Mr Whyte offered the following resolution, which was read and adopted

Resolved, That the reading of the certificates of election of the respective members be dispensed with

Mr Whyte offered the following resolution, which was read and adopted

Resolved, That the Hon Charles M Egan, of Hudson county, who is a Master in Chancery of this State and a member-elect of this House, administer the oath of office to the Hon James M E Hildreth, of Cape May county, a member-elect, by whom the oath of office shall be administered to the members-elect

The oath of office was administered by Mr Egan to the Hon James M E Hildreth, of Cape May county, who administered the oath to the other members-elect, excepting Mr Richards, who was absent All members, excepting Mr Richards, then signed the roll

Mr Whyte offered the following resolution, which was read and adopted

Resolved, That the Hon Leonard Pikaart, of Passaic county, who is a Master in Chancery of this State and a member-elect of this House, administer the oath of office to the Speaker and other officers of this House when they are elected

Mr Whyte offered the following resolution, which was read and adopted

Resolved, That the House do now proceed with the election of Speaker

Mr Radcliffe nominated the Hon Thomas F McCran, of Passaic county, for Speaker

Mr Geran nominated the Hon Charles Meyer, of Sussex county, for Speaker

Mr Whyte seconded the nomination of Mr McCran

Upon calling the roll Mr McCran was elected by the following vote

Free Public Library, Newark, N. J.

For Mr McCran—

Messrs Adams, Anderson, Babcock, Beard, Birch, Coles, De Unger, Gill, Godfrey, Groves, Hildreth, Holloway, Linnenkohl, Lowy, McAllister, Meyer, Mitchell, Murray, Ogden, Otto, Pikaart, Prout, Radcliffe, Smith, Stagg, Stevens, Stickel, Ten Broeck, Thein, Vermeulen, Watson, Weart, Weigel, White, B H, Whyte, G W, Willis—36

For Mr Meyer—

Messrs Agnew, Branegan, Brensinger, Carhart, Davidson, Donnelly, Egan, Ford, Geran, Griffin, Hennessy, Holcombe, James, Kirkpatrick, Lafferty, Martin, McCran, Newman, Simpson, Smick, Steuerwald, Streitwolf, Taylor—23

Mr McCran, having received a majority of the votes, was declared by the clerk elected Speaker of the House for the session of 1912

The Clerk requested the Hon Amos Radcliffe, of Passaic county, the Hon Albert De Unger, of Camden county, and the Hon Charles A Meyer, of Sussex county, to escort the Speaker to the chair The committee then escorted Mr McCran to the Speaker's chair, when he took and subscribed to the oath of office prescribed by the Constitution of the State of New Jersey

Mr McCran, on taking the chair, addressed the members as follows

Fellow Members of the One Hundred and Thirty-sixth Assembly

It is with deep appreciation of the honor which you have conferred upon me, and with a full realization of the responsibilities imposed, that I enter upon the discharge of the duties of this high office To the members of the majority of this House I am, indeed, most grateful for their act of confidence in me, and I shall, I believe, best evidence my appreciation by an unswerving loyalty to the principles of that great party of which we have the honor to be members, and into whose hands the people of this State have again entrusted the high duty of enacting into law their sovereign will At the same time I shall ever be mindful that the Speaker is the presiding officer of the entire Assembly, charged with the duty of presiding in an impartial and fair manner To the members of the minority I give the

assurance that the chair will, at all times, recognize fully their right to fair treatment, ample opportunity to be heard upon the floor and to have earnestly considered such measures as they may desire to present

With the policy which the majority have recently outlined to the people I am in hearty accord To carry out that policy each Republican member must do his part Prompt attendance at the sessions, and strict attention to the business of the House are two essentials to that end In recent years the sessions of the Legislature have been unduly and unnecessarily prolonged The two principal causes of this have been want of expedition in committee work, and failure on the part of the members to meet promptly The former cause we can eliminate by slight effort and by setting aside Tuesday morning for committee work alone, the House to have no session on that morning, the latter can be remedied by the chair calling the House to order promptly at the time fixed for convening and insisting upon the attendance of the members at roll call This I shall do

Sufficient time, and full opportunity, should be given to each member to consider any amendment proposed to a bill, and to that end I would urge that no proposed amendment should be considered until the same has been printed and sufficient time has elapsed for the due consideration thereof Of course, the exigency of a particular case may call for immediate action on a proposed amendment, but the cause therefor should be most urgent and important The old practice of the chair calling up bills for second reading immediately after they had been reported, and before the members, or but few of them other than the members of the committee making the report, knew that they were out of committee, and which practice oftimes precluded the offering of proper amendments and open discussion on the same, will not be followed by the chair this year This is a deliberative body and the fullest opportunity should be given to each member to offer amendments and discuss unhampered, within the rules, any measure upon which he is required to vote

From each member of this House I ask earnest support and co-operation in expediting the business before us, that strict and careful attention be given to all details of proposed legislation, to the end that we may conclude our labors at an early day and in such an efficient, thorough and statesman-like manner that we may earn for ourselves the commendation of the people of this State whose servants we are

The Speaker announced the appointment of Mr Wm W Evans, of Passaic county, as his private secretary, and Mr John Pomfret, of Passaic county, as his assistant private secretary

Mr Whyte offered the following resolution, which was read and adopted

Resolved, That the House now proceed with the election of Clerk of the House

Mr De Unger nominated Upton S Jefferys, of Camden

Mr Griffin nominated the Hon Myron C Ernst, of Hudson county

Upon the roll being called by the clerk, Mr Jefferys was declared elected by the following vote

For Mr Jefferys—

Messrs Adams, Anderson, Babcock, Beard, Birch, Coles, De Unger, Gill, Godfrey, Groves, Hildreth Holloway Linnenkohl, Lowy, McAllister, McCran (Speaker), Mitchell, Murray, Ogden, Otto, Pikaart, Prout, Radcliffe, Smith, Stagg, Stevens, Stickel, Ten Broeck, Thein, Vermeulen, Watson, Weart, Weigel, White B H, Whyte G W, Willis—36

For Mr Ernst—

Messrs Agnew, Branegan, Brensinger, Carhart, Davidson, Donnelly, Egan, Ford, Geran, Griffin, Hennessy, Holcombe, James, Kirkpatrick, Lafferty, Martin, Meyer, Newman, Simpson, Smick, Steuerwald, Streitwolf, Taylor—23

Mr Jefferys having received a majority of the votes of the members, the Speaker declared him elected Clerk of the House of Assembly, and he took and subscribed to the oath of office

Mr Whyte offered the following resolution, which was read and adopted

Resolved, That the thanks of the House of Assembly of the One Hundred and Thirty-sixth Legislature be extended to Judge Daniel A Dugan, former Clerk of the House, for presiding at the opening of the House

Mr Whyte offered the following resolution, which was read and adopted

Resolved, That the Speaker appoint forthwith a committee of three to wait upon the Governor and inform him that the House of Assembly has organized by the election as Speaker of the Hon Thomas F McCran, of Passaic county, and of Upton S Jefferys, of Camden county, as Clerk, and is now ready to proceed to business and to receive any communication he may be pleased to make

In accordance with the above resolution, the Speaker appointed Messrs De Unger, White and Pikaart as such committee

Mr Whyte offered the following resolution, which was read and adopted

Resolved, That the Clerk of the House is hereby directed to inform the Senate that the House of Assembly has organized by the election as Speaker of the Hon Thomas F McCran, of Passaic county, and of Upton S Jefferys, of Camden county, as Clerk, and has proceeded to business

A message was received from the Senate, by the hands of its Secretary, as follows

A message was received from the Governor by the hands of his Secretary, and was read as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
TRENTON, N J, January 9, 1912

To the House of Assembly

On motion of Mr Whyte the reading of the Governor's Message was dispensed with and the message ordered spread in full on the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
Ninth of January, 1912

To the Legislature

With the opening of another legislative session, it is my privilege to call your attention to several matters with regard to which we have the opportunity to serve the State by well-considered changes in its law It has interested me very deeply to note that in recent years in this State the platforms of the two great parties, which come every year into competition at the annual

election for the control of the legislative body, have usually been in substantial agreement, so that one is encouraged to believe that our elections are not so much contests for party advantage, or aggrandizement, as for the opportunity to serve the people of the State—contests for the honor and satisfaction of accomplishing the reforms which the conditions obtaining in the State naturally suggest If this is true, the winning party may count upon the co-operation of the minority in carrying out its platform program When the legislative session opens we become colleagues in a common service, and our standard is not party advantage, but the welfare of New Jersey We are, first of all, citizens and public servants, our party differences are secondary to our duty as representatives and trustees

I venture upon this preface to my recommendations in order to afford myself the opportunity to say with how much pleasure I shall co-operate with the present Legislature in carrying out every program that is judged to be for the common benefit It is my duty, as Governor of the State and representative of all its people, to be the leader of my party in the State, indeed, but not a partisan or a strategist for mere party benefit I am glad to think, therefore, that the matters to which I shall call your attention do not lie within the field of party debate They are matters which we can approach without party bias or prejudice Whatever differences of judgment may arise with regard to them, they need have no flavor of party feeling about them

At the last session we united in effecting reforms obviously necessary and long desired, upon which opinion in the State had for many years been centered, but did not address ourselves at all to certain other large questions no less necessary to deal with, which public opinion has not definitely fixed upon, simply because of their complexity and of the fact that only those who can view them from the inside can fully appreciate how vital they are to the integrity and serviceability of the State's government I mean questions of efficiency and economy We can get at the heart of these if we choose, and we could not render the State a greater service than by doing so Without the very best administrative organization the government of the State cannot

be administered with entire integrity or with full and candid responsibility to the people, for unless it is efficient and responsible it is in constant danger of becoming corrupt Wastefulness and inefficiency are themselves virtually forms of graft They afford fruitful opportunities for every kind of abuse

It is to questions of efficiency and economy, therefore, that I first invite your serious attention

The government of New Jersey, like the governments of most of the older States, has developed on its administrative side, not systematically, but by patchwork, and mere accretion by the multiplication of boards and commissions, by the addition of first this piece and then that piece to existing departments There has been constant addition, no subtraction, no elimination, no coordination It has grown very much as the State House itself has grown, but without the necessity of at least some semblance of architectural unity, without the connecting corridors and the common roof which the State House must of mere physical necessity be given

The number and variety of State boards and commissions is utterly confusing One wonders why there might not be, for example, a department of public works, in which would be assembled all the functions affecting roads, parks, bridges and waterways, now divided up amongst a half dozen boards and commissions, permanent and temporary, why a department of public welfare might not serve as a means of co-ordinating and simplifying the supervision of the public health, the examination of practitioners of medicine, the inspection of tenement houses, of mills and factories, and the enforcement of the laws against child labor, why a department of conservation might not combine the work now scattered amongst numerous bodies concerning the preservation of fish and game, the supervision and regulation of the oyster industry, the safeguarding of the water supply and the disposition of the riparian rights of the State? Why should every oyster bed have a commission of its own? It is necessary to bring order out of this chaotic miscellany, not merely to have the satisfaction of conducting the business of the State in a businesslike and efficient way, but to prevent waste

and forestall abuses of many kinds I suggest, therefore, the constitution by law of a commission, not too large, to act promptly and harmoniously, to take into consideration the whole question of simplifying and co-ordinating the administrative agencies of the State in order that they may be put upon the best possible basis of economy and efficiency In my judgment, the majority of the commission should be experienced and trusted business men, and they should have the benefit of the advice of men who have made a special study of scientific efficiency in practical administration It should report to the Legislature at as early a date as possible Its report would serve to concentrate public opinion upon one of the most vital matters of government, whether looked at from the point of view of purity or of serviceability, and with public criticism centered upon a particular scheme of reorganization, satisfactory legislation could readily be obtained

The scope of this commission's inquiry ought to be so wide as to include our whole method of assessing and equalizing taxes You have only to examine the reports of our State tax boards to realize how unsatisfactory our present methods are It is not enough that there should be boards to which individuals can resort to remedy inequalities in taxation and assessment Powers of correction fall short of accomplishing what ought to be accomplished Uniform standards ought to be established upon the initiative and authority of some central board of supervision That body ought to have independent and exclusive powers of reclassification within certain general limits defined in the law In several States of the Union—in Wisconsin, for example, and in Massachusetts—commissions of this kind have been set up with exceedingly satisfactory results, whose powers are powers of active supervision, and through whose instrumentality inequalities and inequities are being corrected upon a definite plan, not in individual cases only, not merely for the persons who can afford to appeal and protest, but by systematic means and upon the initiative of the commission itself

You have only to ask the average taxpayer whom you meet on the street what he thinks of the assessments to which he is

subjected to find how many varieties of assessment there are in the State You have only to examine the average tax assessor's books to discover how little system there is and how little he actually knows of the property he assesses How many of the tax districts in the State are mapped and plotted? How many assessors can produce definite evidence and data to support their assessments? Undertake to debate with men from half a dozen counties the question whether we should continue to maintain our present system of county tax boards, and you will at once discover that in some counties they are valued and deemed efficient, in others smiled at and regarded as entirely unnecessary and unwarrantably expensive Have the State Board of Assessors and our State Board for the Equalization of Taxes powers that can bring a satisfactory system out of these varieties and confusions? If they have not, somebody should have, for the whole matter needs reconsideration

Along with this systematic reconsideration of our methods of assessments and taxation should go a very thorough examination of our tax system itself, its basis and principle Perhaps we shall be in a better position after making our machinery suitable and adequate to discover the weak places in the bases of taxation Sooner or later we shall be obliged to examine them to the bottom

Are we systematic, have we properly combined our instrumentalities and adequately equipped them with authority in the great matter of the conservation of our naturally splendid and abundant resources? Conservation is not a matter which can now be satisfactorily handled by an occasional act of legislation We must hit upon a system, and somebody in particular must be charged with the responsibility of administering it—not a half dozen different bodies, or even two or three, but some one body served and assisted by the constant and intelligent advice of experts This great matter, too, should be brought within the scope of inquiry, which I earnestly urge you to authorize and provide for I do not mean that immediate individual steps toward conservation cannot be taken by statute, but that we must hereafter depend upon system, not upon the casual vigilance of individual legislators

One important matter of administration can be and should be taken up at once and promptly provided for by legislation I mean the administration of the charitable and correctional institutions of the State These institutions have been established and developed in entire separateness There nowhere exists any authority which can co-ordinate them or bring them into practical and serviceable co-operation Their inmates cannot be reclassified or redistributed if once, by any mistake, they have been wrongly placed, or if they develop in a way not looked for when they were sent for treatment or segregation to a particular institution The result is that individual institutions are authorized to do several kinds of work at once, for some of which they were not intended, and are, therefore, not equipped They very properly have their separate establishments under separate boards of managers, but these boards and the superintendents of the several institutions should be brought into co-operation, and a comprehensive system of charity and correction made possible, which will increase efficiency and prevent waste and ineffectual effort This can be done by a reform very similar to that so fortunately effected last winter in the administration of our State system of schools by granting proper supervisory authority to the Commissioner of Charities and Correction and associating with him a small, responsible board, which may in turn, together with the Commissioner, advise with the superintendents and directors of the various institutions Other States have already shown us the way in this important reform of organization, and we should feel impelled to take it by reasons of humanity as well as of efficiency and economy

In this connection I would urge very strongly upon the Legislature the need of a reformatory for women A suitable site has already been chosen in Hunterdon county, near Clinton, and purchased by the authority of the State, and men and women whom the whole State knows and trusts have prepared plans for an institution for which all recognize the immediate need

There is another matter which should no longer be left at loose ends without thorough reorganization I mean the supervision of the health of the State I intend no criticism of our excellent

Board of Health, but only repeat the testimony of its own members when I say that our present means for safeguarding the health of the State are entirely inadequate It is not generally realized how vast, complicated and difficult a matter it has become since we began to perceive what it is really the duty of the State to do for the health of its people Every sort of infection must be guarded against A costly war must be waged on the mosquito and the housefly, those active breeders of disease The dissemination of poisonous gases from factories, from locomotive engines and from the vast bodies of smoke which pervade our cities must be prevented The dairy business must be sharply supervised along with cold storage and the handling of foodstuffs in the markets Oyster beds must be inspected and guarded against pollution The adulteration of foods must be prevented There must be some thorough and efficient system of keeping our lakes and streams from pollution Sewage must be supervised and properly regulated Systematic war must be made with such diseases as tuberculosis, and the State must be guarded against the introduction of fatal epidemics from every quarter Garbage collection and disposal must be systematized and regulated Thorough inspection must be carried into a score of places where disease is most likely to originate Have we the machinery for these great tasks? Have we made sure of the service of experts, doctors, engineers, biologists, whose advice will enable us to feel that we have done our duty by the people of the State in all the important matter of the conservation of their lives and health? Is it not our duty to consider very carefully and at once the creation of a thoroughly effective department of health?

The duty of the State to make every service it renders the people efficient, responsible and economical, seems to be one of the first and most manifest duties of government Next to that is the duty in a self-governed country of making the representative body from which legislation proceeds in fact representative, as nearly as possible a mirror of the character and opinion of the communities of which the State is composed It seems to me of the first consequence, therefore, that the promise we have made

the people of the State, that we would at once take the initial steps necessary to effect a return to a system of Assembly districts in place of county delegations to the Legislature should be redeemed, and that a constitutional amendment for that purpose should be submitted to the vote of the people at the earliest possible time

It is equally imperative, as it seems to me, that the use of the courts of justice by the people should be simplified and facilitated Our legal procedure is too technical, too complicated, too expensive, too little adapted to the use of the poor and unschooled With splendid courts of undoubted integrity we nevertheless feel that the rich litigant can tire the poor litigant out, and that the common run of men have good reason to dread litigation and doubt its outcome We are proud of our bench, why should we not put ourselves in a position to be equally proud of our administration of justice as based upon the best reformed models? A little expert advice will put us in a way to discover the right legislation for this purpose, without waiting for amendments of the Constitution It is not the courts we wish to change so much as the methods of procedure

Both parties are pledged also to take up the matter of jury reform, to consider in particular the methods by which grand juries are chosen in order to devise, if possible, a process of choice by which abuses of a serious kind which have arisen to the scandal of public opinion may hereafter be prevented I commend this deeply important subject to your very earnest consideration

We have done much toward securing justice and safety for the workingmen of the State in our factory laws, our tenement-house legislation and our Employers' Liability Act, but we have not done enough Our workmen very justly demand further legislation with regard to the inspection and regulation of factories and workshops, and I recommend legislation of this kind to your very careful and earnest consideration I recommend, moreover, the passage at an early date of an act requiring the railways operating within this State to provide their trains with adequate crews Our sister State of Pennsylvania has adopted legislation of this kind, and the railways whose lines cross from

Pennsylvania into New Jersey actually carry full crews to the border of this State and then send their trains on through New Jersey with diminished crews, to the jeopardy, as I believe, of life and property, requiring more of the small crew than it can safely and thoroughly do

The abolition of grade crossings, too, as rapidly as possible, under the direction of the Board of Public Utilities Commissioners, is an imperative necessity, if the lives of our citizens are to be properly safeguarded However difficult it may be to effect the changes needed in this matter, I feel it to be a question of the very greatest moment The loss of life at grade crossings in this State has been very great, quite inexcusably great, and there is no reform which public opinion more clearly or more justly demands than this

Possibly it is not necessary to draw your attention to this important matter to which the public opinion of the State has been now for so long a time turned It is not to be wondered at that opinion has grown very critical and very impatient of the delay in dealing with it

The report of the Commissioner of Public Roads urges some changes in the Road Law, for which I bespeak your very careful consideration They are intended to render the present system of administration more efficient, to remove the care of improved roads entirely from politics and to establish a definite system of highways The changes in the conditions of road traffic in recent years certainly render many alterations in the existing law very desirable, if not imperative

These are all matters of serious business, and it will be a great pleasure to me to be associated with you in trying to fulfill our obligations in regard to them in a manner that will satisfy the just expectation of those who have intrusted to our care the interests and the welfare of this great State

Respectfully submitted,

WOODROW WILSON,

Governor

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT, January 15th, 1912

To the House of Assembly

I herewith transmit to the Legislature a draft of bill prepared by the commissioners appointed by the Legislature of 1911, relative to the abandonment of navigation of the Morris and Essex Canal

Respectfully,
WOODROW WILSON,
Governor

To the Honorable the Senate and General Assembly of the State of New Jersey

The subscribers, commissioners appointed by the last Legislature to prepare a bill which, if approved and passed by the Legislature, will carry into effect the terms of settlement (outlined in our first report) of all matters in difference between the State and the Morris Canal and Banking Company and the Lehigh Valley Railroad Company, including the abandonment of navigation of the Morris Canal, do respectfully report the bill hereto annexed

WOODROW WILSON,
EDMUND WILSON,
BENNET VAN SYCKEL

Dated January , 1912

AN ACT to authorize abandonment of navigation upon the Morris Canal and to provide, upon just and equitable terms, for the repeal of the charter of the Morris Canal and Banking Company, and in order to effectuate said object, to provide for the disposal of the canal property of the said company and its lessee, the Lehigh Valley Railroad Company, and the water rights appurtenant thereto or connected therewith, to authorize the acquisition by the State for public use, by purchase or condemnation, when necessary, of all portions of the canal property, the shares of the capital stock of said company, and all of said water rights, to provide terms of settlement and adjustment of all matters now in controversy between the said Canal Company and its lessee, the Lehigh Valley Railroad Company, and the State of New Jersey, in relation to the canal, the canal property or said water rights, including the question of exemption from taxation and to contain such other provisions as may be necessary to effectuate the object aforesaid

WHEREAS, For the purpose of encouraging and promoting the construction of a public canal from the Delaware river to the Passaic river, the State, by act of December thirty-first, one thousand eight hundred and twenty-four, chartered the Morris Canal and Banking Company, and granted to said company certain franchises and privileges, and particularly certain exemptions and immunities from taxation, reserving, however, to the State the right to take the canal in the year one thousand nine hundred and twenty-four, upon paying to the owners thereof the appraised value of the same, and also reserving the right to take the same in the year one thousand nine hundred and seventy-four without payment, and

WHEREAS, The canal was constructed and completed to the Passaic river about the year one thousand eight hundred and thirty-one, and by legislative authority was extended to the Hudson river, the extension being completed and put in use in or about the year one thousand eight hundred and thirty-six, and

WHEREAS, By supplement to the charter passed March fourteenth, one thousand eight hundred and sixty-seven, the State

granted to said company all the right, title and interest of the State to certain lands and lands under water in Jersey City, fronting on the Hudson river, upon the terms and conditions and provisions for reverter therein set forth, and subsequently by deed dated July twelfth, one thousand eight hundred and eighty-nine, the Board of Riparian Commissioners undertook to convey the State's reversionary interests in said lands to the Lehigh Valley Railroad Company, the validity of which last named deed is now in litigation and controversy, and

WHEREAS, By act of March fourteenth, one thousand eight hundred and seventy-one, the State authorized the making of a lease of the canal, its works, property and appurtenances and the same were accordingly on May fourth, one thousand eight hundred and seventy-one, leased to the Lehigh Valley Railroad Company, a corporation of the State of Pennsylvania, which company has, since that time, been in the possession of the canal, and

WHEREAS, It has been represented to the State that because of the changed conditions and methods of transportation, the canal has no longer any substantial value or usefulness as a water way for transportation, and that it has by reason of the greatly increased population along its banks, and of other changes, become an increasing detriment to the health of the towns, municipalities and communities through which it passes, and

WHEREAS, It is desirable, among other things, to extinguish the claim or privilege of exemption from taxation granted to the said Morris Canal and Banking Company, to settle the aforementioned litigation and controversy, to abandon navigation on the canal, and to allow its property and rights to be devoted to certain other public uses, and especially for the purpose of securing a water supply for a very large part of the people of this State, and

WHEREAS, By authority of a concurrent resolution of the Senate and General Assembly, passed March thirty-first, one thousand nine hundred and three, the Governor appointed George T Werts, John W Griggs and Foster M Voorhees, a commission

to inquire into the matter, who reported to the Legislature that the canal ought to be abandoned and the charter repealed, and

WHEREAS, By a further concurrent resolution passed the twenty-eighth day of March, nineteen hundred and eleven, the said Senate and General Assembly did appoint Woodrow Wilson, Governor, Edmund Wilson, Attorney-General, and Bennet Van Syckel, late Justice of the Supreme Court, a commission to ascertain and report whether and upon what terms an amicable settlement and adjustment of all matters in difference between the State and the Morris Canal and Banking Company and the Lehigh Valley Railroad Company could be made, and said commission having rendered a report to the Legislature on the nineteenth day of April, nineteen hundred and eleven, with their favorable recommendations, containing the terms and conditions agreed on between said commission and the said Canal Company and the said Railroad Company, and the commission having been continued with authority to draft a bill or bills to effectuate the said proposed agreement, and

WHEREAS, The taking of the shares of the Morris Canal and Banking Company (the larger portion of which shares the Leghigh Valley Railroad Company now claims to own) and the other provisions of this act are deemed necessary for the public uses of the State and to effect the object and purposes of this act

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*

1 The charter of the Morris Canal and Banking Company shall be repealed, and the canal, and navigation thereon, shall be abandoned, such repeal and abandonment to take effect upon the fulfillment of the several provisions hereinafter set forth, to wit

(a) The filing in the office of the Secretary of State of certificates of assent to the provisions of this act by the Lehigh Valley Railroad Company, and the holders of at least two-thirds of each class of stock of the Morris Canal and Banking Company, in form to be approved by the commissioners hereinafter provided for, such approval to be endorsed upon said certificates,

such certificates to contain an agreement to do and perform all acts and things in this act directed to be done and performed on their part, or on the part of either of them

(b) The payment by the Lehigh Valley Railroad Company to the stockholders of the Morris Canal and Banking Company of the value of their shares, to be ascertained in the manner hereinafter provided, and to the creditors of said Canal Company of their debts, and the discharge and satisfaction of all the obligations of the Morris Canal and Banking Company

(c) The delivery to the State of a deed of acquittance, transfer and conveyance, executed by the Morris Canal and Banking Company and the Lehigh Valley Railroad Company to the State, of all the right, title and interest of said companies, or either of them, of, in and to all that part of the canal property and its feeders between the Delaware River and the westerly line of the City of Paterson, together with all the lands which the Morris Canal and Banking Company, or the Lehigh Valley Railroad Company owns, which are appurtenant to or used in connection with that part of the canal and its feeders for canal purposes, and also all lands, land under water, water and water rights, rights of flowage and diversion of the water appurtenant to the canal, the same being at Lake Hopatcong, Greenwood Lake, Green Pond, Stanhope Reservoir, Cranberry Lake, Bear Swamp, Phillipsburg, and other places upon the canal between the Delaware River and Paterson (maps and statements with references to deeds and conveyances showing the title of the said Canal Company and said Railroad Company to the said lands and water rights to be conveyed to the State, having been furnished by the said companies to the commissioners appointed to draft this bill, and deposited in the office of the Secretary of State), lands and water rights owned in fee simple by said companies, or by either of them, used in connection with the said canal, to be conveyed to the State in fee simple, and all lands and water and other rights not owned in fee simple, to be conveyed as fully as the said companies, or either of them, have right, title, power and authority to convey the same, such conveyances to be free and clear of any mortgages, contracts or encumbrances (including

any claim of the New Jersey General Security Company under a contract dated November thirtieth, eighteen hundred and ninety-four, or under any other contract) heretofore placed upon said properties or water rights by the Morris Canal and Banking Company, or its lessee, the said Lehigh Valley Railroad Company, or those claiming under them, excepting the right of crossing the right-of-way and canal property by railroads, pipe lines, sewers, electric lines, bridges and other structures In cases where rights of crossing the canal are terminable on notice, the Lehigh Valley Railroad Company shall serve the notices necessary to terminate the right The conveyances by the said companies to the State are to be sufficiently comprehensive to pass to the State any lands or water or other rights within the terms of this clause, whether specified or not in the said maps and statements furnished to said commissioners as aforesaid, said conveyances to be subject, however, to the terms of the release given by the Morris Canal and Banking Company and its said lessee to the Mayor and Aldermen of Jersey City, dated May twelfth, nineteen hundred and nine, whereby there was released to them all the rights of the Canal Company and its said Lessee to divert the waters of the Rockaway River watershed out of said river above the said city's reservoir, at Boonton, and subject to the right of the Mayor and Aldermen of Jersey City continuously to maintain their drains, pipes and conduits down and along the inclined plane at Boonton, and to continue the same along the Canal to a point below the first lock east of said plane, so as to protect their water supply from pollution That part of said lands lying in Phillipsburg to be conveyed subject to the exclusive right of the Lehigh Valley Railroad Company, its successors and assigns, to use the surface thereof and to have the possession thereof for railroad and other purposes, subject to said right of the Lehigh Valley Railroad Company, the State is to have exclusive ownership of said lands in Phillipsburg with the right to enter upon the surface of said lands to lay, maintain and operate water and sewer pipes beneath the surface, said rights and uses to be so exercised as not unreasonably to interfere with each other Such deed to the State also to em-

brace the surrender to the State by the Morris Canal and Banking Company and the Lehigh Valley Railroad Company of all the right and title acquired by or vested in said companies, or either of them, to impound, divert or take waters at any point within the State for any use or purpose in any way incident, or pertaining to, the canal, or to the operation of the canal, its feeders, works or appurtenances

(d) The delivery of a deed of conveyance by the State under the hand of the Governor and the great seal of the State duly attested, and under the hands and seals of said commissioners hereafter to be appointed, to the Lehigh Valley Railroad Company, its successors and assigns, or its nominee, and its successors and assigns, granting and conveying (first) all the State's reversionary and other right, title and interest of, in and to the land and lands now or formerly under water in Jersey City within the following boundaries Beginning at a point in Hudson River in the southerly line of South Street extended seven hundred and sixty-five feet from the easterly line of Hudson Street, and running thence (1) westerly along the said southerly line of South Street to the center line of Washington Street extended, thence (2) southerly along said center line two hundred and sixty feet, thence (3) westerly on a line parallel with South Street as laid down on Mangin's map to the easterly line of Warren Street extended, thence (4) southerly along the said easterly line of Warren Street extended, to a point distant four hundred and sixty feet at right angles from the southerly line of South Street, thence (5) parallel with South Street, easterly to a point in the center line of Washington Street extended and distant four hundred and sixty feet from the southerly line of South Street, thence (6) southerly along said center line of Washington Street extended five hundred feet to the northerly line of the property occupied by the Central Railroad Company of New Jersey, thence (7) easterly along said line seventeen hundred and thirty-five feet, and thence (8) northerly to the place of beginning, the same being the lands described in the legislative grant by the State to the Morris Canal and Banking Company by the supplement to the charter of said company, approved March 14th, 1867

(Pamph Laws 1867, p 251), which conveyance of said lands shall contain and be subject to a condition of the same substance, force and effect as the condition contained in said supplement of March 14th, 1867, which is in words or to the effect following, to wit

> "On condition that for the purpose of preserving a "water basin to the west of the present westerly bulk- "head on said premises and of leaving open on the "premises hereby granted, a public navigation for all "vessels to and from the Hudson River, and all parts "of the waters west of said westerly bulkhead, the said "company shall forever keep open the present gaps in "the easterly and westerly bulkheads, each of one hun- "dred and fifty feet in width, and like gaps of like width "in any structure to be erected on said premises hereby "granted, so that the public may with all vessels freely "navigate to and from the channel of the Hudson River "and all places east and west of said westerly bulk- "heads, without the payment of tolls or charges, *pro- "vided,* that the said opening shall be kept in such con- "dition that the owners and occupants of shore property "lying north and west of the above described property, "may at all times, have free access to as well as through "the same"

(Second) All the right, title and interest of the State, reversionary or otherwise, in the canal terminal basin in Jersey City, commonly called the "Little Basin," with the docks, wharves, slips and improvements, which has been heretofore conveyed to the Morris Canal and Banking Company by sundry deeds and is described as follows

Beginning at a point in the center line of Essex Street distant one hundred and eighty-five feet easterly at right angles from the center line of Hudson Street, running thence (1) easterly along the center line of Essex Street and that line extended seven hundred and seventy feet more or less to the exterior line for piers in the Hudson River, thence (2) southerly along said exterior line for piers five hundred and ninety-one feet more or

less to a point in the northerly line or the northerly line extended of the tract of land above described as being the grant from the State to the Morris Canal and Banking Company, thence (3) westerly along said line a distance of eighteen hundred and seventy feet more or less to the center line of Washington Street, thence (4) northerly along the center line of Washington Street three hundred and sixty feet to a point, thence (5) easterly on a line parallel with Essex Street and distant two hundred and thirty feet southerly from the center line thereof a distance of six hundred and fifty feet to a point, thence (6) northerly at right angles to Essex Street one hundred feet, thence (7) easterly parallel with Essex Street four hundred and seventy-one feet more or less to a point one hundred and eighty-five feet easterly at right angles from the center line of Hudson Street, and thence (8) northerly at right angles to Essex Street one hundred and thirty feet to the center line of Essex Street, the point of beginning, the said deed to contain an express covenant by the State with the grantee, its successors and assigns, that the State will not make or give any grant or license, power or authority affecting the lands under water in front of the two tracts of land above described, and that the grantee, its successors and assigns, may appropriate and reclaim to its own use the said lands under water included in said two tracts above described, subject, however, to the regulations and provisions of the various clauses of the Act of the Legislature approved April 11th, 1864, entitled "An Act to ascertain the rights of the State and the riparian owners in lands lying under the waters of the Bay of New York and elsewhere in the State," and of the act supplementary or amendatory thereof effective and operative on the twelfth day of July eighteen hundred and eighty-nine, so far as the same are applicable to said two tracts of land above described

(Third) Also all the right, title and interest of the State, reversionary or otherwise (if any), in and to all other lands and right-of-way of the Canal Company in Jersey City, including the right-of-way of the canal extending from the said Terminal Basin westwardly and southerly to the point where the canal is crossed at Fiddler's Elbow on the New York Bay front by the

southerly line aforementioned of the New York Bay Railroad, but not including the canal lands or right-of-way between Fiddler's Elbow and Newark The second and third tracts, to be conveyed as above, to be subject to the right of the State to lay, repair and maintain water and sewer pipes beneath the surface of the said third tract, with the right to continue and forever maintain the same through and along the said second tract to the Hudson River in a course convenient for the said purpose of the State, and without any interference or restraint on the part of the Lehigh Valley Railroad Company or anyone claiming under it which will deprive the State of the full and fair enjoyment of said right, and no right shall, without the consent of the State, hereafter be granted to any person or corporation to lay water pipes or sewer pipes beneath the surface of the said third tract, or to do any act which may interfere with the beneficial enjoyment of the said right reserved to the State The exclusive right of the State to lay and forever maintain sewer and water pipes as aforesaid in and along the said canal lands is to be effective against any title now owned or hereafter acquired in said canal lands by the Lehigh Valley Railroad Company (not including, however, the above mentioned first tract, nor the second tract, known as the Little Basin, except as above stated), upon regulations to be inserted in the said reservation contained in the deed providing against undue or unreasonable interference with the use of the said lands at or above the surface for railroad and other purposes The exclusive right aforesaid shall not prevent the laying of water and sewer pipes across the right-of-way of said canal in this section mentioned by municipalities and by the said grantee for its own corporate purposes The said deed to contain a release of the right of the State to take or have the said lands under the provisions of the charter of the Morris Canal and Banking Company, or of any supplement thereto

(e) The payment by the Lehigh Valley Railroad Company to the State of the sum of five hundred thousand dollars and the delivery of a release by said company to the State of all claims for the return of the sum of forty-eight thousand dollars, with any claim for interest thereon, which sum of forty-eight thousand

dollars was paid by the company to the State for the deed dated July twelfth, eighteen hundred and eighty-nine, the return of the same with interest having been recently decreed by the Court of Chancery, and also a release of all claims for return of taxes heretofore paid by the said company upon the property of the Morris Canal and Banking Company, and a relinquishment of all its claim to any statutory or contract right of exemption thereof from taxes for the future as to any of the lands or property conveyed or to be conveyed under the provisions of this act

(f) The discontinuance and dismissal of all pending legal and equitable proceedings on appeal or otherwise touching the title of the State to said lands described in the said grant of March fourteenth, eighteen hundred and sixty-seven or touching the question of exemption from taxation of any railroad property of said canal company

(g) The sale and conveyance by the Morris Canal and Banking Company and the Lehigh Valley Railroad Company to the State of all their right, title and interest in and to that portion of the canal and its appurtenances which lies between the westerly line of the City of Paterson and the said point where the canal is crossed by the southerly line of the right-of-way of the New York Bay Railroad in Jersey City aforesaid Said portion of the canal and its appurtenances to be conveyed as fully as the said companies, or either of them, have right, title, power and authority to convey the same, Such conveyance to be free and clear of any mortgages, contracts or encumbrances placed upon it by the said the Morris Canal and Banking Company, or its lessee the Lehigh Valley Railroad Company, or those claiming under them, excepting the right of crossing the said right-of-way and canal property by railroads, pipe lines, sewers, electric lines, bridges and other structures, and excepting also any water pipes or oil pipes which have been heretofore laid in and along said portion of the canal, to be conveyed as last aforesaid, by any right heretofore acquired (if any such right exists)

When sale is made by the commissioners appointed under this act, of the portion of the right-of-way of the canal between the point where the canal is crossed at Fiddler's Elbow on the New

York Bay front by the southerly line of the New York Bay Railroad and the City of Newark, if the purchaser shall be any other than the Lehigh Valley Railroad Company, or its nominee, or any one in its interest or for its benefit, said Lehigh Valley Railroad Company shall, at its own cost and expense without the payment or allowance of any consideration other than that in this act mentioned or implied, at the request of the purchaser cause the Jersey City Belt Line Railway Company, which has heretofore filed its location in the office of the Secretary of State, either to abandon that part of its located route which is on the said portion of the said right-of-way, or at the option of the purchaser, to convey to the purchaser all the right which it may have acquired to lay a railroad and branches thereof on and along the same

2 Upon the repeal of the charter of the Morris Canal and Banking Company all exemption, if any, from taxation of the company or of any lands, interest in lands, or other property owned or possessed by it, shall be extinguished and made void, and all rights, and claims, if any there be, of the Morris Canal and Banking Company, or of its lessee, the Lehigh Valley Railroad Company, by virtue of such exemption, for the return or recovery of any taxes heretofore exacted and collected from them shall be surrendered, extinguished and made void

3 The Governor, by and with the advice and consent of the Senate, shall appoint three commissioners, citizens of this State, to carry out the provisions of this act, who shall be compensated as herein elsewhere provided, vacancy or vacancies in the commission shall be filled in the same manner, and where any vacancy occurs during the recess of the Senate, the Governor may appoint a commissioner, who shall hold his office until the Senate shall again convene, and until his successor shall be duly appointed and confirmed, any two of the commissioners may have and exercise all the powers of the commission

4 The commissioners shall, in the first place, after the filing of the aforesaid certificates of assent by the stockholders of the Morris Canal and Banking Company and by the Lehigh Valley Railroad Company, proceed to appraise the value per share of

all the consolidated or common stock, and of the preferred stock of the Morris Canal and Banking Company not held and owned by the Lehigh Valley Railroad Company, and the holders of said shares shall be paid the appraised value of their shares by the Lehigh Valley Railroad Company, until payment or tender of said value the obligation of the Lehigh Valley Railroad Company to pay the dividends on said shares shall not be released, the proceedings for such condemnation shall be conducted on the application of the Attorney-General, and under the provisions of the act entitled "An act to regulate the ascertainment and payment of compensation for property condemned or taken for public use (Revision of 1900)," and any supplement or amendment of said act so far as applicable, and so far as consistent with the provisions of this act The said commissioners appointed by the Governor shall be the commissioners who shall make the valuation, the application may be made to any justice of the Supreme Court, and all or any stockholders may be joined as parties interested in one proceeding, and notice shall be given to them in such manner as the justice shall direct, who shall also be empowered to control and regulate the proceedings in such particulars as are not provided for in the act or acts aforesaid On the filing of the award the Lehigh Valley Railroad Company shall be liable to pay the amount awarded to stockholders, with interest from the date of the award All the holders of the shares condemned shall be paid without preference of one over the other, and payment shall not be made to one until provision is made for the payment of all Upon the payment or tender of payment of the award to the shareholders, by the Lehigh Valley Railroad Company or on payment thereof into court, as provided by law, by said company, the rights of said shareholders shall be deemed to have been taken by the State for public use and extinguished when the other provisions of this act are complied with, and at the same time the Lehigh Valley Railroad Company shall surrender to the State its shares in the said canal company without compensation therefor, except the compensation involved in the benefits of this act which shares shall thereupon become extinguished

5 The commissioners shall make sale of any and all personal property of the canal company, and shall also make sale, in whole or in parcels, of the portion of the canal property lying between the westerly line of the City of Paterson and the point where the canal is crossed by the southerly line of the New York Bay Railroad near Fiddler's Elbow, on the New York Bay front in Jersey City, together with any and all lands of the said canal company and the interest therein of its lessee between said points, and any title or interest of the State therein, including the right of the State to use the same for canal purposes, shall continue until the same shall be sold by virtue of this act The manner and terms of sale shall be in the discretion of said commissioners. All sales shall be made and consummated within two years from the passage of this act, unless the Legislature shall by law extend the time The said commissioners shall make, execute and deliver deeds for the lands so sold in due form of law In all such sales and conveyances there shall be reserved to the State the right to lay and maintain water and sewer pipes beneath the surface and to enter upon the surface for such purpose upon such terms and regulations as may be fixed by the commissioners in the deeds of conveyance The conveyance by the commissioners of lands or interests in lands of the canal company between the westerly line of the City of Paterson and Fiddler's Elbow, excepting that part of the canal within the limits of the City of Newark, shall contain covenants running with the land, requiring the grantee, his heirs and assigns, or its successors and assigns, to build, repair, rebuild and maintain bridges over said canal and excavations connected therewith where streets, roads or highways cross the same, which otherwise would be required to be built, repaired and maintained by the municipality or county within which said lands or rights in lands so conveyed lie, said bridges in cities to be the full width of such streets, roads or highways, and any corporation condemning for its public uses lands, or interests in lands, within the canal bed, tow-path or berme bank, shall, upon such condemnation, take such lands and interests in lands, subject to the burden of building and maintaining such

bridges, and subject also to the aforesaid right of the State to construct and maintain and lay water and sewer pipes

In all sales and conveyances of lands and condemnation of lands within the territorial limits of the City of Newark, covenants requiring the grantee to build, repair, rebuild and maintain bridges shall extend and apply only to such bridges as the City of Newark is not required to build, repair, maintain and rebuild under a contract dated October sixteenth, eighteen hundred and fifty-two, between the Morris Canal and Banking Company and the Mayor and Common Council of the City of Newark, and to such bridges (if any) as the City of Newark shall not be required to build, maintain, repair and rebuild by the provisions hereinafter in this act contained, if the City of Newark shall accept the provisions of this act and agree thereto

If in making any sale the commissioners deem it advisable to do so, there may be inserted in the conveyance a provision that the purchaser of said lands or interests in lands may relieve himself, or itself, from the further maintenance of any such bridge by conveying for street uses to the municipality in which said bridge is located, an easement in the lands underneath said bridge, across the said canal, tow-path and berme bank, for the full width of the said street, road or highway crossing the same and by filling in the said canal and excavations in the line of said roadway so as to carry such street, road or highway at its full width and at its established grade across the said canal, tow-path and berme bank, and such lands and interest in lands so purchased and condemned shall be accepted and taken subject to the express covenants and conditions running with the land, that no railroad, street railroad, electric road, or other structure, built, laid or placed upon said land shall in any city pass over any street or highway at the grade thereof without the consent of the city, the street, road or highway of which is to be so crossed The proceeds of all such sales of personal and real property (after deducting therefrom a sum sufficient to pay the claims for compensation of the commissioners who prepared this act, and of the commission appointed under this act, with the costs of executing this act, and counsel fees, including counsel fees

of the Attorney-General in the proceedings taken in the preparation of this act, and its execution, all of which are to be paid by the commissioners appointed under this act, after they are audited and approved by the Chief Justice of the Supreme Court and the Comptroller of the State) shall, from time to time, as received, be divided and paid by the Commissioners, one-half to the Treasurer of the State, and one-half to the Lehigh Valley Railroad Company In order to enable the Commissioners to pay current expenses until sales are made the State and the Lehigh Valley Railroad Company shall each furnish the commissioners with the sum of two thousand dollars which shall be refunded from the proceeds of sale Nothing in this section shall in any wise impair the right of the State to enter upon the surface of the lands and right-of-way of the canal to lay and maintain sewer and water pipes beneath the surface thereof

6 The commissioners shall make and execute bills of sale and deeds, to be approved by the Governor and Attorney-General, for the properties sold by them, which shall constitute a conveyance and release of the right and title of the Morris Canal and Banking Company and of the Lehigh Valley Railroad Company and of the State's interest in the properties so sold and conveyed, except the exclusive right of the State to lay water and sewer pipes and maintain the same forever, as above provided

And in all conveyances by the State or the Commissioners, of lands or interests in lands, and in the condemnation of lands and interests in lands provided for under this act there shall, in like manner, be contained covenants running with the land, and restrictions and limitations in the condemnation of lands and interests in lands, that if the lands and interests in lands so conveyed or condemned in any municipality having a public water supply are used for a pipe line for the conveyance of water by any water company or other corporation no water shall be sold therefrom to be used in such municipality without the consent of such municipality

And in all such conveyances of lands or interest in lands, and in condemnation of lands and interests in lands provided for

under this act, there shall, in like manner, be contained covenants running with the lands, and restrictions and limitations in the condemnation of lands and interests in lands, which shall vest in and preserve to all municipalities in this State the right to cross under the said canal at any street or highway with sewers, water pipes, gas pipes or electric conduits necessary or proper for the use of said municipalities, but in such manner as not to prevent or unduly interfere with the use of said lands for the purposes of the purchaser thereof, or with the use thereof by the State for water and sewer pipes as aforesaid

7 Whenever a contract of sale, and a conveyance in pursuance thereof, of any portion of the property of the Morris Canal and Banking Company shall be made under the provisions of this act by said commissioners to any municipal corporation, or to any county, or to any corporation having power to condemn property for public uses, the purchasers may condemn the reversionary and other private rights in the property so purchased by them for any of the public uses to which the said property may be devoted as herein provided, and for which the purchaser may be authorized by law to take property, and in all such cases the valuation to be paid to the owner shall be the value of said property, subject to continued use for canal purposes to the extent now authorized by law, together with the damages, if any arising out of the change from the use for canal purposes to the public use for which the same shall be taken by the purchasers Any number of claimants or owners and separate parcels of land may be included in one proceeding If in any case of condemnation under this act it shall be determined that the rule of valuation in this act prescribed invades the constitutional right of compensation of any private owner, the measure of compensation shall be modified accordingly, and this act shall not otherwise fail, but in all condemnation proceedings it is the intention of this act to preserve forever to the State the exclusive right to use the bed of the canal, and all property acquired and owned by it, for water mains and sewer pipes, as above provided, and such right is not to be impaired by condemnation proceedings

8 Upon the repeal of the charter of the Morris Canal and Banking Company as herein provided, all rights, as well of the canal company as of its lessee, the Lehigh Valley Railroad Company, or of any one claiming under them, or either of them, appurtenant to or used in connection with the canal, to take, impound, divert, sell and dispose of water (subject only to the aforementioned release to the mayor and aldermen of Jersey City of its right to divert water from the Rockaway river), shall vest in the State, which shall take and hold the same for public use for water supply to municipalities and their inhabitants, and for public park purposes and the other public purposes herein elsewhere mentioned, and the same shall be in the possession and under the supervision, management, control and disposal of the State Water Supply Commission

9 The other public uses herein elsewhere mentioned to which the property of the said canal company, or any part thereof, shall be devoted may be one or more of the following uses public streets or roads, parks, water supply, railroads, street railways, electric roads, sewers, telephone, telegraph and other electric lines and gas or water pipe lines

Where, by legislative authority, the canal was constructed through, upon or along any street, road or highway, and any part or parts of the canal so located or constructed shall be sold as herein provided to a county or to a purchaser having power to condemn property for public use, and the same is purchased to be devoted to public use, the sale may be made with the provision that the land occupied by the canal in such streets, roads or public highways may thereafter be occupied for the new public use to which the same shall be devoted by the purchaser

The sales of property of the canal company made as in this act provided may be made subject to such additional express covenants and restrictions relative to crossings, bridges and buildings over the canal as in the judgment of the commissioners, approved by the Governor and Attorney-General, shall be just and reasonable to properly safeguard the interests of the public and the municipalities concerned and the owners of property abutting on the canal Such restrictions may be put in the deeds of

transfer in the form of covenants running with the land or otherwise

10 In the conveyance of lands or interests in lands of the canal company within the City of Newark, and in the condemnation of lands, or interests in lands, under this act, within said city, covenants running with the land shall be inserted in the deeds made by the commissioners, and restrictions or limitations shall be attached to such condemnations which shall preserve to the said city the right to perpetually maintain its market, its approaches and appurtenances, as now constructed and maintained between Broad and Mulberry streets, or, in lieu of maintaining such market, to perpetually devote the space occupied by the same to any other municipal uses to be determined by the city, but only in such manner that the sub-surface may be conveyed or condemned and used for street railway or such other purposes as are allowed by the terms of this act, and in the conveyance or condemnation of such lands or interests in lands between Mulberry street and River street within said city, covenants running with the land shall be inserted in such deeds or attached to such condemnations which shall preserve to the city the right to perpetually cover and keep covered the said canal for street purposes to the end that North Canal street and South Canal street may be united in one broad street, subject, however, to such changes of the grade of said street at and near the lock at the east end of said streets as will allow of the bringing of electric railway cars or other facilities which may occupy the canal bed to the surface at or near River street, but only in such manner that the sub-surface may be conveyed or condemned and used for street railway or such other purposes as are allowed by the terms of this act

Upon abandonment of the canal, so much of the southerly part of the right of way thereof between Railroad Place and Market street in said city as shall be necessary to increase the width of South Canal street to a uniform width of sixty-six feet, shall forthwith revert to the city for street purposes, and in like manner, so much of the southerly part of the right-of-way of the canal as shall be necessary to widen Passaic avenue from Jefferson street to Freeman street in said city to a uniform width of

sixty-six feet, shall revert to the city for street purposes But it is expressly provided that a strip of land at least thirty-three feet in width of the canal lands and right-of-way east of the Pennsylvania railroad is in all places excepted from the provision of this section and is not to be or become part of the public street That part of the canal right-of-way which by the provisions of this section is to revert to the city of Newark is to be subject to the aforesaid right of the State to lay and maintain water pipes and sewer pipes therein beneath the surface

In the conveyance of lands or interests in lands of the canal company and in the condemnation of lands or interests in lands under this act, within said City of Newark, the said commissioners shall release to the said city for street purposes, all that part of the right-of-way of the Morris canal which encroaches upon the westerly part of Lock street between Central avenue and Warren street, so that Lock street, between said points, may be opened to the full width of fifty feet

The dock property on the Passaic river, at Newark, known as the city dock, held or used by the said canal company, or its lessee, shall, upon the acceptance of this act by the City of Newark and the Lehigh Valley Railroad Company, revert to said city and be held thereafter by said city for public use

The provisions of the agreement in writing between the Mayor and Common Council of the City of Newark, of the one part, and the Morris Canal and Banking Company, of the other part, bearing date October sixteenth, eighteen hundred and fifty-two (a copy of which is filed in the office of the Secretary of State of New Jersey), are hereby approved and accepted by the State of New Jersey and hereby amended so as to be perpetual, provided the Mayor and Common Council of Newark shall, within three months after this bill takes effect, file in writing, their assent to and acceptance of this provision, in the office of the Secretary of State, agreeing thereby perpetually hereafter to keep and perform all the covenants and agreements in said contract of eighteen hundred and fifty-two, to be kept and performed on their part, and if this provision is accepted by the City of Newark conveyances made by the commissioners who are to sell and convey

the canal property in the limits of the City of Newark (between the westerly line of Paterson and Fiddler's Elbow), shall be made subject to this provision

Copy of Agreement Between Newark and the Morris Canal and Banking Company

Articles of Agreement entered into, made and concluded upon, on the day of the date of these presents, by and between The Mayor and Common Council of the City of Newark of the one Part and The Morris Canal and Banking Company of the other Part

Whereas, The said The Morris Canal & Banking Company, by the terms of the Act of the Legislature of this State, by which they were created a body politic & corporate, are obligated at their own proper expense, to make good & sufficient bridges, over & across their canals, wherever the same shall cross any public road, and to maintain and keep the same in repair, so as to prevent any inconvenience in the use of said roads, by reason of the Canal crossing the same,

And Whereas, The said Canal has been dug and now runs across several of the public roads or streets within the present bounds of the said City of Newark, whereby it became necessary to build & Maintain bridges over the same,

And Whereas, By some future extension or extensions of the boundaries of said City, or by the laying out & opening of New Public roads or streets in the same, or by the extension of such roads or streets as are now in use, it may become necessary to erect & maintain other bridges over the said Canal in the said City of Newark,

And Whereas, The said The Mayor and Common Council of the City of Newark, are desirous to obtain permission of the said The Morris Canal & Banking Company to put up, erect & maintain, over so much of the Canal and tow-path belonging to the said The Morris Canal & Banking Company as extends from the East side of Broad Street to the West side of Mulberry Street, in the said City of Newark a Market house, and such other

erections, buildings or apartments, as to the said The Mayor and Common Council, may now or hereafter seem expedient, for the uses of the said City, in its corporate & municipal capacity, such for instance as a Watch house, or places of business for its Officers for the transaction of their several duties as officers or agents of the corporation of the said City,

AND WHEREAS, The said Parties, that is to say, The Mayor & Common Council of the City of Newark on the one side And The Morris Canal and Banking Company, on the other, have entered into an Agreement with each other, respecting the matters aforesaid, in manner and to the effect hereinafter stated

Now therefore, be it known by these presents, that the said The Morris Canal & Banking Company, in consideration of the covenants, stipulations and agreements of The Mayor & Common Council of the City of Newark hereinafter mentioned & contained, and on their part and behalf to be kept and performed, Have granted, bargained, covenanted, and agreed and by these presents do grant, bargain, covenant & agree to & with the said The Mayor and Common Council of the City of Newark as follows, that is to say, that it shall & may be lawful, for the said The Mayor and Common Council of the City of Newark, on or at any time after the date of the date hereof to put up, erect & build over and above so much of the said Canal and of the towpath on the South side thereof, as extends from the East side of Broad Street to the West side of Mulberry Street in the said City of Newark, any such lawful building or buildings, erection or erections as the said The Mayor and Common Council of the City of Newark, may deem proper & expedient for the uses & benefits of the said City and be occupied as a common council chamber, or as a public Market, or for a Watch House, or for offices for the various Officers, Agents & Employees of the City Government, or for either or all of the said purposes, or such other lawful purpose or purposes as the said The Mayor & Common Council, may at any time and from time to time deem expedient, And such buildings & erections, to maintain and keep up and use at all times & forever hereafter, And the same rebuild, alter & modify as occasion may require and the said City government may deem proper

Aud further, that the said The Mayor and Common Council of the said City of Newark, may and shall have the right to use the materials of the present walls of the Canal between Broad Street & Mulberry Street for the purposes of making any such erections or buildings as aforesaid, without being liable to pay or account for the same

Provided always, and it is hereby expressly declared to be agreed & understood by & between the contracting parties, that such buildings or erections shall never be used or occupied for any business or purposes inconsistent with a safe, convenient & lawful use and enjoyment of the Canal, nor incompatible with the provisions & stipulations hereinafter contained And further that the floor or other parts of the building or buildings, which may at any time in virtue of this contract be erected over said Canal and its tow-path by The said The Mayor & Common Council of the City of Newark, or by their direction, permission or authority shall be so high as that the lowest part or parts thereof, or of any fixtures therewith connected shall be at least fifteen feet above the present bottom of the said Canal, which bottom is on a level with the top of the Cross-sill at the head of the first lock below Broad Street That good & sufficient ropes or chains shall constantly be kept suspended under the floor of any such buildings or erections as aforesaid, and as far as the same shall extend over the said Canal, for the use & convenience of boatmen in forcing or propelling their boats passing on the said Canal under such buildings or erections That the floor or floors of all such building or buildings, as may be erected over the said Canal in the place aforesaid, shall be firm & substantial, and so constructed as to be always water-tight And as not to permit the rain or wash water, or other liquids, falling or thrown thereon to run through the same or off of the same at the sides or ends thereof, into the said Canal And shall be so kept & maintained, so long as such buildings remain over the said Canal, that the said buildings & erections, which by virtue of this contract may be put up over the said Canal, at the place aforesaid, shall be so constructed that the Canal under the same shall always be kept sufficiently lighted in the day time And that the Canal shall not be used by the City

government, or any of its Agents, Officers or Employees or other person as a receptacle of, or a place of deposit for, the sweepings, offals or other filth of the Market or Market Stands, nor the ashes, sweepings or any other dirt accumulating or resulting from the use & occupancy of any of the Apartments, rooms, or offices, that may in virtue of this Contract be erected over the said Canal

And the said The Mayor and Common Council of the City of Newark, in consideration of the aforesaid grant, bargain, covenant & agreement, and all the concessions & stipulations herein mentioned & contained, on the part & behalf of the said The Morris Canal & Banking Company, their successors & assigns to be kept, observed & performed, Do hereby covenant, grant & agree to & with the said The Morris Canal & Banking Company, their successors & assigns, in manner & form following, that is to say That the said The Mayor and Common Council of the City of Newark & their successors, shall & will, at their own proper costs and charges, forever hereafter or so long as the Charter of the said The Morris Canal & Banking Company, shall continue in force, and so long as the Mayor and Common Council of the City of Newark shall be at liberty to enjoy the benefits intended to be secured to them by these Articles of Agreement, maintain, sustain & keep in good & sufficient repair, all and every of the bridges that have been erected by the said The Morris Canal & Banking Company, over the Canal within the bounds or territorial limits of the said City of Newark, and will rebuild or reconstruct the same, when it shall become necessary or expedient so to do, And keep the same in good & sufficient repair, And in case it shall at any time by reason of an extension of the City bounds, the extension of Streets now laid out or used, or the laying out of New streets, become necessary to erect one or more new bridges over the said Canal within the bounds of the said City, that the said the Mayor and Common Council of the City of Newark, at their own proper cost & charges, will build such newly required or additional bridge or bridges, And maintain & keep the same in good & sufficient repair for & during the time aforesaid, It being understood & agreed between the said contracting parties, that the said bridges now existing shall be maintained at

not less than their present width of water way between the abutments & new bridges shall conform in water way to the width of the Canal & tow-path at the time of erecting the same, And the height of all said bridges shall be such as to give the same clear space between the lowest part of the bridge and the surface of the water in the Canal as is above mentioned with reference to said buildings over said Canal That the said City Government, is to be entitled to all the materials of which the present bridges are constructed without being liable to pay or account for the same, it being understood that The Mayor and Common Council of the City of Newark assume the building or care of no bridge or bridges which any person or persons, corporation or corporations, body or bodies politic or corporate other than the said The Morris Canal & Banking Company are, or hereafter may be liable to build, repair or take care of

And further the said The Mayor & Common Council of the City of Newark, for themselves & their successors, do hereby covenant and agree to & with the said The Morris Canal & Banking Company, their successors & assigns, that they, the said The Mayor and Common Council of the City of Newark will in constructing, maintaining & using such edifices & buildings over the said canal as by this contract they may be authorized to erect and use, conform to, observe, perform and do, or cause to be performed, observed and kept, all the stipulations, matters & things stated in & particularly mentioned & set forth in the provisions hereinbefore made to the covenants & agreements on the part of the said the Morris Canal & Banking Company to be kept and performed

And also that the said The Mayor and Common Council of the City of Newark and their sucessors, do covenant, grant & agree to and with the said The Morris Canal & Banking Company, their successors & assigns, during the continuance of their said charter and so long as the said The Mayor and Common Council of the City of Newark shall be at liberty to enjoy the benefits intended to be secured to them by this contract, will indemnify & save harmless the said The Morris Canal & Banking Company, from & against all prosecutions, suits, charges, losses, damages,

costs & expenses they may be put to, incur or sustain by reason of any of the said bridges now existing, or hereafter to be built & sustained by the said company in the said City of Newark not being built and kept in good and sufficient order and repair

In Witness Whereof, the said The Morris Canal & Banking Company and the said The Mayor and Common Council of the City of Newark, have this sixteenth day of October, in the year of our Lord one thousand eight hundred and fifty-two, caused their respective corporate seals to be hereunto affixed

GEO E SAFFORD, *Sec* E MARSH, *Pres,* (L S) *M C & B Co*

Attest JAMES M QUINBY, (L S)

AMZI DODD, *Clerk of the Common Council* *Mayor of the City of Newark, N J*

In case the said city shall so file its acceptance as above provided, and the Lehigh Valley Railroad shall also accept the provisions of this act, then and in that case, but not otherwise, said city shall have the benefit of the foregoing provisions of this section, and the covenants running with the land and restrictions and limitations attached to condemnations for the benefit of Newark shall, in case of such acceptance, be inserted as above provided, but not otherwise The provisions of this section shall not in any wise impair the right of the State to enter upon the surface of the canal lands and right of way of the canal to lay and maintain water and sewer pipes beneath the surface

11 Before the sale or conveyance by the commissioners to be appointed under this act of any lands or interests in lands of said canal company adjacent to lands of the Essex County Park Commission, comprised within any of the divisions of Branch Brook Park, the said commissioners shall locate and define, by monument, a boundary line between the said canal and the said Branch Brook Park, and such boundary line shall be established on the east side of said canal in accordance with the metes and bounds defined in the grants to or in the condemna-

tion proceedings by said Canal Company, where such lands were acquired by grant or condemnation, and where not so acquired the boundary line shall be established eleven feet from high-water mark in said canal, and covenants running with the land shall be inserted in any sales or conveyances made by said commissioners, and restrcitions or limitations shall be attached to any condemnations taken under this act conveying lands or rights in lands bounding on said Branch Brook Park, which shall preserve to the Essex County Park Commission the right to perpetually occupy and maintain for park purposes all lands east of the boundary line defined by said commissioners as above directed, although said lands may be claimed to comprise a part of the tow-path bank of said canal, and such boundary line shall be established on the west sids of said canal between said canal and lands of the Essex County Park Commission in accordance with the metes and bounds defined in the grants to or in the condemnation proceedings by said Canal Company where such lands were acquired by grant or condemnation, and where not so acquired said westerly boundary line shall be established so as to give said canal property a width of fifty-five feet the easterly boundary being deemed to be the line as established by the said commissioners as above provided, provide, however, that nothing herein shall deprive the said Essex County Park Commission of compensation for any reversionary interests it may have in the property of said Canal Company, but nothing in this section contained shall impair or affect the exclusive right of the State to lay and maintain water and sewer pipes in this part of the right-of-way of the canal as aforesaid

12 All original deeds, surveys, maps and certified copies of condemnation proceedings and all muniments of title now in possession of the Morris Canal and Banking Company or the Lehigh Valley Railroad Company relating to the property of the canal or property to be conveyed to the State under this act shall be deposited in the office of the Secretary of State, to be preserved perpetually by him, subject to the right of the said Lehigh Valley Railroad Company to examine and inspect the same in the office of the said Secretary of State at all proper times

13 After all the conveyances hereinbefore mentioned and provided to be made between the Morris Canal and Banking Company and the Lehigh Valley Railroad Company, of the one part, and the State of New Jersey, of the other part, are in due form of law executed and delivered to the respective parties entitled to them, and after the execution and performance by the Morris Canal and Banking Company and the Lehigh Valley Railroad Company on their part, and the State of New Jersey on its part, of all the acts and things in this act specified to be done and performed by them respectively (except the sale and disposition of the canal property by the commissioners as hereinbefore directed and acts incidental thereto), navigation of the canal by the Canal Company and its lessee shall be abandoned, and the charter of the Morris Canal and Banking Company is hereby repealed, and then the said commissioners appointed under this act shall proceed to sell and dispose of the personalty of the canal property and to make sale of all the State's right, title and interest in and to that part of the canal between the westerly line of the City of Paterson and Fiddler's Elbow as a whole or in parcels in manner as in this act is provided for (reserving in all cases to the State the right to lay and maintain forever sewer and water pipes in the bed of the canal as aforesaid)

14 This act shall take effect immediately and if any section or provision of this act shall be held to be unconstitutional, the residue of the act shall not fail

Mr Whyte, G W, moved that the reading of the minutes be dispensed with,

Which motion was adopted

Mr Streitwolf, being recognized by the Chair, spoke as follows

Mr Speaker—I feel it befitting at this time to add a minute in the Journal of the House of the death of the Hon William H C Jackson, who departed this life yesterday, and who also had served as a member of this House as a representative from Middlesex county during the years 1902 and 1903, and as a Senator from Middlesex county from 1906 to 1907, inclusive The unfortunate accident he sustained Thursday last brought a hasty demise, and its sadness has greatly added to the sorrow of the citizens of my county In politics he was a Republican, and one of the most active members of his party, but always fighting and working for his party's cause in the enviable way of retaining the admiration and friendship of those in the opposite party

To him entirely is due the credit of not only introducing the bill, but bringing about its passage, that abolished the fee system

of the county offices of this State and substituting in its place salaried officers It was his preconceived idea that saw the practicability of this change that has since proven itself to be of such great financial benefit and advantage to the several counties Many other great achievements did he accomplish while a representative of his party, and in his death not only has my county, but the State equally as well, lost a loved, esteemed and valued citizen

Ordered, that the remarks of Mr Streitwolf be spread in full upon the minutes

A message was received from the Governor and was read by the clerk as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 26th, 1912

To the Legislature

I take the liberty of calling your attention to the pending amendment to the Constitution of the United States, which grants to the Congress of the United States the right to impose a tax upon incomes It seems to me of the utmost importance that this power should be bestowed in unmistakable terms upon the Congress of the United States The jurists who first interpreted the Constitution of the United States believed that this power might legally be exercised by the Congress of the United States, under the terms of the Constitution as it stands, but later decisions have so embarrassed the exercise of that power by restrictions as to render it practically nugatory The limitations which under these decisions are imposed upon the taxing power of the Federal Government, practically deprive the Congress of a free choice of the sources from which the income necessary to support the government is to be derived They put the taxing power in a straightjacket Every argument of expediency seems to speak in favor of this amendment, by which some part of the limitation is sought to be removed

I urge it upon your attention as a subject worthy of the most thoughtful statesmanship The confirmation of a large majority of the States has already been secured It would be a conspicuous service to the country if New Jersey might add her vote to the number of States who are willing thus generously and in ungrudging public spirit to complete the necessary powers of the general government in the field of taxation

Respectfully,
WOODROW WILSON,
Governor

Mr Simpson offered the following resolution, which was read and referred to the Committee on Judiciary

WHEREAS, It is evident that in consequence of the many strikes that now exist, and are threatened in the coal regions of Pennsylvania, the same degree of suffering will be endured by the people of the Eastern States that was brought about by the strike of the coal miners in Pennsylvania in nineteen hundred and two, and

WHEREAS, Before the strike in nineteen hundred and two took place, the retail price of coal for domestic use was far below the present retail price, and

WHEREAS, In the settlement of the coal strike of nineteen hundred and two the so-called mine operatives granted a slight advance in the wages of the employees in the mines, but raised the price of coal to an unprecedented figure, and has since maintained such high price without any warrant or reason therefor, and

WHEREAS, It is reported in the public press that the reason for the threatened strikes is the demands of the employees for advanced wages, and it is further reported that the mine owners have determined to resist the demands of the said employees and permit the strike to be carried on, and

WHEREAS, Should such course be permitted, in the light of the former strike and the suffering and unprecedented high prices which followed, the consumer will ultimately bear the burden and expense of such strike, and

WHEREAS, The coal producers are protected in such manner by the present tariff laws that competition is impossible, and the present high prices of coal to the consumer and the independent attitude of the mine operatives are possible only by reason of the present iniquitous tariff laws covering coal, therefore

BE IT RESOLVED *by the House of Assembly of the State of New Jersey*

That the Congress now in session be urged to repeal the present law fixing the tariff on coal, and that foreign coal be placed upon the free list

Mr McAllister, acting Chairman of the Committee on Judiciary, reported

Assembly Bill No 463, entitled "An act to authorize the State Water-Supply Commission to have supervision over the erection and maintenance of dams on certain rivers and streams or reservoirs within this State or between this and any other State,"

Favorably, with the following amendments

Amend section 2 by changing the second "the" on line 2 to "this"

Also amend by adding two additional sections as follows

8 When any dam or reservoir has been in existence twenty years, and the owners of land along the shores above such a dam or on such a reservoir, have made or shall have made permanent improvements on said land, or where said shores have become a populated community, depending upon the permanency of the condition created, the owner or owners of such dam or reservoir shall not have the right, without the consent of the State Water Supply Commission, to tear down, destroy or abandon such dams or reservoirs, or withdraw the water below the usual low water-mark or maintain such a condition, except for the purpose of necessary repairs, when a petition signed by a majority of the land owners along the shores of any pond formed by any such dam, water or reservoir, protesting against the removal of any such dam, water or reservoir, has been filed with the State Water Supply Commission

In such a case the State Water Supply Commission shall grant a hearing, upon twenty days' notice, to all the parties interested, and may then establish and fix a permanent low water-mark, and should it appear that the maintenance of such a dam would be an undue burden upon the owner or owners thereof, the land owners interested above such dam or around such reservoir, may be ordered to pay a part or all of the expenses of maintenance, according to the discretion of the commission

9 Should any part or section of this act be declared unconstitutional, such decision shall not affect the force or validity of the remaining portion of this act

Change section 8 to read section 10

WHEREAS, It is claimed by persons assumed to speak with authority, that the owners of the anthracite coal mines that there is enough anthracite coal mined, above ground and in storage, to last for a period of eighteen months to two years, irrespective of whether any coal is mined or not mined within said period of time, and

WHEREAS, Said combination or monopoly in restraint of trade and for the arbitrary fixing of prices is illegal, and against public policy, and

WHEREAS, The late Alexander McGill, when a Vice-Chancellor of New Jersey, issued a decree of injunction prohibiting the merger and merging of the Port Reading Railroad Company, the Philadelphia and Reading Railroad Company, the Central Railroad Company of New Jersey and other parties, defendant in said suit, brought by the late John P Stockton a Democrat of high repute, while Attorney-General, when said corporations were engaged in the mining, selling and transportation of anthracite coal, and

WHEREAS, The Reading Company, controlling the Reading Railroad, which said railroad acquired, in 1902, the control of the Central Railroad Company of New Jersey, which in turn owns divers subsidiary railroad and coal mining companies, all of which has been alleged to be in direct violation of the spirit of the injunction issued against the aforesaid merger, as well as a violation of the law of this State, and

WHEREAS, Several important railroad companies controlled by the Reading Company and the Central Railroad Company of New Jersey, and the other anthracite coal railroads are chartered in New Jersey, and as such are subject to the law of the State and jurisdiction thereof, and are violating its laws through maintaining a combination in restraint of trade and for the purpose of fixing prices and the destruction of free competition in anthracite coal, to the end that a monopoly has been created therein, thereby causing and compelling the people of New Jersey to pay exorbitant prices for a prime necessity of life, with great resulting loss, inconvenience, and in many cases much suffering among the poor and needy,

Therefore, be it Resolved, By the House of Assembly and the Senate of New Jersey, that His Excellency, Woodrow Wilson, be petitioned and requested, through the Attorney-General, the prosecutors of the pleas of the several counties of this State, together with whatever other agencies he may deem proper to act, to proceed against the anthracite coal trust by

1 Effecting if possible a substantial compliance with the decree of Vice-Chancellor McGill in the suit of "Stockton, Atty Gen., *v* the Port Reading Railroad, the Philadelphia and Reading Railroad Co., the Central Railroad Co., and the other defendants, through the operation of such remedies as the courts may provide, by

2 Proceeding against the coal exchanges in the several cities of this State, which prevent in many instances independent dealers who are not members of such exchanges, which arbitrarily fix the local prices of anthracite coal, and provide punishments for members who undersell the coal exchange schedules, such proceedings to be in the nature of civil actions, and, if possible, criminal prosecutions, in the nature of conspiracies, by

3 Civil, and, if possible, criminal proceedings against the officers and directors of the several anthracite coal railroads and the various anthracite coal companies doing business in this State, whether chartered therein or not, by

4 Instituting, if lawful, ouster proceedings against all foreign railroad corporations and coal mining and selling companies who may be connected in any way with the anthracite coal monopoly, and prohibiting such railroad companies or coal companies from doing business within the State of New Jersey, to the end that the criminal and extortionate monopoly in anthracite coal may be destroyed and free competition be restored, and

Be it further Resolved, That it be suggested to the Governor

of this State that he invoke the assistance of the Federal Department of Justice and the Interstate Commerce Commission to aid and assist in suppressing the anthracite coal trust, and

Be it further Resolved, That it be suggested to His Excellency, the Governor, that a special commission be appointed by him, with legislative sanction, to be clothed with plenary power to investigate the coal trust in the most minute detail, said commission to report back to the present Legislature at a special session to be called therefore, at the earliest possible date, for that express purpose, and

Be it further Resolved, That a copy of these resolutions be forwarded to Hon Woodrow Wilson, Governor of New Jersey, with a request for his immediate and urgent consideration of the matter herein contained

The following proposed Committee amendments to Assembly Bill No 292 were read and adopted

That section 4 be amended by inserting after line 22 as follows

"The board of chosen freeholders may, after the execution and approval by the State Commissioner of Public Roads of a contract or contracts for improvement under this act, make without public advertisement, supplemental contracts for additional work found to be necessary as a part of such improvement, provided such contracts shall not cover any additional mileage or length of road, nor alter the general character of the improvement, *and provided further,* that before any such contracts shall become binding, and before any work shall be done thereunder they shall be submitted to and approved by the State Commissioner of Public Roads in the same manner as hereinbefore provided in the case of contracts let after public advertisement

"The State's share of or contribution to the cost of any improvement under this act shall be forty-five per centum of the total estimated cost thereof, except when otherwise provided in this act or when the same is left to the discretion of the State Commissioner of Public Roads"

That section 9 be amended by inserting after line 6 as follows "which shall be the total cost of such work less the amount certified to be paid by the State"

That section 10 be amended by inserting after line 5 as follows "which shall be an amount not exceeding the total cost of such work, less the amount certified to be paid by the State"

That section 13 be amended by inserting after line 11 as follows "The said board of chosen freeholders is hereby authorized to agree with the owner or owners of any lands required for the foregoing purposes, as to the compensation to be paid by said board for a conveyance of said land or lands, and in case said board cannot agree with the owner or owners of any land for the acquisition of the same for the foregoing purposes said board shall have the power to acquire said lands by condemnation, in the manner prescribed by law, and the said board is also authorized to vacate any part of any public highway that may be rendered unnecessary for public travel by the widening, straightening, altering or changing of location thereof"

That section 19 be amended by inserting at the end of line 4 the words "or other financial officer"

That section 20 be amended by adding as follows *"provided however*, that this provision shall not extend to roads now maintained under the act entitled 'A supplement to an act entitled "An act to authorize the board of chosen freeholders of any of the several counties in this State to lay out, open, construct, improve and maintain a public road therein," approved April seventh, one thousand eight hundred and eighty-eight,' approved March twenty-fourth, one thousand eight hundred and ninety-eight"

That section 21 be amended by striking out the words "the" and "to" in line three and the words "which this is a supplement" in line four and inserting in lieu the word "this"

That section 25 be amended by striking out the entire section and substituting as follows

25 All bonds authorized to be issued by this act by the board of chosen freeholders, or any municipality, shall be known as "Road Improvement Bonds"

Such bonds shall be of such denominations, bear such rate of interest, not exceeding five per centum (5%) per annum, and be payable at such places and such times, not exceeding thirty years from their date except bonds issued to provide funds for extraordinary repairs or reconstruction which shall be payable in not exceeding five years from their date and be in such form as the board of chosen freeholders or governing body of any municipality issuing such bonds shall by resolution determine

Said bonds shall be signed by the director and clerk of the board of chosen freeholders of the county, sealed with the seal of such board and countersigned by the county collector of the county, an and in the case of a municipality other than a county shall be signed by the mayor, or chief executive officer, or the chairman or presiding officer of the governing body thereof, and by the clerk thereof, and sealed with the seal of said municipality, and countersigned by the chief financial officer thereof The said bonds may be either coupon or registered, or coupon bonds with the privilege of registration as to principal only, and of conversion into bonds registered as to both principal and interest, and the faith and credit of the county or municipality issuing them, shall be pledged for their payment Such bonds shall recite that they are issued pursuant to the authority of this act and of the resolution authorizing the issuance thereof, which shall be conclusive evidence of their validity, and of the regularity of their issuance

There shall be raised by taxation annually after the issuance

of any such bonds a sum sufficient to meet and pay the interest thereon, as the same accrues, and a sum to be paid into a sinking fund which will, together with the accumulations thereof, provide a fund sufficient to meet and pay the principal of said bonds at maturity, *provided, however,* that if such bonds be so issued that they are payable in annual installments substantially equal in amount, the first of which installments shall be payable in two years from the date of such bonds and the last installment to be payable within thirty years from such date, the board or body authorizing such bonds, in lieu of providing for a sinking fund to meet the principal of said bonds shall cause to be raised by taxation in each year in which an installment of principal shall be payable an amount sufficient to meet the said installment, in addition to the annual tax during the life of the bonds to provide for the payment of the interest accruing thereon

A message was received from the Governor, by the hands of his secretary, Mr Tumulty, at 11 38 A M, and was read by the Clerk as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 19th, 1912

To the House of Assembly

I take the liberty of returning, without my signature, Assembly Bill No 80, entitled "An act to amend an act entitled 'An act to provide for the better security of life and limb in cases of fire in hotels and other buildings', passed March twenty-fourth, one thousand eight hundred and ninety-nine"

This bill seeks to amend the act of 1899 by leaving out the words "or upon any lodging house, tenement house or any building in which rooms or floors are let to numerous families"

No doubt tenement houses are sufficiently provided for in the matter of safety in the various statutes relating directly to the

safeguarding of life in them, but it seems to me a very serious thing indeed to omit from the protection provided by the act of 1899 for lodging houses and buildings in which rooms or floors are let to numerous families, but which do not happen to fall under the tenement house acts I think that it would be a very serious thing to subtract in any degree from the safeguards provided by law in the case of crowded buildings of any kind, and therefore do not feel that I can sign the bill now returned

Respectfully,

WOODROW WILSON,

Governor

Mr Watson offered the following resolution, which was read and, on motion, adopted

WHEREAS, Assembly Bill No 80 passed this House and the Senate, and on the 13th day of March, 1912, was returned by the Senate to this House after its concurrence, and on the 13th day of March, 1912, was duly presented to the Governor, authenticated in the usual manner of passed bills, and whereas, this House was in session on the 18th and 19th days of March, 1912, and on the latter date from — A M to 4 30 P M without intermission, except for a recess from 1 P M to 2 30 P M, and said bill was not returned to the Assembly by the Governor until this, the twentieth day of March, 1912, and not within the five days provided by Article V, paragraph 7, of the State Constitution,

Now, therefore, be it resolved, That the Attorney-General be requested to advise this House at his earliest convenience whether said bill has not now become a law, and that in the meantime the entering of the Governor's objections to said bill be postponed until the receipt of the Attorney-General's opinion

Mr Pikaart moved that the reading of the minutes be dispensed with

STATE OF NEW JERSEY,
OFFICE OF THE ATTORNEY-GENERAL,
TRENTON, N J, March 20th, 1912

Hon Thomas F McCran, Speaker of the House of Assembly, Trenton, New Jersey

DEAR SIR—I am complying with the request of the House of Assembly as expressed in the resolution communicated to me under date of March 20th, 1912, with reference to Assembly Bill No 80 As stated in the resolution communicated to me, the pertinent facts with relation to this bill are, that after passage by the House and the Senate, it was presented to the Governor on the 13th day of March, 1912, and was returned by the Governor on the morning of March 20th, with objections With reference to this situation I am requested to advise the House of Assembly whether said bill has not now become a law by reason of the fact that it was not returned to the House in which it

originated within five days after it was delivered to the Executive

The constitutional provision applicable to the question is as follows

"If any bills shall not be returned by the Governor within five days, Sunday excepted, after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the Legislature by their adjournment prevent its return, in which case it shall not be a law"

The five days, therefore, contemplated by this constitutional provision expired Tuesday, the 19th, on which day the House of Assembly adjourned at 4 30 P M I am informed that after the adjournment of the House at this time on this date an effort was made to return the bill in question by the Executive, with his objections, but the House having adjourned, his messenger was unable to find any officer of the House who would accept the same It is quite clear that the five days mentioned in the constitution refer to five days of twenty-four hours each, as the same ordinarily run The five-day period, therefore, would not have expired before midnight of the 19th, and if the Legislature had been in session up until midnight of the 19th and no effort was made to return the bill prior to the expiration of that time, the provision of the Constitution would have operated and the bill would have become a law An effort having been made, however, to return the bill to the Assembly prior to midnight of the 19th, and failing by reason of the adjournment of the Assembly, the constitutional provision did not operate, and delivery upon the morning of the 20th, the next succeeding opportunity when the Assembly was in session, was, in my judgment, a proper return of the bill within the constitutional provision

I am of opinion, therefore, that the said bill did not become a law by reason of not having been returned to the Assembly within five days after its delivery to the Executive, because such return was attempted within the proper period and failed by reason of the adjournment of the Assembly

Very truly yours,

NELSON B GASKILL,
Assistant Attorney-General

On motion of Mr Pikaart, the House took a recess until 2 45 o'clock P M

AFTERNOON SESSION

At 2 45 o'clock P M , the House reconvened

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 21st, 1912

To the House of Assembly

I take the liberty of returning without my signature Assembly Bill No 76, entitled "An act to amend an act entitled "A supplement to an act entitled "An act concerning cities of the first class in this State, constituting municipal boards of excise commissioners therein and defining the powers and duties of such boards, and relating to the municipal affairs and departments of such cities placed under the control and management of such

boards, and providing for the maintenance of the same,"' approved April eighth, one thousand nine hundred and three, approved March twentieth, one thousand nine hundred and four"

This act is special in its object It follows no principle It is meant to authorize an increase in the compensation of a very small class of officials It belongs to that class of bills of which the taxpayers of the State are becoming justly critical and jealous One by one, act after act of the Legislature picks out this, that and the other class of officials, large or small, and opens the door for an increase in their salaries at the very time when it is admitted that the taxpayers of municipalities are groaning under a heavier and heavier burden of taxation

If some systematic legislation regarding the control of salaries by the governing authorities of our municipalities were attempted, it would attract universal attention and pass under common scrutiny But these acts, which take the matter item by item, are too apt to escape general public examination Piece by piece restraint is taken off Item by item the expense bills of the cities are enlarged I think that it is the duty of all concerned to see that this process is checked

Respectfully,

WOODROW WILSON,
Governor

A message was received from the Governor by the hands of his Secretary, which was read and ordered spread in full upon the minutes, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 21, 1912

To the House of Assembly,

I take the liberty of returnig without my signature Assembly Bill No 425, entitled "An act providing for the appointment of police justices in villages in this State, and fixing the term thereof"

Upon inquiry, I find that this act applies to police justices in only a single locality The objection of the passage of this act at this particular time is open to misconstruction, and I would urge upon the Legislature the propriety of providing for the selection of all officers of this class upon some common system

and classification, so that no legislation of this kind could be open to the objection of limited and special application

Respectfully,

WOODROW WILSON,

Governor

The motion of Mr Pikaart was adopted

Mr Whyte, G W, Chairman of the Committee on Judiciary, reported the following Assembly concurrent resolution adversely

WHEREAS, It is evident that in consequence of the many strikes that now exist, and are threatened in the coal regions of Pennsylvania, the same degree of suffering will be endured by the people of the Eastern States that was brought about by the strike of the coal miners in Pennsylvania in nineteen hundred and two, and

WHEREAS, Before the strike in nineteen hundred and two took place, the retail price of coal for domestic use was far below the present retail price, and

WHEREAS, In the settlement of the coal strike of nineteen hundred and two the so-called mine operatives granted a slight advance in the wages of the employees in the mines, but raised the price of coal to an unprecedented figure, and has since main-

tained such high price without any warrant or reason therefor, and

WHEREAS, It is reported in the public press that the reason for the threatened strikes is the demands of the employees for advanced wages, and it is further reported that the mine owners have determined to resist the demands of the said employees and permit the strike to be carried on, and

WHEREAS, Should such course be permitted, in the light of the former strike and the suffering and unprecedented high prices which followed, the consumer will ultimately bear the burden and expense of such strike, and

WHEREAS, The coal producers are protected in such manner by the present tariff laws that competition is impossible, and the present high prices of coal to the consumer and the independent attitude of the mine operatives are possible only by reason of the present iniquitous tariff laws covering coal, therefore

BE IT RESOLVED, *by the House of Assembly of New Jersey*, That the Congress now in session be urged to repeal the present law fixing the tariff on coal, and that foreign coal be placed upon the free list

Mr Whyte, G W, moved that the adverse report of the Committee on Judiciary be concurred in,

A message was received from the Senate, by the hands of its Secretary, as follows

STATE OF NEW JERSEY,
SENATE CHAMBER,
Mr Speaker March 26th, 1912

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following resolutions

Resolved (the House of Assembly concurring), That the House of Assembly return to the Senate Assembly Bill No 344, for further consideration,

Resolved, That the House of Assembly be requested to return to the Senate for further consideration Assembly Bill No 202,

In which the concurrence of the House of Assembly is requested

FRANCIS B DAVIS,
Secretary of the Senate

The Senate message was taken up, and the House concurred in the resolution concerning Assembly Bill No 344

The following messages were received from the Governor, by the hands of his Secretary, and were read by the Clerk and ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly March 25th, 1912

I take the liberty of returning, without my signature, Assembly Bill No 218, entitled "An act to authorize the board of chosen freeholders of any county in this State to acquire, improve and maintain roads lying within the corporate limits of any of the municipalities of said county, except cities, to authorize the straightening, widening, changing of location of and vacation of any such road so acquired, and to authorize the acquiring by gift, grant, or purchase or condemnation of lands necessary therefor"

This is a very dangerous and objectionable piece of legislation It not only gives unprecedented powers to boards of freeholders in respect of establishing systems of county roads, but it eliminates all of the protective and prudent provisions of the existing road laws which were designed to prevent extravagance and dishonesty in the expenditure of public moneys

Under this bill a board of freeholders may at any time, without any public notice of their intention to do so, and by a mere majority of a quorum of their number, vote to establish a system of county roads, and thereafter by a similar vote, determine to improve the same and to bind the people of the county to financial

obligations to the extent of one-quarter of one per cent of the ratables of the county each year

Under the existing law the State Road Comissioner is required not only to approve the road improvement program of the board of freeholders, but every contract for such improvements must be submitted for his approval This bill abolishes that requirement

Under the existing law, the contractor bidding for public work of this sort must make a substantial deposit by certified check or otherwise as an evidence of his good faith and responsibility. This bill eliminates that requirement

Under the existing law a contractor is required to give bond in an amount equal to the amount of his contract Under this bill it is provided merely that he must furnish such security as is deemed satisfactory by the freeholders

Under the existing law a contractor is required to allow five per cent of the contract price to be retained by the county for one year after the completion of his work to guarantee maintenance and repairs No such guarantee is required under this bill

Moreover, it so reduces advertisement for bids as almost to eliminate it Taken altogether, these objections seem to me overwhelming

Respectfully,

WOODROW WILSON,

Governor

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 25th, 1912

To the House of Assembly

I take the liberty of returning, without my signature, Assembly Bill No 283, entitled "An act to amend an act entitled 'A supplement to an act entitled "An act regulating the employment, tenure and discharge of certain officers and employes of this State and of the various counties and municipalities thereof, and providing for a Civil Service Commission and defining its powers and duties," approved April tenth, one thousand nine hundred and eight,' approved April seventh, one thousand nine hundred and ten"

Where, as in the case of the Commissioner of Labor, additional duties of an extensive and onerous sort have recently been imposed upon a public officer, it seems to me to be clearly justifiable to increase the salary which he is to receive But there are no such reasons for the increased salary proposed in this bill, and I feel that it is not improper for me to call the attention of the

Legislature to the very numerous increases of salary which have been proposed during this session, either in the case of officials of the State itself, or in the case of officials of localities Extravagance becomes so easy when indulged in item by item that I feel justified in urging my objections to a bill like this very earnestly and very seriously

Respectfully,
WOODROW WILSON,
Governor

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly March 26th, 1912

I take the liberty of returning, without my signature, Assembly Bill No 166, entitled "A supplement to an act entitled 'An act providing for the formation, establishment and government of towns,' approved March seventh, one thousand eight hundred and ninety-five, providing for the licensing and regulating of pool and billiard rooms and of persons conducting the same"

This bill seems to me to involve a clearly unreasonable, because excessive, exercise of public power The licensing and regulation of pool and billiard rooms is no doubt in the interest of public order and morality, but to give the governing authorities of towns the right to regulate prices to be charged by the promoters or keepers of such places for the amusements they offer, seems to me to be entering upon a field of public regulation which is without definable limit, and a questionable invasion of private right

Respectfully,
WOODROW WILSON,
Governor

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly March 26th, 1912

I take the liberty of returning, without my signature, Assembly Bill No 522, entitled "An act to provide for the purchase of lithographic stones or half-tone plates of the coat-of-arms of the State of New Jersey, and for the printing of two thousand five hundred copies of the said coat-of-arms in original colors"

The bill provides for the purchase of lithographic stones or half-tone plates of the coat-of-arms of the State of New Jersey, and for the printing of twenty-five thousand copies of the coat-of-arms in original colors at an expense of fifteen hundred

dollars The bill does not state why this printing should be done, to whom the copies are to be distributed, or state any object justifying the expense

Respectfully,
WOODROW WILSON,
Governor

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly March 26th, 1912

I take the liberty of returning, without my signature, Assembly Bill No 261, entitled "An act to regulate the location by municipalities of this State without their territorial limits, of sewage receptacles or sewage disposal works, or stations or plants for the treatment or rendering or disposal of sewage"

A very careful consideration of this bill convinces me that it is based upon a most unsafe and unscientific principle The question of sewage affects whole regions of the State It cannot be dealt with community by community without regard to the topography of the country, the method and closeness of its settlement, or the natural facilities for disposing of sewage Political divisions are in no sense natural divisions when this most difficult matter is to be handled To adopt the principle of this bill would be to embarrass engineering undertakings connected with the public health in the most serious way, and in some instances might render them impossible

Any careful consideration of the great urban areas of the northern part of the State will convince a careful student of this subject that those areas must be studied as wholes and dealt with as wholes, and that it is not safe to put the settlement of neighborhood questions with regard to drainage in the hands of any authorities having a smaller jurisdiction than that of the State itself

It would seem that the present powers of the State Board of Health are sufficient to safeguard the several political divisions of the State against the deleterious influences resulting from sewage disposal within their limits, and if the Board has not now powers sufficiently comprehensive to accomplish this object, such powers should certainly be conferred upon it, rather than allow questions of drainage to be settled by neighborhood preferences and jealousies, instead of by the scientific rules of sanitary engineering, I think the establishment of the principle involved in this bill would be a most unsafe experiment

Respectfully,
WOODROW WILSON,
Governor

STATE OF NEW JERSEY,

I take the liberty of returning, without my signature, Assembly Bill No 536, entitled "An act to provide for the abandonment of speedways in counties of this State and to provide for the disposition and use of the roads theretofore used as such speedways"

The title of the act speaks of the "abandonment" of speedways in certain counties in this State, but the body of the bill makes no provision or mention of abandonment The discrepancy between the title and the body of the bill would seem to be so serious as to make it my duty to return it

Respectfully,

Substitute for Assembly committee substitute for Senate No 14

An Act to amend an act entitled "An Act concerning public utilities, to create a Board of Public Utility Commissioners and to prescribe its duties and powers," approved April twenty-first, one thousand nine hundred and eleven, concerning the safeguarding and removal of railroad crossings of highways and the payment of the cost thereof

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*

1 The act to which this is an amendment is hereby amended by adding thereto, after section twenty-two thereof, new sections as follows

22-a The governing body of any municipality within which a highway crosses or is crossed by a railroad, or any railroad company whose road crosses or is crossed by a highway, may bring its petition in writing to the Board, alleging that public safety requires an alteration in such crossing, its approaches, the location of the highway or crossing, the removal of obstructions to the sight, or the substitution of a crossing not at grade, and praying that the same may be ordered, whereupon the Board shall appoint a time and place for hearing the petition, and shall give such notice thereof as it deems reasonable to persons and parties in interest, and after such hearing, shall determine and order what alterations, changes or removals, if any, are required by public safety and to avoid menace to life, and by whom the same shall be made, and shall pass upon and approve the plans therefor, and said Board may likewise make such determination and order upon its own initiative without petition, after like notice and hearing The entire expense of the alterations, changes or removals, including all damages to which any property owner may be legally entitled, shall be borne and paid by the railroad company, the municipality and the State in such proportions as the Board may determine and order, the railroad company, however, in no case to pay less than sixty-five per centum of the same, *provided,* that in case where a street railroad company occupies the highway, where such alterations, changes or removals are ordered, the street railway company, by order of the Board, shall be required to pay a part not exceeding ten per centum of the expense of such alterations, changes

or removals at the crossing so occupied, *and provided further,* that whenever in case of the abolition of any grade crossing used by a street railway company it shall be found necessary to change the lines, grade or location of one or more other highways or crossings not used by a street railroad company, or to substitute one or more other crossings not at grade for such other highways or crossings not used by a street railway company, the proportion of the cost of the entire work directly chargeable to the crossing used by the street railway company shall be ascertained, and such street railway company shall be required to pay a sum not exceeding ten per centum of such proportion of such cost The alterations to be made in highways may include the changing of the grades of highways crossed by a railroad, or highways intersecting such highways, or highways in the neighborhood thereof affected by the change, the widening, narrowing or changing the lines and directions of highways, the abolishment and closing of highways or parts thereof, the converting of two or more highways into one, the building of bridges, culverts or passageways over the same, or under or over the same, the laying out and construction of new or substituted highways and all other changes that may be deemed needful, to accomplish the purpose of abolishing railroad grade crossings, or to render them more safe and convenient Where such proposed alterations, changes or removals shall interefere with existing poles and wires, pipes and conduits for telephone, telegraph, lighting, heating and power purposes, or for conveying water, gas, oil or other thing, the owners thereof shall have notice of such hearings, and upon the ordering of the alterations, changes or removals, shall at their own expense within such time after notice as the Board may prescribe change the grade and location thereof to such grade and location as the Board shall by its orders require The said Board shall cause the said changes to proceed gradually, and as far as practicable, in the order necessary to secure public safety and avoid menace to life, and as rapidly as the expense involved therein shall reasonably permit

22-b Whenever, hereafter, a new railroad is to be constructed across any existing highway, the plans for the same shall, in every case, be first approved by the Board of Public Utility Commissioners, and the expense of crossing said highway by said railroad, above or below the grade of the highway, shall be paid entirely by the railroad company or companies making said crossing Whenever, hereafter, a municipality shall find it necessary to construct a new street, avenue, or highway across any

existing railroad at, above or under the grade of said railroad, the plans for the same shall first be approved by the said State Board of Public Utility Commissioners, and the expense of such crossing, if the same be under or over the existing grade, shall be apportioned by the said Board in such amounts and proportion as it shall deem equitable between the railroad corporation and the municipal corporation wherein such street, avenue or highway is located, except that in no event shall the proportion of expense to be paid by the railroad be less than fifty per centum of the cost of such crossing, *and provided further,* that it shall be lawful for the said Board, in its discretion, after determining the proportion of such expense, which shall be borne by the railroad corporation, to order that a portion of the remainder of said expense, to be determined by said Board, shall be borne by the State or by the county in which said municipality is situated Neither this nor the preceding section hereof, however, shall be construed to impair any remedy now existing in favor of any person or municipality or any duty or obligation imposed or right conferred upon any railroad company by its charter

2 This act shall take effect immediately

Which motion was adopted

Strike out section five (5) and insert in lieu thereof the following

5 Section sixty-one of the act to which this is an amendment shall be and the same is hereby amended so as to read as follows

61 The following method of voting shall be observed Each voter shall first give his full name and address to the member of the election board having charge of the poll-book, and in municipalities requiring personal registration shall sign his name therein, and said member of said election board, having ascertained that said voter is registered as a qualified voter, shall place in front of each name as they appear the consecutive poll number of each voter Thereupon the member of the board having charge of the ballots shall hand to the voter one official ballot, numbered to correspond with the poll number of the voter, allowing for spoiled ballots, if any, and at the same time shall call off said ballot number to the member having charge of the poll book, who shall make certain that the ballot number and poll number agree, allowing for spoiled ballots, if any The officer having charge of the ballots shall fold the ballot before handing it to the voter, so that no part of the face of the ballot is observable, and leaving the face of the coupon exposed No ballots shall be kept in the booth The voter shall thereupon retire into the polling booth, unless physically unable to do so, he shall indicate his choice among the candidates for the offices in question by making a cross × in black ink or black pencil opposite the name of each candidate for whom he desires to vote in the space or square indicated upon the ballot for that purpose, or by writing or pasting the name of any other person and making a cross in the square at the [right] left The voter may vote for an entire group of candidates for Presidential electors by making a cross in the space or square at the [right] left of the surnames of the candidates for President and Vice-President for whom he desires to vote [Party or political designation immediately above each group] If a voter does not desire to vote for all the Presidential electors of the same party he must not mark a cross × in the space or square at the left of the surnames of the candidates for President and Vice-President, he must mark a cross × in the space or square at the left of the name of each candidate for Presidential elector for whom he desires to vote If a voter mark a cross ×

in the space or square at the left of the surname of any candidates for President or Vice-President of the United States and also mark a cross × in some of the spaces or squares at the left of the name of candidates for Presidential electors, not exceeding the number to be elected, it shall count as a vote for all the candidates for Presidential electors nominated by the party represented by said candidates for President and Vice-President of the United States

Before leaving the booth the voter shall fold his ballot, so that no part of the face of the ballot shall be visible, and so as to display the face of the numbered coupon, and shall hand the ballot with the coupon undetached, to the member of the election board having charge of the ballot-box, which member shall call off the number of the ballot and the name of the voter If the name and number agree with the record in the poll-book, the election officer having charge of the poll-book shall so announce and place a checkmark opposite the poll number to indicate that the person shown thereon as receiving that ballot has voted, the member of the board having charge of the registry list shall check the name of the voter thereon, and write in front thereof the number of such voter's ballot, and thereupon the member of the board having charge of the ballot-box, without displaying any part of the face of the ballot, shall remove the coupon from the top of the ballot, and place the ballot in the box and the coupon on a file string The member of the board having charge of the ballot-box shall keep the ballot in full view of the voter and the other election officers until it is deposited, and the voter may take hold thereof, with the member of the board having charge of the ballot-box, until it is actually deposited No official ballots (other than official sample ballots) shall be distributed outside the polling place When one ballot-box is filled with ballots, the board shall seal the same and provide another No envelope shall be used for enclosing the ballots on election day Said coupons and all spoiled and unused ballots shall be placed inside the ballot-boxes and returned to the municipal clerk therewith

Add a section at end of section five (5), to be known as section six (6), and to read as follows

6 Section forty (40) of the act to which this is an amendment shall be and the same is hereby amended so as to read as follows

40 The ballots to be used at primary elections held pursuant to this act and to the act to which this act is a supplement, and

the supplements to and amendments of said act, shall be made up and printed substantially in the following form

Each ballot shall have at the top thereof a coupon at least two inches square extending above a perforated line The coupon shall be numbered for each of said political parties, respectively, from one consecutively to the number of ballots delivered and received by the election officers of the respective polling places Upon the coupon and above the perforated line shall be the words "To be torn off by the judge of election Fold to this line" Below the perforated line shall be printed the words "Democratic Primary Ticket" or "Republican Primary Ticket," or, as the case may be, naming the proper political party, as provided in this act, next there shall be printed the name of the municipality and number of the ward and election district in which the ballot is to be voted, and the date of the primary election and the name of the municipal clerk, which name shall be a facsimile of the signature of the said clerk Next shall be printed directions instructing the voter how to indicate his choice for each office or position, and for how many persons to vote, as, for instance, "Mark a cross × in the square at the left of the name of the person for whom you wish to vote," "Vote for one," "Vote for two," or a greater number, as the case may be The names of all candidates for the same office shall be printed in alphabetical order under the several designations of the office to be voted for, unless grouped as provided in section thirty-five of this act A single light-faced rule shall be used to separate the different names in each group of candidates A heavy-faced rule shall be used between each group of candidates for different offices The designation named by candidates in their petitions for nomination, as provided by law, shall be printed in a second column in as large type as the space will allow At the left and opposite the name of each candidate for office, or for the position of delegate, shall be printed a square, at least one-quarter of an inch square, in which the voter is to indicate his choice The following is an illustration of the said form of ballot

Assembly Bill No 677, entitled "An act to authorize a transfer of the title to speedways in any county of this State to the park commission of such county, and to provide for subsequent maintenance and use thereof,"

Assembly Bill No 678, entitled "An act to defray the incidental expenses of the Legislature of New Jersey for the session of one thousand nine hundred and twelve,"

Assembly Bill No 272, entitled "An act relating to, regulating and providing for the government of cities,"

Assembly Bill No 648, entitled "An act to provide for the assessment of taxes in boroughs of this State having property exceeding in assessed valuation the sum of three million dollars,"

Assembly Bill No 83, entitled "An act to amend an act entitled 'An act concerning District Courts (Revision of 1898),'" approved June fourteenth, one thousand eight hundred and ninety-eight,

Assembly Bill No 578, entitled "An act to authorize cities of the first class in this State to erect and acquire new or additional market buildings and market facilities, and to acquire lands therefor by purchase or condemnation,"

Assembly Bill No 675, entitled "An act to require physicians to report certain human ailments and diseases to the State Board of Health and providing penalties for its violation,"

With Senate amendments,

Assembly Bill No 422, entitled "An act to authorize the appointment of a process server in counties of this State,"

With Senate amendments,

Assembly Bill No 291, entitled "An act to authorize boards of chosen freeholders to lay out, open, widen, straighten, alter, change the grade or location of, or otherwise improve any public highway under their control, and for that purpose to acquire lands by gift, purchase or condemnation, and to vacate any part of said public highway that may be rendered unnecessary for public travel by the widening, straightening, altering or changing of location of said public highway or any part thereof," approved April thirteenth, nineteen hundred and eight,

And

Assembly Bill No 608, entitled "An act relating to condemnation of toll or turnpike roads, and payment for the same, and for the repair, improvement and maintenance thereof,"

As having been delivered to the Governor on March 29th, 1912

Mr Whyte, G W, offered the following resolution, which was read and adopted

Resolved, That in accordance with a concurrent resolution adopted by the Senate, on March 29th, 1912, and concurred in by this House on March 29th, 1912, the House of Assembly now take a recess until April 10th, 1912, at 5 o'clock, P M, on said day

WEDNESDAY, April 10th, 1912

House met at 5 o'clock P M

Prayer was offered by the Rev Ralph E Urban, pastor of All Souls' Church, Trenton, New Jersey

Upon the calling of the roll, the following gentlemen answered to their names

Messrs Adams, Anderson, Babcock, Birch, Branegan, Brensinger, Carhart, Coles, Davidson, De Unger, Donnelly, Egan, Ford, Geran Gill, Godfrey, Griffin, Groves, Hennessy, Hildreth, Holcombe, Holloway, James Kirkpatrick, Laffferty, Linnenkohl, Lowy, Martin, McAllister, McCran (Speaker), Meyer, Mitchell, Murray, Ogden, Otto, Pikaart, Prout, Radcliffe, Richards, Simpson, Smick, Smith, Stagg, Steuerwald, Stevens, Stickel, Ten Broeck, Thein, Vermeulen, Watson, Weart, Weigel, White B H, Whyte G W, Willis—55

Absent—

Messrs Agnew, Beard, Newman, Streitwolf, Taylor—5

On motion of Mr Whyte, G W, the reading of the minutes was dispensed with

Mr Whyte G W, offered the following resolution, which was read and adopted

Resolved, That a committee of three be appointed forthwith by the Speaker to wait upon the Governor and inform him that the House of Assembly is in session and ready to receive any communication he may be pleased to make

In pursuance of the above resolution the Speaker appointed the following committee Mr Radcliffe, of Passaic, Mr De Unger, of Camden, Mr Holloway, of Essex

The following message was received from the Governor by the hands of his Secretary, was read and, on motion of Mr Whyte, G W, ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly April 2d, 1912

I take the liberty of returning, without my signature, Assembly Bill No 31, entitled "An act to amend an act entitled 'An act concerning District Courts (Revision of 1898),' approved April fourteenth, one thousand eight hundred and ninety-eight,"

It seems to me a very dangerous departure from established practice to authorize all clerks of courts to enter judgment by default Surely this is a power which should be exercised by the judge alone The bill, moreover, is somewhat loosely drawn and might be of doubtful interpretation

Respectfully,

WOODROW WILSON,
Governor

The following message was received from the Governor by the hands of his Secretary, was read and, on motion of Mr Whyte, G W, ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly April 2d, 1912

I take the liberty of returning, without my signature, Assembly Bill No 115, entitled "An act to amend an act entitled 'A supplement to an act to regulate elections (Revision of 1898),' approved April fourth, one thousand eight hundred and ninety-eight, which supplement was approved April nineteenth, one thousand nine hundred and eleven"

This bill removes one of the safeguards thrown around the election and polling lists by the Legislature of last year It seems to me unwise and imprudent to remove any of these safeguards

Respectfully,

WOODROW WILSON,
Governor

The following message was received from the Governor by the hands of his Secretary, was read and, on motion of Mr Whyte, G W, ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly April 2d, 1912

I take the liberty of returning, without my signature, Assembly Bill No 272, entitled "An act relating to, regulating and providing for the government of cities of the second class"

This is a bill for the government of cities of the second class, which has the distinction of conforming with none of the best considered ideas with regard to the reformation of our city government Responsibility is divided by this act in such a way as to make it impossible for the voters to alter the personnel of the government or get at the root of any evils that may arise at a less cost than the patience of three years' waiting, and the effort of three distinct elections It provides that the council, the mayor, the comptroller, the treasurer, and the tax receiver shall all be elected, but for different periods, ranging from two to three years Moreover, it reduces the opportunity for a referendum upon matters connected with the bonded indebtedness of the city, and so again removes the government just so much further away from the people and the public opinion which control it

It sets up, in short, one of those hide-and-seek governments in which responsibility is centered nowhere, and in which popular control can hardly be obtained, except by the most elaborate and intricate political action It is in no sense a step forward in the reorganization of city government

Respectfully,
WOODROW WILSON,
Governor

The following message was received from the Governor by the hands of his Secretary, was read by the Clerk and, on motion of Mr Whyte, G W , ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly March 30th, 1912

I take the liberty of returning, without my signature, Assembly Bill No 273, entitled "A supplement to an act entitled 'An act for the maintenance, treatment and support of indigent

patients suffering from locomotor ataxia, chronic rheumatism, paralysis, and other similar incurable diseases, inhabitants of this State,' approved April tenth, anno domini nineteen hundred and eleven"

This bill seeks to set up an elaborate and expensive method of inquiry, and then to leave the determination of the question of who shall benefit by its provisions entirely to the judgment of the Commissioner of Charities and Corrections, thus rendering the inquiry and the expense it involves unnecessary and empty of all force and conclusiveness, and burdening the courts with a process which is without authority This elaborate process quite overshadows the main object of the bill itself

Respectfully,
WOODROW WILSON,
Governor

The following message was received from the Governor by the hands of his Secretary, was read by the Clerk and, on motion of Mr Whyte, G W, ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly March 30th 1912

I take the liberty of returning, without my signature, Assembly Bill No 275, entitled "An act to amend an act entitled 'An act to regulate elections,' approved April fourth, one thousand eight hundred and ninety-eight"

I must very strongly urge that this bill unreasonably and unnecessarily extends the time to file certificates of nomination

Respectfully,
WOODROW WILSON,
Governor

The following message was received from the Governor by the hands of his Secretary, was read and, on motion of Mr Whyte, G W, ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly April 2d, 1912

I take the liberty of returning, without my signature, Assembly Bill No 313, entitled "An act to authorize the formation of toll bridge companies and to regulate the same"

I am well aware that at least in one particular instance it seems to be impossible to supply a bridge which would constitute a very necessary link in one of the highways of the State unless private capital is to be invited to make the investment, by being allowed to charge tolls upon the bridge, and I hesitate very much to stand in the way of this particular necessity, but, unhappily, the bill necessarily runs in general terms It opens the door for the creation of what the State has long tried to get rid of, namely, toll companies having the right to charge tolls upon certain portions of the highways of the Commonwealth, and I do not feel that either public policy or public opinion sustain the policy of such an act Respectfully,

WOODROW WILSON,
Governor

The following message was received from the Governor by the hands of his Secretary, was read and, on motion of Mr Whyte, G W, ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly April 2d, 1912

I take the liberty of returning, without my signature, Assembly Bill No 309, entitled "A further supplement to an act entitled 'An act relating to courts having criminal jurisdiction and regulating proceedings in criminal cases (Revision of 1898),' approved June fourteenth, one thousand eight hundred and ninety-eight"

This act would practically place the release of prisoners under the political control of the board of inspectors It takes away from the judges the very wise and necessary discretion now exercised by them in sentencing convicts It, moreover, cuts down all sentences to the State Prison made before the act of 1911 by one-half, thus giving to the offenders affected by this provision a peculiar advantage over all others, and an advantage which is clearly unfair

Respectfully,
WOODROW WILSON,
Governor

The following unsigned communication was received from the Governor by the hands of his Secretary, was read by the Clerk

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly April 2d 1912

I take the liberty of returning, without my signature, Assembly Bill No 323, entitled "An act relating to soldiers, sailors and marines honorably discharged from State service"

This act practically gives perpetual terms of public office to National Guardsmen, members of the Naval Reserve, and others who have served for only twenty years There can be no sufficient justification of public policy for this

Respectfully,

Governor

Mr Whyte, G W, moved that the communication be returned to the Governor for his signature

Which motion was withdrawn

The following message was received from the Governor by the hands of his Secretary, was read and, on motion of Mr Whyte, G W, ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly April 2d, 1912

I take the liberty of returning, without my signature, Assembly Bill No 344, entitled "A further supplement to an act entitled 'An act to regulate the sale of spirituous, vinous, malt and brewed liquors, and to repeal an act entitled "An act to regulate the sale of intoxicating and brewed liquors," passed March seventh, one thousand eight hundred and eighty-eight, approved March twentieth, one thousand eight hundred and eighty-nine'"

There is a very strong argument for the range proposed in this bill, in the fact that the policy of the federal government in respect of interstate commerce permits liquor dealers outside of the State to deliver their wares at pleasure inside of the State, thus unquestionably working a hardship upon their competitors within the State, but it does not seem to me a mistaken and hurt-

ful federal policy justifies an imitation of that policy by the State itself It seems to me imperative upon the principle of self-government to preserve the integrity and autonomy of the several licensing districts and that that autonomy is seriously impaired by this act

Respectfully,

WOODROW WILSON,

Governor

The following message was received from the Governor by the hands of his Secretary, was read on, and, on motion of Mr Whyte, G W , ordered spread in full upon the minutes

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

I take the liberty of returning, without my signature, Assembly Bill No 389, entitled "An act to amend an act entitled 'A supplement to an act entitled "An act to provide for the appointment of police justices in cities of the first class," passed May eighteenth, one thousand eight hundred and ninety-four,' which said supplement was approved March twenty-second, one thousand eight hundred and ninety-five "

I feel constrained to return this bill because it is one of a very large number of bills which have come to my table providing for increases of salaries without any sufficient justifying reason appearing for the increase I feel it my duty to call the attention of the Legislature in this way, to what I know is disturbing the people of the State very seriously

I take the liberty of returning, without my signature, Assembly Bill No 410, entitled "An act to amend an act entitled 'An act

The provisions of this bill are clearly nullified by the Senate amendment which constitutes the concluding proviso of the measure

I take the liberty of returning, without my signature, Assembly Bill No 449, entitled "A supplement to an act entitled 'An act concerning turnpikes and to regulate the toll for automobiles and other motor vehicles on the same,' approved April seventh, one thousand nine hundred and five"

The present law, which is to be found in the Compiled Statutes of the State, Volume IV, page 5684, paragraph 37, sought to reduce tollgate charges on automobiles, but by this bill the effect of that act is set aside as to certain turnpike companies I cannot see any sufficient reason or public policy for showing this particular favor by way of exemption

To the House of Assembly April 2d, 1912

I take the liberty of returning, without my signature, Assembly Bill No 525, entitled "An act relating to the care and maintenance of streets and highways in cities of the first class in this State"

This is an act making certain appropriations for the care of streets in cities of the first class mandatory upon the finance authorities of the city There have been many acts of this kind, but that does not justify an addition to their number A multiplication of them would absolutely destroy the purpose and authority of the bodies intended to exercise financial control in our great cities, and I do not think that this can be the deliberate purpose of the Legislature

I take the liberty of returning, without my signature, Assembly Bill No 535, entitled "An act to amend an act entitled 'An act to regulate elections (Revision of 1898),' approved April fourth, one thousand eight hundred and ninety-eight"

This bill strikes at the very heart of what was sought by the election legislation of last winter It virtually prevents independent nominations within the ranks of the two chief political parties

I take the liberty of returning, without my signature, Assembly Bill No 552, entitled "An Act concerning cemetery companies and associations, and to validate and confirm leases and grants heretofore or hereafter made by the State to such companies and associations for land lying under water within this State"

This bill goes much beyond its immediate and legitimate purpose It incidentally extends without limitation the uses to which cemetery companies and associations, or at any rate the particular cemetery company meant to be affected, can put their landed property It thus seeks to create commercial values which do not now exist, and to create them under the guise of a mere validation of title

I feel constrained to return this bill because it is one of a very large number of bills which have come to my table providing for increases of salaries without any sufficient justifying reason appearing for the increase I feel it my duty to call the attention of the Legislature, in this way, to what I know is disturbing the people of the State very seriously.

I take the liberty of returning, without my signature, Assembly Bill No 582, entitled "An act fixing the compensation of directors

of boards of chosen freeholders in counties of the first class in this State"

This is one of the large number of bills affecting a specific increase of salary I think that the general opinion of the State condemns acts of this sort as not only of questionable policy, but as clearly operating against local rights of self-government

This bill is clearly unnecessary It seeks to revise the original election statute to meet changed conditions by reason of the recent extension of the direct primary to the selection of all candidates, but subsequent revision has covered all the matters sought to be revised

It seems extraordinary by statute to provide that vacancies in municipal boards of street and water commissioners would be filled, except at the stated intervals of the regular elections In the case of several vacancies occurring this might have very serious results

If this bill merely authorized a larger expenditure for the purpose of the very extensive and important improvements begun and contemplated in the city of Newark, there could be no valid objection to it, but it does much more than that It very greatly and vaguely extends the power of acquiring the meadow lands and does not restrict the purpose of the acquisition of the use

contemplated in the original act Neither does it authorize any process of condemnation It would practically put the city at the mercy of those who now own the meadow lands, because the purchases could only be made at prices they would accept

I return this bill because it seems to effect a merely arbitrary change in restrictions hitherto put upon the municipal authorities of our cities with regard to the changing of the ward lines The period of five years fixed by existing law is at least based upon the periods at which census figures are taken I do not see any sufficient justification for departing from the existing regulation

I take the liberty of returning, without my signature, Assembly Bill No 648, entitled "An act to provide for the assessment of

To the House of Assembly April 2d, 1912

I take the liberty of returning, without my signature, Assembly Bill No 678, entitled "An act to defray the incidental expenses of the Legislature of New Jersey, for the session of one thousand nine hundred and twelve"

I feel that I am assuming a very grave responsibility in returning this bill without my approval I do so only because I have not the data at hand for determining just wherein its evident extravagance lies Ever since the law of 1900 was passed, which constitutes the latest legal regulation of the official and clerical force of the Legislature—assistants, stenographers, filing clerks, door keepers, gallery keepers, and sub-assistants of every kind—have been added to the pay-roll of the Houses, until the expenditure has mounted from some $30,150, the amount required under that law, to the sum of over $67,000

I am convinced that there can be no justification for this great increase, but I am unable to pick out the items which could be omitted without embarrasing the Legislature in regard to the actual work of the session, and, therefore, I have no choice but to return the bill as a whole, without my approval, in the hope that it may be reconsidered and the unnecessary items cut out by

the Houses themselves, upon a basis which will reduce the expenditure to the real exigencies of business

I take the liberty of returning, without my signature, Assembly Joint Resolution No 11, entitled "A Joint Resolution providing for the appointment of a committee to make a further investigation and report upon the subject of the abandonment of the Morris Canal and making an appropriation for the expenses of such investigation and report"

I return this resolution, not because there seems any sufficient objection to the appointment of a new Commission of inquiry into the question of the abandonment of the Morris and Essex Canal, nor because there is any objection to the method of appointing the new Commission, but because it seems to go out of its way to utter a gratuitous and entirely unjustified criticism upon the Commission which last year fulfilled this same function, at the request of the Legislature There can surely be no excuse for embodying such criticism in a formal action of the Legislature, and I could not, with self-respect, attach my signature to such an action

So far as I can ascertain, after careful inquiry, there is apparently no real justification or necessity for the authorization of the appointment of a process server in the counties sought to be affected by this bill It, therefore, seems to create an unnecessary office and an unnecessary burden upon the taxpayers

The Speaker presented the following communication from the Mayor of the City of Patterson, New Jersey, which was read and on motion of Mr Pikaart, ordered spread in full upon the minutes, and referred to the Committee on Railroads and Canals

CITY OF PATERSON, N J,
OFFICE OF THE MAYOR,
April 10th, 1912

To the General Assembly of the State of New Jersey

GENTLEMEN—On behalf of the city of Paterson, I desire to ask your Honorable Body to pass the substitute for Senate Bill No 14, known as the grade-crossing bill, notwithstanding its disapproval by the Governor

The question of the elimination of grade crossings has agitated Paterson for a long time, and all its citizens have hoped for a speedy solution of the problem They hailed the passage of the above bill by the Senate and Assembly as the best solution of the question, and they are greatly disappointed by the Governor's action in vetoing it

I have carefully read and considered the Governor's veto and I find in it no good reason in opposition to the bill I think had the Governor given a hearing to the communities of the State that his objections to the bill would have been swept away The Governor says that the plan laid down by the bill for eliminating one grade crossing for every thirty miles of railroad is impracticable A similar provision, however, is now in operation successfully in several States This provision of the bill was copied from a Connecticut statute which has been on the books of that State for more than twenty years, and has been tested in the United States Supreme Court Connecticut, in so far as regards density of population and extent, is a State almost similar to New Jersey, and a provision of law which has operated there successfully for more than twenty years would not be impracticable in New Jersey

The Governor further says that the bill is unjust, and intimates that it may bring hopeless embarrassment upon the rail-

ways This is the claim which was made by the railroad companies at the legislative hearings, but their plea was utterly demolished before your Honorable Body It will take fifty years or more to eliminate all the grade crossings in the State under this bill Certainly, the railroads should not desire a longer time Surely the question of cost in money for eliminating their crossings should not be considered when the cost of human life through their maintenance is remembered A truth that seems to have been forgotten in this connection is that, no matter who pays the cost in the first instance, it will be finally collected from the public at large Whatever cost is paid by the railroad companies will surely be recouped by them in increased rates If any of the cost is saddled upon the various communities it must be raised by taxation In either case the general public must pay

The veto intimates that the bill works injustice to the communities, but in what way is not pointed out The fact that nearly all the communities of the State have favored this bill is a sure test that it does no community any injury The amendment which gave each community in the State the right to prevent any elimination within its boundaries is a sufficient answer to that statement

The veto further states that the bill does not forbid the creation of any new grade crossings A law passed last year gives the Utility Board full authority on this point, and such legislation is not now necessary

The veto further states that the bill does not attempt any classification of railroads already in existence It is not made clear, however, what classification should be made or why any classification is necessary Dangerous grade crossings should be eliminated wherever they exist irrespective of the character of the railroad maintaining them

The Governor quotes from the report of the Public Utility Commissioners on Grade Crossings, and intimates that the bill does not cover the matters therein set forth This is a mistake, because all the problems suggested in the report of the Utility Commission are provided for under the scheme of the present bill. The Commission is given ample power to meet all the questions therein proposed

The whole tenor of the veto seems to be to the effect that the bill is too drastic and imposes too great a burden upon the railroads Public opinion as expressed in a Paterson newspaper, which supports the Governor's policies and is opposed to the bill as passed, is to the opposite effect

Paterson has been foremost in the endeavor to secure the passage of legislation abolishing grade crossings After prolonged agitation and untiring effort on the part of our citizens to procure relief from the dangerous conditions that prevail at present, it is a great disappointment to them to learn that the Governor has disapproved the grade-crossing bill

I beg to request on behalf of our citizens that, notwithstanding the Governor's disapproval, your Honorable Body enact the measure into law

Yours very truly,

ANDREW F McBRIDE,
Mayor

The Speaker presented the following communication from the Paterson Board of Trade

BOARD OF TRADE OF PATERSON N J
April 10th 1912

GENTLEMEN —It was learned with regret by the Board of Trade of Paterson that Governor Wilson has returned, without his signature, Assembly Substitute for Senate Bill No 14, generally known throughout the State as the Pierce Grade-Crossing Bill The people of New Jersey have so long clamored for the removal of the dangerous grade crossings of the State, and which desire was so thoroughly indicated in the platforms of the Republican and Democratic parties last fall that the passing of the act by the Senate and Assembly was generally appreciated throughout the State and hailed as advanced legislation

The Board of Trade of Paterson has been a strong advocate of grade crossing separation legislation, and it regrets that after the passage of the bill that would insure mandatory relief that Governor Wilson departed from the usual course heretofore practiced by Governors of the State, to give a hearing on important legislation upon intimation that their intention was to go contrary to the action of the Legislature The Board of Trade believes it is unfortunate that the demands made on the Governor's time very recently, outside of New Jersey, made it impossible for him to arrange a hearing on this important measure, for his veto would appear to indicate that he had no time to familiarize himself with the provisions of the proposed act as he says it is unfair in a particular which it lacks, while the truth of the matter is the Public Utilities Commission already has the power which Governor Wilson says it ought to have under this bill This alludes, of course, to the establishment of new railroad grade crossings

While Governor Wilson says the bill is impracticable and vetoes it principally on this score, yet it is true that in several States there are effective laws in operation similar to the bill vetoed

Governor Wilson recognized that there is a well-grounded and imperative demand for practicable grade crossing separation legislation In face of this demand he suggests that all that is needed is an adequate enlargement of the powers of the Board of Public Utilities Commissioners, who shall push elimination as fast as possible without causing embarrassment The Board of Trade of Paterson has been interested in grade crossing elimination legislation long enough to know that actual separation is going to cause embarrassment in many ways, but it believes the embarrassment of railroad or municiaplity is small when compared to the loss of life and inconvenience caused daily by railroad grade crossings in this State

Governor Wilson says that the law could establish a principal of cost, if any, to be shared by the municipalities without attempting a thing in itself inequitable and impracticable However, he does not suggest a principal whereby this could be done any better than is provided for in the bill, and apparently overlooks the fact that the bill contains a provision whereby the governing body of a municipality may object to any elimination of grade crossings within its boundaries

Governor Wilson says that the non-enactment of this bill into law will be a serious disappointment If the bill is not enacted into law it will certainly be a most serious disappointment for the people of the State who were led to believe by both great political parties that grade crossing elimination laws would be placed upon the statute books

The Board of Trade of Paterson believes it would be a grievous error not to pass the bill presented to the Governor for his signature, and respectfully requests your honorable body to enact the measure into law notwithstanding his disapproval of it

Yours respectfully,

THE BOARD OF TRADE OF PATERSON, N J,
GEORGE ARNOLD, *President*
AUGUST A FISHER, *Chairman*

The following message was received from the Governor, by the hands of his Secretary, was read by the Clerk, and on motion of Mr Whyte, G W, ordered spread in full upon the minutes·

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly April 11th, 1912

I take the liberty of returning, without my signature, Assembly Committee Substitute for Senate Committee Substitute for Senate Bill No 14, entitled "An act to amend an act entitled 'An act concerning public utilities, to create a Board of Public Utility Commissioners and to prescribe its duties and powers,' approved April twenty-first, one thousand nine hundred and eleven, by adding a section concerning the safeguarding and removal of railroad crossings and the payment of the cost thereof"

I know the seriousness and great consequence of the question affected by this important measure There is a demand, well grounded and imperative, throughout the State that some practicable legislation should be adopted whereby the grade crossings of railways which everywhere threaten life and interfere with the convenience of both city and rural communities, should as rapidly as possible be abolished But there is certainly not a demand in New Jersey for legislation which is unjust and impracticable

The first part of this bill, which provides for the handling of this difficult question of the elimination of grade crossings by the Board of Public Utility Commissioners, is excellent both in method and in purpose and suggests a way by which the whole matter can be successfully handled, but that portion of the bill which arbitrarily provides that every railroad of the State shall every year eliminate at least one grade crossing on its line for every thirty miles of its whole extent, the commission to determine which crossings shall be dealt with, first seeks to accomplish an impossible thing It is not possible thus to lay down a hard and fast rule, and enforce it without a likelihood of bringing on conditions under which the whole undertaking would break down and result in utter disappointment

The circumstances which surround this problem are not the same for any two railways of the State, but what might be a reasonable enough requirement for one of the railway systems of the State might be a very unreasonable requirement for

another, leading to an impossible situation and breakdown of the law, and that is certainly not the purpose of the people of this State The bill does not forbid the creation of new grade crossings, neither does it attempt any classification of those already in existence I take the liberty of quoting the following from the "Comments of the Board of Public Utility Commissioners on Grade Crossings," in the report of the Board for the year 1911

> "After a classification of crossings has been made on the basis of the relative danger they create, there arises the engineering problem of the cost of elimination This will, of course, vary widely in different localities It is equally true that a great difference exists in the financial ability of the different carriers to provide funds for defraying the requisite expense This is wholly apart from the question whether the carriers, including trolley companies, are to be required to bear the whole cost or only part thereof Moreover, many other factors enter to complicate the matter The elimination of grade crossings may adversely affect adjacent property If, for example, tracks are elevated in eliminating a crossing at grade so as to transform a street into a blind alley, the loss of immediate accessibility may result in depreciating the property on the street in question Similarly the construction work might often require a relocation of sewers or pipe system to the financial detriment of a municipality, a public utility or an individual These things tend to increase the cost of grade-crossing elimination, which, as a State-wide proposition, must be very great"

This quotation makes very clear the possible complexity and engineering difficulty of the whole matter

What is needed is an adequate enlargement of the powers of the Board of Public Utility Commissioners The Board can be empowered, and should be empowered, to push the elimination of such crossings as fast as it is possible to push it without bringing hopeless embarrassment upon the railways The law could easily establish a principle by which it might be determined when it was equitable that the several communities affected should participate in the expense, and to what extent, if any, they should participate In this way all the results that could possibly be attained by the present bill would be attained without the risk and perhaps the discouragement and discredit of attempting a thing, in itself inequitable and impracticable

The non-enactment of this bill into law will, of course, be a serious disappointment to the people of the State, but it will only concentrate their attention upon the just and equitable way of accomplishing the end in view I do not believe that the people of the State are in such haste as to be willing to work a gross injustice, either to the railroads or to private owners of property or to the several communities affected

Respectfully,

WOODROW WILSON.
Governor

STATE OF NEW JERSEY,
SENATE CHAMBER,
April 16th, 1912

Mr Speaker

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution

Be it Resolved by the Senate (the House of Assembly concurring), That the Legislature meet in Joint Session on Tuesday, April 16th, 1912, at four-thirty o'clock in the afternoon,

In which the concurrence of the House of Assembly is requested

FRANCIS B DAVIS,

Secretary of the Senate

The Senate message was taken up, and the resolution stated therein was concurred in

Mr Watson offered the following resolution

WHEREAS, Assembly substitute for Senate substitute for Senate Bill No 14, after having been passed by both Houses, was, on the twenety-ninth day of March, nineteen hundred and twelve, duly presented to the Governor, and

WHEREAS, this House, on said twenty-ninth day of March, nineteen hundred and twelve, took a recess until April 10th, nineteen hundred and twelve, at five o'clock in the afternoon, and said bill was not returned to this House, where it originated, until April twelfth, nineteen hundred and twelve, when the Governor returned it with his objections, and

WHEREAS, more than five days elapsed, Sundays excepted from the time of the presentation of said bill to the Governor to its return by him to this House, and such return was not prevented by an adjournment of the Legislature,

Therefore, be it Resolved, That, in the judgment of the House of Assembly, said bill is now a law,

BUT WHEREAS, the Attorney-General has filed an opinion to the effect that the bill is not a law and was returnable to this House for action,

Therefore, be it Resolved, That, without waiving our determination and position that the bill is now a law, but to avoid if possible unnecessary technical legal questions, that this House decide to consider the bill on passage over the Governor's veto,

Be it Further Resolved, That a copy of these resolutions be sent to the Governor, and another filed in the office of the Secretary of State

Which motion was adopted

The Governor's objections to Senate Bill No 306 are as follows

SENATE BILL No 306

April 2d, 1912

To the Senate

I take the liberty of returning, without my signature, Senate Bill No 306, entitled "An act to divide the State of New Jersey into districts for the purpose of electing members of the House of Representatives of the United States, and prescribing the boundaries of said districts"

I have studied with close attention the geographical relations and the composition of the districts proposed in this bill, and feel constrained to send the bill back with my very emphatic dissent The districts are arbitrary and even whimsical The bill does not effect a re-districting of the State, but a veritable gerrymander

I am aware of the extreme difficulty of a task such as was set the authors of this bill It may be that the result of their labors was unsatisfactory to themselves The outcome of what appeared to be inevitable compromises and concessions to the various interests and forces always to be found contesting in a matter like this But, whatever the difficulties, however insuperable they may have seemed, I think I will be sustained by the public opinion of the State in saying that they did not justify the formation of districts so manifestly manufactured not out of real neighborhoods or units of population, but out of mere spaces forced to conform, whether they were natural or unnatural, to the interests of those concerned I earnestly hope that some arrangement at once more fair and more reasonable can be hit upon,

Respectfully,

WOODROW WILSON,

Governor.

"AMERICA

"My Country, 'tis of thee!
Sweet land of liberty!
Of thee I sing,
Land where my fathers died,
Land of the pilgrims' pride,
From every mountain side,
Let freedom ring

"My native country thee!
Land of the noble free,
Thy name I love,
I love thy rocks and rills,
Thy woods and templed hills,
My heart with rapture thrills,
Like that above

"Our fathers' God! to Thee,
Author of Liberty,
To Thee we sing,
Long may our land be bright,
With freedom's holy light,
Protect us by Thy might,
Great God, Our King"
