SUBCHAPTER 3. CIVIL ADMINISTRATIVE
PENALTIES AND REQUESTS FOR
ADJUDICATORY HEARINGS

7:27A-3.1 Scope and purpose

(a) This subchapter shall govern the Department's assessment of civil administrative penalties for violations of the Air Pollution Control Act, N.J.S.A. 26:2C-1 et seq., including violation of any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant to the Act. This subchapter shall also govern the procedures for requesting an adjudicatory hearing on a notice of civil administrative penalty assessment or an administrative order.

(b) The Department may assess a civil administrative penalty of not more than \$10,000 for the first offense, not more than \$25,000 for the second offense, and not more than \$50,000 for the third and each subsequent offense for each violation of each provision of the Act, or of any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant to the Act.

(c) Each day during which a violation continues shall constitute an additional, separate, and distinct offense.

(d) Neither the assessment of a civil administrative penalty nor the payment of any such civil administrative penalty shall be deemed to affect the availability of any other enforcement provision provided for by the Act, or any other statute, in connection with the violation for which the assessment is levied.

7:27A-3.2 Definitions

The following words and terms, when used in this subchapter, have the following meanings unless the context clearly indicates otherwise. Unless otherwise specified below, all words and terms are defined in N.J.S.A. 26:2C-2 and in N.J.A.C. 7:27.

"Act" means the Air Pollution Control Act (1954), as amended, N.J.S.A. 26:2C-1 et seq.

"AAQS" means Ambient Air Quality Standards, as defined in N.J.A.C. 7:27-13.

"Continuous emissions monitor" or "CEM" means a device which continuously measures the emissions from one or more source operations.

“Continuous monitoring system” or “CMS” means a system designed to continuously measure various parameters at a facility which may affect or relate to a facility’s emissions. Components of a CMS include, but are not limited to, any continuous emissions monitor (CEM), continuous opacity monitor (COM), continuous process monitor (CPM), or any other constantly operating measuring device and recording device approved by the Department to perform one or more of the functions of a CMS. Ambient monitors, which measure the impact or concentration of air contaminants emitted by the source operation or facility in nearby areas, are not considered part of a facility’s CMS.

“Continuous opacity monitor” or “COM” means a device which continuously measures opacity of flue gases on a continuing basis.

“Continuous process monitor” or “CPM” means an instrument or system which continuously measures an operational parameter at a facility, such as temperature or air flow rate.

“EHS” means Extraordinarily Hazardous Substance, as defined in N.J.A.C. 7:31-1.

“EOR” means Emission Offset Rule, as set forth in N.J.A.C. 7:27-18.

“HAP (Table C)” means hazardous air pollutant as defined in N.J.A.C. 7:27-8, Appendix 1.

“NESHAPS” means National Emission Standards for Hazardous Air Pollutants, as set forth in 40 CFR 61.

“NSPS” means New Source Performance Standards, as set forth in 40 CFR 60.

“Offense” means each individual violation of the Act or of any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant thereto. Subsequent offenses are not conditioned upon a prior conviction, final order, or entry of judgment. In addition, a single administrative order and notice of civil administrative penalty assessment may relate to more than one offense.

“Partial pressure” means the pressure exerted by a specified component in a mixture of gases.

“PSDAQ” means Prevention of Significant Deterioration of Air Quality, as set forth in 40 CFR 51.

“Source operation” means any process, or any identifiable part thereof, that emits or can reasonably be anticipated to emit any air contaminant either directly or indirectly into the outdoor atmosphere. A source operation may include one or more pieces of equipment or control apparatus. This term includes the term “emissions unit” as defined at 40 CFR 70.2.

“TXS” means a substance listed as a toxic substance in N.J.A.C. 7:27-17.

“Vapor pressure” means the pressure of the vapor phase of a substance, or the sum of the partial pressure of the vapor phases of individual substances in a mixture of substances, when in equilibrium with the non-vapor phase of the substances.

“Volatile organic compound” or “VOC” means any compound of carbon (other than carbon monoxide, carbon dioxide, carbonic acid, metallic carbonates, metallic carbides, and ammonium carbonate) which participates in atmospheric photochemical reactions. For the purpose of determining compliance with emission limits or content standards, VOC shall be measured by test methods in the approved SIP (such as N.J.A.C. 7:27B-3) or 40 CFR Part 60, Appendix A, as applicable, or which have been approved in writing by the Department and are acceptable to EPA. This term does not include the compounds which EPA has excluded from its definition of VOC in the list set forth at 40 CFR 51.100(s)(1), which is incorporated by reference herein, together with all amendments and supplements. The list at 40 CFR 51.100(s)(1) currently includes the compounds and the classes of perfluorocarbons set forth below:

7:27A-3.3 Procedures for assessment and payment of civil administrative penalties

(a) In order to assess a civil administrative penalty under the Act, for violation of the Act or any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant to the Act, the Department shall, by means of an administrative order and notice of civil administrative penalty assessment, notify the violator by certified mail (return receipt requested) or by personal service. The Department may, in its discretion, assess a civil administrative penalty for more than one offense in a single administrative order and notice of civil administrative penalty assessment or in multiple administrative orders and notices of civil administrative penalty assessment. This Administrative Order and Notice of Civil Administrative Penalty Assessment shall:

1. Identify the section of the Act, rule, administrative order, operating certificate, registration requirement or permit violated;
2. Concisely state the facts which constitute the violation;
3. Order such violation to cease;
4. Specify the amount of the civil administrative penalty to be imposed; and
5. Advise the violator of the right to request an adjudicatory hearing pursuant to the procedures in N.J.A.C. 7:27A-3.4.

(b) Payment of the civil administrative penalty is due upon receipt by the violator of the Department's Final Order in a contested case or when a Notice of Civil Administrative Penalty Assessment becomes a Final Order, as follows:

1. If no hearing is requested pursuant to the procedures in N.J.A.C. 7:27A-3.4, a Notice of Civil Administrative Penalty Assessment becomes a Final Order on the 21st day following receipt of the Notice of Civil Administrative Penalty Assessment by the violator;

2. If the Department denies the hearing request, a Notice of Civil Administrative Penalty Assessment becomes a Final Order upon receipt by the violator of notice of such denial; or

3. If an adjudicatory hearing is conducted, a Notice of Civil Administrative Penalty Assessment becomes a Final Order upon receipt by the violator of a Final Order in a contested case.

7:27A-3.4 Procedures to request an adjudicatory hearing to contest an administrative order and notice of civil administrative penalty assessment and procedures for conducting adjudicatory hearings

(a) To request an adjudicatory hearing to contest an administrative order and notice of civil administrative penalty assessment issued pursuant to the Act, the violator shall submit the following information in writing to the Department, at Office of Legal Affairs, ATTENTION: Adjudicatory Hearing Requests, Department of Environmental Protection, CN 402, Trenton, New Jersey 08625-0402:

1. The name, address, and telephone number of the violator and its authorized representative;
2. The violator's defenses to each of the Department's findings of fact in the administrative order and notice of civil administrative penalty assessment stated in short and plain terms;
3. An admission or denial of each of the Department's findings of fact in the administrative order and notice of civil administrative penalty assessment. If the violator is without knowledge or information sufficient to form a belief as to the truth of a finding, the violator shall so state and this shall have the effect of a denial. A denial shall fairly meet the substance of the findings denied. When the violator intends in good faith to deny only a part or a qualification of a finding, the violator shall specify so much of it as is true and material and deny only the remainder. The violator may not generally deny all of the findings but shall make all denials as specific denials of designated findings. For each finding the violator denies, the violator shall allege the fact or facts as the violator believes it or them to be;

4. Information supporting the request and specific reference to or copies of other written documents relied upon to support the request;

5. An estimate of the time required for the hearing (in days and/or hours); and

6. A request, if necessary, for a barrier-free hearing location for physically disabled persons.

(b) If the Department does not receive the hearing request within 20 days after receipt by the violator of an administrative order and notice of civil administrative penalty assessment being challenged, the Department shall deny the hearing request.

(c) If the violator fails to include all the information required by (a) above, the Department may deny the hearing request.

(d) All adjudicatory hearings shall be conducted in accordance with the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

Administrative change in (a).
See: 23 N.J.R. 3325(b).

7:27A-3.5 Civil administrative penalty determination— general

(a) The Department may assess a civil administrative penalty of not more than \$10,000 for the first offense, not more than \$25,000 for the second offense, and not more than \$50,000 for the third and each subsequent offense against each violator who fails to comply with the Act, or any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant thereto.

(b) Each violation of any provision of the Act, or any rule promulgated, or administrative order, operating certificate, registration requirement or permit issued pursuant thereto shall constitute a separate and distinct offense.

(c) Each day during which a violation continues shall constitute an additional, separate, and distinct offense.

(d) The Department may assess a civil administrative penalty for a violation of any provision of N.J.A.C. 7:27 for which no penalty amount is specified under N.J.A.C. 7:27A-3.6 through 3.11. The Department shall base the amount of such a penalty assessment upon the following factors:

1. The amount of the penalty established under N.J.A.C. 7:27A-3.6 through 3.11 for a violation which is comparable to the violation in question. Comparability is based upon the nature of the violations (for example, violations of recordkeeping requirements, reporting requirements or emission limits) and the nature and extent of the environmental harm likely to result from the type of violation; and

2. The factors listed in (e) below.

(e) The Department may, in its discretion, adjust the amount of any penalty assessed pursuant to this section or under N.J.A.C. 7:27A-3.6, 3.7, 3.8, 3.9, 3.10 or 3.11, based upon any or all of the factors listed in (e)1 through 6 below. The Department may apply such factors in addition to the factors listed in N.J.A.C. 7:27A-3.10(e)5 and 3.11. No such factor constitutes a defense to any violation.

1. The compliance history of the violator;
2. The number of times and the frequency with which the violation occurred;
3. The severity of the violation;
4. The nature, timing and effectiveness of any measures taken by the violator to mitigate the effects of the violation for which the penalty is being assessed;
5. The nature, timing and effectiveness of measures taken to prevent future similar violations, and the extent to which such measures are in addition to those required under an applicable statute or rule; and
6. Any other mitigating, extenuating or aggravating circumstances.

(f) Except as provided for in (g) and (h) below, the Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

(g) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(c) or (e) indicated by a continuous monitoring system, the Department shall calculate penalties in accordance with N.J.A.C. 7:27A-3.10(m)1 and may, in its discretion for purposes of determining the statutory maximum penalty for an offense, treat an offense as a first offense for civil administrative penalty determination purposes, at the beginning of each calendar quarter.

(h) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(d) or (e) when a continuous monitoring system operates out of control or is out of service, the Department shall calculate penalties in accordance with N.J.A.C. 7:27A-3.10(m)2 and may, in its discretion, treat an offense as a first offense for civil administrative penalty determination purposes, if the violator has not committed the same offense in the four consecutive calendar quarters immediately preceding the first day of the calendar quarter during which the pending offense was committed.

(a) The Department may assess a civil administrative penalty against each violator who submits inaccurate information or who makes a false statement, representation, or certification in any application, registration, record, or other document submitted or maintained, or who falsifies, tampers with, or renders inaccurate any monitoring device or method required to be maintained under the Act or any rule, administrative order, operating certificate, registration requirement or permit issued pursuant thereto.

(b) Each day from the day that the violator knew or had reason to know that it submitted inaccurate or false information to the Department until the day of receipt by the Department of a written correction by the violator shall be an additional, separate and distinct offense.

(c) The Department shall determine the amount of the civil administrative penalty for offenses described in this section based on the conduct of the violator as follows:

1. For each intentional, deliberate, purposeful, knowing or willful act or omission by the violator, the civil administrative penalty, per act or omission, shall be in an amount of \$10,000 for the first offense, \$25,000 for the second offense, and \$50,000 for the third and each subsequent offense; and

2. For all other conduct, the civil administrative penalty, per act or omission, shall be in the amount of \$2,000 for the first offense, \$4,000 for the second offense, and \$10,000 for the third and each subsequent offense.

7:27A-3.7 Civil administrative penalty for failure to allow lawful entry and inspection

(a) The Department may assess a civil administrative penalty against each violator who refuses, inhibits or prohibits immediate lawful entry and inspection of any premises, building, or place, except private residences, by any authorized Department representative.

(b) Each day that a violator refuses, inhibits or prohibits immediate lawful entry and inspection of any premises, building, or place, except private residences, by any authorized Department representative, shall be an additional, separate and distinct offense.

(c) The amount of the civil administrative penalty for offenses described in this section shall be \$8,000 for the first offense, \$16,000 for the second offense, and \$40,000 for the third and each subsequent offense.

7:27A-3.8 Civil administrative penalty for failure to pay a fee

(a) The Department may assess a civil administrative penalty against each violator who fails to pay a fee when due.

(b) Each day a fee is not paid after it is due shall constitute an additional, separate and distinct offense.

(c) To assess a civil administrative penalty pursuant to this section:

1. The Department shall identify the civil administrative base penalty pursuant to (d) below; and

2. The civil administrative penalty shall be the base penalty unless adjusted pursuant to (e) below.

(d) The base penalty shall be as follows:

1. An amount equal to one-third of the unpaid fee or \$50.00, whichever is greater, for the nonpayment of a fee due in any calendar year; or

2. An amount equal to two-thirds of the unpaid fee or \$100.00, whichever is greater, for the nonpayment of a second fee in the same calendar year as in (d)1 above, but not the same fee as in (d)1 above; or

3. An amount equal to the unpaid fee or \$250.00, whichever is greater, for the nonpayment of a third and each subsequent fee due in the same calendar year as in (d)1 above, but not the same fee as in (d)1 or 2 above.

(e) Failure to pay a fee within 30 days of receipt by the violator of notice of the nonpayment from the Department shall be considered a continuing violation. For a continuing violation, the Department may increase the amount of the base penalty calculated pursuant to (d) above by the amount obtained by multiplying the base penalty dollar amount by 0.1 percent for each day that the fee is past due.

Amended by R.1995 d.5, effective January 3, 1995 (operative January 27, 1995).

See: 26 N.J.R. 3566(a), 27 N.J.R. 93(a).

7:27A-3.9 Civil administrative penalty for failure to provide information or test data or to maintain a permanent record of information or test data

(a) The Department may assess a civil administrative penalty against each violator who fails to provide the Department with or who fails to maintain a permanent record of information regarding smoke, opacity, or emission data; any other stack or test data; or any other records or information required by the Department pursuant to the Act or any rule, administrative order, operating certificate, registration requirement or permit issued pursuant thereto.

(b) Each day smoke, opacity or emission data; any other stack or test data; or any other records or information required by the Department pursuant to the Act or any rule, administrative order, operating certificate, registration requirement or permit issued pursuant thereto is not provided after it is due, or is not maintained, shall constitute an additional, separate and distinct offense.

(c) Except as provided in N.J.A.C. 7:27A-3.10, the amount of the civil administrative penalty for offenses described in this section shall be as follows:

1. For the nonsubmittal of or the failure to maintain records of any smoke, opacity or emission data:

- i. \$2,000 for the first offense;

- i. \$500 for the first offense;
- ii. \$1,000 for the second offense;
- iii. \$2,500 for the third offense; and
- iv. \$7,500 for the fourth and each subsequent offense.

(d) The Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

(c) Each day during which the violation continues shall constitute an additional, separate, and distinct offense.

(d) Except as provided for in (e) and (f) below, the Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

(e) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(c) or (e) indicated by a continuous monitoring system, the Department shall calculate penalties in accordance with (m)1 below and may, in its discretion for purposes of determining the statutory maximum penalty for an offense, treat an offense as a first offense for civil administrative penalty determination purposes, at the beginning of each calendar quarter.

(f) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(d) or (e) when a continuous monitoring system operates out of control or is out of service, the Department shall calculate penalties in accordance with (m)2 below and may, in its discretion, treat an offense as a first offense for civil administrative penalty determination purposes, if the violator has not committed the same offense in the four consecutive calendar quarters immediately preceding the first day of the calendar quarter during which the pending offense was committed.

(g) Where the civil administrative penalty for a violation of the Act or of any rule promulgated pursuant to the Act may be determined by using more than one provision of this section, the Department may, in its discretion, assess the highest civil administrative penalty that corresponds to the violation, pursuant to the factors listed in N.J.A.C. 7:27A-3.5(e).

(h) The Department shall determine the amount of the civil administrative penalty for offenses described in this section on the basis of the provision violated and the frequency of the violation.

(i) The Department may, in its discretion prior to assessment of a civil administrative penalty, adjust the amount of any penalty determined under this section pursuant to the factors listed in N.J.A.C. 7:27A-3.5(e).

(j) For violations of N.J.A.C. 7:27-22.3(a) and (b), the Department shall calculate penalties in accordance with the Civil Administrative Penalty Schedule in (l) below by adding the penalty amounts for each source operation within a facility that is subject to N.J.A.C. 7:27-22. The daily penalty for such violations shall not exceed the amounts set forth in (a) above.

(k) Footnotes 3, 4, and 8 set forth in the Civil Administrative Penalty Schedule in (l) below are intended solely to put violators on notice that in addition to assessing a civil administrative penalty, the Department may also revoke the violator's Operating Permit, Certificate or variance. These footnotes are not intended to limit the Department's discretion in determining whether or not to revoke an Operating Permit, Certificate or variance, but merely to indicate the situations in which the Department would be most likely to seek revocation.

(l) The violations of N.J.A.C. 7:27 and the civil administrative penalty amounts for each violation are as set forth in the following Civil Administrative Penalty Schedule. The numbers of the following subsections correspond to the numbers of the corresponding subchapter in N.J.A.C. 7:27. 4. The violations of N.J.A.C. 7:27-4, Control and Prohibition of Particles from the Combustion of Fuel, and the civil administrative penalty amounts for each violation, per source, are as set forth in the following table:

³ Revoke Certificate to Operate Under N.J.A.C. 7:27-8 (if applicable)

5. The violations of N.J.A.C. 7:27-5, Prohibition of Air Pollution, and the civil administrative penalty amounts for each violation, per source, are as set forth in the following tables:

Citation	First Offense	Second Offense	Third Offense	Fourth and Each Subsequent Offense
N.J.A.C. 7:27-5.2(a), the emission of air contaminants in such quantities and duration as are, or tend to be, injurious to human health or welfare, animal or plant life or property				
Maximum Penalty Per Violation	\$10,000 ⁷	\$25,000 ⁷	\$50,000 ⁷	\$50,000 ⁷
The maximum penalty may be reduced by applying the following factors:				
(1) Remedial Measures Taken:				
(A) Immediate implementation of measures to effectively mitigate the effects of the violation:	15% Reduction from the maximum penalty			
(B) Implementation of measures that can reasonably be expected to prevent a recurrence of the same type of violation				
1. Full implementation	20% Reduction from the maximum penalty			
2. Partial implementation	10% Reduction from the maximum penalty			
(2) Magnitude of Problem				
(A) Population Affected				
Less than three complainants:	20% Reduction from the maximum penalty			
Three to five complainants:	15% Reduction from the maximum penalty			
Six to 10 complainants:	5% Reduction from the maximum penalty			
Greater than 10 complainants:	0% Reduction from the maximum penalty			
(B) Nature of Air Contaminant ⁹				
Particulates & other air contaminants:	15% Reduction from the maximum penalty			
VOC, NO _x or other criteria pollutant:	5% Reduction from the maximum penalty			
EHS, TXS or NESHAPS:	0% Reduction from the maximum penalty			
(C) Amount of Air Contaminant Emitted in Any One Hour				
Less than 22.8 pounds:	15% Reduction from the maximum penalty			
22.8 pounds or greater:	0% Reduction from the maximum penalty			
(D) Area Covered (Air contaminant)				
Less than ½ square mile:	15% Reduction from the maximum penalty			
½ square mile or greater:	0% Reduction from the maximum penalty			
(E) Off-site Property Damage				
No:	15% Reduction from the maximum penalty			
Yes:	0% Reduction from the maximum penalty			

⁷ For instance, for the first offense, if the violator takes remedial measures to mitigate the effects of the violation, the Department may reduce \$1,500 (15%) from the maximum penalty. Further, if the violator takes measures that can reasonably be expected to prevent a recurrence of the same type of violation, the Department may reduce an additional \$2,000 (20%) from the maximum penalty. Further, if there are less than three complainants related to the violation the Department may reduce an additional \$2,000 (20%) from the maximum penalty. Further, if an air contaminant emitted is not a VOC, NO_x, criteria pollutant, EHS, TXS, or NESHAPS the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Further, if the air contaminant emitted is less than 22.8 pounds in any one hour to the atmosphere the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Further, if the air contaminant emitted into the atmosphere covers an area of less than ½ square mile, the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Further, if there is no off-site property damage from the air contaminant the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Summing the total penalty reduction percentages results in a total reduction of 115%. However, an assessed penalty may not be reduced by more than 95% of the maximum penalty; therefore, the maximum reduction for the first offense penalty of \$10,000 would be \$9,500 resulting in an assessed penalty of \$500.00.

Base Penalty per Violation

i. The base penalty may be reduced or increased by applying the following factors, as applicable. The civil administrative penalty for each violation is calculated by summing the base penalty and the increase or decrease from the base penalty for each of the applicable factors in i(1) through (4) below.

(1) Remedial Measures Taken

(A) Immediate implementation of measures to effectively mitigate the effects of the violation:

15% Reduction from the base penalty

(B)1 Implementation of measures that can reasonably be expected to prevent a recurrence of the same type of violation

1. Full implementation

20% Reduction from the base penalty

2. Partial implementation

10% Reduction from the base penalty

(2) Population Affected

(A) Three to five complainants:

10% increase to the base penalty

(B) Six to 10 complainants:

15% increase to the base penalty

(C) Greater than 10 complainants:

20% increase to the base penalty

(3) Nature of Air Contaminant²

(A) VOC, NO_x or other criteria pollutant:

15% increase to the base penalty

(B) EHS, TXS or NESHAPS:

20% increase to the base penalty

(4) Compliance History

(A) Upon a showing by a violator within 14 calendar days of receipt of the notice of violation from the Department that, at the time of the pending violation:

1. The violator was in full compliance with the terms and conditions of all Department permits and certificates related to the pending violation:

2. The violator was in full compliance with all air pollution control permits and certificates for the facility where the violation is pending, except for the violation of N.J.A.C. 7:27-5.2(a) and N.J.A.C. 7:27-8.3(j); and

3. The pending violation is the first violation of N.J.A.C. 7:27-5.2(a) for the facility within the five calendar years immediately preceding the date of the pending violation:

50% reduction from the base penalty

¹ For instance, for the first offense, if the violator takes immediate remedial measures to mitigate the violation, the Department may reduce \$150.00 (15%) from the base penalty. Further, if the violator takes measures that can reasonably be expected to prevent a recurrence of the same type of violation, the Department may reduce an additional \$200.00 (20%) from the base penalty. Further, if there are less than three complainants related to the violation there is no increase to or reduction from the base penalty. Further, if an air contaminant emitted is not a VOC, AAQS, EHS, TXS, or NESHAPS there is no increase to or reduction from the base penalty. Further, if this is the first violation of N.J.A.C. 7:27-5.2(a) for the facility within five years immediately preceding the date of the pending violation and the violator can demonstrate that it was in full compliance with the terms and conditions in all Department permits and certificates related to the pending violation and with all air pollution control permits and certificates, the Department may reduce an additional \$500.00 (50%) from the base penalty. Therefore, the minimum assessed penalty for the first offense under this section would be \$150.00. In this example, all of the reductions were taken to the fullest extent to result in the minimum penalty.

³ Revoke Certificate to Operate Under N.J.A.C. 7:27-8 or Revoke Operating Permit Under N.J.A.C. 7:27-22 (if applicable).

(m) The Department shall determine the amount of civil administrative penalty for violations of N.J.A.C. 7:27-8 and 7:27-22 as follows: for violations detected by continuous monitoring systems in accordance with (m)1 below; for continuous monitoring systems not installed, out of service or out of control in accordance with (m)2 below; and for violations of continuous monitoring systems recordkeeping and reporting requirements in accordance with (m)3 below. The rule summaries for the requirements set forth in the Civil Administrative Penalty Schedule in this subsection are provided for informational purposes only and have no legal effect.

1. The Department shall determine the amount of civil administrative penalty for violations of N.J.A.C. 7:27-8.3(e) and 7:27-22.3(e) as indicated by continuous monitoring systems on the basis of the severity level, duration of the offense and the size or nature of the source operation associated with the violation as follows:

i. Table 1 of this section shall be used to determine the level of offense, based on the percentage or amount of differential from the standard or allowable set forth in the Preconstruction Permit or Operating Certificate issued pursuant to N.J.A.C. 7:27-8 or Operating Permit issued pursuant to N.J.A.C. 7:27-22.

ii. Tables 2A or 2B of this section shall be used to determine the amount of the base penalty. The level of offense determined from Table 1 is used in conjunction with either Table 2A (for any major source operation) or Table 2B (for any minor source operation) as defined in the corresponding footnotes below Tables 2A and 2B.

iii. Table 3 shall be used to determine a multiplier which shall be applied to the base penalty from either Table 2A or 2B. The multipliers included in Table 3 each correspond to the duration of the offense or the length of the averaging time provided in the Preconstruction Permit or Operating Certificate issued pursuant to N.J.A.C. 7:27-8 or Operating Permit issued pursuant to N.J.A.C. 7:27-22. The base penalty determined from Table 2A or 2B is multiplied by the appropriate Table 3 multiplier to determine the penalty amount of the offense.

³ Any source operation with estimated potential emissions without controls of greater than 22.8 pounds per hour, or greater than 5.7 pounds per hour for VOC and NO_x, or air contaminants regulated pursuant to NSPS, NESHAPS, PSDAQ, EOR, TXS and HAP (Table C) based on Preconstruction Permit or Certificate issued pursuant to N.J.A.C. 7:27-8 or Operating Permit issued pursuant to N.J.A.C. 7:22.

⁴ Any source operation with estimated potential emissions without controls of 22.8 pounds per hour or less, or 5.7 pounds per hour or less for VOC and NO_x, based on a Preconstruction Permit or Certificate issued pursuant to N.J.A.C. 7:27-8 or an Operating Permit issued pursuant to N.J.A.C. 7:27-22.

⁵ Number of days after subtracting downtime allowance pursuant to N.J.A.C. 7:27-1, or a Preconstruction Permit or Certificate issued pursuant to N.J.A.C. 7:27-8 or an Operating Permit issued to N.J.A.C. 7:27-22.

⁶ Per continuous monitor.

⁷ For instance, a Preconstruction Permit and Operating Certificate issued pursuant to N.J.A.C. 7:27-8 or an Operating Permit issued pursuant to N.J.A.C. 7:27-22 requires that for any 1-hour period, the average concentration of nitrogen oxides (NO_x) in the stack gas shall not exceed 300 parts per million by volume as determined by continuous monitoring. A violator emitted NO_x from a major source operation at an hourly averaged concentration rate of 350 parts per million by volume. Using Table 1, determine the level of offense for the air contaminant (NO_x). Because the violator emitted NO_x at a concentration less than 25% above the allowable, the Level of Offense is Level I. The source operation is considered major because it emits NO_x in excess of 5.7 pounds per hour. Using Table 2A for a major source operation, determine the base penalty that corresponds to Level I. The base penalty for a Level I offense for a major source operation is \$200. Using Table 3, determine the multiplier corresponding to a 1 hour averaging time. Multiply \$200 by 2, the multiplier from Table 3. The penalty for the offense is \$400.

(n) For any violation of N.J.A.C. 7:27-5.2 where the emission of air contaminants is in such quantities and duration as are, or tend to be, injurious to human health or welfare, animal or plant life or property, the assessed penalty shall in no case be reduced by more than 95 percent of the maximum civil administrative penalty pursuant to (l)5 above, or shall in no case exceed the maximum civil administrative penalty set forth at N.J.S.A. 26:2C-19(b).

(o) For any violation of N.J.A.C. 7:27-5.2 where the emission of air contaminants is in such quantities and duration as are, or tend to be, injurious to human health or welfare, animal or plant life or property, the Department may, in its discretion, assess the maximum civil administrative penalty set forth at N.J.S.A. 26:2C-19(b) for any release of air contaminants that causes persons exposed to the release to suffer acute health effects resulting in death or serious personal injury.

Citation	First Offense	Second Offense	Third Offense	Fourth and Each Subsequent Offense
N.J.S.A. 26:2C-19(e), failure to immediately notify the Department of release of air contaminants in a quantity or concentration which poses a potential threat to public health, welfare or the environment	\$2,000	\$4,000	\$10,000	\$30,000
Citation	First Offense	Second Offense	Third Offense	Fourth and Each Subsequent Offense
N.J.S.A. 26:2C-19(e), failure to immediately notify the Department of release of air contaminants in a quantity or concentration which might reasonably result in citizen complaints, but which does not pose a potential threat to public health, welfare or the environment	\$200	\$400	\$1,000	\$3,000

Amended by R.1992 d.102, effective March 2, 1992 (operative March 28, 1992).

See: 23 N.J.R. 1858(b), 24 N.J.R. 792(a).

7:27A-3.12 Economic benefit component of a civil administrative penalty

The Department may, in addition to any other civil administrative penalty assessed pursuant to this subchapter, include as a civil administrative penalty the economic benefit (in dollars) which the violator has realized as a result of not complying with or by delaying compliance with the requirements of the Act, or any rule, administrative order, operating certificate or permit issued pursuant thereto. If the total economic benefit was derived from more than one offense, the total economic benefit amount may be apportioned among the offenses from which it was derived so as to increase each civil administrative penalty assessment to an amount no greater than \$10,000 for the first offense, no greater than \$25,000 for the second offense, and no greater than \$50,000 for the third offense and each subsequent offense.
