## General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## FACT SHEET

### **HARDSHIP GRANTS FOR RURAL COMMUNITIES**

The New Jersey Department of Environmental Protection is soliciting interest from project sponsors that may qualify for a new grants program to provide wastewater services to rural communities that are not currently served either by a sewage collection or by a wastewater treatment system and are severely economically disadvantaged. New Jersey's allotment for this program is \$415,900. The new program, entitled **Hardship Grants Program for Rural Communities**, was established by federal law and requires that eligible communities: (1) have a total population of 3,000 or less, (2) a per capita income of less than \$17,357 and (3) the local unemployment rate (on a municipality or county basis) exceeds the national average by one percent or more at the time of grant application. While the Department has targetted certain municipalities which may be eligible for these grants based on information from the State Data Center, other municipalities may also qualify provided an acceptable source of data is used to satisfy the population, income and unemployment criteria noted above. Project sponsors will be asked to confirm that they satisfy the eligibility requirements at the time of application.

Hardship grant funding will be available for projects starting with the FFY98/SFY99 funding cycle (i.e., November 1998 awards) and will be combined with low-interest loan funding from the Wastewater Treatment Financing Program to make the project more affordable. Grant assistance will be provided to an eligible project sponsor in an amount of \$100,000 (for no more than 85 percent of the allowable project cost) or 30 percent of the allowable project cost, whichever is greater. Sponsors of eligible projects should complete a Project Status/Cost Update Form to place the project on the Priority List and forward a commitment letter to submit planning and design documents by February 2, 1998. Please note that if all the available Hardship Grants funds are not awarded in the FFY98/SFY99 funding cycle, grants will also be made in the FFY99/SFY2000 funding cycle (i.e., November 1999 awards). Therefore, potential sponsors who are unable to satisfy the February 2, 1998 deadline for planning and design can submit a commitment letter for the FFY99/SFY2000 funding cycle. The FFY99/SFY2000 deadlines require the sponsor to send a commitment letter by February 2, 1998, submit planning by April 24, 1998 and design by November 2, 1998, for a grant/loan award in November 1999.

Please note that additional information regarding the Hardship Grants Program for Rural Communities will be included in the Proposed FFY99 Priority System document. For more information on projects in the north, please contact Stanley V. Cach, Jr., Chief, P.E., P.P., Bureau of Engineering North at (609) 292-6894. Projects in the south should contact Gautam Patel, Chief, Bureau of Engineering South at (609) 984-6840. General questions regarding priority list placement should be directed to Theresa Fenton, Chief, Bureau of Program Development and Technical Services at (609) 292-3859.

## LOCAL COASTAL PLANNING GRANT

- PURPOSE OF FUNDING:** To provide local coastal governments and nonprofit organizations with 100% funding to implement projects and aide in the development of education and interpretation materials on coastal related topics which further the objective of the New Jersey Coastal Management Program.
- SOURCE OF FUNDING:** The New Jersey Department of Environmental Protection receives an annual federal grant of \$2.5 million from the National Oceanic and Atmospheric Administration (NOAA). A portion of these federal grant funds are being made available to be passed through to local governments and nonprofit organizations in New Jersey's coastal zone.
- WHO IS ELIGIBLE:** Local coastal municipalities, coastal county governments, and other government and nonprofit agencies or entities.
- QUALIFICATIONS REQUIRED FOR CONSIDERATION:** The aforementioned entities need to submit a proposal that enhances the objectives of New Jersey's Coastal Management Program. The merit of the proposal determines whether a grant is awarded.
- GRANT LIMITATIONS:** No specific dollar limits are mandated; however, funding applications at \$10,000 will allow the distribution of funds to a larger number of applicants. For federal FY'97 October 1, 1997 through September 30, 1998 \$150,000 is available.
- APPLICATION PROCEDURES:** Proposals are solicited from various entities and reviewed by a committee of DEP staff using general criteria. Selections are made and recipients are notified of their award. Contractual arrangements are then entered into with the applicant.
- APPLICATION DEADLINE:** December 30, 1997
- NOTIFICATION DATE:** Applicant will be notified by January 15, 1998
- FOR INFORMATION OR TO REQUEST AN APPLICATION CONTACT:** Dorina Frizzera or Dottie Correnti
