Narrative

Belvidere High School

(41-0280-020) Grades Offered: 09-12 2018-2019

Report Key:

- * Data is not displayed in order to protect student privacy
- ** Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

How to use this report:

- Learn more about this school by exploring all sections of this report
- Start conversations with school community members and ask questions
- Engage with your school communities to identify where schools are doing well and where they can improve

Navigating through the reports:

- Save or print this report by clicking the disk icon at the top of the page to download a PDF
- · Search for specific text or words in the report by using the search box at the top left of the page
- · Use the menu bar along the top of the page or the table of contents on the left of the page to move between sections of the report
- Click the Next and Previous buttons at the bottom of the page or the arrows as the top left of the screen to move between pages of the report

Other Resources:

- Review the Summary Report or the district-level report for this school
- Read the <u>Reference Guide</u>, <u>Frequently Asked Questions</u>, or <u>Data Privacy Rules</u> for more detailed information about the data in the report
- Download the data in the reports for all schools in the state
- Provide feedback on the reports by taking our <u>feedback survey</u>
- Contact us at reportcard@doe.nj.gov with any questions about the reports

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Grade

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2016-17	2017-18	2018-19
9	102	94	94
10	118	105	91
11	140	117	107
12	115	139	119
Total	475	455	411

Enrollment Trends by Student Group

This table shows the percentage of students by student group for the past three school years.

Student Group	2016-17	2017-18	2018-19
Female	48.2%	47.0%	50.6%
Male	51.8%	53.0%	49.4%
Economically Disadvantaged Students	14.7%	11.0%	10.0%
Students with Disabilities	10.5%	9.9%	9.7%
English Learners	0.2%	0.0%	0.0%
Homeless Students	0.0%	0.0%	0.0%
Students in Foster Care	0.2%	0.2%	0.2%
Military-Connected Students	0.0%	0.0%	0.0%
Migrant Students	0.0%	0.0%	0.0%

Enrollment by Racial and Ethnic Group

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial and Ethnic Group	2016-17	2017-18	2018-19
White	88.0%	87.0%	85.9%
Hispanic	6.5%	7.3%	8.8%
Black or African American	1.1%	0.9%	1.0%
Asian	1.5%	1.1%	0.7%
Native Hawaiian or Pacific Islander	0.0%	0.0%	0.2%
American Indian or Alaska Native	0.2%	0.2%	0.2%
Two or More Races	2.7%	3.5%	3.2%

Enrollment Trends by Full and Shared Time Status

This table shows the number of full and shared time students for the last three years. The full time equivalent is the number of full time students plus half the number of shared time students.

Enrollment Status	2016-17	2017-18	2018-19
Full Time Students	475	455	411
Shared Time Students	0	0	0
Full Time Equivalent	475	455	411

Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown, and students with other home languages are included in the Other Languages total.

Home Language	% of Students
English	98.1%
Other Languages	1.9%

English Language Arts and Mathematics Performance Trends

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the statewide assessment (NJSLA for 2018-19 and PARCC for 2016-17 and 2017-18) and the DLM alternate assessment. The Proficiency Rate for Federal Accountability measures the percentage of students that met or exceeded expectations on the assessments (NJSLA/PARCC or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. NJSLA/PARCC results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

Performance Measure	2016-17 ELA	2017-18 ELA	2018-19 ELA	2016-17 Math	2017-18 Math	2018-19 Math
Participation Rate	100.0%	100.0%	99.5%	100.0%	100.0%	99.4%
Proficiency Rate for Federal Accountability	48.4%	50.8%	58.1%	23.2%	22.8%	25.1%
Annual Target	54.4%	55.8%	57.1%	27.7%	30.4%	33.2%
Met Annual Target?	Not Met	Met Target†	Met Target	Met Target†	Not Met	Not Met
Statewide Proficiency Rate for Federal Accountability	54.9%	56.7%	57.9%	43.5%	45.0%	44.5%

English Language Arts Assessment - Participation and Performance

This table shows performance on statewide assessments for English Language Arts both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our accountability resources.

Mathematics Assessment – Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level or end-of-course exam on the statewide assessment for Mathematics for the past three years. 2018-19 data is from the New Jersey Student Learning Assessment (NJSLA) and 2016-17 and 2017-18 data is from the PARCC assessment.

^{† 2018-19} results for Algebra I, Geometry, and Algebra II do not include students in grade 11, but 2016-17 and 2017-18 results do include students in grade 11. Therefore, trend data for these assessments may not be comparable.

Mathematics Assessment - Performance by Test: Algebra II

This table shows performance on the Mathematics section of the New Jersey Student Learning Assessment (NJSLA). The performance results in this table include all students that took the NJSLA assessment, it does not exclude students that were enrolled less than half a year.

Note: 2018-19 results do not include students in grade 11, therefore results may not be comparable to prior years when students in grade 11 were included.

Student Group	Valid Scores	Mean Scale Score	District Mean Scale Score	State Mean Scale Score	% Level 1: Did Not Yet Meet Expectations	% Level 2: Partially Met Expectations	% Level 3: Approached Expectations	% Level 4: Met Expectations	% Level 5: Exceeded Expectations	% of Testers Met/ Exceeded Expectations	State % of Testers Met / Exceeded Expectation

DLM Alternate Assessment - Participation

This table shows the number of students taking the Dynamic Learning Maps (DLM) alternate assessment, which tests academic progress in English Language Arts (ELA) and Mathematics for students with different types of significant cognitive disabilities.

Grade	ELA: # Students Tested	Math: # Students Tested
9	Ν	N
10	N	N
11	*	*

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student Group	Percent of English Learners Making Expected Growth to Proficiency	2018-19 Target	Met Target?
Schoolwide/English Learners	N	N	N

[†] Target was met within one standard deviation

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

Years in District	# Students Tested	% Students with Overall Score Below 4.5	% Students with Overall Score of 4.5 and above
0-2	N	N	N
3-4	N	N	N
5 or more	N	N	N

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 will take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the NJSLA-Science website for more information about NJSLA-S. These results do not include students that took the Dynamic Learning Maps (DLM) Science assessment, visit the assessment reports page for DLM results.

NJSLA Science Assessment: Grade 11 Summary

This table shows how students performed this year on the NJSLA Science assessment. Students scoring at Level 3 or 4 are considered proficient.

NJSLA Science Assessment: Grade 11

This table shows how students performed this year on the NJSLA Science assessment, both overall and by student group. Students scoring at Level 3 or 4 are considered proficient.

Student Group	% Level 1	% Level 2	% Level 3	% Level 4

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

PSAT, SAT, & ACT - Participation

This table shows information about participation on the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam in2018-19. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	School Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2018-19	81.3%	84.5%
12th graders taking SAT in 2018-19 or prior years	65.5%	72.1%
12th graders taking ACT in 2018-19 or prior years	*	19.6%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students that scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	School Average Score	State Average Score	College Readiness Benchmarks	School - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark
PSAT 10/NMSQT - Reading and Writing	487	476	Grade 10: 430 Grade 11: 460	74%	61%
PSAT 10/NMSQT - Math	479	477	Grade 10: 480 Grade 11: 510	47%	43%
SAT - Reading and Writing	531	539	480	76%	70%
SAT - Math	522	541	530	51%	53%
ACT - Reading	*	25	22	*	66%
ACT - English	*	24	18	*	81%
ACT - Math	*	24	22	*	65%
ACT - Science	*	24	23	*	57%

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

Dual Enrollment Coursework - Participation

This graph shows the percentage of 11th and 12th graders who were enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

AP/ IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

AP/IB Course	Students Enrolled	Students Tested
AP Biology	3	3
AP Calculus AB	0	5
AP English Language and Composition	6	6
AP English Literature and Composition	6	6
AP Environmental Science	8	8
AP Physics 1	13	13
AP Psychology	25	24
AP Spanish Language	4	4
AP Statistics	1	1
AP U.S. History	10	6
Total Exams taken		76
Exams with scores of at least 3 on AP exams or 4 on IB exams		27

Industry-Valued Credentials by Career Cluster

This table shows by Career Cluster the number of students enrolled in approved Career and Technical Education programs, the number of students that earned one or more industry-valued credential, and the total number of credentials earned. Students are only enrolled in one career cluster, but they may earn credentials in multiple clusters or earn multiple credentials within one cluster. Career Clusters without approved credentials are grayed out. Career Cluster rows will be hidden if no students were enrolled and no credentials were earned. The last row provides unique counts of students enrolled and students earning one or more credentials across all clusters.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

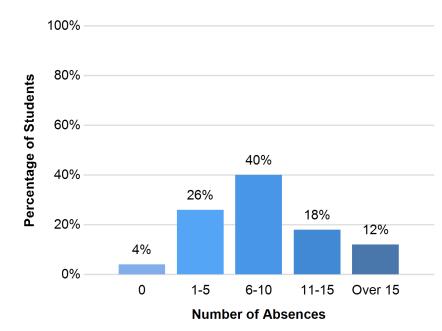

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Group	Number of Students Chronically Absent	Percent of Students Chronically Absent	State Average	Met State Average?	
Schoolwide	40	9.6	14.2	Met	
White	33	9.2	14.2	Met	
Hispanic	5	14.3	14.2	Not Met	
Black or African American	*	*	**	**	
Asian, Native Hawaiian, or Pacific	*	*	**	**	
American Indian or Alaska Native	*	*	**	**	
Two or More Races	1	7.7	**	**	
Female	22	10.5			
Male	18	8.7			
Economically Disadvantaged Students	12	30.0	14.2	Not Met	
Students with Disabilities	9	20.0	14.2	Not Met	
English Learners	N	N	N	N	
Homeless Students	N	N			
Students in Foster Care	N	N			
Military-Connected Students	N	N			
Migrant Students	N	N			

Days Absent

This graph shows the percentage of K-12 students by the number of days they were absent during the school year.

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories. In addition to the 2018-19 data below, NJDOE is required, under *ESSA*, to report on the most recent, publicly-available CRDC data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	7
Weapons	1
Vandalism	1
Substances	4
Harassment, Intimidation, Bullying (HIB)	1
Total Unique Incidents	14
Incidents Per 100 Students Enrolled	3.41

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	1	0	1
Religion	1	0	1
Ancestry	0	0	0
Gender	0	1	1
Sexual Orientation	0	0	0
Disability	0	0	0
Other	0	0	0
No Identified Nature	2		2

Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	1
Weapons	0
Vandalism	0
Substances	1
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students	
In-School Suspensions	16	3.9%	
Out-of-School Suspensions	14	3.4%	
Any Suspension	24	5.8%	
Removal to other education program	0	0.0%	
Expulsion	0	0.0%	
Arrest	*	*	

School Days Missed due to Out-of-School Suspensions

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School		
Typical Start Time	7:40 AM		
Typical End Time	2:20 PM		
Length of School Day	6 Hrs 40 Mins		
Full Time - Instructional Time	5 Hrs 36 Mins		
Shared Time - Instructional Time	5 Hrs. 36 Mins.		

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3 through 10 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3 through 10. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2018-19	1:1

Key terms for staff data:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other districtlevel administrators

Teachers – Experience

This table shows information about the experience of teachers assigned to this school and across the state. No teachers in New Jersey are teaching under emergency or provisional credentials as defined the United States Department of Education. Information on the percentage of teachers identified as potentially teaching out-of-field is also available by school and district.

Administrators - Experience (District Level)

This table shows information about the experience of administrators assigned to this district and across the state.

Student and Staff Ratios

This table shows ratios of students and staff members in the school and district. Ratios for librarians, nurses, counselors, and child study team members are only reported at the district level because many staff in these jobs are assigned only to the district and not to individual schools.

Category	Teachers in School	Teachers in State
Total Number of teachers	40	118,214
Average years experience in public schools	13.0	12.1
Average years experience in district	10.7	10.8
Percentage of Teachers with 4 or more years experience in the district	82.5%	75.3%

Category	Admin. in District	Admin. in State
Total Number of administrators	7	9,530
Average years experience in public schools	16.4	16.0
Average years experience in district	8.3	12.0
Percentage of Administrators with 4 or more years experience in the district	85.7%	76.9%

Ratio	School Ratio	District Ratio
Students to Teachers	10:1	10:1
Students to Administrators	103:1	97:1
Teachers to Administrators	10:1	10:1
Students to Librarians/Media Specialists		339:1
Students to Nurses		339:1
Students to Counselors		339:1

Per-Pupil Expenditures by Source

The link below produces a table summarizing the most recently available expenses for regular and special education students taught at schools in the district. The amounts shown include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities.

For more information regarding this table please refer to the guidance for school level reporting, which is available on the NJDOE webpage ESSA School Level Reporting Information. More in-depth information about district and charter school spending can be found in the User Friendly Budget and the COMPRES (AMRS).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

Link to District Summary of 2018-19 School-Level Per Pupil Expenditures by Source.

An option to download all school-level summaries by district in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA).

Every three years (last identification in 2019, next identification in 2022), NJDOE will identify schools in the following three federal categories:

Comprehensive Support and Improvement - Overall Low Performing: Schools with a summative score in the bottom 5% of Title I schools.

Comprehensive Support and Improvement - Low Graduation Rate: High schools with a four-year graduation rate of 67% or less

Targeted Support and Improvement - Low Performing Student Group: Schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools

Annually, NJDOE will identify schools in the following federal category:

Targeted Support and Improvement - Consistently Underperforming Student Group: Schools with one or more students group that missed annual targets or standards for all indicators for two years in a row

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these <u>accountability resources</u>.

ESSA Accountability Status

The table below provides the school's federal school status for the 2020-21 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the NJDOE ESSA Accountability webpage includes a list of all schools requiring comprehensive or targeted support and improvement with the amount of School Improvement Aid (SIA) funds received and information on exit criteria for identified schools.

Status for 2020-21 School Year	Not in Status
Category of Identification	n/a
Year Eligible to Exit Status	n/a
Student Group Status: White	
Student Group Status: Hispanic	
Student Group Status: Black or African American	
Student Group Status: Asian, Native Hawaiian, or Pacific Islander	
Student Group Status: American Indian or Alaska Native	
Student Group Status: Two or More Races	
Student Group Status: Economically Disadvantaged Students	
Student Group Status: Students with Disabilities	
Student Group Status: English Learners

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. ELA and Math Proficiency represent the percentage of students that met or exceeded expectations on statewide assessments (NJSLA/PARCC or DLM). ELA and Math Growth represent the median student growth percentile. Four- and five-year graduation rates represent the adjusted cohort graduation rates. Progress toward English Language Proficiency, which was first available in 2017-18, shows the percentage of English Learners that demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Chronic absenteeism represents the percentage of students that were absent for 10% or more of the days enrolled during the school year.

ESSA Acountability Indicator	2016-17	2017-18	2018-19
ELA Proficiency	48.4%	50.8%	58.1%
Math Proficiency	23.2%	22.8%	25.1%

Annually, NJDOE will identify schools in the following federal category:

Targeted Support and Improvement - Consistently Underperforming Student Group: Schools with one or more students group that missed annual targets or standards for all indicators for two years in a row

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Accountability Indicator Scores and Summative Ratings - 2018-19 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement every three years. During the three-year federal status period, schools receive additional resources and support. NJDOE will next identify schools for Comprehensive Support and Improvement in 2022.

This year accountability indicator scores and summative ratings are not used to identify schools for Comprehensive Support and Improvement, so these data are not included in the School Performance Reports. Review the previous two pages to see a school's current status, in the ESSA Accountability Status table, and to monitor a school's school progress on each accountability indicator over the last three years using the new ESSA Accountability Progress table.

Accountability Summary by Student Group - 2018-19 School Year

This table shows whether student groups in this school met annual ESSA accountability targets and standards for each indicator. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16 or the first year data was available. The standard for student growth is a median student growth percentile of 40-59.5. The target for chronic absenteeism is the statewide chronic absenteeism rate based on students enrolled in the grades served by the school. For more details on accountability targets, see these accountability resources.

The accountability system will not be used to identify schools for Targeted Support and Improvement – Low Performing Student Group for 2018-19, so student group summative scores are not included in this table this year.

Student Group	ELA Proficiency: Met Annual Target	Math Proficiency: Met Annual Target	4-Year Graduation Rate: Met Annual Target	5-Year Graduation Rate: Met Annual Target	Progress Towards English Language Proficiency: Met Annual Target	Chronic Absenteeism: Met State Average	Requires Targeted Support: Consistently Underperforming Student Group - 2017-18

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Highlights:

- BHS is a Group I school of approx. 400 students making continual improvements in our programs of study & course offerings; small enough to receive personal attention yet big enough to compete globally
- BHS has experienced continued success on AP testing, graduation rates, students attend higher learning institutions, as well as our students earning higher scores on Standardized Testing
- Our educational program has over 240 course offerings for students. We are guided by a philosophy which promotes critical thinking, problem based learning & empowering our students to become leaders

Awards, Recognition, Accomplishments:

Belvidere High School is proud to announce that a member of our high school staff was selected as the 2018-19 Governor's Educator of the Year representing Warren County. Mrs. Koch teaches Family Consumer Science. Belvidere High School has been recognized in the Advanced Placement District Honor Roll. The school achieved this award by simultaneously achieving increases in access to Advanced Placement courses for a broader number of students and also maintaining or improving the rate at which their AP® students earned scores of 3 or higher on an AP Exam.

If there are questions about the information provided in the narrative section, please contact the school or district directly.

Belvidere High School's goal is to create an environment of academic success for all students.. Belvidere School District regularly collaborates with our sending districts to maintain a strong curriculum and ensure that all students who enter BHS are provided with the support they need to be successful. We offer over 15 AP and Dual-enrollment courses. We continually evaluate our curriculum to challenge our students in the classroom. The co-curricular program is comprised of over twenty organizations and clubs in addition to our athletic programs. These programs are at the foundation of creating a comprehensive high school that offers something for everyone. Community service is emphasized through courses, clubs, and organizations. Our students volunteer in our community, and also raise money for charitable organizations.

Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cheerleading (Girls), Cross Country (Boys & Girls), Field Hockey (Girls), Football (Boys), Golf (Boys & Girls), Soccer (Boys & Girls), Softball (Girls), Swimming (Boys & Girls), Track and Field - Spring (Boys & Girls), Track and Field - Winter (Boys & Girls), Wrestling (Boys)

Belvidere High School supports and maintains a proud tradition of athletic programs consisting Football, Wrestling, Field Hockey, Swimming, Girls/Boys Soccer, Boys and Girls Cross Country, Girls/Boys Basketball, Cheerleading, Golf and Baseball/Softball. We have also added track and field. Our teams continue to receive recognition on regional and state levels. Individual athletes also receive both local and state recognition for their outstanding accomplishments on a regular basis.

Clubs and Activities:

Belvidere also offers numerous clubs and activities to promote and raise social awareness. We offer three vocal programs; General Chorus, Scarlet Choir, and Chamber Singers. The Instrumental Music Program is comprised of a Concert Band, Marching Band, and a String Band. The Student Government and Agricultural Education/FFA clubs continue their long and prouc history of students receiving state and national recognition. Random Drug Testing for all students participating in extracurricular activities has also been in place for a number of years at Belvidere High School.

Postsecondary Information:

The percentage of students accepted to colleges from Belvidere High School's Class of 2019 is 73%. The programs we offer to support our students applying to colleges are: College Admissions Night which includes an informative presentation detailing the college admissions process and a Financial Aid Night is presented by a financial aid representative from a local college to review the FAFSA and other forms. Two college fairs are held for students. Counselors meet with students independently and in groups throughout the year to review the college/ career planning process. Counselors and students utilize programs such as Naviance to conduct college searches and applications. The programs to support students taking college entrance exams are the PSAT which are held in October for the underclassmen. Counselors distribute information on various test preparation websites and prep classes available within the area. The SAT is offered at our high school numerous times throughout the year.

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Parent and Community Involvement:

Belvidere Schools will continue to promote an increase in parental and community involvement. Each year parents are invited and welcomed to attend meetings to discuss school matters in addition to watching different student groups/organizations perform. Other events to get the community involved is Meet the Teacher Night/Open House, Town Hall meetings, cultural programs/celebrations, Parent/Student Orientation, Board of Education meetings and much more. We have recently updated our district website for a much more interactive experience. Parents can access our Parent Portal electronically to access all student records.

Technology and STEM:

BHS has continued its use of G Suite for Education Platform by including Cloud-Based Learning into our everyday approach to instruction. We have taken a collaborative approach to increasing technology in our instruction. Our district has made a commitment to improving our WIFI, and creating a 1:1 initiative. Our stakeholders value and support the educational experience and recognizes the need to include technological advances to assist our students and give them the skills needed to produce maximum outcomes.

Other Information

BHS is proud to provide an educational environment that supports the development of the academic, social, & emotional needs of all students. We believe that fostering relationships between the community & school is a commitment toward raising lifelong learners. We welcome the input of parents, students, & community members in utilizing a team oriented, collaborative approach. Working together with our community promotes growth and success for our students. It is the high school years that are essential in making the transition from childhood to adulthood & it is our belief that each child must be ready to live, work, and serve in our community. We provide our students with a strong academic background & challenge them to be productive citizens. We have developed and implemented a multi-tier approach to the early identification & support of students with learning and/or social-emotional or behavioral needs (RTI Response to Intervention). The RTI process begins with high-quality instruction & universal screening of all children in the general education classroom. Struggling learners are provided with interventions at increasing levels of intensity to accelerate their rate of learning. These services may be provided by a variety of personnel, including general education teachers, special educators, & specialists. Progress is closely monitored to assess both the learning rate and level of performance of individual students. Educational decisions about the intensity and duration of interventions are based on individual student response to instruction. RTI is designed for use when making decisions in both general education & special education, creating a well-integrated system of instruction & intervention guided by child outcome data. RTI is a preventive framework for all students, not a pre-referral process for special education. The four essential components are screening, progress monitoring, multi-level or multi-tier prevention system, & data-based decision making.

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Grade

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2016-17	2017-18	2018-19
PK	9	7	3
KG	0	0	0
1	0	0	0
2	0	0	0
3	0	0	25
4	38	17	25
5	19	40	25
6	31	20	45
7	29	29	24
8	39	32	32
Total	165	145	179

Enrollment Trends by Student Group

This table shows the percentage of students by student group for the past three school years.

Student Group	2016-17	2017-18	2018-19
Female	46.7%	50.3%	49.2%
Male	53.3%	49.7%	50.8%
Economically Disadvantaged Students	21.8%	19.3%	29.1%
Students with Disabilities	21.2%	22.8%	25.7%
English Learners	0.0%	0.0%	0.6%
Homeless Students	0.0%	0.0%	0.0%
Students in Foster Care	0.6%	0.7%	0.0%
Military-Connected Students	0.0%	0.0%	0.0%
Migrant Students	0.0%	0.0%	0.0%

Enrollment by Racial and Ethnic Group

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial and Ethnic Group	2016-17	2017-18	2018-19
White	86.7%	84.8%	83.8%
Hispanic	6.1%	7.6%	10.6%
Black or African American	2.4%	2.8%	1.7%
Asian	0.6%	0.0%	0.6%
Native Hawaiian or Pacific Islander	0.0%	0.0%	0.0%
American Indian or Alaska Native	0.6%	0.7%	0.6%
Two or More Races	3.6%	4.1%	2.8%

Enrollment Trends by Full/Half Day PK and KG

This table shows number of students in full day and half day Pre-Kindergarten (PK) and Kindergarten (KG) for the past three school years.

Grade	2016-17	2017-18	2018-19
PK - Half Day	7	3	1
PK - Full Day	2	4	2
KG - Half Day	0	0	0
KG - Full Day	0	0	0

Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown, and students with other home languages are included in the Other Languages total.

Home Language	% of Students
English	95.5%
Spanish	3.4%
Other Languages	1.1%

- **N** No Data is available to display
- † This indicates a table specific note,see note below table

Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: Low Growth: Less than 35 Typical Growth: Between 35 and 65 High Growth: Greater than 65

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40 -59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40 -59.5)
Schoolwide	37	37	50	Not Met	30.5	30.5	50	Not Met
White	37	37	50	Not Met	30	30	52	Not Met

English Language Arts and Mathematics Performance Trends

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the statewide assessment (NJSLA for 2018-19 and PARCC for 2016-17 and 2017-18) and the DLM alternate assessment. The Proficiency Rate for Federal Accountability measures the percentage of students that met or exceeded expectations on the assessments (NJSLA/PARCC or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. NJSLA/PARCC results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

Performance Measure	2016-17 ELA	2017-18 ELA	2018-19 ELA	2016-17 Math	2017-18 Math	2018-19 Math
Participation Rate	82.1%	90.5%	90.9%	82.1%	91.2%	91.5%
Proficiency Rate for Federal Accountability	30.2%	30.7%	33.0%	19.1%	24.6%	26.6%
Annual Target	53.7%	55.1%	56.5%	34.8%	37.2%	39.5%
Met Annual Target?	Not Met	Not Met	Not Met	Not Met	Not Met	Not Met
Statewide Proficiency Rate for Federal Accountability	54.9%	56.7%	57.9%	43.5%	45.0%	44.5%

English Language Arts Assessment - Participation and Performance

This table shows performance on statewide assessments for English Language Arts both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our accountability resources.

Student Group	Valid Scores	% of students Taking Test	School: % of Testers Met/Exceeded Expectations	District: % of Testers Met/Exceeded Expectations	State: % of Testers Met/Exceeded Expectations	Proficiency Rate for Federal Accountability	2018-19 Annual Target	Met 2018-19 Annual Target

English Language Arts Assessment - Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level exam on the statewide assessment for English Language Arts (ELA) for the past three years. 2018-19 data is from the New Jersey Student Learning Assessment (NJSLA) and 2016-17 and 2017-18 data is from the PARCC assessment.

Mathematics Assessment - Participation and Performance

This table shows performance on statewide assessments for Mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our accountability resources.

Student Group	Valid Scores	% of students Taking Test	School: % of Testers Met/Exceeded Expectations	District: % of Testers Met/Exceeded Expectations	State: % of Testers Met/Exceeded Expectations	Proficiency Rate for Federal Accountability	2018-19 Annual Target	Met 2018-19 Annual Target

Mathematics Assessment - Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level or end-of-course exam on the statewide assessment for Mathematics for the past three years. 2018-19 data is from the New Jersey Student Learning Assessment (NJSLA) and 2016-17 and 2017-18 data is from the PARCC assessment.

^{† 2018-19} results for Algebra I, Geometry, and Algebra II do not include students in grade 11, but 2016-17 and 2017-18 results do include students in grade 11. Therefore, trend data for these assessments may not be comparable.

DLM Alternate Assessment - Participation

This table shows the number of students taking the Dynamic Learning Maps (DLM) alternate assessment, which tests academic progress in English Language Arts (ELA) and Mathematics for students with different types of significant cognitive disabilities.

Grade	ELA: # Students Tested	Math: # Students Tested
3	*	*
4	N	N
5	N	N
6	N	N
7	*	*
8	N	N

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student Group	Percent of English Learners Making Expected Growth to Proficiency	2018-19 Target	Met Target?
Schoolwide/English Learners	N	N	N

[†] Target was met within one standard deviation

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

	Years in District	# Students Tested	% Students with Overall Score Below 4.5	% Students with Overall Score of 4.5 and above
	0-2	N	N	N
	3-4	N	N	N
Ī	5 or more	N	N	N

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 will take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the NJSLA-Science website for more information about NJSLA-S. These results do not include students that took the Dynamic Learning Maps (DLM) Science assessment, visit the assessment reports page for DLM results.

NJSLA Science Assessment: Grade 5 Summary

This table shows how students performed this year on the NJSLA Science assessment. Students scoring at Level 3 or 4 are considered proficient.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

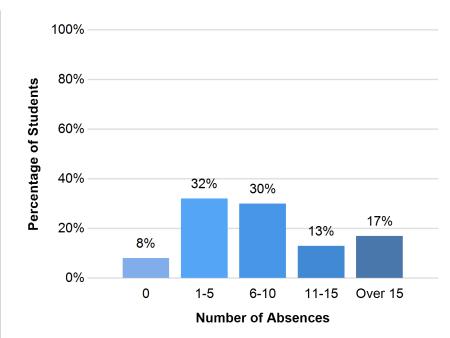

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Group	Number of Students Chronically Absent	Percent of Students Chronically Absent	State Average	Met State Average?
Schoolwide	26	15.0	8.3	Not Met
White	21	14.5	8.3	Not Met
Hispanic	3	15.8	**	**
Black or African American	*	*	**	**
Asian, Native Hawaiian, or Pacific	*	*	**	**
American Indian or Alaska Native	*	*	**	**
Two or More Races	*	*	**	**
Female	15	17.9		
Male	11	12.4		
Economically Disadvantaged Students	13	25.5	8.3	Not Met
Students with Disabilities	8	18.6	8.3	Not Met
English Learners	*	*	**	**
Homeless Students	N	N		
Students in Foster Care	N	N		
Military-Connected Students	N	N		
Migrant Students	N	N		

Days Absent

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories. In addition to the 2018-19 data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available CRDC data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	2
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	2
Total Unique Incidents	4
Incidents Per 100 Students Enrolled	2.23

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0
Religion	0	0	0
Ancestry	0	0	0
Gender	0	1	1
Sexual Orientation	0	0	0
Disability	0	0	0
Other	0	1	1
No Identified Nature	2		2

Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	1
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School			
Typical Start Time	7:40 AM			
Typical End Time	2:20 PM			
Length of School Day	6 Hrs 40 Mins			
Full Time - Instructional Time	6 Hrs 5 Mins			
Shared Time - Instructional Time	6 Hrs. 5 Mins.			

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3 through 10 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3 through 10. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2018-19	1.2:1

Per-Pupil Expenditures by Source

The link below produces a table summarizing the most recently available expenses for regular and special education students taught at schools in the district. The amounts shown include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities.

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

Link to District Summary of 2018-19 School-Level Per Pupil Expenditures by Source.

An option to download all school-level summaries by district in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA).

Every three years (last identification in 2019, next identification in 2022), NJDOE will identify schools in the following three federal categories:

Comprehensive Support and Improvement - Overall Low Performing: Schools with a summative score in the bottom 5% of Title I schools.

Comprehensive Support and Improvement - Low Graduation Rate: High schools with a four-year graduation rate of 67% or less

Targeted Support and Improvement - Low Performing Student Group: Schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools

Annually, NJDOE will identify schools in the following federal category:

Targeted Support and Improvement - Consistently Underperforming Student Group: Schools with one or more students group that missed annual targets or standards for all indicators for two years in a row

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these <u>accountability resources</u>.

ESSA Accountability Status

The table below provides the school's federal school status for the 2020-21 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the NJDOE ESSA Accountability webpage includes a <a href="List of all schools requiring comprehensive or targeted support and improvement with the amount of School Improvement Aid (SIA) funds received and information on exit criteria for identified schools.

Status for 2020-21 School Year	Comprehensive Support and Improvement
Category of Identification	Overall Low Performing
Year Eligible to Exit Status	2021
Student Group Status: White	Low Performing Student Group (ATSI)
Student Group Status: Hispanic	
Student Group Status: Black or African American	
Student Group Status: Asian, Native Hawaiian, or Pacific Islander	
Student Group Status: American Indian or Alaska Native	
Student Group Status: Two or More Races	
Student Group Status: Economically Disadvantaged Students	
Student Group Status: Students with Disabilities	
Student Group Status: English Learners	

[†] This flag is used if a school is identified for Comprehensive Support and Improvement, but one or more student groups met criteria for Targeted Support and Improvement.

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. ELA and Math Proficiency represent the percentage of students that met or exceeded expectations on statewide assessments (NJSLA/PARCC or DLM). ELA and Math Growth represent the median student growth percentile. Four- and five-year graduation rates represent the adjusted cohort graduation rates. Progress toward English Language Proficiency, which was first available in 2017-18, shows the percentage of English Learners that demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Chronic absenteeism represents the percentage of students that were absent for 10% or more of the days enrolled during the school year.

ESSA Acountability Indicator	2016-17	2017-18	2018-19
ELA Proficiency	30.2%	30.7%	33.0%
Math Proficiency	19.1%	24.6%	26.6%
ELA Growth	24	32	37
Math Growth	23	46	30
4-Year Graduation Rate†	N	N	N
5-Year Graduation Rate†	N	N	N
Progress toward English Language Proficiency		N	N
Chronic Absenteeism	18.2%	8.1%	15.0%

[†] This table shows 2018-19 graduation data for reference, but 2017-18 graduation data is used for accountability calculations for 2018-19.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Accountability Indicator Scores and Summative Ratings - 2018-19 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement every three years. During the three-year federal status period, schools receive additional resources and support. NJDOE will next identify schools for Comprehensive Support and Improvement in 2022.

This year accountability indicator scores and summative ratings are not used to identify schools for Comprehensive Support and Improvement, so these data are not included in the School Performance Reports. Review the previous two pages to see a school's current status, in the ESSA Accountability Status table, and to monitor a school's school progress on each accountability indicator over the last three years using the new ESSA Accountability Progress table.

Accountability Summary by Student Group - 2018-19 School Year

This table shows whether student groups in this school met annual ESSA accountability targets and standards for each indicator. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16 or the first year data was available. The standard for student growth is a median student growth percentile of 40-59.5. The target for chronic absenteeism is the statewide chronic absenteeism rate based on students enrolled in the grades served by the school. For more details on accountability targets, see these accountability resources.

The accountability system will not be used to identify schools for Targeted Support and Improvement – Low Performing Student Group for 2018-19, so student group summative scores are not included in this table this year.

Student Group	ELA Proficiency: Met Annual Target	Math Proficiency: Met Annual Target	ELA Student Growth: Met Standard	Math Student Growth: Met Standard	Progress Towards English Language Proficiency: Met Annual Target	Chronic Absenteeism: Met State Average	Requires Targeted Support: Consistently Underperforming Student Group - 2017-18

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Highlights:

- Oxford Street School houses approximately 183 students in grades Pre-K and 3-8, a preschool program for students ages 3 and 4. We have 52 staff members serving the Belvidere School Community.
- Teachers in grades 3-5 work hard to develop a solid base of knowledge & skills that will help students in Middle School & beyond. Upper elementary teachers focus on problem solving & thinking skills.
- Teachers develop many hands-on projects that require students to synthesize knowledge from LA, Science, Math, and Social Studies & this knowledge includes a focus to incorporate technology resources.

Awards, Recognition, Accomplishments:

The faculty and staff are a dedicated and caring group of professionals who have won a number of local and national awards for excellence, including awards from the A+ Award Program and the Wal-Mart Academic Grant Fund. We also have an enrichment program that meets during and after school on activities that foster intellectual development such as debate, chess club, robotics, and academic bowl. We take great pride in promoting personal and academic excellence among the teachers and children of Belvidere.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact the school or district directly.

We offer a comprehensive curriculum that addresses the educational and social needs of our students. We have programs in Computer Technology, Art, Spanish, Special Education, RTI, Enrichment, Technology, Band, and Chorus and electives in Creative Comics, Careers, Anti-Bullying, Graphic Design, Robotics, Yoga and Stress Reduction and Forensics. These programs help to create a learning environment through which we are able to promote critical and creative thinking. We strive to create a differentiated learning environment that reflects the needs and talents of all students. We will continue to seek new ways to ensure success for all stakeholders in the teaching-learning process. This year we have enriched our pedagogical strategies by enhancing our G-Suite integration into the curriculum and launched multiple applications through the G-Suite to enhance the curriculum. Our staff has worked endlessly to incorporate technology into their planning using this forum in addition to Clever.

Clubs and Activities:

Our students are offered fine and performing arts classes, including studio art, drama, improvisational acting, theater productions and musical performance. In connection with our co-curricular activities, students are encouraged to participate in student clubs, as well as a variety of other enriching activities. In October through May our fourth through eighth grade are engaged in multiple academic after school programs specific to improving student achievement by providing extra educational opportunities.

Parent and Community Involvement:

The final and perhaps most important part of the Oxford Street Elementary School is the community that helps by supporting the efforts of the students and teachers. We are fortunate to have a growing partnership between the school and the community that works hand and hand with the schools to enrich the education of OUR student's lives. We work hard as a School and as a Community to partner together to provide an excellent education for our children.

Technology and STEM:

By providing Chromebooks, our school has allowed students to learn across the curriculum since they can easily see the connections between classes as they move through their day with their own device. Apps are used frequently in classrooms by teachers to create assignments. Students also use apps for presentations, data gathering, data analysis, research, note taking and collaboration projects. Most commonly used apps are Google Classroom, Google Docs, Google Slides, Google Sheets, Google Forms. Google Classroom has increased communication between the school and home. Students used Google Sketchup to design new cafeteria layout, generate ideas and create a visual to present. Google apps are easily integrated with Third Party vendors to create seamless integration of digital platforms into the classroom. This allows teachers flexibility in creating their lessons to better meet their goals, curriculum needs and brings the world inside the classroom.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

Student Group	Percent of English Learners Making Expected Growth to Proficiency	2017-18 Target	Met Target?
Schoolwide/English Learners	N	Ν	N

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

Years in District		% Students with Overall Score Below 4.5	% Students with Overall Score of 4.5 and above
0-2	N	N	N
3-4	N	N	N
5 or more	N	N	N

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

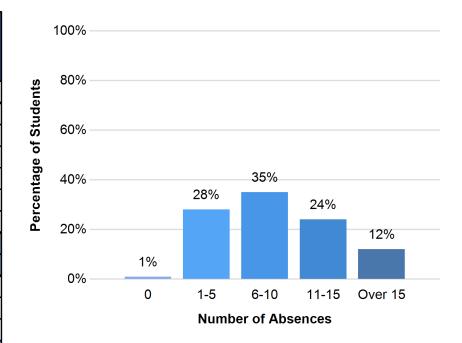

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Group	Number of Students Chronically Absent	Percent of Students Chronically Absent	State Average	Met State Average?
Schoolwide	9	10.1	10.3	Met
White	7	8.4	10.3	Met
Hispanic	*	*	**	**
Black or African American	*	*	**	**
Asian, Native Hawaiian, or Pacific	N	N	N	N
American Indian or Alaska Native	N	N	N	N
Two or More Races	*	*	**	**
Female	5	11.4		
Male	4	8.9		
Economically Disadvantaged Students	6	31.6	**	**
Students with Disabilities	4	18.2	10.3	Not Met
English Learners	N	N	N	N
Homeless Students	*	*		
Students in Foster Care	N	N		
Military-Connected Students	N	N		
Migrant Students	N	N		

Days Absent

This graph shows the percentage of K-12 students by the number of days they were absent during the school year.

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories. In addition to the 2018-19 data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available CRDC data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Total Unique Incidents	0
Incidents Per 100 Students Enrolled	0.00

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0
Religion	0	0	0
Ancestry	0	0	0
Gender	0	0	0
Sexual Orientation	0	0	0
Disability	0	0	0
Other	0	0	0
No Identified Nature	1		1

Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	0	0.0%
Out-of-School Suspensions	0	0.0%
Any Suspension	0	0.0%
Removal to other education program	0	0.0%
Expulsion	0	0.0%
Arrest	0	0.0%

School Days Missed due to Out-of-School Suspensions Demographic

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:10 AM
Typical End Time	2:30 PM
Length of School Day	6 Hrs 20 Mins
Full Time - Instructional Time	5 Hrs 20 Mins
Shared Time - Instructional Time	5 Hrs. 20 Mins.

Key terms for staff data:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Teachers – Experience

This table shows information about the experience of teachers assigned to this school and across the state. No teachers in New Jersey are teaching under emergency or provisional credentials as defined the United States Department of Education. Information on the percentage of teachers identified as potentially teaching out-of-field is also available by school and district.

Administrators - Experience (District Level)

This table shows information about the experience of administrators assigned to this district and across the state.

Student and Staff Ratios

This table shows ratios of students and staff members in the school and district. Ratios for librarians, nurses, counselors, and child study team members are only reported at the district level because many staff in these jobs are assigned only to the district and not to individual schools.

Category	Teachers in School	Teachers in State	Category	Admin. in District	Admin. in State	
Total Number of teachers	16	118,214	Total Number of administrators	7	9,530	St
Average years experience in public schools	14.1	12.1	Average years experience in public schools	16.4	16.0	Si
Average years experience in district	11.9	10.8	Average years experience in district	8.3	12.0	Te

Teachers and Administrators - Level of Education

This chart shows the highest level of education attained by teachers and administrators. The Bachelor's category may include other degrees/certificates such as a Specialist's degree. Administrators are required to have a Master's degree or higher.

Bachelor's Degree

Doctoral Degree

Teacher	0%
Admin	0%

Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to this district in 2017-18 that were still assigned to this district in 2018-19. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

Job Type	District	State
2017-18 Teachers: Same district 2018-19	91.3%	90.5%
2017-18 Administrators: Same district 2018-19	100.0%	87.9%

Faculty Attendance

This table shows the percentage of days that faculty members were present during the school year. Approved professional days, personal days, staff training days, bereavement days, jury duty, and absences due to extended illness are not counted against days present, and faculty members on long-term leave or disability are excluded from this calculation.

School Year	% Days Present
2018-19	96.3%

Per-Pupil Expenditures by Source

The link below produces a table summarizing the most recently available expenses for regular and special education students taught at schools in the district. The amounts shown include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities.

For more information regarding this table please refer to the guidance for school level reporting, which is available on the NJDOE webpage ESSA School Level Reporting Information. More in-depth information about district and charter school spending can be found in the User Friendly Budget and the CAFR) and Auditor Management Reports (AMRs).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

Link to District Summary of 2018-19 School-Level Per Pupil Expenditures by Source.

An option to download all school-level summaries by district in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Third Street School incorporates a curriculum focused on creating lifelong learners for our K-2 students. For Math, we use Envision 2.0 and the Journey's Program for Language Arts. All of our classes incorporate the Fundations phonics program into their daily lessons. Each student is equipped with their own personal iPad, which serves as an extension to both our Math and Language Arts text. We use a program called eSpark for both, which allows each student to work at their own independent level. Students receive at least 90 minutes of language arts instruction per day and at least 60 minutes of math. They also receive instruction in social studies, with a focus on civics and citizenship and science. Music, Art, Physical Education, Media, and Spanish are also offered to each of our students.

Before and After School Programs:

Before school students can participate in our breakfast program. Also, Little Seaters is a community organization that has our students before and after school for extra time if the families need it.

Staff and Professional Learning:

This year our staff continued to improve their knowledge on the use of the fundations program. The staff also learned how to use the Genesis system to submit lesson plans and the Employee Portal portion of Genesis to log PD and complete observations. Staff members are also encouraged to attend outside professional development opportunities that relate to their specific field. We have formed a collaborative relationship with our neighbors at the Harmony Township School. Our faculty meetings mostly consist of vertical collaboration across the grade levels because our small size limits who they can collaborate with in the building. Staff took part in curriculum writing over the summer to enhance our math curriculum as well. Some staff professional development includes: Techspo, Kindergarten seminar, RTI collaboration with the schools in our cluster.

Technology and STEM:

Technology is incorporated into the curriculum daily. As part of our center-based instructional philosophy students use Ipads that have built in programs to enhance student learning, specifically in math and language arts. Third Street school is on a 1 to 1 system with iPads, meaning each student has their own device. Classes use the computer lab frequently and once a week the students have 40 minutes of media, which incorporates the various aspects of technology and STEM activities. Each classroom has a built in SmartBoard and we have two ViewSonic boards in the building that offer a variety of student based activities.

Other Information

Our school day starts at 8:10am and ends at 2:25pm. Students receive a 30 minute lunch and 30 minutes of recess a day. Every day the students are exposed to some type of "special" each day as well. Often times each student gets two "specials" per day. There is a minimum of 90 minutes per day dedicated to language arts and minimum 60 minutes a day dedicated to Math. The staff incorporates these activities into science and social studies as well. The "specials" we offer are Music, Media, Art, Physical Education, and Spanish. We are a walking school so there are no school supplied transportation options for our students. Third Street uses a variety of communication options including Class Dojo, school wide all calls, emails and the use of Google Classroom. There is no specific uniform but students and staff have a dress code they are expected to comply with.
