10:71-3.15 County Welfare Agency responsibility and procedures; eligibility factors

(a) The CWA shall be responsible for determining income and resource eligibility, as outlined in subchapter 4 of this chapter, for Medicaid Only when applicant is receiving care in institutions defined above. This does not include residents of the State psychiatric hospitals, the State schools for the mentally retarded, Bergen Pines County Psychiatric Hospital, and Essex County Hospital Center, which are the responsibility of the Institutional Services Section of the Division of Medical Assistance and Health Services.

(b) When eligibility depends upon the disability or blindness factor, the determination of medical eligibility shall be the responsibility of the medical review team. The CWA shall furnish the MRT with current, pertinent social and medical information as outlined in this subchapter.

(c) When eligibility for Medicaid Only has been determined, the CWA will complete and process a Medicaid Status File Transaction, form MAP-1, within ten working days from the date of such determination. The CWA will issue and distribute Medicaid validation stubs to Medicaid Only recipients who are not in long term care facilities. The CWA will complete the statement of income available for nursing home payment (PA-3L) when appropriate.

(d) A determination of continuing eligibility shall be made in accordance with subchapter 5 of this chapter.

Amended by R.1995 d.651, effective December 18, 1995.
 See: 27 N.J.R. 3543(a), 27 N.J.R. 5046(a).

10:71-3.16 Medical assistance units

(a) Medicaid District Office (MDO): The Division of Medical Assistance and Health Services has local medical offices throughout the State, known as Medicaid District Offices (MDOs). The role of these offices is to provide liaison with providers of health services; provide information about Medicaid to recipients and members of the community; provide utilization review in determining the medical need for certain covered services requiring prior authorization; and provide information about Medicaid to, and cooperate with, appropriate agencies in order to ensure maximum utilization of the services available through the Medicaid program.

(b) Any questions with respect to policy, regulations, or procedures of the Medicaid program should be directed to the appropriate MDO as listed at N.J.A.C. 10:49, Appendix, Form #17.

10:71-4.1 Financial eligibility standards; resources

(a) The resources criteria and eligibility standards of this section apply to all applicants and recipients.

(b) Resources defined: For the purpose of this program a resource shall be defined as any real or personal property which is owned by the applicant (or by those persons whose resources are deemed available to him/her, as described in N.J.A.C. 10:71-4.6) and which could be converted to cash to be used for his/her support and maintenance. Both liquid and nonliquid resources shall be considered in the determination of eligibility, unless such resources are specifically excluded under the provisions of N.J.A.C. 10:71-4.4(b).

(c) Availability of resources: In order to be considered in the determination of eligibility, a resource must be "available". A resource shall be considered available to an individual when:

1. The person has the right, authority, or power to liquidate real or personal property, or his or her share of it;
2. Resources have been deemed available to the applicant (see N.J.A.C. 10:71-4.6 regarding deeming of resources); or
3. Resources arising from a third-party claim or action are considered available from the date of receipt by the applicant/recipient, his or her legal representative or other individual acting on his or her legal behalf in accordance with the following definition and provisions.

i. Definition of "availability of resources in third-party situations": In third-party situations in which applicants/recipients have brought an action or made a claim against a third party who is or may be liable for payment of medical expenses related to the cause of the action or claim, funds are considered available or countable at the moment of receipt by the applicant/recipient, his or her legal representative, guardian, relative or any person acting on the applicant's/recipient's behalf. Such funds should be considered available or countable at the earliest date of receipt by any of the aforementioned entities.

(1) In determining resource eligibility in accordance with N.J.A.C. 10:71-4.5(a), those funds actual-

ly available to the applicant/recipient or any person acting on his or her behalf as of the first day of the month subsequent to the month of receipt shall be considered a countable resource, unless otherwise excluded (see N.J.A.C. 10:71-4.4).

(2) If a bona fide lien or judgment exists against such funds, making all or some portion of the funds inaccessible to the applicant/recipient, CWAs shall deduct the encumbrances and consider the remaining amount as a countable resource.

(3) If between the date of receipt of such moneys and the first day of the subsequent month the applicant/recipient pays outstanding medical expenses and/or other expenses, the CWA shall consider only the funds remaining after such payment as a countable resource.

(d) Evaluation of resources: The value of a resource shall be defined as the price that the resource can reasonably be expected to sell for on the open market in the particular geographic area minus any encumbrances (i.e., its equity value).

1. Real property:

i. Sole ownership: When the eligible individual is sole owner and has the right to dispose of the property, the total equity value (see (d)iv. below) shall be counted toward the resource maximum.

ii. Joint ownership or ownership in common: Under joint ownership or ownership in common, the equity value of the property must be divided by the number of owners and the eligible individual's share counted toward the resource maximum.

iii. Ownership by the entirety: Ownership by the entirety (or tenancy by the entirety) refers to property owned by a husband and wife whereby each member has ownership interest in the whole property which is indivisible. When a married couple (either one or both are eligible) is living together, the total equity value of all nonexempt property shall be counted toward the resource maximum. The same policy applies to an eligible couple who have been separated less than six months. If the eligible couple has been separated for six months or more, one half of the value represents a resource to each individual.

(1) When an eligible individual and an ineligible spouse own nonexempt property by the entirety and the couple is separated for a full calendar month, the cooperation of both owners is necessary to ascertain resource value. If the ineligible owner expresses willingness to dispose of the property, then its value is divided by the number of owners. If there is no such willingness by the ineligible owner, then no value may be assigned to the property. (See also N.J.A.C. 10:71-4.4(b)6 regarding situations in which a co-owner refuses to liquidate.)

iv. Equity value: The equity value of real property is the tax assessed value of the property multiplied by the reciprocal of the assessment ratio as recorded in the most recently issued State Table of Equalized Valuations, less encumbrance, if any. The Table is available from the State of New Jersey, Department of the Treasury, Trenton, New Jersey 08625.

2. Savings and checking accounts: When a savings or checking account is held by the eligible individual with other parties, all funds in the account are resources to the individual so long as he/she has unrestricted access to the funds (i.e., an "or" account) regardless of their source. When the individual's access to the account is restricted (i.e., an "and" account), the CWA shall consider a pro rata share of the account toward the appropriate resource maximum, unless the client and the other owner demonstrates that actual ownership of the funds is in a different proportion. If it can be demonstrated that the funds are totally inaccessible to the client, such funds shall not be counted toward the resource maximum. Any question concerning access to funds should be verified through the financial institution holding the account.

3. Verification of value: The CWA shall verify the equity value of resources through appropriate and credible sources. Additionally, the CWA shall evaluate applicant's past circumstances and present living standards in order to ascertain the existence of resources which may not have been reported. If the applicant's resource statements are questionable, or there is reason to believe the identification of resources is incomplete, the CWA shall verify the applicant's resource statements through one or more third parties.

i. Responsibility of applicant: If the third party contact is required in accordance with the provisions above, the applicant shall cooperate fully with the verification process. If necessary, the applicant shall provide written authorization allowing the CWA to secure the appropriate information.

(e) Resource eligibility: Resource eligibility is determined as of the first moment of the first day of each month. If an individual or couple is resource ineligible as of the first moment of the first day of the month, subsequent changes within that month in the amount of countable resources will not affect the original determination of ineligibility. If resource eligibility is established as of the first moment of the first day of the month, resource eligibility is established for the entire month regardless of any increase in the amount of countable resources.

1. This policy applies equally to individuals and couples in the month of application. Regardless of the date of application, resource eligibility is determined as of the first moment of the first day of that month.

2. If, prior to the first moment of the first day of the month, the applicant or recipient has drawn a check (or equivalent instrument) on a checking or similar account, the amount of such check shall reduce the value of the account. The value of such accounts shall not be reduced by any unpaid obligations for which funds have not already been committed by the drafting of a check.

i. When checks have been drawn on an account, the CWA shall review the appropriate account registers or check stubs to ascertain the actual balance as of the first moment of the first day of the month. Full documentation of such circumstances is required.

10:71-4.2 Countable resources

(a) Any resource which is not specifically excludable under the provisions of N.J.A.C. 10:71-4.4 shall be considered a countable resource for the purpose of determining Medicaid Only eligibility.

(b) Verification of resources: If verification is required in accordance with the provisions of N.J.A.C. 10:71-4.1(d)3, the CWA shall proceed in the following manner:

1. Real property which produces income: If the CWA determines that it is necessary to establish whether or not real property is producing income consistent with its current market value (see N.J.A.C. 10:71-4.4(b)5), inquiry shall be made of local real estate brokers, tax assessors, or other persons knowledgeable of the prevailing rate of return on real property in the community.

2. Nonexcludable household goods and/or personal effects: If the CWA determines that certain household goods and/or personal effects are not excludable (see N.J.A.C. 10:71-4.4), inquiry shall be made of one or more

local merchants who deal in used household goods or personal goods in order to determine the current market value of the resource.

3. The CWA shall verify the existence or nonexistence of any cash, savings or checking accounts, time or demand deposits, stocks, bonds, notes receivable, or any other financial instrument or interest. Verification shall be accomplished through contact with financial institutions, such as banks, credit unions, brokerage firms, and savings and loan associations. Minimally, the CWA shall contact those financial institutions in close proximity to the residence of the applicant or the applicant's relatives and those institutions which currently provide or previously provided services to the applicant.

(c) Documentation of verification: Any verification which occurs in connection with the determination or evaluation of resources shall be fully documented in the case record.

Case Notes

Federal Medicaid statute requiring that state's methodology for determining resource eligibility of medically needy person be no more restrictive than for categorically needy person required exclusion of husband's individual retirement account from computation of wife's resources for purposes of determining eligibility. Mistrick v. Division of Medical Assistance and Health Services, 299 N.J.Super. 76, 690 A.2d 651 (A.D.1997).

10:71-4.3 (Reserved)

10:71-4.4 Excludable resources

(a) A resource which is classified as excludable shall not be considered either in the deeming of resources or in the determination of eligibility for participation in the Medicaid Only Program.

(b) The following resources shall be classified as excludable:

1. A house occupied by the individual as his/her place of principal residence, and the land appertaining thereto, shall be excluded:

i. Short temporary absences from home such as trips, visits, and hospitalizations do not affect this exclusion so long as the individual intends, and may reasonably be expected, to return home. An absence of more than six months is assumed to indicate that the home no longer serves as a principal residence. However, if the home is used by a spouse or there is evidence that the absence from the house is temporary, the home

may continue to be excluded. With that exception, the CWA shall extend the period only with approval from the Division of Medical Assistance and Health Services.

2. In the determination of resources of an individual (and spouse, if any), an automobile shall be excluded or counted as follows:

i. One automobile is totally excluded regardless of value if, for the individual or a member of the individual's household:

(1) It is necessary for employment; or

(2) It is necessary as a means of transportation for the medical treatment of a specific or regular medical problem; or

(3) It is modified for operation by, or transportation of, a handicapped person.

ii. If no automobile is excluded under (b)2i above, one automobile is excluded as a resource to the extent that its current market value (CMV) does not exceed \$4,500. The CMV in excess of \$4,500 is counted against the resource limit. Where more than one automobile is involved, the car of highest value may be excluded for use if it is to the advantage of the applicant/recipient.

(1) The CMB of an automobile is the value of the vehicle as indicated by the "Average Wholesale Value" in the most recent April or October edition of the Red Book; Official Used Car Valuations.

iii. Other automobiles: Any other automobiles are treated as non-liquid resources and counted to the extent of their equity value.

3. Personal effects and household goods, to the extent that the total equity value of such resources does not exceed \$2,000:

i. The amount by which the equity value of such resources exceeds \$2,000 shall be countable toward the appropriate resource maximum.

ii. In determining the value of household goods and personal effects of an individual (and spouse), there shall be excluded a wedding ring and an engagement ring.

iii. Prosthetic devices, dialysis machines, hospital beds, wheel chairs, and similar equipment shall not be considered in the evaluation of personal effects, unless such items are used extensively and primarily by other members of the household, as well as by the person whose physical condition requires them.

4. The cash surrender value of all life insurance policies owned and in the control of the individual, if the total face value of such policies does not exceed \$1,500 (see also (b)9 below):

i. If the total face value of such policies exceeds \$1,500, the total cash surrender value of all policies shall be included as a resource, countable toward the appropriate resource maximum.

5. Nonhome property that is used in a business or nonbusiness self-support activity is excluded from resources when the equity does not exceed \$6,000 and the activity produces a net annual return of at least six percent of the excludable equity value. If a net return of six percent on \$6,000 equity is shown, but the equity value of the property exceeds \$6,000, the excess equity (property value less \$6,000) is a countable resource and applied to the resource standards in N.J.A.C. 10:71-4.5. If such property is not excludable because the net annual return is less than 6 percent of the equity value (with exceptions below), the total equity value is an includable resource.

i. A rate of return of less than six percent is considered acceptable when all the following conditions are met:

(1) The property is used in a business income-producing operation; and

(2) Unusual or untoward circumstances cause a temporary reduction in the net rate of return; and

(3) The usual net rate of return is six percent of equity value; and

(4) The individual expects the property to again produce a return of six percent of equity value within 18 months of the end of the taxable year in which the unusual incident which caused the reduction in the rate of return occurred.

ii. Tools and equipment required for employment are assumed to be of a reasonable value and producing a reasonable rate of return and are, therefore, excluded from resources.

6. The value of resources which are not accessible to an individual through no fault of his or her own.

i. Such resources include, but are not limited to, irrevocable trust funds, property in probate, and real property which cannot be sold because of the refusal of a co-owner to liquidate.

ii. Inaccessible resources shall be reevaluated (regarding their accessibility) at every redetermination.

7. In the case of a blind or otherwise disabled person, resources which have been accumulated in connection with a plan to achieve self-support.

To qualify for this exclusion, an individual's plan to achieve self-support shall have been approved by the Division of Vocational Rehabilitation Services or the Commission for the Blind and Visually Impaired, and must be current as of the date of the exemption.

8. The replacement value of excludable resources shall be considered as follows:

i. For insurance proceeds, the amount received from an insurance company for the purpose of replacing or repairing an originally excludable resource, if repair or replacement of such resource occurs within nine months.

(1) The initial nine month period shall be extended for a reasonable period up to an additional nine months when it is determined that the individual had good cause for not replacing or repairing the resource. An individual will be found to have good cause when circumstances beyond his or her control prevented the repair or replacement or the contracting for the repair or replacement.

ii. The proceeds from the sale of a home which is excluded from the individual's resources will also be excluded from resources to the extent that they are intended to be used and are, in fact, used to purchase another home, which is similarly excluded, within three months of the date of the proceeds. If the proceeds are not used in the above manner they shall be counted toward the resource maximum.

9. Burial spaces intended for the use of the individual, his or her spouse, or any other member of his or her immediate family and funds which are set aside for the burial expenses of the individual or spouse, subject to the limits specified below.

i. The following definitions apply in regard to burial spaces or funds:

(1) Burial spaces are conventional grave sites, crypts, mausoleums, urns, or other repositories which are customarily and traditionally used for the remains of deceased persons.

(2) Funds set aside for burial include revocable burial contracts, burial trusts, and any separately identifiable assets which are clearly designated as set aside for the expenses connected with an individual's burial, cremation or other funeral arrangements.

(3) Funds in an irrevocable trust or other irrevocable arrangement which are available for burial are funds held in an irrevocable burial contract and irrevocable burial trust, or an amount in an irrevocable trust which is specifically identified for burial expenses.

(4) Immediate family includes an individual's minor and adult children, stepchildren and adopted children, brothers, sisters, parents, adopted parents and spouses of those persons. Dependency and living-in-the-same household are not factors. Immediate family does not include the members of an ineligible spouse's family unless they meet this definition.

ii. The exclusion from resources of funds set aside for burial applies only when counting any portion of the funds toward the resource limit would cause ineligibility due to excess resources.

(1) If the individual or couple would otherwise be ineligible and could be eligible with the application of this exclusion and the individual or couple alleges that funds are set aside for the burial of the eligible individual or his or her spouse, an affidavit indicating such must be obtained.

(A) The amount of funds that may be excluded shall be determined and may not exceed the maximum limit of \$1,500 each for the individual and his or her spouse. The maximum limit for each individual is reduced by an amount equal to the amount of funds held in an irrevocable burial trust, an irrevocable burial contract, or other irrevocable arrangement which is available to meet that individual's burial expenses. Each individual's maximum limit is further reduced by the face value of any insurance policy on that individual's life owned by him or her or his or her spouse if the cash surrender value of the policy was excluded in determining the resources of the individual.

(B) In order for burial funds to be excluded, the funds must be separately identifiable (that is, not comingled with other funds or assets which are not set aside for burial). Additionally, the funds must be already designated as set aside for burial. If the funds are not so designated, the funds may be excluded if the individual attests in writing, that he or she intends to use the funds for his or her burial and agrees to submit within 30 days, documentary evidence that the funds have been designated as set aside for burial.

(C) Any increase in the value of excluded burial funds due to interest on such funds which were left to accumulate or appreciation of such funds after establishment of Medicaid eligibility shall be excluded.

As amended, R.1983 d.167, effective June 6, 1983.

10:71-4.5 Resource eligibility standards

(a) For eligibility in the Medicaid Only Program, total countable resources are subject to the following limits. (See N.J.A.C. 10:71-4.1(b) regarding definition of resources, N.J.A.C. 10:71-4.2 regarding countable resources, and N.J.A.C. 10:71-4.8 regarding resources of a couple when one member is applying for Medicaid for institutional services.)

1. Resource eligibility is determined as of the first moment of the first day of the month. Changes in the amount of countable resources subsequent to the first moment of the first day of the month shall not affect eligibility.

2. In the case of checking accounts, the balance as of the first moment of the first day of the month shall be reduced by the amount of any checks which have been drawn on the account but which have not yet cleared the financial institution.

(b) Resource maximum for a couple: Participation in the program shall be denied or terminated if the total value of a couple's countable resources exceeds the limit below:

before January 1, 1986	\$2,400
January 1, 1986—December 31, 1986	\$2,550
January 1, 1987—December 31, 1987	\$2,700
January 1, 1988—December 31, 1988	\$2,850
January 1, 1989 and thereafter	\$3,000

1. Definition of a couple: A couple shall be defined as a man and a woman who are legally married, or who have been determined to be a couple by the Social Security Administration for receipt of RSDI benefits, or who are living together in the same household and **presenting themselves to the community** in which they live as husband and wife.

(c) Resource maximum for an individual: participation in the program shall be denied or terminated if the total value of an individual's resources exceeds the limits below:

before January 1, 1986	\$1,600
January 1, 1986—December 31, 1986	\$1,700
January 1, 1987—December 31, 1987	\$1,800
January 1, 1988—December 31, 1988	\$1,900
January 1, 1989 and thereafter	\$2,000

(d) Resource maximum (institutionalized individuals): The resource maximum for an individual in (c) above applies equally to individuals institutionalized in a Title XIX approved facility. Countable resources held in the institution (for example, trust funds, personal needs accounts) together with those held outside the institution, are to be applied toward the resource maximum. If the resource maximum is exceeded, Medicaid eligibility will cease. (See also N.J.A.C. 10:71-4.8 regarding resource eligibility for institutionalized individuals.)

(e) The grandfather clause: An individual who satisfied the following criteria may have his/her resource eligibility determined in accordance with procedures formerly used in New Jersey's OAA, AB, and DA programs if it is more advantageous to the individual (see Financial Assistance Manual, Chapter 300, for regulations in effect prior to January 1, 1974):

1. The individual was participating in the Medicaid program during December 1973 under one of New Jersey's Federal programs for the aged, blind, or disabled;

2. The individual has, since December 1973, continuously resided in New Jersey;

3. The individual has, since December 31, 1973, continuously been an eligible individual, an eligible spouse, or an essential person participating in the Medicaid program.

i. Essential person status (refers to spouse only): A spouse who received Medicaid coverage in December 1973 because of his/her status as a person "essential" to the existence of an eligible person is also considered eligible for receipt of Medicaid Only benefits under the provision of the grandfather clause. Such spouse must continue to reside with the eligible individual alone in order to retain his/her essential person status.

ii. Once an individual's essential person status is terminated, he/she must again apply for benefits and be determined eligible or ineligible on the basis of criteria used for other newly applying aged, blind, or disabled individuals.

Applicant was ineligible for "Medicaid Only" benefits. *R.A. v. Division of Medical Assistance and Health Services*, 93 N.J.A.R.2d (DMA) 63.

10:71-4.6 Deeming of resources

(a) When an applicant/recipient is an adult residing in the same household with his/her ineligible spouse or is a child residing in the same household with his/her parent(s) or spouse of parent, the resources of the ineligible spouse or parent(s) is considered in the determination of eligibility. The amount included as resources to the applicant/recipient, whether or not it is actually available, is termed deemed resources.

(b) Applicant/recipient living alone: If the applicant/recipient lives alone, only his/her countable resources shall be applied to the resource maximum for an individual.

(c) Applicant/recipient couple: In the case of an applicant/recipient couple, the total amount of the husband's and wife's combined countable resources shall be applied to the resource maximum for a couple. Such individuals will continue to have resources treated in this manner until they have been separated for one calendar month. At such time, the individuals will be considered to be living alone.

1. If one member of an eligible couple enters a Title XIX institution, only the resources of the institutionalized individual will be counted in the determination of his or her eligibility beginning with the date of admission except as provided in N.J.A.C. 10:71-4.8.

(d) Applicant/recipient living with ineligible spouse: If the applicant/recipient lives with an ineligible spouse, all countable resources of the ineligible spouse are deemed to the applicant/recipient. The value of the total countable resources is compared to the resource maximum for a

couple. Such individuals will continue to have resources treated in this manner until they have been separated for one full calendar month. At such time, the individuals will be considered to be living alone.

1. Separation due to institutionalization: If one member of the couple enters a Title XIX institution, only the resources of the institutionalized individual will be counted in the determination of his or her eligibility beginning with the date of admission except as provided in N.J.A.C. 10:71-4.8.

(e) Applicant/recipient unmarried and under 18 years of age, living with parents: If the applicant/recipient is an unmarried child under the age of 18 years of age who lives with his or her parents (including stepparents), the total value of all countable resources in excess of the appropriate parental resource maximum, cited in (e)2 below, shall be applied toward the resource maximum for an individual (see N.J.A.C. 10:71-4.5). A child will be considered to be not living with his or her parents when he or she has ceased living with them for a period of one calendar month.

1. Child not living with parents due to institutionalization: If a physician has certified that the child's duration of stay in a Title XIX facility (or a combination of such facilities) is expected to be 30 consecutive days or more, such child shall be considered to be not living with his/her parents at the time of such certification. In such circumstances, only the child's own countable resources shall be applied to the resource maximum for an individual.

2. Parental resource maximums (including stepparents):

i. One parent: The total value of countable resources in excess of the source limit for an individual (see N.J.A.C. 10:71-4.5) shall be applied toward the eligible child's resource maximum.

ii. Two parents: The total value of countable resources in excess of the resource limit for a couple (see N.J.A.C. 10:71-4.5) shall be applied toward the eligible child's resource maximum.

3. More than one eligible child: If there is more than one eligible child in the household, the total value of countable resources in excess of the appropriate parental maximum shall be equally divided among such children. In cases of this nature, no part of the value of such resources shall be allocated to ineligible children residing in the household.

(f) Deeming resources of an alien's sponsor: When the sponsor of an alien is subject to deeming provisions (see N.J.A.C. 10:71-5.7) any countable resources of the sponsor in excess of the appropriate resource limit (the resource limit for an individual or the resource limit for a couple if the sponsor resides with his or her spouse) shall be considered to be resources of the alien in addition to whatever resources the alien has.

As amended, R.1983 d.373, effective September 6, 1983. See: 15 N.J.R. 999(b), 15 N.J.R. 1477(a).

Added, deeming resources of alien's sponsor.

Amended by R.1985 d.474, effective September 16, 1985.

See: 17 N.J.R. 1525(a), 17 N.J.R. 2274(a).

Substantially amended.

Amended by R.1991 d.32, effective January 22, 1991.

See: 22 N.J.R. 7(a), 23 N.J.R. 215(b).

Added (c)1. Deleted statement regarding physician's certification and added text establishing resources counted when one member of a couple is institutionalized.

Case Notes

Federal Medicaid statute requiring that state's methodology for determining resource eligibility of medically needy person be no more restrictive than for categorically needy person required exclusion of husband's individual retirement account from computation of wife's resources for purposes of determining eligibility. *Mistrick v. Division of Medical Assistance and Health Services*, 299 N.J.Super. 76, 690 A.2d 651 (A.D.1997).

10:71-4.7 Transfer of resources

(a) The provisions of this section apply only to persons who are receiving an institutional level of services or who are seeking that level of services. An individual shall be ineligible for institutional level services through the Medicaid program if he or she (or his or her spouse) has disposed of resources at less than fair market value at any time during or after the 30 month period immediately before:

1. In the case of an individual who is already eligible for Medicaid benefits, the date the individual becomes an institutionalized individual; or

2. In the case of an individual not already eligible for Medicaid benefits, the date that the individual applies for Medicaid as an institutionalized individual.

(b) The following definitions apply in situations regarding the transfer of resources:

1. Fair market value: The fair market value (FMV) is equal to the current market value at the time of resource disposal. The FMV shall be determined in accordance with the evaluation instructions set forth in N.J.A.C. 10:71-4.1(d).

2. Uncompensated value: The uncompensated value (UV) is the difference between the FMV of a nonexcludable resource (less any encumbrances) and the compensation received by the individual. If the resource was jointly owned before disposal, the UV considered is only the individual's share of that value (see N.J.A.C. 10:71-4.1(d)).

3. Institutionalized individual: An institutionalized individual for the purposes of this section is a person who is receiving care in a Medicaid certified skilled nursing facility, intermediate care facility (level A or B and ICFMR) and licensed special hospital (Class B or C) or Title XIX psychiatric hospital (if under the age of 21 or age 65 and over). Effective October 1, 1990, an institutionalized individual shall include an individual receiving care in a Medicaid certified nursing facility (NF). For the purposes of this section, an institutionalized individual shall include a person seeking benefits under a home or community care waiver program, not including the Home Care Expansion Program. An institutionalized individual shall not include a person who is receiving care in an acute care general hospital.

4. Penalty period: The penalty period is the period of ineligibility for Medicaid coverage for institutional level care established for an individual as a result of the transfer of a resource for less than fair market value. The penalty period begins with the month of the resource transfer and is the lesser of:

i. 30 months; or

ii. The number of months resulting from dividing the uncompensated value of the transferred resource by statewide monthly average lowest semi-private room rate for Medicaid certified nursing facilities as calculated annually. The current average through December 31, 1990 is \$3,376.

(c) General procedures: If an individual or his or her spouse described in (a) above (including any person acting with power of attorney or as a guardian for such individual) has sold, given away, or otherwise transferred any resources (including any interest in a resource or future rights to a resource) within the 30 months preceding the date of application or entry into institutional care, the following steps shall be taken and fully documented in the case record:

1. Ascertain and document the FMV of the resource.

2. Document the amount of compensation received by the individual for the transfer.

3. Determine the UV, if any.

4. Add the amount of the UV, if any, to the amount of other countable resources.

5. Notify the applicant, in all cases when any amount of UV is established, of the determination via Form PA-13 before the application is approved or denied.

6. Advise the applicant that he or she may rebut the presumption that a resource was transferred at less than FMV in order to qualify for Medicaid coverage for institutional care (see (i) below).

(d) The provisions of this section apply whether or not the resource would have been considered an excluded resource at the time of its disposal or transfer. However, an individual shall not be ineligible for an institutional level of care because of the transfer of his or her equity interest in a home which serves (or served immediately prior to entry into institutional care) as the individual's principal place of residence and the title to the home was transferred to:

1. The institutionalized individual's spouse;

2. A child of the institutionalized individual who is under the age of 21 or a child of any age who is blind or totally and permanently disabled;

i. In the event that the child does not have a determination from the Social Security Administration of blindness or disability, the blindness or disability shall be evaluated by the Disability Review Section of the Division of Medical Assistance and Health Services in accordance with the provisions of N.J.A.C. 10:71-3.13;

3. A brother or sister of the institutionalized individual who already had an equity interest in the home prior to the transfer and who was residing in the home for a period of at least one year immediately before the individual becomes an institutionalized individual; or

4. A son or daughter of the institutionalized individual (other than described in (d)2 above) who was residing in the individual's home for a period of at least two years immediately before the date the individual becomes an institutionalized individual and who has provided care to such individual which permitted the individual to reside at home rather than in an institution or facility.

i. The care provided by the individual's son or daughter must have exceeded normal personal support activities (for example, routine transportation and shopping). The individual's physical or mental condition must have been such as to require special attention and care. The care provided by the son or daughter must have been essential to the health and safety of the individual and consisted of activities such as, but not limited to, supervision of medication, monitoring of nutritional status, and insuring the safety of the individual.

(e) The provisions of this section do not apply to the following resource transfer situations:

1. The resources were transferred to the community spouse (or to another individual for the sole benefit of the community spouse) prior to the entry into institutional care so long as the resources were not subsequently transferred by the community spouse;

i. If funds were transferred to another individual for the sole benefit of the community spouse prior to entry into institutional care, in order that the transfer not be considered to have been for the purposes of qualifying for Medicaid, the funds must have been transferred in the form of a legally binding trust document specifying that the trustee(s) may use the funds solely for the benefit of the community spouse. Should the transferred funds not be so designated, the transfer shall be presumed to be for the purpose of qualifying for Medicaid in accordance with the provisions of this section;

2. The resources were transferred to the community spouse subsequent to the application for Medicaid in accordance with N.J.A.C. 10:71-4.8(a)3; or

3. The resources were transferred from the institutionalized individual or the community spouse to the institutionalized individual's child who is blind or permanently and totally disabled.

i. In the event that the child does not have a determination from the Social Security Administration of blindness or disability, the blindness or disability will be evaluated by the Disability Review Section of the Division of Medical Assistance and Health Services in accordance with the provisions of N.J.A.C. 10:71-3.13.

(f) Resource transferred at fair market value: When the resource was transferred at FMV, the application shall be processed as usual. No special procedure is required.

(g) Resource transferred, resource limit not exceeded: When the UV of a transferred resource, combined with other countable resources does not exceed the applicable resource limit, the application shall be processed as usual.

(h) Resource transferred, resource limit exceeded: When the UV of a transferred resource, combined with other countable resources, exceeds the resource limit, eligibility for institutional level services shall be denied and the procedures below followed:

1. Notify the applicant via Form PA-13 that he or she has transferred a resource at less than FMV, the amount of the UV and the length of the penalty period. Explain that the law states that transfer of a resource at less than FMV is presumed to be for the purpose of establishing Medicaid eligibility for institutional services.

2. Advise the applicant that he or she may rebut the presumption (see (i) below).

3. Prepare a list of such cases for control purposes. The control list shall include the case number, client's name, Social Security number, date of resource disposal, FMV of the resource, amount of UV, and the start and end dates of the period of ineligibility for institutional level services.

(i) Rebuttal of presumption that the resource was transferred to establish eligibility: All applicants or recipients may rebut the presumption that a resource was transferred to establish Medicaid eligibility. If the individual wishes to rebut such presumption, explain that it will be his or her responsibility to present convincing evidence that the resource was transferred exclusively (that is, solely) for some other purpose. The applicant should be assisted in obtaining information when necessary. However, the burden of proof rests with the applicant. Accordingly, when the applicant expresses the desire to rebut the agency's presumption that he or she transferred a nonexcludable resource to establish Medicaid eligibility, the procedures below shall be followed.

1. The applicant's statement concerning the circumstances of the transfer shall be recorded. The statement should include, but need not be limited to, the following:

i. The applicant's stated purpose for transferring the resource;

ii. The applicant's attempt to dispose of the resource at FMV;

iii. The applicant's reasons for accepting less than FMV for the resource;

iv. The applicant's means of, or plans for, supporting himself or herself after the transfer;

v. The applicant's relationship, if any, to the person(s) to whom the resource was transferred.

2. Request the applicant to submit any pertinent documentary evidence (for example, legal documents, realtor agreements, relevant correspondence).

3. Take statements from other individuals if material to the decision.

(j) Factors which may indicate that the transfer was for some other purpose: The presence of one or more of the following factors, while not conclusive, may indicate that resources were transferred exclusively for some purpose other than establishing Medicaid eligibility.

1. The occurrence after transfer of the resource of:

- i. Traumatic onset of disability;
- ii. Unexpected loss of other resources which would have precluded Medicaid eligibility;
- iii. Unexpected loss of income which would have precluded Medicaid eligibility.

2. Resources that would have been below the resource limit during each of the preceding 30 months if the transferred resource has been retained.

3. Court-ordered transfer.

4. Evidence of good faith effort to transfer the resource at FMV.

(k) Agency determination pursuant to client rebuttal:

1. The presumption that a resource was transferred to establish Medicaid eligibility is successfully rebutted only if the applicant demonstrates that the resource was transferred exclusively for some other purpose.

2. If the applicant had some other purpose for transferring the resource, but establishing Medicaid eligibility seems to have been a factor in his or her decision to transfer, the presumption is not successfully rebutted.

3. The determination will not include an evaluation of the merits of the applicant's stated purpose of transferring a resource. The determination will only deal with whether or not the applicant has proven that the transfer was solely for some purpose other than establishing Medicaid eligibility.

4. The final determination regarding the purpose of the transfer shall be made at a supervisory level and documented in the case record.

5. The applicant shall be sent a notice of the decision which shall include his or her right to a fair hearing.

(l) In the case of any resource transfer which occurred between April 1, 1990 and August 20, 1990 and which would otherwise be subject to the provisions of this section, the period of ineligibility for institutional services shall be the lesser of:

1. 24 months; or

2. The number of months resulting from the application of the calculation at N.J.A.C. 10:71-4.7(b)4ii.

10:71-4.8 Institutional eligibility; resources of a couple

(a) In the determination of resource eligibility for an individual requiring long term care, the county welfare agency shall establish the combined countable resources of a couple as of the first period of continuous institutionalization beginning on or after September 30, 1989. This deter-

mination shall be made upon a request for a resource assessment in accordance with N.J.A.C. 10:71-4.9 or at the time of application for Medicaid benefits. The total countable resources of the couple shall include all resources owned by either member of the couple individually or together. The CWA shall establish a share of the resources to be attributed to the community spouse in accordance with this section. (No community spouse's share of resources may be established if the institutionalized individual's current continuous period of institutionalization began at any time before September 30, 1989.)

1. The community spouse's share of the couple's combined countable resources is based on the couple's countable resources as of the first moment of the first day of the month of the current period of institutionalization beginning on or after September 30, 1989 and shall not exceed \$76,740 unless authorized in (a)4 or 5 below. The community spouse's share of the couple's resources shall be the greater of:

- i. \$15,348; or
- ii. One half of the couple's combined countable resources.

2. In determining the resource eligibility of the institutionalized spouse, the community spouse's share of the resources is subtracted from couple's total combined resources as of the first moment of the first day of the month of application for Medicaid. If the remaining resources are less than or equal to \$2,000, the institutionalized spouse is resource eligible. If the remaining resources exceed \$2,000, eligibility may not be established.

- i. In the case of an individual whose eligibility for institutional care is determined in accordance with the rules applicable for New Jersey Care (see N.J.A.C. 10:72 et seq.), resource eligibility will exist when the couple's combined resources, less the community spouse's share of the resources, are equal to or less than \$4,000.

3. To the extent that the community spouse's share of the combined resources are not already owned by the community spouse, the ownership of the community spouse's share of the resources must be transferred to the community spouse within 90 days of a determination of eligibility for institutional Medicaid services. The CWA may extend the transfer period if individual circumstances warrant a longer period to affect the transfer. Resources not transferred by the end of the 90-day period (or extension) shall be counted in the determination of eligibility for the institutionalized individual.

- i. Eligibility for the institutionalized individual shall be established pending the actual transfer of the resources if he or she attests, in writing, that he or she intends to transfer the community spouse's share of the resources to the community spouse.

4. If a court of competent jurisdiction has ordered that resources be transferred to the community spouse in an amount higher than that authorized in (a)1 above, the higher court-ordered amount shall be recognized as the community spouse's share. Any resource transferred under such a court order shall not be subject to the resource transfer penalty described at N.J.A.C. 10:71-4.7.

5. If, in accordance with N.J.A.C. 10:71-5.7(d), additional resources have been authorized to be set aside for the community spouse in order to provide for a sufficient income maintenance level, such additional resources are not subject to the limitation in this section on the community spouse's share of the couple's combined resources. Any resource transferred to the community spouse under this provision shall not be subject to the resource transfer provision described at N.J.A.C. 10:71-4.7.

6. For purposes of this section, an institutionalized individual does not include any individual who is not likely to remain in a Title XIX facility for a period of 30 consecutive days. If a physician has not certified that the individual's stay in the facility is expected to be a period of 30 or more consecutive days, that individual's Medicaid eligibility will be determined as if he or she continued to reside in the community until he or she has been in a Title XIX facility (or a combination of Title XIX facilities) for a period of 30 consecutive days.

7. For purposes of this section, a continuous period of institutionalization means 30 consecutive days of institutional care in a medical institution, and/or Medicaid funded home and community-based waiver services. Continuity is broken by absences from the institution for 30 consecutive days or the non-receipt of home or community based services for 30 consecutive days.

8. For purposes of determining the community spouse's share of the couple's resources only, countable resources of a couple shall include all resources not subject to exclusion under N.J.A.C. 10:71-4.4, except that one automobile shall be excluded without regard to the dollar limits set forth at N.J.A.C. 10:71-4.4(b)2 and personal effects and household goods shall be excluded without regard to the dollar limits set forth at N.J.A.C. 10:71-4.4(b)3.

9. In determining retroactive eligibility (the three-month period immediately preceding the month of application) based on the first Medicaid application in a continuous period of institutionalization, the community spouse's share of the resources shall be deducted from the couple's combined total resources. If the institutionalized individual subsequently files another Medicaid application for the same continuous period of institutionalization, retroactive eligibility will be based on all resources actually owned by the institutionalized individual.

10:71-4.9 Resource assessment

(a) At the beginning of the first continuous period of institutionalization (beginning on or after September 30, 1989), the institutionalized spouse or the community spouse (or a representative of either spouse) may request an assessment of the couple's total countable resources. The purpose of the assessment is to establish the community spouse's share of the couple's total countable resources (see N.J.A.C. 10:71-4.8(a)).

(b) The county welfare agency shall, upon a request for a resource assessment, advise the requesting parties of the documentation and verification necessary to make the assessment. When the necessary documentation and verification is not submitted to the county welfare agency in a timely manner, the requesting parties shall be advised that the resource assessment cannot be completed. Upon receipt of all relevant documentation of resources from the couple the county welfare agency shall establish the total countable resources of the couple. The county welfare agency shall notify both members of the couple of the total value assigned to their combined countable resources and the community spouse's share of those resources. A copy of the notice shall be retained at the county welfare agency.

1. The county shall complete the resource assessment and notify the requesting parties of its results within 45 calendar days of the request unless third party verification has not been received by the county welfare agency or the requesting parties request a delay.

(c) At the time of providing the couple with a copy of the resource assessment, the county welfare agency shall advise the couple that there is no immediate right to a fair hearing on the county's resource assessment, but that there will be an opportunity to appeal the findings of the assessment when and if the institutionalized spouse applies for Medicaid.

10:71-5.1 Income; financial eligibility standards

(a) As a condition of eligibility for the Medicaid Only Program, applicants must comply with the income standards set forth in this subchapter (see N.J.A.C. 10:71-5.6).

(b) Income defined: For the purpose of this program, income shall be defined as receipt, by the individual, of any property or service which he/she can apply, either directly or by sale or conversion, to meet his/her basic needs for food, shelter, or clothing. All income, whether in cash or in-kind, shall be considered in the determination of eligibility, unless such income is specifically exempt under the provisions of N.J.A.C. 10:71-5.3

1. Availability of income: In order to be considered in the determination of eligibility, income must be "available." Income shall be considered available to an individual when:

i. With the exception of income from self-employment, the individual actually receives the income;

ii. With the exception of income from self-employment, the income becomes payable but is not received by the individual due to his/her preference for voluntary deferment;

iii. Income has been deemed available to the applicant (see N.J.A.C. 10:71-5.5 regarding the deeming of income);

iv. Net earnings from self-employment have been determined in accordance with N.J.A.C. 10:71-5.4(a)2.

2. Earned income: Earned income shall be defined as payment received by an individual for services performed as an employee, or the net earnings as the result of self-employment. When the individual is both employed as self-employed, earned income shall consist of gross wages (or salary, etc.) plus any net earnings from self-employment.

3. Unearned income: Unearned income shall be defined as any income which is not coincident with the provisions of (b)2 above. This definition includes deemed income (see N.J.A.C. 10:71-5.5).

(c) The grandfather clause: An individual (including an essential person) meeting the criteria delineated in N.J.A.C. 10:71-4.5(e) may have his/her income eligibility determined in accordance with the procedures formerly used in New Jersey's OAA, AB, and DA programs if it is more advantageous (see Financial Assistance Manual, Chapter 300, for regulations in effect prior to January 1, 1974).
