OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, N.J. 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, CN 401, Trenton, N.J. 08625.

III. SEWER EXTENSIONS (609) - 292 - 4429

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallorage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, N.J. 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

PUBLIC NOTICE

NOTICE: ISSUANCE OF EMERGENCY NJPDES PERMIT NJ0099147

Notice is hereby given that:

Browning Ferris Industries of South Jersey, Inc.
P.O. Box 437
Station Rd.
Cranbury, New Jersey 08512

has applied to the New Jersey Department of Environmental Protection (NJDEP) for a second emergency New Jersey Pollutant Discharge Elimination System (NJPDES) permit to discharge collected leachate to the Stony Brook Regional Sewerage Authority system, Princeton, N.J. BFI operates the landfill known as the BFI - South Brunswick Landfill. Currently, leachate is collected in lagoons and pumped to Stony Brook. Now however, the lagoons are filled and there is a danger of dike collapse and subsequent discharge of untreated leachate to the surface waters. Continued pumping of leachate to Stony Brook will alleviate the stress on the lagoon and provide treatment to the leachate prior to discharge.

This notice is being given to inform the public that NJDEP has prepared an emergency NJPDES permit that will be in effect from May 4, 1982 until August 2, 1982. This permit contains conditions necessary to implement the provisions of the "Regulations Concerning the New Jersey Pollutant Discharge Elimination System" (N.J.A.C. 7:14A-1 et seq.), which were promulgated pursuant to the authority of the "New Jersey Water Pollution Control Act" (N.J.S.A. 58:10A-1 et seq.), "Solid Waste Management Act" (N.J.S.A. 13:1E-1 et seq.) and the "Pretreatment Standards for Sewage" (N.J.S.A. 58:11-49 et seq.).

The permit prepared by NJDEP is based on the administrative record which is on file at the offices of the NJDEP, Division of Water Resources, located at 1474 Prospect Street in the Township of Ewing, Mercer County, New Jersey. It is available for inspection between 8:30 a.m. and 4:00 p.m., Monday through Friday.
