# Behavioral Health

PerformCare partners with the New Jersey Children's System of Care (CSOC) to coordinate the care of your child. We are committed to helping children with behavioral, mental health, or emotional challenges gain access to the services they need.

Parents, family members, school employees, mental health providers and other professionals helping children and families can contact PerformCare on behalf of a youth in need of a referral. The parent or legal guardian of the child must still give consent for the child to receive services.

Find out more about behavioral health services available in New Jersey. If your child is currently experiencing a behavioral health crisis, please call us right away at 1-877-652-7624.
