Report of the Quartermaster General

To the Governor:

SIR:—I have the honor to submit herewith the report of the operations of this department for the fiscal year ended October 31, 1913.

QUARTERMASTER CORPS.

General Orders No. 21, Adjutant General's Office, dated March 19, 1913, consolidated the Quartermaster's Department, the Subsistence Department and the Pay Department into a single corps designated "The Quartermaster Corps" and all officers of the three departments were recommissioned into the new corps.

Circular No. 8, Division of Militia Affairs, dated August 1, 1913, requiring the reorganization of the Guard to conform with section 3 of the amended Militia Act, approved May 28, 1908, restricts the personnel of the Quartermaster Corps to one Lieutenant Colonel, three Majors and six Captains. This personnel is in keeping with the present strength of the National Guard, and when the Governor's order, making the provisions of this circular effective, is promulgated in the State, the present Quartermaster Corps will no doubt be divided into an active and unassigned list. Those officers retained upon the active list will perform, through temporary assignment, all duties with which the Quartermaster Corps is charged under the regulations, and those upon the unassigned list must be continued upon that list without duty until vacancy occurs in the active list.

EQUIPMENT.

SHOES.

Considerable comment has been made in the past upon this subject and it is only necessary to publish the following correspondence to show its present status:

The Chief, Q. M. C., Trenton, N. J., Nov. 18, 1913—To the Chief, Division of Militia Affairs, Washington, D. C.:

1. A complete issue of marching shoes of standard pattern was made to all organizations of the National Guard in March, 1912. These shoes were used in the Connecticut Maneuver Campaign and were rendered unserviceable after ten days' wear. The organizations are still carrying them upon Return, but all will be inspected and condemned during the inspection of 1914.

2. In view of the statement contained in the first paragraph, the issue of a marching shoe that will be available for use at all times seems impracticable and the objections that may be offered to continuing the issue of shoes are: First, the personnel of the organization is constantly changing, rendering unserviceable shoes that still may be in good condition. Second, shoes worn during annual encampment and maneuvers are rendered totally unserviceable through lack of care after return therefrom. Third, a standard pattern of shoes has not yet been secured by the Government that can be comfortably fitted to the men. Fourth, in preparation for active service, delay would occur in replacing deficiencies and incidentally in properly fitting the changing personnel of every organization of the State.

3. It is not possible at this time to furnish shoes upon the basis of the State bearing half the cost and the enlisted men the balance. This would require an increase of \$8,000.00 in the equipment allotment from the State Legislature, as Federal funds cannot be used in this way; neither would the Federal Appropriation be sufficient for same without sacrificing other much needed equipment. Shoes furnished in this manner would be used only during an annual encampment and would not be available for use any other part of the year, and certainly could not be depended upon for use upon call into active service.

4. There can be no plan outlined that will provide a shoe at all times for both field instruction and active service, so the distinction must be made between the two. After considering this subject from every viewpoint, I would recommend:

FOR ACTIVE SERVICE.—That regulations be published providing in event of call of troops into active service, that immediately upon receipt of such orders, commanding officers of companies be authorized to purchase locally a suitable marching shoe at a cost not exceeding three dollars, and to render bills at once to this office for payment from funds provided for Emergency Service. It is believed that a suitable shoe, and one better adapted to the individual requirements, can be purchased in the immediate vicinity of every regimental and company station, and that by securing from local dealers and manufacturers with a large stock from which to select, a pattern fitted to the individual foot, under the supervision of the company officer, the shoe will be more satisfactory in every respect. This method will have the added advantage of preparing the Guard for emergency service at all times, which cannot be said of any other system of issue.

FOR ARMORY AND FIELD INSTRUCTION.—It is recommended that the Legislature increase the equipment appropriation approximately \$8,000.00 per year, the State to pay from this one-half the cost of shoes during annual encampment and the enlisted men the balance, the shoes to become the property of the individual, conditional upon its being worn at the annual encampment and annual inspection.

5. Your comment upon paragraph 4 is requested.

Quartermaster General.

The Chief, Division of Militia Affairs, Washington, D. C., Dec. 17, 1913—To the Chief, Q. M. C., N. G. N. J., Trenton :

1. Referring to your letter of December 2, 1913, on the above subject, I am directed by the Secretary of War to inform you that it is difficult to formulate any definite plan whereby a proper marching shoe can be assured to the enlisted men of the Organized Militia.

2. The practicable difficulties which confront the military authorities of a state in their endeavor to provide suitable footwear for enlisted men are well appreciated by this Division. It is realized that a strict enforcement of the law which requires the Organized Militia to be unfermed for active duty in the field would not be equitable in so far as the question of shoes is concerned, owing to the conditions which have so well been set forth in the indorsement from the Quartermaster General of New Jersey. It is for this reason that there has been no demand on the part of the War Department for a strict compliance with this part of the law, its policy having been simply to call attention to the importance of a proper marching shoe, having in view that the efficiency of infantry in particular depends greatly upon its marching powers, and that an improper or badly fitting shoe will greatly limit these.

3. The plan suggested by the Quartermaster General of New Jersey would appear to be practicable and has the approval of this Division.

4. For your information it may be well to state that other plans which have been suggested are as follows :

That whenever the soldier parades at the annual inspection held under the provisions of Section 14 of the Militia Law and at the annual state encampment with a serviceable and suitable marching shoe, the State pay him on each occasion \$1.00. This will insure the soldier having in his possession at least twice a year a shoe which is suitable for field purposes.

Another plan which has been suggested is to make arrangements with a manufacturer to place on the market in each town where a National Guard company is located, a neat looking and serviceable shoe which can be sold to enlisted men of the Organized Militia for their personal use on certificate of the captain at a special price. It is thought that in view of the number of this class of shoe which will perhaps be sold throughout a state, special arrangements as to price can be made, and as an encouragement to the men to purchase these shoes the State could pay to the soldier for each pair purchased by him, not to exceed three pairs a year, fifty cents. This, it is believed, will permit a soldier to have in his possession at practically all times a fairly serviceable shoe.

5. Any plan along the lines suggested by the Quartermaster General or as indicated in this communication has the approval of this Division, and it is desired at this time to express appreciation of the efforts of the military authorities of the State of New Jersey to carry out the wishes of the War Department in this respect and so improve the efficiency of the Organized Militia.

(S) A. L. MILLS,

Brig. Gen., General Staff, for the Chief of Staff.

PROPERTY ACCOUNTABILITY.

General Orders No. 44, A. G. O., 1913, establishes a new system of accountability for ordnance, signal and engineer property known as Unit Accountability. This system, if maintained as contemplated in the regulations, will relieve company and detachment commanders of the past method of detailed accounting. The Company Property book and the detailed recording of invoices will be discontinued, and in lieu thereof, an acknowledgment made once each year that a unit is on hand. To maintain this unit, however, the closest attention must be paid to the record of property held by the individual members of organizations, and evidence secured at

once in support of losses as contemplated in paragraph 724, Army Regulations, 1910, as it is only upon the submission of such evidence that lost property will be replaced, and the unit thereby maintained, without charge against the organization. Losses not supported by proper evidence of the absence of neglect must be paid from the funds of the organization under the provisions of paragraph 129, laws governing the National Guard, and moneys thus secured used in purchasing like articles of equipment from the War Department.

After the unit equipment has been furnished all organizations of the National Guard, it will be possible to establish a clothing allowance of the nature of that described in the report of this department of 1911, as the federal allotment for supplies, a large part of which it has been necessary in the past to use for replacing lost ordnance stores, can now be devoted to the purchase of clothing. As explained in the Report of 1911 the adoption of a clothing allowance has been, until this time, impracticable as no definite portion of the allotment could be set aside for clothing exclusively.

ARMORIES.

There have been no new armories completed during the fiscal year just closed. Work is in progress on the armories of Battery B and Troop B, 1st Squadron Cavalry, at Camden and Red Bank respectively, and contracts have been accomplished for armories at Orange and Bridgeton and work will soon be commenced thereon. Appropriations were made by the Legislature for armories at Asbury Park and New Brunswick, which will be available November 1, 1913. The State has acquired ownership of the Hackensack armory occupied by Company G, Fifth Infantry.

The following tables exhibit the amounts expended from State allotments made for maintaining, heating and lighting those armories now occupied by the several organizations of the National Guard, showing comparisons of expenditures under subheadings, together with a comparison of number and pay of employes in the several armories:

QUARTERMASTER GENERAL'S REPORT.

FIRST REGIMENT.

Occupation.	Pay per month.
1 Custodian (Colonel)	\$50.00
1 Armorer	\$31.33
1 Fireman	60.00
1 Watchman	50.00
1 Charwoman	35.00
	<hr/>
	\$278.33

SECOND REGIMENT, TRENTON.

1 Custodian (Colonel)	\$50.00
1 Asst. Custodian (Lt.-Col.)	30.00
1 Armorer	60.00
1 Engineer	70.00
1 Charwoman	22.50
	<hr/>
	\$232.50

SECOND REGIMENT, ELIZABETH.

1 Armorer	\$75.00
2 Laborers, \$25.00 each	50.00
	<hr/>
	\$125.00

SECOND REGIMENT, SOMERVILLE.

1 Custodian (Colonel)	55.00
1 Janitor	5.00
	<hr/>
	\$55.00

THIRD REGIMENT.

1 Custodian (Colonel)	\$50.00
1 Armorer	60.00
1 Asst. Armorer	60.00
	<hr/>
	\$170.00

FOURTH REGIMENT.

1 Custodian (Colonel)	\$50.00
1 Superintendent	60.00
1 Asst. Armorer	50.00
1 Charwoman	15.00
	<hr/>
	\$175.00

FIFTH REGIMENT, PATERSON.

1 Custodian (Colonel)	\$50.00
2 Armorer at \$60.00 each	120.00
	<hr/>
	\$170.00

FIFTH REGIMENT, HACKENSACK.

Occupation.	Pay per month.
1 Armorer	\$40.00
FIRST SQUADRON CAVALRY.	
1 Armorer	\$60.00
1 Stable Foreman	65.00
1 Horseshoer	80.00
3 Grooms at \$35.00 each	105.00
	<hr/>
	\$370.00

BATTERY "A."

1 Armorer	\$75.00
1 Stable Sergeant	75.00
1 Mechanic	65.00
1 Stableman	50.00
	<hr/>
	\$265.00

BATTERY "B."

1 Caretaker	\$65.00
1 Asst. Caretaker	65.00
	<hr/>
	\$130.00

FIRST BATTALION NAVAL RESERVE.

1 Executive Officer	\$130.00
1 Steward	40.00
1 Chief Mechanic (Paid at rate \$2.00 per day)	60.00
1 Seaman	60.00
	<hr/>
	\$290.00

SECOND BATTALION NAVAL RESERVE.

1 Custodian	\$50.00
1 Shipkeeper	90.00

1 Shipkeeper	35.00
1 Shipkeeper	25.00
2 Shipkeepers at \$2.00 per day for number days employed	
	<hr/>
	\$390.00

STATE CAMP GROUNDS AND ENCAMPMENTS.

In addition to the regular Annual Rifle Camp of Instruction established at the State Camp Grounds at Sea Girt from June 1st to October 31st, under G. O. No. 29, O. A. G., April 29, 1913, there have been encampments and practice marches as follows:

A combined Camp of Instruction for infantry and medical officers was held at the State Camp Grounds, Sea Girt, June 2d to 7th, inclusive, 1913, under G. O. No. 26, O. A. G., April 18, 1913.

There was an Encampment for field practice held at Sea Girt from June 30th to July 2nd, inclusive, under G. O. No. 34, O. A. G., June 16, 1913, for students who qualified in the School of Musketry established for indoor instruction during the winter months.

Pursuant to G. O. No. 27, O. A. G., April 18, 1913, the organizations of the Division encamped during the months of June, July, and August as follows:

Infantry at Sea Girt, July 12th to August 16th, inclusive.

Field Artillery at Tobyhanna, Pa., with U. S. Artillery, Battery A, June 21st to 30th, inclusive, Battery B, August 1st to 10th, inclusive.

The 1st and 2nd Troops Cavalry were consolidated into a squadron of three troops, A, B and C, under the command of Captain William A. Bryant, and made a practice march and encampment at Lake Wawayonda, N. J., June 15th to 21st, inclusive.

The Signal Corps Company went on a practice march with nightly bivouacs from June 14th to 24th, inclusive.

The First Field Hospital encamped at Sea Girt with the First Infantry, July 12th to 19th, inclusive.

Disbursements during the year by the State Treasurer for account encampments and practice marches were as follows:

Construction, labor and teams	\$7,495.90
Forage and straw	534.46
Freight, expressage, etc.	1,241.42
Fuel	240.65
Horse hire, including those for mounted enlisted men	6,323.50
Lighting	815.31
Pay	26,824.00
Quartermaster's stores and commissary supplies	1,959.26
Subsistence	1,434.05
Transportation	6,688.86
Miscellaneous	603.06
Ammunition for batteries	2,775.00
	\$59,935.47
