FEATURED REVIEW

★ 10/10

Stays with you

This is a fantastic film. The actors are excellent, and the film really draws you into their world and keeps you absorbed in what is happening. I found myself quite engrossed in the drama and suspense. The ending was haunting and stayed with me for a few days, which is pretty rare for a film to do. I think this will be a very popular film once it's released. If it's not for some reason, it will be popular years from now and people will wonder why it wasn't more well known upon release.

I would like to see this again, but only with a friend present to see if they are as haunted as I am afterward.
