## OFFICE OF ADMINISTRATIVE LAW

### Proposed Amend Rules for Agency Rulemaking Notice of Public Hearing

Howard H. Kestin, Director of the Office of Administrative Law, pursuant to authority of N.J.S.A. 52:14B-7(g) and 52:14F-5f, proposes to amend N.J.A.C. 15:15 concerning rules for agency rulemaking and recodify it as N.J.A.C. 1:30.

These amendments modify the rules for agency rulemaking, implementing the Administrative Procedure Act (APA - P.L. 1968, C 410) and were written in response to:

1. the critical analysis of the Administrative Procedure Act and the Division of Administrative Procedure contained in the 1977 report, *Eye on the Executive*, issued by the Legislative Oversight Committee of the General Assembly;

2. changes in the Administrative Procedure Act and in the enforcement mechanisms brought about by P.L. 1978, C 67;

3. a recently issued recommendation on rulemaking requirements by the National Conference of Commissioners on Uniform State Laws.

Over the last forty-five years, administrative rulemaking has become a major governmental activity. Where, once, occasional rules were promulgated to aid in the implementation of statutes, the New Jersey Administrative Code now rivals the New Jersey Statutes in size. Legislative and public concern over the growth of the size and scope of agency rulemaking has resulted in the enactment of the APA, and in current proposals for legislative oversight of agency rulemaking.

The Office of Administrative Law has been entrusted with the obligation to oversee agency compliance with the APA. (N.J.S.A. 52:14F-5f) The primary mode of public participation in the rulemaking process established by the APA is through "notice" of proposed rulemaking and an "opportunity to be heard" (52:14B-4). With specific, limited exceptions, the public must be afforded reasonable notice of a proposed rulemaking, and reasonable opportunity to comment on the proposed rules. Any such comments must be considered fully by the rulemaking agency. These amendments are a product of that statutory obligation as viewed in the light of developing practices in the field.

In general these amendments do three things:

A. adjust the rules to correspond with the establishment of the Office of Administrative Law (OAL) and to related changes in the Administrative Procedure Act (APA);

B. crystallize, with greater clarity and precision some of the notice and hearing requirements of the APA;

C. consolidate various provisions and repeal certain rules which either repeat statutory language or should more appropriately appear as prefatory material in the Administrative Code or as inter-agency statements.

Authority for these proposed amendments is based on the Administrative Procedure Act, as amended. The 1978 amendments transferred "all the functions, powers and duties" of the former Division of Administrative Procedure to the Office of Administrative Law. The 1978 amendments also broadened the enforcement powers of the OAL in the area of agency rulemaking and gave OAL a more active oversight and regulatory role than the Division possessed.

Specifically, the 1978 law repealed N.J.S.A. 52:14B-6, which defined the powers and duties of the Division of Administrative Procedure. Simultaneously OAL was given the same duties, with augmented powers. N.J.S.A. 52:14F-5. For example, where the Division was charged to "advise" agencies on the "consideration, publication and interpretation" of their rules, 52:14B-6(e)(2), the OAL is more imperatively required to "assist" them on these matters. 52:14F-5i. Where the Division was given access to agency information which might generally "assure the proper promulgation" of rules, 52:14B-6(e)(7), the OAL is more specifically directed to use agencies' information to ensure that "they promulgate all rules required by law." 52:14F-5k. Where the Division was directed to formulate rules "for the prompt, proper and coordinated promulgation" of agency rules, 52:14B-6(e)(6), the OAL is required to promulgate rules to ensure the broader goal of "prompt implementation and co-ordinated administration" of the APA. 52:14F-5f. And, where the Division was given authority to promulgate rulemaking rules, 52:14B-6, the OAL is also specifically given the authority to "enforce" its rulemaking rules. 52:14F-5f.

The amendment to N.J.A.C. 1:30-1.1 (Short Title) and to N.J.A.C. 1:30-1.2 (Definitions) are technical adjustments required by P.L. 1978, C 67. Documents which were formerly directed to the Division of Administrative Procedure should be directed to Publications and Filings, Office of Administrative Law. The amendments to N.J.A.C. 1:30-

1.3, 1.4, 1.5 and 1.7 are technical. N.J.A.C. 1:30-1.3 contains the current address for Publications and Filings.

The new rule, N.J.A.C. 1:30-1.6, recognizes that common usage does not always follow formal legal requirements.

The amendment to N.J.A.C. 1:30-3.1 implements the notice requirements of N.J.S.A. 52:14B-4, and clarifies N.J.A.C. 15:15-4.2 and 4.3, which are repealed.

The cornerstone of the statutory notice requirement and of the previous rule, is the publication of a proposed rule in the New Jersey Register. N.J.S.A. 52:14B-4(a)(1). The amended rule retains this provision. The amended rule also requires that the statutory notice which is sent by the agencies to interested persons be identical to that accepted by the OAL for publication in the Register. This reflects past practice, and is the only way to assure that all members of the public receive the same notice of intention whether it comes via the Register or via agency correspondence. As a consequence of the increased legislative interest in rulemaking and of legislative requests for copies of proposed rules, the amendment requires that appropriate committees of the legislature be sent copies of the notice as a matter of course.

The amendment to N.J.A.C. 1:30-3.1 also specifies what must be included in a notice of intention before the notice may be considered adequate, or acceptable. 52:14B-4(a)(1). The key changes in the rule are the requirements that there be a specific explanation of a proposed rule, citing specific statutory authority, its subject matter, practical applications and expected impact on the public. Such information is necessary to a proper notice enabling "interested persons" to "present their views thereon." 52:14B-4(a)(1).

The amendments to N.J.A.C. 1:30-3.2 and 3.3 implement the "opportunity to be heard" requirement of N.J.S.A. 52:14B-4, and clarify, elaborate and consolidate the repealed N.J.A.C. 15:15-4.6. N.J.A.C. 1:30-3.2 also clarifies the required methods of notice for the various types of "opportunity to be heard" which may be afforded.

Two key changes are made in N.J.A.C. 1:30-3.3. One is the requirement that, for two years and in all instances, agencies retain a record of the public comments. The other is the obligation of the agency to establish a record of the reasons for accepting or rejecting the public comments. The purpose of the retention rule is to preserve the statutory rights of persons to contest a rule, whether on the ground of non-compliance with the procedural requirements of the APA or some other basis. N.J.S.A. 52:14B-4(a). Requiring agencies to explicitly respond on the record to public comments, implements as a matter of record the statutory requirement that agencies fully consider all public comments. (52:14B-4(a)(2)).

The amendment to N.J.A.C. 1:30-3.4 addresses on the effect of agency changes in a proposed rule prior to adoption. The central consideration is whether the changes are so substantial as to destroy the notice requirement of 52:14B-4(a)(1). If so, a new notice and opportunity to be heard is required by 52:14B-4(a)(1). The criteria for making this determination focus on whether the changes are likely to stimulate public interest in commenting on new features of the proposed rule.

The amendment to N.J.A.C. 1:30-4.1 consolidates the various requirements for filing an adopted rule with OAL. It includes a requirement to specify any changes between the rule as proposed and as adopted and to explain the rule in a manner similar to that required by N.J.A.C. 1:30-3.1(b)(4).

The amendment to N.J.A.C. 1:30-1.8, 4.2 and 4.3 are technical and nonsubstantive.

The amendment to N.J.A.C. 1:30-1.9 implements P.L.

1978, C 67, in keying the fees for copies of documents kept in OAL files to the Right to Know Law, N.J.S.A. 47:1A-2, rather than, as previously, to the fees for the Secretary of State's Office in N.J.S.A. 22A:4-1.

The amendment to N.J.A.C. 1:30-4.4 implements the waiver of notice and hearing requirements for emergency rules. 52:14B-4(c). Agencies have used the emergency rulemaking powers too frequently in the past where circumstances have not warranted.

It is essential that agencies retain the ability to act in furtherance of the public interest as necessary. Yet it must be recognized that members of the public have irrefutable, legislatively granted rights to participate in the rulemaking process. Every exercise of the emergency rulemaking power impairs these rights. Yet, there are times when such a result is required by an overriding public interest. A balanced approach must be achieved which will permit the agencies to act appropriately, but only where clearly warranted by genuinely emergent circumstances. The amendments require an agency to justify with specificity the use of the emergency rule exception. The certificate of emergency required by statute must cite operative facts to justify the use of this exception not merely conclusory statements or statutory language. Thus a proper record will be established. See N.J.S.A. 52:14B-4(d).

The amendment to N.J.A.C. 1:30-1.9 implements P.L. waiver of notice and hearing requirements for organizational and procedural rules. N.J.S.A. 52:14B-4(c). This exception has also been subject to some misconception and misuse. The amendment requires that an agency justify its use of this exception. The criteria which govern are taken from the two statutory provisions which define "the organization or procedure of an agency," 52:14B-3(1) and 52:14B-3(2), and the two key court opinions construing these provisions, *Brown v. Heymann*, 62 N.J. 1, 17 (1972) and *General Motors Corp. v. Blair*, 129 N.J. Super. 412, 424 (App. Div. 1974).

As one important way of promoting the fair notice requirements of the statute, the new rule under N.J.A.C. 1:30-2.1 requires that rules be written in plain language.

The amendments to N.J.A.C. 1:30-2.2 are technical and for reasons of clarity.

The new rule, N.J.A.C. 1:30-1.10, is for informational purposes only.

The new rule N.J.A.C. 1:30-1.11 implements the requirement of 52:14F-5f and 52:14B-7(g) that OAL enforce the APA and the requirement of 52:14B-4(d) that rules must comport with the APA in order to be valid. The standard of "substantial compliance" is taken from 52:14B-4(d). It should be noted that notice requirements of 52:14B-4(a) are not deemed satisfied unless the notice of intention is published by the OAL in the New Jersey Register. Under 52:14B-7(b), the Director is required to accept for publication only "such notices as have been submitted pursuant to this act."

Likewise, it should be noted that the New Jersey Constitution (Article V, Section IV, Paragraph 6) requires that a rule to be effective, must be "filed with the Secretary of State or in such other manner as may be provided by law." The law, N.J.S.A. 52:14B-5(c), provides that the Director may accept for filing only such rules which are "duly adopted and submitted by any agency pursuant to this act."

These "rules for agency rulemaking" are designed to implement statutory requirements. They are an effort to clarify for administrative purposes what is acceptable under the statute and what is not. Unacceptable documents will not be published or filed and will be returned

to the agencies for compliance with the law. The OAL will implement statutory requirements. They are in effort to comply with the law. (52:14B-7(f), 52:14F-5h and 52:14F-5i).

Full text of the proposed amendments follows (additions indicated in boldface thus; deletions indicated in brackets [thus]).

Such notice shall be prepared and presented by the adopting agency to the Division of Administrative Procedure in the form prescribed at Section 4.3 (Contents of notice) of this Chapter.]

(a) Where the law requires that an agency give notice of intended rulemaking action or rulemaking proceedings, notification shall include, at least 20 days prior to the proposed action or proceeding:

1. the publication of the notice of intention in the New Jersey Register, subject, however, to N.J.S.A. 52:14B-7(c);

3. the text of the proposed rule, or a summary of the proposed rulemaking action detailed and specific enough to identify: who and what will be affected by the proposed action; how, when and where the affect will occur; what is being prescribed, proscribed or otherwise mandated; what enforcement mechanisms and sanctions may be involved; any other key provisions. (b) The nature and manner of such opportunity shall be at the election of the adopting agency.

(c) Such opportunity must, in any case, be preceded by notice in the Register pursuant to Section 4.3 (Contents of notice) of this Chapter and shall not be concluded before 20 days from the publication date of such notice.]

(a) Where law requires that an agency give interested persons opportunity to be heard prior to final rulemaking action, this shall in all cases include the opportunity to submit written material to the agency and may also include, as required by law or at the discretion of the agency, the opportunity to make oral presentation or any other method of submission.

(b) Notice of the opportunity to make written submissions shall be contained in the notice of intention of the proposed rulemaking action (see N.J.A.C. 15:15-4.1).

(e) In both (c) and (d) above at least 10 days notice shall be given prior to the date any such opportunity is afforded.

[15:15-4.5] 1:30-3.3 Record of opportunity to be heard

(c) The record constitutes an official document of the administrative agency, is evidence of its compliance with legislative mandate to provide opportunity to be heard, and shall be available for public inspection at the agency.

Variance between the rule as proposed and as adopted

(a) Following any proceeding according to the public opportunity to be heard, the adopting agency shall consider fully all written and oral submissions, respecting the proposed rule.

(b) If upon such consideration, the agency shall determine to leave the text of the proposed rule as previously published, unchanged or to effect inconsequential or non-substantive changes in such text, it shall proceed to adopt the rule.

(c) If, however, the agency shall determine to revise the text of a rule previously published, which revision has the effect of enlarging its original purpose or of increasing the burden upon any person, the adopting agency shall request publication of a new notice of intention to adopt or change a rule and shall accord to the public further opportunity to be heard.

(d) If, however, the substantive change effected by such revisions shall not have the effect as described in this Section, it shall not be republished pursuant to this Subchapter, but the agency may proceed to adopt the rule as modified.]

(a) Where following the notice of intention of a proposed rule, an agency determines to make changes in the proposed rule so substantial as to effectively destroy the value of the notice, and to effectively create a new proposed rule, the agency shall give a new notice of intention and public opportunity to be heard.

(b) In determining whether the changes in the proposed rule are so substantial, consideration shall be given to the extent that they substantially:

1. enlarge who and what will be affected by the proposed rule;
2. change what is being prescribed, proscribed or otherwise mandated by the rule;
3. enlarge the scope of the proposed rule and its burden on those affected by it.

(c) Where the changes between the rule as proposed

(d) Such forms or orders may be amended from time to time as the Division deems necessary.

(e) This order constitutes an official document of the adopting agency and is evidence of the occurrence of an administrative act.

(f) The order should conform to the manner in which the business of an administrative agency is conducted (that is, its recitation in the minutes of an official meeting of a board or commission would necessarily be in the form different from that suggested here); the information itemized in this Section is deemed to be the minimum information sufficient to render the act effective.]

(a) With each rule submitted for filing there shall be included:

1. certification by the agency head that the rule was duly adopted according to law and that the requirements of the Administrative Procedure Act, P.L. 1968, C410, and of this chapter were complied with.

(b) If an agency has not adopted and submitted for filing a proposed rule [or rule change] within one year from the time such proposal was published in the New Jersey Register, the agency must thereafter resubmit such proposal for republication in the Register, subject if applicable to the 20 days' prior notice and opportunity to be heard requirements of the Act, before the proposed rule or rule change can be adopted.

- 1. The order adopting or changing the rule;
- 2. A written statement specifically describing the reasons for its finding that there is an imminent peril [necessitating] and that it necessitates emergency proceedings. The specific reasons shall include facts upon which a reasonable person could conclude the existence and nature of the imminent peril and not merely conclusory statements or repetition of statutory language;
- 3. A certificate of the adopting officer attesting to the facts set forth in the statement.

[15:15-4.21] 1:30-4.5 [Rules exempt from notice requirements] Procedural rule

[Any rule prescribing the organization or procedure of any agency may be adopted at any time without prior notice or hearing. Such rules shall be effective upon filing in accordance with this Subchapter or upon any later date specified by the agency.] No rule shall be accorded

the procedural rule exemption from the notice and opportunity to be heard requirements of N.J.S.A. 52:14B-4, as implemented by this chapter, unless the rule is in fulfillment of the requirements of either N.J.S.A. 52:14B-3(1) or N.J.S.A. 52:14B-3(2) and the rule does not operate directly upon members of the public or act as a substantive regulation governing the conduct of the public. ### Proposed Amend Applicability of Rules

Howard H. Kestin, Director of the Office of Administrative Law, pursuant to authority of N.J.S.A. 52:14F-5, proposes to amend N.J.A.C. 1:1-1.1 concerning the applicability of rules of the Office of Administrative Law.

The purpose of this amendment is to clarify for agency personnel and the public that the Office of Administrative Law contested case rules, like any agency rules, are subject to the supremacy of federal rules and federal and state statutes.

Full text of the proposed amendments follows (additions indicated in boldface thus; deletions indicated in brackets [thus]).

1:1-1.1(a) Subject to any superseding federal or state law, [T]his chapter shall govern the conduct of all contested cases in the Executive Branch of the State Government,<sup>1</sup> whether conducted by the Office of Administrative Law or by the agencies themselves pursuant to statute.<sup>2</sup> In the event of conflict between this chapter and any other agency rule, this chapter shall prevail. Procedural rules formerly adopted by the agencies shall continue to apply to the extent they are not inconsistent with this chapter, with statutory requirements or with constitutional standards. Under N.J.S.A. 52:14F-5(e) no agency other than the Office of Administrative Law may hereafter adopt any rules to regulate the conduct of contested cases and the rendering of administrative adjudications.

### Proposed Amend Administrative Hearings: Standards for Intervention

Howard H. Kestin, Director of the Office of Administrative Law, pursuant to authority of N.J.S.A. 52:14F-1 et seq., proposes to amend N.J.A.C. 1:1-12.3 concerning standards for intervention in administrative hearings.

Full text of the proposed amendments follows (additions indicated in boldface thus).

The purpose of this amendment is to clarify the application of the intervention standards, so as to help insure that necessary and proper parties appear in contested cases.

In certain cases, for example utility rate-making cases, the "public interest" is regularly represented by the Public Advocate. It is not the intent of the intervention rule to eliminate groups or members of the public solely because a state agency is already in the case as a representative of the "public" or "public interest."

Questions of sufficient interest, undue delay, unnecessary confusion and other appropriate matters will continue to be considered by judges in deciding intervention requests.

#### 1:1-12.3 Standards for intervention

(a) (No change.)

(b) In cases where one of the parties is a state agency authorized by law to represent the public interest in a contested case, no movant shall be denied intervention solely because the movant's interest may be represented in part by said state agency.

(c) [(b)] Notwithstanding [N.J.A.C. 1:1-12.3] (a) above persons statutorily permitted to intervene shall be granted intervention.

Interested persons may present statements or arguments in writing relative to the proposed action on or before February 25, 1981 to:

Burton D. Weltman, Esq.  
Assistant Director for Rules Development  
Office of Administrative Law  
88 East State Street  
Trenton, New Jersey 08625

The Office of Administrative Law may thereafter adopt rules regarding this subject without further notice.

16-5.101a-b (No change.)

16-5.101c Procedure: Positions in the Competitive Division:

1. Upon receipt of a 45 day layoff notice, the Director of Local Government Services shall act for the Chief Examiner and Secretary in determining the seniority, special reemployment and demotional rights of the employees.

Full text of the proposed new rules follows.

#### PART 20-8 EMPLOYEE ADVISORY SERVICE

##### Subpart 20-8.101 Policy and Procedure

###### 20-8.101a Subject:

This subpart describes the operation and regulations of the Employee Advisory Service established by the Department of Civil Service.

###### 20-8.101b Purpose:

The purpose of the Employee Advisory Service is to provide a means of assisting State employees who have demonstrated a capability for satisfactory work performance but have been performing unsatisfactorily or in such a manner as to cause concern because of personal or job related problems.

###### 20-8.101c Policy:

It is the policy of the State of New Jersey to encourage and facilitate the continued employment of persons who have demonstrated a capability for satisfactory job performance. The Employee Advisory Service arranges for the referral of employees, or members of an employee's household, for counseling or other professional services if (a) the employee's job performance is less than satisfactory, or (b) if the employee is experiencing personal problems which are manifested on the job.

All appointing authorities and employees are encouraged to utilize the Employee Advisory Service. Appointing authorities should refer employees to the Service when an employee's job performance causes concern rather than relying on an unsatisfactory job report. State employee associations and unions may refer employees to the Employee Advisory Service. Their support of the program is welcomed.

###### 20-8.101d Composition:

The Employee Advisory Service, a unit in the Bureau of Employee Services in the Department of Civil Service, is composed of professional counselors who evaluate employees and refer them to community resources for medical, psychiatric or other professional assistance.

###### 20-8.101e Definitions:

2. Employee: a State employee or a member of his/her household.

3. Employer referrals: employees referred to the Service by management because of unsatisfactory job performance or problems manifested on the job.

4. Personnel officer: any individual authorized to be responsible for agency personnel functions.

20-8.101f Confidentiality:

1. All information concerning an employee, whether stated, written or known, in the Employee Advisory Service files or referral files, shall be confidential.

2. Only the client can authorize the release of information concerning his/her contact with the Employee Advisory Service.

3. In order to release information:

(a) A release form must be signed by the client and his/her treatment agency or counselor.

(b) The client may state an expiration date for the release form after which confidentiality is restored and reestablished.

(c) When a client signs a confidentiality release form she/he is allowing full disclosure of information. There is no provision for partial disclosure.

20-8.101g Procedure:

1. Referrals:

(a) The employing agency is to refer an employee to the Employee Advisory Service for evaluation as soon as problems are manifested or when the employer's job performance causes concern.

(b) An employee whose job performance is cause for concern may be referred by the line supervisor to the personnel officer in his/her department and in turn to the Employee Advisory Service.

(c) Any employee may contact the Employee Advisory Service directly at:

Newark (201) 648-3332

Trenton (609) 292-8543

Hammonton (609) 561-7201

(d) The names and titles of employees who have received job performance ratings of unsatisfactory will be referred to the Chief, Employee Service.

(e) If the Employee Advisory Service counselor determines that the client's situation is not within the scope of the Service, the counselor will refer the employee to the Chief, Employee Services, who will interview the client. The Chief, Employee Services, will contact the personnel officer in the client's department in an effort to work out a solution to the present problem.

(f) Concerns that precipitate an agency referral must be handled administratively by the agency when an employee does not keep or refuses referral appointments.

2. Interviews:

(a) The employee will be scheduled for an appointment through the personnel officer of his/her department.

(b) An appointment will be scheduled through the employee's personnel officer for the supervisor who rated the employee. Agency attendance at this appointment is mandatory.

3. Time off:

(a) Employees who are referred by their personnel officer to the Employee Advisory Service will be excused from work assignments for up to two visits.

(b) Employees will be charged vacation, sick leave or administrative leave for subsequent visits.

(c) Other arrangements are to be worked out between the employee and management with or without participation by the Employee Advisory Service.

4. Follow-up:

(a) The Employee Advisory Service will maintain follow-up concerning the employee's job performance for a period of at least one year.

(b) If the employee does not follow the course of action recommended by the Employee Advisory Service, or no

further follow-up services can be performed, the employee shall no longer remain in active client status. The appointing authority shall determine what course of action to take concerning said employee.

20-8.101h Removal:

Before seeking removal of an employee who is in active client status, the appointing authority shall consult with the Chief, Employee Services.

17-1.101c Pregnancy-disability leave without pay

1. Upon request, pregnancy-disability leave without pay shall be granted by the appointing authority upon the receipt of acceptable medical evidence that the employee is unable to perform her work due to disability because of pregnancy. 17-1.101f Temporary employees, provisional employees and employees who have not completed their working test period

As provided by N.J.A.C. 4:1-17.2(b), leave without pay for a temporary employee, provisional employee or employee who has not completed the working test period is restricted to a maximum of 60 days. ## ENVIRONMENTAL PROTECTION DIVISION OF COASTAL RESOURCES

### Proposed Amend Waterfront Development Permits

Jerry Fitzgerald English, Commissioner of Environmental Protection, pursuant to authority of N.J.S.A. 13:1D-9 and N.J.S.A. 12:5-3, proposes to amend various sections in N.J.A.C. 7:7-2 concerning Waterfront Development permits. This action is known within the Department as Docket No. DEP 002-81-01.

The proposed amendments are intended to refine the delineation of the upland boundary of the "upland area" defined by the existing rules; to clarify the Waterfront Development permit requirements for illegally filled tide-flowed lands; to exempt certain additions to existing industrial facilities; to clarify the process for making applicability determinations; to specify the duration of permits; and to authorize the issuance of general permits. In accordance with CFR 923.84, the Department of Environmental Protection considers these proposals as routine programmed implementation within the meaning of the Federal Coastal Zone Management Act. Comments on whether or not this action constitutes routine programmed

implementation may be submitted to the Federal Office of Coastal Zone Management within three weeks of the date of this notice.

Full text of the proposed amendments follows (additions indicated in boldface thus; deletions indicated in brackets [thus]).

#### 7:7-2.2 Purpose and scope

The Waterfront Development Law, N.J.S.A. 12:5-3, authorizes the Department of Environmental Protection to approve "all plans for the development of any waterfront upon any navigable water or stream of this State or bounding thereon . . ." This subchapter is intended to implement N.J.S.A. 12:5-3 by defining a boundary for "waterfront" areas and by defining "waterfront development".

#### 7:7-2.3 Definitions

The following words and terms, when used in this subchapter, shall have the following meanings unless the content clearly indicates otherwise.

"Division" means Division of Coastal Resources.

"Navigable waterway" means those waters of the State which are subject to the ebb and flow of the tide shoreward to the mean high water line to the extent of tidal influence.

#### 7:7-2.4 Waterfront Area described

(a) The Waterfront Area to be regulated under this subchapter shall consist of:

1. A "water area", which shall include any navigable waterway [or stream] of this State and all lands lying thereunder up to the mean high water line; and

2. An "upland area", which shall include all lands extending landward from the mean high water line of such water area to the first surveyable property line, paved public road, railroad right-of-way, or other cultural feature generally parallel to the waterway; provided that the landward boundary of such area shall be at least 100 feet and no greater than 500 feet from the waterway [except where lands formerly flowed by the tide (i.e. tidelands) extend more than 500 feet from the mean high water line. In such cases the boundary of the upland fringe area shall be the upland boundary of such tidelands].

#### 7:7-2.7 Activities requiring permits

(a) The following activities will require a permit in the Waterfront:

1. (No change.)

2. (No change.)

3. The construction, reconstruction, or enlargement[,] of any [building or other] structure, or of any excavation or landfill, with exceptions as listed in N.J.A.C. 7:7-2.8 or 2.10.

#### 7:7-2.8 Activities not requiring permits

(a) The following activities will not require a permit in the waterfront:

1. (No change.)

2. (No change.)

3. Minor additions to or changes in existing industrial and manufacturing facilities, such as cracking towers or single storage or holding tanks, where such changes or additions do not result in a change in the present land use of the site. The construction of new tank farms on previously vacant land for example, will not be regarded as minor change or addition.

[3.] 4. (No change in text.)

#### 7:7-2.9 Permits for filled tidelands

(a) A permit is required for the development of any filled lands formerly flowed by the tide, the filling of

which took place after 1914 without the issuance of a tidelands grant, lease or license by the Department of Environmental Protection and Tidelands Resource Council or their predecessor agencies, even where such lands extend beyond the landward boundary of the upland area defined in N.J.A.C. 7:7-2.4(b).

(b) In addition, a permit is required for any development on lands formerly flowed by the tide where such a permit is required as a condition of the tidelands grant, lease or license applicable to such lands. This requirement applies regardless of the land's location with respect to the upland area regulated under this subchapter.

#### 7:7-2.[9]10 Exemptions for development in progress on effective date

(a) This subchapter shall not apply to any development or activity in the upland area for which on-site construction, including site preparation, was in progress on or prior to the effective date of this subchapter.

(b) (No change.)

(c) Exemptions shall be applied for and considered upon submission of information (See N.J.A.C. 7:7-2.12) sufficient for the [Commissioner] Division to determine that physical work necessary to begin the construction of the proposed facility was actually performed [on the proposed facility, including site preparation,] prior to September 26, 1980, the effective date of this subchapter. Any interruption in the process of construction and completion of the facility in excess of one year may be cause for denial of an exemption request by the [Commissioner] Division unless caused by financial, labor, legal or other factors beyond the developer's control, provided good faith efforts were made by the developer to overcome such delay or interruption. Interruptions caused by financial, labor, or legal factors must be documents in the exemption request.

#### 7:7-2.[10]11 Permits

(a) Any person proposing to undertake or cause to be undertaken any development in the Waterfront Area shall first obtain a permit from the Division of Coastal Resources. Permit application forms may be obtained upon request from the Division of Coastal Resources, Department of Environmental Protection, [Box 1889] CN401, Trenton, New Jersey 08625.

(b) (No change.)

#### 7:7-2.[11]12 [Exemptions] R[r]equests for [Finding on Geographic and Activity] applicability determinations

(a) Any person proposing to undertake or cause to be undertaken any development or activity in or near the Waterfront Area may request in writing a determination that the proposal is [exempt from] not subject to the requirements of this subchapter on the basis that the proposed facility's site is located outside the Waterfront Area, or that the proposed facility does not require a permit, as described in N.J.A.C. 7:7-2.8.

(b) The requesting party shall provide the Division with two copies of a map depicting the project site in a scale of not less than 1:2,400 (one inch equals 200 feet) and a project description. When the exemption request is based on a proposed facility's location landward of the first surveyable property line more than 100 feet from the waterway, the map shall depict that property line as it is depicted on the official local tax map as of the effective date, shall delineate the mean high water line, and shall graphically depict the proposed project.

(c) (No change.)

7:7-2.[12]13 Procedure for development [entirely] within regulated wetlands

(a) No Waterfront Development permit shall be required for a proposed development located entirely or partially within a wetland area regulated under the Wetlands Act (N.J.S.A. 13:9A-1 et seq.).

7:7-2.[13]14 Criteria for permit decisions  
(No change in text.)

7:7-2.[14]15 Appeals  
(No change in text.)

7:7-2.16 Duration of permit

The permit shall authorize the commencement of construction for three years from the date of issuance. The Division may, upon written request of the permittee, extend such authority for periods of up to one year, not to exceed two such extensions. If construction does not commence within the initial three year period (or within the five year period if one or more extensions have been granted), then the permit shall lapse.

7:7-2.17 General permit

The Division may establish criteria and conditions for the approval of minor activities by general permits. The projects authorized under such a general permit must conform with those criteria and special conditions.

(1) Such notice shall describe the proposed facility, identify its agency project number, announce the date, place, and time of the public hearing on the application, and indicate that comments on the application may be made to the Division of Coastal Resources, New Jersey Department of Environmental Protection, CN 401, Trenton, New Jersey 08625 within 15 days of the date of the public hearing or until the application is declared complete for review, whichever occurs last.

(2) Notice shall be made to the owners of all real property within 200 feet of the site in all directions and also by publication in a newspaper of general circulation in the municipality in which the site is located.

(A) If the facility is a linear facility greater than 2400 feet in length such as a pipeline or road, the applicant shall give public notice by publication of a display advertisement of at least four column inches in a newspaper of general circulation in the municipality, and by providing notice to the owners of all real property immediately adjacent to and abutting the facility; except that notice shall be made to owners of all real property within 200 feet of an above surface structure related to a linear facility, such as a pumping station or treatment plant.

(3) Proof of notice shall be submitted to the Division before the public hearing.

Renumber iv.-vii. as v.-viii.

6. Final review of application:

i.-iii. (No change.)

iv. Cancellation of incomplete application: If an application is not complete for review within 90 days of a request for additional information by the Commissioner, pursuant to (e)(5)(iv) or (e)(6)(i) above, the Division may, 30 days after providing written notice by certified mail to the applicant, cancel and return the application, unless good cause is shown by the applicant, who must request and be granted by the Division a 90 day extension to submit the requested information.

(1) All fees submitted with such application are non-returnable.

(2) A resubmission of a previously cancelled application shall be accompanied by the appropriate fee pursuant to N.J.A.C. 7:1C-1.5(a)(3), unless the resubmission is made within one year of the date of notice of cancellation.

7.-8. (No change.)

9. Resubmission of denied application: If an application is denied, the applicant may resubmit an application for the same project on the same site within one year without additional fees. The person resubmitting the application will be required to follow the full procedure of the permit application process, as defined in N.J.A.C. 7:7D-2.3, and the resubmitted application will be treated as a new application, although references may be made to the previously submitted EIS. If an applicant wishes to appeal the Division's decision, and at the same time revise the application, he may wish to follow the procedures in N.J.A.C. 7:7D-2.8(e).

7:7D-2.5 Permit

(a)-(b) (No change.)

(c) The [commissioner] Division may approve an application with specific pre-conditions that must be satisfied before the permit may be issued. Public notice of the de-

cision shall indicate the tentative status of the decision. The applicant must comply with such pre-conditions within six months of the date of the decision or [provide an explanation to the Department why such precondition cannot be satisfied] the application shall be deemed to have been withdrawn and subject to the provisions of N.J.A.C. 7:7D-2.3(e)(8). [Failure to comply with this section may result in the revocation of application approval.]

1. An application may be approved with specific pre-conditions if the Division is satisfied on the basis of the information then before it that the application under review will in all likelihood receive approval, and that the nature of the requirements of the pre-conditions will not change that finding unless those requirements are not met.

2. The applicant's submission of information in response to preconditions shall be reviewed promptly by the Division, which may, at its discretion, hold a public hearing on the submitted information and the Division's preliminary analysis of the submitted information, if the pre-conditions are of a magnitude and scope that the second public hearing would be in the public interest.

3. The applicant shall consider submissions of information in response to pre-conditions to be amended applications, subject to the provisions of N.J.A.C. 7:7D-2.3(e)(2). The Department shall publish a notice of the availability of the submitted information in the DEP Bulletin.

4. The Division shall render a decision on satisfaction of preconditions within 30 days of the Division's receipt and acceptance of the submitted information, unless the Division decides to hold a public hearing on the applicant's response to the pre-conditions, in which case the process, timetable, and requirements for decision-making of N.J.A.C. 7:7D-2.3(e)(7) shall apply.

(d)-(f) (No change.)

(g) The [Commissioner] Division reserves the authority to issue a revised permit for good cause when unusual circumstances warrant minor changes in the original permit which are unlikely to produce additional adverse environmental impacts. At the discretion of the Division and depending upon the scope of the changes requested in the permit, the person requesting the revised permit may be required to follow the full procedure of the permit application process, including the public hearing, as prescribed in N.J.A.C. 7:7D-2.3. In such cases, the requested revision will be treated as a new application, although the applicant will not be required to submit a new application and EIS. The applicant will be required to submit an amended application and amended EIS, to facilitate the review of the request for a revised permit.

(h)-(i) (No change.)

#### 7:7D-2.8 Appeals

(a) (No change.)

(b) After the decision to approve an application without pre-conditions, the Division shall issue a permit. The issuance of the permit shall not affect the right of the applicant and interested persons to appeal the decision, as provided for in this section. The 21 day appeals period shall end on the twenty-first day following the publication of the notice of the decision in the DEP Bulletin, as required by N.J.A.C. 7:7D-2.8(a)(1).

(c) If the Division has approved an application with pre-conditions, then no appeal may be filed until the Division decides that the pre-conditions have or have not been satisfied. After the approval of an application with pre-conditions, and after the decision that the pre-conditions have been satisfied, the Division shall issue the permit. An appeal may thereafter be filed on any aspect of the application until expiration of the appeals period.

(d) A permit may, if requested by an interested person

and for good cause shown, be stayed until final resolution of any appeal, as described in (a)(1)(v) above. If the Division's decision is appealed, all construction prior to the close of the appeals period shall be at the risk and peril of the applicant.

(e) Any applicant who has appealed a decision, pursuant to this section may submit a revised application to the Department in an effort to negotiate a settlement of the appeal. The Division will treat requests for such a settlement as a new application, subject to the full procedure of the permit application process as defined in N.J.A.C. 7:7D-2.3, although the applicant will not be required to submit a complete new application and EIS. No fee will be required. The applicant will be required to submit an amended application and EIS, indicating and assessing the revisions to the project, as well as any additional information requested by the Division.

1. Once the applicant and the Division reach a tentative agreement on a proposed settlement, then the preliminary analysis shall be prepared by the Division and a public hearing shall take place.

2. After the public hearing, the Division shall, within the applicable time periods, decide whether to approve the revised application.

i. If the Division decides to approve the application, the permit shall issue at the close of the 21 day appeals period, pursuant to N.J.A.C. 7:7D-2.8(a)(1) and N.J.A.C. 7:7D-1.5, after the withdrawal of any appeals filed by the applicant.

ii. If the Division decides not to approve the application or if the applicant decides not to appeal, then the appeal settlement procedure is terminated and the appeal procedure shall be pursued.

3. It is expected that the review time for revised applications to settle appeals will be considerably less than the initial review of an application due to the Division's familiarity with the site and project based on the initial review.

Interested persons may present statements or arguments in writing relevant to the proposal on or before March 23, 1981 to:

John R. Weingart, Chief  
Bureau of Coastal Planning and Development  
Division of Coastal Resources  
CN 401  
Trenton, N.J. 08625

The Department of Environmental Protection may thereafter adopt rules concerning this subject without further notice.

#### Proposed Amend NJPDES Permit Exemptions

Jerry Fitzgerald English, Commissioner of Environmental Protection, pursuant to the authority of N.J.S.A. 13:1B-3 and N.J.S.A. 58:10A-1 et seq. hereby proposes to amend N.J.A.C. 7:14-3.4 concerning exemptions from NJPDES permits. This proposal is known within the Department as Docket No. 065-80-11.

Questions have arisen regarding the authority of the Department's present regulations adopted pursuant to the New Jersey Water Pollution Control Act, N.J.S.A. 58:10A-1 et seq. to prohibit the discharge of hazardous or toxic wastes into domestic treatment works. Recognizing the grave public health, safety and welfare problems that could result should the Department be unable to prohibit the discharge of such substances into domestic treatment works, the Department proposes this rule to re-emphasize and reinforce what it believes is already the very clear language of this regulatory provision. This will continue the prohibition against the discharge of hazardous and toxic substances into domestic treatment works except in very limited and controlled circumstances. Persons violating this regulation will be subject to the enforcement powers available to the State under the New Jersey Water Pollution Control Act.

The Department is particularly concerned with the so-called "midnight dumping" of toxic and hazardous waste chemicals into domestic treatment works via surreptitious pouring of either flammable, explosive, corrosive and/or toxic chemicals into manholes from mobile sources and otherwise. These discharges are not authorized by the affected treatment authority, and will not receive adequate treatment in the sewerage system. This can result in adverse impacts on the treatment plant effluent quality and receiving streams, and may also adversely affect the integrity of the treatment works system. The proposed amendment is intended to re-emphasize the prohibition against such unauthorized discharges into domestic treatment works.

Full text of the proposed amendment follows (additions indicated in boldface thus).

#### 7:14-3.4 Exemptions

(a) The following categories of discharge shall be temporarily exempt from the NJPDES requirement of section 3 of this subchapter.

1. Additions of sewage, industrial wastes or other materials into a publicly owned sewage treatment works which is regulated by pretreatment standards.

i. No addition of industrial wastes or other chemical materials into a publicly owned sewage treatment works shall be covered by this exemption except when placed into said system in full compliance with applicable pretreatment standards, (federal, state and owner/operator) and the rules and regulations of the owner/operator of the sewage treatment plan and also in full compliance with any administrative orders issued by the Department to any entity using or proposing to use a sanitary sewer system for disposal of any chemical materials.

ii. If the pre-treatment standards or rules and regulations of an owner/operator of a sewage treatment plant do not set a maximum concentration or total volumes for a particular chemical substance, or otherwise authorize its discharge into the sewerage system, then, no exemption from the Department's permit requirement shall be allowed.

The Department invites public comment upon this rule. Comments regarding this rule should be directed to the following individual on or before March 23, 1981.

Herbert B. Bennett, Chief  
Office of Regulatory Affairs  
Department of Environmental Protection  
P.O. Box 1390  
Trenton, New Jersey 08625

The Department of Environmental Protection may thereafter adopt this rule substantially as proposed without further notice.

per week during the regular school year has failed or refused to comply without good cause, such student shall be ineligible to participate as a household or as a member of any household. The disqualified student shall be ineligible for a period of two months unless the student becomes exempt, or until such student complies with the provisions for reestablishment of eligibility (see section 21 of this subchapter) whichever is earlier.]

[No individual who is a member of a household otherwise eligible to participate in the Food Stamp Program shall be eligible to participate as a member of that or any other household if the individual has reached age 18, is enrolled at least half time in an institution of higher education, and is properly claimed or could be properly claimed for the current tax year as a dependent child for federal income tax purposes by a taxpayer who is not a member of an eligible household.]

10:87-3.23 [Eligibility of taxpayer's household] Procedures for students in an institution of higher education

[(a) Prior to determining the eligibility of students who are or could be properly claimed tax dependents, the eligibility of the taxpayer's household shall be determined. A proper claim of tax dependency exists when the taxpayer provides or will provide over half of the student's support for the current tax year. Additionally, a proper claim exists when the taxpayer is or will be treated as having provided over half the student's support under IRS rules for "children of divorced or separated parents" dependents supported by two or more taxpayers.

(b) Determination of eligibility: The eligibility of the taxpayer's household shall be based on information provided by the student or the taxpayer. If the taxpayer's household is not currently certified for food stamps, its eligibility shall be determined by the household's size and monthly gross income. The household's gross income shall be compared, as appropriate for household's size, to the gross income eligibility standards in Table IV.

(c) Self-employment income: For the purpose of determining eligibility of the taxpayer's household having income from self-employment, the gross income shall be determined on an annual rather than a monthly basis. The cost of doing business except taxes shall be deducted prior to comparing income to the standards in Table IV.]

(a) Student in an institution of higher education defined: Any person who is between the ages of 18 and 60 who is physically and mentally fit and is enrolled at least half time in an institution of higher education. Excluded from this definition are persons who are attending high school, participating in on-the-job training programs and training programs which are not institutions of higher education.

1. Student eligibility requirements: In order to be eligible to participate in the Food Stamp Program, any student (as defined in (a) above) must meet at least one of the following criteria:

- i. Be employed at least 20 hours per week;
- ii. Participate in federally financed work study program during the regular school year;
- iii. Be enrolled in an institution of higher education as a result of participation in the Work Incentive Program (WIN); or

iv. Be the head of a household or married to the head of a household which contains one or more other persons dependent on the household head because he/she supplies more than half of their support.

2. Head of household concept: In determining whether a head of household furnishes more than half of the support of a dependent the following principles apply:

i. The head of household must furnish over half of the dependent's total support during the calendar year. Total support is the sum of the fair rental value of lodging furnished, all items of expenses paid or incurred directly by or for the dependent, such as clothing, food, transportation, education, recreation, dental and medical expenses; and a proportionate share of expenses that cannot be attributed directly to a particular individual, such as cost of food for the entire household.

ii. The person providing the support is the person to be evaluated for head of household status. Need-based federal, State or local assistance payments on behalf of a household member are considered as being provided by the person receiving such payments in determining head of household status. For example, a mother with a five year old child would qualify for the head of household exemption, even if the primary source of income is AFDC.

iii. The only restriction on who may be claimed as a dependent is that the dependent must be a member of the same household. A person can claim a spouse as a dependent.

iv. Circumstances not covered by these general principles are to be evaluated with reference to Sections 151 and 152 of the Internal Revenue Code.

10:87-3.24 [Certifying the household] (Reserved)

[(a) If verification of a student's tax dependent status or the eligibility of the taxpayer household has been requested in accordance with N.J.A.C. 10:87-2.21(a)4iv and verification is not received on a timely basis, the eligibility of the remaining household members shall be determined. The student whose tax dependency status is questioned and unverified shall be considered a nonhousehold member and eligibility of the remaining household members determined in accordance with procedures in N.J.A.C. 10:87-7.17.

(b) Verification subsequently received: If verification is subsequently received and establishes that the student is eligible because the student cannot be a properly claimed tax dependent, or because the taxpayer's household is eligible, the CWA shall act on the information as a reported change in household membership in accordance with the timeliness standards in subchapter 9 of this chapter.]

10:87-4.3 Resources defined

(a) The resources of a household shall include the following which shall be recorded by the county welfare agency in sufficient detail to permit verification as necessary (see N.J.A.C. 10:87-2.20 and [section 5 of this subchapter] N.J.A.C. 10:87-4.5).

1. Liquid resources: Liquid resources such as cash on hand, money in checking or savings accounts, savings certificates, stocks[,] and bonds, and lump-sum payments as described in N.J.A.C. 10:87-5.9(a)[9]10.

2. (No change.)

10:87-4.6 Resources of nonhousehold members

(a) The resources of nonhousehold members shall not be counted as available to the household unless the individual is [an integral member of the household and is subject to one of the following disqualifications:] disqualified from the program for committing fraud pursuant to N.J.A.C. 10:87-11.1.

[1. Fraud: The individual is disqualified from the program for committing fraud pursuant to N.J.A.C. 10:87-11.1; or

2. Work registration: The individual is a student and is disqualified from the program for failure to comply with the work registration requirement during the school year in accordance with N.J.A.C. 10:87-3.20(e).]

10:87-5.6 Income of disqualified individuals

Earned income or unearned income of an individual disqualified from the household for fraud (see N.J.A.C. 10:87-11.1) [or for failure to comply with student work registration requirements (see N.J.A.C. 10:87-3.20(e))] shall continue to be counted as income, less the prorated share for that individual. The remaining income is included in the household's earned and/or unearned income. Procedures for calculating this pro rata share are described in N.J.A.C. 10:87-7.16.

10:87-5.9 Identification of income exclusions

(a) Only the following shall be excluded from household income; and no other income shall be excluded.

1. - 8. (No change.)

9. Income of an ineligible student: The income, either earned or unearned, of an ineligible student as defined in N.J.A.C. 10:87-2.3(a)5 shall be excluded.

iii. - v. (No change.)

4. - 6. (No change.)

10:87-6.23 Other households

(a) Other households shall be assigned the longest certification periods possible based on the predictability of the household's circumstances. Households shall be certified for at least three months, except as follows:

1. - 6. (No change.)

[7. Households with students subject to work registration: When assigning certification periods, the CWA shall take into consideration that students are required to register for full-time work during the summer months unless they attend summer school at least half time (see N.J.A.C. 10:87-3.18(b)3).]

10:87-7.16 Income and resources of disqualified members

(a) Individual household members may be disqualified for fraud (see N.J.A.C. 10:87-11.1) [or for failure to meet the student work registration requirements during the school year (see N.J.A.C. 10:87-3.20(e))]. During the period of time a household member is disqualified, the eligibility and benefit level of any remaining household members shall be determined as follows:

1. - 5. (No change.)

[i. #### CHAPTER 1

#### FOREWORD

In addition to State pension plans, the Division of Pensions has been responsible for the operation of the State agency for Social Security since its inception in 1951, the Pension Adjustment [Increase] Program beginning in 1958, the Supplemental Variable Annuity System first established in 1963, the State Health Benefits Program with its extension to include local government employers for the first time in 1964, the State Police Retirement System as established in 1965, and the alternate benefit programs for State and county colleges as authorized in 1968, and as expanded to include the group life and long-term disability benefits for all public institutions of higher education in New Jersey as a result of legislation enacted in 1969, Unemployment Compensation for certain State employees in 1972, which was extended to all eligible employees in 1978, the Judicial Retirement System in 1973, the State Employees' Prescription Drug Program in 1976 and the State Employees' Dental Expense Program in 1978.

The Division of Pensions administers the laws governing the Public Employees' Retirement System, the Teachers' Pension and Annuity Fund, the Consolidated Police and Firemen's Pension Fund, the Police and Firemen's Retirement System, the Prison Officers' Pension Fund, the State Police Retirement System, Central Pension Fund, Judicial Retirement System, Alternate Benefits Programs of public institutions of higher education, the Supplemental Variable Annuity System, the State Health Benefits Plan, the State Employees' Prescription Drug and Dental Expense Programs, the State Agency for Social Security and the Pension [Increase] Adjustment Program, subject to rules, regulations and decisions of the respective boards of trustees and commissions of these systems as such may be altered from time to time by legislation, court decisions and opinions of the Attorney General.

In the regulations governing the general administration of the Division of Pensions there are those which are common to all employee benefit programs administered by the division as well as those which are unique to specific systems, such as the alternate benefit programs of State and county colleges, the Central Pension Fund, Judicial Retirement System, Pension [Increase] Adjustment Program and the State Agency for Social Security.

The Pension Adjustment [Increase] Program was established pursuant to N.J.S.A. 43:3B-1 through 6, Chapter

143, P.L. 1958, and it covers all eligible pensioners of the State-administered retirement programs.

The State agency for Social Security was initially established by N.J.S.A. 43:22-1 et seq., Chapter 253, P.L. 1951, and became effective with the execution of a Federal-State compact on Social Security coverage in December, 1952. Pursuant to N.J.S.A. 43:15A-1 et seq., Article I of Chapter 84, P.L. 1954, all eligible public employees in New Jersey were required to be covered by Social Security pursuant to the terms of the Federal-State agreement effective January 1, 1955. [Under terms of the State statute the State Treasurer is the State agency and his responsibility is delegated to the Director of the Division of Pensions.] Under the terms of the State statute, the work of the State agency is delegated to the Director of the Division of Pensions.

In cases where an incompetent retired member or beneficiary is confined to a State institution in New Jersey (under Department of [Institutions and Agencies] Human Services) in lieu of guardianship, his or her retirement allowance may be continued upon court order (N.J.S.A. 30:4-67 et seq.) directing the retirement system to make payment to the chief administrative officer for the use and care of said member or beneficiary during the period of confinement.

However, where an employer fails to complete the information prescribed by the enrollment application, the employee will be enrolled and assigned the highest possible rate of pension contribution.
