7:25-18.2 Pound nets

(a) The following words and terms shall have the following meanings unless the context clearly indicates otherwise.

"Department" means the New Jersey Department of Environmental Protection.

"Heart" means an upright fence of netting forming a heart-shaped (round or square) compartment located between the leader and the pocket. It is designed to cause fish to circle in front of and eventually enter the pocket of a pound net.

"Leader" means an upright fence of netting that acts as a barrier to fish and guides them toward a trap; the netting is made of heavy twine, not designed to catch fish by the gills.

"Navigable channel" means a channel marked with navigational markers including poles, piling or buoys, by the Coast Guard or the State.

"Pocket" means an upright fence of netting forming the final compartment of a pound net in which trapped fish accumulate.

"Pound net" means a large fish trap, consisting of a leader, pocket and one or more hearts, held in place with poles, the netting of which reaches from the bottom to above the surface of the water.

"Staked or anchored gill net" means an upright fence of monofilament or nylon netting, held in place at each end by stakes or anchors, that catches fish by snagging their gill covers as they try to pass through the mesh of the net.

3. Pursuant to Amendment 5 of the Mid-Atlantic Fishery Management Council's Summer Flounder Management Plan, the Commissioner may enter into agreements with other states to transfer or combine summer flounder commercial quotas. Such agreements shall specify the terms and conditions under which vessels not in possession of a New Jersey Summer Flounder Permit may land summer flounder in New Jersey, as well as how the landings will be applied to the quota. Any agreement developed by the Commissioner and any other state is not valid until such time as it has been reviewed and approved by the Northeast Regional Director of the National Marine Fisheries Service.

4. No fish dealer shall accept any summer flounder from any vessel or harvester unless such dealer is in possession of a valid New Jersey Summer Flounder Dealers Permit. A New Jersey Summer Flounder Dealers Permit may be obtained by completing an application supplied by the Department and submitting it to:

New Jersey Summer Flounder Dealers Permit
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

5. No dealer shall accept from any vessel more than the amounts of summer flounder specified at (i)1 above unless said vessel is in possession of its valid New Jersey Summer Flounder Permit.

6. No vessel shall land and no dealer shall accept any summer flounder which have been frozen, filleted or processed in any way. Only whole, fresh summer flounder may be landed, except that by-catch amounts of summer flounder as specified in (i)1 above may be landed frozen provided that each fish is individually frozen whole and can be individually weighed and measured without thawing.

7. Any harvester or vessel landing summer flounder in New Jersey for the purpose of sale shall sell all summer flounder to a permitted New Jersey Summer Flounder Dealer.

8. All permitted New Jersey Summer Flounder Dealers shall provide daily reports during the period January 1 through February 28 and weekly reports during the period March 1 through December 31 to the Division listing the amount of summer flounder landed on a daily basis by size category and any other information that may be required by the Commissioner or as a result of any agreement with other states pursuant to (i)3 above. If no summer flounder were landed, a report to that effect shall be required. Such report shall be faxed to the Division at the number specified on the reporting forms supplied by the Division not later than 10:00 A.M. on the following day for daily reports and 12:01 P.M. on Monday following the week's end for weekly reports or sent by any other method approved by the Department. For the purpose of this

provision, the week shall begin on Sunday and end on Saturday.

9. Any person violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the following:

i. Failure to submit the application by May 31, 1994 for use of hook and line or to attach the required documentation to the application shall result in the denial of the permit.

ii. Falsification or misrepresentation of any information on the application including documentation provided to verify the amount of summer flounder landed as specified in (i)1ii(3) above shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

iii. Failure to comply with the provisions of N.J.A.C. 7:25-18.14(i)2, minimum mesh sizes, (i)2iii above, landing, possession or accepting in excess of the daily trip limit for summer flounder, (i)2iv above, failure of notification of landing of summer flounder, (i)2vii above, landing summer flounder after the directed fishery and/or by-catch season has been closed, (i)2xiii above, failure to submit accurate and timely monthly reports, (i)5 above accepting more than by-catch amounts from nonpermitted vessels, (i)6 above accepting any summer flounder other than fresh product, or N.J.A.C. 7:25-18.14(a), (b), (d), (e), (f) or N.J.S.A. 23:3-46 through 47 shall result in the suspension during open seasons or revocation of the vessel's New Jersey Summer Flounder Permit or the dealers New Jersey Summer Flounder Dealers Permit according to the following schedule:

- (1) First offense: 60 days suspension
- (2) Second offense: 120 days suspension
- (3) Third offense: permanent revocation

iv. In calculating the period of suspension or revocation applicable under (i)9iii above, the number of previous suspensions shall be reduced by one for each three-year period in which the permit holder does not commit any other violation subject to this subsection, provided, however, that if more than one suspension is imposed within a three-year period, only one of those suspensions may be forgiven under this subparagraph; therefore, a permit holder who incurs more than one suspension in a three-year period shall not be considered a first offender under this subsection regardless of the length of any subsequent period without violation. The reduction in suspensions provided in this subparagraph applies only to determination of suspension periods; all prior suspensions shall be taken into account in calculating monetary penalties in accordance with N.J.S.A. 23:2B-14.

v. Any person who has had his or her New Jersey Summer Flounder Dealers Permit suspended or revoked shall not land or permit the landing of any summer flounder at his or her facility during the suspension or revocation under the provisions of another permittee's New Jersey Summer Flounder Dealers Permit.

vi. Prior to revocation of the permit, the permittee shall have the opportunity to request a hearing pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(j) The following provisions are applicable to the commercial harvest of winter flounder:

1. No person shall fish for or land any winter flounder taken by any net, trap, dredge or commercial gear in New Jersey waters, except during the open season of December 1 through May 31. No dealer shall accept any winter flounder taken in New Jersey waters except during the open season. No person shall have in possession, and no dealer shall accept from any person, more than the daily possession limit of 38 winter flounder. The harvest of winter flounder by the use of fyke net is subject to the provisions of N.J.A.C. 7:25-18.5(g)2 in addition to the daily possession limit specified in this paragraph.

(k) The following provisions are applicable to the commercial harvest of scup:

1. Annual coastwide scup quotas and daily trip limits for the periods of January 1 through April 30 and November 1 through December 31, and an annual New Jersey scup quota for the period from May 1 through October 31 shall be determined by the Mid-Atlantic Fishery Management Council as implemented by the National Marine Fisheries Service or determined by the Atlantic State Marine Fisheries Commission. All landings of scup in New Jersey during the period from May 1 through October 31 shall be applied to the New Jersey scup quota.

i. Any closure of the scup fishery by the National Marine Fisheries Service in adjacent Federal waters or any closure that includes New Jersey marine waters during the periods January 1 through April 30 and November 1 through December 31 would automatically close New Jersey to commercial landings of scup.

ii. The Commissioner, or his or her designee, shall implement annual and seasonal scup quotas and daily trip limits as determined by the Atlantic States Marine Fisheries Commission upon two days public notice. The implemented quotas and limits shall also be reflected in this subsection through a notice of administrative change in the New Jersey Register, in accordance with N.J.A.C. 1:30-2.7.

iii. The Commissioner, or his or her designee, shall close the season for the commercial scup fishery upon two days public notice of the projected date the New Jer-

sey seasonal quota shall be caught. Public notice shall include letters by first class mail to all New Jersey Scup Dealer Permit holders and Federal scup moratorium permit holders that are New Jersey residents.

iv. Once any season has been closed for the commercial scup fishery, no vessel shall land any scup and no dealer shall accept any scup landed in New Jersey.

v. If the Commissioner, or his or her designee, closes the New Jersey season prematurely because of unanticipated events resulting in the quota not being landed by the project date, then the Commissioner, or his or her designee, may reopen the season for a specified period of time upon two days public notice. Public notice shall be made as specified in (k)1iii above.

vi. If the quota for any season is exceeded, the amount overharvested shall be deducted from the following year's quota for that season.

2. No vessel shall have in possession or land and no dealer shall accept from any vessel more than the lesser of the daily trip limits set by the National Marine Fisheries Service or the Atlantic States Marine Fisheries Commission for the season of January 1 through April 30 and November 1 through December 31 and no vessel shall have in possession or land and no dealers shall accept from any one vessel more than the daily trip limit of 5,000 pounds of scup during the season of May 1 through October 31 or as provided for in (k)2i below.

i. If a minimum of 25 percent of the New Jersey scup quota is projected to remain unlanded as of October 1 in any calendar year, then there shall be a 10,000 pound trip limit for the remainder of the season or until the season is closed as provided in (k)1i above.

ii. The trip limit for scup shall be seven trips per week (Sunday through Saturday) with landings not to exceed 50,000 pounds per trip from January 1 through April 30 and a daily limit as established by the National Marine Fisheries Service from November 1 through December 31. During the period of January 1 through April 30, the daily trip limit will be reduced to 1,000 pounds when it is projected that 80 percent of the period quota will be harvested.

3. No fish dealer shall accept any scup from any vessel or harvester unless such dealer is in possession of a valid New Jersey Scup Dealer Permit. A New Jersey Scup Dealer Permit may be obtained by completing an application supplied by the Department and submitting it to:
