7:25-14.15 Prohibitions

(a) A person shall not take from the marine waters of this State by any means, import, export, offload at any port, have in his or her possession, buy, sell or offer to buy or sell, any American lobster with eggs attached, or from which the egg have been removed.

(b) Effective July 1, 2012, all commercial lobster permit holders authorized to fish in LMA 4 and/or 5 must, prior to discarding, apply a v-shaped notch in the base of the tail flipper of each egg-bearing female American lobster. The v-shaped notch must be at least ¼ inch deep and placed in the base of the pelvic flipper immediately to the right of the center flipper as viewed from the back of the lobster.

(c) A person fishing in ASMFC Lobster Management Area (LMA) 4 and/or 5 or that has designated LMA 4 and/or 5 for fishing on their Federal Fisheries or State Lobster Pot Permit shall not take or attempt to take, land, have in his or her possession, sell, or offer to sell any American lobster during the closed season of February 1 through March 31, inclusive. During the closed season, no dealer shall accept, have in his or her possession, buy or offer to buy, sell, or offer to sell any American lobster harvested from LMA 4 and/or 5. During the closed season, all lobster traps in LMA 4

and/or 5 must be removed from the water. However, a licensee shall have a two-week period from when the season closes to accomplish removal of all lobster traps. In addition, lobster traps may be set one week prior to the season reopening. If the license holder is harvesting other species with lobster trap gear, the lobster trap gear does not need to be removed; however, it shall be tended at least every 30 days.

(d) A person shall not possess a female lobster bearing a v-shaped notch (that is, a straight-sided triangular cut with or without setal hairs, at least one-eighth inch in depth and tapering to a sharp point) as viewed from the rear of the female lobster. V-notched female lobster also means any female which is mutilated in a manner which could hide, obscure or obliterate such a mark. The right flipper will be examined when the underside of the lobster is down and its tail is toward the person making the determination.

(e) A person shall not use any spear, gig, gaff or other penetrating device as a method of capture of lobsters.

7:25-14.16 Eligibility for lobster pot permit and pot allocation

(a) As of December 31, 2001, a vessel shall not land lobster harvested by a lobster pot unless such vessel is in the possession of a valid New Jersey Lobster Pot Permit issued in the name of the vessel and owner, except as provided for at N.J.A.C. 7:25-18.5(g)11i(4).

1. To be eligible for a Type A, B, C and F Lobster Pot Permit allowing the use or possession in Federal and/or State waters of an allotted number of lobster pots as defined under N.J.A.C. 7:25-18.5(g)11, a complete application, including the required documentation, must be received by the Department no later than December 31, 2001. To be eligible for a Type E Lobster Pot Permit allowing the use or possession in Federal and/or State waters of an allotted number of lobster pots as defined under N.J.A.C. 7:25-18.5(g)11, a complete application, including the required documentation, must be received by the Department no later than December 31, 2002. Applications may be mailed to:

New Jersey Lobster Pot Permit
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241

i. For a Type A Lobster Pot Permit, the applicant shall document that the vessel owner possesses a current valid Federal Lobster Permit, had landed and sold a minimum of 2,000 pounds of lobster in New Jersey in

any one calendar year during the period from March 25, 1991 to September 3, 1998, and participated in the harvest of lobster by lobster pot, pursuant to (a)4 below, during the year of documented landings submitted by the applicant.

(1) A Type A Lobster Pot Permittee shall receive an allocation for the number of lobster pots (traps) authorized on the permittee's Federal Fisheries Permit for American lobster (Federal Lobster Permit), to be fished in Federal and/or State waters. For the purpose of this section, lobster pots will be assumed to last for five years with a 10 percent loss of pots per year.

(2) Documented proof of participation in an ASMFC Management Area pot fishery shall consist of one or more of the following:

(A) Federal logbook reporting forms identifying the vessel, number of pots fished, date of landings and National Marine Fisheries Service Statistical Area from where lobster were harvested;

(B) A personal logbook in combination with a notarized statement from the applicant attesting to its authenticity; and/or

(C) Gear damage compensation reports.

ii. For a Type B Lobster Pot Permit, the applicant shall document that the vessel owner possesses a current valid Federal Lobster Permit, had landed and sold a minimum of 2,000 pounds of lobster in New Jersey in any one calendar year during the period from January 1, 1980 to March 25, 1991 and participated in the harvest of lobster by lobster pot pursuant to (a)4 below, during the year of documented landings submitted by the applicant.

(1) A Type B Lobster Pot Permittee shall receive an allocation for the number of lobster pots (traps) authorized on the permittee's Federal Fisheries Permit for American lobster to be fished in Federal and/or State waters.

iii. For a Type C Lobster Pot Permit, the applicant shall document that the vessel owner has possessed a valid New Jersey Lobster/Fish Pot License in any one calendar year during the period from January 1, 1980 to September 3, 1998 and landed and sold a minimum of 2,000 pounds of lobster in New Jersey during the year of the valid New Jersey Lobster and Fish Pot License submitted by the applicant.

(1) A Type C Commercial Lobster Pot permittee shall receive an allocation for 500 lobster pots to be fished in State waters only.

(2) An applicant seeking eligibility for a Type C New Jersey Lobster Pot Permit and pot allocation shall not have received or applied for pot or trap tags

from any other lobster pot or trap tag issuing jurisdiction.

iv. For a Type E Lobster Pot Permit, the applicant shall document that the vessel owner possesses a current valid Federal Lobster Permit, landed and sold a minimum of 500 pounds of lobster in New Jersey in any one calendar year during the period from January 1, 1980 to September 3, 1998, and participated in the harvest of lobster by otter trawl or lobster pot, pursuant to (a)4 or (a)5 below, during the year of documented landings submitted by the applicant.

(1) A Type E Lobster Pot Permittee shall receive an allocation for the number of lobster pots (traps) authorized on the permittee's Federal Fisheries Permit for American lobster to be fished in Federal and/or State waters.

(2) A Type E Lobster Pot Permittee that does not possess a Federal Fisheries Permit for American Lobster shall receive a lobster pot (trap) allocation of 500 pots (traps) to be fished in State waters only.

(3) A Type E Lobster Pot Permittee shall not possess otter trawl gear aboard his or her permitted vessel when fishing with pot gear. The simultaneous possession of otter trawl gear and lobster pot gear on board a vessel shall constitute prima facie evidence of a violation of this section.

v. For a Type F Lobster Pot Permit, the applicant shall document that the vessel owner possesses a current valid Federal Lobster Permit, landed and sold a minimum of 2,000 pounds of lobster in New Jersey in any one calendar year during the period from September 3, 1998 to December 31, 2000, and participated in the harvest of lobster by lobster pot pursuant to (a)4 below during the year of documented landings submitted by the applicant.

(1) A Type F Lobster Pot Permittee shall receive an allocation for the number of lobster pots (traps) authorized on the permittee's Federal Fisheries Permit for American lobster to be fished in Federal and/or State waters.

2. Documented proof of a Federal Lobster Permit or State Lobster/Fish Pot License shall consist of a copy of said permit or license submitted with the application that can be confirmed by Federal and State records.

3. Documented proof of landings shall consist of one or more of the following:

i. Weigh-out slips from the purchaser totaling the weight and the date the lobster was harvested; or

ii. A notarized statement from the applicant and the purchaser(s), attesting to the weight and date the lobster were landed and sold. A copy of the business records

supporting the statement(s) must accompany the application.

4. Documented proof of participation in the lobster pot fishery shall be established through one or more of the following:

i. Federal logbook reporting forms identifying the vessel, number of pots fished and date of landings in New Jersey;

ii. A personal logbook in combination with bait and pot receipts;

iii. Gear damage compensation reports; or

iv. A notarized statement from the applicant and pot manufacturer or retailer attesting to the number of lobster pots and the date that the pots were purchased. A copy of the business records supporting the statement(s) must accompany the application.

5. Documented proof of participation in the lobster otter trawl fishery shall be established through one or more of the following:

i. Federal logbook reporting forms identifying the vessel, fishing gear and date of landings in New Jersey; or

ii. A copy of New Jersey license to fish with an otter trawl that can be confirmed by State records.

6. Other documentation similar to that in (a)3, 4 and 5 above may be accepted at the discretion of the Commissioner after his or her review.

7. The applicable New Jersey Lobster Pot Permit shall be on board the vessel to which it is issued at all times. The permit and pot allocation is valid upon issuance and in subsequent years unless revoked as part of a penalty action

ing monetary penalties in accordance with N.J.S.A. 23:2B-14.

iii. Prior to the suspension or revocation of the permit, the permittee shall have the opportunity to request a hearing pursuant to the Administrative Procedures Act, N.J.S.A. 52:14B-1 et seq., and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(f) The following provisions are applicable to the commercial harvest of black drum:

1. A vessel shall not possess or land by any gear more than 10,000 pounds of black drum in any one day;
2. A dealer shall not accept from a vessel or person more than 10,000 pounds of black drum a day landed in New Jersey;
3. The annual black drum harvest quota for New Jersey shall be 65,000 pounds; and
4. The Commissioner, or his or her designee, may close the season upon two days public notice of the projected date the quota shall be landed. Such notice shall be sent by first class mail to all commercial docks and commercial fishing organizations on the mailing list of the Division of Fish and Wildlife.

(g) The following provisions are applicable to the commercial harvest of spiny dogfish:

1. A person or vessel shall not possess for sale any spiny dogfish nor shall a person sell or attempt to sell spiny dogfish without a valid annual vessel permit for spiny dogfish issued by the National Marine Fisheries Service.
2. A dealer shall not purchase or receive spiny dogfish without a valid annual dealer permit for spiny dogfish issued by the National Marine Fisheries Service.
3. No person or vessel shall have in possession or land and no dealer shall accept from any one vessel more than the daily trip limit set by the National Marine Fisheries Service or the Atlantic State Marine Fisheries Commission.
4. Any closure of the spiny dogfish fishery by the National Marine Fisheries Service in adjacent Federal waters or recommended closure by the Atlantic States Marine Fisheries Commission for areas including New Jersey automatically closes New Jersey waters to the harvest of spiny dogfish and to the commercial landings of spiny dogfish.

(h) The following provisions are applicable to the commercial harvest of black sea bass:

1. After December 31, 2002, a vessel shall not land more than 100 pounds of black sea bass during the period of January 1 through March 31 or more than 50 pounds of black sea bass during the period April 1 through December 31 in New Jersey on any one trip unless said vessel is in

possession of a valid New Jersey Black Sea Bass Permit. The permit shall be issued in the name of the vessel and the owner and for the specific gear type(s) used to qualify for the permit.

i. Applicants for a New Jersey Black Sea Bass Permit shall complete and submit an application provided by the Department by December 31, 2002 that includes information on name, address, vessel name, vessel documentation or registration number, gear and landings criteria as specified in (h)1ii below. Applications for a New Jersey Black Sea Bass Permit received after the above date shall be denied.

ii. To be eligible for a New Jersey Black Sea Bass Permit, the vessel's owner shall meet the following criteria:

(1) The vessel shall have landed and sold a minimum cumulative total of 10,000 pounds of black sea bass in New Jersey during the period 1988 through May 3, 2001;

(2) The vessel shall have possessed a valid Federal Black Sea Bass Moratorium Permit or appropriate New Jersey gear license for each year of submitted landings documentation; and

(3) Documented proof of landings shall consist of one or more of the following:

(A) Weigh-out slips totaling the weight harvested;

(B) A notarized statement from the applicant and the purchaser(s) attesting to the weight harvested (a copy of the business records supporting the statement(s) must accompany the application);

(C) Other documentation similar to that in (h)1ii(3)(A) or (B) above may be accepted at the discretion of the Commissioner after his or her review.

2. The New Jersey Black Sea Bass Permit shall be on board the vessel to which it is issued at all times. The permit is valid from the date of issuance and for any subsequent years unless revoked as part of a penalty action. The vessel, when engaged in a black sea bass fishery, may only have on board the gear type(s) listed on that vessel's New Jersey Black Sea Bass Permit.

3. The owner of a vessel permitted pursuant to this subsection not pending revocation or court action may transfer his or her Black Sea Bass Permit, upon application to the Department, as follows:

i. To his or her replacement vessel, provided the replacement vessel is not greater than 10 percent larger in vessel length, gross registered tonnage and net tonnage and not more than 20 percent greater in horsepower than the originally permitted vessel. The vessel being

replaced shall no longer be eligible for a black sea bass permit; or

ii. Along with the sale of his or her vessel to a new owner. The owner selling the vessel shall no longer be eligible for a Black Sea Bass Permit based on the harvesting history of the vessel being sold.

4. Transfer of a permit to a new vessel shall be limited to the same gear type(s) of the originally permitted vessel.

5. Applicants for permit transfer shall complete an application provided by the Department, and no permit may be transferred without the prior approval of the Department.

6. A vessel possessing a valid Black Sea Bass Permit to commercially harvest black sea bass by angling or hook and line and when operating under the permit shall be subject to the following:

i. Crew size shall be limited to no more than five persons, including the captain; and

ii. The vessel shall not carry any passengers for hire. When carrying passengers for hire the Black Sea Bass Permit is not valid and the recreational possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.

7. A vessel that does not possess a New Jersey Black Sea Bass Permit shall be permitted to land not more than 100 pounds of black sea bass during the period of January 1 through March 31, or not more than 50 pounds of black sea bass during the period of April 1 through December 31 on any trip provided the amount of black sea bass landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold. Vessels taking black sea bass by angling or hook and line that do not possess a New Jersey Black Sea Bass Permit shall be subject to the possession limits established in N.J.A.C. 7:25-18.1 and the seasonal by-catch limits and 10 percent criteria specified above.

8. Annual and seasonal black sea bass quotas and daily trip limits shall be determined by the Mid-Atlantic Fishery Management Council and implemented by the National Marine Fisheries Service or determined by the Atlantic State Marine Fisheries Commission.

i. The Commissioner, or his or her designee, shall implement annual and seasonal black sea bass quotas and daily trip limits determined by the Atlantic States Marine Fisheries Commission upon four days public notice. Public notice shall include letters by first class mail to all New Jersey Black Sea Bass Permit holders. The implemented quotas and limits shall also be reflected in this subsection through a notice of administrative change in the New Jersey Register, in accordance with N.J.A.C. 1:30-2.7.

ii. Ten percent of the New Jersey annual black sea bass quota shall be allocated each year for by-catch land-

ings when any of the seasons for the directed commercial fishery defined in (h)8iii below are closed. The by-catch landings shall be divided between seasons as identified in (h)8iii below at the same percentage apportioned to each season specified at (h)8iii below.

(1) Any by-catch not landed during the season allocated shall be added to the directed fisheries quota of the following season except during the last season.

(2) If any of the by-catch allowance has not been landed by December 1 in any calendar year the remaining amount shall be added to the directed black sea bass fishery quota.

iii. The balance of the New Jersey annual quota for the black sea bass fishery remaining after deducting the by-catch allowance specified in (h)8ii above shall be divided into seasons, percentage of the annual quota apportioned into each season, daily trip limits and number of allowable landing days in each week (Sunday through Saturday) as follows:

(1) January 1 – April 15: 38.8 percent, 1,000 pound trip limit and a maximum of four days per week that a vessel may land black sea bass, 2,000 pound trip limit and a maximum of two days per week that a vessel may land black sea bass or 4,000 pound trip limit and a maximum of one day per week that a vessel may land black sea bass.

(2) April 16 – June 30: 20.6 percent, 3,000 pound trip limit and a maximum of one day per week that a vessel may land black sea bass, 1,500 pound trip limit and a maximum of two days per week that a vessel may land black sea bass, or 1,000 pound trip limit and a maximum of three days per week that a vessel may land black sea bass;

(3) July 1 – September 30: 13.5 percent, 3,000 pound trip limit and a maximum of one day per week that a vessel may land black sea bass, 1,000 pound trip limit and a maximum of three days per week that a vessel may land black sea bass, or 500 pound trip limit and a maximum of six days per week that a vessel may land black sea bass;

(4) October 1 – December 31: 27.1 percent, 2,500 pound trip limit and a maximum of one day per week that a vessel may land black sea bass, 1,250 pound trip limit and a maximum of two days per week that a vessel may land black sea bass, or 500 pound trip limit and a maximum of five days per week that a vessel may land black sea bass.

(5) If a minimum of 50,000 pounds of the New Jersey black sea bass quota remains unlanded as of December 1 in any calendar year, the Commissioner, or his or her designee, may set a daily trip limit for the remainder of that calendar year.

(6) Any daily landing of black sea bass not exceeding 100 pounds during the period of January 1

cent larger in vessel length, gross registered tonnage and net tonnage and not more than 20 percent greater in horsepower than the originally permitted vessel. The vessel being replaced shall no longer be eligible for a New Jersey Summer Flounder Permit; or

(B) Along with the sale of his or her vessel to a new owner. The owner selling the vessel shall no longer be eligible for a New Jersey Summer Flounder Permit based on the harvesting history of the vessel being sold.

(2) Transfer of a permit to a new vessel shall be limited to the same gear type(s) of the originally permitted vessel.

(3) Applicants for permit transfer shall complete an application provided by the Department, and no permit may be transferred without the prior approval of the Department.

iv. A vessel possessing a valid New Jersey Summer Flounder Permit to commercially harvest summer flounder by angling or hook and line and when operating under the permit shall be subject to the following:

(1) Crew size shall be limited to no more than five persons, including the captain; and

(2) The vessel shall not carry any passengers for hire. When carrying passengers for hire the New Jersey Summer Flounder Permit is not valid and the recreational possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.

v. A vessel that does not possess a New Jersey Summer Flounder Permit shall be permitted to land not more than 100 pounds of summer flounder during the period of May 1 through October 31, or not more than 200 pounds of summer flounder during the period of November 1 through April 30 on any trip provided the amount of summer flounder landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold, except that vessels taking summer flounder by angling or hook and line shall be subject to the possession limits established in N.J.A.C. 7:25-18.1.

2. The annual summer flounder harvest quota for New Jersey shall be determined by the Mid-Atlantic Fishery Management Council as implemented by the National Marine Fisheries Service. All landings of summer flounder in New Jersey shall be applied to the New Jersey annual summer flounder quota unless New Jersey enters into an agreement with another state(s) to transfer or combine summer flounder commercial quotas, as provided for pursuant to (i)3 below and such agreement indicated otherwise.

i. Ten percent, but not more than 200,000 pounds of the New Jersey annual summer flounder quota, shall be allocated each year for by-catch landings when any of

the six seasons for the directed commercial fishery are closed. The by-catch landings shall be divided between the six seasons as identified at (i)2ii below at the same percentage as for the directed fishery specified at (i)2ii below or as modified by the Commissioner.

(1) Any by-catch not landed during the season allocated shall be added to the directed fishery of the following season except during the last season.

(2) If any of the by-catch allowance has not been landed by December 1 in any calendar year, the remaining amount shall be added to the directed summer flounder fishery quota.

(3) For the purpose of this section, all directed fishery seasons identified at (i)2ii below shall start on the first Sunday of the applicable month.

ii. The balance of the New Jersey annual quota for the summer flounder fishery remaining after deducting the by-catch allowance specified in (i)2i above shall be divided into seasons, percentage of the annual quota apportioned to each season, daily trip limits and number of allowable landing days in each week (Sunday through Saturday) as follows:

(1) January – February: 28 percent, 2,500 pound trip limit and a maximum of two days a week that a vessel may land summer flounder, or 5,000 pound trip limit and a maximum of one day a week that a vessel may land summer flounder;

(2) March – April: 11 percent, 2,000 pound trip limit and a maximum of two days per week that a vessel may land summer flounder;

(3) May–June: 10.5 percent, 500 pound trip limit and a maximum of four days per week that a vessel may land summer flounder, or 250 pound trip limit and a maximum of seven days a week that a vessel may land summer flounder;

(4) July–August: 10.5 percent, 500 pound trip limit and a maximum of four days per week that a vessel may land summer flounder, or 250 pound trip limit and a maximum of seven days a week that a vessel may land summer flounder;

(5) September – October: 29 percent, 650 pound trip limit and a maximum of four days that a vessel may land summer flounder, except as follows:

(A) A vessel may elect to land summer flounder only one day per week. If such an election is made, the trip limit shall be 2,500 pounds;

(6) November – December: 11 percent, 1,000 pound trip limit and a maximum of three days per week that a vessel may land summer flounder, except as follows:

(A) A vessel may elect to land summer flounder only one day per week. If such an election is made, the trip limit shall be 3,000 pounds; and

(7) Any daily landing of summer flounder not exceeding 100 pounds during the period of May 1 through October 31 or 200 pounds during the period November 1 through April 30 shall not be applied to maximum weekly landing days during any season as specified in (i)2ii(1) through (6) above, provided the amount of summer flounder landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold.

iii. No vessel shall have in possession or land and no dealer shall accept from any one vessel more than the daily trip limit of summer flounder in any one calendar day.

iv. Any vessel participating in a directed summer flounder fishery shall notify the Department of the time and place of unloading of the vessel at least two hours in advance of such unloading. Such unloading shall not occur except between the hours of 6:00 A.M. and 6:00 P.M. from November 1 through April 30 and 6:00 A.M. and 8:00 P.M. from May 1 through October 31. The vessel shall also report how many times that week (Sunday through Saturday) the vessel will have landed, including the trip being called in. For example, "This will be my third landing this week." Notification shall include a phone call to (609) 748-2050 unless changed by notice to permit holders via first class mail.

v. If a minimum of 100,000 pounds of the New Jersey summer flounder quota remains unlanded as of December 1 in any calendar year, the Commissioner, or his or her designee, may set a daily trip limit for the remainder of that calendar year or until the quota specified in (i)2 above is landed, whichever occurs first.

vi. The Commissioner, or his or her designee, shall close the season for the directed and/or by-catch commercial summer flounder fishing season upon two days public notice of the projected date the seasonal percentage of the annual quota shall be caught. Public notice shall include letters by first class mail to all permitted New Jersey Summer Flounder Dealers and New Jersey Summer Flounder Permit holders.

vii. Once the season has been closed for the directed commercial summer flounder fishery, no vessel shall land any summer flounder and no dealer shall accept any summer flounder landed in New Jersey in excess of the by-catch allowances specified in (i)1 above and provided the amount of summer flounder landed from any vessel shall not exceed 10 percent by weight of the total weight of all species landed and sold. If the entire season and/or annual quota including the by-catch allowance has been landed, then no vessel or person shall land or sell any summer flounder and no dealer or person shall accept or buy any summer flounder landed in New Jersey.

viii. If the Commissioner, or his or her designee, closes the season prematurely because of unanticipated

environmental events resulting in the quota not being landed by the projected date and at least one month remains in the current season, then the Commissioner, or his or her designee, may reopen the season for a specified period of time upon two days public notice. Public notice shall be made as specified in (i)2vi above.

(1) The Commissioner, or his or her designee, may set daily trip limits when reopening a prematurely closed season.

ix. If the quota for a particular season is not taken, the balance shall be reallocated for the following season, except that any balance existing as of December 31 of any year shall not be reallocated.

x. If the quota for any of the first five seasons is exceeded, the amount overharvested shall be deducted from the following season.

xi. If the quota for any year is exceeded, the amount overharvested will be deducted from the following year's annual quota. The remaining annual quota will then be allocated as defined in (i)2i and ii above.

xii. Beginning in 1994, the Department shall notify the holders of New Jersey Summer Flounder Permits of the season allocations no later than January 31 of the year to which the allocation applies. Notification shall be accomplished by first class mail to permit holders.

xiii. All New Jersey Summer Flounder Permit holders shall be required to complete monthly reports supplied by the Department. The monthly report shall be signed by the permittee attesting to the validity of the information and be submitted so it is received by the Department no later than 15 working days following the end of the reported month at the following address:

New Jersey Summer Flounder Program
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

(1) The monthly report shall include, but not be limited to, the following information: name, New Jersey Summer Flounder Permit number of the vessel, total amount (in pounds) of each species taken, dates caught, time at sea, duration of fishing time, gear type used to harvest, number of tows, area fished, crew size, landing port, date sold and buyer. This information shall be provided for any trip in which summer flounder are landed. New Jersey Summer Flounder Permit holders who also possess a Federal summer flounder permit and are required to report monthly to the Federal government may submit the "STATE" copy of their Federal log book in satisfaction of the New Jersey reporting requirements.

(2) If no trips for summer flounder were taken and no summer flounder were landed during the month, a report to that effect shall be required.

Inserted (b)1, (c), and (d); recodified former (b)1 through (b)6 as (b)2 through (b)7 and former (c) and (d) as (e) and (f); and made conforming changes throughout.

Amended by R.1998 d.40, effective January 5, 1998.

7:25-18.13 Striped bass bonus program

(a) Pursuant to N.J.S.A. 23:5-45.1(c), the possession of one "bonus sized" striped bass, measuring not less than 28 inches in length, will be allowed in addition to the possession limit allowed under N.J.S.A. 23:5-45.1(a), pursuant to (b) through (o) below.

(b) Any person intending to take one "bonus sized" striped bass, as defined in (a) above, in addition to his or her striped bass possession limit as specified at N.J.S.A. 23:5-45.1 shall apply to the Division to participate in the striped bass bonus program. Applications may be obtained from the following:

1. Division of Fish and Wildlife

Striped Bass Bonus Fish Program
Nacote Creek Research Station
PO Box 418
Port Republic, NJ 08241-0418

2. Fish checking stations, as authorized by the Division and identified pursuant to (i) below.

3. On the Division of Fish and Wildlife's website at www.njfishandwildlife.com.

(c) The application form shall be completed to include the name, address and telephone number of the applicant.

(d) Applications to participate in the striped bass bonus program shall be processed in order of receipt by the Division.

(e) Successful applicants will receive non-transferable fish possession cards, the number to be determined by the Commissioner or his or her designee based on the available quota and the number of applicants. One card shall be filled out completely and the month and day numbers perforated immediately upon retention of a bonus striped bass. A finite number of cards shall be available to participating party and charter boat captains in the name of the vessel and owner. Fish possession cards issued to party and charter boats are for the use of patrons on that vessel and shall not be sold, offered for sale or used for barter.

(f) Fish possession cards shall be valid in the calendar year for which they were issued except during those periods in

which the Department has closed the State's waters to harvesting as provided at (l) below.

(g) Successful applicants may keep and submit annual records of their striped bass fishing activity as requested on forms furnished by the Division. Such records shall include the name, address, and card number(s) of the fishermen, the days and hours fished, the lengths of striped bass caught, the location of fishing activity and the type of fishing. Party and charter boat captains shall be required to maintain and submit logbooks developed by the Division.

(h) A person shall not have in his or her possession at any time more than the number of striped bass provided for in N.J.S.A. 23:5-45.1, nor shall such striped bass be less than the size provided for in N.J.S.A. 23:5-45.1. One additional striped bass may be possessed and shall not be less than the size defined in (a) above. Said person shall have a properly completed and legal fish possession card, as provided for at (e) above.

(i) Any striped bass taken under this section may be transported to an authorized fish check station by the person who caught the fish on the day so taken. A list of authorized fish check stations shall be provided to all participants in the striped bass bonus program by the Division via first class mail along with the fish possession cards. Fish check stations shall also be listed on the Division's website at www.njfishandwildlife.com. A person shall not present for registration or permit to be registered in his or her name a striped bass which he or she did not catch. Any person who legally takes a striped bass under this section and who cannot arrive at a fish check station shall immediately mail his or her fish possession card to the address presented at (b) above.

(j) A person shall not possess any striped bass taken or tagged under the provisions of this section which is damaged or mutilated to the extent that its length cannot be determined, other than immediately prior to preparation or being served as food.

(k) An additional fish possession card may be provided to the angler as determined by the Commissioner or his or her designee based upon the available remaining quota and the number of applicants upon recording of his or her prior legally harvested bonus striped bass at an authorized fish check station or via mail as presented at (i) above, provided the season has not been closed pursuant to (l) below.

(l) When, at any time during the calendar year, the Division has projected that the quota established by the Atlantic States Marine Fisheries Commission for striped bass will have been harvested, the Division will close the State's waters to any further harvesting upon two days public notice by distribution of a news release to individuals on the Division outdoor writers mailing list and via the Division's website at www.njfishandwildlife.com. A notice shall also be published in the New Jersey Register.

(m) The quota described in (l) above shall be 321,650 pounds until such time as another quota is duly promulgated by the Atlantic States Marine Fisheries Commission. A portion of this quota will be allotted to party and charter boats.

(n) The Division will provide public notice via a news release to individuals on the Division outdoor writers mailing list and to all participants in the striped bass bonus program as to the number of fish possession cards that will be issued to each participant pursuant to (e) above, the availability of additional fish possession cards pursuant to (k) above, and changes to the quota described in (l) above. A notice shall also be published in the New Jersey Register.

(o) Any person violating the striped bass size and possession limits as provided for in N.J.S.A. 23:5-45.1, or this section shall be liable for penalty of \$100.00 per fish for each offense. In addition, any person violating any provision of this section shall be subject to revocation, applicable to both the vessel and the owner, from the Striped Bass Bonus Program. Revocation would render the vessel and the owner ineligible for participation in the program regardless of vessel ownership. Any fish possession cards in such person's possession shall be invalid and shall be returned to the Division upon such person's receipt of notification of such revocation. Failure to return the cards upon notification shall subject the violator to penalties prescribed pursuant to N.J.S.A. 23:2B-14.

(p) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify the size limit, bag limit, season and/or quota specified in this section, by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. §5104(b). The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify the size limit, bag limit or season specified in this section by notice in order to provide for the optimal utilization of any quota specified in this section. The Commissioner will review the catch rate in relation to the season quota and, if harvest data indicate that upward adjustments in harvest control measures are warranted to maximize utilization of the available quota within a specific season for a specific fishery, the Commissioner may adjust the above specified control measures to achieve optimal utilization of the total allowable catch. The Department shall publish notice of any such notice in the Division's Fish and Wildlife Digest publication and the New Jersey Register.
