SP = Municipal Site Plan Approval
VERIFIED = Verified Line

Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct major residential (25 or more dwelling units), industrial, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, a U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Stream Encroachment: Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

NJPDES Surface Water-Industrial: A permit is required for any discharge of "pollutants" from any "point source" into surface waters of the state.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs
Attn: Adjudicatory Hearing Requests
Department of Environmental Protection
CN 402
Trenton, N.J. 08625-0402

DEP SUBSCRIPTION INFORMATION

Printing and circulation of the DEP Bulletin is handled through the Department's Distribution Center. Persons desiring to be included on the mailing list may call: (609) 777-4398 or write to this office. If you want to cancel your subscription, please use this form below as well.
