below less than the minimum length, measured in inches, except as may be provided elsewhere in this subchapter, and subject to the specific provisions of any such section. Any commercially licensed vessel or person shall be presumed to possess the following species for sale purposes and shall comply with the minimum sizes below. Fish length shall be measured from the tip of the snout to the tip of the tail (total length), except as noted below.

<u>Species</u>	<u>Minimum Size (inches)</u>
American Eel	6
Atlantic Cod	21

<u>Species</u>	<u>Minimum Size (inches)</u>
Atlantic Croaker	No Limit
Atlantic Mackerel	7
Black Drum	16
Black Sea Bass	11
Bluefish	9
Cobia	37
Conch	5
Dolphin	No Limit
Goosefish (Monkfish)	17
Haddock	21
Kingfish	8
King Mackerel	23
Pollock	19
Red Drum	18
River herring (Alewife, blueback herring)	No Limit
Scup (Porgy)	9
Shad	No Limit
Shark	48
Spanish Mackerel	14
Summer Flounder	14
Tautog (Blackfish)	14
Weakfish	13
Winter Flounder	12

1. Total length for black sea bass shall be measured along the midline from the tip of the snout to the end of the central portion of the tail, not to include tail filaments.

2. In addition to the total minimum goosefish size, all goosefish tails possessed must be at least 11 inches in length from the anterior portion of the fourth cephalic dorsal spine to the end of the caudal fin. The total weight of all goosefish livers landed shall not be more than 30 percent of the total weight of all goosefish tails landed or 12 percent of the total weight of all goosefish landed.

3. A person shall not take in any one day or possess more than the possession limit specified below for each species listed, except as may be provided elsewhere in this subchapter, and subject to the specific provisions of any such section.

<u>Species</u>	<u>Possession Limit</u>
Cobia	2
Red Drum	1, no more than 27 inches

(c) A person angling with a hand line or with a rod and line or using a bait net or spearfishing shall not have in his or her possession any species listed below less than the minimum length, nor shall such person take in any one day or possess more than the possession limits as provided below, nor shall such person possess any species listed below during the closed season for that species. Exceptions to this section as may be provided elsewhere in this subchapter shall be subject to the specific provisions of any such section. Fish length shall measure from the tip of the snout to the tip of the tail (total length), except as noted below:

<u>Species</u>	<u>Minimum Size In Inches</u>	<u>Open Season</u>	<u>Possession Limit</u>
American Eel	6	Jan. 1—Dec. 31	50
Atlantic Cod	21	Jan. 1—Dec. 31	No Limit

<u>Species</u>	<u>Minimum Size In Inches</u>	<u>Open Season</u>	<u>Possession Limit</u>
Atlantic Croaker	No Limit	Jan. 1—Dec. 31	No Limit
Black Drum	16	Jan. 1—Dec. 31	3
Black Sea Bass	12.5	Jan. 1—Dec. 31	25
Bluefish	No Limit	Jan. 1—Dec. 31	15
Cobia	37	Jan. 1—Dec. 31	2
Dolphin	No Limit	Jan. 1—Dec. 31	No Limit
Haddock	21	Jan. 1—Dec. 31	No Limit
Hybrid striped bass	Refer to N.J.S.A. 23:5-45.1		
Kingfish	No Limit	Jan. 1—Dec. 31	No Limit
King Mackerel	23	Jan. 1—Dec. 31	3
Pollock	19	Jan. 1—Dec. 31	No Limit
Red Drum	18	Jan. 1—Dec. 31	1, not greater than 27 inches
River herring (Alewife, blueback herring)	No Limit	Jan. 1—Dec. 31	35
Scup (Porgy)	9	Jan. 1—Feb. 28 and July 1—Dec. 31	50
Shad	No Limit	Jan. 1—Dec. 31	6
Shark	48	Jan. 1—Dec. 31	2 per vessel
Spanish Mackerel	14	Jan. 1—Dec. 31	10
Summer Flounder (Fluke)	18	May 23—Sept. 4	6
Striped Bass		refer to N.J.S.A. 23:5-45.1	
Tautog	14	Jan. 1—Apr. 30 July 16—Nov. 15 Nov. 16—Dec. 31	4 1 6
Weakfish	13	Jan. 1—Dec. 31	6
Winter Flounder	12	March 23—May 21	2

1. Total length for black sea bass shall be measured along the midline from the tip of the snout to the end of the central portion of the tail, not to include tail filaments.

2. The possession limit for shark, as listed at (a) above, shall be as enumerated at (c) above on a per vessel basis regardless of the number of individuals on board said vessel. If a person is fishing from shore or a land based structure, the possession limit shall be as enumerated at (c) above on a per person basis.

3. Anglers may take no more than 50 eels per day; however, anglers may keep more than 50 eels in storage for personal use, provided they possess no more than 50 eels per person for bait purposes while fishing.

(d) A person shall not take, possess, land, purchase, sell or offer for sale any of the following species:

<u>Species</u>	<u>Scientific Name</u>
Atlantic Sturgeon	Acipenser oxyrinchus
Basking Shark	Cetorhinidae maximus
Bigeye Sand Tiger Shark	Odontaspis noronhai
Sand Tiger Shark	Odontaspis taurus
Shortnose Sturgeon	Acipenser brevirostrum
Whale Shark	Rhincodon typus
White Shark	Carcharodon carcharias

shall subject the violator to the penalties established pursuant to N.J.S.A. 23:2B-14.

(r) Pursuant to N.J.S.A. 23:10-21 and 21.1, any gear used in the violating of the provisions of this subchapter may be seized and forfeited to the Division.

Amended by R.1990 d.607, effective December 3, 1990.
See: 22 N.J.R. 3078(a), 22 N.J.R. 3628(b).

Added new (e) through (h), redesignated existing (e) as (i).
Amended by R.1991 d.132, effective March 18, 1991.
See: 23 N.J.R. 37(a), 23 N.J.R. 848(b).

Size limit for marine fish changed in (a). Added (f), (g), (h), (i) and (j).

Amended by R.1991 d.348, effective July 1, 1991.
See: 23 N.J.R. 43(a), 23 N.J.R. 2011(a).

Deleted “, winter flounder measuring less than six inches in length, or measuring less than 13 inches in length” with stylistic changes in (a). Added “, winter flounder under 10 inches in length, or red drum under 14 inches in length” with stylistic changes in (b). Added (d). Redesignated (d) as (e); added reference to “(d)”. Redesignated (e)-(n) as (f)-(o).

Amended by R.1992 d.143, effective March 16, 1992.
See: 24 N.J.R. 4(c), 24 N.J.R. 1113(a).

Added requirements for weakfish management.
Petition for Rulemaking: Request for reduction of size limit; denied.
See: 24 N.J.R. 2957(a).

Public Notice: Announcement of fish checking stations for the Striped Bass Trophy Program.
See: 24 N.J.R. 3767(c).

Amended by R.1992 d.476, effective December 7, 1992.
See: 24 N.J.R. 1456(a), 24 N.J.R. 4368(b).

New (e) and (f) added prohibiting the filleting of any flatfish at sea in order to prevent circumvention of size limits on fluke and winter flounder; recodification of existing (e)-(o) as (g)-(q).
Amended by R.1993 d.56, effective January 19, 1993.
See: 24 N.J.R. 4249(a), 25 N.J.R. 303(a).

(c) repealed and replaced in accordance with the Summer Flounder Fishery Management Plan developed by the Mid-Atlantic Fishery Management Council and Atlantic States Marine Fisheries Commission.
Amended by R.1993 d.77, effective February 16, 1993.
See: 24 N.J.R. 205(a), 25 N.J.R. 689(a).

Added Atlantic Sturgeon under 60 inches in height.
Administrative Correction.

See: 25 N.J.R. 4495(a).
Amended by R.1994 d.44, effective January 18, 1994.

See: 25 N.J.R. 2167(a), 26 N.J.R. 353(a).
Emergency Amendment, R.1994 d.230, effective April 13, 1994 (to expire June 12, 1994).

See: 26 N.J.R. 1885(a).
Amended by R.1994 d.248, effective May 16, 1994.

See: 26 N.J.R. 291(a), 26 N.J.R. 2021(b).
Adopted Concurrent Proposal, R.1994 d.339, effective June 10, 1994.
See: 26 N.J.R. 1885(a), 26 N.J.R. 2792(a).

Provisions of emergency amendment R.1994 d.230 readopted, with a change effective July 5, 1994.

Amended by R.1994 d.615, effective December 19, 1994.
See: 26 N.J.R. 1931(a), 26 N.J.R. 5011(a).

Amended by R.1995 d.82, effective February 6, 1995.
See: 26 N.J.R. 4277(b), 27 N.J.R. 487(a).

Administrative Change.
See: 27 N.J.R. 1793(a).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).
See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Changed section name from “Size and possession limits”; added species and changed size and possession limits throughout; in (a) and (b), inserted provisions relating to presumed possession; and in (c), inserted reference to bait nets.
Administrative change.

See: 29 N.J.R. 2278(a).

In (b), increased minimum size of Summer Flounder and Tautog; and in (c), increased possession limit of Summer Flounder.

Amended by R.1997 d.246, effective June 2, 1997.
See: 29 N.J.R. 285(a), 29 N.J.R. 2555(a).

In (a) and (b), added “(total length), except as noted below”; in (a), in table, changed minimum size for “Black sea bass” from 8 to 9 inches and added “Tautog (blackfish)”; inserted new (a)1, and recodified former (a)1 and (a)2 as (a)2 and (a)3; in (b), added “Black sea bass” to table; added (b)1; in (c), added “Black sea bass” to table; in (e), inserted “or possess such mutilated fish.”; and in (f)3v, added “Black sea bass” and “Scup” to table.

Amended by R.1998 d.40, effective January 5, 1998.
See: 29 N.J.R. 4595(a), 30 N.J.R. 226(a).

Added Bluefish to size limits; in (b) changed minimum size for Atlantic Cod and Haddock from 19 inches to 21 inches; in (f)3v, changed minimum length of Atlantic Cod and Haddock from 13 inches to 14 inches.

Administrative change.
See: 30 N.J.R. 1319(b).

Administrative change.
See: 30 N.J.R. 1402(b).

Amended by R.1999 d.52, effective February 16, 1999.
See: 30 N.J.R. 3881(a), 31 N.J.R. 538(a).

Rewrote (a) through (f).
Administrative change.

See: 31 N.J.R. 1084(a).

Amended by R.2000 d.10, effective January 3, 2000.
See: 31 N.J.R. 2555(a), 32 N.J.R. 48(a).

In (c), changed minimum size for Winter Flounder; in (h), substituted “upstream side of the U.S. Route 1 Bridge” for “Trenton Falls” following “from the”.

Administrative change.
See: 32 N.J.R. 1387(a).

Amended by R.2000 d.395, effective October 2, 2000.
See: 31 N.J.R. 2555(a), 32 N.J.R. 3592(b).

In (c), increased minimum size for Winter Flounder; in (h), substituted “upstream side of the U.S. Route 1 Bridge” for “Trenton Falls”; inserted a new (n); and recodified former (n) through (p) as (o) through (q).

Amended by R.2001 d.73, effective March 5, 2001.
See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

Administrative change.
See: 33 N.J.R. 1589(a).

Amended by R.2001 d.346, effective September 17, 2001.
See: 33 N.J.R. 453(a), 33 N.J.R. 3352(a).

Rewrote the section.
Administrative change.

See: 34 N.J.R. 921(a).

Administrative change.
See: 34 N.J.R. 1023(b).

Administrative change.
See: 34 N.J.R. 1669(a).

Amended by R.2002 d.277, effective August 19, 2002.
See: 34 N.J.R. 1375(a), 34 N.J.R. 2995(a).

In (a) to (c), added “River herring”; in (g), deleted “(a),” “or” preceding (e), inserted “or (f)” after (e); rewrote (h).

Administrative change.
See: 35 N.J.R. 708(a).

Administrative correction.
See: 35 N.J.R. 1561(a).

Administrative change.
See: 35 N.J.R. 1927(a).

Administrative correction.
See: 35 N.J.R. 5619(a).

Amended by R.2004 d.20, effective January 5, 2004.
See: 35 N.J.R. 4224(b), 36 N.J.R. 174(b).

In (a), amended the table of Common Name and Scientific Name; in (g), substituted “\$30.00” for “\$20.00”.

Administrative change.
See: 36 N.J.R. 1191(c).

Administrative change.
See: 36 N.J.R. 2420(c).

Administrative change.
See: 37 N.J.R. 1177(b).

Administrative change.
See: 37 N.J.R. 3696(a).

Amended by R.2005 d.413, effective November 21, 2005.

See: 37 N.J.R. 742(a), 37 N.J.R. 4408(a).

In (a), added common name "Striped Bass" and scientific name "Morone saxatilis"; in (c), added species "Striped Bass" and open season information "refer to N.J.S.A. 23:5-45.1"; in (f)3vii, increased number of days suspension to 60 for first offense and 120 for second offense; added (f)3viii; recodified former (f)3viii as (f)3ix.

Administrative change.

See: 38 N.J.R. 1731(a).

Administrative correction.

See: 38 N.J.R. 2797(b).

Administrative change.

See: 39 N.J.R. 1473(b).

Amended by R.2008 d.15, effective January 7, 2008.

See: 39 N.J.R. 143(a), 40 N.J.R. 126(a).

In the tables in (a) and (c), inserted the entries for "Dolphin" and "Hybrid striped bass"; in the table in (b), inserted the entry for "Dolphin"; in the introductory paragraph of (e), inserted "(e)2 and"; added (e)2; in the introductory paragraph of (f)3v, inserted "fish of any species less than the minimum size limit specified in (c) above shall be filleted and no"; and in the table in (f)3v, inserted the entries for "Hybrid striped bass" and "Striped bass"; in (g), substituted "(d) or (e)" for "(d), (e) or (f)"; in (p), inserted "or to maintain consistency with any Mid-Atlantic Fishery Management Council plan adopted by the National Marine Fisheries Service"; and in (q), inserted the second and third sentences.

Administrative change.

See: 40 N.J.R. 150(c), 2109(c).

Administrative change.

See: 41 N.J.R. 2012(a), 4114(a).

7:25-18.2 Pound nets

(a) The following words and terms shall have the following meanings unless the context clearly indicates otherwise.

"Department" means the New Jersey Department of Environmental Protection.

"Heart" means an upright fence of netting forming a heart-shaped (round or square) compartment located between the leader and the pocket. It is designed to cause fish to circle in front of and eventually enter the pocket of a pound net.

"Leader" means an upright fence of netting that acts as a barrier to fish and guides them toward a trap; the netting is made of heavy twine, not designed to catch fish by the gills.

"Navigable channel" means a channel marked with navigational markers including poles, piling or buoys, by the Coast Guard or the State.

"Pocket" means an upright fence of netting forming the final compartment of a pound net in which trapped fish accumulate.

"Pound net" means a large fish trap, consisting of a leader, pocket and one or more hearts, held in place with poles, the netting of which reaches from the bottom to above the surface of the water.

"Staked or anchored gill net" means an upright fence of monofilament or nylon netting, held in place at each end by stakes or anchors, that catches fish by snagging their gill covers as they try to pass through the mesh of the net.

"Submarine pound net" means a pound net that is totally submerged beneath the water and held in place by anchors.

(b) General requirements for all pound net users are as follows:

1. No person may install, operate or maintain a pound net in the marine waters of the State without having first obtained a license from the Department.
2. The Department may establish limits on the number of licenses to be issued for pound nets in Raritan Bay and Sandy Hook Bay and in the Atlantic Ocean within three nautical miles of the coastline.
3. Licenses must be renewed annually.
4. Holders of pound net licenses from the previous year shall have first priority in obtaining a new license, provided they apply before March 1 of the current year.
5. Any person operating any fish pound net in the marine waters of New Jersey, must, at the time of emptying the net, return to the waters wherein the net is located all species less than the minimum size limits specified pursuant to N.J.A.C. 7:25-18.1.
6. No person may, by boat, anchor, dredge or otherwise, willfully and without reasonable cause, interfere with, break, damage or destroy any fish net or associated equipment being lawfully used by a license holder.

7. The Department may require any licensee to submit a money surety bond to insure removal of pound net poles and apparatus as required by these rules.

8. Violation of the rules in this section will subject the violator to money penalties, loss of license and/or injunctive relief under N.J.S.A. 23:2B-14.

(c) Specific requirements for pound net users in Raritan, Sandy Hook and Delaware Bays are as follows:

1. Any person applying for a pound net license must indicate the specific proposed site for the net, as designated by a chart developed by the Department. Sites which have not previously been located on the approved chart must be approved by the Department prior to issuance of a license.

2. New pound net sites must be at least 3,000 feet from a previously located pound net site, when measured parallel to the shoreline, and must be at least 1,000 feet from any navigable channel.

3. Any pound net license holder has priority in retaining a pound net site previously licensed by him or her, provided that he or she has actively and lawfully fished that site during the previous year and has submitted a license application prior to March 1 of the current year. After March 1, any citizen may apply for any available site on a first-come basis.

4. No staked or anchored shad net may be placed within 3,000 feet of an operating pound net. However, shad nets may be set on licensed pound net sites by the license holder or on unoccupied, approved pound net sites, pro-

7:25-18.12 Commercial fishing seasons, quotas, and trip limits

(a) The following provisions are applicable to the commercial harvest of weakfish:

1. A vessel shall not possess or land in any one day more than 150 pounds of weakfish harvested by the gear specified below, provided the amount of weakfish landed from any vessel shall not exceed 50 percent, by weight, of the total weight of all species landed and sold, except during the respective open season specified below.

<u>Gear</u>	<u>Open Season</u>
Otter Trawl	January 1 through July 31 and October 13 through December 31
Pound Net	January 1 through June 6 and July 1 through December 31
Gill Net	January 1 through May 20, September 3 through October 19 and October 27 through December 31

2. A person shall not possess or land by any gear any weakfish less than 13 inches in length except as provided elsewhere in this subchapter.

3. A vessel shall not possess or land by any gear other than the specified in (a)1 above more than 150 pounds of weakfish in any one day, provided the amount of weakfish landed from any vessel shall not exceed 50 percent, by weight, of the total weight of all species landed and sold.

4. A dealer shall not accept more than 150 pounds of weakfish landed in New Jersey taken by the respective gear specified in (a)1 above, provided the amount of weakfish landed from any vessel shall not exceed 50 percent, by weight, of the total weight of all species landed and sold, except during the respective open season specified above.

5. A dealer shall not accept more than 150 pounds of weakfish a day landed in New Jersey taken by gear other than that specified in (a)1 above at any time, provided the amount of weakfish landed from any vessel shall not exceed 50 percent, by weight, of the total weight of all species landed and sold.

(b) The following provisions are applicable to the commercial harvest of bluefish:

1. A vessel shall not land for the purpose of sale nor sell any bluefish unless such vessel is in possession of a valid Federal commercial permit for bluefish.

2. New Jersey's annual allocation of bluefish as determined by the National Marine Fisheries Service shall be allocated according to gear type as follows:

- i. Gill Net: 60.9 percent;
- ii. Pound Net: 14.9 percent;
- iii. Otter Trawl: 14.7 percent;
- iv. Purse Seine: 7.5 percent; and

v. Hook and Line: 1.8 percent.

3. A vessel shall not land nor sell any bluefish taken by the gear type specified in (b)2 above except during the respective open season specified below.

<u>Gear</u>	<u>Open Season</u>
Gill Net	Jan. 1 through Nov. 6
Pound Net	Jan. 1 through Dec. 31
Otter Trawl	Jan. 1 through Dec. 7
Hook and Line	June 16 through August 7
Purse Seine	Jan. 1 through Dec. 31

4. A dealer shall not accept any bluefish landed in New Jersey taken by the respective gear specified in (b)2 above except during the respective open season specified in (b)3 above.

5. As specified in (b)2 above, the annual bluefish quota for the purse seine fishery shall be 7.5 percent of New Jersey's annual commercial bluefish quota as allocated by the National Marine Fisheries Service. No purse seine vessel shall land and no dealer shall accept any bluefish landed in New Jersey that have been harvested by purse seine in excess of the annual purse seine quota or after the purse seine season has been closed. If the annual purse seine quota is exceeded in any one calendar year, the overharvest shall be deducted from the purse seine quota in the next subsequent calendar year(s).

6. No fish dealer shall accept any bluefish from any vessel or harvester unless such dealer is in possession of a valid Federal dealer permit.

7. No dealer shall accept any bluefish from any vessel unless said vessel is in possession of a valid Federal commercial permit for bluefish.

8. Any individual or vessel landing bluefish in New Jersey for the purpose of sale shall sell all bluefish to a Federally permitted bluefish dealer.

9. All permitted bluefish dealers shall provide weekly landing reports to the Division on a form supplied by the Commissioner.

10. A party or charter vessel possessing a Federal permit to commercially harvest bluefish by angling or hook and line or spearfishing and when operating under the permit shall be subject to the following:

- i. Crew size shall be limited to no more than five persons, including the captain; and
- ii. The vessel shall not carry any passengers for hire. When carrying passengers for hire, the bluefish permit is not valid and the possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.

11. The Commissioner, or his or her designee, may close the season for the respective gear in (b)3 above upon four days public notice of the projected date the quota for the respective gear shall be landed. Such notice shall be sent by first class mail to all commercial docks

and commercial fishing organizations on the mailing list of the Division.

(c) The following provisions are applicable to the commercial harvest of tautog:

1. The possession of more than 100 pounds of tautog on board a vessel or landed from a vessel shall constitute a directed fishery for tautog.

2. A vessel shall not land more than 100 pounds of tautog in New Jersey on any one trip, after January 1, 1997 unless said vessel is in possession of its valid New Jersey Tautog Permit to participate in a directed fishery for tautog. The permit shall be issued in the name of the vessel and the owner, and for the specific gear type(s) used to qualify for the permit.

i. Applicants for a New Jersey Tautog Permit shall complete an application provided by the Department and submit their application no later than December 31, 2002 including information on name, address, vessel name, vessel documentation or registration number, gear and landings criteria as specified at (c)2ii below;

ii. To be eligible for a New Jersey Tautog permit, the vessel's owner shall meet the following criteria:

(1) The vessel shall have landed at least 1,000 pounds of tautog in New Jersey and subsequently sold at least 1,000 pounds of tautog in each of two years during the period 1982 through 1993;

(2) Documented proof of landings shall accompany the application and shall consist of one or more of the following:

(A) Weigh-out slips totaling the weight harvested;

(B) A notarized statement, from the applicant and the purchaser(s), attesting to the weight harvested (a copy of the business records supporting the statement(s) must accompany the application); or

(C) Other documentation similar to that in (c)2ii(2)(A) or (B) above may be accepted at the discretion of the Commissioner after his or her review.

3. The possession of 100 pounds or less of tautog on board a vessel or landed from a vessel for the purpose of sale shall constitute a non-directed fishery for tautog.

4. A harvester or vessel shall not land tautog for the purpose of sale or sell any tautog after March 1, 1998 unless such harvester or vessel is in the possession of a valid New Jersey Tautog Permit or a valid New Jersey Non-Directed Fishery Tautog Permit.

5. A New Jersey Non-Directed Fishery Tautog Permit shall be issued in the name of the vessel and the owner, and for the specific gear type(s) used to qualify for the permit.

i. Applicants for a New Jersey Non-Directed Fishery Tautog Permit shall complete an application provided by the Department and submit their application no later than December 31, 2002 including information on name, address, vessel name, vessel documentation or registration number, gear and landings criteria as specified at (c)5ii below;

ii. To be eligible for a New Jersey Non Directed Fishery Tautog Permit, the vessel's owner shall meet the following criteria:

(1) The vessel or owner shall have landed at least 100 pounds of tautog in New Jersey and subsequently sold at least 100 pounds of tautog in each of two years during the period 1982 through 1997.

(2) Documented proof of landings shall accompany the application and shall consist of one or more of the following:

(A) Weigh-out slips totaling the weight harvested;

(B) A notarized statement, from the applicant and the purchaser(s), attesting to the weight harvested (a copy of the business records supporting the statement(s) must accompany the application); or

(C) Other documentation similar to that in (c)5ii(1)(A) or (B) above may be accepted at the discretion of the Commissioner after his or her review.

6. The New Jersey Tautog Permit or the New Jersey Non-Directed Fishery Tautog Permit shall be on board the vessel to which it is issued at all times. The applicable permit is valid upon issuance and in subsequent years unless revoked as part of a penalty action. The applicable permit is issued to a specific vessel in the name of the owner. The vessel, when engaged in a tautog fishery, may only have on board the gear type(s) listed on that vessel's permit.

7. The owner of a vessel permitted pursuant to this subsection may transfer his or her tautog permit provided the permit is not pending revocation or court action, upon application to the Department, as follows:

i. To his or her replacement vessel, provided the replacement vessel has no greater than 10 percent increase in length overall and 20 percent increase in shaft horsepower as compared to the originally permitted vessel. The vessel being replaced shall no longer be eligible for a tautog permit; or

5. If any of the management areas identified in the joint New England Fishery Management Council Atlantic States Marine Fisheries Commission Fishery Management Plan for Atlantic Herring are closed by the National Marine Fisheries Service or the Atlantic States Marine Fisheries Commission, the landing of Atlantic herring harvested from any management area that is closed shall be prohibited in New Jersey.

(m) Dealer business records may be used as admissible evidence in any proceeding to document violations of trip limits, weekly landing limits or closed seasons specified in this section.

(n) For the purpose of this section, "land" shall mean to begin offloading fish, to offload fish or to enter port with fish.

(o) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify quotas, trip limits and/or seasons specified in the section, by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. §5104(b) or to maintain consistency with any Mid-Atlantic Fishery Management Council plan adopted by the National Marine Fisheries Service. The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify trip limits and/or seasons specified in this section by notice in order to provide for the optimal utilization of any quotas specified in this section. The Commissioner will review the catch rate for a particular species in relation to the season quota and if harvest data indicate that upward adjustments in harvest control measures are warranted to maximize utilization of the available quota within a specific season for a specific fishery, the Commissioner may adjust the above specified control measures to achieve optimal utilization of the total allowable catch. The Department shall publish notice of any such modification in the New Jersey Register.

(p) An applicant who is otherwise eligible for a license or permit under (c)2 and 5; (e)2 and 5; or (h)1 above, but who fails to apply prior to the application deadline, may request an extension of time to apply in accordance with this subsection and (q) through (s) below.

1. The written request, along with any supporting documentation, shall be submitted to:

New Jersey Division of Fish and Wildlife
 PO Box 400
 Trenton, New Jersey 08625-0400

2. The request shall:

i. Identify the specific permit for which the extension of time to apply is requested;

ii. Explain in detail why the extension of time to apply is needed, including a statement of the type and degree of hardship that prevented the timely application

of the permit, and the hardship that will result to the applicant if the permit is not granted; and

iii. Provide appropriate documentation as necessary to support the request for extension.

(q) The Department shall approve an extension request under (p) above only if it determines that the request and documentation demonstrate that:

1. By reason of extraordinary hardship or exceptional situation or condition, the applicant was precluded from applying for his or her Tautog, Non Directed Fishery Tautog, Shad Commercial Net, Shad Incidental Harvest, or New Jersey Black Sea Bass permit during the 12-month application period preceding the year for which the permit is requested;

2. By reason of extraordinary or exceptional situation or condition, strict compliance with the deadline in (c)2 and 5; (e)2 and 5; or (h)1 above would result in exceptional and undue hardship upon the applicant; and

3. The circumstances supporting (q)1 and 2 above were not created by the applicant or persons under his or her control, and the approval of the extension will not unreasonably interfere with the orderly administration of the permitting program.

(r) The Department shall provide written notice to the applicant of its decision to approve or deny the request for extension.

(s) The denial of an extension request may be appealed pursuant to the procedures outlined in N.J.A.C. 7:25-18.17, Request for adjudicatory hearing.

New Rule, R.1992 d.143, effective March 16, 1992.

7:25-18.13 Striped bass bonus program

(a) Pursuant to N.J.S.A. 23:5-45.1(c), the possession of one "bonus sized" striped bass, measuring not less than 28 inches in length, will be allowed in addition to the possession

limit allowed under N.J.S.A. 23:5-45.1(a), pursuant to (b) through (o) below.

(b) Any person intending to take one "bonus sized" striped bass, as defined in (a) above, in addition to his or her striped bass possession limit as specified at N.J.S.A. 23:5-45.1 shall apply to the Division to participate in the striped bass bonus program. Applications may be obtained from the following:

1. Division of Fish and Wildlife

Striped Bass Bonus Fish Program
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

2. Fish checking stations, as authorized by the Division and identified pursuant to (i) below.

3. On the Division of Fish and Wildlife's website at www.njfishandwildlife.com.

(c) The application form shall be completed to include the name, address and telephone number of the applicant.

(d) Applications to participate in the striped bass bonus program shall be processed in order of receipt by the Division.

(e) Successful applicants will receive non-transferable fish possession cards, the number to be determined by the Commissioner or his or her designee based on the available quota and the number of applicants. One card shall be filled out completely and the month and day numbers perforated immediately upon retention of a bonus striped bass. A finite number of cards shall be available to participating party and charter boat captains in the name of the vessel and owner. Fish possession cards issued to party and charter boats are for the use of patrons on that vessel and shall not be sold, offered for sale or used for barter.

(f) Fish possession cards shall be valid in the calendar year for which they were issued except during those periods in which the Department has closed the State's waters to harvesting as provided at (l) below.

(g) Successful applicants may keep and submit annual records of their striped bass fishing activity as requested on forms furnished by the Division. Such records shall include the name, address, and card number(s) of the fishermen, the days and hours fished, the lengths of striped bass caught, the location of fishing activity and the type of fishing. Party and charter boat captains shall be required to maintain and submit logbooks developed by the Division.

(h) A person shall not have in his or her possession at any time more than the number of striped bass provided for in N.J.S.A. 23:5-45.1, nor shall such striped bass be less than the size provided for in N.J.S.A. 23:5-45.1. One additional striped bass may be possessed and shall not be less than the size defined in (a) above. Said person shall have a properly completed and legal fish possession card, as provided for at (e) above.

specified in this section. The Commissioner will review the catch rate for a particular species in relation to the season quota and if harvest data indicate that upward adjustments in harvest control measures are warranted to maximize utilization of the available quota within a specific season for a specific fishery, the Commissioner may adjust the above specified control measures to achieve optimal utilization of the total allowable catch. The Department shall publish notice of such modification by filing and publishing in the New Jersey Register and in the Division's commercial regulation publication. All such notices shall be effective when the Department files the notice with the Office of Administrative Law or as specified otherwise in the notice.

(l) Special provisions applicable to the commercial harvest of summer flounder are as follows:

1. The possession of more than 100 pounds of summer flounder during the period of May 1 through October 31 or the possession of more than 200 pounds of summer flounder during the period of November 1 through April 30 on board a vessel or landed from a vessel shall constitute a directed fishery for summer flounder.

2. A person utilizing an otter or beam trawl in the directed fishery for summer flounder shall not use a net of less than 5.5 inches stretched diamond mesh or 6.0 inches minimum stretched square mesh, inside measurement. The mesh size shall be applied throughout the body, extensions and cod end portions of the net upon adoption in the Federal Register of essentially the same criteria. Until such time, the mesh size shall be applied throughout the cod end for at least 75 continuous meshes forward of the terminus of the net. The possession of any net less than the minimum specified above in this paragraph, on board a vessel engaged in a directed fishery for summer flounder is prohibited unless such net is not available for immediate use as defined in (b) above or is one of the following:

i. Vessels fishing in the fly net fishery are exempt from the minimum mesh size requirement. A fly net is a two seam otter trawl with the following configuration:

(1) The net has large mesh webbing in the wings with a stretch mesh measure of eight inches to 64 inches;

(2) The first body (belly) section of the net consists of 35 meshes or more of eight inch stretch mesh webbing or larger; and

(3) In the body section of the net the stretch mesh decreases in size relative to the wings and continues to decrease throughout the extensions to the cod end, which generally has a webbing of two inch stretch mesh.

(m) Special provisions applicable to a commercial weakfish fishery are as follows:

1. The possession of more than 100 pounds of weakfish or Atlantic croaker on board a vessel or landed from a vessel shall constitute a directed fishery for weakfish or Atlantic croaker.

2. A person shall not possess any weakfish less than 12 inches in length that have been harvested by otter or beam trawl during the period from September 1 through December 31. During the period of January 1 through August 31, the minimum size limit for weakfish harvested by otter or beam trawl is 13 inches in length pursuant to N.J.A.C. 7:25-18.12(a).

3. A person utilizing a beam or otter trawl in a directed fishery for weakfish or Atlantic croaker shall not use a net of less than 3.75 inches stretched diamond mesh or 3.375 inches stretched square mesh, inside measurement, applied throughout the cod end for at least 75 continuous meshes forward of the terminus of the net. The possession of any net less than the minimum mesh specified above in this paragraph on board any vessel in a directed fishery for weakfish or Atlantic croaker is prohibited.

4. A person shall not land more than 150 pounds of weakfish harvested by otter trawl except during the open seasons of January 1 through July 31 and October 13 through December 31. No dealer shall accept more than 150 pounds of weakfish landed in New Jersey taken by otter trawl except during such open seasons.

(n) Special provisions applicable to a directed winter flounder fishery are as follows:

1. The possession of more than 100 pounds of winter flounder on board a vessel or landed from a vessel shall constitute a directed fishery for winter flounder.

2. A person utilizing an otter or beam trawl in a directed fishery for winter flounder shall not use a net of less than 6.5 inches stretched mesh inside measurement applied throughout the cod end for at least 75 continuous meshes forward of the terminus of the net.

3. Except during the open season specified at N.J.A.C. 7:25-18.12(j)1, a vessel with any winter flounder on board shall not have any otter or beam trawl available for immediate use while on the marine waters of this State. An otter or beam trawl that conforms to the provisions at (b)1 through 3 above is considered not "available for immediate use."

(o) Special provisions concerning the harvest of bluefish are as follows:

1. The annual bluefish allocation to the otter trawl fishery shall be 14.7 percent of New Jersey's annual commercial bluefish quota as allocated by the National Marine Fisheries Service.

2. A person shall not land any bluefish by otter trawl except during the open season of January 1 through December 7.

(p) Special provisions applicable to a directed scup fishery are as follows:

1. The possession of more than 500 pounds of scup during the period of November 1 through April 30 and more than 200 pounds of scup during the period of May 1 through October 31 on board a vessel or landed from a vessel shall constitute a directed fishery for scup.

2. A person utilizing an otter or beam trawl in a directed fishery for scup shall not use a net of less than 5.0 inches stretched mesh inside measurement applied for a minimum of 75 continuous meshes forward of the terminus of the net.

i. Nets not large enough to accommodate the number of minimum meshes listed in (p)2 above shall not contain any meshes less than 5.0 inches stretched mesh inside measurement throughout the entire net.

3. The possession of any net with a mesh less than the minimum specified in (p)2 above on board a vessel in a directed fishery for scup is prohibited unless it is not available for immediate use as defined in (b) above.

(q) Special provisions applicable to a directed black sea bass fishery are as follows:

1. The possession of more than 500 pounds of black sea bass during the period of January 1 through March 31 or more than 100 pounds of black sea bass during the period of April 1 through December 31 on board a vessel or landed from a vessel shall constitute a directed fishery for black sea bass for the purpose of requiring minimum mesh sizes as defined in (q)2 below.

2. A person utilizing an otter or beam trawl in a directed fishery for black sea bass shall not use a net of less than 4.5 inches stretched diamond mesh or 4.0 inches minimum stretched square mesh, inside measurement applied throughout the cod end for at least 75 continuous meshes forward of the terminus of the net. The possession of any net less than the minimum specified in this paragraph on board a vessel in a directed fishery for black sea bass is prohibited unless it is not available for immediate use as defined in (b) above.

i. Nets not large enough to accommodate the number of minimum meshes listed in (q)2 above shall not contain any meshes less than 4.5 inches stretched diamond mesh or 4.0 inches stretched square mesh inside measurement throughout the entire net.

Amended by R.2001 d.73, effective March 5, 2001.

See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

Amended by R.2005 d.413, effective November 21, 2005.

See: 37 N.J.R. 742(a), 37 N.J.R. 4408(a).

Deleted (b)-(o); rewrote former (a) and removed designation.

7:25-18.16 Horseshoe crab (*Limulus polyphemus*)

(a) An individual shall not catch, take, or attempt to catch or take, land or possess horseshoe crabs from any beach or shoreline or from the marine waters of this State unless such individual has in his or her possession a valid permit to take horseshoe crabs issued by the Commissioner of Environmental Protection. Subject to the limitations of this section, including any quotas specified in (d) below, any individual who wishes to harvest horseshoe crabs may be eligible to obtain a permit by completing an application available from the Division of Fish and Wildlife, Bureau of Marine Fisheries, PO Box 400, Trenton, N.J. 08625-0400. The following persons, in the following circumstances, are not subject to this section:

1. Property owners, tenants or agents of property owners may, at any time, remove dead horseshoe crabs from their property for purposes of disposal. No sale, trade, or barter of horseshoe crabs is permitted under this paragraph.

2. Persons collecting horseshoe crabs for strictly scientific purposes only and operating under the terms and conditions specified by a required scientific collecting permit issued pursuant to N.J.S.A. 23:4-52 by the Admin-

istrator of the Marine Fisheries Administration within the Division.

3. Individuals in possession of a valid New Jersey miniature fyke or a valid New Jersey lobster or fish pot license and in possession of bona fide written documentation that the horseshoe crabs were obtained from a legal source.

(b) An individual is eligible for a horseshoe crab permit if the individual in each of two calendar years during the period of January 1, 1993 through May 29, 1997:

1. Possessed a valid New Jersey miniature fyke or lobster or fish pot license;

2. Possessed a valid New Jersey horseshoe crab permit; and

3. Reported landings of horseshoe crabs in New Jersey as verified by the Department on the basis of the reports submitted by the individual to the Department as required under this section since May 3, 1993.

(c) Horseshoe crab permits shall be nontransferable except that a horseshoe crab permit holder may transfer the right to the horseshoe crab permit at any time to the permittee's spouse, father, mother, son or daughter upon application to the Division. No permit shall be transferred without the prior determination by the Department that the transfer complies with this subsection.

(d) The annual horseshoe crab harvest quota for New Jersey from May 15, 2006 to December 31, 2007 shall be zero or as modified by the Commissioner pursuant to (h) below. Thereafter, the annual horseshoe crab harvest quota for New Jersey shall be no more than 150,000 or as modified by the Commissioner pursuant to (h) below. All landings of horseshoe crabs in New Jersey shall be applied to the New Jersey annual horseshoe crab quota.

1. The season for horseshoe crabs shall be April 1 through April 30 and June 8 through August 15. No person shall harvest or take any horseshoe crabs, dead or alive, during the period May 1 through June 7.

2. The Commissioner, or his or her designee, shall close the season for the commercial horseshoe crab fishery upon four days public notice of the projected date the annual quota shall be caught. Public notice shall include letters by first class mail to all New Jersey Horseshoe Crab Permit holders.

3. If the Commissioner, or his or her designee, closes the season prematurely because of unanticipated environmental events resulting in the quota not being landed by the projected date and at least one month remains in the current season, then the Commissioner, or his or her designee, may reopen the season for a specified period of time upon four days public notice. Public notice shall be made as specified in (d)2 above.

4. If the quota for any year is exceeded, the amount over harvested will be deducted from the following year's annual quota.

5. Beginning in 2001, the Department shall notify the previous year's holders of New Jersey Horseshoe Crab Permits of the current year's annual quota no later than January 31 of the year to which the annual quota applies. Notification shall be by first class mail to the previous year's permit holders.

(e) A person shall not harvest horseshoe crabs from the beaches and the adjacent waters and uplands within 1,000 feet of the bayfront mean high water line in that portion of Delaware Bay extending from the Cape May Canal in Cape May County to Stow Creek in Cumberland County at any time. Additionally, a person shall not harvest horseshoe crabs from the beaches and shoreline and the adjacent waters and uplands in the back bay area near Thompson's Beach bordered by, but not including, Adlers Ditch and Riggins Ditch in Cumberland County.

(f) An individual shall not harvest or land horseshoe crabs that have been taken by any method other than by hand harvest. The use of any implement (nets, rakes, spears, shovels, forks, etc.) to assist hand harvest is prohibited. Hand harvest is permitted in areas other than specified in (e) above only on Tuesdays and Thursdays during the season established under (d) above.

(g) It shall be illegal to possess horseshoe crabs on any vessel while having in possession any harvest gear except miniature fykes, conch pots, lobster pots, fish pots or minnow pots. The simultaneous possession of horseshoe crabs and any other harvest gear except those listed shall be prima facie evidence of a violation of this section.

(h) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify the annual quota and/or season in this section by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. § 5104(b). The Department shall publish notice of any such modification by filing a notice of administrative change with the Office of Administrative Law for publication in the New Jersey Register and publishing notice of the modification in the Division's commercial regulation publication. All such notices shall be effective when the Department files the notice with the Office of Administrative Law or as specified otherwise in the notice.

(i) All horseshoe crab permit holders shall telephone the Division's designated telephone number for horseshoe crab harvest each Friday during the horseshoe crab season and report the number of horseshoe crabs harvested during the previous week. If no horseshoe crabs were harvested during the previous week, a telephone report to that effect shall be

provided. Any person harvesting horseshoe crabs shall also provide monthly reports within five working days following the end of the reported month to the Department on forms supplied to the permit holder. The monthly report shall include the number of horseshoe crabs harvested, the area of collection and any other information as the Department may deem necessary for management of the horseshoe crab resource. If no horseshoe crabs were harvested during the month, a report to that effect shall be provided. The permittee shall be personally responsible for guaranteeing the timely delivery of reports to the Division as well as the accuracy of all information contained therein. The Department may demand that a permittee provide proof of the truth of any data contained in any report submitted to the Division under this program. If the permittee fails to file a true, complete monthly report with the Division by the fifth day of any month, the Division, in its discretion, may contact the permittee by the most expeditious method available in order to secure a complete report.

(j) Any person violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the suspension or revocation of the permittee's horseshoe crab harvesting privileges, according to the following procedures:

1. The Division shall notify the permittee in writing of the Division's intention to revoke the permittee's horseshoe crab harvesting privilege for the reasons stipulated in the notice, effective 20 business days after the date on the written notice (excluding the date on the notice) and of the Division's suspension of the permittee's horseshoe crab harvesting privileges in the interim, effective on a date stipulated in the notice but not sooner than 10 business days after the date of the notice (excluding the date on the notice).

2. The permittee may request a hearing to contest a proposed revocation of horseshoe crab harvesting privileges in accordance with the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1. The request for an administrative hearing must be received in writing by the Department within 20 business days from the date on the Division's notice of suspension and intention to revoke, excluding the date on the notice. However, if a timely request for a hearing is not received by the Department, any allegation contained in the notice shall be deemed admitted by the permittee and horseshoe crab harvesting privileges shall be revoked as of the date stipulated in the notice, without any further action by the Division.

3. The Division Director may, in his or her sole discretion, stay the suspension of horseshoe crab harvesting privileges pending a hearing on the notice of proposed revocation of horseshoe crab harvesting privileges for any good cause set forth in a written petition from the
