For the next order of business, Chairperson Diane Gutierrez-Scaccetti called upon Executive Director Charles Maciejunes to provide an update on NJDOT Capital Project Funding. She explained that it was important for members of the Board, who often vote on financing transactions, to understand where the Department stands as it relates to the Capital Program. She also noted that NJDOT Assistant Commissioners were present for any relevant questions.

Executive Director Charles Maciejunes presented a summary of capital construction and delivery expenditures. In State Fiscal Year 2023, Transportation Trust Fund (“TTF”) expenditures were \$916 million for NJDOT and \$308 million for Local Aid, while Federal expenditures were \$975 million; a combined total of \$2.2 billion for State Fiscal Year 2023. Total expenditures for the three sources combined were \$12.1 billion over the last six fiscal years.

Chairperson Diane Gutierrez-Scaccetti pointed out that NJDOT receives an allotment, currently \$810 million, of the \$2 billion programmed for TTF funding each year.

Executive Director Charles Maciejunes presented a summary of construction and consultant contracts awarded. In State Fiscal Year 2023, 117 construction contracts valued at \$932 million were awarded, along with 161 consultant contracts valued at \$352 million, for a combined total of 278 awards valued at \$1.3 billion. A total of 1,477 contracts valued at \$7.4 billion have been awarded over the last six fiscal years.

Executive Director Charles Maciejunes outlined additional funding for NJDOT provided through the Fiscal Year 2024 Appropriations Act. A total of \$133 million of funding from the General Fund included \$20 million for Local Aid and Economic Development Grants, \$67.5 million for Local Transportation Project Funds, \$25 million for Staff Augmentation, \$1.8 million for Pedestrian Safety Grants, and the remaining amount for other project-specific line items. He turned the discussion over to Eric Powers, Director of the Division of Capital Investment and Program Coordination.

Eric Powers presented a breakdown of the Capital Program for State Fiscal Year 2024 which allocates \$2 billion of TTF funding and \$2.5 billion of Federal funding between NJDOT, Local Aid, and NJ Transit. He explained several fluctuations in these figures since State Fiscal Year 2021 due to factors such as supplemental appropriations from the State, funding through the

CRRSAA (Coronavirus Response and Relief Supplemental Appropriations Act), and the IIJA (Infrastructure Investment and Jobs Act). He outlined how the \$2.8 billion allocated to NJDOT and Local Aid in the State Fiscal Year 2024 Capital Program was distributed between different Capital Investment Categories, including 27% for Bridge Assets, 26% for Local System Support, and 19% for Road Assets.

There being no questions, Executive Director Charles Maciejunes concluded the presentation.

Board Member Khalid Anjum expressed high compliments to the Department for their commendable work that transcends to the local counties and municipalities.

Chairperson Diane Gutierrez-Scaccetti highlighted the members of the NJDOT team that each work very hard in their respective areas to ensure overall success for both the Department and the State.

David Moore explained that a Request for Proposal had been issued, a firm has been selected, and they are working with the NJ Attorney General's Office to finish the bond counsel selection process in order to be ready to present materials at an upcoming board meeting. Chairperson Diane Gutierrez-Scaccetti explained that everything is being done with consideration to the future of the Transportation Trust Fund, for which updates are forthcoming.

Board Member Khalid Anjum applauded the leadership and teamwork being exemplified as it serves to create an environment for success.

Chairperson Diane Gutierrez-Scaccetti explained how important these factors are, not only in carrying out the evolving mission of the Department, but in serving the State as a whole. The

goal here was to keep the Board informed and confident regarding the work being planned. She invited everyone to the Department's upcoming Backyard Olympics event.
