

(i) In the event the assessment determines that a transfer to a facility providing a higher level of care is required, the transferring facility shall:

1. Verbally notify the resident, the resident's family, care giver or responsible agency of the assessment results within 24 hours of completion, with written notification to follow within 72 hours of assessment completion;
2. In consultation with the resident and the resident's family, arrange for and/or assist in the orderly transfer of the resident within 15 days; this shall include facility assistance in seeking out and securing an appropriate placement for the resident; and
3. Arrange for the provision of all necessary services for the appropriate care of the resident until the resident is discharged.

#### **5:27-13.2 Referrals**

The facility owner or operator shall maintain a list of licensed New Jersey long term care facilities and Department of Health and Senior Services licensed alternative care facilities and provide it to the resident, the resident's family, care giver or responsible agency when a resident needs a higher level of care.

#### **5:27-13.3 Training and staffing requirements**

(a) All staff who are employed in the facility shall complete a course approved by the Bureau, at such time as such course is available, in the care of persons with Alzheimer's disease and related disorders and other forms of dementia. Any such course shall provide all information concerning these diseases and accepted methods of care and treatment with which the Bureau shall deem it appropriate that persons providing care be familiar.

(b) At least two staff persons capable of providing assistance to residents shall be awake and on duty at all times.

#### **5:27-13.4 Building safety requirements**

In addition to being maintained in accordance with the requirements of N.J.A.C. 5:27-1.3(c) and 5:27-4, all facilities subject to this subchapter shall have, on each floor above the ground floor to which one or more persons with Alzheimer's disease or a related disorder or other form of dementia has access, a designated area, approved by the Bureau, to which such persons may be brought, in which they may reasonably be expected to be safe, pending their evacuation, in an emergency situation.
