19:47-14.6 Poker overview; general dealing procedures for all types of poker

(a) Poker shall be conducted in a separate and distinct area of the casino floor or the casino simulcasting facility approved by the Commission.

(b) Poker shall be played by a minimum of two players and a maximum of 11 players. Poker shall be dealt by a dealer at a poker table. For all types of poker set forth in N.J.A.C. 19:47-14.8, the dealer shall not participate in the playing or outcome of the game in any way except as otherwise authorized in this subchapter.

(c) A player shall wager on the cards that the player holds in his or her hand. All bets by a player shall be placed by the dealer in the designated area of the table known as the pot. A player may be required to ante or place a blind bet prior to the receipt of any cards. After each round of cards is dealt, a betting round shall be conducted. Each player shall decide whether to continue contending for the pot by calling or raising the bet of the other players.

(d) The object of the game shall be for a player to win the pot either by making a bet that no other player elects to call, or by having the hand of highest rank at the showdown in accordance with the provisions of N.J.A.C. 19:47-14.3. If two or more players are still in contention for a pot after all cards have been dealt and the final betting round has been completed, there shall be a showdown among the players still in contention to determine which player has the hand of highest rank. Based on the type of poker being played, the winning player may be the player who holds the highest ranking high poker hand, the highest ranking low poker hand or both the highest ranking high and low poker hands.

(e) The following procedures shall be utilized by the dealer when dealing the game of poker:

1. The dealer shall choose the hand in which he or she will hold the cards. Once the dealer has chosen a hand, the dealer must use that hand whenever holding the cards. The cards held by the dealer shall, at all times, be held in front of the dealer, as level as possible and over the poker table. If during a round of play, the deck must be set down to handle a transaction, the dealer shall place a marker button on top of the deck until the transaction has been completed.

2. The dealer shall verbalize or physically indicate the action which is occurring at the poker table with regard to the conduct of the game and instruct each player as to his or her various turns to act and options.

3. All burn cards required by this subchapter shall be kept separate from the pile of discarded cards.

4. The dealer shall be required to count the stub, at least once every 15 minutes, in order to determine that the correct number of cards are present. If this count reveals an incorrect number of cards, the deck shall be removed from the table in accordance with N.J.A.C. 19:46-1.18(n).

5. At the completion of a round of play, the dealer shall award the pot to the winning player or players after a showdown or to the last remaining player if all other players have folded. Prior to pushing the pot to the winner and collecting the winning hand, the dealer shall first collect the cards from all losing players.

6. All side pots shall be awarded before the dealer awards the pot in the center of the poker table.

7. All discarded hands shall be counted by the dealer to determine that the proper number of cards have been returned.

8. The dealer shall collect the rake in accordance with N.J.A.C. 19:47-14.14.

19:47-14.7 Wagers

(a) Only players who are seated at the poker table may be permitted to receive cards and participate in each betting round.

(b) Depending upon the particular type of poker game being dealt, a player may be required to:

1. Place an ante prior to receiving any cards;
2. Place a predetermined blind bet prior to receiving any cards; or
3. Place a forced bet to initiate a betting round based on that player's up-card.

(c) A player may only participate in the wagering during a round of play with the gaming chips, gaming plaques or currency which were already on the poker table in front of the player when the round of play commenced.

1. A player may only add to his or her gaming chips, gaming plaques or currency between rounds of play and may not remove any of his or her gaming chips, gaming plaques or currency from the poker table at any time during ongoing play pursuant to the definition of table stakes as set forth in N.J.A.C. 19:47-14.1.

2. Currency which is available for use by a player pursuant to the requirements of this section may be utilized to initiate, call or raise a bet if such currency is expeditiously converted into gaming chips or gaming plaques by the dealer in accordance with the regulations governing the acceptance and conversion of such instruments.

3. In order to participate in a round of play, a player shall be required to have an amount of gaming chips, gaming plaques or currency available on the poker table prior to the start of the round of play which is sufficient to make any bet required by (b) above and at least one bet at the posted table minimum.

4. A player who satisfies the requirements of (c)3 above but who depletes his or her funds on the poker table prior to the completion of a round of play shall be deemed to be "all-in."

i. An "all-in" player shall retain financial interest in the outcome of the round of play, but shall only be eligible to win the amount of the pot to which he or she contributed;

ii. An "all-in" player shall continue to receive any cards to which he or she would normally be entitled; and

iii. Betting shall continue unimpeded among the other players by generating a separate secondary pot which only those players shall be eligible to win.

(d) A verbal statement of "fold," "check," "call," "raise," or an announcement of a specific size wager by a player, assuming it is within the rules of the poker game being played and the minimum and maximum wager limits for the poker table, shall be binding on the player if it is that player's turn to act.

(e) A player who announces a bet or raise of a certain amount but places a different amount of gaming chips or gaming plaques in the pot shall be required to correct his or her bet or raise to the announced amount in accordance with the instructions of the dealer.

(f) A player shall be considered to have placed a bet if the player:

1. Pushes gaming chips or gaming plaques forward to indicate the intent of placing a bet;

2. Releases gaming chips or gaming plaques into the pot; or

3. Releases gaming chips or gaming plaques at a sufficient distance from the player and towards the pot to make it obvious that it is intended as a bet.

(g) A player shall not be permitted to make a bet and thereafter attempt to increase the amount of that bet.

1. If the player wishes to add additional gaming chips or gaming plaques to the bet, the player must indicate at the time the bet is being made that the bet is not yet complete.

2. A player who puts the proper amount of gaming chips or gaming plaques into the pot to call a bet, without indicating his or her intention to raise, may not thereafter raise the previous bet.

3. Subject to the posted table wagering limits, a player who announces "raise" may continue to bet gaming chips or gaming plaques until both of his or her hands come to rest in front of the pot.

(h) It shall be the dealer's responsibility to ensure that no player touches any of the gaming chips or gaming plaques once placed into the pot.

(i) Unless a raise has been verbally announced by that player, a player who puts into the pot a single gaming chip that is larger than required is assumed to have only called the preceding bet and to be awaiting change from the dealer.

(j) Unless specifically posted to the contrary, a player shall be permitted to raise after he or she has previously checked in a betting round.
