In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

Name of Program: Mitigation Bank Grant Program for Wetland Creation, Enhancement, or Restoration Projects.

Purpose: The purpose of this grant/matching grant program is to make available funds collected by the Wetlands Mitigation Bank as compensation for wetland losses to non-profit groups or government entities to undertake projects which will enhance, create, or restore freshwater wetlands.

Amount of money in the program: Approximately \$2.4 million of Mitigation Bank funds have been appropriated for this program. It is estimated that a maximum of \$300,000 will be made available in each of eight drainage basins in the state. Funds will be available in both the form of an outright grant or as part of a matching grant.

Organizations which may apply for funding under the program: To apply for grant consideration, the organization must either be a governmental entity or a non-profit group which qualifies as a Charitable Conservancy for the purposes of P.L. 1979, c 378(N.J.S.A. 13:8B-1 et seq.).

Qualifications needed by an applicant to be considered for the program. Each applicant must:

- 1) Demonstrate that it has the resources to match the grant requested (if applicable);
- 2) Agree to make and keep the lands accessible to the public unless the Council determines that public accessibility would be detrimental to the lands to be enhanced, restored, or created;
- 3) Agree not to sell, lease, exchange, or donate the lands except to the State, County, or local government unit, another qualifying tax exempt nonprofit organization, or the Federal Government for passive recreation and conservation purposes;
- 4) Agree to execute and donate to the Council, at no charge, a conservation restriction, pursuant to P.L. 1979. c. 378 (N.J.S.A. 13:8B-1 et seq.) on any lands to be acquired utilizing the grant; and
- 5) Demonstrate:

That the proposed project falls within the designated drainage basin,
Explain how the grant recipient will obtain the expertise necessary to plan and enact a wetland enhancement, restoration, or creation project,
Explain how the grant recipient will conduct the actual work (excavation planting etc.) and if and how research will be incorporated into the project; and
Provide a time table for initiation and completion of the proposed project.
