OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, N.J. 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, CN 401, Trenton, N.J. 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, N.J. 08625.

MASTER PERMIT INFORMATION APPLICATION

August 31--FINAL APPROVAL FOR DUPONT AIR POLLUTION CONTROL "BUBBLE"--DEP Commissioner Jerry Fitzgerald English announced final approval of the nation's first state-supervised air pollution control "bubble" plan. Under the new strategy, E.I. DuPont's Chambers Works in Pennsville Township (Salem County) will cut its output of smog-related pollutants by more than 90 percent, while saving \$10 million over the cost of less-effective conventional control techniques.

August 31--WILD AND SCENIC RIVER STUDY RELEASED FOR COMMENT--A preliminary river study priority list for the New Jersey Wild and Scenic Rivers System has been released for public comment by DEP. The Delaware and Passaic rivers appear as the top study priorities on the list of 40 rivers. Comments on the river study priority list and the process followed to develop it will be accepted to September 20, 1981. Copies of the list and a sheet describing the evaluation process are available from DEP's Office of Green Acres, 1301 Parkside Avenue, Trenton 08638.

August 31--LITTER ABATEMENT BOOKLET AVAILABLE--DEP Commissioner English, in cooperation with Acting Commissioner Ann Canby of the state Department of Transportation, announced the release of a jointly published brochure, "New Jersey vs. Litter." The booklet highlights steps local governments and civic organizations can take to reduce the amount of litter in their communities. Requests for individual copies of the booklet should be sent to: "New Jersey vs. Litter," DEP, CN-027, L & I Bldg., Trenton, 08625.

September 4--NEW WARNING LIGHT SYSTEM FOR BOATERS AT ROUND VALLEY--DEP Commissioner English announced that a new warning light system is now in effect at Round Valley Recreation Area (Hunterdon County), which will provide a more visible means of warning boaters when wind speeds reach or exceed 25 miles per hour. The new system has large white strobe lights that have been installed at three strategic locations on Round Valley Reservoir so that they may be more easily visible to boaters from all locations on the water. When the white strobe lights are flashing, wind speed has reached or exceeded 25 mph and the reservoir is then closed to all boating. At that time all boats on the water must return to the boat launch area or head directly to the nearest shore.

September 4--ENFORCEMENT ACTIONS ANNOUNCED FOR DISCHARGE VIOLATIONS--DEP Commissioner English announced the adoption of new regulations for the operation of hazardous waste facilities in New Jersey. The regulations, adopted September 3 become effective October 8. They set forth requirements for hazardous waste facilities, ranging from emergency procedures and facility closure plans to engineering designs for tanks and incinerators. The regulations also include permit requirements for hazardous waste facility operation.

September 9--REMINDER: SEPTEMBER 12 LOTTERY FOR STATE PARK FIREWOOD APPLICANTS--
DEP reminded New Jersey residents of the upcoming September 12 lottery for woodcutting
at state parks, a new procedure this year in response to overwhelming demand in
past years.

September 10--FOUR SITES PLACES ON STATE HISTORIC SITE REGISTER--DEP Commissioner
English, the state's Historic Preservation Officer, announced the naming of four
sites--one each in Essex, Hudson, Passaic and Union counties--to the New Jersey
Register of Historic Places. They are: the Free Public Library in Orange (Essex),

September 10--PUBLIC MEETINGS SET FOR STATE/EPA FUNDING AGREEMENT--DEP in conjunction
with the U.S. Environmental Protection Agency (EPA) will hold a series of public
meetings September 14, 15, and 16 in Cumberland, Middlesex and Morris Counties to
discuss the draft fiscal year 1982 (FY82) State/EPA Agreement (SEA). DEP Commissioner
English said, "This document will guide the allocation of public funds on key
environmental concerns and objectives in the State, in the control of water
pollution, air pollution, and solid and hazardous waste. These meetings are
specifically designed to receive public comment on the Agreement currently being
developed by DEP and EPA."
