**This report would not be possible without the hard work, support and dedication of the NFIRS staff.**

## REPORT CONTENTS

The data presented in this report is representative of the incident data that has been submitted to the Division of Fire Safety's NFIRS Unit. Data received has been processed into the State and Federal databases. Please refer to pages **120** through **138** to see if your fire department has contributed to the information in this report.

Based upon incidents received, New Jersey fire departments responded to **397,945** incidents in 2006.

Data submission is broken down as follows:

Of the **745** fire departments in the state, **719 (96%)** submitted data.

Note: **25** fire departments submitted less than six months of data.  
**26** fire departments did not submit any data.

The number of fire departments in the state differs from 2005 due to the merging of two departments in Somerset County (East Franklin Twp. Fire Co. and Community Vol. Fire Co. #1).

Data in this report does not include military installation fire department data. Military installation fire departments report directly to the Department of Defense.

**All of the charts included in this report are based on  
2006 totals unless otherwise specified.**

## **NEW CATEGORY ADDED**

Please note, a new category has been added in some charts called “Information Not Provided By FD”. Our intent with adding this category is to draw attention to the fact that information has not been entered in certain incident report fields. These fields have been left blank by the reporting fire department. If this information had been provided there would be a more accurate picture of the fire problem in New Jersey.

The new category can be found in the charts on the following pages:

Dormitory Fires	Pages 82 to 83
Area Of Fire Origin	Pages 84 to 87
Cause Of Ignition	Page 88
Detector Presence And Performance	Pages 92 to 97
Civilian Fire Fatalities	Page 99
Civilian Fire Injuries	Pages 102 to 103
Firefighter Injuries And Fatalities	Pages 105 to 106
Vehicle Fires	Pages 112 to 113
Hazardous Materials Releases	Pages 114 to 115
