

CHAPTER 10

CHAPTER TABLE OF CONTENTS

LABORATORY SERVICES

SUBCHAPTER 1. FEE SCHEDULE

Authority  
N.J.S.A. 4:5-2.1.

2:10-1.1 Fees

Source and Effective Date  
R.1999 d.421, effective December 6, 1999.  
See: 31 N.J.R. 2312(a), 31 N.J.R. 3999(b).

SUBCHAPTER 1. FEE SCHEDULE

Executive Order No. 66(1978) Expiration Date  
Chapter 10, Laboratory Services, expires on December 6, 2004.

2:10-1.1 Fees

Chapter Historical Note  
Chapter 10, Laboratory Services, was adopted as R.1999 d.421, effective December 6, 1999. See: Source and Effective Date.

The following fees shall apply to the list of diagnostic tests conducted by the New Jersey Department of Agriculture:

Test name	Fee	
	NJ Ag. Animals	Non-NJ Ag./Pets
Actinomyces sensitivity	\$3.00	\$6.00
Actinomyces isolation and identification	\$9.00	\$20.00
Aerobic bacteria isolation and identification	\$9.00	\$20.00
Aerobic bacteria sensitivity	\$3.00	\$6.00
Anaerobic bacteria isolation and identification	\$9.00	\$20.00
Anaplasmosis card	\$4.00	\$4.00
Blue tongue fluorescent antibody	\$10.00	\$18.25
Blue tongue agar gel immunodiffusion (AGID)	\$4.00	\$5.00
Bovine parvovirus fluorescent antibody	\$10.00	\$18.25
Bovine leukemia AGID	\$4.00/\$1.00*	\$5.00
Bovine rotavirus fluorescent antibody	\$10.00	\$18.25
Bovine respiratory syncytial disease fluorescent antibody	\$10.00	\$18.25
Brucellosis card	\$1.00	\$2.00
Brucellosis Brucella acidified plate antigen (BAPA)	\$2.00	\$4.00
Brucellosis tube test	\$2.00	\$4.00
Bovine viral diarrhea serum neutralization	\$7.00, single \$5.00, paired	\$8.00
Bovine viral diarrhea fluorescent antibody	\$10.00	\$18.25
Caprine arthritis encephalitis AGID	\$4.00	\$5.00
Calf coronavirus fluorescent antibody	\$10.00	\$18.25
Campylobacter isolation and identification	\$9.00	\$20.00
Chlamydia fluorescent antibody	\$10.00	\$18.25
Contagious equine metritis (Taylorella) isolation and identification	\$27.00 per horse (complete)	\$35.00 per horse (complete)
Equine herpes-1 fluorescent antibody	\$10.00	\$18.25
Equine herpes-1 serum neutralization	\$7.00	\$8.50
Equine herpes-1 virus isolation/identification	\$15.00	\$30.00
Equine infectious anemia AGID	\$4.00	\$4.00
Equine infectious anemia enzyme-linked immunosorbent assay (ELISA)	\$4.00	\$7.00
Equine influenza hemagglutination-inhibition (HI) (Prague, Miami, Alaska, Kentucky)	\$7.00, single \$10.00, paired	\$7.50
Escherichia isolation and identification	\$9.00	\$20.00
Escherichia sensitivity	\$3.00	\$6.00
Francisella isolation and identification	\$9.00	\$20.00
Hemagglutinating encephalomyelitis virus fluorescent antibody	\$10.00	\$18.25
Histopathology	\$5.00 first slide \$3.00 each additional	\$8.50 \$5.00
Hog cholera fluorescent antibody	No charge	\$18.25
Infectious bovine rhinotracheitis fluorescent antibody	\$10.00	\$18.25
Infectious bovine rhinotracheitis serum neutralization	\$7.00, single \$10.00, paired	\$8.50
Johne's disease AGID	\$10.00	\$15.00
Johne's disease culture	\$15.00/\$2.00*	\$15.00
Johne's disease dot blot	\$3.00	\$8.50
Johne's disease ELISA	\$4.00/\$3.00*	\$12.00

Test name	Fee	
	NJ Ag. Animals	Non-NJ Ag./Pets
Leptospira darkfield .....	\$10.00	\$18.25
Leptospira fluorescent antibody .....	\$10.00	\$18.25
Leptospira micro-agglutination test (MAT) .....	\$7.50	\$11.00
Listeria isolation and identification .....	\$9.00	\$20.00
Lyme disease ELISA .....	\$7.00	\$12.00
Lyme disease Western blot <RTAB> .....	\$25.00	\$30.00
Malassezia isolation and identification .....	\$9.00	\$20.00
Mycology isolation and identification .....	\$9.00	\$20.00
Mycoplasma avian isolation and identification .....	\$9.00	\$20.00
Mycoplasma synoviae plate agglutination .....	\$5.00	\$20.00
Mycoplasma meleagridis plate agglutination .....	\$5.00	\$20.00
Mycoplasma gallisepticum plate agglutination .....	\$5.00	\$20.00
Mycoplasma (equine/bovine) isolation and identification .....	\$9.00	\$20.00
Mycoplasma (porcine) isolation and identification .....	\$9.00	\$20.00
Necropsy .....	\$30.00	\$50.00
Nocardia isolation and identification .....	\$9.00	\$20.00
Ovine progressive pneumonia AGID .....	\$4.00	\$5.00
Potomac horse fever indirect fluorescent antibody serum test .....	No charge	\$8.50
Parainfluenza-3 fluorescent antibody .....	\$10.00	\$18.25
Parainfluenza-3 hemagglutination-inhibition .....	\$7.00	\$8.50
Porcine adenovirus fluorescent antibody .....	\$10.00	\$18.25
Porcine rotavirus fluorescent antibody .....	\$10.00	\$18.25
Porcine parvovirus fluorescent antibody .....	\$10.00	\$18.25
Porcine reproductive respiratory syndrome (PRRS) indirect fluorescent antibody serum test .....	\$7.00 single; \$10.00 paired	\$8.50
Porcine reproductive respiratory syndrome (PRRS) indirect fluorescent antibody tissue test .....	\$8.50	\$8.50
Prototheca isolation and identification .....	\$9.00	\$20.00
Pseudorabies latex agglutination .....	No charge	\$8.50
Pseudorabies fluorescent antibody .....	No charge	\$8.50
Pseudorabies serum neutralization .....	No charge	\$8.50
Rhodococcus isolation and identification .....	\$9.00	\$20.00
Salmonella pullorum-typhoid indirect micro-agglutination .....	No charge	\$8.50
Salmonella spp. isolation and identification .....	\$9.00	\$20.00
Salmonella spp. sensitivity .....	\$3.00	\$6.00
Swine influenza fluorescent antibody .....	\$10.00	\$18.25
Swine influenza hemagglutination-inhibition .....	\$7.00 single; \$10.00 paired	\$8.50
Transmissible gastroenteritis fluorescent antibody .....	\$10.00	\$18.25
Viruses (limited) isolation in cell culture .....	\$30.00	\$30.00

\*Herd test: first animal/remaining herd
