INTRODUCTION

Generally, this Summary of Enactments of 2000 is intended to provide an overview of the legislation passed by the 208th Legislature and signed by the Governor. The body of this volume is organized by chapter law number. Each entry includes bill number(s), sponsor(s), a description, codifications, date signed and effective date. (Refer to the following page for an explanation of the specific contents of entries.)

2000 was the first year of the two-year legislative session. During this legislative year, 179 laws, 2 joint resolutions and 5 concurrent resolutions were approved. This volume contains information on these chapter laws, joint resolutions (which were adopted by both houses and approved by the Governor) and concurrent resolutions (which are adopted by both houses but require no action by the Governor). One-house resolutions are not included in this compilation.

This publication contains a table of Senate and General Assembly bills by chapter law number. This may be useful in determining the chapter law number when only the bill number is known. A subject index is included for assistance in finding enactments pertaining to a particular field of interest.

To determine where within the statutes these enactments have been allocated, and what existing sections of law are affected, reference may be made to the codification information. The codification indicates the section(s) of law affected by the passage of the legislation, whether amended, repealed or new.

This volume is designed as an overview of legislation given final approval during 2000. To determine the specific contents of a particular chapter law, reference should be made to the full text of the law, which can be found in a number of sources including *West's New Jersey Session Law Service* (available in many law and local public libraries), other commercial publications and the Advance Laws (available by single copy or subscription through the Office of Legislative Services, Director of Public Information). The New Jersey Statutes, Advance Laws and text of all bills and resolutions are also available through the New Jersey Legislature's web site, which is located at www.njleg.state.nj.us.
