Highlights of Current Program Statistics

AFDC (Tables 1 and 5, Graphs 1 and 4)

123,800 eligible families in New Jersey were receiving AFDC as of the end of July 1994.

About 111,000 were single head of household families (Regular AFDC, C segment).

Among two-parent families, Unemployed Parents (F Segment) accounted for 4300, and State AFDC (N Segment) for 3400. There were almost 5000 Medicaid Only families.

By County, the largest numbers were in Essex with more than 31,000 families, Hudson with more than 19,000, and Camden County with about 14,000. They accounted for almost 52 percent of all AFDC families.

The other counties ranged from 243 families in Hunterdon to 8,000 in Passaic County.

Since January 1993 eligible families in New Jersey increased from about 122,000 to more than 124,600 in May, and June of 1994 (2 percent), then declined by almost 900 in July.

Regular AFDC (C segment) also peaked in May and June of 1994, then declined from 111,800 in June to about 111,000 in July, the largest single month drop since January 1993.

The number of F segment families declined from more than 4500 in May 1994 to less than 4300 by July.

State AFDC (N segment) grew from less than 2600 families in January 1993 to nearly 3500 by May 1994 (almost 37 percent), remained virtually unchanged in June, then declined slightly in July.

The Medicaid Only group has remained stable at around 5000.

FOOD STAMP PROGRAM (Tables 2 and 6, Graphs 2, 5, and 6)

At the end of July 1994 nearly 221,000 households were participating in the Food Stamp Program.

About 115,000 were AFDC households and less than 106,000 were Other Low Income households.

About half of all Food Stamp Households are in Essex (56,634), Hudson (29,763) and Camden (21,791) Counties.

These households included about 526,000 persons, 246,000 adults and 280,000 children.

In seven counties (Bergen, Hunterdon, Monmouth, Morris, Somerset, Sussex, and Warren) the number of adults exceeds the number of children in Food Stamp households.

Food Stamp households in New Jersey increased from less than 208,000 in January 1993, to about 222,000 by March 1994. During that period AFDC(FS) households increased about 4000 to almost 116,000, and Other Low Income households increased by more than 10,000 to over 106,000.

Adult participants increased by more than 16,000 to more than 248,000, and children in participating households increased by about 10,000 to a high of almost 283,000

There was little change in the numbers of participating Food Stamp households and recipients between March and June of 1994.

Food Stamp households declined by about 1500 in July 1994 to less than 221,000, and participants declined by almost 4000 to 526,000.

EMERGENCY ASSISTANCE (Tables 3 and 7, Graphs 3 and 7)

At the end of July 1994 there were a total of 7647 eligible AFDC families receiving Emergency Assistance in New Jersey.

4302 families were receiving Temporary Rental Assistance.

669 were motel placements.

419 were emergency shelter placements.

All other AFDC-EA assistance accounted for 2257 families, including either one-time benefits such as back rent, back utilities, security deposits, furnishings, and clothing and food allowance, or shared or transitional housing.

More than 3000 families in Essex County received Emergency Assistance, with almost 2500 provided with Temporary Rental Assistance. Mercer, Middlesex and Passaic each had about 600 EA recipient families. All other counties had between 18 and 470 EA recipient families, with seven under 100.

After reaching almost 8500 in May 1993, total AFDC families receiving Emergency Assistance dropped below 7000 by December 1993. During 1994 the number ranged between 7000 and 7700.

Families receiving Temporary Rental Assistance also declined from almost 4900 since May 1993, down to less than 4000 in December 1993, and remaining slightly above 4000 since then.

Motel placements have declined from close to 800 in January 1993 down to less than 600 a year later, but have been over 600 since.

Emergency shelter placements have also declined, from 573 in October 1993 to about 400 in each month of 1994.

All other AFDC Emergency Assistance has fluctuated between 1800 and 2500.

JOBS/FDP PARTICIPATION RATES (Table 8, Graph 8)

Statewide participation in the JOBS/FDP Program decreased from 16.6 percent in May 1993 to 12.5 percent in August 1993. It reached 20.1 percent in May 1994, then declined in June and July, similar to the decline in 1993.

Most counties have shown a similar pattern, with a decline in June, July and August 1993, and a rebound through October 1993. Several experienced declines in the Winter months and then continued upward again beginning in March 1994. Most counties declined from May through July 1994.

Only Essex county's rate has remained in the single digits. Most counties were between 10 and 30 percent, while Atlantic, Cumberland, Salem, Somerset, and Sussex generally exceeded 30 percent. Warren exceeded 60 percent in June and July 1994, the highest levels of all counties in the period.

GENERAL ASSISTANCE (Table 9, Graph 9)

For the period January 1993 through February 1994 (the latest available information), the number of GA recipients reached a high of almost 37,400 in March 1993, then declined to nearly 34,600 in July of that year. The number increased slowly again and reached 36,800 by February 1994.

Total GA recipients primarily reflected changes in the number of employable recipients, which fluctuated between 23,000 and 26,000.

The number of Unemployable GA recipients remained almost unchanged in the period, staying between 11,000 and 11,600.

CHILD SUPPORT AND PATERNITY (Table 10)

Total collections of the Child Support and Paternity Program grew from about \$438 million to more than \$510 million from FY1993 to FY1994, an increase of 16.6 percent. Total collections for AFDC and Foster Care remained almost unchanged at around \$92 million. Non-AFDC collections grew from less than \$346 million to almost \$418 million, or 21 percent.

For AFDC and Foster Care, the decline in Unemployment Benefits collections offset increases in Federal Tax Collections and Income Withholding.

For Non-AFDC, substantial increases in collections of State tax, Income Withholding, and Other/Own Behalf far outweighed declines in collections from Federal taxes, Unemployment Insurance Benefits, and For Other states.

Explanatory Notes

The Department of Human Services Division of Family Development provides basic income and an opportunity to achieve self-sufficiency for individuals and families served by the Division's programs. The Division provides leadership, direction and supervision to those public agencies responsible for administering those programs and plans for and develops policies to promote self-sufficiency.

AID TO FAMILIES WITH DEPENDENT CHILDREN (AFDC) - Financial assistance for dependent children and their natural or adoptive parents, or certain other relatives recognized as taking the place of a parent.

Regular AFDC (C Segment) - assistance when only one parent is in the home due to death or absence, or both parents are in the home but at least one is incapacitated.

Unemployed Parents (F Segment) - assistance when both parents are in the home, neither is incapacitated and the primary wage earner meets the federally defined criteria for unemployment.

State AFDC (N Segment) - assistance when both parents are in the home, neither is incapacitated, and the primary wage earner does not meet the federal definition of unemployment.

Medicaid Only - families no longer receiving AFDC financial assistance but remaining eligible for Medicaid under applicable provisions which extend coverage beyond period of AFDC assistance.

FOOD STAMP PROGRAM (FS) - Authorized by Congress as a nutritional supplement program to provide low income households with more food of greater variety and better nutrition. Program eligibility is based on household income, resources, and expenses for medical, shelter, and dependent care. CWA staff refer certain recipients to the New Jersey Department of Labor for participation in the Food Stamp Employment and Training Program.

EMERGENCY ASSISTANCE (EA) - Payments to those eligible for AFDC (also for General Assistance or Supplemental Security Income, not included here), authorized during the 30 consecutive days immediately following the emergency (defined as a substantial loss of shelter, food, clothing, or household furnishings by fire, flood or other similar disaster) or if the eligible individual or family is in an imminent or actual state of homelessness.
