Borrowers can search for servicer information one of three ways:

- By **property address**
- By the **borrower's name** and **social security number**
- Or with the unique **Mortgage Identification Number** (MIN) on the mortgage or deed of trust signed at closing. Don't worry if you don't know the MIN as it's not required.

To obtain investor information, you will be asked to verify certain identifying information and check the box that confirms you are the borrower or the borrower's authorized representative.
