Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district’s schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts’ [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	89.75	17.5%
Mathematics Proficiency	81.34	17.5%
English Language Arts Growth	89.93	25.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

Courses, Curriculum, Instruction:

The top priority is the commitment to the improvement of teaching and learning by ensuring that all teachers are provided with the necessary tools as well as the time to work collaboratively in a professional learning community in order to deliver quality instruction and to develop, administer, analyze and use quality formative and summative assessment of student learning, to ensure effective delivery of the required curriculum.

Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cheerleading (Girls), Cross Country (Coed), Soccer (Boys & Girls), Softball (Girls), Track and Field - Spring (Boys & Girls)

Brielle Elementary School is a proud member of the Monmouth County Athletic League (MCAL), which supports the MCAL Code of Conduct and encourages all participants and spectators to follow that code. The Brielle Booster Club supports student-athletes and coaches who participate in the athletic program. Through a membership drive, fundraisers through the year, and camps and clinics they have been extremely successful in their efforts, due to the support of the community.

Clubs and Activities:

The following clubs are offered: Chess Club, Peer Leadership, Student Council, Theater Club, Newspaper, Academic Team, and Yearbook. In addition to this enrichment classes are also offered in the Fall, Winter and Spring in several areas such as art, cooking, sewing, board games, sports (field hockey, basketball, running, etc.), Cartooning/Illustration, Photoshop, Movie Maker, MakerFest, Science, TV Production to name a few.

 Before and After School Programs:	We offer an extended care program that is affordable, safe, and accessible to all students in grades K through 5 with excellent care and supervision until 6:00pm. The program accommodates working parents by offering childcare who might otherwise be at home alone or with a sitter. The program features flexibility in scheduling and fees, based on the number of days per week. Structured activities are offered in arts and crafts, physical education and homework assistance.
 Staff and Professional Learning:	The improvement of instruction through effective and sustaining professional development which supports Professional Learning Communities established by teachers and administrators is strongly supported. In addition to in-service PD; staff members also have an opportunity to participate in workshops offered through Brookdale and the Regional Professional Development Academy, as well as other out-of-district presenters that may be tailored to a particular grade level and/or subject.

Student Supports and Services:

Special Services are part of the total education program which assists students with their school program. A child may be brought to the attention of the Child Study Team, which is responsible for identifying, diagnosing, classifying and formulating recommendations for the remediation of learning and behavior problems. Brielle has a Resource Center/In-Class Support program which enables many classified students to function in regular classrooms.

Student Health and Wellness:

Our school day begins with "Morning Meeting" in all grades Pre-K through 8th. All teachers have been trained in Responsive Classroom and Mindfulness Training. Special programs offered to students is Book Buddies with students in Kindergarten and 5th grade. Kelso, Babes, Lifelines, and Peer Leaders are just a few of the programs that promote wellness and the spirit of healthy living.

Parent and Community Involvement:

Family participation and parental involvement is essential to the success of the school community and its programs. The PTO runs several activities and projects through the year to benefit the school and education of our children. The Brielle Education Foundation is an independent organization that secures resources from outside entities to support specific projects/programs to stimulate a higher level of excellence in the district.

 Facilities:	Building improvements done includes: reconstruction of a parking lot to eliminate a chronic drainage issue, and repairing sidewalks. All windows and doors have been newly renovated. For the safety of our staff and students additional security cameras have been installed both internally and externally on the school grounds, and we are in the process of replacing our light fixtures with LED lighting.
 School Safety:	The safety of our students and staff is a primary concern. We currently have 34 security cameras located both inside the building and on the grounds outside. In addition, a police officer is stationed on the premises before, during, and after the school day with full access of the property. There is also a 'fob' system installed with three access points to gain entry into the building. These fob's are for staff members only and they are programmed to allow access only at certain times each day. With the exception of the main entrance, external doors are locked at all times, and visitors must be 'buzzed' into the building to gain entry. Critical Response Group presented to board members how they work with local law enforcement in the event of an emergency at the school.

 Technology and STEM:	Our STEM Curriculum is tailored to each grade level to increase their knowledge throughout their elementary education from Kindergarten through 8th grade. Students will learn different aspects of STEM and build upon what they learn to implement as they progress each year. Beginning with learning to ask questions, develop a simple drawing, making a model to solve a related, real-world problem, and learning basic computer skills in kindergarten to creating a multimedia website and creating advanced coding using various applications by the time they reach eighth grade.
 Early Childhood Education:	There is an AM preschool for 4 and 5 year olds and the PM program is for 3 and 4 year olds. Both are integrated programs and the focus is on academics, socialization, and peer interactions. Pre-school students are included in school wide assembles as well as, special area classes, such as: music, physical education, Stem, Art, and Spanish. Services are provided to special needs students as determined by their IEP's.

Other Information:

Through the generosity of the Brielle Education Foundation, private donations and the Board of Education, we were able to purchase 130 new ChromeBooks, a 3D Printer, advanced robotics and a portable Promethean board, which will allow us to continue to integrate new technology to enhance learning by maintaining current technology tools, applications and upgrades as necessary. IC H.O.P.E. (Helping Our People Eat) is dedicated to raising awareness and solving the problem of hunger in our area. This group received the "Lifetime Achievement Award" from the Monmouth-Ocean Food Bank. Our 8th grade students collected over 7,000 pounds of food. Students also participated in preparing 25 food baskets for the Thanksgiving Food Drive. Choir and Instrumental concerts were the highlight of the music program and parents, students, and the community were enthralled with the talent and enthusiasm of our students in the production of "Into the Woods".
