ABOUT THE WEEKLY BULLETIN

The DEP WEEKLY BULLETIN is an informational service provided free of charge by the N.J. Department of Environmental Protection. It contains a complete list of construction permit applications filed with or acted upon by D.E.P. Interested persons will thus be able to determine the status of applications dealing with Riparian permits, Wetlands permits, Stream Encroachment permits, Sewerage Extension permits, and CAFRA permits (Coastal Area Facility Review Act). In addition the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. (The Public Hearings however, are not official DEP notices). Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

Pursuant to the Governor's Executive Order # 57 the Office of Business Advocacy as staff to the Commissioner of Labor & Industry is charged with the responsibility of implementing a program of Permit Coordination on a state and local level. OBA provides assistance in guiding the applicant through the permit maze. OBA's technical staff function as expeditors in resolving the unexpected problems encountered when constructing a project.

The Office of Business Advocacy will designate a Permit Expediter to your project. The Permit Expediter will:

- Advise you of what DEP permits are required for your project, upon completing "MASTER PERMIT INFORMATION APPLICATION FORM".
- Coordinate contacts with relevant local and state regulatory agencies upon request.
- Monitor the progress of your permit application.
- Act to ensure processing of most permits within 90 days of application.
- Process "Over The Counter" certain permits meeting appropriate criteria.

THE COMMISSIONER

Proposed Amendments Concerning 90 Day Construction Permits

Betty Wilson, Acting Commissioner of Environmental Protection, pursuant to authority of N.J.S.A. 13:1D-33, proposes to adopt amendments concerning 90 day construction permits.

The proposal involves the deletion of the current text of N.J.A.C. 7:1C-1.10, Other state statutes, rules and regulations, 7:1C-1.11, Severability, and 7:1C-1.12, Implementation of these rules and regulations; the recodification of the current text of N.J.A.C. 7:1C-1.9, Appeals, which will now be cited as N.J.A.C. 7:1C-1.10; and the adoption of new rules concerning over-the-counter processing which will be cited as N.J.A.C. 7:1C-1.9, if adopted.

Full text of the proposed new rules follows:

7:1C-1.9 Over-the-counter processing

(a) As a means of expediting permit review for certain minor projects, the Department will fast process, unless emergencies dictate otherwise, minor projects in the categories of stream encroachments, sewer extensions and riparian waterfront development.

(b) Stream encroachment rules are:

1. The Department will provide a 24 hour, one day processing service for certain "minor" stream encroachment permits (listed below). Projects must be in-house by 9:30 A.M., otherwise the permit will be put in the mail, or can be picked up the next day. Pre-application conferences are recommended to ensure that all necessary material will be submitted. An appointment must be made for the over-the-counter submittal process, review, and permit issuance.

2. The Construction Permit form (CP #1) must be properly completed, but it does not need to be forwarded to any county or municipal agency (See N.J.A.C. 7:1C-1.3(c)). An engineering data sheet must be completed for all stream encroachment projects. For headwalls, under the stream encroachment application engineering data sheet, only the following items need be supplied: a, b, c, d, e, f (one plan view and one profile of the out-flow line continuing so as to include a cross-section of the channel), h, j, l, and t. Note: there is a separate data sheet for Pipelines/Cables.

3. Minor stream encroachment projects are projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream and do not require substantial channel modification or relocation.

i. Minor stream encroachment projects which will be processed on an "over-the-counter" basis shall include, but are not limited to:

- (1) Sewer headwalls;
 - (2) Outlet works;
 - (3) Sewer outlet diffusers;
 - (4) Minor water intake facilities;
 - (5) Minor regrading;
 - (6) Utilities that are constructed within 100 feet of the top of the channel bank;
 - (7) Each channel crossing of utility;
 - (8) Minor bank re-establishment and/or protection projects, limited to 100 feet;
 - (9) Bridge deck replacements;
 - (10) Farming practices (including ditches) approved by the Soil Conservation Service;
 - (11) Projects whose major purpose is mosquito control pursuant to N.J.S.A. 26:9-1 et seq.
- ii. Minor stream encroachment projects which will not be processed on an "over-the-counter" basis shall include:
- (1) Desnagging and stream cleaning;
 - (2) Minor dredging projects;

- (3) Dug ponds without structures;
- (4) Channel excavations project, where all material removed from the flood plain, or graded and stabilized;
- (5) Residential foot-bridges;
- (6) Recreation and habitat management structures of the Division of Fish, Game and Shellfisheries;
- (7) No "over-stream" crossing approval unless "attached" to the downstream side of an existing bridge or culvert and above the underclearance, or "Within" the superstructure of the bridge or culvert;
- (8) Combined projects of government agencies submitted as one minor project for a calendar year will not be considered as a minor project for "over-the-counter" permit purposes.

(c) Sewer extensions rules are:

1. DEP has a (24 hour) one-day processing service for "minor" sewer extension projects. "Minor" sewer extension projects must be:

- i. Length of 1,000 linear feet or less;
 - ii. Cost of \$25,000 or less;
 - iii. Sewage flow per day of 12,000 gallons or less.
2. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects cannot be located in areas under sewer ban, administrative orders, or litigation.
3. Projects must be in-house by 9:30 A.M., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. Over-the-counter projects will be processed by appointment only.
4. Applicants must include in the application package proof of a prior approval, endorsement, or a letter of no objection from all required local agencies prior to filing application with the State.
5. An "engineer's report" form, available from the Public Wastewater Facilities Element of the Division of Water Resources, must be completed and certified by a licensed New Jersey engineer and submitted with the application.

(d) Riparian rules are:

1. DEP has a (24 hour) one-day processing service for "minor" Riparian projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures, so long as applicants submit the required information (including a prior riparian conveyance: grant, lease, license, from the State).
2. No over-the-counter authorization will be given for dredging, filling, or addition or changes in configuration of structures.
3. A pre-application conference is recommended. And in order to avoid unnecessary inconvenience, it is suggested that an applicant phone for an appointment on an over-the-counter project.
4. As a condition of approval, the applicant must give a forty-eight (48) hour notice prior to commencing work.
5. An applicant should apply for a same day permit by 11:30 A.M. otherwise his permit can be picked up the next day or mailed.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before September 7, 1979 to:

William McCarthy
Division of Administration
Department of Environmental Protection
88 East State St.
Trenton, N.J. 08625

The Department of Environmental Protection may thereafter adopt rules concerning this subject without further notice.

Acting Commissioner
Department of Environmental Protection

OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

II. RIPARIAN (609) - 292 - 2613

DEP has a one-day processing service for minor Riparian projects. This over-the-counter service applies to water-front construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact Riparian Lands Management, P.O. Box 1889, Trenton, NJ 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallorage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

All DEP Public Hearings, Administrative Hearings, and DEP
Events of Public Interest are open to the public.

DEP Events of Public Interest include: public hearings, council meetings, workshops, public information meetings, and exams.

Public Hearings (Quasi - Legislative) - are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide, or of broad general interest.

Administrative Hearings (Quasi - Judicial) - are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.
