The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

#### Navigating through the reports:

Military-Connected Students			0%
Migrant Students			0%

### Enrollment by Racial and Ethnic Group

This table shows the percentage of students by racial and ethnic group.

Racial and Ethnic Group	% of Students
White	94.7%
Hispanic	3.0%
Asian	0.8%
Native Hawaiian or Pacific Islander	0.8%
American Indian or Alaska Native	0.0%
Black or African American	0.0%
Two or More Races	0.8%

### PreK and K - Full Day and Half Day

This table shows the full day and half day enrollment for Pre-Kindergarten (PK) and Kindergarten (KG) students in this school.

Grade	2014-15	2015-16	2016-17
KG - Half Day	0	0	0
KG - Full Day	9	16	12

### Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown. All other students are included in Other Languages.

Home Language	% of Students
English	100.0%

**English Language Arts/Literacy Assessment - Participation and Performance**

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

**Mathematics Assessment - Participation and Performance**

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

### Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

## Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

## Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	95.6	17.5%
Mathematics Proficiency	88.2	17.5%
English Language Arts Growth	41.8	25.0%
Mathematics Growth	98.3	25.0%

<b>Summative Rating:</b> Percentile rank of Summative Score		82.4

### Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p><b>Courses, Curriculum, Instruction:</b></p>	<p>Literacy for grades K-8 utilized the Columbia Readers and Writers workshop model. This was put into place 3 years ago, and we have seen great success. We also utilize the Foundations program for grades k-3. We started an Academic Achievement and Enrichment program for k-5 which includes BSI and gifted education. Our Spanish program includes all grades K-8 and we also offer the APEX program for students who can advance in content areas.</p>
 <p><b>Sports and Athletics:</b></p>	<p>Sports Offered: Baseball (Boys), Basketball (Boys &amp; Girls), Soccer (Boys &amp; Girls), Softball (Girls), Tennis (Co-ed), Wrestling (Boys &amp; Girls)</p> <p>We have a very supportive Boosters Club that supports the athletic teams at the school. Utilizing fundraisers and events- the Boosters provide sports teams with needed uniforms, equipment and award ceremonies.  <p><b>Staff and Professional Learning:</b></p>	<p>We utilize tri-district articulation meetings that include all 3 elementary schools that send to the high school. Meetings are organized by 6-8 content areas, special areas, special education and then k-2 and 3-5 teachers. This allows for collaboration and sharing of ideas as well as gaining an understanding of other programs/pedagogy. We also had a consultant working with k-5 teachers in the area of Columbia -readers/writers workshop for 2 years to maintain consistency in all classrooms.</p>
 <p><b>Student Supports and Services:</b></p>	<p>We have a 504/IR&amp;S team that meets to discuss students needs, accommodations and response to intervention. We have a AAE (Academic Achievement and Enrichment) for grades k-5 to offer BSI, gifted and RTI. We offer POR, ICS and para professionals for students with specific academic needs.</p>
 <p><b>Student Health and Wellness:</b></p>	<p>We have a full time nurse that ensures the health and wellness of students and staff on a daily basis. Our nurse also teaches the human growth and development course in conjunction with the PE/Health teacher. We have several days where we teach students about healthy eating, exercise and overall lifestyle.</p>
 <p><b>Parent and Community Involvement:</b></p>	<p>Very strong and active Home and School Association that organizes and runs many fundraisers to provide materials and equipment for the school and students. We have School Safety Team that includes a parent and our teachers often invite parents to come in and observe plays, celebrations and classroom activities.</p>

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Students, Teachers</p> <p>Both students and staff participate in a school climate survey each year created on a google form/survey. Questions range from feeling safe at school, if they feel the teachers care about students, and if they (the students) witness bullying on a daily/weekly/monthly basis. We use the results to refine our anti-bullying program and to get an idea where we need work and what in fact is working. Results are also shared with the Board of Education, and parents/students via the website.</p>
 <p>Facilities:</p>	<p>Facilities have gone through many changes the past three years. We completed an addition of a full size gym, two classrooms and a guidance/nurse suite. Older classrooms have been completely renovated. Boiler replacement. We have a 5-10 year master plan for both the inside and out side of the school.</p>

**Other Information:**

The Bay Head School has been serving the academic needs of its students since the early 1900's. From the original one room wooden schoolhouse to the brick building of today, the same high quality of education has been provided through the years. When comparing Bay Head's standardized test scores such as the NJASK and PARCC, it is readily apparent that we continue to maintain high academic standards. In both 2013 and 2014, Bay Head School was named a Reward School for superior academic excellence by the New Jersey Department of Education. The school's philosophy reflects academic achievement and strong family values while keeping pace with technological advancements. With our full wireless internet service, interactive white board technologies, and one to one laptop program, we continue to design ways to bring curriculum learning and technology together to aid in the transfer of knowledge. While incorporating technology into the learning process, our students are encouraged to expand their creativity, foster a greater tolerance for the diversity of our country, and develop an understanding of our ever-shrinking world and its challenges and possibilities. Bay Head School promotes a family atmosphere for all students in its kindergarten through grade eight building and continues to afford opportunities of diversity to its students and teaches tolerance that diversity requires.
