NEWTON A. K. BUGBEE
Comptroller

To All Departments and Institutions

This handbook of appropriations for the fiscal year beginning July 1, 1923, and ending June 30, 1924, is published for the benefit and information of all parties concerned.

The several items composing the act herein contained are hereby declared to be appropriations for the fiscal year above mentioned for the purposes therein expressed.

In order that some degree of flexibility in appropriations may be had, and to meet contingencies not apparent at the passage of the act, the Comptroller, by authority vested in him under section 6 of Chapter 137, Laws of 1921, will make such correction of titles or text, or both, of appropriations necessary to make them available for the purpose or purposes intended, at such time as the necessity for them may be presented to him by the various boards, institutions, commissions or officials of the State.

Attention is directed to section one of the act with reference to the availability of the appropriations for the period of three months after the close of each fiscal year. State officers are advised that by reason of the enactment of this clause all unexpended balances will arbitrarily lapse at the close of the three months' period, except it be reserved as provided therein.

Attention is also directed to section 12, which is a new departure of great benefit to all departments. The applications referred to therein should be forwarded promptly.

Heads of institutions coming under the control of the Department of Institutions and Agencies should direct their attention to section 7.

Departments and institution heads are also directed to carefully read sections 9, 10 and 12.

All miscellaneous receipts must be forwarded monthly in accordance with the law as heretofore, and each institution will be credited with the amount so received, but cannot use any sum in

excess of the amount appropriated by the Appropriation Committee.

For the past two years or more every effort has been made by this Department to facilitate the payment of bills, and it appears that there should be no difficulty in each department and institution forwarding schedules of bills within five days after the close of each month. Schedules should not be held simply because some firm with whom the institution is doing business fails to send in their invoice at the proper time. It might be better to forward a supplemental schedule later in the month.

This Department is enabled at all times to pass bills to payment promptly, and it is sincerely hoped that bookkeepers of institutions will make every effort to forward their schedules as frequently as they desire, and that they call upon this Department whenever it is desirable for such assistance as may be needed to expedite payments.

Institutional bookkeepers are directed to pay strict attention to copies of requisitions forwarded by the Purchasing Agent, and debit same against their appropriation when received. They become debits against the appropriation notwithstanding the fact that the goods ordered under the requisition have not been received. A prompt compliance with this will make it impossible for bookkeepers to carry balances different from this Department, has occurred frequently in the past.

Department heads are requested to familiarize themselves with the provisions of Chapter 254, P. L. 1920, for facilitating approval of bills; Chapter 66, P. L. 1920, concerning emergency appropriations, also Chapter 68, P. L. 1916, concerning purchases.

In submitting vouchers for reimbursement of personal expenditures hereafter, receipts will be required for hotel expenditures, Pullman car, and any miscellaneous expenditure for \$5.00 or excess thereof.

1. The duty and the authority for the purchase of any and all furniture, equipment, materials, supplies, printing and stationery, of whatever kind or description, used or needed for use by any and all officers, boards, commissions or subdivisions of any kind, of the State government or by any State institution, board or commission or agency of the State, maintained in whole or in part thereby, hereinafter referred to as a using agency, is hereby exclusively vested in the Governor, the State Treasurer and the State Comptroller, ex-officio, constituting the State House Commission. 2. No furniture, equipment, materials, supplies, printing or stationery, the whole or part of the costs whereof is to be paid from the treasury of the State, shall be contracted for or purchased, except in accordance with the provisions of this act. Any contract or agreement for purchase made otherwise than in accordance with the provisions of this act shall be void and no money shall be paid from the State treasury on account thereof.

3. Nothing herein contained shall apply to the erection or construction of any building or addition thereto or alteration or repair thereof as distinguished from the furnishing or equipment or maintenance thereof, nor to the construction or repair of any road or bridge, nor to the performance of any like work.

4. There is hereby created the office of State Purchasing Agent, the incumbent of which office, who shall be appointed by the Governor, by and with the advice and consent of the Senate, shall have had practical experience in a regularly organized purchasing department, either municipal, State, federal or private business corporation. He shall hold his office for a term of five years and until his successor is appointed and qualified. He shall receive an annual salary of five thousand dollars. He shall give bond to the State of New Jersey in the sum of fifty thousand dollars, which bond shall be conditioned for the faithful perform-

ance of his duties, and conditioned also that he shall not be interested or concerned, directly or indirectly, financially or otherwise, with any person, partnership, firm or corporation with whom or which any purchase or contract for purchase shall be made in the performance of his duties. He may be removed at any time by the Governor for cause affecting the performance of his duties, but neither expiration of term of office nor removal therefrom shall operate as a discharge of said bond, until the lawful period thereof, to wit, sixteen years, has passed. The premiums upon such bonds shall be paid by the State, upon the certification of the State House Commission.

5. The State Purchasing Agent, under the supervision and control of the State House Commission and as its agent, shall carry into effect and execute the provisions of this act. He shall appoint such assistants, clerks and stenographers as may be necessary in the discretion of the State House Commission, who shall determine their compensation. He shall act, and execute all contracts, in the name of the State of New Jersey.

6. The State House Commission shall have power if and as necessary in their discretion, to maintain warehouses, to rent or lease or construct the same or rent or lease warehouse or storage accommodations; to arrange with contractors for whole or partial deliveries to such warehouses and to make deliveries therefrom or to arrange with contractors for deliveries directly to using agencies, as may be necessary or expedient.

7. The State House Commission shall have power to combine all or so many of the existing State laboratories as in their judgment may be advisable into one or more State Physical and Chemical Laboratories for the execution of such functions as may now or hereafter be required thereof, as well as those functions in and by this act contemplated to be performed, and to maintain the same as State Physical and Chemical Laboratories; to provide such accommodations and working force therein by transfer and appointment as in their judgment may be necessary, and to fix the compensation therefor, as and when appropriations may become available for that purpose.

8. The State House Commission shall have power to establish and determine standards of quality by physical or chemical formulæ or otherwise, and to change the same from time to time and to determine the relation thereto of articles offered or furnished; to use for such purposes the existing laboratories maintained by the State or as combined into State Physical and Chemical Laboratories; to establish a list of other public or private laboratories whose tests and analyses will be accepted, and to fix the

fees required to be paid for tests or analyses made in any State laboratory. The fees required by any State or other laboratory for any analysis or test made by any prospective contractor, prior to the award of a contract, shall be paid by such prospective contractor. Inspection analyses or tests shall be at the expense of the State.

9. In the purchase of materials and supplies, the laboratory test of quality with reference to the standard to be established for the State, shall be preferred to trade names or words of description, and so far as is practicable such laboratory standards shall be established and purchases made with reference thereto.

10. So far as practicable, all furniture, equipment, materials, printing, stationery and supplies shall be standardized, and no variation shall be allowed from an established standard without the written approval of the State House Commission. Such standards shall be determined upon the needs of all using agencies, so far as their needs are in common, and for groups of using agencies or single using agencies so far as their needs differ. Where changes or alteration in equipment are necessary in order to permit the application of any standard, such changes and alterations shall be made as rapidly as possible.

11. Each using agency shall designate one of its officers or one member of its board or governing body, as its representative upon an Advisory Board constituted of such representatives, if such agency shall so desire. This Advisory Board shall co-operate with the State House Commission in the determination of standards, making exemptions, quality and prices of supplies, and in all respects advise and assist the State House Commission in the performance of its duties and the accomplishment of the purposes of this act. The Advisory Board shall meet with the State House Commission at least once in each three months, and in addition at such other times as the State House Commission shall direct. The needs of the several using agencies shall be determined by each of them, as heretofore, but shall be supplied in accordance with the provisions and requirements of this act.

12. Nothing herein contained shall require any change in the form or manner of making appropriations. Each using agency shall, at the times and for the periods specified by the State House Commission, present to the State Purchasing Agent detailed applications for furniture, equipment, materials, printing, stationery and supplies. The State Purchasing Agent shall prepare schedules thereof, and then submit such schedules to the State House Commission for their consideration. If it so desires, the State House Commission shall call for the co-operation of the Advisory

Board with reference thereto or any part thereof, or hear any using agency with reference to its part therein, and then determine upon, change, add to or subtract from such schedules, and upon such schedules shall make a requisition upon the State Comptroller for the amount of money estimated to be necessary to defray the cost thereof, indicating the appropriations against which the proposed purchases will be charged. Such requisition shall be approved by the Comptroller unless it shall appear that the free balance of any appropriation is not sufficient to cover the charge proposed against it. And in that event the requisition shall be rejected as to such charges only, and approved as to all others. The Purchasing Agent shall then arrange such schedules or parts thereof as are included in or covered by the approved requisition, for advertisement and contract in the manner best calculated to attract competition and advantageous prices, as well as prescribe conditions for delivery and the like details. The Purchasing Agent shall make all purchases upon such schedules and requisitions. The bills for such purchases shall be apportioned by the State Purchasing Agent among the requisitioning agencies in proportion to the purchases made therefor, and certify the same so apportioned to the State Comptroller, to be charged against the appropriation or appropriations indicated by the certificate of the State Purchasing Agent and the accompanying requisitions. The bills therefor shall be paid by the State Treasurer upon the Comptroller's warrant.

13. The State House Commission shall have power, by written order, to permit purchases to be made by any using agency directly and not through the State Purchasing Agent, whenever it shall appear to the satisfaction of the State House Commission that by reason of the excess of transportation cost, a lower price with equal quality can be obtained by the using agency, or as in the case of fresh vegetables, fish, eggs, milk and the like perishable articles, where the using agencies are widely scattered and there are nearby local markets, or for any reason, in the judgment of the State House Commission warranting such exception. Such using agencies receiving such permission shall report in writing to the State House Commission their acts and expenditures under such orders.

14. The State House Commission shall have power to make all rules and regulations necessary or proper to the execution of the object of this act and the performance of its duties and the duties of the State Purchasing Agent under the provisions of this act. It shall make an annual detailed report to the Legislature of its operations under this act.

15. The State House Commission and the State Purchasing Agent, in the performance of their duties under this act, shall be subject to the provisions of all the laws of this State applicable to the expenditure of public moneys not inconsistent herewith.

16. The State Purchasing Agent shall be appointed as soon as may be after this act becomes a law, with such assistants, inspectors, clerks and stenographers as may be necessary, and he, together with the State House Commission, shall immediately enter on the performance of their duties, looking to the collection of the necessary information, preparation of the necessary standards, schedules and the like details, necessary to the operation of this act, but this act shall not otherwise become effective until the first day of November, one thousand nine hundred and sixteen. This act shall then become effective throughout; all contracts for furniture, equipment, materials, printing, stationery and supplies then outstanding and unfilled shall pass to and be completed by the State House Commission, but no new contracts or purchases shall be made except in accordance with the provisions of this act. *Provided, however,* that with reference to any using agency, standards for which cannot be completed within the time specified, the State House Commission may establish temporary provisions and regulations or exemption until the standardization therefor is complete.

17. The proceedings of the State House Commission under this act shall be open to the citizens of the State; their minutes and records, and the records, contracts, orders and schedules of the State Purchasing Agent, shall be public records, open to the inspection of any citizen or interested person, firm or corporation, at all reasonable hours.

18. Agreements for purchases may be made in the form of contracts for the furnishing of specific articles at fixed prices, or for the furnishing of articles according to the specifications at a fixed rate with provision for a minimum amount subject to increase at the same rate or for the furnishing of articles according to specifications without a stated minimum or maximum at a rate stated, commonly known as the "price agreement."

4.

There shall be transferred from the income of the school fund to the principal of the school fund, the sum of, \$200,000 00

3. Such sum or sums of money, as may be certified by the issuing officials to the Comptroller of the Treasury, as having been expended for the purpose of carry-

ing out the provisions of chapter 352, P. L. 1920, are hereby transferred from the Highway Extension Fund, to the State Fund. So much, thereof, thus transferred, as may be necessary for the expenses of the said issuing officials, for the current fiscal year, shall be transferred by the Comptroller to the credit of said issuing officials.

4. Before any building or buildings shall be commenced or work undertaken, for the cost of which money is appropriated by this act, the plans, specifications and contracts necessary for the entire completion thereof shall, and each of them shall, be submitted and approved pursuant to chapter five, Laws of nineteen hundred and eighteen, and such contracts shall not be approved or entered into if the total expenditure under all the contracts necessary to the entire completion of such building or buildings or work according to such plans and specifications shall exceed the amount appropriated by this act for such building, buildings or work; and in any and every case where it shall appear that the appropriation is insufficient to complete such building, buildings or work, the appropriation hereby made therefor shall not be applied toward the construction of such building or buildings, or prosecution of such work, but shall lapse, and no payment shall be made therefrom; *provided, however*, that the provisions of this section, prohibiting the expenditure of the whole or any part of an appropriation, which in itself is insufficient to complete any building, buildings or work, and providing for the lapsing of such appropriations, shall not apply to nor restrict the expenditure of any moneys herein appropriated for the construction, completion of construction, equipment or furnishing of any armory or armories which have been heretofore authorized and which are partially constructed, completed or furnished, but such appropriation shall be available for the uses and purposes herein expressed to the full extent thereof, nor shall the provisions of this section apply to any appropriation authorizing expenditures for the construction of the proposed bridge between the city of Philadelphia, State of Pennsylvania, and the city of Camden, in this State, nor the proposed tunnel to be constructed under the

Hudson river, between the city of New York, State of New York, and the city of Jersey City, in this State.

5. Whenever a building or buildings have been erected and completed and there shall be an unexpended balance of the sum of money appropriated therefor after the contract has been performed, such balance may, upon the approval of the Comptroller of the Treasury, be used to pay for the furnishing and equipment of such building or buildings.

6. Whenever after an act of the Legislature becomes a law, but has not yet become effective, the contract, plans and specifications may be drawn and advertisements for bids may be made, which have been so authorized by such act and the contract in accordance therewith may be entered into before the time of the taking effect of such enactment where such statute does not take effect immediately but at some later time; *provided, however*, that no payment shall be made thereunder until the said act shall become effective according to its terms.

7. No money shall be drawn from the treasury except for objects as hereinabove specifically appropriated, and except such sums which are by law devoted to specific purposes, namely State school tax, United States appropriation to Agricultural College, and taxes for the use of taxing districts in this State, moneys received by the State from the taxation of railroad and canal property, which may be by law apportioned to the various counties of the State for school purposes, academic certificate fund, vocational schools, pensions of teachers and school officers authorized by law, moneys received from tuition at the summer schools, and loans to "State School Fund," which last-named sums shall be paid pursuant to the laws applicable thereto; this section shall not be construed to prohibit the payment due upon any contract made under an appropriation of the previous years; moneys received by the Department of Conservation and Development from the sale or lease of forest reserve lands pursuant to chapter one hundred and eighty-seven, Laws of nineteen hundred and thirteen; moneys received by the Quartermaster-General under the provisions of section seventeen, chapter 81.

8. In order that some degree of flexibility in appropriations may be had, any department or other State agency receiving an appropriation by any act of the Legislature may apply to the State House Commission for leave to transfer a part of any item granted to such department or agency to any other item in such appropriation. Such application shall only be made during the current year for which the appropriation was made, and if the State House Commission shall consent thereto, it shall notify the Comptroller thereof in writing, whereupon the Comptroller shall place the amount so transferred to the credit of the item so designated; *provided, however*, that no sum appropriated for any permanent improvement shall be used for maintenance or for any temporary purpose; *and provided, further*, that such transfers shall not be permitted and the provisions of this section shall not apply in cases where the items of appropriation are expressly limited by the words "for this purpose only."

9. The Comptroller of the Treasury is hereby authorized, empowered, directed, and it shall be his duty to make such correction of the title or text, or both, of an appropriation, necessary to make such appropriation available for the purpose or purposes of its intention. Such correction shall be by written ruling, reciting in appropriate detail the facts thereof and the reasons therefor, attested by the signature of said Comptroller and filed in the Department of the Comptroller of the Treasury as an official record thereof, and any action thereunder, including disbursements and the audit thereof, shall be legally binding and of full force and virtue.

10. Anything herein contained to the contrary notwithstanding, the rate of compensation paid to any officer or employee in any position in the classified Civil Service of the State, when such compensation is at the rate of three thousand dollars or more per annum, shall not be increased during the fiscal year ending June thirtieth, one thousand nine hundred and twenty-four, over that received during the fiscal year ending June thirtieth, one thousand nine hundred and twenty-three, unless such increase in compensation is provided for and authorized in a separate item in this appropriation act; *provided, however*, that nothing herein contained shall be construed as altering, impairing or in any way affecting the provisions of chapter 49, of the Laws of 1916.

11. The Comptroller of the Treasury is hereby empowered, and it shall be his duty in the disbursement of funds available for the general uses of the State, to first provide for the maintenance of the administration of the government of the State, and of its courts, and of its penal, correctional and charitable institutions, and to apply the remainder of such available funds in such manner and to such purpose for which appropriation may have been made as in his judgment may best conserve the interest of the State.

12. The State House Commission is hereby empowered, notwithstanding any other provision of law, to transfer from the various appropriations for construction, reconstruction, additions to and betterments of State building and appurtenances thereto, herein contained, to the appropriation for the Division of Architecture and Construction of the Department of Institutions and Agencies a sufficient sum to pay for the cost of all architectural work, superintendence and other expert services in connection with such work.

13. The Comptroller of the Treasury may, upon application therefor, allot from appropriations made to any official, department, commission or board a sum, not in excess of three hundred dollars, to establish a petty cash fund, for the payment of expenses not in excess of five dollars. The allotment thus made by

the Comptroller shall be paid to such person as shall be designated as the custodian thereof by the official, department, commission or board making request therefor, and the money thus allotted shall be disbursed by such custodian, who shall require from all persons obtaining money from said fund a receipt therefor. Such receipt shall by such custodian be forwarded monthly to the Comptroller of the Treasury for audit, and the Comptroller of the Treasury shall likewise make regulations governing disbursements from petty cash funds.

14. This act shall take effect on the first day of July, one thousand nine hundred and twenty-three.

Filed March 22, 1923.
